LETTER OF TRANSMITTAL

February 21, 2025

Members of the Authority and the Public

Greater Orlando Aviation Authority | Orlando, Florida

The Annual Comprehensive Financial Report (ACFR) of the Greater Orlando Aviation Authority (the Authority) of Orlando, Florida, for the fiscal years ended September 30, 2024, and 2023, is hereby submitted. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the presented data is accurate in all material respects and is reported in a manner that fairly presents the financial position, the results of operations of the Authority, and includes all disclosures necessary to enable the reader to gain the maximum understanding of the Authority's financial activities.

State statute, augmented by the Rules of the Florida Auditor General, requires that financial statements be presented in conformance with accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental entities and audited in accordance with generally accepted auditing standards by licensed independent certified public accountants. This report serves to fulfill these requirements.

In addition, pursuant to Section 12 of the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as amended, an audit of the financial statements has been completed by the Authority's independent auditors, Forvis Mazars, LLP. The audit was performed to provide reasonable assurance that the financial statements of the Authority are free of material misstatements. The audit involved examining on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded that there was a reasonable basis for issuing an unmodified ("clean") opinion stating that the Authority's financial statements for the fiscal years ended September 30, 2024, and 2023, are fairly presented in conformity with GAAP. The Independent Auditor's Report is presented at the front of the financial section of the ACFR.

As a recipient of federal and state financial assistance, the Authority is required to undergo a "Single Audit" in conformity with the provisions of the Single Audit Act of 1984, the U. S. Office of Management and Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards 2 CFR 200, the Florida Single Audit Act and the related rules of the Florida Auditor General. All schedules and reports required under these federal and state regulations are included in the compliance section of this report.

Management is responsible for establishing and maintaining internal accounting controls to provide reasonable assurance that assets are safeguarded against loss, theft or misuse and that financial records for preparing financial statements and maintaining accountability for assets are reliable. The internal control system is designed to provide reasonable, rather than absolute, assurance that these objectives are met and that the financial statements are free from material misstatement. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from that control and the evaluation of costs and benefits require estimates and judgments by management. We believe the Authority's internal controls adequately safeguard assets and provide reasonable assurance that financial transactions are properly recorded.

As a recipient of federal and state financial assistance, the Authority is also responsible for establishing an adequate internal control system to ensure compliance with applicable laws and regulations related to those programs. As part of the Authority's Single Audit, tests are performed to determine the adequacy of the internal control system, including that portion related to federal and state financial assistance programs, as well as to

determine the Authority's compliance with applicable laws and regulations. The results of the Authority's Single Audit for the fiscal year ended September 30, 2024, provided no instances of material weaknesses in the internal control system or significant violations of applicable laws and regulations.

Management's discussion and analysis (MD&A) immediately follows the Independent Auditor's Report and provides a narrative introduction, overview and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Authority

The Authority is an agency of the City of Orlando, Florida (the City), established pursuant to the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as replaced by Chapter 98-492, Laws of Florida, as amended. The City owns the Orlando International Airport (MCO) and Orlando Executive Airport (ORL). Pursuant to an agreement dated September 27, 1976, the City transferred to the Authority the custody, control and management of the two airports for a period of fifty years subject to certain conditions. The Authority negotiated a new amendment to the Operation and Use Agreement, effective October 1, 2015, which extended the term until September 30, 2065. At the end of the term, unless otherwise extended, the Authority is obligated to return full ownership and control of all its assets to the City of Orlando. Each airport functions as a self-supporting enterprise and uses the accrual basis of accounting. For reporting purposes, both airports are combined into a single enterprise fund. The Authority and the City reviewed the Governmental Accounting Standards Board (GASB) statements on defining the governmental reporting entity and have concluded the Authority is an independent reporting entity as defined by the GASB.

The Orlando International Airport is in Central Florida, nine miles southeast of downtown Orlando in Orange County, Florida, occupying 11,605 acres of land. The service region for the airport extends throughout Central Florida, an attribute made possible by its location at the crossroads of Florida's road network and the availability of competitive fares in the market.

During fiscal years 2024 and 2023, Orlando International Airport was the busiest airport in Florida (2nd In FY 2022), and during calendar year 2024 was the fifth busiest in the United States, according to Airport Council North America. During the 12-months ended June 2024, Orlando International Airport was the second busiest airport in the United States ranked by origin and destination traffic according to the United States Department of Transportation.

Relevant Financial Policies

An annual budget is prepared on the methodology established in the Resolution relating to Airline Rates and Charges and Airline Operating Terms and Conditions for the Use of Facilities and Services at the Orlando International Airport, which was amended effective October 1, 2019 (the "Rate Resolutions")(and subsequently amended September 2024, see note 21 for additional information), and the 1978 Airport Facilities Revenue Bond Resolution, as amended and restated September 16, 2015, for all accounts established by those agreements and resolutions. The budgets are on a non-GAAP basis since capital expenditures are included as expenses and depreciation is not budgeted. Budgetary control (the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level. The purchasing and accounts payable subsystems, which automatically encumber budget monies when requisitions are entered prior to the issuance of purchase orders and disbursement of funds, maintain and strengthen budgetary control.

Transfer of appropriations can be made within a department; however, transfer of appropriations greater than \$250,000 and changes in total appropriations require Board approval. Transfers that shift budget to a new department code or account code without changing the original intended use of the funds do not require Authority Board approval. The Chief Executive Officer or the Chief Financial Officer may authorize transfers from the contingency fund in an emergency.

Economic Outlook

Robust air travel, whether for leisure or business purposes, has traditionally been closely connected to the vitality of the national economy. However, in a global marketplace, sustaining passenger traffic and promoting increases are driven by accessibility and passenger confidence. As the world market has rebounded from the losses attributed to the COVID-19 pandemic, air travel is enjoying a resurgence. While the increasing activity is reflected worldwide, economic resiliency needs a strong foundation at the local level. In Central Florida, the diversity and potency of the region's economy exerts significant influence on aviation activity at the airport and the revenues of the Aviation Authority.

According to statistics compiled by Visit Orlando, in 2023 Central Florida was the most popular destination in the United States with just over 74 million visitors. As the region's premier global gateway, Orlando International Airport (MCO) welcomed more than 57.7 million passengers in calendar year 2023. While annual traffic dipped significantly in calendar 2020 to 21.6 million, the post-pandemic resurgence has been remarkable. In calendar year 2024, MCO was the fifth busiest airport in the United States and 18th busiest in the world. MCO welcomed over 57 million annual passengers for calendar year 2024.

The Orlando MSA encompasses one of the largest leisure and hospitality centers in the world. Three of the top 10 worldwide theme parks, and six in the top 20, based on attendance in 2023, are in the Orlando MSA. Continuing innovation and development of new attractions at the theme parks are vital to maintaining a high volume of visitors to Central Florida.

Advancing the leisure options in the Central Florida market is an ongoing process. The list of theme park attractions set to debut in 2025 and beyond features a mix of shows, water rides, roller coasters and character meet-and-greets.

In August 2024, Walt Disney World, Inc. announced a timeline for expansion at the Magic Kingdom, Animal Kingdom, Hollywood Studios, and EPCOT. At Magic Kingdom, the largest ever addition at the park will include two new "Cars" themed attractions in Frontierland and a new Disney Villains Land will offer two attractions, themed dining, and shopping. Construction is expected to continue into 2025. At Animal Kingdom, construction began in fall 2024 on an 11-acre development named "Tropical Americas" which will feature an "Indiana Jones" adventure set, an "Encanto" attraction, and a carousel, with opening expected in 2027. Construction will begin in 2025 in Hollywood Studios on a new land inspired by "Monsters, Inc." featuring the park's first ever suspended coaster, and a new "Star Wars" attraction is planned to debut in 2025. A multiple-year transformation of Epcot was completed in 2024. The park is divided into four neighborhoods with attractions, experiences, entertainment, and dining aligned with its theme. New attractions include "Journey of Water" and Epcot's first roller coaster "Guardians of the Galaxy: Cosmic Rewind" and updated "Test Track" is expected to open in 2025.

In 2019, Universal Orlando announced plans to open a new theme park called Universal's Epic Universe, which is expected to nearly double the entertainment company's acreage in Central Florida and be Universal's fourth Florida theme park. Universal's Epic Universe is expected to open in 2025 and will feature Celestial Park, and the following attractions: "The Wizarding World of Harry Potter – Ministry of Magic," "Super Nintendo World," "How to Train Your Dragon – Isle of Berk," and "Dark Universe." Also opening in 2025 are three new Universal hotels located at the site of or adjacent to Epic Universe. The Stella Nova and Terra Luna Resorts are expected to open in January 2025 and February 2025, respectively and the Helios Grand Hotel is expected to open in 2025.

New attractions or reworks of existing ones provide something new for visitors to experience. Resulting in new hotel stays, ancillary spending and more that contribute to the local economy. Also, the parks' ongoing investments provide good paying jobs for local contractors and specialty service providers.

Business visitors to the Orlando MSA also include convention and trade show attendees. The Orange County Convention Center (OCCC) is the primary convention facility in the Orlando MSA and one of the largest in the United States with 7.0 million square feet of event space. The OCCC hosted 1.6 million attendees at 187 events in calendar year 2023.

Port Canaveral, one of the world's busiest cruise ship ports, is located less than 50 miles east of Orlando and is adjacent to the John F. Kennedy Space Center and Kennedy Space Center Visitor Complex at Cape Canaveral. Many of the out-of-state cruise ship passengers bound for Port Canaveral arrive and depart via MCO. Port Canaveral is currently served by Carnival Cruise Line, Celebrity Cruises, Disney Cruise Line, MSC Cruises, Norwegian Cruise Line, Princess, and Royal Caribbean. Victory Casino Cruises also serves Port Canaveral with twice daily 6-hour gaming cruises. In the 12 months ended September 30, 2023, Port Canaveral handled 6.8 million multi-day cruise passengers and was the second busiest passenger cruise port in the world after the Port of Miami, with 7.3 million multi-day cruise passengers.

Additionally, Central Florida continues to diversify its economy by emphasizing opportunities for business. Strong increases in the area's population and employment, the strength of Orlando's world-class tourism industry and the continued development of the defense, high-tech and digital media industry sectors have all been strong drivers of business travel, historically. According to the Orlando Economic Partnership, a competitive cost environment has also favored the Orlando economy in attracting new businesses, which in turn generate additional travel demand.

Playing a significant role in the economic vitality of the region is Orlando International Airport. As the first and last impression many visitors have of Central Florida, it is important that we strive to improve our facilities and service so customers can enjoy a safe, secure and convenient travel experience. To support that mission along with the projected growth in passenger traffic, MCO opened its brand-new Terminal C in September 2022.

Connected to Terminal C, is our Intermodal Terminal Facility which consists of the South Terminal Link station, the Train Station, and associated entrance and departure roadways. In September 2023, Brightline began operations. The Train Station, which is adjacent to the South Terminal Link station supports existing and future multimodal travel connections in the vicinity of the South Terminal Complex to provide greater connectivity to the region and the states and to relieve congestion in the existing North Terminal Complex. It includes infrastructure improvements that can accommodate at least three rail systems: (1) the South Terminal Link (2) the passenger train service between Miami and Orlando developed and provided by Brightline, and (3) SunRail, Central Florida's commuter rail line that is currently under study. SunRail's proposed Sunshine Corridor would expand its network to connect the Airport to the Orange County Convention Center and eventually International Drive and the Disney Springs area. Brightline plans to expand on its success with long-haul travel by adding seat capacity. For the current year, 30% of trains have reached maximum load factors, with that number going up to 75% on the weekends and holidays. Since the launch, trains have been four cars long with a capacity of 240 seats. They are now operating trains that are five cars long with 306 seats. Additional stops between Orlando and West Palm Beach in Cocoa and Stuart have been announced, but those are still in the planning phases.

The Greater Orlando Aviation Authority adopted its 2023 Strategic Plan in September 2023. The 10-year plan is a systematic process to articulate our future trajectory and develop a comprehensive roadmap to guide that journey into the future.

Domestic and international tourism are necessary to sustain the multibillion-dollar economic engines of the region. Orlando International Airport has always taken great pride in being recognized as an industry leader and a user favorite. Today's traveler demands a higher level of service and efficient connections to other modes of transportation. It is essential that Orlando International Airport strives to seamlessly connect Florida and the world through exceptional experiences, collaboration and creativity, while focusing on becoming the global

leader in the evolution of mobility. By devoting the appropriate resources to development, MCO will optimize its ability to set the standard for travel excellence.

Major Capital Initiatives

Orlando International Airport

The projects in the Aviation Authority's annual Capital Improvement Plan (CIP) will continue to be directed toward four major categories: (1) asset preservation and replacement; (2) new capacity; (3) customer service and (4) revenue enhancement. A particular challenge to any CIP for a mature facility is the balancing of needs of upgrading or replacing aging facilities, such as specific portions of the over 40-year-old Airsides 1 and 3 and associated western half of the landside building, while concurrently providing new capacity to meet growing passenger demand. The approach to this CIP was to identify and evaluate projects and to model the projected impact on the Authority's financial metrics. To perform that analysis, a series of studies was conducted by the General Consultant from Fall 2023 through Spring 2024 for financial modeling purposes for capital projects that are contemplated to be needed during our planning horizon. Of these projects, the projects that were deemed time critical are included in the current CIP. Examples of these projects are as follows: rental car expansion and parking improvements, baggage handling systems, North Terminal renovations, site and apron improvements for Terminal C Phase 2, airfield rehabilitation projects and campus power upgrades.

The development of the CIP for the years FY2024-2029 was focused on (1) aligning the funding plans with the scope and budget estimates of all proposed capital projects; (2) removing the completed major Terminal C programs (STC-P1 and STC-P1X); (3) incorporating the results of the major planning studies which include well developed scope and budgets of new projects for this CIP and future CIPs; and (4) updating current project budgets to reflect the Aviation Authority's capital priorities and current construction market conditions.

Aviation Authority management is exploring the potential for a Transportation Infrastructure Finance and Innovation Act (TIFIA) loan, or Railroad Rehabilitation and Improvement Financing (RRIF) Loan from the U.S. Department of Transportation to fund a portion of the costs for the proposed Consolidated Rent-A-Car (ConRAC) program. Such a loan would be essential to the project's financial feasibility and would need to be secured by rental car customer facility charges (CFCs) similar to the existing CFC bank loan that matures in FY2028. A TIFIA or RRIF loan is expected to have lower financing costs for the taxable debt elements of the ConRAC program than a CFC-secured bank loan or bonds. The extent and terms of a potential TIFIA or RRIF loan will be addressed in the near term as part of the advancement of the program.

To successfully execute the CIP, updated business terms with airport tenants will be necessary for multiple programs, including with the rental car companies regarding the ConRAC, and with the airlines regarding terminal baggage handling systems and North Terminal renovation programs. The concurrent negotiations with the rental car companies and airlines, are underway and are estimated to be finalized over the next year.

One of the challenges in developing a balanced FY2024-2029 CIP is the limited amount of Passenger Facility Charges (PFC) capacity. Most of the Aviation Authority's current and future PFC capacity is committed to debt to finance Terminal C and past improvements to Terminals A and B. Outstanding PFC-supported bond debt service extends through FY2052. This debt is projected to require 80% of PFC annual collections. Therefore, future PFC financing capacity is limited. In addition, the five-year federal government Bipartisan Infrastructure Law (BIL) will end in FY2026. PFC-supported debt and grants reduce the level of airline rentals, fees, and charges. Without as much access to such funds, airline rates will need to increase to support the CIP.

The estimated total aggregate cost of the 2024-2029 Capital Improvement Program, as approved in June 2024, is approximately \$5.4 billion, including allowances for inflation. In addition to the 2024-2029 Capital Improvement Program, the Authority also undertakes renewal and replacement of major assets on an ongoing basis.

Substantially Complete and Completed Projects

Major construction programs in the CIP that reached substantial completion and were removed from the program included the East Airfield Taxiways Rehabilitation - Phase 2, Terminal C - Phase 1 and Terminal C - Phase 1X programs.

North Terminal Projects Planned or Underway

North Terminal Projects include \$232.8 million the North Terminal Renovation program which include several projects such as the restroom upgrades program, renovations to Airsides 1 and 3, concessions and landside level 1 and 2. The CIP also includes \$652 million to replace a portion of the baggage system in Terminals A/B pulling the screening to an outside building and making more room for landside expansion on level 2. This will be multi-phased project extending through FY2029. There is \$253 million for replacement of the Airsides 2 & 4 APM, which approximately 29% of the design is complete, with an estimated completion of the APM in spring 2027.

Airfield Projects Planned or Underway

Airfield rehabilitation projects include two new taxiway rehabilitation programs, Taxiway C Phase 1 Design and Construction for \$41.4 million and Taxiway B Phase 1 and 2 design and construction for \$69.5 million.

Ground Transportation Planned or Underway

A consolidated rental car facility program for \$2.2 billion, including \$229 million of North Terminal modifications to facilitate passenger access to the APM to access the rental car facility is included in this CIP. This will also provide for conversion of current RAC parking spaces in Garage A, B, and C into public parking, once the Rental Car Expansion Program is constructed (over 4,500 public parking spaces) and will also provide for roadway improvements, construction and signalization and APM system improvements to connect passengers to the proposed Rental Car Expansion Program. The opening of the Rental Car Expansion Program – estimated at this time to be in FY2031.

South Terminal Projects Planned or Underway Terminal C

Terminal C additional projects include \$440 million for additional 8 narrow body equivalent (NBE) gates in Terminal C. These gates are expected to be operational in FY2027. Terminal C Phase 2 Site and Apron work includes \$200 million for site and apron work to add an early usable component of Terminal C Phase 2. This will provide additional Remain Overnight (RON) parking spaces and will allow for a more efficient use of the existing Terminal C gates.

Other

Other CIP projects include \$103 million to design and construct a vertiport. It is expected that the vertiport program would be financed by non-Authority sources.

Orlando Executive Airport

The projects at Orlando Executive Airport are derived from several plans produced by and for the Authority including the Master Plan and Pavement Management Plan and are developed to address airport capacity, asset preservation, safety and security and revenue generation projects. Unlike the Orlando International Airport, most revenue at ORL is generated from aviation and non-aviation ground leases on the airport site. The CIP includes projects that result in a total cost of \$108.9 million for the period FY2024-2029. This includes approximately \$94.7 million of grant revenues and \$14.2 million of local funds.

Acknowledgements and Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Authority for its annual comprehensive financial report for the fiscal year ended September 30, 2023. This was the 43rd consecutive year that this certificate has been awarded to the Authority. In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement for Excellence in Financial Reporting is valid for a period of one year only. We believe our current report continues to conform to the requirements of the Certificate of Achievement for Excellence in Financial Reporting Program, and it will be submitted to GFOA to determine its eligibility for 2024.

The Authority received the Distinguished Budget Presentation Award from the Government Finance Officers Association (GFOA) for its annual budget for the fiscal year beginning October 1, 2024. This represents the seventh consecutive year that this award has been presented to the Authority. The GFOA established the Distinguished Budget Presentation Awards Program in 1984 to encourage and assist state and local governments to prepare budget documents of the very highest quality that reflect both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting, and then to recognized individual governments that succeed in achieving that goal.

The GFOA has given an Award for Outstanding Achievement in Popular Annual Financial Reporting to the Authority for its Annual Report for the fiscal year September 30, 2023. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive the Award for Outstanding Achievement in Popular Annual Financial Reporting, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentation, understandability and reader appeal.

