Honorable Chairman Anthony Rodriguez
Honorable Members of the Board of County Commissioners
Honorable Daniella Levine Cava, Mayor
Juan Fernandez-Barquin, Esq., Clerk of Courts and Comptroller
Residents of Miami-Dade County

Ladies and Gentlemen:

The Annual Comprehensive Financial Report of the Miami-Dade Aviation Department (Aviation Department or MDAD) for the fiscal year ended September 30, 2024, is hereby submitted. Responsibility for both the accuracy and completeness and fairness of presentation, including all disclosures, rests with the Aviation Department. To provide a reasonable basis for making these representations, management of the Aviation Department has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Aviation Department's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Aviation Department's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. This report presents fairly, and discloses fully, in all material respects, the financial position and results of operations of the Aviation Department.

The Aviation Department is also required to be audited in accordance with the provisions of the Single Audit Act of 1984 and the Title 2 U.S. Code of Federal Regulations Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, Audits of States, Local Governments and Non-Profit Organizations, and the Florida Single Audit Act requirement. Information related to the single audit, including the schedule of expenditures of federal awards and state financial assistance, schedule of findings and questioned costs, and the reports of independent auditor, are reported under a separate cover.

GAAP requires that management provide a narrative overview and analysis to accompany the financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal should be read in conjunction with the MD&A, which can be found immediately following the report of the independent auditor in the Financial Section of this report.

Profile Overview

The Aviation Department operates as an enterprise fund of Miami-Dade County (the County). An enterprise fund is used to account for the financing of services to the general public on a continuing basis with costs recovered primarily through user charges. The County owns Miami International Airport (MIA or the Airport), three general aviation airports, and one training airport (collectively - "the Airport System"), all of which are operated by the Aviation Department.

The County operates the Airport System through the Aviation Department with policy guidance from the Mayor and the Board of County Commissioners of Miami-Dade County, Florida (the Board).

Economic Conditions and Outlook

MIA, Americas busiest airport for international freight and the second busiest for international passengers, is the leading economic engine for Miami-Dade County and the State of Florida's top economic driver. The most recent economic impact study indicated that MIA and the four general aviation airports in the Miami area, together generated business revenue of approximately \$118 billion state-wide and supported nearly 700,000 direct, indirect, induced, and related jobs across Florida.

The Airport stimulates a host of industries such as tourism, the cruise industry, and international banking and commerce. In terms of trade, the most recent Department of Commerce data showed that the Airport handled 90% of the dollar value of the State's total air imports and exports, and 40% of the State's total air and sea trade with the world. In 2018, MDAD gained final approval from the U.S. Department of Commerce to designate MIA as a Foreign Trade Zone (FTZ) magnet site creating new synergies and opportunities for on-airport businesses, and in 2023, LATAM Airlines Group became the first approved operator within MIA's FTZ magnet site. MIA also became the first International Air Transport Association (IATA) designated "Pharma Hub Airport" in North America for developing a Center of Excellence for Independent Validators (CEIV) community of companies. This designation underscores MIA's leading role as both a safe and efficient global logistics hub for high-value, temperature-sensitive pharmaceuticals. Working with MIA, a total of nine companies have obtained the IATA CEIV pharma certification.

MIA offers an extensive air service network, enhanced by multiple daily scheduled and non-scheduled flights to over 79 domestic and 107 international destinations. It's the premier international gateway to Florida and a major transshipment point by air for the Americas. During calendar year 2023, the most recent year for which such information is available, the Airport handled nearly 60% of Florida's total international passenger traffic, 82% of all air imports and 76% of all air exports between the USA and the Latin American/Caribbean region. MIA's stronghold market, the Latin America/Caribbean region, was served by more passenger flights from the airport than from any other U.S. airport.

Ranked number one among the fastest growing hub-airport in the U.S. and the eighth busiest airport in the U.S., MIA handled 52.3 million total passengers in calendar year 2023, up 3.3% or 1.6 million passengers over the previous year's record of 50.7 million travelers. International traffic grew 8.5% to 23.2 million passengers, while domestic traffic, which fell slightly by 0.6%, accounted for 29.1 million travelers. Cargo operations also surged to a new high of 2.8 million tons in calendar year 2023, up 1.0% or 28,395 tons over 2022. Domestic freight grew 7.6% to 0.6 million tons while internationally, freight tonnage fell 0.5% to 2.2 million tons.

The airport is trending towards another record-breaking year, and to keep pace with long-term forecasted growth, MIA will invest an unprecedented \$9.0 billion in capital improvements over the next 15 years, including \$1.7 billion in maintenance upgrades, paving the way for future growth in passenger and cargo traffic, projected to reach 77 million travelers and more than 4 million tons of freight by 2040. Through the Modernization in Action (M.I.A.) Plan, infrastructure such as roofs, passenger boarding bridges, public access restrooms, elevators, moving walkways, and escalators are being renovated in phases over the next 5-7 years. Additionally, public-private partnership agreements were executed to build a new privately funded 450-room, \$240 million Westin Hotel connected to the North Terminal and a Vertically Integrated Cargo Community (VICC). The MIA VICC, a four-level, highly automated, and robotic-powered cargo warehouse will house 1.4 million square feet of cargo processing space, and the facility which will include 10 aircraft parking positions with hydrant fueling is expected to handle 1.8 million metric tons of cargo.

Passenger Activity

During fiscal year 2024, 55.7 million passengers travelled through MIA, an 8.0% increase compared to fiscal year 2023, and an all-time high for the Airport. Domestic traffic increased by 7.3% to 30.8 million or 55.2% of the total traffic. International traffic accounted for 44.8% of the traffic or 24.9 million passengers, an increase of 9.0% over the prior fiscal year. The phenomenal passenger growth rate for the third consecutive year was largely due to American Airlines, MIA's hub carrier, which handled 31.1 million passengers in fiscal year 2024, and increased its year-over-year seat capacity by 10% during the 2023 winter season. American Airlines accounted for 55.9% of the enplaned passengers at the Airport during fiscal year 2024, and together with its affiliate, Envoy (previously known as American Eagle Airlines), approximately 60.2% of all enplaned passengers during such period. The Airport is American Airlines' largest international hub operation, for international passengers, and in calendar year 2023, MIA was ranked second in the U.S. behind New York's John F. Kennedy Airport for international passengers.

Delta Air Lines also expanded its service and continues to be the second largest carrier at MIA, representing approximately 7.0% of the enplaned passenger traffic. MIA also added ten new routes and welcomed five new carriers during fiscal year 2024, expanding its portfolio to 96 passenger and cargo airlines, the highest among all U.S. airports.

Cargo Activity

MIA remains the number one airport in the U.S. for international freight. In fiscal year 2024, cargo (mail and freight) tonnage totaled 2.9 million tons, resulting in an increase of 5.3%. Cargo activity generates different types of revenues for the Aviation Department including landing fees, cargo warehouse rentals, aircraft apron rentals, and ground rentals. Cargo carriers represented 25% of the landed weight in fiscal year 2024, which is a slight decrease from the 25.7% in the prior fiscal year.

Airline Agreements

In August 2018, the County entered into separate but identical Airline Use Agreements (AUA) with the airlines using MIA. The AUA, which is a 15-year agreement expiring in 2033, provides that the County, acting through its Board of County Commissioners, has the right to calculate landing fees using an airport system residual cost methodology so that the revenues from landing fees, together with revenues from other sources, will be sufficient to meet the rate covenant and other requirements.

Under the 2018 AUA, there were two significant changes: (i) all fees associated with international arriving passengers will be charged under an International Facility Fee and will no longer be recovered through the base Concourse Use Fee, and (ii) preferential gate assignment and usage will be allowed for airlines that meet certain operational qualifications and all non-preferentially use gates will continue to be common use gates. The International Facility Fee and Preferential Gate Use Fee took effect on October 1, 2019, and October 1, 2020, respectively.

The County has entered into separate but substantially similar Terminal Building Lease Agreements with its airline tenants. Under these agreements, airlines have no obligations to make real property investments in tenant improvements to their premises and in personal property to support their operations.

Passenger Facility Charges (PFC)

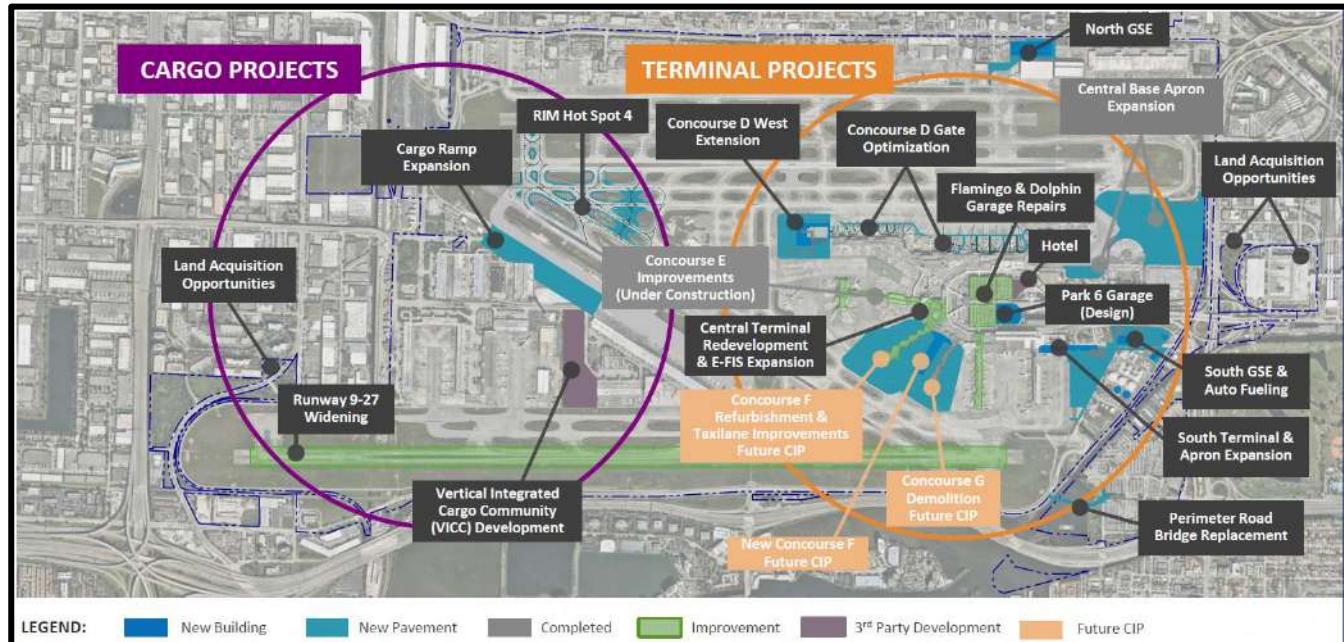

The Federal Aviation Administration (FAA) authorized the Aviation Department to impose a Passenger Facility Charge (PFC) of \$3 per passenger commencing November 1, 1994. Subsequently, on October 21, 2001, the FAA approved a revised PFC collection level of \$4.50 with an effective date of January 1, 2002. In December 2002, the FAA approved a PFC application that enables the Aviation Department to use PFC revenues to pay debt service related to the bonds that were issued to finance the construction of the North and South Terminals at MIA.

Per FAA regulations, net receipts from PFCs are restricted to use only on these FAA approved capital projects and related financing costs. The Aviation Department has been authorized to collect PFCs in the estimated aggregate amount of approximately \$2.7 billion including interest. The authorization is expected to expire October 1, 2039. The amount of PFC collections from inception through September 30, 2024, was approximately \$1.9 billion and with interest, approximately \$2.0 billion. Of this amount, the Aviation Department has expended \$1.7 billion, and as of September 30, 2024, the Aviation Department had a cash balance of \$285.8 million in the PFC account.

Capital Projects

In fiscal year 2015, the Aviation Department created a near to mid-term Capital Improvement Program (CIP) that addressed facilities in need of renovations. The CIP started with an approved budget of \$0.7 billion through a Majority-In-Interest (MII) review process (by a majority of the 11 Signatory Airlines that represent the MIA Signatory Airlines as members of the Miami Airport Affairs Committee) in July 2015. As a result of the Airport's changing needs and long-term forecasted passenger and cargo growth, MDAD increased the CIP to \$7.5 billion in fiscal year 2024, through several MII review processes held between 2017 and 2024, and exempt projects that do not meet the requirements for an MII need. Grouped into twenty-four (24) subprograms, the CIP currently includes over 220 future-ready projects created to address the airport's future capacity and operational needs.

The map below depicts the locations of third-party developments and key MIA projects included in MDAD's adopted capital budget and multi-year capital plan:

The terminal projects are designed to expand and modernize the facilities, optimize aircraft parking, improve aesthetics, and meet current life-safety, maintenance, and security requirements. Projects such as the renovation of Concourse E, including Satellite E and Concourse D and E connector, revamping of the Automated People Mover connecting Lower Concourse E and Satellite E, installation of a new Automated Checked Bag Inspection System in South and Central Terminals, renovation of Concourse E Federal Inspection Services (FIS) and Customs and Border Protection processing areas, and ticket counter renovations in Concourse G and H are complete. Among the projects planned or underway are:

Concourse D West Extension and Gate Optimization – Concourse D gates will be renovated to accommodate additional wide-and narrow-body aircraft, as well as larger regional jets. The projects include:

- A three-level expansion of the existing regional commuter facility at Gate D-60 to facilitate larger aircrafts and provide adequate hold room space.
- Reconfiguration of 17 ground-boarding handstand gates to 19 contact gates with boarding bridges, of which 16 will continue to serve narrow body aircraft. The gates will also be upgraded to integrate cutting edge biometric boarding technology, allowing passengers to board international flights with the touchless click of a camera.
- A new boarding area and expanded baggage system, additional Skytrain vehicles, apron fueling system adjustments, and upgrading of air systems.

South Terminal and Apron Extension – With an estimated cost of \$746 million, this project includes a three-level expansion of the South Terminal to the east (Concourse K). It will increase post-security concessions space and add six domestic narrow-body aircraft gates with their associated hold rooms and facilities along with three handstands position. The new facility will include:

- New baggage systems and connections to the existing Central and South Terminals baggage screening system.
- Shell space along the third level for future club/lounges and future sterile circulation that will connect to the South Terminal FIS processing area, allowing MDAD in the future to convert three of the initial domestic gates to international arrival capable positions.
- A new General Support Equipment (GSE) facility along with its associated parking, replacing the existing South terminal GSE that currently sits within the new apron/handstand limits.

This project is in the bidding phase and groundbreaking is expected in 2025, with an estimated completion date in Fall 2029.

Central Terminal Redevelopment - Phase 1 of the Central Terminal redevelopment project is scheduled for completion in 2031 at an estimated cost of \$373 million. The four-level expansion includes a post-security corridor that will provide secure and sterile interconnectivity between Concourse E and F and increase the number of post security concessions. Phase 2 of the project is scheduled for completion in 2033 at an estimated cost of \$372 million, and includes:

- Renovation and improvements to the main terminal areas between Concourse E and F.
- Elevating the existing ceiling and roof to bring natural light into the center of the existing terminal.
- A new vertical circulation core with escalators and elevators.
- Consolidation of the existing TSA checkpoints in Concourse E and F into a new centralized checkpoint, rerouting passenger circulation and increasing the square footage of post-security concessions.
- Renovation of the second level departure curbside façade, blending appearance from North to South.

Flamingo Garage Expansion - In February 2024, MIA broke ground for a new state-of-the-art, seven-level, 2,240 space parking garage, increasing the airport's capacity for passengers and employees to over 10,400 spaces. The \$136 million facility, scheduled for completion by the end of 2025, will include high-tech tracking systems to monitor traffic flow and elevator movement, vehicular and pedestrian connections to the existing Flamingo garage, electric vehicle charging stations, 34 spaces for oversized vehicles, energy-efficient LED lighting fixtures throughout, and a Parksmart Silver Certification design, the global certification program that defines, measures, and recognizes high performing, sustainable garages.

Airport-Wide Restroom Modernization - This modernization project includes the renovation of 203 public access restrooms located on all three levels of MIA's terminal and concourses. Phase 1, which includes renovation of 10 restrooms in Concourse H is complete and phase 2, scheduled for completion in Fall 2026, is moving forward with most of the first sets of 52 restrooms in Central, North and South Terminals already completed and in use, and the remaining under construction. A third phase of 141 restrooms is under design and is scheduled for completion over the next 6 years. So far 48 bathrooms have been fully renovated and open to the public.

Passenger Boarding Bridges and Conveyance Units Replacement – A modernization plan is underway to fully rebuild or replace the 616 conveyance units (escalators, elevators and moving walkways) at MIA. Elevators have been prioritized with 8 completed, 32 upgraded and another 38 under contract. Similarly, all 126 passenger boarding bridges throughout the terminal will be replaced, including the design, fabrication, transportation, and installation of pre-conditioned air units, baggage chutes, and ground support equipment for each boarding bridge. The first 32 bridges from phase 1, including two glass bridges, have been installed and another ten, that will be all-glass designs, are under contract, and it is estimated that all 126 bridges will be replaced within the next 6 to 7 years.

Terminal-Wide Roof Replacement and Lighting Upgrades – Over the next 5 years, all 450,000 square feet of existing terminal roof will be replaced, drainage and lighting systems will be improved, and solar panels will be installed on the roofs. The project is expected to begin in the first quarter of 2026.

Airfield/Airside, Cargo and Non-Terminal Buildings, Landside/Roadways and Fuel Facilities - Outside the Terminal buildings, the CIP also contemplates major improvements under various sub-programs, with key projects such as:

- Installation of advanced visual guidance docking system at the gates, an innovative device that automatically guides the pilot to park without the need of an aircraft marshal.
- Runway 9-27 rehabilitation and widening to include lighting and lighting infrastructure upgrades, and implementation of Runway Incursion Mitigation Hot Spot 5 to leverage Geographical Information System runway incursion data. This project is currently under design.
- Demolition and replacement of buildings, office and tenant relocations, and apron and airside improvements.
- Construction of a new GSE facility for the North Terminal to house GSE operators and maintenance functions for American Airlines.
- Building 702 apron and airside improvements to convert facility from belly cargo to a freight cargo facility.
- Exterior cladding of the parking garages.
- Construction a new perimeter road bridge over the Tamiami Canal, changing the configuration from a single lane in each direction to double lanes in each direction.
- Installation of security fence, including concrete barrier, on the south side of the Airport.
- Design and construction of two additional 95,600 gallons fuel tank at MIA's fuel storage facility.