Additionally, the Authority was awarded the Triple Crown for receiving all three GFOA awards (The Certificate of Achievement in Excellence in Financial Reporting, The Distinguished Budget Presentation Award, and the Popular Annual Reporting Award) for the fiscal year ending September 30, 2023.

The timely preparation of this report could not have been accomplished without the efficient and dedicated service of the entire Finance Department. We would like to express our appreciation to all members of the Finance Department who assisted in and contributed to its preparation.

Respectfully submitted,

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the business-type activities and the fiduciary activity of the Greater Orlando Aviation Authority (the "Authority") as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities and the fiduciary activity of the Authority as of September 30, 2024, and the changes in its financial position and its cash flows for the fiscal years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

Prior Year Audited by Other Auditors

The 2023 financial statements were audited by other auditors, and their report thereon, dated March 6, 2024, expressed an unmodified opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements. The supplemental schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. This information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory section and the statistical section, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 21, 2025, on our consideration of the Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control over financial reporting and compliance.

Management's Discussion And Analysis

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

The following discussion and analysis of the Greater Orlando Aviation Authority (the Authority) provides an introduction to the basic financial statements for the fiscal years ended September 30, 2024, and 2023 with selected comparative information for the fiscal year ended September 30, 2022. This discussion has been prepared by management and should be read in conjunction with the basic financial statements, footnotes and supplementary information found in this report. This information taken collectively is designed to provide readers with an understanding of the Authority's finances.

Overview of The Financial Statements

The Authority is structured as an enterprise fund with separate accounts for Orlando International Airport and Orlando Executive Airport. The financial statements are prepared on the accrual basis of accounting. Therefore, revenues are recognized when earned and expenses are recognized when incurred. Capital assets are capitalized and depreciated over their useful lives, except for land and assets held for future use. See "Notes to Financial Statements" for a summary of the Authority's significant accounting policies and practices.

The Statements of Net Position present information on all the Authority's assets, deferred outflows, liabilities and deferred inflows, with the difference between total assets and deferred outflows and total liabilities and deferred inflows reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the Authority's financial position.

The Statements of Revenues, Expenses and Changes in Net Position present information reflecting current year changes in the Authority's net position. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for certain items that will result in cash flows in future fiscal periods.

The Statements of Cash Flows reports the flow of cash and cash equivalents. Consequently, only transactions that affect the Authority's cash accounts are recorded in these statements. A reconciliation follows these statements to assist in the understanding of the difference between cash flow from operating activities and operating income.

The Authority maintains two fiduciary funds: the Retirement Plan for Employees of the Greater Orlando Aviation Authority, the Defined Benefit (DB) Plan, and the Other Postemployment Benefits (OPEB) Program. Fiduciary Funds are not reflected in the Combined Statements of the Authority because the resources of those funds are not available to support the Authority's operations. However, they are discretely presented as part of the basic financial statements in accordance with General Accounting Standard Board Statement No. 84. The accounting for fiduciary funds is similar to enterprise funds.

Authority Activity Highlights

Passenger traffic has rebounded from the declines attributed to the COVID-19 pandemic and is seeing a resurgence. Based on TSA passenger security throughput counts for calendar year 2023, the Airport was the 4th busiest in the nation.

For the year ended September 30, 2024, enplaned passengers had increased 4.16% compared to 2023 and increased 15.27% over 2022. Total operations for fiscal year ended 2024 increased by 5.57% over fiscal year 2023, and 13.35% over fiscal year 2022. The increase in enplanements included a 2.9% increase in domestic and a 13.4% increase in international travelers compared to fiscal year 2023.

The following chart shows total enplaned passengers and flight operations (landings and takeoffs) at Orlando International Airport for the comparative period:

Enplanements and Operations Activity For 2022 To 2024	FY2024	FY2023	FY2022
Enplaned Passengers	29,080,689	27,919,698	24,220,932
Operations	396,352	375,436	331,204

Total passengers served by the Orlando International Airport during fiscal year 2024 increased by approximately 2.4 million from 56.0 million to 58.4 million over fiscal year 2023. This follows an increase of approximately 7.4 million total passengers during fiscal year 2023. The Authority continues to monitor changes in passenger levels, making adjustments when necessary to accommodate the demands on the airport facilities.

The following graph represents total passenger activity at Orlando International Airport.

Fiscal Years Ended September 30, 2022-2024

Financial Highlights

The changes in net position are an indicator of whether the Authority's overall financial condition has improved or deteriorated during the fiscal year. Net position increased 8.2% in fiscal year 2022, 6.2% in fiscal year 2023 and 10.9% in fiscal year 2024.

Changes in net position for the fiscal years ended September 30 are as follows:

<i>(in thousands)</i>	FY2024	FY2023	FY2022
Operating Revenues	\$847,007	\$755,392	\$612,842
Operating Expenses	727,498	690,934	487,526
Operating Income/(Loss)	119,509	64,458	125,316
Net Non-operating Revenues (Expenses)	89,257	87,318	88,544
Income Before Capital Contributions	208,766	151,776	213,860
Capital Contributions	177,696	55,888	39,671
Increase in Net Position	386,462	207,664	253,531
Beginning Net Position	3,544,647	3,336,983	3,083,452
Ending Net Position	\$3,931,109	\$3,544,647	\$3,336,983

AIRLINE RATES AND CHARGES

Effective November 1, 2013, the Authority began operating under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions for the Use of Facilities and Services at Orlando International Airport, adopted by the Authority Board October 16, 2013, and amended and restated as of August 10, 2016, and second amendment and restatement as of August 28, 2019, and September 18, 2024 (the "Resolution"). In the chart below, the actual airline charges are shown for fiscal years 2022 through 2024. See the Airline Rates by Resolution (Note 19) and Subsequent Events (Note 23) for additional information.

Airline Rates and Charges	Actual for FY2024	Actual for FY2023	Actual for FY2022
Terminal Average Square Foot Rate	\$201.09	\$177.23	\$149.45
Landing Fee – per 1,000 lbs. Unit (gross)	1.7954	1.7396	1.5141

Participating Airline Revenues

Under the amended Rate and Revenue Sharing Agreement, airlines that (a) commit to an annual gate access assignment of at least one gate and associated space through the term of the Rate and Revenue Sharing Agreement, and (b) agree not to challenge the rate methodology set forth in the Rate Resolution and not to finance or otherwise participate in any challenge of the rate methodology through the term of the Rate and Revenue Sharing Agreement, are entitled to obtain the benefits of revenue-sharing (the Participating Airlines). In addition, the Authority has committed to no changes in the ratemaking methodology through the term of the agreement subject to any changes that might be required by the USDOT, FAA or court order without required consent pursuant to the agreement.

Under the amended Rate and Revenue Sharing agreement that was in effect through September 30, 2024, (a) the Authority retains all revenues generated from airport Exclusive Revenue Sources and the first \$55 million by which all other revenues exceed all Debt Service and Operating Expenditures (including Operating Reserve Requirements and payment obligations under the Global Agreement), (b) the next \$10 million is credited to the Participating Airlines, (c) and the remaining balance, if any, is shared 50/50 between the Authority and Participating Airlines.

Total operating revenue results are as follows for the fiscal years ended September 30:

Operating Revenues <i>(in thousands)</i>	FY2024	FY2023	FY2022
Airline Revenues			
Landing Fees	\$57,597	\$53,108	\$40,674
Terminal Area Rents	133,114	112,714	83,779
Other Revenue	170,618	148,848	95,586
Airline Revenues	361,329	314,670	220,039
Other Airfield Revenues	5,589	5,240	2,010
Concession Lease Revenues	112,809	98,469	76,628
Ground Transportation			
Rental Car (RAC)	120,804	121,910	123,965
Parking Facilities	115,513	97,015	82,133
Other Ground Transportation	35,580	28,377	22,061
Ground Transportation Revenues	271,897	247,302	228,159
Other Buildings and Grounds	36,076	32,709	37,197
Hotel	53,380	53,188	46,528
Rail Station	5,927	3,814	2,281
Total Operating Revenues	\$847,007	\$755,392	\$612,842

Fiscal Year 2024 Compared to 2023

The Authority received gross revenues from Airlines of \$361.3 million, \$314.7 million and \$220.0 million for fiscal year 2024, 2023 and 2022 respectively, which represented approximately 42.4%, 41.7% and 35.9% of total operating revenue. The Authority's total revenues increased in fiscal year 2024 compared to fiscal year 2023 primarily due to non-airline revenue, including concessions and parking as well as airline operating revenues.

Overall, the operating revenues of the Authority increased \$91.6 million in fiscal year 2024, or 12.1% from fiscal year 2023. Airline revenue increased \$46.7 million or 14.8%. Overall, Concession revenues increased \$14.3 million or 14.7%. General Merchandise and Food & Beverage and Services had increases of 10.0% and 29.4% respectively. Ground Transportation revenues increased \$24.6 million or 10.0% while Hotel revenues remaining mostly flat. Rail Station lease revenue increased by \$2.1 million or 55.4% in FY2024, because of operations beginning in September 2023 with \$1.50 fee for each outbound passenger, and percentage rents for concessions and advertising for a full year.

Fiscal Year 2023 Compared to 2022

The Authority received gross revenues from Airlines of \$314.7 million, \$220.0 million and \$166.8 million for fiscal year 2023, 2022 and 2021 respectively, which represented approximately 41.7%, 35.9% and 37.1% of total operating revenue. The Authority's total revenues increased in fiscal year 2023 compared to fiscal year 2022 primarily due to non-airline revenue, including concessions, parking, hotel, as well as airline operating revenues.

Overall, the operating revenues of the Authority increased \$142.6 million in fiscal year 2023, or 23.3% from fiscal year 2022. Airline revenue increased \$94.6 million or 43.0%. Overall, Concession revenues increased \$21.8 million or 28.5%. General Merchandise, Food & Beverage and Services all had increases of 26-41%.

Ground Transportation revenues increased \$19.1 million or 8.4% while Hotel revenues increased \$6.7 million or 14.3%. Rail Station lease revenue increased slightly by \$1.5 million or 67.2%. In FY2023, due to increase reimbursable expenses in addition to advertising and passenger fees which began in late September when they began operations.

The following charts show major sources of operating revenues for the years ended September 30, 2024, 2023 and 2022:

OPERATING EXPENSES

Operating Expenses <i>(in thousands)</i>	FY2024	FY2023	FY2022
Operations and Facilities	\$268,128	\$248,334	\$162,791
Safety and Security	76,990	68,780	51,600
Administration	110,690	99,536	71,107
Hotel	36,943	35,998	31,153
Other	2,740	4,440	(1,628)
Total Operating Expenses Before			
Depreciation	495,491	457,088	315,023
Depreciation	232,007	233,846	172,503
Total Operating Expenses	\$727,498	\$690,934	\$487,526

Fiscal Year 2024 Compared to 2023

For fiscal year 2024 Salaries and Benefits increased approximately \$16.1 million or 16% over fiscal year 2023. Primarily to the increase in the number of employees from 905 to 960 as well as cost of living and various, pay adjustments necessary to attract and retain top talented employees. Additionally, contract renewals and supplies continue to see increased costs due to high demands and increases in the consumer price index.

Other Operating expenses were \$2.7 million and \$4.4 million in fiscal year 2024 and 2023. The decrease in expense in fiscal year 2024 is primarily due to the decrease in expenses related to the pension and OPEB plans. See Note 8 and 9 for more information on Pension and OPEB.

Fiscal Year 2023 Compared to 2022

For fiscal year 2023 Salaries and Benefits increased approximately \$12.3 million or 15% over fiscal year 2022. Primarily to the increase in the number of employees from 843 to 905 as well as cost of living and various, pay adjustments necessary to attract and retain top talented employees. Additionally, contract renewals and supplies continue to see increased costs due to high demands and increases in the consumer price index.

Other Operating expenses were \$4.4 million and a net credit of \$1.6 million in fiscal year 2023 and 2022. The increase in expense in fiscal year 2023 is due to the increases in the net proportionate share of the Florida Retirement System, Net Pension Liability, Other Postemployment Benefits (OPEB) Liability, accrued compensated absences and the Authority's Defined Benefit Plan Net Pension Liability. See Note 8 and 9 for more information on Pension and OPEB.

The following charts show major cost centers and the operating expenses (excluding depreciation) for the years ended September 30, 2024, 2023, and 2022:

Non-Operating Revenues and Expenses

Net Investment Income Investment income was \$56.0 million in fiscal year 2024, \$55.1 million in fiscal year 2023, and \$12.4 million in fiscal year 2022. Investment fair value adjustment was \$19.1 million for fiscal year 2024, \$6.9 million for fiscal year 2023 and (\$19.1) million for fiscal year 2022. The fair value adjustment reflects the unrealized gain or loss if the investment is sold prior to maturity. Since the Authority typically holds investments to maturity, these unrealized gains and losses are not realized.

Interest Expense includes interest paid and accrued on bonds and lines of credit. Interest expense was \$101.0 million, \$108.6 million and \$120.5 for fiscal year 2024, 2023 and 2022 respectively.

Lease Interest Income includes interest earned on lease receivables. Lease interest income was \$40.5 million, \$40.8 million and \$13.3 million for fiscal years 2024, 2023 and 2022 respectively.

Lease Interest Expense includes interest expense related to the Orlando Utilities Commission (OUC) Agreement, which began in November 2022. Lease Interest expense was \$3.4 million for fiscal year 2024 and \$3.2 million in fiscal year 2023. See additional information in Note 13.

Participating Revenue Share is required by the Rate and Revenue Sharing Agreement. Participating Airline net revenue sharing was \$121.6 million for fiscal year 2024, \$99.5 million for fiscal year 2023, and \$99.2 million for fiscal year 2022.

Passenger Facility Charges (PFCs) were part of the Safety and Capacity Expansion Act of 1990, the Authority received approval from the Federal Aviation Administration (FAA) to impose a PFC per eligible enplaned passenger at Orlando International Airport and has imposed the PFC since February 1993. For fiscal year 2024, the Authority collected PFCs at \$4.50. PFCs may be used to pay either eligible capital improvements or debt service on bonds issued to finance projects eligible for PFC funding. Through September 2024, the Authority has approved applications to impose PFCs of approximately \$5.3 billion to fund project costs of various airport improvements. PFC collections to date (including investment earnings) are \$1.97 billion. Expenditures on PFC approved projects and debt service to date are \$1.77 billion. PFC revenues were \$113.1 million, \$107.4 million and \$100.4 million for fiscal year 2024, 2023 and 2022 respectively.

Customer Facility Charges (CFCs) The Authority approved the collection of CFCs effective October 1, 2008, and amended in 2017, 2023 and 2024. Certain Rent-A-Car Companies (RACs) agreed to assess and collect CFCs to pay for a portion of the costs and expenses of financing, designing, constructing, operating, relocating and maintaining the CFC Ground Transportation Project. For fiscal year 2024, the Authority collected CFCs, at the rate of \$6.00 a day for up to seven days (up from \$3.50) effective December 1, 2023. CFC income was \$65.8 million, \$39.9 million and \$37.1 million for fiscal years 2024, 2023 and 2022 respectively. Effective December 2024 the CFC the Authority collected CFCs at a rate of \$9.00 a day for up to seven days.

Federal and State Grants These include Coronavirus Aid, Relief and Economic Security Act (CARES) in March 2021, the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSA) in December 2021 and the American Rescue Plan Act (ARPA) in March 2022. The Authority was awarded approximately \$383.8 million in combined CARES, CRRSA and ARPA grants, which includes \$26.3 million for concession relief. The Authority has used these funds to pay debt service, to defease or redeem bonds and other obligations, and to reimbursement itself for qualified expenses. Approximately \$20.0 million of Federal Relief was received in fiscal year 2024 and \$46.0 million in fiscal year 2023 and \$163.5 million in fiscal year 2022. The Authority has officially closed all its CARES, CRRSA and ARPA grants as of August 2024.

Other non-operating income (expenses) includes proceeds and expenses for gain (loss) on sale of assets and other miscellaneous revenue and expenses.

Non-Operating Revenues and Expenses <i>(in thousands)</i>	FY2024	FY2023	FY2022
Net Investment Income	\$75,092	\$62,027	\$(6,644)
Interest Expense	(101,034)	(108,626)	(120,478)
Lease Interest Income	40,536	40,752	13,341
Lease Interest Expense	(3,448)	(3,242)	-
Subscription Interest Expense	(146)	(62)	(95)
Participating Revenue Share	(121,560)	(99,464)	(99,248)
Passenger Facility Charges	113,052	107,364	100,353
Customer Facility Charges	65,840	39,945	37,090
Federal and State Grants	20,029	46,142	163,667
Other	896	2,482	558
Total Non-Operating Expenses	\$89,257	\$87,318	\$88,544

CAPITAL CONTRIBUTIONS

Capital contributions received from the federal and state governments and others, amounted to \$177.7 million for fiscal year 2024, \$55.9 million for fiscal year 2023 and \$39.7 million during fiscal year 2022. Funding received on major projects including Airfield Rehabilitation and Terminal C for fiscal year 2024, 2023 and 2022 are as follows:

Capital Contributions <i>(in millions)</i>	FY2024	FY2023	FY2022
Florida Department of Transportation	\$38.6	\$45.4	\$24.3
Federal Aviation Administration	137.6	8.3	9.5
Transportation and Security Administration	-	1.8	3.8
Other	1.5	0.4	2.1
Total Capital Contributions	\$177.7	\$55.9	\$39.7

FINANCIAL POSITION

The Statement of Net Position presents the financial position of the Authority at the end of the fiscal year. The statement includes all assets, deferred outflows, liabilities and deferred inflows of the Authority. Net position is the difference between total assets and deferrals and total liabilities and is an indicator of the current fiscal health of the Authority. During fiscal year 2024, total net position increased by approximately \$386.5 million, or 10.9% over fiscal year 2023. During fiscal year 2023, total net position increased by approximately \$207.7 million, or 6.2% over fiscal year 2022.

The following is a summarized comparison of the Authority's assets, deferred outflows, liabilities, deferred inflows and net position at September 30:

Condensed Statement of Net Position (in thousands)	FY2024	FY2023	FY2022
Assets:			
Current Assets	\$1,122,236	\$1,065,386	\$918,371
Other Assets	2,078,244	2,129,870	1,291,093
Capital Assets	5,280,715	5,165,903	5,214,453
Total Assets	\$8,481,195	\$8,361,159	\$7,423,917
Deferred Outflows of Resources	\$31,999	\$44,337	\$13,033
Liabilities:			
Current	\$511,661	\$490,403	\$482,064
Noncurrent Liabilities	2,914,484	3,103,754	3,211,556
Total Liabilities	\$ 3,426,145	\$3,594,157	\$3,693,620
Deferred Inflows of Resources	\$1,155,940	\$1,266,692	\$406,347
Net Position:			
Net Investment in Capital Assets	\$2,402,432	\$2,195,538	\$2,160,586
Restricted	713,683	662,680	672,733
Unrestricted	814,994	686,429	503,644
Total Net Position	\$3,931,109	\$3,544,647	\$3,336,983

The majority of the Authority's net position at September 30, 2024 represents its investment in capital assets less the related indebtedness outstanding used to acquire those capital assets. The Authority uses these capital assets to provide services to the airlines and to its passengers and visitors to the airports; consequently, these assets are not available for future spending. The Authority's investment in its capital assets is reported net of related debt. The resources required to repay this debt must be provided annually from operations since it is unlikely that the capital assets themselves will be liquidated to pay the liabilities.

Net position restricted for debt service and capital acquisitions at September 30, 2024, represents funds subject to external restrictions under the Authority's Bond Resolution, PFCs restricted by federal regulations, and CFCs restricted by the Amended and Restated Resolution of the Greater Orlando Aviation Authority Authorizing the Collection of a Customer Facility Charge. Restricted assets necessary to meet current obligations are classified as current assets on the Statement of Net Position. Restricted Assets are restricted for disbursements in the acquisition or construction of non-current assets or are segregated for the liquidation of long-term debts are classified as non-current assets. The unrestricted portion of net position, \$815.0 million on September 30, 2024, may be used to meet the Authority's ongoing obligations.

CAPITAL ACQUISITIONS AND CONSTRUCTION ACTIVITIES

During fiscal year 2024, 2023 and 2022, the Authority expended \$334.4 million, \$177.0 million and \$402.6 million respectively on capital projects. For fiscal year 2024 this included \$137.6 million funded by FAA contributions and \$38.6 million funded by Florida Department of Transportation (FDOT). The balance was paid from tenant and other Authority funds, including bonds, PFCs and CFCs. See the Schedule of Expenditures of Federal Awards and State Financial Assistance in the Compliance section for additional information regarding grant expenditures.

Major projects under construction and the amounts expended during fiscal year 2023, 2022 and 2021 are as follows (in millions):

Projects Under Construction <i>(in Millions)</i>	FY2024	FY2023	FY2022
Terminal C Gates 250-253 Airside Concourse	\$159.80	\$60.50	\$3.20

Total	\$157.90	\$107.40	\$2,606.30

More detailed information about the Authority's capital assets is presented in Note 6 to the financial statements.

Debt Activities

The Authority has outstanding revenue bonds which are secured by a pledge of and lien on Revenues and Net Revenues as defined in the Bond Resolution. This senior indebtedness is expressly senior and superior to the pledge and lien securing subordinated indebtedness and secondary subordinated indebtedness.

Senior Indebtedness

Pursuant to the Bond Resolution, the Authority has issued various series of Airport Facilities Revenue Bonds to finance additions and improvements at the airport. The aggregate principal amount of such senior bonds outstanding as of September 30, 2024, and 2023 was \$1.7 billion and \$1.8 billion respectively.

In December 2023, the Authority defeased and/or redeemed portions of the Series 2010A Bonds totaling approximately \$45.7 million in principle. The Series 2010A was PFC supported debt and was repaid using PFC funds to free up PFC capacity for future eligible improvements.

Priority Subordinated Indebtedness

Priority subordinated indebtedness as defined in the Master Indenture of Trust consists of Priority Subordinate Obligations and the Florida Department of Transportation (FDOT) indebtedness. As of September 30, 2024, and 2023, the aggregate principal amount of subordinated indebtedness was \$867.4 million and \$877.3 million respectively. The FDOT indebtedness was paid off on May 12, 2023.

Secondary Subordinated Indebtedness

Lines of Credit - The Authority has entered into a revolving credit agreement with Bank of America, N.A., in the authorized amount of \$275 million which expires on July 31, 2026, and a revolving credit agreement with Wells Fargo, N.A., in the authorized amount of \$275 million which expires on March 31, 2026. The Authority draws on the existing lines of credit for interim financing for capital projects in anticipation of the issuance of long-term bonds and/or receipt of grants, PFCs, CFCs, Authority funds and other permanent funding sources. The Authority intends to continue using the existing lines of credit to provide interim financing for portions of the 2024-2028 Capital Improvement Program. The Authority also utilized the lines of credit to provide interim funding of escrow deposits for the defeasance of debt. Pursuant to the Bond Resolution, lines of credit are considered Secondary Subordinated Indebtedness.

In April 2024, the Authority did a taxable advanced refunding of the Series 2016A and 2016B Bonds (Senior Bonds) in the amount of \$60.8 million and \$7.6 million respectively. The refunding was facilitated through a taxable draw on the line of credit facilities in the amount of \$62.1 million at a fixed rate of 5.93% along with other legally available funds and is categorized as secondary subordinated debt.

Debt Service Coverage

Airport revenue bond covenants require that revenue available to pay debt service, as defined in the Bond Resolution, be equal to or greater than 1.25 times the debt service on the senior lien airport revenue bonds and 1.00 times the debt service on all subordinated indebtedness. Further, the Master Subordinate Indenture of Trust provides that the coverage requirement will be equal to or greater than 1.10 times the debt service on Priority Subordinated Indebtedness. Coverage ratios for the past three years are shown in the following table:

Coverage Ratios	FY2024	FY2023	FY2022
Senior Lien Debt	8.74x	7.34x	8.42x
Priority Subordinate Obligations	4.77x	3.84x	8.77x
Senior and Priority Subordinate Indebtedness	3.33x	2.77x	2.11x

More detailed information about the Authority's noncurrent liabilities is presented in Note 11 to the financial statements.

Discussion of Currently Known Facts, Decisions or Conditions

In September 2024, the Authority approved its fiscal year 2024-2025 operating budget. Budgeted operating revenues are \$941.3 million and \$4.9 million for Orlando International Airport and Orlando Executive Airport respectively. Budgeted operating expenses are \$567.0 million and \$4.5 million not including depreciation or capital contributions. Total approved capital expenditures are \$125.1 million \$6.2 million. Required contributions to the Authority's defined pension plan and Other Postemployment Benefit Plan are \$1.4 million and \$0.1 million respectively for fiscal year 2025.

Total passengers for calendar year 2024 were over 57.2 million, a decrease of approximately 1% over calendar year 2023.

Request For Information

The financial report is designed to provide a general overview of the Authority's finances for all those interested. Questions concerning any information provided in this report or request for additional information should be addressed to the Chief Financial Officer, Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, FL 32827-4392.

Kathleen M. Sharman
Executive Vice President/Chief Financial Officer

Basic Financial Statements

The statements of net position, revenues, expenses, and changes in net position, and cash flows provide a summary of the financial position and operating results of the Authority that consists of two airports, Orlando International Airport and Orlando Executive Airport.

The fiduciary financial statements reflect the combined net position and changes in net position of the Authority's pension and post employment benefit plans. These statements also serve as an introduction to the more detailed financial statements and supplemental schedules.

YEARS ENDED SEPTEMBER 30, 2024 AND 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES

Organization and Purpose: The Greater Orlando Aviation Authority (Authority) was established by the Florida State Legislature pursuant to the Greater Orlando Aviation Authority Act, Chapter 57-1658, Special Laws of Florida, 1957, as amended. The Authority operates Orlando International Airport and Orlando Executive Airport. For reporting purposes, these airports are combined into a single enterprise fund.

Reporting Entity: In defining the Greater Orlando Aviation Authority for financial reporting purposes, management applied the requirements of Governmental Accounting Standards Board (GASB) Statements Number 14, *The Financial Reporting Entity* and GASB Statement Number 39, *Determining Whether Certain Organizations Are Component Units*. These statements establish the basis for defining the reporting entity and whether it is considered a component unit of another entity and whether other entities are component units. Based on these criteria, the reporting entity includes only the accounts of the Authority in the reporting entity. The Authority identified no potential component units to include in these basic financial statements nor identified any other entity that should include the Authority in its basic financial statements.

Basis of Presentation and Accounting: The Authority's financial statements are prepared using the flow of economic resources measurement focus using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when incurred.

The principal operating revenues of the Authority are from sources such as airlines, concessions, rental cars and parking. Investment income, passenger and customer facility charges, federal and state operating grants and other revenues not related to the operations of the airport are considered nonoperating revenues. Operating expenses include the cost of airport and related facilities maintenance, administrative expenses, and depreciation on capital assets. Interest expense and Participating Airline net revenue sharing are considered nonoperating expenses.

Fiduciary Activities: The Authority maintains two fiduciary funds; the Retirement Plan for Employees of the Greater Orlando Aviation Authority, the Defined Benefit (DB) Plan, and the Other Postemployment Benefits (OPEB) Program. The Authority is committed to making contributions to the trusts, and therefore assumes a financial burden for the trust funds and thus has financial accountability. The assets in each trust are held for only for the Authority employee's benefit. The fiduciary assets and liabilities are not assets and liabilities of the Authority and are not recognized on the Statement of Net Position. Income and expenses are not included in the Statement of Revenues, Expenses and Changes in Net Position of the Authority.

The fiduciary financial statements are a combination of the financials of The Retirement Plan for Employees of Greater Orlando Aviation Authority (the Defined Benefit Plan), and the Greater Orlando Aviation Authority OPEB Trust Fund). The fiduciary financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), as applied to governmental units. The Governmental Accounting Standards Board is the standard-setting body for governmental accounting and financial reporting. The employer contributions are recognized in the period in which the contributions are due and the employer has made a formal commitment to provide the contribution. Benefits are recognized when due and payable in accordance with the terms of the Plan. For more information, please refer to Notes 8 and 9.

Cash and Cash Equivalents: Demand deposits, certificates of deposits, cash on hand and repurchase agreements with an original maturity of three months or less from the date of purchase are considered cash and cash equivalents.

Accounts Receivables: Receivables are reported at their gross value when earned and are reduced by the estimated portion that is expected to be uncollectible. The allowance for uncollectible accounts is based on an analysis of past due amounts that are not covered by security deposits, letters of credit or contract bonds. When continued collection activity results in receipts of amounts previously reserved, revenue is recognized in the period collected.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Lease Receivables: The Authority's lease receivables are measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded at the initiation of the lease in an amount equal to the initial recording of the lease receivable. The deferred inflow of resources is amortized on a straight-line basis over the term of the lease.

Under the lease agreement, the Authority may receive variable lease payments that are dependent upon the lessee's revenue. The variable payments are recorded as an inflow of resources in the period the payment is received.

Investments: The Authority's investment policy is determined by the Finance Committee and approved by the Authority Board. Permitted investments are set within the policy and the Finance Committee appoints an Authorized Investment Officer. The Authorized Investment Officer submits a semi-annual report as of March 31 and September 30 to the Finance Committee summarizing the investment portfolio.

The Authority accounts for all investments, regardless of time to maturity or their acquisition date, at fair value on the statement of net position with unrealized gains and losses charged or credited to investment income. The Authority uses quoted market prices to determine these fair values.

Investments consist of commercial paper, corporate securities, asset-backed securities, local government investment pool, money market funds, and United States government and agency obligations.

Prepaid Expenses and Inventory: Prepaid expenses consist primarily of insurance, employee benefits and any other expenditures expected to benefit future periods. Inventory primarily consists of fuel, repairs and maintenance items and office supplies held for consumption and is valued using the average cost method.

Noncurrent Assets:

- **Restricted Assets and Liabilities:** Assets restricted to specific purposes by legally enforceable requirements are segregated on the statement of net position. Requirements include: externally imposed requirements by creditors (such as through debt covenants), grantors or contributors; laws and regulations of other governments; and enabling legislation. The Authority's restricted assets are expendable. The Authority's policy is to determine on a case-by-case basis whether to spend restricted assets or unrestricted assets when both are available for the same purpose. Restricted assets necessary to meet current obligations that are payable from the restricted assets are classified as current assets on the statement of net position. Restricted assets that are restricted for disbursements in the acquisition or construction of noncurrent assets or that are segregated for the liquidation of long-term debts are classified as noncurrent assets.

Assets restricted for construction include funds available for the design and construction of capital improvements. Assets restricted for construction include cash, investments and receivables obtained from debt proceeds, grants, and Authority funds restricted by the bond indenture for construction purposes, Customer Facility Charges and Passenger Facility Charges. Assets restricted for debt service include cash and investments required to pay the interest payments, principal for annual bond payments, as well as payments due on the lines of credit. The restricted assets for debt service reserve include cash, investments and interest receivable totaling the maximum amount required by the bond indentures. The debt service reserve accounts are revalued each March 31 and September 30. Any amounts in excess of the debt service reserve requirements may be transferred to the Revenue Account to be used in accordance with the Revenue Account's purposes. If the debt service reserve account is undervalued, the Authority transfers funds into the account.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

- **Unrestricted Assets:** A portion of unrestricted assets is reported as noncurrent. This represents amounts of unrestricted investments with maturities greater than one year.
- **Capital Assets, Net of Accumulated Depreciation:** Capital assets, net of accumulated depreciation is shown as noncurrent assets on the statement of net position.
- **Lease and Concession Agreements:** The Authority's operations consist of agreements for use of land, buildings, terminal space and Minimum Annual Guarantees from concessionaires. The agreements consist of (a) one year, cancelable space and use permits, and (b) non-cancelable agreements for land, buildings, terminal space and concessions, which expire between the years 2023 and 2072. The Authority accounts for revenue from these agreements under the operating method and reports revenue over the terms of the agreements. See Note 7 for additional information.

Capital, Lease, and Subscription Assets: Property and equipment, and Property held for lease are recorded at cost when purchased or at acquisition value at the time of donation. Donated capital assets received in a service concession arrangement are reported at acquisition value, as of September 30, 2024. There were no service concession arrangements, as defined by GASB. The Authority accounts for intangible assets as required under GASB Statement No. 51. The maintenance and repair costs that do not add value or extend the useful lives of assets are not capitalized. The threshold for capitalization of capital assets is \$5,000.

Lease and subscription based technology assets are initially recorded as the sum of 1) the amount of the initial measurement of the lease or subscription liability, 2) lease for subscription payments made at or before the commencement of the lease term, less any lease incentives received from the vendor at or before the commencement of the term, 3) initial direct costs that are ancillary charges necessary to place the asset into service. Lease and subscription assets are amortized on a straight-line basis over the shorter of the lease term or useful life of the underlying asset.

Capital Asset Impairment: The Authority's capital assets include property, equipment, and infrastructure assets. A capital asset is considered impaired if both the decline in service utility of the capital asset is large in magnitude and the event or change in circumstances is outside the normal life cycle of the capital asset. The Authority evaluates prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. Common indicators of impairment include evidence of physical damage where restoration efforts are needed to restore service utility, enactment or approval of laws or regulations setting standards that the capital asset would not be able to meet, technological development or evidence of obsolescence, a change in the manner of expected duration of use of a capital asset or construction stoppage.

Depreciation of Capital Assets: Property and equipment, and Property held for lease except land and construction in progress are depreciated using the straight-line method over the following estimated useful lives:

Building	10 to 50 years	Equipment	3 to 30 years
Improvements	5 to 50 years	Motor vehicles	5 to 15 years

Deferred Outflows and Inflows of Resources: In addition to assets and liabilities, the statement of net position may report a separate section for deferred outflows of resources and deferred inflows of resources. Deferred outflows of resources represent a consumption of net assets that applies to future periods. Deferred outflows have a positive effect on net position, similar to assets. Deferred inflows of resources represent an acquisition of net assets that applies to future periods. Deferred inflows have a negative effect on net position, similar to liabilities.

Employer Contributions – Pension and OPEB – These contributions are those made after the measurement date through the fiscal year end resulting in a cash outlay not yet recognized under GASB 68 or GASB 75.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

This amount is deferred and recognized in the following fiscal year. This item is presented as a deferred outflow of resources.

Investment difference – Pension and OPEB – These amounts represent the difference in projected and actual earnings on pension/OPEB plan assets. These differences are deferred and amortized over a closed five-year period. This item can be presented as both a deferred outflow and deferred inflow of resources and is combined annually as a single net unamortized balance.

Experience difference – Pension and OPEB – These amounts represent the difference in expected and actual pension/OPEB experience. These differences are deferred and recognized over the estimated average remaining lives of all members determined as of the beginning of the measurement period. This item can be presented as both a deferred outflow and deferred inflow of resources but may not be shown net if there are unamortized balances for categories.

Assumption Changes – Pensions and OPEB – These amounts represent the difference resulting from a change in assumptions used to measure the underlying net pension/OPEB liability/asset. These differences are deferred and recognized over the estimated average remaining lives of all members determined as of the beginning of the measurement period. This item can be presented as both a deferred outflow and deferred inflow of resources but may not be shown net if there are unamortized balances for the categories.

Debt Refunding – These amounts represent the gain or loss from the refunding of debt. These differences are deferred and recognized as interest expense in a systematic and rational manner over the remaining life of the old debt or the life of the new debt, whichever is shorter. This item can be presented as both a deferred outflow and deferred inflow of resources but may not be shown net if there are unamortized balances for categories.

Leases represent the initial value of the lease receivable/payable under GASB 87 and systematically reduced and recognized as lease revenue/expense over the term of the lease. This item is presented as a deferred inflow for the lessor and deferred outflow for the lessee.

Pension Plans: The Authority's policy is to fund accrued defined benefit pension costs, which include normal costs for regular employees as actuarially determined. The Authority recognizes plan member contributions to the defined contribution plan in the period in which contributions are due, and the Authority has made a formal commitment to provide contributions. Additional information is disclosed in Note 8.

Other Postemployment Benefit Plans: The Authority obtains actuarial valuation reports for its Other Post Employment Benefits (OPEB) plan and records the expenses, assets and liabilities for OPEB as required under Governmental Accounting Standards Board (GASB) Statement No. 75. For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB Expense, information about the fiduciary net position of the Authority's Retiree Health Care Plan (Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, the Plan recognizes benefit payment when due and payable in accordance with the benefits terms. Investments are reported at fair value, except for money market investments and participating interest-earning contracts that have a maturity at the time of purchase of one year or less, which are reported at cost. The Authority funds its OPEB obligation to a qualifying, irrevocable trust. Additional information is disclosed in Note 9.

Compensated Absences: The Authority recognizes expenses relating to compensated absences as incurred and includes the current portion of the liabilities in accrued expenses and the noncurrent portion in other long-term liabilities.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Net Position: Net position is comprised of three components. Net investment in capital assets consists of all capital assets, net of accumulated depreciation, and reduced by outstanding debt, net of debt service reserve. Restricted net position represents assets that are legally restricted for specific purposes. These include funds restricted for debt service and other sources restricted for capital acquisition and construction. Unspent debt proceeds were \$5.4 million and \$42.7 million for the fiscal year ended September 30, 2024 and 2023 respectively, and are included in Net position restricted for capital acquisition and construction. The balance of net position is considered unrestricted net position.

Passenger Facility Charges: The Federal Aviation Administration (FAA) approved the collection of Passenger Facility Charges (PFCs). The Authority uses PFCs for pre-approved airport projects that meet at least one of the following criteria: preserve or enhance safety, security or capacity of the national air transportation system; reduce noise or mitigate noise impacts resulting from an airport; or furnish opportunities for enhanced competition between or among carriers. The airlines collect and remit this revenue to the Authority and the Authority records PFCs as nonoperating revenues.

Customer Facility Charges: The Authority approved the collection of Customer Facility Charges (CFCs) effective October 1, 2008, as amended in 2017. Certain rental car companies (RACs) agreed to assess and collect CFCs to pay the costs and expenses of financing, designing, constructing, operating, relocating, and maintaining the rental automobile related facilities and other facilities that benefit RACs.

The RACs collect and remit this revenue to the Authority and the Authority records CFCs as nonoperating revenues.

Arbitrage Rebate: The U.S. Treasury issued regulations on calculating the rebate due the federal government on arbitrage profits, calculating arbitrage penalties, and determining compliance with the arbitrage rebate provisions of the Tax Reform Act of 1986. Arbitrage profits arise when the Authority temporarily invests the proceeds of tax-exempt debt in securities with higher yields. The Authority records the rebate payable and reduction in investment income in accordance with the rebate calculation.