General Aviation Airports – Projects include:

- Rehabilitation of Runway 9-27 at Miami-Opa Locka Executive Airport (OPF), including pavement reconstruction and airfield-lighting system renovation. Also, at OPF, construction of a jet blast detection fence and a run-up pad, ensuring safety and effectiveness during routine aircraft maintenance activities.
- New Air Operations Area (AOA) fence at Miami-Homestead General Aviation Airport (X51), as well as additional security enhancements such as new access controls, high mast lighting, security cameras, and airside to landside gates.
- Runway Incursion Mitigation (RIM) at Miami Executive Airport (TMB), which is complete. Taxiways and runways on the south side of TMB were reconfigured to improve traffic and mitigate current flight pattern conflicts between Runway 9R-27L and Runway 13-31.
- Expansion of the south apron at TMB for a new taxi lane and construction of a new 130-foot-high Air Traffic Control Tower funded by the FAA.

Other critical projects included in the CIP are acquiring land east and west of the Airport as it become available to facilitate MIA's expansion, rehabilitation of bridges throughout the airport for structural safety, recertification of 114 buildings in accordance with County Code Section 8-11(f), which is in progress, replacement and/or refurbishment of all elevators, escalators, and moving walkways at MIA, many of which are over 40 years, also in progress, a study to determine future electrical needs throughout MIA, installation of grease and oil separators at MIA terminal, installation of a \$6.2 million perimeter intrusion detection system (funded by the Transportation Security Administration), which detects unauthorized movement along the fence line in real time, and refurbishment or replacement of electrical and mechanical systems throughout MIA, to ensure long-term sustainability and safety of the Airport's infrastructure.

In June 2015, the Aviation Department issued \$75.0 million in Aviation Revenue Bonds under the Trust Agreement to begin the bond financing portion (including financing costs) of the CIP. In May 2019, the Aviation Department issued \$282.2 million in Aviation Revenue Bonds to continue to fund the CIP. Most of the proceeds were used to pay off \$170 million in outstanding Aviation Commercial Paper Notes for the Commercial Paper program that expired on March 2, 2021. In March 2021, the Aviation Department issued \$200 million in Aviation Commercial Paper Notes for the purpose of providing temporary funding for the CIP.

Tenant Financed Facilities

The Aviation Department has decided, as a matter of policy, to permit tenants of airside facilities to construct some buildings with private financing or private funding. Accordingly, certain hangars and cargo facilities (including those for Federal Express, UPS, LAN Airlines, and Centurion Air Cargo) have been constructed with private financing. Ownership to improvements constructed by a tenant is typically retained in the tenant's name for a stated period of time or until expiration of the lease agreement. If the tenant remains in possession following either of these dates, the tenant is obligated to pay building rent in addition to ground rent or depending on the condition of the improvements, MDAD reserves the right to require the tenant to demolish the improvement(s).

Major Initiatives and Long-Term Financial Planning

In 2019, the Aviation Department unveiled its proposed future CIP, which was approved by the Board of County Commissioners on June 4, 2019. Over the years, the CIP has grown to a long-term and bigger program designed to address all the airport's future capacity and operational needs. The CIP will fund twenty-four (24) sub-programs that will be constructed over a period of 5-15 years through 2035 and beyond and the program has been structured to facilitate the "phasing in" and "phasing out" of capital projects in order to adjust to emerging airline needs or changing conditions, and to allow for the utilization of MIA during construction.

To create the projects under these sub-programs, an in-depth assessment of the County's Airport System (including general aviation airports) considered factors such as demand for growth, operational needs (airside, landside, cargo, and terminal) and funding capacity. Recommendations from the Aviation Department's Supplemental Airport Master Planning ("SMP") Study completed in 2020 was also incorporated into the development of projects under the sub-programs. The SMP addressed the 20-year capacity and operational needs for the Airport and the County's four general aviation airports and evaluated MIA's longer-range needs for a strategic planning horizon that extended to 2050. The SMP Study refined the Aviation Department's overall approach to implementing the long-term capital needs for its airports, so as to continue providing a high level of service to the surrounding communities.

Impacted by the airport's current urgent needs, post-COVID market conditions, escalation costs, and inflationary pressures, the fiscal year 2025 Adopted Capital Budget and Multi-Year Capital Plan totals \$7.5 billion, of which \$459.6 million will be spent in fiscal year 2025. The CIP includes projects and funding sources from fiscal year 2015 through fiscal year 2035, and concurrent with the development of the CIP, the Aviation Department is in the process of defining new projects and funding sources to grow the program. The funding sources for planned capital improvement expenditures are allocated as follows (in thousands):

Sources of Funds	Capital Budget FY 2025		Multi-Year Capital Plan	
	Amount	Percent	Amount	Percent
Debt Proceeds	\$ 53,416	11.6 %	\$ 657,876	8.8 %
Aviation Operating Funds	-	-	2,172	0.0 %
Passenger Facility Charge	12,791	2.8 %	160,895	2.2 %
Federal Grants	27,218	5.9 %	496,240	6.6 %
State Grants	-	-	107,855	1.5 %
Improvement Fund	57,752	12.6 %	140,276	1.9 %
Claims Construction Fund	1,122	0.3 %	9,395	0.1 %
Reserve Maintenance Fund	175,662	38.2 %	508,620	6.8 %
Future Financing	131,667	28.6 %	5,383,240	72.1 %
Total	\$ 459,628	100.0 %	\$ 7,466,569	100.0 %

Fiscal year 2024 was a historical year of accomplishments at MIA. In the U.S., MIA was number one for international freight, number two for international passengers, second only to JFK Airport, number three for total cargo, number nine for total aircraft operations, and number ten for total passengers. Other noteworthy achievements included strategic land and office building acquisitions, groundbreaking for the new state-of-the-art parking garage, rehabilitation of taxiways R, S, and T, extension of taxiway R, replacement of ticket counters between Concourse F and H, integration of cutting-edge biometric boarding technology at all 60 gates in Concourse D, modernization of 38 conveyance units and 48 restrooms, and the installation of 32 passenger boarding bridges, including two glass bridges, across the airport.

Over 40 projects are scheduled to commence in fiscal year 2025, including checkpoint upgrades to add the latest technology designed to streamline the screening process, modernization of the North Terminal public restrooms, recertifications of buildings to bring them to code, AAR hangar expansion to add a fourth maintenance bay and supporting shop space, and the design of Concourse D gates and the new four-level Central Terminal. It is also estimated that 48 of the 61 projects underway will be completed in 2025, including but not limited to, replacement of passenger boarding bridges in Concourse E, Central Base Apron expansion, building recertifications and demolition at MIA, rehabilitation of Runway 9L/27R at OPF, and the security enhancements at X51.

On July 8, 2020, the Board of County Commissioners approved an ordinance authorizing issuance of not to exceed \$5 billion aggregate principal amount of Miami-Dade County, Florida, Aviation Revenue Bonds. As of September 30, 2024, the Aviation Department has the entire \$5 billion authorized available. The Department is planning on issuing approximately \$500 million of Aviation Revenue Bonds by the end of March 2025.

Independent Audit

The financial statements for fiscal year 2024 were audited by Cherry Bekaert LLP, and the opinion resulting from their audit is included in this Annual Comprehensive Financial Report. Their audit was made in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Department for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2023. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, the Department was required to publish an easily readable and efficiently organized Annual Comprehensive Financial Report. This Annual Comprehensive Financial Report must satisfy both accounting principles generally accepted in the United States and applicable legal requirements.

A Certificate of Achievement is valid for one year only. The Department has received a Certificate of Achievement for the last 32 consecutive fiscal years (1992-2023). It believes the current report continues to conform to the Certificate of Achievement program requirements, and as such it is being submitted to GFOA.

Acknowledgements

This report could not have been presented without the efforts of the Finance and Strategy Division staff. We sincerely appreciate their time and thank them for their valuable contributions. The Department also thanks the County Mayor and the Board of County Commissioners for providing continued support to the Department, enabling the successful operation of the Airport System.

Respectfully submitted,

Report of Independent Auditor

To the Honorable Mayor and Members
The Board of County Commissioners
Miami-Dade County
Miami, Florida

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Miami-Dade County Aviation Department ("Aviation Department"), an enterprise fund of Miami-Dade County, Florida (the "County"), as of and for the years ended September 30, 2024 and 2023, and the related notes to the financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Aviation Department as of September 30, 2024 and 2023, and the changes in its financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1.a., the financial statements present only the Aviation Department and do not purport to, and do not, present fairly the financial position of the County as of September 30, 2024 and 2023, the changes in its financial position, or, where applicable, its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Aviation Department's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the financial statements. Such information is the responsibility of management and, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information is comprised of the introductory and statistical sections but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 14, 2025, on our consideration of the Aviation Department's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Aviation Department's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Aviation Department's internal control over financial reporting and compliance.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

Introduction

The following discussion and analysis of the financial performance and activity of the Miami-Dade County Aviation Department (the Aviation Department) is to provide an introduction and understanding of the financial statements of the Aviation Department for the years ended September 30, 2024 and 2023. This discussion has been prepared by management and should be read in conjunction with the financial statements and the notes thereto, which follow this section.

The Aviation Department operates an airport system consisting of Miami International Airport ("MIA"), four general aviation airports: Miami-Opa Locka Executive Airport, Miami Homestead General Aviation Airport, Miami Executive Airport, and the Dade-Collier Training and Transition Airport.

The Aviation Department operates as an enterprise fund of Miami-Dade County, Florida (the "County"). The Aviation Department is self-supporting, using aircraft landing fees, fees from terminal and other rentals, and revenue from concessions to fund operating expenses. The Board of County Commissioners approved a Capital Improvement Program ("CIP") on June 4, 2019, that is primarily funded by bonds, federal and state grants, Passenger Facility Charges ("PFC"), and monies set aside from the Reserve Maintenance Fund and Improvement Fund. The CIP will fund twenty sub-programs that will be built during the period of 5 to 15 years through 2035 and beyond.

Required Financial Statements

The Aviation Department's financial report includes three financial statements: the statement of net position, statement of revenue, expenses, and changes in net position, and statement of cash flows. The financial statements are prepared in accordance with U.S. generally accepted accounting principles as promulgated by the Governmental Accounting Standards Board ("GASB"). The Aviation Department is structured as a single enterprise fund with revenue recognized when earned and expenses recognized when incurred. Capital asset costs, with the exception of land and construction in progress, are capitalized and depreciated over their estimated useful lives. Certain net position balances are restricted for debt service, construction activities, and major maintenance-type activities.

The statement of net position includes all of the Aviation Department's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, and provides information about the nature and amounts of investments in resources (assets) as well as obligations to creditors and investors (liabilities). These statements also provide the basis for evaluating the capital structure of the Aviation Department and assessing liquidity and financial flexibility.

The statement of revenue, expenses, and changes in net position report the operating revenue and expenses and nonoperating revenue and expenses of the Aviation Department for the fiscal year with the difference being combined with any capital contributions to arrive at the change in net position for the fiscal year. These statements capture the amount of operating revenue the Aviation Department earned for the fiscal year along with the amount of operating expenses that were incurred during the same period, thus determining whether the Aviation Department was able to cover its operating obligations with its operating income.

The statements of cash flows provide information about the Aviation Department's cash receipts and payments during the reporting period. These statements report cash receipts, cash payments, and net changes in cash resulting from operating, investing, and capital and noncapital financing activities, and provide an insight regarding sources providing cash and activities using cash.

MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

Operational Highlights

During fiscal year 2024, MIA surpassed 55 million passengers for the first time in its history. Passenger volumes surged past 2023 record shattering 51.6 million travelers to a new high of 55.7 million passengers, up 8.0% or 4.1 million passengers over fiscal year 2023. Domestic and international passenger volumes soared to new highs, up 7.3% or 2.1 million passengers and 9.0% or 2.1 million passengers, respectively, over fiscal year 2023, largely due to the addition of five new carriers and ten additional routes in fiscal year 2024. Enplaned passengers totaled 27.9 million, an 8.3% increase compared to fiscal year 2023.

Likewise, in fiscal year 2023, passenger volumes soared past 2022 record shattering 49.7 million travelers to a new high of 51.6 million passengers, up 3.7% year-over-year. MIA welcomed 28.7 million domestic passengers in fiscal year 2023, down 3.5% or 1.0 million passengers, year-over-year, but up 22.7% or 5.3 million passengers over fiscal year 2019. By contrast, international traffic rose to 22.9 million passengers in fiscal year 2023, up 14.3% or 2.9 million passengers versus fiscal year 2022 and 2.0% or 0.4 million travelers over fiscal year 2019, as foreign flag carriers resumed and/or increased services to MIA, with the lifting of global travel restrictions and testing requirements for inbound travelers. Enplaned passengers totaled 25.8 million, a 3.3% increase compared to fiscal year 2022.

Landed weight, which represents the total weight of commercial aircrafts that landed at MIA, increased by 6.8% and 0.8%, respectively, as compared to fiscal years 2023 and 2022. Similarly, total aircraft operations (departures and arrivals), surged past 2023 levels to a new high of 480,250 flights, up 6.0% or 27,183 flights, as domestic and international operations grew 6.7% or 16,604 flights and 5.1% or 10,579 flights, respectively, when compared to the previous year. By contrast, total aircraft operations fell 4,087 flights, or 0.9% in fiscal year 2023 versus 2022. Domestic operations also declined, down 7.2% or 19,154 flights in fiscal year 2023 as compared to 2022, while international operations grew 7.9% or 15,067 flights over 2022.

Below is a comparison of these activities at MIA by fiscal year:

	2024	2023	2022
Enplanements	27,884,707	25,751,310	24,937,982
Total passengers	55,702,982	51,563,044	49,733,342
Domestic passengers	30,753,760	28,665,209	29,694,216
International passengers	24,949,222	22,897,835	20,039,126
Aircraft operations	480,250	453,067	457,154
Domestic aircraft operations	263,166	246,562	265,716
International aircraft operations	217,084	206,505	191,438
Landed weight (1,000 pounds)	45,091,302	42,221,451	41,894,203
Enplaned cargo (in tons)	1,199,891	1,099,254	1,176,178

Financial Highlights

- As of September 30, 2024, 2023 and 2022, the assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$1.2 billion, \$1.1 billion, and \$0.9 billion, respectively.
- Net position increased by \$79.6 million, \$192.0 million, and \$64.1 million, respectively, in fiscal years 2024, 2023, and 2022. In fiscal year 2023, the American Rescue Plan Act (ARPA) grant receipts of \$130.2 million accounted for 67.8% of the increase in net position.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

- Total liabilities declined by \$190.9 million to \$5.8 billion in fiscal year 2024, \$100.7 million to \$6.0 billion in fiscal year 2023, and \$32.2 million to \$6.1 billion in fiscal year 2022, due primarily to scheduled revenue bond principal payments and premium amortization.
- Operating revenue in fiscal years 2024, 2023, and 2022 totaled \$954.9 million, \$927.7 million, and \$900.5 million, respectively, an increase of \$27.3 million, \$27.2 million, and \$250.8 million, respectively, as compared to fiscal years 2023, 2022, and 2021. The significant increase in revenue in 2022 is primarily attributed to the rebound in leisure air travel and increase in passenger volumes after the pandemic.
- Operating expenses, excluding depreciation and amortization, also increased, up \$55.4 million to \$642.9 million in fiscal year 2024, \$53.4 million to \$587.4 million in fiscal year 2023, and \$53.3 million to \$534.1 million in 2022.
- Nonoperating revenue declined by \$116.8 million in fiscal year 2024, as compared to 2023, largely due to lower ARPA reimbursements, which fell by \$130.2 million, year-over-year. By contrast, nonoperating revenue, which totaled \$316.3 million in fiscal year 2023, increased by \$171.2 million over fiscal year 2022. The increase is primarily attributable to higher ARPA reimbursements and interest rates. Interest expense, on the other hand, fell \$5.9 million and \$5.6 million, respectively, when compared to fiscal years 2023 and 2022.

The table below shows a comparative summary of assets, deferred outflows of resources, liabilities, deferred inflows of resources, and net position as of September 30, 2024, 2023, and 2022 (in thousands):

	2024	2023	2022⁽¹⁾
Assets:			
Unrestricted	\$ 651,260	\$ 666,167	\$ 477,791
Restricted	1,014,406	997,450	923,256
Capital asset, net	5,268,453	5,316,744	5,479,199
Other assets	210,115	167,187	163,527
Total assets	7,144,234	7,147,548	7,043,773
Deferred outflows of resources			
	99,121	119,113	131,065
Liabilities:			
Unrestricted	\$ 98,551	\$ 103,673	\$ 99,776
Restricted	303,025	302,144	258,145
Long term liabilities	5,372,107	5,558,791	5,707,378
Total liabilities	5,773,683	5,964,608	6,065,299
Deferred inflows of resources			
	260,813	172,827	172,326
Net Position:			
Net investment in capital assets	\$ (58,456)	\$ (28,766)	\$ 24,800
Restricted	916,323	812,072	717,754
Unrestricted	350,992	345,920	194,659
Total net position	\$ 1,208,859	\$ 1,129,226	\$ 937,213

⁽¹⁾ Amounts for fiscal year 2022 have not been restated for the adoption of GASB No. 94 and 96.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

Capital assets, net as of September 30, 2024 were \$5.3 billion, \$48.3 million lower than at September 30, 2023. Net capital assets also declined in fiscal years 2023 and 2022, down \$162.5 million to \$5.3 billion in 2023 and \$175.5 million to \$5.5 billion in 2022. The decrease in each year was due primarily to current year depreciation and amortization expense exceeding capital asset additions.

As of September 30, 2024, 2023, and 2022, net position was \$1.2 billion, \$1.1 billion, and \$0.9 billion, respectively, an increase of approximately \$79.6 million, \$192.0 million, and \$64.1 million, respectively, over fiscal years 2023, 2022, and 2021. Net investment in capital assets had a deficit of \$58.5 million and \$28.8 million, in fiscal years 2024 and 2023, respectively, and a balance of \$24.8 million in 2022, a decline of \$29.7 million, \$53.6 million, and \$107.7 million, respectively, versus fiscal years 2023, 2022, and 2021, as depreciation and amortization expense exceeded debt repayments, resulting in total capital borrowings surpassing net capital assets in each year.