Revenue Classifications: The components of the major operating revenue classifications are as follows:

- **Airfield Area** – Fees for landings of passenger and cargo aircraft, apron use, and fuel flowage system rental and fees.
- **Terminal Area** – Space rentals, gate access fees, privilege fees for the operation of terminal concessions, baggage fees and other miscellaneous airline fees.
- **Ground Transportation** – Revenue associated with rental car concessions, taxi, shuttle and bus ground transportation, and public parking.
- **Other Buildings and Grounds** – Fees associated with fixed base operators, cargo apron use, in-flight catering and other building and land rentals.
- **Hotel** – Revenue associated with rooms, food and beverage, telecommunications, and other rentals and income.

Capital Contributions: Capital contributions consist primarily of grants and contributions from federal and state governmental agencies, airlines, and tenants. The Authority recognizes contributions as earned as related project costs are incurred. The Authority recognizes donated property at acquisition value when received.

Interest During Construction: The Authority implemented GASB 89, Accounting for Interest Costs Incurred Before the End of a Construction Period during fiscal year 2022, and as a result no capitalized interest was recorded for the fiscal year ended September 30, 2024 and 2023.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

Airline Rates By Resolution: Effective November 1, 2013, the Authority operates under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions For the Use Of Facilities And Services At Orlando International Airport, adopted by the Authority Board October 16, 2013 (the "Resolution") and Amended and Restated as of August 10, 2016, and second amendment and restatement as of August 28, 2019, and a third amendment was authorized in September 2024 effective October 1, 2024, see Note 19 for additional information. The Resolution, which has no expiration date, provides for a compensatory ratemaking methodology for use of the terminal facilities, including certain activity-based charges for use of the baggage system, and a residual ratemaking methodology to establish landing fees for the use of the airfield. An airline may also sign a Rate and Revenue Sharing Agreement ("Rate Agreement"), whereby the airline affirmatively agrees to the Resolution and the rate-setting methodology. Airlines that participate are entitled to share in certain revenues remaining after the payment of all Authority debt service and operating expenses. Additional information is disclosed in Note 19.

Advance Rent From Tenants: The current portion of advance rent from tenants primarily represents October revenues received in September. Amounts reported as long-term liabilities represent revenues to be recognized in years subsequent to the following fiscal year.

Bond Issue Costs and Bond Discounts and Premiums: The Authority expenses bond issue costs (excluding prepaid bond insurance) at the time of issuance in accordance with generally accepted accounting principles. Bond discounts and premiums are deferred in the year of issuance and amortized using the effective interest method over the life of the issuance. Losses on bond refundings are deferred and amortized over the shorter of the remaining life of the original issue or the life of the new issue.

Estimates: The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimated.

Reclassifications: Certain prior year amounts have been reclassified to conform with current year financial reporting and to facilitate comparison of financial data.

Significant Upcoming Pronouncements: In June 2022, GASB issued Statement No. 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled. In estimating the leave that is more likely than not to be used or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. However, leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits should not be included in a liability for compensated absences. This standard will become effective for fiscal year ending September 30, 2025.

In December 2023, GASB issued Standard No. 102, *Certain Risk Disclosures*. The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints. This Statement defines a concentration as a lack of diversity related to an aspect of a significant inflow of resources or outflow of resources. A constraint is a limitation imposed on a government by an external party or by formal action of the government's highest level of decision-making authority. Concentrations and constraints may limit a government's ability to acquire resources or control spending. This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PRACTICES (continued)

events associated with a concentration or constraint that could cause the substantial impact to have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued. If a government determines that those criteria for disclosure have been met for a concentration or constraint, it should disclose information in notes to financial statements in sufficient detail to enable users of financial statements to understand the nature of the circumstances disclosed and the government's vulnerability to the risk of a substantial impact. This statement is not expected to impact the Authority's financial statements. This standard will be effective for fiscal year end September 30, 2025.

In April 2024, the GASB issued Standard No. 103, *Financial Reporting Model Improvements*. The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. This Statement continues the requirement that the basic financial statements be preceded by management's discussion and analysis ("MD&A"), which is presented as required supplementary information ("RSI"). This Statement describes unusual or infrequent items as transactions and other events that are either unusual in nature or infrequent in occurrence. This Statement requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses. In addition to the subtotals currently required in a proprietary fund statement of revenues, expenses, and changes in fund net position, this Statement requires that a subtotal for operating income (loss) and noncapital subsidies be presented before reporting other nonoperating revenues and expenses. This Statement requires governments to present each major component unit separately in the reporting entity's statement of net position and statement of activities if it does not reduce the readability of the statements. If the readability of those statements would be reduced, combining statements of major component units should be presented after the fund financial statements. This Statement requires governments to present budgetary comparison information using a single method of communication—RSI. Governments also are required to present (1) variances between original and final budget amounts and (2) variances between final budget and actual amounts. An explanation of significant variances is required to be presented in notes to RSI. Management is aware of this standard and intends to properly evaluate the impact and ensure that any accounting and reporting impact is properly addressed in the year the standard is required to be implemented. This standard will be effective for fiscal year end September 30, 2026.

In September 2024, the GASB issued Standard No. 104, *Disclosure of Certain Capital Assets*. The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be disclosed separately in the capital assets note disclosures required by Statement 34. Lease assets recognized in accordance with Statement No. 87, *Leases*, and intangible right-to-use assets recognized in accordance with Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, should be disclosed separately by major class of underlying asset in the capital assets note disclosures. Subscription assets recognized in accordance with Statement No. 96, *Subscription-Based Information Technology Arrangements*, also should be separately disclosed. In addition, this Statement requires intangible assets other than those three types to be disclosed separately by major class. This Statement also requires additional disclosures for capital assets held for sale and that capital assets held for sale be evaluated each reporting period. Management is aware of this standard and intends to properly evaluate the impact and ensure that any accounting and reporting impact is properly addressed in the year the standard is required to be implemented. This standard will be effective for fiscal year end September 30, 2026.

The Authority has not determined what impact, if any, these statements will have on its financial statements.

2. OPERATION AND USE AGREEMENT – CITY OF ORLANDO

The City of Orlando and the Authority signed an Operation and Use Agreement, dated September 27, 1976, which grants the Authority the right to occupy, operate, control and use Orlando International Airport and Orlando Executive Airport for a term of fifty years commencing on October 1, 1976.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

2. OPERATION AND USE AGREEMENT – CITY OF ORLANDO (continued)

In 1976, the City of Orlando transferred assets, liabilities and equity to the Authority at the carrying amounts in the accounts of the Aviation Division of the City of Orlando, which reflected historical or estimated historical costs, with accumulated depreciation at September 30, 1976. The property and equipment, net of accumulated depreciation transferred from the Aviation Division of the City of Orlando to the Authority, amounted to approximately \$31.5 million.

Effective October 1, 2015 the Authority entered into an amended Operation and Use Agreement, which extends the term of the original contract through September 30, 2065. At the end of the lease term, unless otherwise extended, the Authority is obligated to return full ownership and control of all its assets to the City of Orlando.

The City of Orlando provides certain police and fire protection services to the Authority. Total charges for these services amounted to approximately \$23.4 million and \$19.3 million for 2024 and 2023, respectively.

Approximately, \$4.7 million and \$3.7 million are recorded as liabilities due to the City of Orlando in connection with these services at September 30, 2024 and 2023, respectively.

3. CASH DEPOSITS AND INVESTMENTS

The Authority's cash and cash equivalents balances include amounts deposited with commercial banks in interest-bearing and non-interest bearing demand deposit accounts, as well as the Florida State Board of Administration's (the SBA) Local Government Surplus Investment Pool, (the Florida Prime). The commercial bank balances are entirely insured by federal depository insurance or by collateral pursuant to the Florida Security for Public Deposits Act of the State of Florida (the Act). Financial statement for the SBA can be found on the Florida Auditor General's website at https://flauditor.gov/pages/pdf_files/2024-085.pdf.

The Act establishes guidelines for qualification and participation by banks and savings associations, procedures for the administration of the collateral requirements and characteristics of eligible collateral. Under the Act, the Authority's deposits in qualified public depositories are considered totally insured. The qualified public depository must pledge at least 50% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance. Additional collateral, up to a maximum of 125%, may be required, if deemed necessary under the conditions set forth in the Act. Obligations pledged to secure deposits must be delivered to the State of Florida's Chief Financial Officer (State's CFO) or, with the approval of the State's CFO, to a bank, savings association, or trust company provided a power of attorney be delivered to the State's CFO.

In accordance with generally accepted accounting principles, the Authority adjusts the carrying value of investments to fair value to be presented as a component of investment income. The fair value of investments is based on available market values. The Florida Prime operated by the SBA, and the Florida Income Trust are a "2a-7-like" pool and are also presented in accordance with generally accepted accounting principles; therefore, it is not presented at fair value but at its actual pooled share price which approximates fair value.

Local government investment pool	6,366	-	-	-	6,366	N/A
Money market funds	695,101	-	-	-	695,101	N/A
Total investment	<u>\$898,116</u>	<u>\$190,589</u>	<u>\$ 36</u>	<u>\$ -</u>	<u>\$ 1,088,741</u>	

The Authority had invested in the Florida Prime \$0.8 million as of September 30, 2024 and \$0.8 million as of September 30, 2023.

The Authority had invested in the Fixed Income Trust \$5.9 million as of September 30, 2024 and \$5.6 million as of September 30, 2023.

Fiduciary Activities: The Pension (Defined Benefit Plan) and OPEB Trust Fund's investment policy is determined by the Retirement Benefit Committee (RBC) and approved by the Authority Board. Permitted investments are set within the policy. The Plan's investments are measured and reported at fair value and categorized below in accordance with generally accepted accounting principles.

The categorization of investments within the hierarchy is based upon the pricing transparency of the instrument and should not be perceived as the particular investment's risk. All of the Plan's investments are considered to be level 1.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

3. CASH DEPOSITS AND INVESTMENTS (continued)

At September 30, 2024, the fiduciary activities investments consisted of the following:

Type of Equity	Amount	Percentage
Large Cap	\$ 72,659	33%
Mid Cap	10,247	4%
Small Cap	25,338	11%
International	41,424	18%
Total Equities	149,668	66%
Fixed Income	78,726	34%
Total Investments	\$ 228,394	100%

At September 30, 2023, the fiduciary activities investments consisted of the following:

Type of Equity	Amount	Percentage
Large Cap	\$ 57,150	29%
Mid Cap	18,474	9
Small Cap	17,660	9
International	36,736	19
Total Equities	130,020	66%
Fixed Income	66,652	34
Total Investments	\$ 196,672	100%

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the Authority generally holds investments to maturity except for those portions of the portfolio that are actively managed by the Authority's Investment Advisor. The Authority's investment policy requires the investment portfolio to be structured to provide sufficient liquidity to pay obligations as they become due. To the extent possible, investment maturities match known cash needs and anticipated cash flow requirements. Investments under the Bond Resolution shall mature no later than needed, except for 1) investments in the Debt Service Reserve Account which shall mature not later than fifteen years (unless such investment is redeemable at the option of the holder, in which event the maturity shall not exceed the final maturity date of the bonds secured by such investment), 2) investments in the Operation and Maintenance Fund and Operation and Maintenance Reserve Account shall mature within twelve months, and 3) investments in the Capital Expenditure Fund, the Renewal and Replacement Fund, Improvement and Development Fund, and the Discretionary Fund shall mature within five years. Investments under the Amended and Restated Master Subordinated Indenture of Trust shall mature no later than needed, except for investments in the Reserve Fund, which shall mature not later than fifteen years from the date of such investment. The Authority portfolio holds a limited number of callable securities. The schedules above present the maturity data of the securities. According to the SBA, the dollar weighted average days to maturity ("WAM") of the Florida Prime at September 30, 2024 is 39 days. Next interest rate reset dates for floating rate securities are used in calculation of the WAM. The weighted average life of the Florida Prime at September 30, 2024, is 74 days. According to the Florida Fixed Income Trust, the dollar weighted average days to maturity to

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

3. CASH DEPOSITS AND INVESTMENTS (continued)

reset ("WAM to Reset") of the Fixed Income Trust at September 30, 2024 is 174 days. Next interest rate reset dates for floating rate securities are used in calculation of the WAM. The weighted average days to maturity to final ("WAM to Final") of the Fixed Income Trust at September 30, 2024, is 442 days.

Credit Risk: The Authority's general investment policy is to apply the prudent-person rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and in general, avoid speculative investments. Authority policy limits the purchase of certain investments to specific rating requirements. Investment in commercial paper is limited to ratings of A-1, P-1, or F1 for short-term investments by two of the three rating agencies: S&P, Moody's and Fitch (without regard to gradation). Investment in dollar-denominated Corporate securities is limited to companies in the United States which are rated "A" or better by two of the three rating agencies (without regard to gradation). Investments held in obligations of U.S. government agencies were rated AAA by Fitch, Aaa by Moody's and AA+ by S&P. Investments held in the portfolio as of September 30, 2024, were rated consistent with the Authority's investment policy and bond resolutions. Funds invested in money market funds and the Florida Prime are rated AAAm by S&P. Funds invested with the Fixed Income Trust are rated AAAf/S1 by Fitch Rating.

Custodial Credit Risk: For an investment, custodial risk is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. All the Authority's investments are either held in the name of the Authority or held in trust under the Authority's name.

Concentration of Credit Risk: Concentration of credit risk is the inability to recover the value of deposit, investment, or collateral securities in the possession of an outside party caused by a lack of diversification. The authority mitigates its concentration of credit risk by diversifying its investment portfolio. At September 30, 2024 and 2023, the Authority did not hold investments exceeding 5 percent of the total investment portfolio (including cash and cash equivalents) except those expressly permitted pursuant to GASB statement No. 40. The investment policy limits the maximum investment in any one issuer of commercial paper to \$5 million dollars.

Foreign Currency Risk Disclosure: The Authority invests only in securities that are denominated in U.S. dollars. Per the SBA, the Florida Prime was not exposed to any foreign currency risk during the period October 1, 2023 through September 30, 2024.

Valuation of Investments: The Authority utilizes the market approach to mark-to-market the fair value of its investment holdings.

GASB 72 established a hierarchy of inputs to valuation techniques used to measure fair value. That hierarchy has three levels. Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities. Level 2 inputs are inputs-other than quoted prices-included within Level 1 that are observable for the asset or liability either directly or indirectly. Finally, Level 3 inputs are unobservable inputs, such as management's assumption of the default rate among underlying mortgage of a mortgage-backed security.

GASB 72 generally requires investments to be measured at fair value. Investments not measured at fair value continue to include, for example, money market investments, 2a-7-like external investment pools such as the Florida Prime. GASB 72 requires disclosures be made about fair value measurements, the level of fair value hierarchy, and the valuation techniques. The Authority utilizes a third-party pricing service to mark-to-market holdings of U.S. Treasury securities, corporate securities, and government sponsored enterprise securities, such as Federal National Mortgage Association, Federal Home Loan Bank, and Federal Home Loan Mortgage Association. The Authority derives pricing for commercial paper holdings directly from the custody statements for each account that has commercial paper holdings. Regarding fair value hierarchy disclosure, GASB 72 characterizes Level 1 inputs as quoted prices in active markets for identical assets or liabilities therefore; the Authority has denoted

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

3. CASH DEPOSITS AND INVESTMENTS (continued)

Level 1 for each of the various holdings except for money market and Florida Prime investments. Per the SBA, the Florida Prime meets all of the necessary criteria to elect to measure all of the investments in Florida Prime at amortized cost. Therefore, the Authority's participant account balance is considered the fair value of its investment and is considered exempt from the GASB 72 fair value hierarchy disclosures.

GASB 79 states that if a participant has an investment in a qualifying external investment pool that measures for financial reporting purposes all of its investments at amortized cost, it should disclose the presence of any limitations or restrictions on withdrawals (such as redemption notice periods, maximum transaction amounts, and the qualifying external investment pool's authority to impose liquidity fees or redemption gates).

According to the SBA, with regard to redemption gates, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the moneys in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest moneys entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, the Investment Advisory Council, and the Participant Local Government Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case, may the time limit set by the Trustees exceed 15 days." With regard to liquidity fees, Florida Statute 218.409(4) provides authority for the SBA to impose penalties for early withdrawal, subject to disclosure in the enrollment materials of the amount and purpose of such fees. At present, no such disclosure has been made. As of September 30, 2024, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant's daily access to 100 percent of their account value.

4. DUE FROM OTHER GOVERNMENTAL AGENCIES

The following amounts were due from other governmental agencies as of September 30, 2024 and 2023 (in thousands):

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

7. LEASE AND CONCESSION AGREEMENTS

The Authority accounts for leases in accordance with GASB Statement No. 87, *Leases*. The Authority's operations consist of agreements for use of land, buildings, terminal space and Minimum Annual Guarantees from concessionaires. The agreements are made up of various agreements for land, buildings, terminal space and concessions, which expire between the years 2025 and 2072. The Authority reports leases receivable with a carrying amount of \$1.2 billion and \$1.3 billion as of September 30, 2024 and 2023, respectively, and a deferred inflows lease in the amount of \$1.1 billion and \$1.3 billion as of September 30, 2024 and 2023, respectively, related to this agreement. The deferred inflows of resources for leases will be recognized as revenue over the term of the lease agreements.

The Authority recognized \$166.8 million and \$203.3 million of lease revenue principal and \$40.5 million and \$40.8 million of lease interest income for the years ended September 30, 2024 and 2023, respectively.

The following is a schedule by years of future minimum payments from agreements as of September 30, 2024 (in thousands):

	Principal	Interest	Total Future Minimum Lease Payments
2025	\$ 141,774	\$ 36,888	\$ 178,662
2026	130,188	32,299	162,487
2027	121,457	28,251	149,708
2028	121,293	24,355	145,648
2029	125,020	20,375	145,395
2030-2034	395,912	47,757	443,669
2035-2039	20,445	25,004	45,449
2040-2044	15,247	22,305	37,552
2045-2049	16,262	19,704	35,966
2050-2054	21,665	16,683	38,348
2055-2059	29,765	12,516	42,281
2060-2064	40,368	6,831	47,199
2065-2069	18,999	1,060	20,059
2070-2072	1,099	47	1,146
Total future minimum payments	<u>\$ 1,199,494</u>	<u>\$ 294,075</u>	<u>\$ 1,493,569</u>

Minimum future payments do not include contingent revenues, which may be received under agreement for use of land and buildings on the basis of revenue or fuel flowage fees earned. Contingent revenues amounted to approximately \$62.6 million and \$60.8 million for the years ended September 30, 2024 and 2023, respectively. The Authority has a 50-year lease with Brightline Trains Florida, LLC, formerly known as Virgin Trains USA Florida, LLC that expires in 2072. The terms of this lease extend beyond the current Operation and Use Agreement with the City of Orlando, expiring in 2065 whereby responsibility for operating the Airport would revert to the City. Upon termination of the Operation and Use Agreement with the City and the Authority, the City shall be deemed to be the lessor and bound by all provisions of the lease.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

7. LEASE AND CONCESSION AGREEMENTS (continued)

Regulated Leases

The Authority's operations include certain lease agreements that are classified as regulated leases under paragraph 42 of GASB Statement No. 87, *Leases*. These agreements consist of aeronautical lease agreements, as defined by the Federal Aviation Administration, which are made up of air carrier agreements, facility agreements that directly or substantially relate to the movement of passengers, ticketing, baggage, mail and cargo, and aircraft storage and maintenance service agreements. For these agreements, leases rates cannot exceed a reasonable amount and the Authority cannot deny potential lessees the right to enter into leases if facilities are available, provided that the potential lessee's use of the facilities complies with use restrictions. The Authority recognizes the revenues from these lease agreements as inflows each year based on the payment provisions of each lease contract. The Authority recognized \$158.5 million and \$141.3 million of regulated lease revenue for the years ended September 30, 2024 and 2023, respectively.