Changes in net position can be determined by reviewing the following summary of revenue, expenses, and changes in net position for the years ended September 30, 2024, 2023, and 2022 (in thousands):

	2024	2023	2022⁽¹⁾
Total operating revenues	\$ 954,940	\$ 927,684	\$ 900,466
Total operating expenses	925,731	870,800	814,229
Operating income	29,209	56,884	86,237
Nonoperating Revenues (Expenses):			
Passenger facility charges	120,511	110,336	100,363
Investment income	66,413	64,810	2,349
Interest expense	(199,980)	(205,847)	(211,442)
Lease and PPP interest income	9,542	7,116	6,412
Federal relief grant receipts	-	130,159	34,588
Other	3,085	3,888	1,410
Total nonoperating revenues (expenses)	(429)	110,462	(66,320)
Income before capital contributions	28,780	167,346	19,917
Capital contributions	50,853	24,667	44,191
Increase in net position	79,633	192,013	64,108
Net position, beginning of year	1,129,226	937,213	873,105
Net position, end of year	\$ 1,208,859	\$ 1,129,226	\$ 937,213

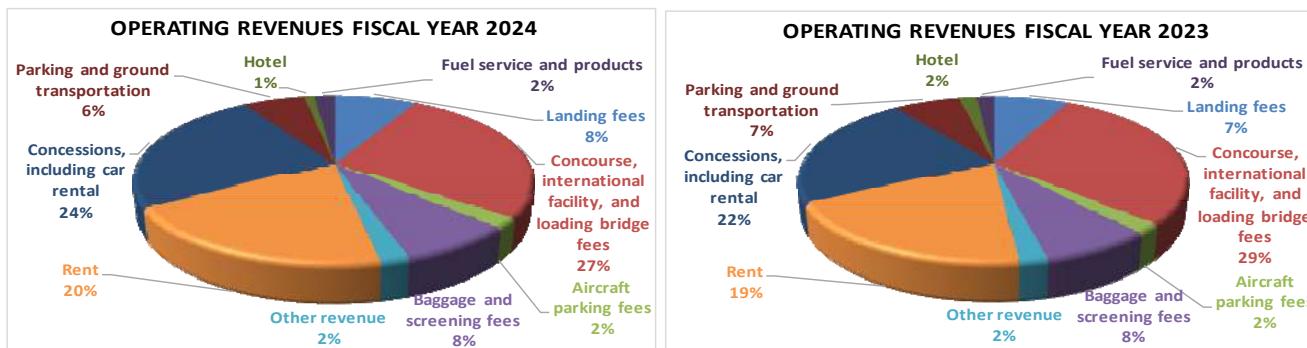

⁽¹⁾ Amounts for fiscal year 2022 have not been restated for the adoption of GASB No. 94 and 96.

Total revenue for fiscal year 2024 was \$1.2 billion, a decline of \$89.5 million or 7.2%, as compared to fiscal year 2023. Contributing to the significant decline were ARPA reimbursements, down \$130.2 million versus 2023. Operating revenue, on the other hand, increased by \$27.3 million or 2.9% to \$954.9 million in 2024. Increased passenger volumes, additional carriers and routes, return of foreign-flag airlines, and reopening of concession stores that temporarily suspended operations during the pandemic, resulted in the increase in revenue across some income streams, such as rental, concessions, and passenger facility charges, over fiscal year 2023.

Total revenues	\$ 1,154,491	\$ 1,243,993	\$ (89,502)	(7.2)%

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

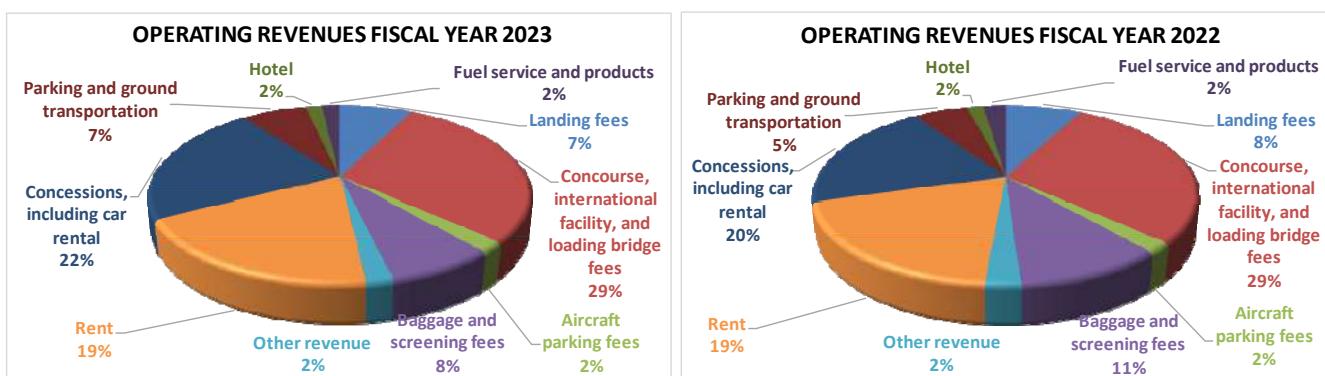

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

Total aviation fees, which accounted for 44.2% of total operating revenue in 2024, fell \$8.4 million or 2.0%, as compared to fiscal year 2023, driven primarily by lower international facility fees, down \$18.6 million or 11.6% versus 2023, due to lower rates, which fell by \$2.20 per international arriving seat in 2024. The decline is partially offset by higher landing and concourse use fees, up \$4.6 million or 6.6%, and \$5.0 million or 5.3%, respectively, due to the return of foreign-flag airlines and new carriers and routes. Concession and rental revenue also increased, up 12.7% and 4.2% respectively, due to the higher rental rates, reopening of more retail stores that temporarily suspended operations during the pandemic, and increased passenger volumes.

Non-operating revenue declined by \$116.8 million or 36.9%, as compared to fiscal year 2023. Contributing to the significant decline were ARPA reimbursements, down \$130.2 million, which was partially offset by higher PFC income, up \$10.2 million or 9.2%, due to higher passenger volumes and interest rates.

Total revenue for fiscal year 2023 was \$1.2 billion, an increase of \$198.4 million or 19.0%, as compared to fiscal year 2022. Operating revenue in fiscal year 2023 was \$927.7 million, an increase of \$27.2 million, or 3.0%, as compared to fiscal year 2022. Increased leisure air travel, additional carriers and routes, and the return of foreign-flag airlines with the lifting of global travel restrictions and testing requirements for inbound travelers during fiscal year 2023, resulted in the substantial increase in revenue across most income streams over 2022.

The following chart reflects the major sources and percentage of operating revenues for fiscal years ended September 30, 2023 and 2022:

**MIAMI-DADE COUNTY AVIATION DEPARTMENT

Other	3,888	1,410	2,478	175.7 %
Total nonoperating revenues	316,309	145,122	171,187	118.0 %
Total revenues	\$ 1,243,993	\$ 1,045,588	\$ 198,405	19.0 %

Total aviation fees, which accounted for 46.4% of total operating revenue, fell \$12.6 million or 2.8%, as compared to fiscal year 2022, driven primarily by lower per passenger baggage claim and security screening fees, down \$13.1 million or 26.8% and \$9.7 million or 21.0%, respectively, versus 2022, due to lower rates in fiscal year 2023. The decline is partially offset by higher international facility fees, up \$10.6 million or 7.1%, due to the return of foreign-flag airlines. By contrast, parking and ground transportation revenue went up 25.4% due to increased rates and enplanements. Concession and rental revenue also increased, up 14.3% and 4.2% respectively, due to the higher rental rates, reopening of more retail stores that temporarily suspended operations during the pandemic, and increased passenger volumes.

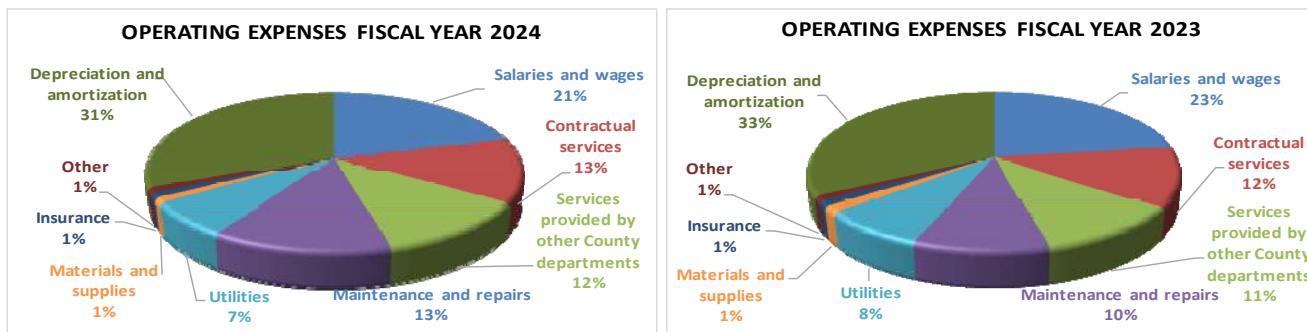

Non-operating revenue increased by \$171.2 million or 118.0%, as compared to fiscal year 2022. Contributing to the significant increase were ARPA reimbursements, up \$100.2 million, and investment and PFC interest income, up \$62.5 million and \$7.3 million, respectively, due to higher interest rates.

Total expenses, including depreciation and amortization, for fiscal year 2024 were \$1.1 billion, an increase of \$49.1 million or 4.6%, as compared to fiscal year 2023. Operating expenses in fiscal year 2024, excluding depreciation and amortization, were \$642.9 million, an increase of \$55.4 million, or 9.4%, as compared to fiscal year 2023.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

The following chart reflects the major sources and percentage of operating expenses for fiscal years ended September 30, 2024 and 2023:

A summary of operating expenses for the years ended September 30, 2024 and 2023 is as follows (in thousands):

	2024	2023	Increase (Decrease)	Percentage Change
Operating expenses:				
Salaries and benefits	\$ 189,480	\$ 200,730	(11,250)	(5.6)%
Contractual services	116,250	104,779	11,471	10.9 %
Services provided by other County departments	115,618	96,319	19,299	20.0 %
Maintenance and repairs	122,356	85,540	36,816	43.0 %
Utilities	62,283	69,051	(6,768)	(9.8)%
Materials and supplies	12,549	12,526	23	0.2 %
Insurance	12,114	10,624	1,490	14.0 %
Other	12,224	7,873	4,351	55.3 %
Total operating expenses before depreciation and amortization	642,874	587,442	55,432	9.4 %
Depreciation and amortization	282,857	283,358	(501)	(0.2)%
Total operating expenses	925,731	870,800	54,931	6.3 %
Nonoperating expenses:				
Interest expense	199,980	205,847	(5,867)	(2.9)%
Total nonoperating expenses	199,980	205,847	(5,867)	(2.9)%
Total expenses	\$ 1,125,711	\$ 1,076,647	\$ 49,064	4.6 %

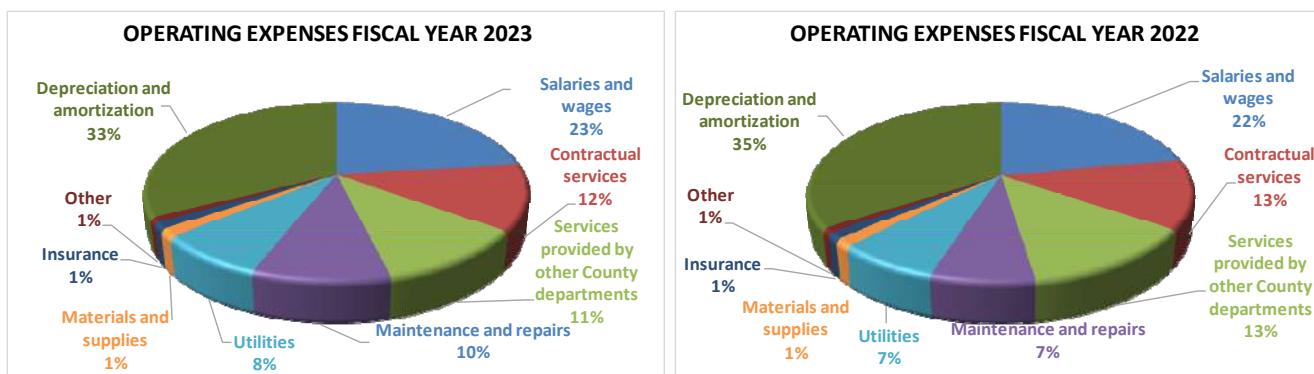

The increase in operating expenses is primarily attributed to higher maintenance and repairs cost for elevators, buildings, and the automated people mover and system (APM), up \$13.3 million, \$10.3 million, and \$4.8 million, respectively, due to aging equipment and facilities, structural repairs to the APM in concourse D, and higher contract cost. Police, fire, and security services provided by the County also increased, up \$6.0 million, \$6.0 million, and \$2.0 million, respectively, as compared to fiscal year 2023, due to the 3% cost of living adjustment (COLA) and higher overtime payments in 2024. The decline in salaries and benefits was largely due to lower pension expense, down \$21.1 million, as compared to fiscal year 2023, which was partially offset by the 3% COLA in 2024.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

Total expenses, including depreciation and amortization, for fiscal year 2023 were \$1.1 billion, an increase of \$51.0 million or 5.0%, as compared to fiscal year 2022. Operating expenses in fiscal year 2023, excluding depreciation and amortization, were \$587.4 million, an increase of \$53.4 million, or 10.0%, as compared to fiscal year 2022.

The following chart reflects the major sources and percentage of operating expenses for fiscal years ended September 30, 2023 and 2022:

A summary of operating expenses for the years ended September 30, 2023 and 2022 is as follows (in thousands):

	2023	2022	Increase (Decrease)	Percentage Change
Salaries and benefits	\$ 200,730	\$ 179,989	20,741	11.5 %
Contractual services	104,779	102,385	2,394	2.3 %
Services provided by other County departments	96,319	105,389	(9,070)	(8.6)%
Maintenance and repairs	85,540	59,860	25,680	42.9 %
Utilities	69,051	59,335	9,716	16.4 %
Materials and supplies	12,526	11,260	1,266	11.2 %
Insurance	10,624	8,967	1,657	18.5 %
Other	7,873	6,869	1,004	14.6 %
Total operating expenses before depreciation and amortization	587,442	534,054	53,388	10.0 %
Depreciation and amortization	283,358	280,175	3,183	1.1 %
Total operating expenses	870,800	814,229	56,571	6.9 %
Nonoperating expenses:				
Interest expense	205,847	211,442	(5,595)	(2.6)%
Total nonoperating expenses	205,847	211,442	(5,595)	(2.6)%
Total expenses	\$ 1,076,647	\$ 1,025,671	\$ 50,976	5.0 %

The increase in operating expenses is primarily attributed to higher maintenance and repairs cost for elevators, automated people mover and system, and buildings, up \$7.2 million, \$8.1 million, and \$6.6 million, respectively, due to aging equipment and facilities and higher contract cost, utilities, up \$9.7 million, and salaries and fringe benefits, up \$20.7 million, over fiscal year 2022. The increase in salaries and benefits was largely due to higher pension expense, up \$14.6 million, as compared to fiscal year 2022.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

In accordance with the amended and restated Trust Agreement (the "Trust Agreement"), the Aviation Department is required to meet its rate covenant, which means the Aviation Department is required to maintain, charge, and collect rates and charges for the use of, and for the services and facilities provided to, all users of these facilities. In addition, these rates and charges are to provide revenue sufficient to pay current expenses: to make the required Reserve Maintenance Fund annual deposits as recommended by the Consulting Engineers and to make deposits to the Sinking Fund, which comprises the Bond Service Account, the Reserve Account, and the Redemption Account, of not less than 120% of the Principal and Interest Requirements of the Outstanding bonds, as defined in the Trust Agreement (all capitalized terms referenced in the last few sentences are defined terms in the Trust Agreement). The Aviation Department uses an airport system residual cost recovery methodology to set its landing fee rate. The manner in which the residual landing fee is calculated enables the Aviation Department to establish rates to meet its rate covenant.

Capital Assets, Capital Improvement Program, and Debt Administration

Capital Assets

As of September 30, 2024, 2023, and 2022, the Aviation Department had \$5.3 billion, \$5.3 billion, and \$5.5 billion, respectively, invested in capital assets, net of accumulated depreciation and amortization. Assets totaling \$123.6 million were capitalized in fiscal year 2024, including \$45.6 million for land acquisition, \$43.4 million for corporate office building acquisition, \$12.8 million for taxiways and runways rehabilitation and \$2.9 million for new passenger boarding bridges. Assets totaling \$132.4 million were capitalized in fiscal year 2023, including \$82.9 million for taxiways and runways rehabilitation and \$21.8 million for new passenger boarding bridges.

The following table summarizes the composition of capital assets, net of accumulated depreciation and amortization, as of September 30, 2024, 2023, and 2022 (in thousands):

	2024	2023	2022
Land	\$ 192,525	\$ 146,906	\$ 146,906
Buildings, improvements, and systems	3,885,248	4,018,263	4,191,211
Infrastructure	525,710	549,100	499,601
Furniture, machinery, and equipment	436,019	483,615	510,181
Right-to-use lease assets			
Buildings	5,572	6,167	6,761
Subscription assets	1,399	1,904	-
	5,046,473	5,205,955	5,354,660
Construction in progress	221,980	110,789	124,539
Total capital assets, net	\$ 5,268,453	\$ 5,316,744	\$ 5,479,199

The Aviation Department adopted GASB Statement No. 96, Subscription-Based Information Technology Arrangements, and for the fiscal years ended September 30, 2024 and 2023, recognized subscription assets of \$1.4 million and \$1.9 million, respectively, net of accumulated amortization of \$1.0 million and \$0.5 million, respectively.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

Capital Improvement Program

The Aviation Department has adopted a Capital Improvement Program (“CIP”), that will fund up to \$7.5 billion in airport-wide modernization projects over the next 15 years, and a Modernization in Action (M.I.A) Plan that will fund \$1.7 billion in maintenance upgrades. The CIP is designed to address all the airport's future capacity and operational needs and include upgrades to the terminal facilities to meet growing passenger demand and enhance the overall traveler experience, accommodate larger aircrafts, optimize aircraft parking, improve aesthetics, and meet current life safety and security requirements, as well as maintenance needs. Approximately, \$4.2 billion will be used to construct a new state-of-the-art parking garage, that will add more than 2,200 spaces across seven levels, completely redesign the Central Terminal, including Concourses E and F, expand the South Terminal to include a new Concourse K, renovate Concourse D gates to accommodate additional wide-and narrow-body aircraft, as well as larger regional jets, and expand aircraft parking positions and warehouses for cargo operations. Through the M.I.A. plan, all 126 passenger loading bridges, 203 public restrooms, and 616 conveyance units (elevators, escalators, and moving walkways) are being renovated in phases over 5 to 7 years.