The following is a schedule by years of future minimum payments from regulated lease agreements as of September 30 (in thousands):

	Total Future Minimum Lease Payments
2025	\$ 179,101
2026	178,611
2027	10,935
2028	10,813
2029	10,543
2030-2034	45,696
2035-2039	35,607
2040-2044	21,414
2045-2049	18,485
2050-2054	14,512
2055-2059	6,813
Total future minimum payments	<u>\$ 532,530</u>

8. PENSION PLANS

The Authority maintains two defined benefit plans for its employees: a single-employer plan covering non-firefighter employees and a multi-employer plan for firefighters. Additionally, the Authority provides two defined contribution plans, a single-employer defined contribution retirement plan for non-firefighter employees and a multi-employer defined contribution plan for firefighters. The Authority authorized all full time employees hired before October 1, 1999, other than firefighters to participate in the Defined Benefit Plan (DB Plan). The Authority authorized employees hired after September 30, 1999 to participate in the single-employer Defined Contribution Retirement Plan (DC Plan), other than firefighters. The Authority allowed employees who were participants of the DB Plan to convert to the DC Plan during the period February 23, 2001 to June 30, 2001.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

8. PENSION PLANS (continued)

As of September 30 the two defined benefit plans have a net pension (asset) liability as follows:

	<u>FY 24</u>	<u>FY 23</u>
DB Plan (Asset) Liability	\$ 17,517	\$ 20,961

Single-Employer Defined Benefit Pension Plan

General: The Authority contributes to the Retirement Plan for Employees of the Greater Orlando Aviation Authority (DB Plan), a single-employer retirement plan, a closed plan. The DB Plan provides retirement and death benefits to DB Plan members and beneficiaries. Comerica, Inc. (Comerica) currently holds the assets of the Plan in various managed accounts. Comerica currently distributes the DB Plan benefits. The Authority's actuary prepares an actuarial valuation report which includes required supplementary information for the DB Plan, which may be obtained by writing to Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, Florida 32827, Attention: Human Resources.

Plan Description: Each full-time employee became eligible on the date of completion of 12 months of employment. The Authority credits all service from date of hire. Retirement benefits equal 3% of the average of the three years of highest annual earnings multiplied by years of credited service, for the employees final 10 years, with a maximum of 75% of the average earnings. In the event of early retirement, there is a 3% benefit reduction per year that the benefit commencement date precedes age 65. Normal retirement date is the first day of the month following, or coinciding with, the earliest of a participant's sixty-fifth birthday and seven years of credited service, or twenty-five years of credited service. An employee is 20% vested after the first year of credited service and achieves 100% vesting after five years of service. A member may elect to retire earlier than the normal retirement eligibility upon attainment of age 55 and seven years of credited service. Benefit provisions are established and may be amended by the Authority Board. The Plan is administered by a Retirement Benefits Committee appointed by the Authority Board.

If a member dies prior to actual retirement, the Beneficiary will receive a monthly benefit beginning on the earliest date on which the member could have retired had death not occurred. The benefit for a spouse Beneficiary is equal to one-half the amount that would have been payable had the member terminated employment a day prior to the date of death and selected the 50% Contingent Annuity Form. If the Beneficiary is not the spouse, then the benefit will be paid in the actuarial equivalent amount over a five-year period commencing within one year of death. If the member dies after actual retirement, payment to the Beneficiary will begin the first day of the month following the date of death.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

8. PENSION PLANS (continued)

Funding Policy: The actuarial valuation used for funding determines the annual contribution requirements of the Authority. The Authority does not require plan members to contribute to the DB Plan.

Current plan membership as of October 1, 2022, is as follows:

Inactive Plan members or Beneficiaries currently receiving benefits	385
Inactive Plan members Entitled to but not yet receiving benefits	60
Active Plan members	<u>27</u>
Total membership	<u>472</u>

Net Pension Liability

The total pension liability was measured as of September 30, 2023. The total pension liability used to calculate the net pension liability was determined as of that date.

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of October 1, 2022 updated to September 30, 2023, using the following actuarial assumptions applied to all measurement periods.

Inflation	2.50 %
Salary Increases	4.00%
Investment Rate of Return	6.75%
Mortality	Pub G.H-2010 Generational with Mortality Improvement Scale MP-2018.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of September 30, 2023, are summarized in the following table.

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic Equity	45 %	7.50 %
International Equity	15	8.50
Broad Market Fixed Income	35	5.00
Global Tactical Asset Allocation	<u>5</u>	<u>3.50</u>
Total allocation	<u>100 %</u>	

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

8. PENSION PLANS (continued)

Discount Rate

The discount rate used to measure the total pension liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that the Authority's contribution will be made at the actuarially determined contribution rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, long term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2024, the Authority recognized a pension expense of \$6.8 million. On September 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of Assumptions	\$ -	\$ -
Difference Between Expected and Actual Experience	-	-
Difference Between Projected and Actual Earnings on Pension Plan Investments	12,704	-
Employer Contributions Subsequent to the Measurement Date	733	-
Total	<u>\$ 13,437</u>	<u>\$ -</u>

The deferred outflows of resources related to the Pension Plan, totaling \$.7 million resulting from the Authority's contributions to the Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than in the current fiscal period. Other amounts reported as deferred inflows of resources and deferred outflows of resources related to the Pension Plan will be recognized in pension expense as follows (in thousands):

Years Ended September 30:

2025	\$ 2,856
2026	3,619
2027	7,338
2028	(1,109)
Total	<u>\$ 12,704</u>

For the year ended September 30, 2023, the Authority recognized a pension expense of \$5.0 million. On September 30, 2023, the Authority reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes of Assumptions	\$ -	\$ -
Difference Between Expected and Actual Experience	-	-
Difference Between Projected and Actual Earnings on Pension Plan Investments	22,342	-

8. PENSION PLANS (continued)

Funded Status and Funding Progress: As of October 1, 2023, the most recent actuarial valuation date, the DB Plan was 96.4% funded. The actuarial accrued liability for benefits was \$143.6 million, and the actuarial value of assets was \$138.5 million resulting in an unfunded actuarial accrued liability (UAAL) of \$5.1 million. The covered payroll was \$2.3 million, and the ratio of the UAAL to the covered payroll was 223%.

Other required schedules of Changes in Net Pension Liability and Related Ratios, and Schedule of Contributions are presented as required supplementary information immediately following the notes to the financial statements.

Single-Employer Defined Contribution Retirement Plan

Plan Description: The Single-Employer Defined Contribution Retirement Plan (DC Plan) provides benefits upon retirement to employees of the Authority. At September 30, 2024 and 2023, there were 783 and 714 active plan members respectively. The plan provides retirement and death benefits to plan participants and beneficiaries.

General: The DC Plan is administered by a Retirement Benefits Committee appointed by the Authority Board. The Authority can modify, alter or amend the DC Plan.

The DC Plan authorizes employees, other than firefighters, hired on or after October 1, 1999, to participate. Eligible employees include regular full-time employees and regular part-time employees who are normally scheduled to work 20 or more hours per week. The DC Plan allows employees to participate after three full months of service. The DC Plan has separate accounts for each employee, and investments are self-directed by the employee. The Authority contributes 6% of base wages and up to another 4% as a matching contribution. The employee may contribute up to 10%. The DC Plan allows the employee's first 4% of contribution to be pre-tax or after-tax. Employee contributions and earnings are 100% vested. The Authority's contributions vest at 20% per year of service, starting at one year of service. Employees hired prior to October 1, 1999, continued in the Authority's DB Plan, or converted at their option from the DB Plan to the DC Plan during the period of February 23, 2001 to June 30, 2001.

The Authority's payroll for employees covered by the DC Plan was \$53.8 million and \$46.3 million for the years ended September 30, 2024 and 2023 respectively. The Authority contributed \$5.3 million and \$4.5 million for the years ended September 30, 2024 and 2023 respectively. Participants contributed \$2.3 million and \$2.0 million for the years ended September 30, 2024 and 2023 respectively.

Multi-Employer Pension Plans

Plan Description: All firefighters employed by the Authority participate in the Florida Retirement System (FRS), a cost-sharing, multiple-employer defined benefit public retirement plan. The FRS provides retirement and disability benefits, cost-of-living adjustments, and death benefits to plan participants and beneficiaries. Florida Statutes establish benefit provisions. The FRS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to the Department of Management Services, Division of Retirement, Research and Education, Post Office Box 9000, Tallahassee, Florida 32315-9000, or by calling (877) 377-1737.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

8. PENSION PLANS (continued)

Participation in the FRS is compulsory for all firefighters employed by the Authority. The FRS categorizes participants as members of a special risk class. A member receives one-month credit for each month in which any salary is paid for services performed. The FRS authorizes members who meet certain requirements to purchase additional service credits to increase their retirement benefit. The FRS provides vesting of benefits after six years of creditable service (or eight years if enrolled on or after July 1, 2011). Special risk members enrolled in the FRS before July 1, 2011 meet eligibility for normal retirement after: (a) six years of special risk creditable service and attaining age fifty-five, (b) a combined total of twenty-five years of special risk creditable service and military service and attaining age fifty-two, (c) twenty-five years of special risk creditable service, or (d) thirty years of any creditable service, regardless of age. Special risk members enrolled in the FRS on or after July 1, 2011 meet eligibility for normal retirement after: (a) eight years of special risk creditable service and attaining age sixty, (b) a combined total of thirty years of special risk creditable service and military service and attaining age fifty-seven, (c) thirty years of special risk creditable service, or (d) thirty-three years of any creditable service, regardless of age. The FRS allows early retirement any time after vesting; however, there is a 5% benefit reduction for each year prior to normal retirement age or date. Options at retirement include benefits for life or reduced benefits with beneficiary rights.

As a participant in FRS, the Authority is also a participant in the Retiree Health Insurance Subsidy (HIS) Program, which is a non-qualified cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The Florida Legislature establishes and amends the contribution requirements and benefit term of the HIS Program. The benefit is a monthly payment to assist eligible retirees and surviving beneficiaries of the state-administered retirement systems in paying their health insurance costs. Per the Chapter 2023-193, Laws of Florida, the level of monthly benefits is \$7.50 times years of service, with a minimum of \$45 and maximum of \$225. To be eligible to receive a HIS benefit, a retiree under one of the state-administered retirement systems must provide proof of eligible health insurance coverage, which may include Medicare.

Funding Policy: Various acts of the Florida Legislature determine the funding methods and benefits. These acts provide employers, such as the Authority, requirements to contribute at the current actuarially determined rate of covered payroll for special risk members. Effective July 1, 2011, all FRS employees, with the exception of Deferred Retirement Option Program (DROP) participants and reemployed retirees who are initially reemployed under covered employment on or after July 1, 2010, are required to make pretax retirement contributions of 3% of their gross salary to the plan.

The Authority's required contribution rates were as follows:

	<u>Special Risk</u>	<u>DROP</u>
July 1, 2024 – June 30, 2025	32.79%	21.13%
July 1, 2023 – June 30, 2024	32.67%	21.13%
July 1, 2022 – June 30, 2023	27.83%	18.60%

The Authority's contributions to the FRS for each of the years ended September 30, 2024 and 2023 were approximately \$3.0 million and \$2.3 million, respectively, which represents the required contributions for each year.

At September 30, 2024, the Authority reported a liability of \$17.6 million and \$3.2 million for its proportionate share of the net pension liability for the FRS Pension Plan and HIS Program respectively. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on the historical contributions made by the Authority. At June 30, 2024, the Authority's proportion was 0.045596529 percent and 0.021457727 percent for the FRS Pension Plan and HIS Program respectively, which was an increase from 0.041933125 percent and 0.021207308 percent respectively from its proportionate share as of June 30, 2023.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

8. PENSION PLANS (continued)

For the years ended September 30, 2024 and 2023 the Authority recognized pension expense of \$3.0 million and \$4.8 million related to the FRS and HIS plans.

Actuarial Assumptions

Actuarial assumptions for both defined benefit plans are reviewed annually by the Florida Retirement System Actuarial Assumption Conference. The FRS Pension Plan has a valuation performed annually. The HIS Program has a valuation performed biennially that is updated for GASB reporting in the year a valuation is not performed. The most recent experience study for the FRS Pension Plan was completed in 2024 for the period July 1, 2018 through June 30, 2023. Because the HIS Program is funded on a pay-as-you-go basis, no experience study has been completed for that program. The actuarial assumptions that determined the total pension liability for the HIS program were based on certain results of the most recent experience study for the FRS Pension Plan.

The total pension liability for each cost-sharing defined benefit plan was determined using the individual entry age normal actuarial cost method. Inflation increases for both plans is assumed at 2.40%. Payroll growth for both plans is assumed at 3.50%. Both the discount rate and the long term expected rate of return used for FRS Pension Plan investments is 6.70%. The plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Because the HIS program uses a pay-as-you-go funding structure, a municipal bond rate of 3.93% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index). Mortality assumptions for both the FRS Pension Plan and the HIS Program were based on the PUB-2010 base table.

The following changes in actuarial assumptions occurred in 2024:

- HIS: All demographic assumptions and methods were reviewed as part of the 2024 Experience Study. Changes were adopted by the 2024 FRS Actuarial Assumption Conference during its meeting in October 2024.
- HIS: The coverage election assumption were updated to reflect recent and anticipated future experience of HIS program participants. Changes were adopted by the 2024 FRS Actuarial Assumption Conference during its October 2024 meeting.
- The discount rate was modified to reflect the change in the value of the municipal bond index between GASB measurement dates.

Sensitivity Analysis

The following represents the sensitivity of the Authority's proportionate share of the net pension liability to changes in the discount rate. The sensitivity analysis shows the impact of the authority's proportionate share of the net pension liability if the discount rate was 1.00% higher or 1.00% lower than the current discount rate at June 30, 2024 and 2023 (in thousands).

FRS Net Pension Liability (Asset)			
	1% Decrease 5.70%	Current Discount Rate 6.70%	1% Increase 7.70%
June 30, 2024	\$31,026	\$17,639	\$ 6,424

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

8. PENSION PLANS (continued)

HIS Net Pension Liability

	1% Decrease	Current Discount Rate	1% Increase
2024	2.93%	3.93%	4.93%
2023	2.65%	3.65%	4.65%
June 30, 2024	\$3,664	\$3,219	\$2,849
June 30, 2023	\$3,842	\$3,368	\$2,975

Pension Expense and Deferred Outflows/(Inflows) of Resources

In accordance with GASB, changes in the net pension liability are recognized in pension expense in the current measurement period, except as indicated below. For each of the following, a portion is recognized in pension expense in the current measurement period, and the balance is amortized as deferred outflows or deferred inflows of resources using a systematic and rational method over a closed period, as defined below:

- Differences between expected and actual experience with regard to economic and demographic factors amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Changes of assumption or other inputs – amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employee)
- Changes in proportion and differences between contributions and proportionate share of contributions-amortized over the average expected remaining service life of all employees that are provided with pensions through the pension plan (active and inactive employees)
- Differences between expected and actual earnings on pension plan investments – amortized over five years

Contributions to the pension plans from the Authority are not included in collective pension expense.

The average expected remaining service life of all employees provided with pensions through the pension plans at June 30, 2024 was 5.3 years for FRS and 6.3 years for HIS. The components of collective pension expense reported in the pension allocation schedules for the fiscal year ended June 30, 2024, are presented below for each plan (in thousands):

The required schedules of Proportionate Share of Net Pension Liability and Schedule of Contributions as required supplementary information are presented immediately following the notes to the financial statements.

Multi-Employer Defined Contribution Retirement Plan

Effective July 2002, the FRS offered its members the Florida Retirement System Investment Plan (Investment Plan) as a second retirement plan option. The Investment Plan is a defined contribution plan funded by employer contributions established by law. Employees that do not elect this plan automatically enroll in the defined benefit plan. Employees vest after one year of service. Participants of the FRS have one lifetime option of transferring the value of their plan to the Investment Plan. The employers' contributions are based on salary and FRS membership class. Effective July 1, 2011, all FRS employees, with the exception of DROP participants and reemployed retirees who are initially reemployed under covered employment on or after July 1, 2010, are required to make pretax retirement contributions of 3% of their gross salary to the plan. As of September 30, 2024 and 2023, the Authority had nine and eight participants in this plan.

Pension Expense

The combined pension expense across all plans for September 30, 2024 and 2023 was \$15.3 million and \$14.3 million respectively.

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS

Plan Description: The Greater Orlando Aviation Authority Healthcare Plan (GOAAHP) is a single-employer healthcare plan administered by the Authority. The GOAAHP provides postemployment healthcare benefits to those participants who, in accordance with Article 4 of the Retirement Plan for Employees of the Greater Orlando Aviation Authority and Article 5 of the Greater Orlando Aviation Authority Defined Contribution Retirement Plan, retire at a participant's normal retirement date or early retirement date and who receive pension benefits immediately upon termination. The Authority's actuary issues an actuarial report that includes required supplementary information for GOAAHP, which may be obtained by writing to Greater Orlando Aviation Authority, One Jeff Fuqua Boulevard, Orlando, Florida 32827, Attention: Human Resources.

Funding Policy and Annual Cost: The Authority establishes and amends benefit provisions and contribution obligations. The Authority provides medical, dental, and vision coverage at no cost to employees who retired prior to August 2, 1997.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

For employees that retire after August 2, 1997 and employees hired prior to October 1, 2006, eligibility for retirement healthcare benefits will be determined by the years of credited service, and whether the employee immediately begins to receive pension benefits. Employees who do not elect to receive pension benefits immediately upon termination of employment forfeit eligibility for any healthcare coverage under this policy. The Authority's premium contribution for employees retiring after August 2, 1997 and for employees hired prior to October 1, 2006 is as follows:

<u>Credited Service</u>	<u>Contribution</u>
20 or more years	100%
15 but less than 20 years	75%
10 but less than 15 years	50%
Less than 10 years	0%

The premiums for employees hired on or after October 1, 2006, will be paid by the employee at 100%. Dependent coverage is available at the retiree's expense provided the retiree is eligible to receive health benefits under this policy. The Authority is not required to fund the GOAAHP. However, on September 30, 2011, the Authority funded its OPEB obligation to a qualifying, irrevocable trust in the amount of \$26.3 million. The annual contribution of the employer, an amount actuarially determined in accordance with GASB, represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a closed twenty year period.

As of September 30, 2023, the measurement date, a fiscal year behind of the Authority, the following employees were covered by the benefit terms:

Inactive Plan Members, Covered Spouses, or Beneficiaries currently Receiving Benefits	428
Inactive Plan Members Entitled to But Not Yet Receiving Benefits	-
Active Plan Members	814
Total employees covered	<u>1,242</u>

Net OPEB Liability (Asset): The Authority's net OPEB Liability (Asset) was measured as of September 30, 2023, and the total OPEB liability (asset) used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of that date.