The CIP consists of 225 capital projects grouped into 24 subprograms, and cumulative expenditures through September 30, 2024, totaled \$1.2 billion. Some notable projects completed in fiscal year 2024 were the rehabilitation of taxiways R, S, and T, with extension of taxiway R and connector taxiway M5, modernization of the South Terminal public restrooms, installation of new Satellite E elevator and new passenger loading bridges terminal-wide, and strategic land and building acquisition such as, Building 7200 West of MIA and the Borek property at Tamiami Executive Airport. Strategic capital investments in fiscal year 2025 are set to elevate the airport's infrastructure, and some noteworthy initiatives include the integration of cutting-edge biometric boarding technology at all 60 gates in Concourse D, modernization of elevators, escalators, and moving walkways, the continued revamping of public restrooms and passenger boarding bridges throughout all the terminals, the recertification of buildings to bring them to code, and Runway 9L/27R rehabilitation at Opa-locka Airport.

As of September 30, 2024, 102 projects totaling \$4.2 billion are in the planning and design phase, 21 projects totaling \$1.1 billion in bid and award, 37 projects totaling \$0.4 billion are under construction, and 65 projects totaling \$1.1 billion are completed and pending close-out.

Additional information on the Aviation Department's capital assets can be found in Note 5 to the financial statements of this report.

Debt Administration

The following is a comparative summary of long-term debt outstanding as of September 30, 2024, 2023, and 2022 (in thousands):

	2024	2023	2022
Bonds payable, including premium on issuance			
Revenue bonds	\$ 4,964,209	\$ 5,189,188	\$ 5,335,420
General obligation bonds	179,443	188,752	192,490
Commercial paper notes	120,000	40,000	30,000
Financed purchase liability	49,863	54,879	59,569
Lease and subscription liabilities	7,593	8,491	6,968
Total long-term debt	\$ 5,321,108	\$ 5,481,310	\$ 5,624,447

As of September 30, 2024, 2023, and 2022 the Aviation Department had a total of \$5.3 billion, \$5.5 billion, and \$5.6 billion, respectively, in long-term debt outstanding, a decline of \$160.2 million, \$143.1 million, and \$105.4 million, respectively, as compared to fiscal years 2023, 2022, and 2021, largely due to scheduled principal payments and bond premium amortization.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

The long-term debt consists primarily of Aviation Revenue Bonds issued under the Trust Agreement, Double-Barreled Aviation Bonds issued by the County, and Commercial Paper Notes. Maturity dates range from 2025 to 2050, and the interest rates range from 1.229% to 5.500%. Both principal and interest for the Aviation Revenue Bonds are payable solely from net revenue generated from the airport facilities constructed under the provisions of the Trust Agreement. These Aviation Revenue Bonds do not constitute debt of the County or a pledge of the full faith and credit of the County. In addition to net revenue, the Aviation Department used \$54.0 million, \$60.0 million, and \$80.0 million of PFC revenue to pay principal and interest due in fiscal year 2024, 2023, and 2022, respectively. In 2024, the Aviation Department also used \$39.5 million from the improvement fund to pay principal and interest due in fiscal year 2024.

On August 1, 2024, the Aviation Department issued \$779.7 million and \$138.5 million of Aviation Refunding Bonds, at a premium of \$65.5 million and \$17.0 million, respectively (Series 2024A and Series 2024B). The Series 2024A and 2014B refunding bonds bear stated interest of 5.00%, which is payable semiannually on April 1 and October 1 each year. The net proceeds were placed in an irrevocable trust account to partially refund \$261.7 million of the Revenue Bond Series 2014 outstanding principal, fully refund \$580.1 million of the Revenue Bond Series 2014A outstanding principal, fully refund \$154.8 million of the Revenue Bond Series 2014B outstanding principal. The Series 2014, 2014A, and 2014B bonds will mature on October 30, 2024, and as of September 30, 2024, the Irrevocable Escrow Account for the refunding had approximately \$1.0 billion.

The Aviation Department recorded a deferred gain on refunding totaling \$42.1 million at August 1, 2024, resulting from the difference between the net carrying amount of the refunded debt and the reacquisition price. The amount is being amortized over the life of the new bond using the weighted-average method and for the fiscal year ended September 30, 2024, the Aviation Department reported a deferred gain on refunding, net of amortization, of approximately \$41.3 million, included in deferred inflow of resources on the accompanying statements of net position. The refunding also resulted in a net present value savings of approximately \$83.7 million.

The refunded principal portion of the Aviation Revenue Bond Series 2014, 2014A and 2014B are considered defeased and the liability for these bonds were removed from long-term debt. Accordingly, the related assets and liabilities for the portion of the refunded series are not included in the Aviation Department's financial statements.

Some issues of General Aviation Revenue Bonds are insured by various original monoline insurance companies whose credit ratings reflect the financial capacity of these companies. The purchase of insurance at the time the debt was issued, elevated bond ratings by Standard & Poor's, Moody's Investor Service, and Fitch Ratings to AAA, Aaa, and AAA, respectively, and lowered the interest rate on the related debt. The Trust Agreement requires that insurers have certain minimum ratings in order to insure County bonds. The policies provide that insurers will make debt service payments in the unlikely event the County is unable to do so. Since the insured bonds were issued, the ratings of the various monoline insurers have been lowered or withdrawn by the rating agencies. The rating downgrades do not necessarily affect the insurance companies' ability to pay claims, and the various insurance policies remain in effect. However, the Reserve Account was affected by the rating downgrades of the Surety policies that were purchased in lieu of cash funding the Debt Service Reserve Requirement. The Aviation Department funded the reserve requirement shortfall by funding the difference over a specified time period. As a result, the Aviation Department has a fully funded cash reserve along with potentially viable but unusable Surety policies unless the ratings of the Reserve Surety Providers are upgraded to "AA/Aa" or higher. The County's cash flow and its ability to pay its debt service obligation have not been affected.

As of September 30, 2024, the public underlying ratings for the Aviation Department's outstanding General Aviation Revenue Bonds were A+ with a stable outlook, AA- with a stable outlook, and A+ with a stable outlook per Standard & Poor's, Kroll Bond Rating Agency, and Fitch Ratings, respectively.

Additional information on the Aviation Department's debt administration can be found in Note 6 of this report.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

Economic Factors and Outlook

For the third consecutive year, MIA passenger traffic, which fell to an all-time low during fiscal year 2020, rebounded past 2019 levels to record highs, as did the economy of the metropolitan area of Miami-Dade County, which principally serves MIA. Because the residents in Miami-Dade County serve as a portion of the MIA passenger traffic, the health of the local economy affects the Airport's revenue. One of the local economic factors that affects MIA is the (not seasonally adjusted) unemployment rate, which increased from 1.8% in September 2023 to 2.1% in September 2024.

Total non-farm employment for the Miami-Fort Lauderdale-West Palm Beach, Florida metropolitan area outperformed the national average, increasing by 2.2% compared to 1.5% nationwide. The education and health services sectors recorded the highest growth rate, adding over 14,600 employees in 2024, a 3.2% increase year-over-year compared to 3.8% nationally. Home prices also trended upwards, increasing by 3.9% from September 2023 to September 2024 according to the Standard & Poor/Case-Shiller Home Price Index, which is a decrease from the 5.0% growth rate experienced in fiscal year 2023.

MIA soared to unprecedented heights in fiscal year 2024, marking a historic year of accomplishments in passenger and cargo traffic, as well as substantial investments in maintenance and capital improvements. MIA achieved its highest ever annual passenger total, welcoming 55.7 million travelers in 2024 compared to 51.6 million in 2023, as noted in the table below.

Fiscal Year	Total Passengers	Percentage Change
2015	43,347,129	6.1 %
2016	44,901,753	3.6 %
2017	43,758,409	(2.5)%
2018	44,938,486	2.7 %
2019	45,811,583	1.9 %
2020	25,382,384	(44.6)%
2021	30,219,088	19.1 %
2022	49,733,342	64.6 %
2023	51,563,044	3.7 %
2024	55,702,982	8.0 %

Contributing to MIA's phenomenal growth rate and post COVID recovery were hub carrier American Airlines and its subsidiary Envoy, the joint venture relationship between LATAM and Delta, new low-cost U.S. carriers, Southwest Airlines, JetBlue Airways, and Spirit Airlines, new international carriers, and the addition of over 15 domestic and international routes. Low-cost carriers, including Frontier Airlines, carried 5.0 million passengers in fiscal year 2024, which was 9.1% of total MIA's traffic.

Since Concourse D was completed in 2010, American Airlines has been able to grow its hub operation at MIA. American Airlines, along with its regional airline, Envoy, has significantly increased service to MIA, which is represented by its 36.1% enplaned passenger growth rate from fiscal years 2010 to 2024. American Airlines and its affiliates continued to be the leading carriers at MIA, representing 60.1% of total passengers in fiscal year 2024, as passenger volumes grew by 7.7% or 2.4 million passengers in 2024 as compared to 2023, after a slight decline of 1.4% or 431,212 passengers in 2023 versus 2022. As a result of the joint venture relationship established in November 2022, LATAM and Delta also recorded significant passenger growth in fiscal year 2024, up 18.1% and 17.2%, respectively, over fiscal year 2023. LATAM and Delta airlines passenger traffic also increased in 2023, up 48.1% and 16.1%, respectively, over fiscal year 2022. The JV's mission is to significantly enhance travel connectivity between North and South America.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

The financial strength and stability of the airlines serving MIA may affect future airline passenger traffic. While passenger demand at the Airport is expected to increase in the future, there can be no assurance given as to the levels of aviation activity that will be achieved at the Airport in the future. Any financial or operational difficulties incurred by American Airlines or any other major air carriers at the Airport could have a material, adverse effect on the Airport as well as any natural disasters such as hurricanes or pandemics, although the Aviation Department would take measures to mitigate these potential effects as it has done for the recent pandemic.

In fiscal year 2024, air cargo tonnage at MIA increased by 5.3%, as compared to fiscal year 2023, but declined by 1.3% in fiscal year 2023 versus 2022, as the air cargo industry stabilized after the significant growth experienced in fiscal years 2022 and 2021. The air cargo industry cratered in the early days of the pandemic but returned to pre-pandemic levels due to a number of reasons, including congestion in the ocean freight market and the increase in e-commerce.

In terms of air cargo tonnage at MIA, the numbers are noted in the following table.

Fiscal Year	Total Cargo (Tons)	Percentage Change
2015	2,206,306	0.9 %
2016	2,219,606	0.6 %
2017	2,247,913	1.3 %
2018	2,368,617	5.4 %
2019	2,346,241	(0.9)%
2020	2,301,051	(1.9)%
2021	2,645,956	15.0 %
2022	2,807,140	6.1 %
2023	2,770,981	(1.3)%
2024	2,917,093	5.3 %

As shown in the table above, air cargo tonnage at MIA tends to fluctuate on an annual basis. However, the carriage of cargo in the belly of the aircraft is a key source of operating revenue for many passenger airlines serving MIA, particularly the foreign-flag airlines, and an important contributor to the viability of their passenger flights. In addition, MIA benefits from its geographic location because MIA acts as a transshipment location with a major portion of the goods being shipped beyond MIA. During calendar year 2023, the Airport handled 82% of all air imports and 76% of all air exports between the United States and the Latin American/Caribbean region. Additionally, in calendar year 2023, MIA led all U.S. airports in perishable cargo, handling 68% of all perishable product imports.

Airline Rates and Charges – In previous years, airline rates and charges at MIA had significantly increased primarily due to the large amount of new money Aviation Revenue Bonds that was issued between 1994 and 2010. The additional debt translated into higher annual debt service costs and resulted in MIA becoming one of the more expensive U.S. airports from an airline rates and charges perspective. Under the Aviation Department's airline rate methodology, these debt service costs are passed along to the MIA air carriers, mostly through aviation fees and terminal rental rates.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
MANAGEMENT'S DISCUSSION AND ANALYSIS**

SEPTEMBER 30, 2024 AND 2023 (UNAUDITED)

The increase in the airline costs due to the higher annual debt service has been mitigated in prior years for the reasons noted below:

- 1) The higher than anticipated surplus revenue (i.e., realizing higher than budgeted revenue and spending less than budgeted expenses), which is used to offset the residual landing fee related costs in the subsequent fiscal year. In fact, the landing fee rate has stayed below fiscal year 2014 landing fee rate for the last eight years, \$1.75 in fiscal year 2014 with the subsequent fiscal years being no higher than \$1.68 and the last four fiscal years (2019-2024) being \$1.62.
- 2) The refunding of the Aviation Revenue Bonds and the Double-Barreled General Obligation Bonds that were issued between 1994 and 2024. These refunding transactions have resulted in a net present value savings of \$870.8 million based on a par amount of \$7.1 billion for the refunded bonds; an overall net present value savings of 12.2%.
- 3) The Aviation Department has controlled its budgeted (and thereby the actual) operating expenses as shown by a moderate increase in operating expenses (excluding depreciation and amortization) over the last few years. The higher than anticipated nonairline revenue in various years has also offset the airline costs under the residual rate methodology. Although, the Aviation Department increased its fiscal year 2024 operating budget by 13.6%, other measures taken and the significant increase in MIA departing seats (used as a denominator for most of the aviation fee calculations) offset the increase, such that most of the major fiscal year 2024 rates and charges remained flat, if not less, than fiscal year 2023 rates and charges.
- 4) Assistance from the federal government in the form of grants that reimbursed operating costs and debt service costs through the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the Coronavirus Response and Relief Supplemental Appropriation Act (CRRSA Act), and the American Rescue Plan Act (ARP Act), which were created as federally funded pandemic relief programs. In fiscal years 2023, 2022, 2021, and 2020, the Aviation Department received \$134.7 million, \$30 million, \$58.1 million, and \$184.1 million, respectively, for a total of \$406.9 million in grant reimbursements from these programs.

Request for Information

This financial report is designed to provide customers, creditors, and other interested parties with a general overview of the Aviation Department's finances. Questions concerning any of the information provided in the report or requests for additional financial information should be addressed in writing to the Chief Financial Officer, Miami-Dade County Aviation Department, 4200 N.W. 36th Street, Suite 300, Miami, Florida 33122.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 1—General

a. *Description* – Miami-Dade County, Florida (the “County”) is a chartered political subdivision of the state of Florida and is granted home rule county powers by the Constitution of the state of Florida and Florida Statutes. The Board of County Commissioners (the “Board” or the “BCC”) is the legislative and governing body of the County. The Miami-Dade County Aviation Department (the “Aviation Department”), established on February 6, 1973, is included as an enterprise fund in the County’s annual comprehensive financial report as part of the County’s reporting entity.

These financial statements present only the Aviation Department and do not purport to, and do not, present fairly the financial position of the County as of September 30, 2024 and 2023, and the changes in its financial position and its cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”).

Pursuant to the general laws of Florida, the County owns Miami International Airport (“MIA”), three general aviation airports, and two training airports, one of which has been closed (collectively, the “Airports”), all of which are operated by the Aviation Department.

b. *Basis of Presentation* – The Aviation Department operates as an enterprise fund of the County. An enterprise fund is used to account for the financing of services to the general public, since substantially all of the costs involved are paid in the form of charges by users of such services. Accordingly, the Aviation Department’s financial statements have been prepared using the economic resources measurement focus and accrual basis of accounting. Revenue is recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

c. *Authority to Fix Rates* – Under the provisions of the Trust Agreement, amended and restated dated December 15, 2002 by the County, The Bank of New York, successor in interest to JP Morgan Chase Bank, New York, New York, as trustee (the Trustee), and U.S. Bank National Association (successor in interest to Wachovia Bank, National Association, Miami, Florida) as co-trustee (the “Co-Trustee”) (the “Trust Agreement”), which amended and restated the Trust Agreement dated as of October 1, 1954 with the Chase Manhattan Bank (predecessor-in-interest to the Trustee) and First Union National Bank of Miami (predecessor-in-interest to the Co-Trustee), as amended and supplemented (the Original Trust Agreement), the Aviation Department is required to maintain, charge, and collect rates and charges for the use and services provided, which will provide revenue sufficient to:

- Pay current expenses, as defined in the Trust Agreement.
- Make the Reserve Maintenance Fund (the Reserve Maintenance Account) deposits recommended by the Consulting Engineers.
- Make deposits to the Interest and Sinking Fund (the Sinking Fund Account) comprising the Bond Service Account, the Reserve Account, and the Redemption Account of not less than 120% of the principal and interest requirements of the Trust Agreement Aviation Revenue Bonds, as defined in the Trust Agreement.

Any remaining balance in the Revenue Fund, after meeting the requirements noted above, is deposited to the Improvement Fund (the Improvement Account), as defined in the Trust Agreement.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 1—General (continued)

d. *Agreements with Airlines* – The Airline Use Agreement (“AUA”), which became effective in August 2018, establishes an airport system residual landing fee such that all costs not recovered through other revenue will be recovered from the landing fee revenue. Pursuant to the requirements of the AUA, remaining money residing in the Improvement Fund at the end of the fiscal year in excess of \$7.6 million, adjusted annually by the Consumer Price Index (“CPI”), is to be transferred to the Revenue Fund in the subsequent fiscal year, thus reducing the amounts otherwise to be paid by the MIA air carriers in that fiscal year. The \$7.6 million annual contribution is deposited into a separate account that has a cumulative cap of \$22.8 million also subject to a CPI adjustment and can be used for any discretionary airport related purpose. As of September 30, 2024 and 2023, the excess deposit, which was transferred to the Revenue Fund annually by March, was approximately \$84.1 million and \$79.8 million, respectively.

e. *Relationship with County Departments* – The Aviation Department reimburses the County’s General Fund for its portion of the direct administrative service cost, such as audit and management services, the Board, Clerk of the Courts, computer services and information systems, fire, police, personnel, and others. For the years ended September 30, 2024 and 2023, the Aviation Department recorded an expense in the amount of approximately \$3.5 million and \$3.3 million, respectively, for the indirect administrative services cost reimbursement in accordance with the formula developed as a result of the cost allocation study completed in fiscal year 2017, using administrative costs for fiscal year 2015.

In addition, the Aviation Department pays other County departments directly for most services provided such as fire, police, legal, and general services administration. The total cost to the Aviation Department for these services was approximately \$112.1 million and \$93.0 million for the years ended September 30, 2024 and 2023, respectively.

As of September 30, 2024 and 2023, the Aviation Department owes the County approximately \$4.3 million and \$5.0 million, respectively, for various services. For this same period, the Aviation Department has receivables due from the County in the amount of approximately \$0.1 million and \$0.6 million, respectively.

Note 2—Summary of significant accounting policies

a. *Basis of Accounting* – The financial statements are presented on the accrual basis of accounting. Under this method, revenue is recorded when earned and expenses are recorded when incurred.

b. *Cash and Cash Equivalents* – Cash includes cash on hand, amounts in demand deposits, and positions in investment pools that can be deposited or withdrawn without notice or penalty. Cash equivalents are short-term, highly liquid securities with known market values and maturities, when acquired, of less than three months.

c. *Investments* – Investments consist primarily of U.S. government securities and are carried at fair value based on quoted market prices.

d. *Leases* – The lease receivable and liability are measured at the present value of the fixed lease payments expected to be received or made during the lease term, using the Aviation Department’s weighted average incremental borrowing rate. The deferred inflow of resources and intangible right-to-use assets are equal to the lease receivable and liability, respectively, adjusted for payments received or made at or before the lease commencement date. Subsequently, the lease receivable is reduced by the principal portion of lease payments received, and the deferred inflow of resources is recognized as revenue over the life of the lease term. The lease liability is reduced by the principal portion of the lease payments made and the right-to-use asset is amortized on a straight-line basis over the lease term. Lease liabilities are included in lease and subscription liabilities and the right-to-use assets are reported with capital assets on the accompanying statement of net position.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

The Aviation Department remeasures the lease receivable and lease liability, right-to-use assets and deferred inflow of resources, if certain changes occur that are expected to significantly affect the amount of the lease receivable or lease liability.

e. *Subscription Based Information Technology Agreements* – The Aviation Department recognizes a subscription liability and an intangible right-to-use subscription asset at the commencement of the term. The subscription liability is measured at the present value of future payments and the intangible right-to-use asset is equal to the liability, adjusted for payments made at the start of the subscription term. The liability is reduced by the principal portion of payments made and the asset is amortized on a straight-line basis over the lease term. Subscription liabilities are included in lease and subscription liabilities and the intangible assets are reported with capital assets on the accompanying statement of net position.

f. *Inventories* – Inventories, consisting of building materials/supplies and spare parts, are valued at cost using the first-in, first-out method.

g. *Capital Assets, Depreciation and Amortization* – Property acquired with an initial individual cost of \$1,000 or more and an estimated useful life in excess of one year is capitalized at cost. Capital assets are recorded at cost, except for contributions by third parties, which are recorded at acquisition value at the date of contribution. Expenditures for maintenance, repairs, minor renewals, and betterments are expensed as incurred. When property is disposed of, the cost and related, accumulated depreciation is eliminated from the accounts, and any gain or loss is reflected in the statement of revenue, expenses, and changes in net position.

The Aviation Department depreciates assets using the straight-line method of depreciation over the assets' estimated useful lives as follows:

Buildings, improvements, and systems	40 years
Infrastructure	20-30 years
Furniture, machinery, and equipment	5-16 years

Management evaluates whether there has been a significant, unexpected decline in the utility of a capital asset that could indicate an impairment in the capital asset. If there is an indication an asset may be impaired, the Aviation Department determines whether an impairment should be recognized. The Aviation Department concluded that no impairment exists as of September 30, 2024 and 2023.

Right-to-use lease assets with an initial value of \$200,000 or more, are recorded at the present value of future expected minimum lease payments, plus any payments made at or before the commencement date and are amortized on a straight-line basis over the life of the related lease term.

h. *Interest on Indebtedness* – Interest is charged to expense as incurred.

i. *Restricted Assets* – Assets required to be reserved for airport maintenance and debt service pursuant to the Trust Agreement are classified as restricted assets and are not available for payment of current expenses. In accordance with the terms of the Trust Agreement, assets of the Reserve Maintenance Account are restricted for unusual or extraordinary maintenance or repairs, renewals, and replacements, the cost of replacing equipment, and premiums on insurance required to be carried under the provisions of the Trust Agreement and are not available for the payment of current expenses.

Unexpended Passenger Facility Charges ("PFC") revenue and accumulated interest earnings are restricted to be used on Federal Aviation Administration ("FAA") approved capital projects and are classified as restricted assets.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

When both restricted and unrestricted resources are available for use, it is the Aviation Department's policy to use restricted resources first, then unrestricted resources as needed.

j. Compensated Absences – The Aviation Department accounts for compensated absences by accruing a liability for employees' compensation of future absences. The Aviation Department's policy permits employees to accumulate unused vacation and sick pay benefits that will be paid to them upon separation from service. The Aviation Department recognizes a liability and expense in the period vacation and sick pay benefits are earned. As of September 30, 2024 and 2023, liabilities related to compensated absences were approximately \$38.5 million and \$36.4 million, respectively, of which an estimated \$12.4 million and \$11.2 million, respectively, is payable within a year.

k. Rent Advances – Rent payments that apply to future periods are recorded as rent advances, when received. See Note 6 to the financial statements for additional information.

l. Environmental Remediation – Both environmental remediation expenses that relate to current operations and environmental remediation expenses that relate to an existing condition caused by past operations, and which do not contribute to current or future revenue generation, are expensed. Assets acquired for environmental remediation are capitalized as appropriate.

m. Deferred Outflows/Inflows of Resources – The statement of net position reports a separate section for deferred outflows of resources in addition to assets. Deferred outflows of resources represent a consumption of net assets that applies to future periods. As of September 30, 2024 and 2023, the Aviation Department reported deferred outflows of resources for pension related items as discussed in Note 11, for other postemployment benefits ("OPEB") related items as discussed in Note 13, and for deferred losses on refundings.

The statement of net position reports a separate section for deferred inflows of resources in addition to liabilities. Deferred inflows of resources represent an acquisition of net assets that applies to future periods. As of September 30, 2024 and 2023, the Aviation Department reported deferred inflows of resources for public-private partnerships as discussed in Note 8, leases as discussed in Note 9, pension related items as discussed in Note 11, OPEB related items as discussed in Note 13, and for deferred gains on refundings as discussed in Note 6b.

The deferred (gain) loss on refundings results from the difference in the carrying value of the refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or the refunding debt as a component of interest expense using the weighted-average method, since the results are not significantly different from the effective-interest method, over the remaining life of the old debt or the life of the new debt, whichever is shorter.

n. Bond Discount/Premium and Issuance Costs – Discount/premium on bonds are amortized over the life of the related bond using the effective interest method. Bond issuance costs are expensed as incurred, except any portion related to prepaid insurance costs, which are amortized.

o. Pension Plan – The Aviation Department contributes to the Florida Retirement System (FRS) pension plan, a cost-sharing, multi-employer plan. For the purposes of measuring the net pension liability, deferred outflows of resources, and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of FRS and the Retiree Health Insurance Subsidy (HIS) Program, and additions to/deductions from FRS and HIS's fiduciary net position have been determined on the same basis as they are reported by FRS and HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

p. Other Postemployment Benefits (OPEB) – The Aviation Department contributes to a single-employer, defined-benefit healthcare plan administered by the County. The postretirement health benefits are funded on a pay-as-you-go basis (i.e., the County funds on a cash basis as benefits are paid).

q. Net Position Classifications – Net position is classified and displayed in three components:

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings and deferred outflows of resources that are attributable to the acquisition, construction, or improvement of those assets.

Restricted Net Position – Consists of net position with constraints placed on the use either by: (1) external groups, such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.

Unrestricted Net Position – All other net position that does not meet the definition of “restricted” or “net investment in capital assets”.

r. Operating vs. Nonoperating Revenues and Expense – The Aviation Department distinguishes operating revenues and expenses from nonoperating items in its statement of revenues, expenses, and changes in net position. The Aviation Department defines operating revenues and expenses as revenues earned and expenses incurred from aviation operations and services provided to customers and tenants. Nonoperating revenues and expenses include investment earnings, interest expense, government grants and contributions, and PFC collections.

The components of the major revenue captions are as follows:

Aviation Fees – Landing fees, concourse use charges, loading bridge use charges, baggage claim use charges, screening fees, airplane parking fees, and other similar facilities and service use fees and charges.

Rentals – Rentals of land, buildings, and machinery and equipment.

Management Agreements – Revenue from the automotive parking fees, the Airport Hotel, and the Fuel Farm.

Concessions – Revenue from the sale of duty-free merchandise, rental car companies, and various services provided by terminal complex concessionaires.

s. Grants from Government Agencies – Grants received to cover costs for operating expenses, debt obligations, and relief for concessionaires are recorded as nonoperating other revenue, when earned. The Aviation Department received FAA Airport grant awards under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), Coronavirus Response and Relief Supplemental Appropriations Act (“CRRSA Act”) and the American Rescue Plan Act of 2021 (“ARP Act”) totaling approximately \$207.2 million, \$39.5 million, and \$160.1 million, respectively. During fiscal year 2023, the Aviation Department recorded approximately \$130.2 million in grants under the FAA ARP Act programs to aid with costs related to debt obligations, operating expenses and concessions rent relief. There were no drawdowns in fiscal year 2024 as the full award was liquidated in fiscal year 2023.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

Grants received for the acquisition or construction of capital assets are recorded as capital contributions when all eligibility requirements have been met. Grants are earned when costs relating to such expenses, debt obligations, and capital assets, which are reimbursable under the terms of the grants, have been incurred. During fiscal years 2024 and 2023, the Aviation Department recorded approximately \$50.9 million and \$24.7 million, respectively, in grants relating to contributions consisting of federal and state grants in aid of construction. Grant receivables relating to the contributions as of September 30, 2024 and 2023 were approximately \$13.5 million and \$4.8 million, respectively.

t. Passenger Facility Charges – Effective January 1, 2002, the FAA authorized the Aviation Department to collect PFC of \$4.50 per eligible enplaning, revenue-generating passengers in the aggregate amount not to exceed approximately \$2.7 billion including interest. The latest application, approved by the FAA in April 2022, authorized the Aviation Department to collect PFCs through January 1, 2039. PFC revenue is reported as nonoperating revenue and the net receipts are restricted to be used for funding FAA-approved capital projects and debt service attributable to such approved capital projects. PFCs earned from inception through September 30, 2024 and 2023, was approximately \$2.0 billion and \$1.9 billion, respectively, including interest.

u. Use of Estimates – The preparation of the financial statements requires management of the Aviation Department to make a number of estimates and assumptions relating to the reported amounts of assets and deferred outflows of resources and liabilities and deferred inflows of resources and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

v. Implementation of New Accounting Standards – In April 2022, GASB issued Statement No. 99, *Omnibus 2022*. This statement addresses specific issues that have been identified during implementation of various standards. The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for reporting periods beginning after June 15, 2023. The adoption of these requirements in fiscal year 2024 did not impact the Aviation Department's financial statements and related disclosures.

In June 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62*, which is effective for reporting periods beginning after June 15, 2023. This statement establishes criteria for reporting accounting changes and error corrections in previously issued financial statements. The adoption of GASB Statement No. 100 in fiscal year 2024 did not impact the Aviation Department's financial statements and related disclosures.

w. Future Accounting Standards – In June 2022, GASB issued Statement No. 101, *Compensated Absences*, which is effective for reporting periods beginning after December 15, 2023. The statement updates the recognition and measurement guidance for compensated absences, requiring that liabilities for compensated absences be recognized for leave that has not been used and leave that has been used but not yet paid in cash or settled through noncash means. It also establishes guidance for measuring a liability for leave that has not been used. The Aviation Department is still in the process of determining what effect, if any, the above statement will have on the financial statements and related disclosures.

In January 2024, GASB issued Statement No. 102, *Certain Risk Disclosures*, which is effective for reporting periods beginning after June 15, 2024. The statement requires governments to assess whether a concentration or constraint makes the government vulnerable to the risk of a substantial impact. Governments are required to assess whether an event or events associated with a concentration or constraint could cause the substantial impact to have occurred, have begun to occur or are more likely than not to begin to occur within twelve months of the date of the issuance of the financial statements. The Aviation Department is still in the process of determining what effect, if any, the above statement will have on the financial statements and related disclosures.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 2—Summary of significant accounting policies (continued)

In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*, which is effective for reporting periods beginning after June 15, 2025. The objective of the statement is to improve key components of the financial reporting model to enhance its effectiveness in providing essential information for decision making and assessing a government's accountability. The standard requires certain changes to the presentation of unusual or infrequent items, presentation of the proprietary fund statement of revenues, expenses, and changes to net position, major component unit information, budgetary comparison information, and management's discussion and analysis. The Aviation Department is still in the process of determining what effect, if any, the above statement will have on the financial statements and related disclosures.

In September 2024, GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*, which is effective for reporting periods beginning after June 15, 2025. The statement requires certain types of capital assets, such as capital assets held for sale, intangible assets, lease assets, and subscription assets to be disclosed separately by major class of underlying asset in the capital asset note disclosures. The Aviation Department is still in the process of determining what effect, if any, the above statement will have on the financial statements and related disclosures.

Note 3—Cash, cash equivalents, and investments

The County is authorized through *Florida Statutes* Section 218.415, Ordinance No. 84-47, Resolution R-31-09 and its Investment Policy to make certain investments. The Investment Policy was updated and adopted on January 22, 2009, in response to current and possible uncertainties in the domestic and international financial markets. The County's overall investment objectives are, in order of priority, the safety of principal, liquidity of funds, and maximizing investment income.

As of September 30, 2024 and 2023, total unrestricted and restricted cash and cash equivalents and investments comprise the following (in thousands):

	2024	2023
Cash and cash equivalents	\$ 1,477,651	\$ 1,178,750
Investments, including interest receivable	100,672	411,995
	<hr/> \$ 1,578,323	<hr/> \$ 1,590,745

The carrying amounts of the Aviation Department's local deposits were approximately \$62.8 million and \$58.2 million as of September 30, 2024 and 2023, respectively. All deposits are fully insured by Federal Depository Insurance and are held in qualified, public depositories pursuant to *Florida Statutes* Chapter 280, *Florida Security for Public Deposits Act* (the "Act"). Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits times the depository's collateral pledging level. The pledging level may range from 50% to 125% depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. Any losses to public depositors are covered by applicable deposit insurance, sale of securities pledged as collateral, and, if necessary, assessments against other qualified public depositories of the same type as the depository in default.

As a rule, the Aviation Department intends to hold all purchased securities until their final maturity date. There may be occasional exceptions, including, but not limited to, the need to sell securities to meet unexpected liquidity needs.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 3—Cash, cash equivalents, and investments (continued)

Cash, cash equivalents, and investments as of September 30, 2024 and 2023 are summarized as follows (in thousands):

	2024	2023
Cash deposits	\$ 62,792	\$ 58,184
U.S. government securities	1,218,015	1,146,872
Treasury bills	121,612	180,358
Commercial paper	119,869	156,378
Money market	56,035	48,953
Total cash equivalents and investments	1,515,531	1,532,561
Total cash, cash equivalents, and investments	\$ 1,578,323	\$ 1,590,745

At September 30, 2024 and 2023, the carrying value of cash equivalents and investments included the following (in thousands):

<u>Investment Type</u>	2024	2023
Federal Home Loan Mortgage Corporation	\$ 155,608	\$ 101,902
Federal Home Loan Bank	718,049	748,108
Federal Farm Credit Bank	68,547	171,043
Federal National Mortgage Association	275,811	125,819
Treasury bills	121,612	180,358
Commercial paper	119,869	156,378
Money market	56,035	48,953
	\$ 1,515,531	\$ 1,532,561

a. *Credit Risk* – The Aviation Department's Investment Policy (the "Policy") minimizes credit risk by restricting authorized investments to: Local Government Surplus Funds Trust Fund or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act; Securities and Exchange Commission ("SEC") registered money market funds with the highest credit quality rating from a nationally recognized rating agency; interest-bearing time deposits or savings accounts in qualified public depositories, pursuant to Florida Statutes Section 280.02, which are defined as banks, savings bank, or savings association organized under the laws of the United States with an office in this state that is authorized to receive deposits, and has deposit insurance under the provisions of the Federal Deposit Insurance Act; direct obligations of the U.S. Treasury; federal agencies and instrumentalities; securities of, or other interest in, any open-end or closed-end management-type investment company or investment trust registered under the Investment Company Act of 1940, provided the portfolio is limited to the obligations of the U.S. government or any agency or instrumentality thereof and to repurchase agreements fully collateralized by such U.S. government obligations, and provided such investment company or investment trust takes delivery of such collateral either directly or through an authorized custodian; commercial paper of prime quality with a stated maturity of 270 days or less from the date of its issuance, which has the highest letter and numerical rating as provided for by at least one nationally recognized rating service; banker acceptances that have a stated maturity of 180 days or less from the date of its issuance, and have the highest letter and numerical rating as provided for by at least one nationally recognized rating service, and are drawn on and accepted by commercial banks and that are eligible for purchase by the Federal Reserve Bank; and investments in Repurchase Agreements ("Repos") collateralized by securities authorized by this policy.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 3—Cash, cash equivalents, and investments (continued)

All Repos shall be governed by a standard SIFMA Master Repurchase Agreement; municipal securities issued by U.S., state, or local governments, having at time of purchase, a stand-alone credit rating of AA or better assigned by two or more recognized credit rating agencies or a short-term credit rating of A1/P1 or equivalent from one or more recognized credit rating agencies.