Actuarial Assumptions: The total OPEB liability (asset) was determined by an actuarial valuation as of October 1, 2022 updated to September 30, 2023 using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50%
Salary Increases	4.00%
Discount Rate	6.50%
Investment Rate of Return	6.50%
Health cost trend rates	4.00% - 7.25%

All mortality rates were based on the Pub-2010 mortality tables. All mortality rates are those outlined in Milliman's July 1, 2021 Florida Retirement System (FRS) valuation report with appropriate adjustments made based on plan demographics. All tables include fully generational adjustments for mortality improvements using gender-specific improvement scale MP-2018.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

9. POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (continued)

The long-term investment objective of the OPEB trust is the preservation of principal and to meet the actuarial return assumptions as revised with each annual actuarial report. The RBC shall review and monitor this rate upon receipt of the annual actuarial report. On an annual basis, the RBC shall determine the total expected annual rate of return for the current year. The RBC shall use this determination only to notify the Aviation Authority Board, the plan's sponsor, and the consulting actuary of material differences between the total expected annual rate of return and the actuarial assumed rate of return.

The long-term expected rate of return on OPEB Plan investments was determined using an evaluation process overseen by Mariner, investment advisor to the OPEB Trust. Mariner considered many factors, including but not limited to, the intellectual capital of its tenured professionals, long-term historic capital market returns, 10-15 year expected capital market return assumptions, as well as historical, current, and expected inflation data.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Domestic Equity	50%	7.50%
International Equity	15%	8.50%
Domestic Bonds	35%	2.50%
Total allocation	100%	

Discount Rate: The projection of cash flows used to determine the Discount Rate assumed that current Authority contributions will be made at the current contribution rate (100%). Based on this assumption, the OPEB Plans' Fiduciary Net Position was projected to provide all future benefit payments. Therefore, the single equivalent discount rate was set equal to the investment rate of return assumption, 6.50%.

Sensitivity of the Net OPEB Liability (Asset) to the changes in the Discount Rate: The following presents the Net OPEB Liability (Asset) of the Authority, as well as what the Authority's Net OPEB Liability (Asset) would be if it were calculated using a discount rate that is one percentage-point lower or one percentage-point higher than the current discount rate (in thousands):

Net OPEB Liability (Asset)			
	1% Decrease 5.50%	Current Discount Rate 6.50%	1% Increase 7.50%

	<u>\$ 11,607</u>	<u>\$ 9,324</u>

The required schedule of contributions and changes in Net OPEB Liability (Asset) and related ratios is presented as required supplementary information immediately following the notes to the financial statements.

10. RISK MANAGEMENT – WORKER'S COMPENSATION

Effective October 1, 2000, the Authority became self-insured for workers compensation and employer's liability insurance, and currently has a self-insured retention of \$200,000 per occurrence. The Authority purchases excess coverage for workers compensation and employer's liability claims to provide stop loss coverage for claims in excess of \$200,000 per occurrence with limits that are consistent with statutory requirements. The Authority uses a third party administrator to provide claims administration and associated reporting services. The Authority records workers compensation liabilities when it is probable that a loss occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for the claims that have been incurred but not reported (IBNR). The Authority includes liabilities for unpaid claims at year-end in accrued expenses as current liabilities.

The Authority has a third party actuary perform a review of claim history for all claim years in which open claims are outstanding. The actuary projects the ultimate claim payment obligation (including IBNR) for each year's claim experience. The Authority recorded this estimate as a liability. No settlements exceeded excess insurance coverage in the past three years.

	2025	\$ 15,516
	2026**	57,476
Total Lines of Credit		<u>\$ 72,992</u>

**The Lines of Credit due in fiscal year 2026 include \$15.52 million in principal due on the 2024 Term Loan with Wells Fargo Bank, as well as \$41.96 million which are excluded from current liabilities, as these can be repaid with other long-term credit lines. Additionally, it is the Authority's intention to repay the \$41.96 million with proceeds from the Series 2024 Bonds, see Note 23 for additional information.

Airport Facilities Revenue Bonds

The Authority issues Airport Facilities Revenue Bonds under and pursuant to the Amended and Restated Airport Facilities Revenue Bond Resolution, authorizing Airport Facilities Revenue Bonds of the City of Orlando, Florida adopted by the governing board of the Authority, on September 16, 2015, having an effective date of May 1, 2017 (the "Bond Resolution"). As of September 30, 2024, the Authority has outstanding \$2.8 billion in Airport Facilities Revenue Bonds issued from 2010 to 2022, and payable through October 1, 2055. Proceeds from the Airport Facilities Revenue Bonds provided financing for various airport capital projects and refunding for previously issued debt.

The Airport Facilities Revenue Bonds are secured by a senior lien on and pledge of airport revenues, net of specified operating expenses, along with certain other revenues to the extent they are expressly pledged by the Authority (e.g. Available PFC Revenues). The Authority has agreed to maintain rates and charges each year to provide (i) Net Revenues plus any Transfers (each as defined in the Bond Resolution), equal to at least 1.25 times the sum of the aggregate debt service on all outstanding senior lien Airport Facilities Revenue Bonds each fiscal year, and (ii) Net Revenues plus any Transfers and Subordinated Pledged Revenues (as defined in the Bond Resolution), equal to at least 1.00 time on all debt outstanding under the Bond Resolution.

Events of default for bonds issued under the Bond Resolution include nonpayment events, bankruptcy events, and noncompliance with covenants. No assets have been pledged as collateral and no rights of acceleration exist under the Bond Resolution. In the event of default, the Authority shall, if demanded by the trustee, account for all Revenues, moneys, securities, and funds pledged by the Resolution, pay over to the Trustee all moneys, securities and Funds held in any Fund or account under the Resolution and, as received, all Revenues which the Trustee shall first apply to Operation and Maintenance expenses, including payment of reasonable charges of expenses of the Trustee and reasonable fees and disbursements to counsel, and then to payment of interest and principal and redemption price due on the bonds in order of priority.

Total principal and interest remaining on the Airport Facilities Revenue Bonds as of September 30, 2024, is \$4.4 billion with annual requirements ranging from \$176.8 million due in the fiscal year 2025 to \$20.4 million in the final year, with the highest requirement of \$176.8 million in the fiscal year 2025. For the twelve-months, ended September 30, 2024, principal and interest requirements were \$179.3 million. The revenues pledged for the year were \$525.7 million. This represents \$448.2 million in Net Revenues as calculated per the Bond Resolution, and \$117.5 million of Available PFC Revenues as a direct offset of PFC debt service as authorized under the Bond Resolution.

Senior Lien Bonds:

\$79,705,000 Airport Facilities Revenue Bonds, Series 2010A (NON-AMT) (PFC supported), dated April 15, 2010, of which \$26,885,000 Serial Bonds due October 1 of each year beginning in 2014 through 2025; \$25,515,000 in Term Bonds due October 1, 2032; and \$27,305,000 in Term Bonds due October 1, 2039. Coupon interest rate range from 4.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, respectively, the unamortized premium is \$0 and \$247,000. On August 27, 2021, \$15,160,000 of the Series 2010A bonds were defeased. The Airport Facilities Revenue Bonds, Series 2010A were defeased as of December 20, 2023.

\$214,450,000 Airport Facilities Revenue Bonds, Series 2015A (AMT)(PFC supported), dated October 20, 2015, of which \$106,170,000 Serial Bonds due October 1 of each year beginning in 2016 through 2035; \$20,000,000 and \$27,880,000 Term Bonds due October 1, 2040 and \$60,400,000 Term Bond due October 1, 2045. Coupon interest rate range from 2.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, the unamortized premium is 8,634,000 and \$9,297,000 respectively.

\$80,200,000 Airport Facilities Revenue Bonds, Series 2016A (AMT), dated October 13, 2016, of which \$56,495,000 of Serial Bonds due October 1 of each year beginning in 2019 through 2041; and \$23,705,000 of Term Bonds due October 1, 2046. Coupon interest rate at 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, the unamortized premium is \$0 and \$8,417,000, respectively. On April 11, 2024 the Airport Facilities Revenue Bonds, Series 2016A was defeased with an advanced refunding through a fixed rate term-loan with Wells Fargo.

\$101,570,000 Airport Facilities Revenue Bonds, Series 2016B (NON-AMT)(PFC supported), dated October 13, 2016, of which \$54,890,000 of Serial Bonds due October 1 of each year beginning in 2017 through 2037; \$2,500,000 and \$6,205,000 of Term Bonds due October 1, 2039, \$14,705,000 due October 1, 2042; and \$23,270,000 due October 1, 2046. Coupon interest rate range from 3.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, the unamortized premium of \$11,415,000 and \$13,429,000, respectively. On April 11, 2024, \$7,600.000 of the Series 2016B Bonds were defeased.

\$71,120,000 Airport Facilities Taxable Refunding Revenue Bonds, Series 2016C (PFC supported), dated October 13, 2016, of which \$50,290,000 of Serial Bonds are due October 1 of each year beginning in 2017 through 2036; and \$20,830,000 in Term Bond due October 1, 2039. Coupon interest rate range from 1.07% to 3.59% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$63,065,000 of the outstanding Airport Facilities Revenue Bonds, Series 2009C.

\$1,135,370,000 Airport Facilities Revenue Bonds, Series 2019A (AMT) (PFC supported), dated October 3, 2019, of which a portion is due October 1 of each year beginning in 2020 through 2054. Coupon interest rates range from 3.25% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, the unamortized premium is \$138,464,000 and \$148,139,000, respectively.

\$183,100,000 Airport Facilities Revenue Bonds, Series 2022A (AMT)(PFC supported), dated February 22, 2022, of which \$90,875,000 in Serial Bonds is due October 1 of each year beginning in 2023 through 2042; \$29,985,000 in Term Bonds is due October 1 of each year beginning in 2043 through 2046; \$62,240,000 in Term Bonds is due October 1 of each year beginning 2047 through 2052. Coupon interest rates range from 4.00% to 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, the unamortized premium is \$24,236,000 and \$25,676,000, respectively.

\$64,050,000 Airport Facilities Revenue Bonds, Series 2022B (Taxable), dated February 22, 2022, of which \$40,095,000 in Serial Bonds is due October 1 of 2029 through 2030; \$23,955,000 in Term Bonds is due October 1 beginning 2047 through 2051. Coupon interest rates range from 2.65% to 3.60% due semi-annually on April 1 and October 1.

\$8,665,000 Airport Facilities Refunding Revenue Bonds, Series 2022C (AMT)(PFC supported), dated February 22, 2022, of which a portion is due October 1 of each year beginning in 2023 through 2028. Coupon interest rate is 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, respectively, the unamortized premium is \$511,000 and \$755,000. These bonds, along with Authority funds, refunded \$9,805,000 of the outstanding Airport Facilities Refunding Revenue Bonds, Series 2011B.

\$19,735,000 Airport Facilities Refunding Revenue Bonds, Series 2022D (NON-AMT)(PFC supported), dated February 22, 2022, of which a portion is due October 1 of each year beginning in 2023 through 2032. Coupon interest rate is 5.00% due semi-annually on April 1 and October 1. As of September 30, 2024 and 2023, the unamortized premium is \$3,412,000 and \$3,677,000, respectively. These bonds, along with Authority funds, refunded \$23,665,000 of the outstanding Airport Facilities Refunding Revenue Bonds, Series 2011B.

\$11,490,000 Airport Facilities Refunding Revenue Bonds, Series 2022E (Taxable)(PFC supported), dated February 22, 2022, of which a portion is due October 1 of each year beginning in 2024 through 2032. Coupon interest rates range from 1.48% to 2.90% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$1,770,000 of the outstanding Airport Facilities Refunding Revenue Bonds, Series 2011D and \$9,380,000 of the outstanding Airport Facilities Refunding Revenue Bonds, Series 2012A.

Direct Placement

\$75,000,000 Airport Facilities Taxable Refunding Revenue Bonds, Series 2016D, dated December 19, 2016, of which a portion is due October 1 of each year beginning in 2017 through 2023. Coupon interest rate at 2.26% due semi-annually on April 1 and October 1. These bonds, along with Authority funds, refunded \$72,345,000 of the outstanding Airport Facilities Refunding Revenue Bonds, 2007A. As of October 1, 2023 the Series 2016D was fully paid off.

Priority Subordinated Indebtedness

The Bond Resolution authorizes the Authority to issue Priority Subordinated Indebtedness and Secondary Subordinated Indebtedness. To date, the Authority has issued and has outstanding under the Amended and Restated Master Subordinated Indenture of Trust, dated as of July 1, 2016 (the "Master Subordinated Indenture") both Priority Subordinated Indebtedness and Secondary Subordinated Indebtedness. As of September 30, 2023, the Authority's outstanding Priority Subordinated Indebtedness is comprised of (i) the outstanding Priority Subordinated Airport Facilities Revenue Refunding Bonds, Series 2016A, 2017A.

Priority Subordinated Indebtedness is secured by a lien on and pledge of Pledged Subordinated Revenues (as defined in the Master Subordinated Indenture) that is subordinate to the pledge of senior lien Airport Facilities Revenue Bonds, and senior to the lien of Secondary Subordinated Indebtedness. The Authority has agreed to maintain rates and charges each year to provide (i) Net Revenues plus any Transfers (each as defined in the Bond Resolution), equal to at least 1.10 times the sum of the aggregate debt service on all aggregate annual subordinated debt each fiscal year, under the Bond Resolution.

Events of default for bonds issued under the Master Subordinated Indenture include nonpayment events, bankruptcy events, and noncompliance with covenants. No assets have been pledged as collateral and no rights of acceleration exist under the Master Subordinated Indenture.

FDOT Indebtedness:

On November 5, 2014, the Authority entered into a Joint Participation Agreement (JPA), as amended between the Authority and the Florida Department of Transportation (FDOT), under which FDOT, combined with other FDOT grants will provide total funding of approximately \$211.0 million of funds, of which the Authority is required to reimburse FDOT for \$52.7 million of the funds provided by FDOT under the JPA, and the balance will be a grant. The proceeds of the loan will be used to pay for portions of the Intermodal Terminal Facility (ITF) that are related to the construction of the passenger rail terminal being developed as part of the ITF adjacent to the Automated People Mover system. Under the JPA, the Authority is obligated to repay the FDOT Loan with no interest commencing January 30, 2020 through 2039. On December 30, 2020, the Florida Department of Transportation (FDOT) executed an amendment agreeing to defer the principal payments due on the FDOT loan for fiscal years 2021 and 2022 as a result of the effects of the COVID-19 pandemic. The final payment was extended to January 30, 2039 due to the two year deferral. The FDOT loan was paid off as of May 12, 2023. As of September 30, 2024 and 2023, the Authority had an outstanding balance of \$0.

Lines of Credit:

On July 29, 2022, the Authority amended the revolving credit agreement with Wells Fargo Bank, N.A. to provide the Authority with a \$275.0 million line of credit, previously under two separate agreements. This agreement terminated on April 4, 2024. Annual fees for the unused portion of the line of credit were 20 basis points, subject to the maintenance of the current Authority rating, multiplied by the daily authorized amount less the average daily balance of the principal amount of all outstanding advances for the preceding three months; payable on October 1, 2022, and thereafter, quarterly on the first day of each January, April, July, and October. In the event of a change in the Authority's rating, the unused fee rate would equal the number of basis points set forth in the level associated with the Authority rating. Once the loan was utilized at 50%, no unutilized fees were charged. Draw fees were payable monthly, with taxable draws calculated based on the Daily Simple SOFR plus the applicable spread; previously 62 basis points. Fees for tax-exempt draws were calculated at 80% of the Daily Simple SOFR plus the applicable spread; previously 29 basis points. Upon termination, the Authority had no outstanding balance on this agreement. On September 30, 2023, the Authority had drawn \$9.4 million on this line of credit. Upon termination, there ceased to be any unused portion of this line credit. On September 30, 2023, the unused portion of this line of credit was \$265.6 million.

On April 4, 2024, the Authority entered into a new revolving credit agreement with Wells Fargo Bank, N.A. to provide the Authority with a \$275.0 million line of credit. The term of the line of credit expires on March 31, 2026. Annual fees for the unused portion of the line of credit are 20 basis points, subject to the maintenance of the current Authority rating, multiplied by the daily authorized amount less the average daily balance of the principal amount of all outstanding advances for the preceding three months; payable on July 1, 2024, and thereafter, quarterly on the first day of each January, April, July, and October. In the event of a change in the Authority's rating, the unused fee rate shall equal the number of basis points set forth in the level associated with the Authority rating. Draw fees are payable monthly, with taxable draws calculated based on the Daily Simple SOFR plus the applicable spread; currently 67 basis points. Fees for tax-exempt draws are calculated 79% of the Daily Simple SOFR plus the applicable spread; currently 45 basis points. Fees for term-loan draws are calculated at a set fixed rate, 5.93%, based on market conditions at the time. As of September 30, 2024, the Authority has drawn \$43.3 million on this line of credit. Of this amount, \$31.0 million is attributable to fixed rate term-loan draws. As of September 30, 2024, the unused portion of this line of credit was \$231.7 million.

In the event of a default for the 2024 Wells Fargo Bank, N.A., the line of credit shall bear interest at a fluctuating rate of interest per annum equal to the greatest of (1) the Prime Rate in effect at such time plus four percent (4.0%), (2) the Federal Funds Rate in effect at such time plus five percent (5.0%), and (3) ten percent (10.0%) (the "Default Rate"). Once such default is cured to the reasonable satisfaction of the bank, this line of credit shall bear interest at the rate otherwise payable. The default rate shall also apply from acceleration until the amounts payable hereunder or any judgment thereon is paid in full.

On April 18, 2024, the Authority amended the revolving credit agreement with Bank of America, N.A. to provide the Authority with a \$275.0 million line of credit. The term of the line of credit expires on July 31, 2026. Through July 31, 2024, annual fees for the unused portion of the line of credit are 20 basis points, subject to the maintenance of the current Authority rating, multiplied by the daily authorized amount less the average daily balance of the principal amount of all outstanding advances for the preceding three months; payable on October 1, 2022, and thereafter, semiannually on the first day of each April and October. In the event of a change in the Authority's rating, the unused fee rate shall equal the number of basis points set forth in the level associated with the Authority rating. Once the loan is utilized at 50%, no unutilized fees are charged. Draw fees are payable monthly, with taxable draws calculated based on the BSBY Daily Floating Rate plus 62 basis points. Fees for tax-exempt draws are calculated at each SIFMA accrual period at the SIFMA index rate plus 29 basis points. Effective July 31, 2024, annual fees for the unused portion of the line of credit are 20 basis

points, subject to the maintenance of the current Authority rating, multiplied by the daily authorized amount less the average daily balance of the principal amount of all outstanding advances for the preceding three months; payable on October 1, 2024, and thereafter, semiannually on the first day of each April and October. In the event of a change in the Authority's rating, the unused fee rate shall equal the number of basis points set forth in the level associated with the Authority rating. Draw fees are payable monthly, with taxable draws calculated based on the SOFR plus the applicable spread; currently 67 basis points. Fees for tax-exempt draws are calculated 79% of SOFR with a SOFR adjustment of 10 bps plus the applicable spread; currently 35 basis points. As of September 30, 2024, and September 30, 2023, the Authority has drawn \$29.7 million and \$7.0 million, respectively, on this line of credit. As of September 30, 2024, and September 30, 2023, the unused portion of this line of credit was \$245.3 million and \$268.0 million, respectively.

In the event of a default for the 2019 Bank of America, N.A., the line of credit shall bear interest at a rate per annum equal to three percent (3%) plus the greatest of (1) the U.S. prime rate of interest published in the "Money Rates" section of the Wall Street Journal for the last day of the calendar month immediately preceding the calendar month in which the default occurred; (2) the Tax-Exempt Rate; or (3) the Federal Funds Rate published by the U.S. Federal Reserve Bank for the last day of the calendar month immediately preceding the calendar month in which the Default occurred plus fifty (50) basis points (0.50%). Once such default is cured to the reasonable satisfaction of the bank, this line of credit shall bear interest at the rate otherwise payable. The default rate shall also apply from acceleration until the amounts payable hereunder or any judgment thereon is paid in full.