The table below summarizes the investments by type and credit ratings as of September 30, 2024:

Investment Type	Credit Rating		
	S&P	Moody's	Fitch
Federal Home Loan Mortgage Corporation	AA+/A-1+	Aaa/P-1	AAA/F-1+
Federal Home Loan Bank	AA+/A-1+	Aaa/P-1	N/A
Federal Farm Credit Bank	AA+/A-1+	Aaa/P-1	AA/F1+
Federal National Mortgage Association	AA+/A-1+	Aaa/P-1	AA/F1+
Treasury bills	AA+u/A-1+u	Aaa/P-1	AA+u/F1+u
Commercial paper	NA/A-1+	NA/P-1	NA/F1+
Money market	AAAm	Aaa-mf	AAAmmf

The table below summarizes the investments by type and credit ratings as of September 30, 2023:

Investment Type	Credit Rating		
	S&P	Moody's	Fitch
Federal Home Loan Mortgage Corporation	AA+/A-1+	Aaa/P-1	AAA/F-1+
Federal Home Loan Bank	AA+/A-1+	Aaa/P-1	N/A
Federal Farm Credit Bank	AA+/A-1+	Aaa/P-1	AAA/F1+
Federal National Mortgage Association	AA+/A-1+	Aaa/P-1	AAA/F1+
Treasury bills	AA+u/A-1+u	Aaa/P-1	AAA/F1+
Commercial paper	NA/A-1+	NA/P-1	NA/F1
Money market	AAAm	Aaa-mf	AAAmmf

b. Custodial Credit Risk – The Policy requires that bank deposits be secured per Chapter 280, Florida Statutes. This requires local governments to deposit funds only in financial institutions designated as qualified, public depositories by the Chief Financial Officer of the state of Florida and creates the Public Deposits Trust Fund, a multiple financial institution pool with the ability to assess its member financial institutions for collateral shortfalls if a default or insolvency has occurred. As of September 30, 2024 and 2023, all of the County's bank deposits were in qualified public depositories.

The Policy requires the execution of a Custodial Safekeeping Agreement for all purchased securities and shall be held for the credit of the County in an account separate and apart from the assets of the financial institution.

c. Concentration of Credit Risk – The Policy establishes limitations on portfolio composition by investment type and by issuer to limit its exposure to concentration of credit risk. The Policy provides that a maximum of 50% of the portfolio may be invested in the state of Florida Local Government Surplus Trust Fund (the "Pool"); however, bond proceeds may be temporarily deposited in the Pool until other investments have been purchased. Prior to any investment in the Pool, approval must be received from the Board. A maximum of 30% of the portfolio may be invested in SEC-registered money market funds with no more than 10% to any single money market fund. A maximum of 20% of the portfolio may be invested in interest-bearing time deposits or demand accounts with no more than 5% deposited with any one issuer.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 3—Cash, cash equivalents, and investments (continued)

There is no limit on the percentage of the total portfolio that may be invested in direct obligations of the U.S. Treasury or federal agencies and instrumentalities, with no limits on individual issuers (investment in agencies containing call options shall be limited to a maximum of 25% of the total portfolio). A maximum of 5% of the portfolio may be invested in open-end or closed-end funds. A maximum of 50% of the portfolio may be in prime commercial paper with a maximum of 5% with any one issuer. A maximum of 25% of the portfolio may be invested in bankers' acceptances with a maximum of 10% with any one issuer, but a maximum of 60% of the portfolio may be invested in both commercial paper and bankers' acceptances. A maximum of 20% of the portfolio may be invested in repurchase agreements with the exception of one (1) business day agreement, with a maximum of 10% of the portfolio in any one institution or dealer with the exception of one (1) business day agreement. Investments in derivative products shall be prohibited by the County. A maximum of 25% of the portfolio may be directly invested in municipal obligations, up to 5% with any one municipal issuer.

As of September 30, 2024 and 2023, the following issuers held 5% or more of the investment portfolio:

<u>Issuer</u>	2024	2023
Federal Home Loan Mortgage Corporation	10.27%	6.65%
Federal Home Loan Bank	47.38%	48.81%
Federal Farm Credit Bank	0.00%	11.16%
Federal National Mortgage Association	18.20%	8.21%
Treasury bills	8.02%	11.77%
Commercial paper	7.91%	10.20%

d. Interest Rate Risk – The Policy limits interest rate risk by requiring the matching of known cash needs and anticipated net cash outflow requirements; following historical spread relationships between different security types and issuers; and evaluating both interest rate forecasts and maturity dates to consider short-term market expectations. The Policy requires that investments made with current operating funds shall maintain a weighted average of no longer than one year. Investments for bond reserves, construction funds, and other nonoperating funds shall have a term appropriate to the need for funds and in accordance with debt covenants. The Policy limits the maturity of an investment to a maximum of five years.

As of September 30, 2024 and 2023, the County had the following investments with the respective weighted average maturity in years:

<u>Investment Type</u>	2024	2023
Federal Home Loan Mortgage Corporation	0.074	0.425
Federal Home Loan Bank	0.112	0.263
Federal Farm Credit Bank	0.129	0.096
Federal National Mortgage Association	0.052	0.184
Treasury bills	0.115	0.049
Commercial paper	0.085	0.137
Money market	0.003	0.003

e. Foreign Currency Risk – The Policy limits the Aviation Department's foreign currency risk by excluding foreign investments as an investment option.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 3—Cash, cash equivalents, and investments (continued)

f. Fair Value Measurement – The Aviation Department categorizes its investments according to the fair value hierarchy established by U.S. GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. Level 1 assets are valued using quoted prices in an active market for identical assets that can be readily obtained, and Level 2 assets are valued using a matrix pricing technique of quoted prices for similar assets or liabilities in active markets. Money market funds are reported at amortized cost which approximates fair value.

At September 30, 2024, the carrying value of cash equivalents and investments included the following (in thousands):

Investments at Fair Value	Fair Value	Level 1	Level 2	Level 3
Federal Home Loan Mortgage Corporation	\$ 155,608	\$ -	\$ 155,608	\$ -
Federal Home Loan Bank	718,049	-	718,049	-
Federal Farm Credit Bank	68,547	-	68,547	-
Federal National Mortgage Association	275,811	-	275,811	-
Treasury bills	121,612	121,612	-	-
Commercial paper	119,869	-	119,869	-
Total investments at fair value	1,459,496	\$ 121,612	\$ 1,337,884	\$ -
Money market at amortized cost	56,035			
Total investments and cash equivalents	<u>\$ 1,515,531</u>			

At September 30, 2023, the carrying value of cash equivalents and investments included the following (in thousands):

Investments at Fair Value	Fair Value	Level 1	Level 2	Level 3
Federal Home Loan Mortgage Corporation	\$ 101,902	\$ -	\$ 101,902	\$ -
Federal Home Loan Bank	748,108	-	748,108	-
Federal Farm Credit Bank	171,043	-	171,043	-
Federal National Mortgage Association	125,819	-	125,819	-
Treasury bills	180,358	180,358	-	-
Commercial paper	156,378	-	156,378	-
Total investments at fair value	1,483,608	\$ 180,358	\$ 1,303,250	\$ -
Money market at amortized cost	48,953			
Total investments and cash equivalents	<u>\$ 1,532,561</u>

b. Aviation Revenue Bonds – Aviation Revenue Bonds are issued to finance the construction of facilities at the Airports pursuant to the Trust Agreement and are payable solely from and are collateralized by a pledge of net revenue, as defined in the Trust Agreement. The Aviation Revenue Bonds do not constitute a debt of the County or a pledge of the full faith and credit of the County.

Pursuant to Section 802 of the Trust Agreement, events of default resulting in finance related consequences in respect to the Aviation Revenue Bonds include: 1) failure to pay principal when due and payable; 2) payment of interest installment not being made within 10 days after interest is due and payable; 3) if the amount deposited in any fiscal year in the Redemption Account and Reserve accounts do not meet the requirements of the Trust Agreement; 4) if the County is rendered incapable of fulfilling its obligations; 5) if final judgment for the payment of money shall be rendered against the County as a result of owning and controlling Port Authority Properties and the judgment is not discharged within 60 days from entry or an appeal is not taken; 6) if an order or decree is entered with or without the consent of the County, appointing a receiver or receivers of the Port Authority Properties or of the Revenue thereof, and the order shall not be vacated or discharged or stayed on appeal within 60 days after entry; 7) if any proceeding is instituted resulting from creditor claims that are payable out of Revenues as defined by the Trust Agreement, with consent or acquiescence of the County, affecting a composition between the County and its creditors, or adjusted creditor claims, pursuant to any federal or state statute now or hereafter enacted; 8) if the County defaults in the performance of any covenants, conditions, agreements, and provisions contained in the bonds or Trust Agreement, and such default continues 30 days after written notice is provided to the County by the Trustee.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 6—Long-term Liabilities (continued)

Pursuant to Section 803 of the Trust Agreement, the finance related consequences resulting from events of default specified in Section 802, is the acceleration of bond maturities. In each case of default, the Trustee may, and upon written request of not less than 20% of the bond holders, by a notice in writing to the County, declare the principal of all the bonds then Outstanding to be due and payable immediately. The Trust Agreement or Aviation Revenue Bond agreements do not call for termination events or subjective acceleration clauses; other than the acceleration clause mentioned above resulting from events of default.

On August 1, 2024, the Aviation Department issued \$779.7 million and \$138.5 million of Aviation Refunding Bonds, at a premium of \$65.5 million and \$17.0 million, respectively (Series 2024A and Series 2024B). The Series 2024A and 2014B refunding bonds bear stated interest of 5.00%, which is payable semiannually on April 1 and October 1 each year. The net proceeds were placed in an irrevocable trust account to partially refund \$261.7 million of the Revenue Bond Series 2014 outstanding principal, fully refund \$580.1 million of the Revenue Bond Series 2014A outstanding principal, fully refund \$154.8 million of the Revenue Bond Series 2014B outstanding principal. The Series 2014, 2014A, and 2014B bonds will mature on October 30, 2024, and as of September 30, 2024, the Irrevocable Escrow Account for the refunding had approximately \$1.0 billion.

At August 1, 2024, the Aviation Department recognized a deferred gain on refunding totaling \$42.1 million, resulting from the difference between the net carrying amount of the refunded debt and the reacquisition price. The amount is being amortized over the life of the new bond using the weighted-average method and for the fiscal year ended September 30, 2024, the Aviation Department reported a deferred gain on refunding of approximately \$41.3 million, included in deferred inflow of resources on the accompanying statements of net position. The refunding also resulted in a net present value savings of approximately \$83.7 million.

The County has defeased Aviation Revenue Bond Series 2014, 2014A and 2014B by placing the proceeds of the new bond issues in an irrevocable trust account to provide for all future debt service payments of the defeased debt. Such proceeds are invested in direct obligations of the U.S. government and will provide for all future debt service payments on the old bonds. Accordingly, the related assets and liabilities for the portion of the refunded series are not included in the Aviation Department's financial statements.

NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 6—Long-term Liabilities (continued)

c. *Maturities of Bonds Payable* – The annual debt service requirements are as follows (in thousands):

Years Ending September 30,	Aviation Revenue Bonds Principal	Interest
2025	\$ 165,200	\$ 187,580
2026	167,575	194,475
2027	180,380	189,136
2028	175,440	183,117
2029	183,460	177,015
2030-2034	1,069,070	774,914
2035-2039	1,424,100	509,997
2040-2044	1,118,420	165,304
2045-2049	189,000	38,639
2050	41,450	2,073
	<hr/>	<hr/>
	4,714,095	\$ 2,422,250
Plus unamortized premium	<hr/>	<hr/>
	250,114	
	<hr/>	<hr/>
	\$ 4,964,209	

Bond premium is added, and bond discount is deducted from the face amount of bonds payable. Deferred gain or loss on defeased debt is shown separately as a deferred inflow or deferred outflow in the statement of net position. Bond premium and discount are amortized as additional interest expense using the effective interest method. Amortization of bond discount or premium for Aviation Revenue Bonds and Double-Barreled Aviation Bonds was approximately \$22.5 million and \$24.4 million for the years ended September 30, 2024 and 2023, respectively, and is included in interest expense in the accompanying statement of revenue, expenses, and changes in net position.

d. *Double-Barreled Aviation Bond* – On October 22, 2020, the Aviation Department issued approximately \$177.7 million of Double-Barreled Aviation Refunding Bond (“General Obligation”), Series 2020, at a premium of approximately \$22.2 million. The Series 2020 Refunding Bonds, which fully refunded the Series 2010 Double-Barreled Aviation General Obligation Bond, are a General Obligation of the County, secured by the full faith, credit, and taxing power of the County. The Series 2020 Refunding Bonds are payable from ad valorem taxes levied on all taxable property in the County, without limitation as to rate or amount, to the extent Net Available Airport Revenues are insufficient to pay debt services on the Series 2020 Bonds. “Net Available Airport Revenues” is defined to mean any unencumbered funds held for the credit of the Improvement Fund created under the Trust Agreement after the payment of all obligations of the County pertaining to the County airports which are payable pursuant to, and subject to, the restrictions of (i) the Trust Agreement, (ii) any Airline Use Agreement then in effect, or (iii) any other indenture, trust agreement, or contract.

Sections 11.01 and 11.02 of the County Resolution 1364-09, provides events of default and remedies to the events of default in respect to the Series 2010 Bonds; however, there are no finance related consequences that result from an event of default. The Resolution does not call for termination events or subjective acceleration clauses.

NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 6—Long-term Liabilities (continued)

The Series 2020 Refunding Bonds, of which approximately \$168.0 million remains outstanding as of September 30, 2024, will provide long-term financing for certain capital improvement comprising a part of the Capital Improvement Program for the Aviation Department. The proceeds will be used for financing or reimbursing the County for costs of the acquisition, construction, improvement, and/or installation by the Aviation Department of its MIA Mover Program and a portion of its North Terminal Program. The Series 2020 refunding bonds bear stated interest ranging from 2.25% to 5.00%, with principal payments due July 1, 2025 to 2041.

Miami-Dade County Aviation Department Debt Outstanding (In Thousands)

	Issue Date	Rate	Maturity	2024	2023
Refunding serial:					
2020	October 2020	2.250%-5.000%	2025-2041	\$ 168,015	\$ 174,670

e. *Maturities of Double-Barreled Aviation Bonds Payable* – The annual debt service requirements are as follows: (in thousands):

Years Ending September 30,	General Obligation Bonds Principal		Interest
2025	\$ 6,985		\$ 5,785
2026	7,335		5,435
2027	7,705		5,068
2028	8,090		4,683
2029	8,490		4,279
2030-2034	48,375		15,480
2035-2039	56,405		7,453

	168,015		\$ 49,095
Plus unamortized premium	11,428		
	\$ 179,443		

f. *Lease Liabilities* – The Aviation Department extended their 5-year industrial warehouse building lease agreement for an additional 10 years through 2034. The agreement has fixed monthly payments over the lease term and does not contain variable payments or guaranteed residual values. The lease liability was measured at the present value of expected future lease payments. For the fiscal years ended September 30, 2024 and 2023, the Aviation Department reported a lease liability of approximately \$6.2 million and \$6.6 million, respectively, included in lease and subscription liabilities on the accompanying statement of net position. In addition, for the years ended September 30, 2024 and 2023, the Aviation Department reported interest expense of approximately \$0.3 million and \$0.3 million, respectively.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 6—Long-term Liabilities (continued)

The future minimum principal and interest payments under this agreement as of September 30, 2024 are as follows (in thousands):

Years Ending September 30,	Principal	Interest	Total
2025	\$ 458	\$ 251	\$ 709
2026	499	232	731
2027	543	210	753
2028	589	186	775
2029	639	160	799
2030-2034	3,440	341	3,781
	\$ 6,168	\$ 1,380	\$ 7,548

g. Subscription Liabilities - The Aviation Department entered into subscription agreements, whereby the Aviation Department has the right to use and control vendors' information technology software, alone or in combination with other assets. The agreements, with terms expiring in fiscal years 2026 and 2027, include no options to extend, and provide for fixed annual or monthly payments over the lease term, with no variable payments. The subscription liability was measured at the present value of expected future payments. For the fiscal years ended September 30, 2024 and 2023, the Aviation Department reported subscription liabilities of approximately \$1.4 million and \$1.9 million, respectively, included in lease and subscription liabilities on the accompanying statement of net position. In addition, for the years ended September 30, 2024 and 2023, the Aviation Department reported interest expense of approximately \$69,319 and \$88,869, respectively.

The future minimum principal and interest payments for subscription liabilities as of September 30, 2024, are as follows (in thousands):

Years Ending September 30,	Principal	Interest	Total
2025	\$ 504	\$ 53	\$ 557
2026	529	31	560
2027	392	8	400
	\$ 1,425	\$ 92	\$ 1,517

h. Financed Purchase – The Aviation Department has entered into various agreements with banks to provide capital to finance the lease/purchase of certain energy improvement equipment. These arrangements are not reported as leases, as the equipment are owned by the Aviation Department and capitalized at cost. The capitalized cost related to these financed purchases is \$79.4 million, with a carrying value at September 30, 2024 and 2023 of \$51.3 million and \$56.1 million, respectively, net of accumulated depreciation of \$28.1 million and \$23.3 million, respectively.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 6—Long-term Liabilities (continued)

The future minimum payments for principal and interest under these agreements are as follows (in thousands):

Years Ending September 30,	Principal	Interest
2025	\$ 5,357	\$ 1,448
2026	5,599	1,292
2027	5,736	1,131
2028	6,110	965
2029	6,501	787
2030-2034	20,560	1,569
	\$ 49,863	\$ 7,192

i. Rent Advances – The Aviation Department has entered into several development lease agreements permitting tenants of airside facilities to construct some buildings with private financing or funding. Accordingly, certain hangars and cargo facilities, including those for Federal Express, UPS, LATAM Airlines Group, and Centurion Air Cargo, have been constructed with private financing. Ownership to such improvements is retained in the tenant's name and reverts to the Aviation Department after a stated period or at the end of the lease term, at which time the tenant is obligated to pay building rent in addition to ground rent. Depending on the condition of the improvements, the Aviation Department reserves the right to require the tenant to demolish the facilities.

In fiscal year 2023, LATAM Airlines Group S.A. and Aero Miami I, LLC (Aero Miami), extended their 25-year development lease agreement for an additional 10 years through August 15, 2036, and Aero Miami prepaid the improvement building rent totaling approximately \$21.4 million, that is due on the facility from August 16, 2026 to the lease expiration date in 2036.

Similarly, in fiscal year 2022, Federal Express Corporation and Aero Miami FX, LLC (Aero Miami), extended their 25-year development lease term for an additional 21 years through August 2050, and prepaid building rent totaling approximately \$15.4 million, that is due on the facility from March 26, 2029 to the lease expiration date in 2050.

These agreements are reported as regulated leases, and as of September 30, 2024 and 2023, liabilities related to rent advances were approximately \$39.9 million and \$41.0 million, respectively, including approximately \$2.6 million and \$3.3 million, respectively of rent paid in September 2024 and 2023, but due in October 2024 and 2023.

j. Commercial Paper Notes – As of September 30, 2024 and 2023, the County had \$120.0 million and \$40.0 million, respectively, outstanding of Commercial Paper Notes (“Notes”) plus accrued interest of \$367,183 and \$88,794, respectively.

The proceeds of the Notes were used to finance certain Airport and Airport related improvements. The Notes and accrued interest are payable solely from proceeds of future Revenue Bonds and any unencumbered monies in the Improvement Fund. The Notes are secured and payable under an irrevocable transferrable direct-pay letter of credit. The letter of credit, in the amount of \$200.0 million, was approved for the purpose of making funds readily available for the payment of principal and interest on the Notes. As of September 30, 2024 and 2023, there was \$80.0 million and \$160.0 million, respectively, available on the letter of credit. The letter of credit was scheduled to expire on March 17, 2022, subject to earlier termination as provided therein and to extension or renewal as provided therein. On October 18, 2021, an amendment to the letter of credit agreement was executed, extending the expiration date to October 18, 2024. On May 24, 2024, a second amendment to the letter of credit was executed, extending the expiration date to March 18, 2026.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 6—Long-term Liabilities (continued)

Pursuant to Section 6.01 of the Letter of Credit and Reimbursement Agreement securing the Notes, events of default resulting in finance related consequences include: 1) if the County provides materially false or misleading information in respect to the agreement and its compliance; 2) if the County fails to pay principal and interest on any Drawing when due; 3) the County fails to pay amount due to the Bank 10 days after receipt of invoice from the Bank; 4) the County fails to perform or observe any term or covenant or agreement contained in this Agreement; 5) if a final, non-appealable judgment for the payment of money in excess of \$10.0 million in excess of applicable insurance coverage and the same is not satisfied per requirements of such judgment; 6) an occurrence of an event of default under the Trust Agreement; 7) if any material provision of any Related Document shall cease to be valid, be declared null and void, or the County contest its validity and enforceability; 8) if a voluntary or involuntary case or proceeding of bankruptcy, insolvency, or other relief against the County with respect to itself or its debts; 9) if a receiver, liquidator, custodian is appointed in an involuntary case or proceeding against the County, and the appointee takes charge of a substantial part of its properties and such action is not promptly stayed, discharged, or vacated; 10) if the County fails to pay its debts when due or declares a moratorium with respect to its debts; 11) if the long-term credit rating for any Aviation Revenue Bonds is withdrawn, suspended, or downgraded by any Rating Agency below Baa3, or BBB- (or the equivalent).

Pursuant to Section 6.02 of the Letter of Credit and Reimbursement Agreement securing the Notes, the finance related consequences resulting from events of default specified in Section 6.01 include: delivering a No-Issuance Notice to the Paying Agent; and all Unpaid drawings and other amounts owed to the Bank, plus an amount equal to the principal amount of all outstanding CP Notes plus interest will become immediately due and payable.

In accordance with Section 2.02(d) of the Letter of Credit and Reimbursement Agreement securing the Notes, if the letter of credit is terminated or the amount is permanently reduced prior to one year from the closing date, the County will be required to pay the bank an early termination fee equal to the Letter of Credit Fee, that would have been paid on the portion that was terminated or permanently reduced. The Letter of Credit and Reimbursement Agreement does not call for subjective acceleration clauses other than the acceleration clause stated in Section 6.02, resulting from the events of default under Section 6.01.

Note 7—Restricted assets

A summary of restricted assets at September 30, 2024 and 2023 is as follows (in thousands):

	2024	2023
Construction account	\$ 364,958	\$ 369,882
Bond service and reserve account	470,858	481,759
Reserve maintenance	178,590	145,809
	<hr/> \$ 1,014,406	<hr/> \$ 997,450

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 8—Public-private and public-public partnerships and availability payment arrangements

a. *Public-Private Partnership* – In May 2023, the Aviation Department entered into a 20-year noncancelable agreement with a private firm to provide services and amenities for VIP passengers security screening, processing, and transfer to and from commercial airlines. The agreement expires April 30, 2043, and the developer is required to invest a minimum of \$15 million to design, construct, and renovate Building 874 infrastructure by April 2026. The Aviation Department exercises no control over rates charged to third parties and all fees collected are maintained by the operator. The agreement provides for fixed rental payments based on square footage and the greater of a minimum annual guarantee (“MAG”) or a percentage of gross revenue. Rent and MAG charged are increased by fair market value (“FMV”) and consumer price index (“CPI”), respectively, and rates are not adjusted if changes in FMV or CPI falls below zero.

During the year ended September 30, 2024, the Aviation Department entered into a 50-year noncancelable agreement with a private firm, whereby the developer is required to design, build, finance, operate, and maintain an onsite hotel. The agreement expires July 31, 2073, and provides for fixed rental payments based on square footage and the greater of a MAG or a percentage of gross revenue. Rent and MAG charged are increased by FMV and consumer price index for all urban consumers (“CPI-U”), respectively, and rates are not adjusted if changes in FMV or CPI-U falls below zero. The operator will be entitled to all fees during the term of the agreement.

At September 30, 2024 and 2023, the Aviation Department recorded a receivable of approximately \$52.4 million and \$8.0 million, respectively, and deferred inflow of resources of \$50.8 million and \$7.8 million respectively. For fiscal years ended September 30, 2024 and 2023, the Aviation Department recognized interest revenue of approximately \$2.6 million and \$0.1 million, respectively.

The expected future payments included in the measurement of the PPP receivable as of September 30, 2024 are as follows (in thousands):

Years Ending September 30,	Principal	Interest	Total
2025	\$ -	\$ 402	\$ 402
2026	-	453	453
2027	-	525	525
2028	-	724	724
2029	-	2,668	2,668
2030-2034	2,399	15,109	17,508
2035-2039	3,000	14,508	17,508
2040-2044	2,576	13,833	16,409
2045-2049	3,580	10,047	13,627
2050-2054	5,526	8,102	13,628
2055-2059	6,828	6,800	13,628
2060-2064	8,434	5,194	13,628
2065-2069	10,425	3,202	13,627
2070-2073	9,628	820	10,448
	\$ 52,396	\$ 82,387	\$ 134,783

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 8—Public-private and public-public partnerships and availability payment arrangements (continued)

b. Availability Payment Arrangements – The Aviation Department has entered into agreements with nationally recognized private firms, with expertise in their field of service, to manage, operate and maintain the public parking, fuel farm, and hotel facilities at MIA, as well as the employee shuttle buses. The agreement terms range from 5 to 10 years, including options to extend, and terminate no later than fiscal year 2029. The Aviation Department receives all revenue, and the agreements provide for reimbursement of approved budgeted operating expenses and a fixed management fee. While the Aviation Department generally looks toward the management companies for recommendations relative to operation of the facilities, the Aviation Department does exercise complete budgetary control and establishes standards, guidelines, and goals for growth and performance. Such actions are taken within the rights reserved to the Aviation Department under these agreements to control all aspects of the businesses. These include such matters as pricing, staffing, employee benefits, operating hours, facilities maintenance requirements, service levels, market selections, personnel policies, and marketing strategies. The management firms do not act as general agents on behalf of the County and, therefore, cannot obligate or commit the Aviation Department beyond the scope of what is required to run the day-to-day operations of managed properties as established by the budget approved by the Aviation Department.

Note 9—Lessor Leases

The Aviation Department leases terminal space, aircraft maintenance and overhaul facilities, cargo facilities, hangars and other building facilities, and ancillary land facilities to air carriers and other third-party tenants under various cancelable and noncancelable agreements. The agreements, as summarized below, provide for fixed and/or variable rental payments and are designed to allow the Aviation Department to meet its debt service requirements and fund operating expenses.

a. Concession Agreements – The Aviation Department has entered into concession agreements with retail stores and newsstands, duty-free merchandise shops, food and beverage facilities, various rent-a-car companies, and aeronautical and other passenger service companies. The lease terms range from 3 to 21 years and include options to extend that are deemed to be reasonably certain by the Aviation Department based on all available information and past experience. The agreements, the majority of which are noncancelable, provide for rent and/or a MAG and a concession fee based on a percentage of the gross revenue, whichever is greater. The MAG is either fixed, adjusted annually by the CPI, or increased by 3% each year during the term and any extensions. The rents, which are adjusted annually in accordance with the policies and formulas approved by the Board of County Commissioners (“Board”), is deemed not fixed in substance and is excluded from the measurement of the lease receivable.

b. Building and Land Lease Agreements – The leasing operations of the Aviation Department consist principally of the rental of land, pavement, buildings, and office space. The terms of these agreements range up to 55 years and terminate no later than fiscal year 2084. The agreements provide for fixed rental payments based on square footage, and rates charged are increased either by CPI, FMV or 3% each year during the lease term. Rental rates are not adjusted if CPI or FMV decreases.

The Aviation Department as a lessor, recognized a lease receivable and a deferred inflow of resources related to these long-term noncancelable concessions, building and land lease agreements. The discount rate used to measure the lease receivable was the Aviation Department’s weighted average incremental borrowing rate, and the lease receivable was measured at the present value of the lease payments expected to be received during the lease term. The variable components, such as usage-based payments, rental income not based on CPI or other market indices, and payments based on a percentage of the lessee’s gross revenue, are not included in the lease receivable calculation.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 9—Lessor Leases (continued)

At September 30, 2024 and 2023, the Aviation Department recorded a lease receivable related to these concessions, building and land leases of approximately \$163.0 million and \$163.5 million, respectively, and a deferred inflow of resources of approximately \$155.3 million and \$158.1 million, respectively. For fiscal years ended September 30, 2024 and 2023, the Aviation Department recognized lease interest revenue of approximately \$7.0 million and \$7.0 million, respectively. The Aviation Department also recognized variable lease revenue of approximately \$156.5 million and \$142.4 million during fiscal years ended September 30, 2024 and 2023, respectively, for payments excluded from the measurement of the lease receivable.

The expected future lease payments included in the measurement of the lease receivable as of September 30, 2024 are as follows (in thousands):

Years Ending September 30,	Principal	Interest	Total
2025	\$ 5,325	\$ 6,781	\$ 12,106
2026	3,701	6,578	10,279
2027	3,606	6,428	10,034
2028	3,777	6,290	10,067
2029	3,875	6,111	9,986
2030-2034	19,105	28,099	47,204
2035-2039	6,599	25,256	31,855
2040-2044	5,620	24,155	29,775
2045-2049	6,953	22,822	29,775
2050-2054	8,583	21,192	29,775
2055-2059	10,596	19,179	29,775
2060-2064	13,071	16,704	29,775
2065-2069	16,148	13,628	29,776
2070-2074	19,890	9,844	29,734
2075-2079	24,520	5,185	29,705
2080-2084	11,675	1,096	12,771
	<hr/> <u>\$ 163,044</u>	<hr/> <u>\$ 219,348</u>	<hr/> <u>\$ 382,392</u>

c. *Regulated Leases* – Regulated leases at the Aviation Department include agreements with passenger and cargo airlines, mail/shipping carriers, maintenance repair and overhaul companies, fixed based operators, general aeronautical services permittees, as well as companies providing services such as aircraft fueling, baggage handling, aircraft and flight support maintenance, flight communication and training, aircraft storage and tie-down, etc. The agreements, the terms of which expire 2025 through 2079, provide for fixed and/or variable rental payments and are designed to allow the Aviation Department to meet its debt service requirements and fund operating expenses. Rental rates are adjusted annually, and the majority of these agreements, including the Airline Use Agreement (“AUA”), are short-term, as they are cancelable by either party at any time with less than 12 months’ notice.

The AUA, which expires in 2033, establishes an airport system residual landing fee and defines the rights, services, and privileges granted to airlines while using the Airport and its facilities, including preferential gate assignments and usage. As of September 30, 2024, 88 of the 135 gates were subject to preferential use and 664,804 square feet of the 1,022,237 square feet of hold-room and circulation space was subject to exclusive use.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 9—Lessor Leases (continued)

The Aviation Department has entered into long-term noncancelable agreements with cargo companies, fixed base operators and maintenance repair and overhaul companies. The terms of these agreements range up to 55 years and terminate no later than fiscal year 2079. The agreements provide for fixed rental payments based on square footage, and rates charges are adjusted annually as approved by the Board.

For fiscal years ended September 30, 2024 and 2023, the Aviation Department recognized fixed revenue related to such long-term noncancelable regulated leases of approximately \$44.9 million and \$39.1 million, respectively, and minimum future rental receipts under such agreements as of September 30, 2024 are as follows (in thousands):

<u>Years Ending September 30,</u>	
2025	\$ 48,492
2026	47,382
2027	40,983
2028	35,061
2029	34,069
2030-2034	148,964
2035-2039	101,201
2040-2044	59,656
2045-2049	42,166
2050-2054	21,263
2055-2059	13,751
2060-2064	12,248
2065-2069	12,248
2070-2074	12,200
2075-2079	10,789
	<hr/>
	\$ 640,473

Under its regulated leases, the Aviation Department recognized variable lease revenue not previously included in the future expected payments of approximately \$500.3 million and \$511.9 million, respectively, for the years ended September 30, 2024 and 2023. Due to the variable nature of the revenue from year-to-year, expected future receipts are undeterminable.

Note 10—Insurance

The Aviation Department, along with most other County departments, participates in the self-insurance program of the County for workers' compensation, automobile, and general liability insurance covering employees and officials of the County. The program is administered by the Risk Management Division of the Internal Services Department. Allocations of the self-insurance programs are based on the Aviation Department's claims history and administrative costs to adjudicate the claims. The long-term estimated liability for claims payable, including incurred but not reported, is recorded and retained at the County level. Therefore, such long-term liability is not included in the accompanying financial statements. The Aviation Department's long-term liability for workers' compensation, general liability, and automobile liability is estimated to be approximately \$7.6 million and \$8.6 million as of September 30, 2024 and 2023, respectively, based on an independent actuarial valuation. The short-term liability for claims payable in the amount of approximately \$1.2 million and \$1.1 million as of September 30, 2024 and 2023, respectively, is included in due to County Agencies in the accompanying statement of net position.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 10—Insurance (continued)

The Aviation Department also pays premiums to commercial insurance carriers for airport liability insurance and property insurance. The airport liability coverage provides comprehensive general liability, contractual liability, and personal injury liability at all airports. The limit of liability is \$1 billion with a self-insured retention of \$50,000 per occurrence and an annual aggregate retention of \$500,000. The limit for personal injury is \$25 million per occurrence.

The property of the Aviation Department is insured under a County-wide master program that covers most County properties. The Aviation Department allocation is based on the value of the property of the Aviation Department as a percentage of the total value of the property insured. The limit is \$350 million countywide with a \$5 million deductible per occurrence for most perils and a \$200 million deductible for Named Storms. The sublimit for flood is \$50 million. Terrorism is included in the program with a limit of \$195 million. The Business Interruption limit for the Aviation Department is \$17.9 million.

There were no significant reductions in coverage in 2024. The amounts of insurance settlements during the past three fiscal years have not exceeded the Aviation Department's insurance coverage.

Note 11—Retirement benefits

Miami Dade County provides retirement benefits to its employees through the FRS and a Deferred Retirement Option Program (the "DROP"), as well as state approved OPEB in the form of subsidized health insurance premiums.

Florida Retirement System Overview – The County participates in the FRS. The FRS was created in Chapter 121, *Florida Statutes*, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the DROP under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective October 1, 2002. This integrated, defined contribution pension plan is the FRS Investment Plan. Chapter 112, *Florida Statutes*, established the Retiree HIS Program, a cost-sharing, multiple-employer, defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the County are eligible to enroll as members of the state-administered FRS. Provisions relating to the FRS are established by Chapters 121 and 122, *Florida Statutes*; Chapter 112, Part IV, *Florida Statutes*; Chapter 238, *Florida Statutes*; and FRS Rules, Chapter 60S, *Florida Administrative Code*; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature.

The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of the two cost-sharing, multiple-employer defined benefit plans and other nonintegrated programs. An annual comprehensive financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' Website (http://www.dms.myflorida.com/workforce_operations/retirement/publications).

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

FRS Pension Plan

Plan Description – The FRS Pension Plan (the “FRS Plan”) is a cost-sharing, multiple-employer defined benefit pension plan, with DROP for eligible employees. The general classes of membership are as follows:

- Regular Class – Members of the FRS who do not qualify for membership in the other classes.
- Elected County Officers Class – Members who hold specified elective offices in local government.
- Senior Management Service Class (SMSC) – Members in senior management level positions.
- Special Risk Class – Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the FRS Plan prior to July 1, 2011 vest at six years of creditable service and employees enrolled in the FRS Plan on or after July 1, 2011 vest at eight years of creditable service. All vested members, enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service (except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service). All members enrolled in the FRS Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service (except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service). Members of the FRS Plan may include up to four years of credit for military service toward creditable service.

The FRS Plan also includes an early retirement provision; however, there is a 5% benefit reduction for each year a member retires before his or her normal retirement date. The FRS Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, *Florida Statutes*, permits employees eligible for normal retirement under the FRS Plan to defer receipt of monthly benefit payments while continuing employment for up to 60 calendar months with an FRS employer, or 96 months for certain instructional personnel. The election to participate in the DROP must have been made within 12 months of the employee’s normal retirement date, unless the employee was eligible to defer the election. Senate Bill 7024 (SB 7024) modified these provisions and as of June 5, 2023, all eligible employees in a regularly established position can now elect to participate in DROP for a period not to exceed a maximum of 96 calendar months, at any time after an employee reached his or her normal retirement date. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

Benefits Provided – Benefits under the FRS Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class members initially enrolled before July 1, 2011</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class members initially enrolled on or after July 1, 2011</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	
Service as Supreme Court Justice, district court of appeal judge, circuit court judge, or county judge	3.33
Service as Governor, Lt. Governor, Cabinet Officer, Legislator, state attorney, public defender, elected county official, or elected official of a city or special district that chose EOC membership for its elected officials	3.00
<i>Senior Management Service Class</i>	
<i>Special Risk Regular</i>	
Service from December 1, 1970 through September 30, 1974	2.00
Service on and after October 1, 1974	3.00

As provided in Section 121.101, *Florida Statutes*, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. FRS Plan members initially enrolled on or after July 1, 2011 will not have a cost-of-living adjustment after retirement.