On April 18, 2024, the Authority amended the revolving credit agreement with Bank of America, N.A. to provide the Authority with a \$275.0 million line of credit. The term of the line of credit expires on July 31, 2026. Special Purpose Facilities Bonds:

Direct Placement

Customer Facility Charge Taxable Revenue Note:

The Authority authorized the \$160,000,000 Taxable Revenue Note (CFC Ground Transportation Project) Series 2018, dated March 29, 2018 (the "Series 2018 Note"), of which a portion is due April 1 and October 1 of each year beginning in 2020 through 2027. The coupon interest rate is 3.48% due semi-annually on April 1 and October 1. Total principal and interest remaining on the note as of September 30, 2024 is \$73.3 million. For the 12 months, ended September 30, 2024, principal and interest requirements were \$24.4 million. As of September 30, 2024 and 2023, respectively, the outstanding balance is \$69,004,229 and \$90,463,512.

The repayment of the Series 2018 Note is payable solely from customer facility charges revenue. Proceeds from the Series 2018 Note provided financing for the purpose of paying or reimbursing the Authority for a portion of the costs and expenses of financing, designing, constructing, operating, relocating and maintaining the CFC Ground Transportation Project, funding all or a portion of the CFC Stabilization Fund Requirement, and certain costs of issuance. Any bonds issued pursuant to the CFC Indenture including the Series 2018 Note are not issued under, and are not subject to the Bond Resolution, and are not secured by the Revenues as defined by the Bond Resolution.

In the event of default, the applicable default rate shall apply to the outstanding principal balance of the note and any additional bonds or refunding bonds for which a default rate is provided, until the event of default no longer exists. No assets have been pledged as collateral and no rights of acceleration exist for this issue.

Lease Obligation:

The Aviation Authority agreed to build, and the Orlando Utilities Commission (OUC) agreed to finance, operate and maintain a central energy plant ("CEP") and an emergency power generation and 12kV distribution facility ("EPG") for the South Terminal Complex ("STC"). OUC agreed to staff the CEP with OUC personnel, including onsite personnel for management and provision of emergency response for the EPG. OUC also agreed to construct, operate and maintain a solar energy facility (collectively with the CEP and the EPG, the "OUC Projects"). Pursuant to the terms of the Global Agreement, OUC will timely transfer ownership of the OUC Projects to the Authority at the end of the agreement term. The financial obligations of the Authority, which include repayment of capital and charges for ongoing maintenance pursuant to the Global Agreement, became effective upon the Turnover Date. Amendment Number 2 to the Global Agreement between the Authority and OUC dated October 20, 2022 ("Amendment No. 2") closed on November 3, 2022. The Authority received a \$52,276,047 upfront payment in exchange for granting OUC the right to finance, operate and maintain the equipment. The Authority will repay OUC in monthly installments at 6.5% interest over 20 years. See note 13 for additional information.

The lease liability recorded under the agreement as of September 30, 2024 and September 30, 2023, was \$52.2 million and \$53.7, respectively.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

11. LONG-TERM LIABILITIES (continued)

The future principal and interest payments for lease liabilities as of September 30, 2024 are as follows:

	Principal	Interest	Total Future Lease Payments
2025	\$ 1,570	\$ 3,350	\$ 4,920
2026	1,675	3,245	4,920
2027	1,787	3,132	4,919
2028	1,907	3,013	4,920
2029	2,034	2,885	4,919
2030-2034	12,406	12,190	24,596
2035-2039	17,156	7,441	24,597
2040-2043	13,710	1,457	15,167
Total future payments	<u>\$ 52,245</u>	<u>\$ 36,713</u>	<u>\$ 88,958</u>

12. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS

The Authority entered Subscription-Based Information Technology Arrangements (SBITA) that allow the right to use and control a vendor's software, alone or in combination with other assets, the terms of which expire through 2029. These arrangements provide access to airline common use systems, accounts receivable software, public warning platforms, and project management software. The leased assets include access to a third party's proprietary software. The measurement of the subscription liabilities is based on the present value of lease payments expected to be paid during the subscription term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, and residual value guarantee payments that are fixed in substance. A summary of September 30, is as follows (in thousands):

	2024	2023
Subscription Asset	\$ 7,095	\$ 6,003
Accumulated Amortization	<u>(3,794)</u>	<u>(3,899)</u>
Net Subscription Asset	<u>\$ 3,301</u>	<u>\$ 2,104</u>

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

12. SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS
(continued)

The interest rates ranged from 3.2328 to 3.2770 percent and were used to measure subscription payables. Subscription liabilities recorded under subscription contracts as of September 30, 2024, and 2023, were \$2.7 million and \$1.4 million, respectively. The following is a schedule by years of future principal and interest payment requirements related to the Authority's subscription liability as of September 30, 2024 (in thousands):

	<u>Principal</u>	<u>Interest</u>	<u>Total Future Minimum Lease Payments</u>
2025	\$ 1,253	\$ 86	\$ 1,339
2026	960	46	1,006
2027	424	15	439
2028	45	2	47
Total future minimum payments	<u>\$ 2,682</u>	<u>\$ 149</u>	<u>\$ 2,831</u>

13. ORLANDO UTILITY COMMISSION (OUC) AGREEMENT

On September 22, 2017, the Aviation Authority, and OUC entered an Interlocal Agreement. Pursuant to the Interlocal Agreement, the Aviation Authority was to identify projects that could expand the then-current utility partnership beyond the traditional power and water services. The Terminal C projects identified for consideration in the OUC/Aviation Authority partnership include the construction, operation, and maintenance for portions of the:

- 28 MW Backup Generation Plant and 12KV Emergency Distribution.
- 8,790 Ton Central Energy Plant (CEP).
- Sustainability Initiatives (solar energy facility).

On October 10, 2018, the Aviation Authority Board approved a Letter of Intent ("LOI") between the Aviation Authority and OUC to negotiate a series of agreements to be presented to the Boards of both entities for approval as a comprehensive transaction structure. With the authorization from the Aviation Authority Board, the Aviation Authority staff, consultants, and legal counsel entered negotiations with OUC, resulting in the Global Agreement, to effectuate the intent of the LOI.

The Aviation Authority funded the engineering, procurement, and construction of the Backup Generation Facility and the Central Energy Plant. OUC designed, engineered, permitted, and constructed the 12 kV electrical distribution system and solar energy facilities at MCO. The cost of the projects was approximately \$54 million, inclusive of OUC's capital improvement fund in the amount of \$2.7 million, any portion of which not expended during the term of the agreement will be returned to the Aviation Authority. Additionally, OUC has waived the system development and connection (SDC) charges up to \$4 million. The SDC charge is an impact fee for all users of the system to cover necessary improvements over the entire system necessitated by the new service. The term of the agreement is twenty (20) years.

In addition to this being a 20-year agreement to provide reliable and sustainable energy services to the Aviation Authority, this is a financing transaction (treated as a lease under GASB 87). OUC purchased the right to operate the equipment from the Aviation Authority that is used to provide chilled water and backup emergency power distribution to Terminal C over a 20-year term. OUC has paid the Aviation Authority \$54 million at the "Turnover Date", November 3, 2022. On that date OUC acquired the right and obligation to maintain the equipment, risk of loss and risk of maintaining the equipment over the 20-year term. The Aviation Authority used those proceeds to repay a portion of a Line of Credit that had been used to finance the construction of these facilities on an interim basis.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

13. ORLANDO UTILITY COMMISSION (OUC) AGREEMENT (continued)

The Aviation Authority will compensate OUC for these services through a series of charges:

- A Capital charge, \$409,940, which is a fixed monthly charge that recovers the cost for the right to use and obligation to maintain the equipment.
- A Capacity charge, which pays for the actual maintenance of the equipment and the labor for operations of the facility. This charge is based on the tons of chilled water in the case of the CEP or Kilowatt hours in the case of the EPG that the facility can produce times the base rate, adjusted by a % of consumer price index (CPI).

All payments to OUC are subordinate to all Aviation Authority Operating and Maintenance Expense payments as well as all debt service payments regardless of lien status.

14. CONDUIT DEBT OBLIGATIONS

As of September 30, 2024 and 2023, the Authority has outstanding the following series of conduit debt obligations (in thousands):

	<u>2024</u>	<u>2023</u>
Special Purpose Facilities Revenue Bonds issued to provide for the acquisition, construction and equipping of a corporate training facility and an aircraft maintenance hangar facility; payable solely from a pledge of lease payments to be received from the lease agreement and secured by the Leasehold Mortgage. The Bonds are scheduled to mature November 15, 2026 (\$12,665) and November 15, 2036 (\$29,655).	\$ 42,320	\$ 42,320

These bonds are special limited obligations of the Authority, payable as described above. The bonds do not constitute a debt, liability or obligation of the Authority, the City of Orlando, or the State of Florida or any political subdivisions thereof and accordingly have not been reported in the accompanying financial statements.

15. DEFERRED AMOUNT ON REFUNDING OF BONDS

On April 11, 2024, the Authority made a fixed rate term loan draw on its revolving credit agreement with Wells Fargo Bank for \$57.7 million at a fixed rate of 5.93%. From the \$57.7 million draw and the \$4.1 million of Authority funds, \$61.8 million was deposited into the Bank of New York Mellon escrow account to refund the outstanding \$60.8 million of Airport Facilities Refunding Revenue Bonds, Series 2016A and pay associated interest of \$1.0 million. The average life of the term loan is 1.047 years. As a result of the refunding, the total debt service savings is \$43.1 million over the life of the bonds. The net present value loss is \$6.4 million due to the acceleration of repayment.

On April 11, 2024, the Authority made a term loan draw on its revolving credit agreement with Wells Fargo Bank for \$4.4 million at a fixed rate of 5.93%. From the \$4.4 million draw and the \$3.4 million of Authority funds, \$7.8 million was deposited into the Bank of New York Mellon escrow account to refund \$7.6 million of the outstanding amount of Airport Facilities Refunding Revenue Bonds, Series 2016B and pay associated interest of \$0.2 million. The average life of the term loan is 1.721 years. As a result of the refunding, the total debt service savings is \$4.5 million over the life of the bonds. The net present value loss is \$0.9 million due to the acceleration of repayment.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

15. DEFERRED AMOUNT ON REFUNDING OF BONDS (continued)

At September 30, 2024 and 2023, the Authority reported long-term debt deferred loss (gain) from the following bonds (in thousands):

	2024	2023
Long Term Debt Deferred Loss (Gain):		
Series 2016A	\$ (4,112)	\$ -
Series 2016B	(660)	-
Series 2016C	3,873	4,315
Total Long Term Debt Net Deferred Loss (Gain)	<u>\$ (899)</u>	<u>\$ 4,315</u>

16. BOND ISSUANCE (OTHER THAN REFUNDING ISSUES)

The Authority did not issue bonds for purposes other than refunding issues during the fiscal years ended September 30, 2024 and September 30, 2023.

17. DEFERRED OUTFLOWS AND INFLOWS OF RESOURCES

In addition to assets and liabilities, the Authority separately reports deferred outflows of resources and deferred inflows of resources, respectively. Deferred outflows of resources represent consumption of net position that is applicable to a future reporting period. Deferred outflows has a positive effect on net position, similar to assets. Deferred inflows of resources represents an acquisition of net position that is applicable to a future reporting period. Deferred inflows has a negative effect on net position, similar to liabilities.

At September 30, 2024, the Authority reported deferred outflows of resources and deferred inflows of resources from the following (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
GOAA Defined Benefit Pension Plan	\$ 13,437	\$ -
Florida Retirement System Defined Benefit Plan	6,485	2,186
Florida Retirement System Health Insurance Subsidy Plan	353	463
Other Post-Employment Benefits	7,851	11,098
Long Term Debt Deferred Loss	3,873	4,772
Leases	-	1,137,421
Total Deferred Outflows and Inflows of Resources	<u>\$ 31,999</u>	<u>\$ 1,155,940</u>

At September 30, 2023, the Authority reported deferred outflows of resources and deferred inflows of resources from the following (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
GOAA Defined Benefit Pension Plan	\$ 22,983	\$ -
Florida Retirement System Defined Benefit Plan	4,980	1,611
Florida Retirement System Health Insurance Subsidy Plan	452	406
Other Post-Employment Benefits	11,607	9,324
Long Term Debt Deferred Loss	4,315	-
Leases	-	1,255,351
Total Deferred Outflows and Inflows of Resources	<u>\$ 44,337</u>	<u>\$ 1,266,692</u>

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

18. CAPITAL CONTRIBUTIONS

Grants and other contributions used to acquire capital assets are classified as capital contributions in the Statements of Revenues, Expenses, and Changes in Net Position. Capital contributions consisted of the following at September 30, 2024 and 2023 (in thousands):

	2024	2023
Federal Grants	\$ 137,565	\$ 47,196
State of Florida Grants/Other Grants	40,131	8,692
Total Capital Contributions	<u>\$ 177,696</u>	<u>\$ 55,888</u>

19. AIRLINE RATES BY RESOLUTION

Effective November 1, 2013, the Authority began operating under a Resolution Relating to Airline Rates and Charges and Airline Operating Terms and Conditions For the Use Of Facilities And Services At Orlando International Airport, adopted by the Authority Board October 16, 2013 and amended and restated as of August 10, 2016 and subsequently amended and restated as of August 28, 2019 and September 18, 2024.

The Resolution, which has no expiration date, provides for a compensatory ratemaking methodology for use of the terminal facilities, including certain activity based charges for use of the baggage system, and a residual ratemaking methodology to establish landing fees for the use of the airfield. Any airline may commit to use certain terminal space on an exclusive or preferential basis and, as a result, pay a fixed monthly charge for such space. Otherwise, airlines pay for terminal space assigned by the Authority on a per use basis.

Effective October 1, 2019 the Authority entered into a five year Rate and Revenue Sharing agreement, whereby the airline affirmatively agreed to the Resolution and the rate-setting methodology therein and further agreed not to challenge the rates and charges calculated under the Resolution's rate-setting methodology through any judicial or regulatory process throughout the term of the agreement which expired on September 30, 2024. Airlines that sign and comply with the terms of a Rate Agreement with the Authority are entitled to share in certain revenues remaining after the payment of all Authority debt service and operating expenses, including fund deposit requirements ("Net Remaining Revenue"). For this agreement the Authority receives the first \$55 million of Net Remaining Revenues for all five years, with participating airlines sharing in a pool of the next \$10 million of all Net Remaining Revenues. Net Remaining Revenues after the first \$65 million, will be split 50/50 between the Authority and the participating airlines.

Effective October 1, 2024, the Authority entered into a new Rate and Revenue Sharing Agreement that expires on September 30, 2026. For additional information, see subsequent events.

20. OUTSTANDING CONTRACTS

As of September 30, 2024, the Authority had entered into construction contracts totaling approximately \$4.4 billion for construction, engineering services and equipment, approximately \$0.6 billion of which remains unincurred. Grants, passenger facility charges and customer facility charges will be utilized to fund a portion of these projects.

21. COMMITMENTS AND CONTINGENCIES

Grants: The Authority receives grants from federal and state assistance programs. Amounts received or receivable under these programs are subject to audit and adjustment. The amount, if any, of disallowed claims, including amounts already collected, cannot be determined at this time, although the Authority expects such amounts, if any, to be immaterial.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

21. COMMITMENTS AND CONTINGENCIES (continued)

City of Orlando: The Operation and Use Agreement with the City of Orlando (Note 2) provided for certain future payments by the Authority to the City of Orlando in the amount of \$2.0 million in total plus 6% interest. The Agreement provides that all principal payments will be deferred and interest payments will be abated during the full term of airport revenue bonds issued for the construction of major new terminal facilities, runways or appurtenances at Orlando International Airport. It is improbable that this liability and related interest will be paid since the term of the revenue bonds issued for such items and the outstanding revenue bonds balance will extend beyond the terms of the Agreement. As of September 30, 2024, this contingent liability of the Authority amounted to approximately \$1.7 million.

Wetland Mitigation: Pursuant to environmental permits issued by the U. S. Army Corps of Engineers, the Florida Department of Environmental Protection and the South Florida Water Management District (collectively, the Environmental Agencies), the Authority has been required to provide mitigation for impacts which Authority projects had on existing wetlands. Wetland mitigation includes the preservation of both upland and wetland land in their natural state, the enhancement of existing wetlands, and the creation of new wetland areas. Wetland mitigation may also include funding the acquisition of environmentally sensitive lands by third parties.

The Authority has completed the wetland mitigation activities for mitigation enhancements projects at the site of the Disney Wilderness Preserve and Heintzelman Boulevard Extension. The mitigation was for wetland impacts to areas associated with the future South Terminal and Fourth Runway and related development areas. The mandated agency success criteria has been achieved and long-term maintenance endowments have been fully funded. In 2011, the Authority completed the purchase of approximately \$11.5 million in mitigation credits from approved mitigation banks to offset proposed impacts to the East Airfield development area. On May 21, 2018, the Authority purchased \$195,000 in mitigation credits from approved mitigation banks to offset proposed impacts to the Heintzelman Boulevard Extension. Unlike the mitigation projects discussed previously, such purchases satisfy permit requirements and do not require ongoing endowments. The mitigation banks assume the full responsibility to complete the off-site mitigation improvements. No such purchases have been made since 2019.

Construction Disputes: The Aviation Authority is not aware of any current dispute arising from the construction improvements in which the contractors involved may seek additional compensation.

Concentration of Revenues: The Authority leases facilities to the airlines pursuant to the Resolution (see Note 19) and to other businesses to operate concessions at the Authority. For fiscal years ended September 30, 2024 and 2023, revenues realized from the following sources exceeded 5% of the Authority's total operating revenues:

	2024	2023
Southwest Airlines Co.	8.30 %	7.58 %
Spirit Airlines	5.52	5.82
Enterprise Leasing Co of Orlando	5.25	5.81
JetBlue Airways Corp.	5.13	5.24
Delta Air Lines	5.10	4.95

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

22. ENVIRONMENTAL LIABILITIES

The Authority has certain polluted sites primarily from chemical and fuel spills, asbestos, and former landfills whereas the Authority is named or will be named a responsible or potentially responsible party or where pollution remediation has already commenced with monitoring being completed as necessary. The Authority recorded a pollution remediation liability as of October 1, 2008, measured at \$4.1 million, using the expected cash flow technique. Under this technique, the Authority estimated a reasonable range of potential outlays and multiplied those outlays by their probability of occurring. This liability could change over time due to changes in costs of goods and services, changes in remediation technology, or changes in laws and regulations governing the remediation efforts. The possibility of recovery of some of these costs from outside governmental funding or other parties exists; however, the Authority only recognizes these recoveries in the financial statements as they become probable.

(Remainder of this page intentionally left blank)

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

22. ENVIRONMENTAL LIABILITIES (continued)

A summary of the changes in liability for the years ended September 30, 2024 and 2023, is as follows (in thousands):

	Balance October 1, 2023	Additions or Adjustments	Payments Current Year	Balance September 30, 2024
Pollution remediation liability	\$ 1,573	\$ 87	\$ (125)	\$ 1,535

Realized Recoveries (shown in Cash and Cash Equivalents)	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

The Authority has certain land sites that are being evaluated for potential remediation, in accordance with GASB 49, or are in the post-remediation stage with monitoring being completed as necessary.

Additionally, the Authority is involved in litigation for a polluted site from chemical and fuel spills on airport property. The liabilities associated with these sites are not reasonably estimable and, as such are not recorded in the financial statements.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED SEPTEMBER 30, 2024 AND 2023

23. SUBSEQUENT EVENTS

Airline Rate and Revenue Sharing Agreement

Effective October 1, 2024 the Authority entered into a two year Rate and Revenue Sharing agreement extension that expires on September 30, 2026. For this Extension Period, the Authority receives the first \$110 million of Net Remaining Revenues for both years, with participating airlines sharing in a pool of the next \$17 million of all Net Remaining Revenues and seventy five percent (75%) of the next portion of Remaining Revenues in a total amount equal to the amount of debt service coverage payments made by all Participating Airlines to the Authority in such Fiscal Year in connection with certain revenue activities, with the remaining amount of such next portion of Remaining Revenues being retained by the Authority, and then in both years, Fifty Percent (50%) of all Remaining Revenues thereafter.

Series 2024 Senior Bonds

On December 19, 2024, the Authority issued \$139.7 million in Airport Facilities Revenue Bonds, Series 2024 (AMT)(PFC supported) (the "Series 2024 Senior Bonds"). The Series 2024 Senior Bonds were issued for the purpose of providing funds to finance a portion of the costs associated with the 2024 Project (including but not limited to, all or a portion of the acquisition, design, construction and equipping of certain capital projects in the South Terminal Complex, certain capital projects in the North Terminal Complex, and other Airport facilities and associated infrastructure), pay the Wells Fargo and Bank of America line of credit draws and accrued interest totaling \$21.2 million used to finance costs for the 2024 Project, fund a deposit to the Composite Reserve Subaccount, and certain costs of issuance. The average life of the Series 2024 Senior Bonds is 15.37 years and the True Interest Cost is 4.30%.

Series 2024 Subordinated Bonds

On December 19, 2024, the Authority issued \$632.7 million in Priority Subordinated Airport Facilities Revenue Bonds, Series 2024 (AMT) (the "Series 2024 Subordinated Bonds"). The Series 2024 Subordinated Bonds were issued for the purpose of providing funds to finance a portion of the costs associated with the 2024 Project, pay the Wells Fargo and Bank of America line of credit draws and accrued interest totaling \$38.2 million used to finance costs for the 2024 Project, fund a deposit to the Pooled Subordinated Reserve Account, pay capitalized interest, and certain costs of issuance. The average life of the Series 2024 Subordinated Bonds is 17.32 years and the True Interest Cost is 4.39%.

Notes to Schedule

Valuation Date: 10/1/2022

Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry Age Normal

Actuarial Asset Method: All assets are valued at market value with an Adjustment made to uniformly spread actuarial investment gains and losses (as measured by actual market value investment return against expected market value investment return) over a five years period.

Mortality: Female: PubG.H-2010 (Above Median)
Male: PubG.H-2010 (Above Median), set back one year
Disabled: PubG.H-2010, set forward three years

Interest Rate: 6.75% per year compounded annually, net of investment related expenses.

Normal Retirement Age: Below are the rates assumed once the Member has attained normal retirement eligibility:

<u>Number of Years Following normal retirement Age</u>	<u>Age 65 with 7 Years Service</u>	<u>25 Years of Service</u>
0	20%	60%
1	20%	30%
2	20%	15%
3	20%	15%
4	20%	15%
5-9	10%	10%
10+	100%	100%

Early Retirement Age:

Below are the rates assumed once the Member has attained Early Retirement eligibility:

<u>Number of Years Following ER</u>	<u>Rate</u>
0	2.50%
1	2.50%
2	2.50%
3	5.00%
4	5.00%
5	5.00%
6	5.00%
7	10.00%
8	10.00%
9	10.00%

The assumed rates of early retirement were approved in conjunction with an actuarial experience study dated June 1, 2021.

Termination Rate:

<u>Service</u>	<u>Rate</u>
<15	0.0%
15-19	0.0%
20-24	0.0%

The assumed rates of termination were approved in conjunction with an actuarial experience study dated June 1, 2021.

Salary Increases:

4.00% per year until the assumed retirement age. This was approved in conjunction with an actuarial study dated June 1, 2021.

Marital Status:

100% of active members are assumed married. Additionally, males spouses are assumed to be three years older than female spouses.

Notes to Schedule

Valuation Date: 10/1/2022

Actuarially determined contribution rates shown above are calculated as of October 1, 2022 for the plan/fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Plan Fiscal Year End: 9/30/2024

Funding Method: Entry Age Cost Method (Level Percentage of Pay)

Actuarial Value of Assets: Market Value

Mortality Rate: Healthy Active Lives:
Female: PubG.H-2010 (Above Median) for Employees, with Generational Mortality Improvement Scale MP-2018
Male: PubG.H-2010 (Above Median) for Employees, set back one year, with Generational Mortality Improvement Scale MP-2018

Healthy Inactive Lives:
Female: PubG.H-2010 for Healthy Retirees, with Generational Mortality Improvement Scale MP-2018
Male: PubG.H-2010 for Healthy Retirees, set back one year, with Generational Mortality Improvement Scale MP 2018

Disabled Lives: PubG.H-2010 for Disabled Retirees, set forward three years, with Generational Mortality Improvement Scale MP-2018

White Collar with no set back, no projection scale.

Discount Rate: 6.50% per year

20 Years Municipal Bond Rate: N/A

Supplemental Schedules

Supplemental schedules, although not necessary for fair presentation of financial position and results of operations in conformity with Generally Accepted Accounting Principles:

1. Present the composition of individual accounts that are used for legal or management purposes and are consolidated for financial statement reporting purposes.
2. Provide a budget versus actual comparison for those accounts for which an annual budget is adopted.
3. Provide additional information.

GREATER ORLANDO AVIATION AUTHORITY 2023-2024 INSURANCE PROGRAM

The Authority has developed a risk management program in response to its exposure to risks related to torts; theft of, damage to, or destruction of assets; errors and omissions; employee workplace accidents or disease; and natural disasters. One mitigation strategy is the procurement of commercial insurance, which is summarized herein.

Property and liability insurance is renegotiated and renewed or replaced on May 1 of each calendar year.

Property Insurance

Owned property, not insured by others in compliance with their contractual obligations to the Authority, was insured by self-insured retention and Factory Mutual (FM) Insurance Company provided excess property coverage.

Property coverage was all perils protection with a maximum limit of \$500 million and included coverage for loss of business income from a covered property loss. Specific sub-limits applied to certain coverages, including \$300 million for damage caused by a named windstorm.

Various property carriers participate in providing builders' risk (BR) property insurance for new construction projects at Orlando International Airport, with the lead carrier being Liberty Mutual and other carriers from the Lloyds of London market.

Liability Insurance

For torts typically covered under General Liability and Auto Liability insurance, the Authority is afforded protection against losses consistent with the State of Florida sovereign immunity statute. These losses are capped at \$200,000 per person and \$300,000 per event. The Authority has elected to procure commercial insurance to respond to liabilities protected under sovereign immunity, along with any excess of the cap or any event not protected under sovereign immunity.

The Authority maintained airport liability insurance provided by ACE Property and Casualty Insurance Company.

A Public Entity Package, underwritten by Lloyds of London, covered the following liability coverages:

- Liability for the operation of all owned and non-owned automobiles while driven off airport property with a \$1 million combined single limit per occurrence including a \$25,000 self-insured retention. Excess coverage was provided by ACE Property and Casualty Insurance Company;
- Workers' compensation and employer's liability coverage with a \$200,000 limit for claims in excess of the \$200,000 self-insured retention per occurrence. Excess coverage is maintained with multiple carriers; and
- Public officials' liability, including employment practices liability.

Fiduciary liability coverage for the Authority's Retirement Benefits Committee was underwritten by Travelers Casualty and Surety Company.

Owner's protective professional insurance (OPPI) coverage for associated projects to Terminal C that is excess to design professional's insurance for first-party and third-party design errors and omissions, including latent defects, and excess to the professional liability policies of the contracted design professionals and certain contractors was provided by Lloyds of London with limits of \$25 million. OPPI coverage in excess of the primary \$25 million limit was provided on a layered, participation basis by various carriers.

GREATER ORLANDO AVIATION AUTHORITY
2023-2024 INSURANCE PROGRAM

The Authority procured other ancillary insurance products, to protect itself and its employees, as required by law and/or based on risk appetite.

Group Insurance

Comprehensive health insurance (medical, dental, vision), group life and long-term disability insurance is provided by Cigna Health and Life Insurance Company for Authority employees. They also provide advice-to-pay for employee short-term disability claims, which are self-insured by the Aviation Authority.

Statistical

SECTION

This section contains statistical information and differs from the financial statements because it usually covers more than one fiscal year and may present non-accounting data. This information is presented in five categories:

- **Financial Trends** – intended to assist users in understanding and assessing how the Authority's financial position has changed over time.
- **Revenue Capacity** – intended to assist users in understanding and assessing the factors affecting the Authority's ability to generate its own source revenues.
- **Debt Capacity** – intended to assist users in understanding and assessing the Authority's debt burden and its ability to cover and issue additional debt.
- **Demographic and Economic** – intended to assist users in understanding the socioeconomic environment within which the Authority operates and to provide information that facilitates comparisons of financial statement information over time and among similar entities.
- **Operating** – intended to provide contextual information about the Authority's operations and resources to assist readers in using financial statement information to understand and assess the Authority's economic condition.

Available Net Revenues	[G=C-D]	396,896	369,121	422,071
Subordinate Debt Service Coverage	[G/H]	4.77	3.84	8.77

(1) Revenues are earned by the Airport Facilities Revenue Account, before revenue sharing with airlines required by the Airlines Lease and Use Agreement and on the Rate and Revenue Sharing Agreement (see Note 17 for more information), plus miscellaneous receipts in the Operations and Maintenance Account.

(2) Expenses and encumbrances incurred within the Airport Facilities Operations and Maintenance Account.

(3) Effective in FY 2017, Available PFC Revenues are applied as an offset to Debt Service instead of included in Revenues pursuant to the Amended and Restated Bond resolution dated September 2015. See Note 11 for additional information.

(1) The Authority is currently authorized to impose a PFC of \$4.50 per enplaned passenger at the Airport.

(2) Expenditures for each application may commence upon notification of the approval of the Application. For reporting purposes, PFC collections are reported as applied to each application in order of the applications until the collection authority amount has been met for each application. As a result of this reporting method, there are allowable expenditures reported for applications that may not show collections directly assigned to them.

(3) PFC Application #19, which is an amendment to PFC Applications #11, #13, #14, #15, #16, #17, and #18, achieves a uniform \$4.50 collection rate.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
AND STATE FINANCIAL ASSISTANCE
FOR THE YEAR ENDED SEPTEMBER 30, 2024

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Expenditures of Federal Awards and State Financial Assistance has been prepared using the accrual basis of accounting. The accrual basis of accounting recognizes revenues when they are earned and expenditures when they are incurred. There were no subrecipients for the fiscal year ended September 30, 2024. A reconciliation of the amounts included in the Schedule of Expenditures of Federal Awards and State Financial Assistance to the amounts included in the Statements of Revenues, Expenses and Changes in Net Position for the fiscal year ended September 30, 2024, is as follows:

Schedule of Expenditures of Federal Awards and State Financial Assistance:	
Federal Award Expenditures	\$ 160,184,882
State Financial Assistance	25,097,544
Federal Awards and State Financial Assistance	<u>\$ 185,282,426</u>
Statements of Revenues, Expenses and Changes in Net Position:	
Federal and State Grants – Nonoperating Revenues	\$ 20,028,623
Capital Contributions	177,696,174
Contributions from Other Miscellaneous Sources	(94,215)
ARPA Concession Rent Relief (Note 5)	2,680,533
State of Florida - Aid to Others (Object Code 740100)	(13,495,664)
Insurance Credit	(1,533,025)
Federal Awards and State Financial Assistance	<u>\$ 185,282,426</u>

2. FDOT INDEBTEDNESS

The FDOT Indebtedness is described in a Joint Participation Agreement (JPA), as amended between the Authority and the Florida Department of Transportation (FDOT) for the Transportation Regional Incentive Program (TRIP), under which the FDOT, combined with other FDOT grants will provide total funding of approximately \$211.0 million to fund the Intermodal Terminal Facility (ITF). The Authority is required to reimburse FDOT \$52.7 million of the funds under the JPA, and the balance was a grant. The proceeds of the Loan were used to pay for portions of the ITF that are related to the construction of the passenger rail terminal being developed as part of the ITF adjacent to the Automated People Mover system. Under the JPA the Authority is obligated to repay the FDOT Loan over a period of 18 years with no interest due commencing January 30, 2020 through 2039. As of September 30, 2024 and 2023, respectively, the Authority had an outstanding balance of \$0 and \$0. The FDOT indebtedness was paid in full on May 12, 2023.

3. CONTINGENCY

The grant revenue amounts received are subject to audit and adjustment. If any expenditures are disallowed by the grantor agency as a result of such an audit, any claim for reimbursement to the grantor agencies would become a liability of the Authority. In the opinion of management, all grant expenditures are in compliance with the terms of the grant agreements and applicable federal laws and regulations.

4. INDIRECT COST RATE ELECTION

The Authority did not elect to charge the de minimis rate of 10% for determining indirect cost amounts, as permitted in Section 200.414 of the Uniform Guidance.

5. AMERICAN RESCUE ACT (ARPA)

The American Rescue Plan Act (ARPA) was signed into law on March 11, 2021, which includes \$8 billion in emergency relief to U.S. airports. The Authority received \$21 million ARPA funds during fiscal year 2024. The Authority passed through \$2.7 million to eligible concessions and \$18.3 million reimbursed the Authority for rent relief provided to eligible concessions.

GREATER ORLANDO AVIATION AUTHORITY
NOTES TO SCHEDULE OF PASSENGER FACILITY CHARGES REVENUES AND EXPENDITURES
FOR THE YEAR ENDED SEPTEMBER 30, 2024
(in thousands)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Schedule of Passenger Facility Charges has been prepared using a modified cash basis of accounting. The modified cash basis of accounting recognizes revenues when they are received and expenditures when they are paid, with the exception of retainage, which is recorded when incurred. A reconciliation of the amounts included in the Schedule of Passenger Facility Charges to amounts included in the Statements of Revenues, Expenses and Changes in Net Position for the fiscal year ended September 30, 2024, is as follows (in thousands):

Schedule of Passenger Facility Charges Revenue:	
Passenger Facility Charges Collected	\$ 112,545
Passenger Facility Charges Revenue	<u>\$ 112,545</u>
Statements of Revenues, Expenses and Changes in Net Position:	
Passenger Facility Charges - nonoperating revenues	\$ 113,052
Net Passenger Facility Charges Accrual	(507)
Passenger Facility Charges Revenue	<u>\$ 112,545</u>

Independent Auditor's Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges Required by the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and Passenger Facility Charge Audit Guide for Public Agencies

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

Opinion on Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

We have audited the compliance of the Greater Orlando Aviation Authority (the "Authority") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") *Compliance Supplement*, the requirements described in the Department of Financial Services' *State Projects Compliance Supplement*, and the requirements described in the *Passenger Facility Charge Audit Guide for Public Agencies* issued by the Federal Aviation Administration (the "Guide") that could have a direct and material effect on each of the Authority's major federal programs, major state projects, and the passenger facility charge program for the fiscal year ended September 30, 2024. The Authority's major federal programs and major state projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to in the first paragraph that could have a direct and material effect on each of the Authority's major federal programs, major state projects, and the passenger facility charge program for the fiscal year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.550, *Rules of the Auditor General*; and the Guide. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program, major state project, and the passenger facility charge program. Our audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibility of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal programs, state projects, and the passenger facility charge program.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*; and the Guide will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program, major state project, and the passenger facility charge program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program, state project, or the passenger facility charge program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges

We have audited the basic financial statements of the Authority as of and for the fiscal year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements. We issued our report thereon dated February 21, 2025, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, and schedule of passenger facility charges are presented for purposes of additional analysis, as required by the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and the Guide, and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Forvis Mazars, LLP

Orlando, Florida
February 21, 2025

Section I – Summary of Auditor’s Results

Financial Statements

1. Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:

(Check each description that applies)

☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer

2. Internal control over financial reporting:

Material weakness(es) identified? ☐ Yes ☒ No

Significant deficiency(ies) identified? ☐ Yes ☒ None reported

3. Noncompliance material to the financial statements noted? ☐ Yes ☒ No

Federal Awards and State Financial Assistance

4. Internal control over major federal programs:

Material weakness(es) identified? ☐ Yes ☒ No

Significant deficiency(ies) identified? ☐ Yes ☒ None reported

5. Type of auditor’s report issued on compliance for major federal program(s):

(Check each description that applies. If any other than unmodified apply, also list the name of each major program by the type of opinion applicable to that program.)

☒ Unmodified ☐ Qualified ☐ Adverse ☐ Disclaimer

6. Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? ☐ Yes ☒ No

7. Identification of major federal programs:

<u>Assistance Listing Number(s)</u>	<u>Name of Federal Program or Cluster</u>
20.106	Airport Improvement Program
<u>CSFA Numbers</u>	<u>Name of State Projects</u>
55.004	FDOT: Aviation Development Grants
55.014	Intermodal Access Development Program

8. Dollar threshold used to distinguish between Type A and Type B programs:

Federal: \$3,000,000
State: \$752,926

9. Auditee qualified as a low-risk auditee? ☒ Yes ☐ No

No matters were reported over federal awards, state financial assistance, or passenger facility charges in the prior year.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements, as listed in the table of contents, of the Greater Orlando Aviation Authority (the "Authority") as of and for the fiscal year ended September 30, 2024, and have issued our report thereon date February 21, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management in a separate management letter and Independent Accountant's Report dated February 21, 2025.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Authority's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Accountant's Report

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

We have examined the compliance of the Greater Orlando Aviation Authority (the "Authority") with the requirements of Section 218.415, Florida Statutes, during the fiscal year ended September 30, 2024. Management is responsible for the Authority's compliance with those requirements. Our responsibility is to express an opinion on the Authority's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Authority complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the Authority's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

Our examination does not provide a legal determination on the Authority's compliance with specified requirements.

In our opinion, the Authority complied, in all material respects, with the aforementioned requirements for the fiscal year ended September 30, 2024.

Independent Auditor's Management Letter

The Authority Board
Greater Orlando Aviation Authority
Orlando, Florida

Report on the Financial Statements

We have audited the financial statements of the Greater Orlando Aviation Authority (the "Authority") as of and for the fiscal year ended September 30, 2024, and have issued our report thereon dated February 21, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and the Audit Requirements for Federal Awards* ("Uniform Guidance"); Chapter 10.550, *Rules of the Auditor General*; and the *Passenger Facility Charge Audit Guide for Public Agencies*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program, Major State Project, and the Passenger Facility Charge Program and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance and Schedule of Passenger Facility Charges Required by the Uniform Guidance, Chapter 10.550, *Rules of the Auditor General*, and *Passenger Facility Charge Audit Guide for Public Agencies*; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated February 21, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the Authority met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the Authority did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the Authority. It is management's responsibility to monitor the Authority's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district components that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the Authority reported:

1. The total number of Authority employees compensated in the last pay period of the Authority's fiscal year as 941.
2. The total number of independent contractors to whom nonemployee compensation was paid in the last month of the Authority's fiscal year as 2.
3. All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$77,756,627.
4. All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$42,114.
5. Each construction project with a total cost of at least \$65,000 approved by the Authority that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as:

6. A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes as \$82,500,000.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal, and other granting agencies, the Authority's Board, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.