Miami-Dade County Allocation – The County allocated the FRS Plan amounts to the different departments based on their proportionate share of contributions to total contributions made by the County to the FRS during fiscal years 2024 and 2023, (October 2022 through September 2024). The Aviation Department's proportionate share of the contributions was 2.86% and 2.90% of the total contributions made by the County to the FRS during fiscal years 2024 and 2023, respectively.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

Contributions – The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates in effect from July 1, 2022, through June 30, 2023, were as follows:

Class	Percent of Gross Salary	
	Employee	Employer⁽¹⁾
FRS, Regular	3.00%	11.91%
FRS, Elected County Officers	3.00%	57.00%
FRS, Senior Management Service	3.00%	31.57%
FRS, Special Risk Regular	3.00%	27.83%
DROP – Applicable to:		
Members from all of the above classes	0.00%	18.60%

⁽¹⁾ Employer rates include 1.66% for the postemployment health insurance subsidy. Also, employer rates, other than for DROP participants, include 0.06% for administrative costs of the Investment Plan.

Contribution rates in effect from July 1, 2023 through June 30, 2024 and July 1, 2024 through September 30, 2024 were as follows:

Class	July 1, 2023 - June 30, 2024		July 1, 2024 - Sept 30, 2024	
	Percent of Gross Salary		Percent of Gross Salary	
	Employee	Employer⁽¹⁾	Employee	Employer⁽¹⁾
FRS, Regular	3.00%	13.57%	3.00%	13.63%
FRS, Elected County Officers	3.00%	58.68%	3.00%	58.68%
FRS, Senior Management Service	3.00%	34.52%	3.00%	34.52%
FRS, Special Risk Regular	3.00%	32.67%	3.00%	32.79%
DROP – Applicable to:				
Members from all of the above classes	0.00%	21.13%	0.00%	21.13%

⁽¹⁾ Employer rates include 2.00% for the postemployment health insurance subsidy. SB 7024 increased the HIS contribution rate to 2.00% of employer payroll, effective July 1, 2023. Also, employer rates, other than for DROP participants, include 0.06% for administrative costs of the Investment Plan.

The Aviation Department's contributions for FRS totaled \$13.9 million and \$12.0 million and employee contributions totaled \$2.4 million and \$2.3 million for the fiscal years ended September 30, 2024 and 2023, respectively.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2024 and 2023, the Aviation Department reported a liability of \$88.3 million and \$93.5 million, respectively, for its proportionate share of the FRS Plan's net pension liability. The net pension liability was measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The Aviation Department's proportionate share of the net pension liability was based on the Aviation Department's 2023-2024 fiscal year contributions relative to the 2023-2024 fiscal year contributions of all participating members of the FRS Plan. At June 30, 2024, the Aviation Department's proportionate share was 0.2282%, which was a decrease of 0.0065% from its proportionate share of 0.2347% measured at June 30, 2023.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

For the fiscal years ended September 30, 2024 and 2023, the Aviation Department recognized pension expense of \$13.5 million and \$19.8 million, respectively, related to the FRS Plan. In addition, for the years ended September 30, 2024 and 2023, the Aviation Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

Description	September 30, 2024	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 8,917	\$ -
Change of assumptions	12,097	-
Net difference between projected and actual earnings on FRS pension plan investments	-	5,866
Changes in proportion and differences between Aviation Department FRS contributions and proportionate share of contributions	1,121	1,096
Aviation Department FRS contributions subsequent to the measurement date	3,150	-
Total	\$ 25,285	\$ 6,962

Description	September 30, 2023	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 8,779	\$ -
Change of assumptions	6,096	-
Net difference between projected and actual earnings on FRS pension plan investments	3,905	-
Changes in proportion and differences between Aviation Department FRS contributions and proportionate share of contributions	1,635	411
Aviation Department FRS contributions subsequent to the measurement date	2,891	-
Total	\$ 23,306	\$ 411

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

The deferred outflows of resources related to pensions, totaling \$3.2 million, resulting from Aviation Department's contributions to the FRS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the fiscal year ending September 30, 2025. Changes in the net pension liability arising from experience gains/losses, assumption changes, and differences between projected and actual earnings on investments must be recognized in expense over a period of years. Those amounts that are not recognized in expense during the current reporting period, are accounted for as deferred outflows and inflows of resources. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

<u>Fiscal Years Ending September 30,</u>	Deferred Outflows (Inflows), Net
2025	\$ (1,280)
2026	14,654
2027	1,147
2028	(89)
2029	741
	<hr/>
	\$ 15,173

Actuarial Assumptions – The FRS pension actuarial valuation was determined using the following actuarial assumptions, as of July 1, 2024, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases	3.50%, average, including inflation
Investment rate of return	6.70%, net of pension plan investment expense, including inflation
Discount rate	6.70%

Mortality rates were based on the PUB2010 base tables (varies by member category and sex). Projected generationally with scale MP-2018 details.

The actuarial assumptions that determined the total pension liability as of June 30, 2024 were based on the results of an actuarial experience study for the period July 1, 2018 through June 30, 2023.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

Long-Term Expected Rate of Return – The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation ⁽¹⁾	Annual Arithmetic Return	Compound Annual (Geometric) Return	Standard Deviation
Cash	1.00%	3.30%	3.30%	1.10%
Fixed income	29.00%	5.70%	5.60%	3.90%
Global equity	45.00%	8.60%	7.00%	18.20%
Real estate (property)	12.00%	8.10%	6.80%	16.60%
Private equity	11.00%	12.40%	8.80%	28.40%
Strategic investments	2.00%	6.60%	6.20%	8.70%
	100.00%			
Assumed inflation - mean			2.40%	1.50%

Note: ⁽¹⁾ As outlined in the plan's investment policy.

Discount Rate – The discount rate used to measure the total pension liability was 6.70%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions will be made at the statutorily required rates. The FRS Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The FRS Actuarial Assumption Conference is responsible for setting the assumptions used in the valuations of the defined benefit pension plans pursuant to Section 216.136(10), *Florida Statutes*. The 6.70% rate of return assumption used in the June 30, 2024 calculations was determined by the FRS Plan's consulting actuary to be reasonable and appropriate per Actuarial Standard of Practice No. 27 (ASOP 27) for accounting purposes which differs from the rate used for funding purposes which is used to establish the contribution rates for the FRS Plan.

Sensitivity of the Aviation Department's Proportionate Share of the Net Position Liability to Changes in the Discount Rate – The following presents the Aviation Department's proportionate share of the net pension liability calculated using the discount rate of 6.70%, as well as what the Aviation Department's proportionate share of the net pension (asset) liability would be if it were calculated using a discount rate that is one percentage point lower (5.70%) or one percentage point higher (7.70%) than the current rate (in thousands):

	1% Decrease (5.70%)	Current Discount Rate (6.70%)	1% Increase (7.70%)
Aviation Department's proportionate share of the net pension liability	\$ 155,250	\$ 88,262	\$ 32,146

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

Pension Plan Fiduciary Net Position – Detailed information about the Plan’s fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan – At September 30, 2024, the Aviation Department reported no payables for the outstanding amount of contributions to the FRS Plan.

The Retiree HIS Program

Plan Description – The Retiree Health Insurance Subsidy Program (the “HIS Plan”) is a non-qualified cost-sharing, multiple-employer defined benefit pension plan established under Section 112.363, *Florida Statutes*, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of the state-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided – For the period October 1, 2022 to June 30, 2023, eligible retirees and beneficiaries received a monthly HIS payment of \$5.00 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30.00 and a maximum HIS payment of \$150.00 per month, pursuant to Section 112.363, *Florida Statutes*. Effective July 1, 2023, SB 7024 modified the benefit levels and statutory contribution rate of the program. The legislation increased the level of monthly benefits from \$5.00 times years of service to \$7.50, with an increased minimum of \$45.00 and maximum of \$225.00 per month. The change applied to all years of service for both members currently in pay and members not yet in pay. To be eligible to receive a HIS Plan benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Miami-Dade County Allocation – The County allocated the HIS Plan amounts to the different departments based on their proportionate share of contributions to total contributions made by the County to the FRS during fiscal years 2024 and 2023, (October 2022 through September 2024). The Aviation Department’s proportionate share of the contributions was 2.86% and 2.90 % of the total contributions made by the County to the FRS during fiscal years 2024 and 2023, respectively.

Contributions – The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2024, the HIS contribution for the period July 1, 2023 through June 30, 2024 and from July 1, 2024 through September 30, 2024 was 2.00%. For the fiscal year ended September 30, 2023, the HIS contribution for the period July 1, 2022 through June 30, 2023 and from July 1, 2023 through September 30, 2023 was 1.66% and 2.00%, respectively. SB 7024 increased the HIS contribution rate from 1.66% to 2.00% of employer payroll, effective July 1, 2023. The Aviation Department contributed 100% of its statutorily required contributions for the current fiscal year. The HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. The HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The Aviation Department’s contributions to the HIS Plan totaled \$1.6 million and \$1.3 million for the fiscal years ended September 30, 2024 and 2023, respectively.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At September 30, 2024, the Aviation Department reported a net pension liability of \$27.9 million for its proportionate share of the HIS Plan's net pension liability. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The Aviation Department's proportionate share of the net pension liability was based on the Aviation Department's 2023-2024 fiscal year contributions relative to the total 2023-2024 fiscal year contributions of all participating members of the HIS Plan. At June 30, 2024, the Aviation Department's proportionate share was 0.1862%, which was a decrease of 0.0094% from its proportionate share of 0.1956% measured as of June 30, 2023.

For the fiscal years ended September 30, 2024 and 2023, the Aviation Department recognized pension expense of \$1.2 million and \$12.0 million, respectively, related to the HIS Plan. In addition, for the years ended September 30, 2024 and 2023, the Aviation Department reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

Description	September 30, 2024	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 269	\$ 54
Change of assumptions	494	3,307
Net difference between projected and actual earnings on HIS pension plan investments	-	10
Changes in proportion and differences between Aviation Department HIS contributions and proportionate share of HIS contributions	690	973
Aviation Department contributions subsequent to the measurement date	384	-
	<u>\$ 1,837</u>	<u>\$ 4,344</u>

Description	September 30, 2023	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 455	\$ 73
Change of assumptions	818	2,692
Net difference between projected and actual earnings on HIS pension plan investments	16	-
Changes in proportion and differences between Aviation Department HIS contributions and proportionate share of HIS contributions	988	50
Aviation Department contributions subsequent to the measurement date	351	-
Total	<u>\$ 2,628</u>	<u>\$ 2,815</u>

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

The deferred outflows of resources related to pensions, totaling \$0.4 million, resulting from the Aviation Department's contributions to the HIS Plan subsequent to the measurement date will be recognized as a reduction of the net pension liability in the fiscal year ended September 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (in thousands):

<u>Fiscal Years Ending September 30,</u>	Deferred Outflows (Inflows), Net
2025	\$ (369)
2026	(496)
2027	(791)
2028	(645)
2029	(456)
Thereafter	(134)
	<hr/>
	\$ (2,891)

Actuarial Assumptions – The HIS pension as of July 1, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases	3.50%, average, including inflation
Discount Rate	3.93%

Mortality rates were based on the Generational PUB-2010 with Projection Scale MP-2018.

The actuarial assumptions used that determined the total pension liability as of June 30, 2024, were based on the results of an actuarial experience study for the period July 1, 2018 through June 30, 2023.

Discount Rate – The discount rate used to measure the total pension liability was 3.93%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT

NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

Sensitivity of the Aviation Department's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the Aviation Department's proportionate share of the net pension liability calculated using the discount rate of 3.93%, as well as what the Aviation Department's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (2.93%) or one percentage point higher (4.93%) than the current rate (in thousands):

	1% Decrease (2.93%)	Current Discount Rate (3.93%)	1% Increase (4.93%)
Aviation Department's proportionate share of the net pension liability	\$ 31,799	\$ 27,934	\$ 24,725

Pension Plan Fiduciary Net Position – Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Annual Comprehensive Financial Report.

Payables to the Pension Plan – At September 30, 2024 and 2023, the Aviation Department reported no payables for the outstanding amount of contributions to the HIS Plan.

Aggregate Amount of Pension Expenses – The aggregate amount of net pension liabilities, related deferred outflows of resources and deferred inflow of resources, and pension expense for the Aviation Department FRS and HIS pension plans are summarized below (in thousands):

Pension Plans	Net Pension Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	Pension Expense
FRS Pension Plan	\$ 88,262	\$ 25,285	\$ 6,962	\$ (672)
HIS Plan	27,934	1,837	4,344	(815)
	\$ 116,196	\$ 27,122	\$ 11,306	\$ (1,487)

FRS – Defined Contribution Pension Plan

The County contributes to the FRS Defined Contribution Investment Plan (the “Investment Plan”). The Investment Plan is administered by the State Board of Administration (“SBA”) and is reported in the SBA’s annual financial statements and in the state of Florida Annual Comprehensive Financial Report.

As provided in Section 121.4501, *Florida Statutes*, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. County employees participating in the DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member’s accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.) as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 11—Retirement benefits (continued)

Allocations to the investment members' accounts, as established by Section 121.72, *Florida Statutes*, during the 2023-2024 fiscal year were as follows:

Membership Class	Percent of Gross Compensation
FRS, Regular	11.30%
FRS, Elected County Officers	16.34%
FRS, Senior Management Service	12.67%
FRS, Special Risk Regular	19.00%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% from July 1, 2022 through September 30, 2024 and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2024, the information for the amount of forfeitures was unavailable from the SBA; however, management believes these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided under the Investment Plan if the member becomes permanently and totally disabled. The member must transfer the account balance to the FRS Trust Fund when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan.

The Aviation Department's Investment Plan pension contributions totaled approximately \$2.5 million and \$1.8 million and employee contributions totaled approximately \$0.9 million and \$0.8 million for the fiscal years ended September 30, 2024 and 2023, respectively.

Note 12—Commitments and contingencies

a. *Environmental Matters* – In August 1993, the Aviation Department and the Dade County Department of Environmental Resources Management (“DERM”) entered into a Consent Order. Under the Consent Order, the Aviation Department was required to correct environmental violations resulting from various tenants’ failure to comply with their environmental obligations at the airport including those facilities previously occupied by Eastern Airlines (“Eastern”) and Pan Am Airlines (“Pan Am”). In addition, the Aviation Department had a preliminary study performed by an independent engineering firm to estimate the cost to correct the environmental violations noted in the Consent Order. This study was used as a basis to record the environmental remediation liability as of September 30, 1993.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 12—Commitments and contingencies (continued)

In each subsequent year, the Aviation Department has received an updated study performed by an independent engineering firm to further update the estimated costs to correct the environmental violations noted in the Consent Order based on additional information and further refinement of estimated costs to be incurred.

As a result of the updated study and costs incurred in fiscal year 2024, the total cumulative estimate to correct such violations was approximately \$203.5 million. This estimate allows for uncertainties as to the nature and extent of environmental reparations and the methods, which must be employed for the remediation. The total cumulative environmental expenditures spent through September 30, 2024, was approximately \$167.3 million. The Aviation Department has also spent approximately \$56.3 million in other environmental-related projects not part of any Consent Order.

During fiscal year 1998, a Consent Order (“FDEP Consent Order”) was signed with the state of Florida Department of Environmental Protection (“FDEP”). The FDEP Consent Order encompasses and replaces the DERM agreement and includes additional locations. The FDEP Consent Order includes all locations at MIA that are contaminated as well as additional sites where contamination is suspected. The Aviation Department included other sites where contamination is suspected in the FDEP Consent Order under a Protective Filing. If contamination is documented at these sites, the State would be required to incur the costs of remediation. Because the State will be required to pay for remediation of sites filed in the Protective Filing and because the contamination at the sites is unknown, an accrual amount is not reflected in the Opinion of Cost report or in the accompanying financial statements.

Currently, the County has several pending lawsuits in State Court against the Potentially Responsible Parties (“PRP”) and insurers to address recovery of past and future damages associated with the County’s liability under the FDEP Consent Order. As of September 30, 2024, the Aviation Department has received approximately \$60.4 million from the State, insurance companies, and PRPs.

The outstanding liability amount at September 30, 2024 and 2023 was approximately \$36.2 million and \$42.2 million, respectively, representing the unexpended environmental remediation costs based on the Opinion of Cost performed by an independent engineering firm. At September 30, 2024 and 2023, the long-term liability was approximately \$31.7 million and \$33.6 million, respectively, and the short-term liability was approximately \$4.5 million and \$8.6 million, respectively. Management has allocated a portion of bond proceeds to fund this obligation and believes the remaining amount can be funded from recoveries and the operations of the Aviation Department. The liability recorded by the Aviation Department does not include an estimate of any environmental violations at the three general aviation airports or at the two training airports. Management is not aware of any such liabilities, and the occurrence of any would not be material to the financial statements.

In addition to the studies conducted to determine the environmental damage to the sites occupied by Eastern and Pan Am, the Aviation Department caused studies to be performed to determine the amount required to remove or otherwise contain the asbestos in certain buildings occupied by the airlines. The Aviation Department has also estimated the amount required to remove or otherwise contain the asbestos in buildings other than those formerly occupied by Eastern and Pan Am. The studies that estimate the cost to correct such damage related to all buildings were assessed at approximately \$4.5 million. The Aviation Department has no intention of correcting all assessed damage related to asbestos in the near future as they pose no imminent danger to the public. Specific issues will be addressed when and if the Aviation Department decides to renovate or demolish related buildings. At such time, the Aviation Department will obligate itself to the cleanup or asbestos abatement. As emergencies or containment issues may arise from this condition, they will be isolated and handled on a case-by-case basis as repair and maintenance. Such amounts do not represent a liability of the Aviation Department until such time as a decision is made by the Aviation Department’s management to make certain modifications to the buildings, which would require the Aviation Department to correct such matters. As such, no amounts are recorded as of September 30, 2024.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 12—Commitments and contingencies (continued)

The nature of ground and groundwater contamination at MIA can be divided into two categories: petroleum-related contamination and hazardous/nonhazardous contamination. The Opinion of Cost is divided in three large areas: the Inland Protection Trust Fund (“IPTF”), which was created by the state of Florida to deal with contamination related to petroleum products in sites that qualified for that program; the non-IPTF contamination relates to other sites that might include petroleum as well as hazardous/nonhazardous-related contamination; and the non-consent items, which can be either of the two above but were not specifically listed in the Consent Order.

The table below summarizes the remediation liability by nature of contaminant as of September 30, 2024:

Nature of Contamination	IPTF	Non-IPTF	Nonconsent	Totals
Petroleum	\$ 3,375,000	\$ -	\$ -	\$ 3,375,000
Hazardous/nonhazardous	-	29,350,000	3,455,000	32,805,000
	\$ 3,375,000	\$ 29,350,000	\$ 3,455,000	\$ 36,180,000

The table below summarizes the remediation liability by nature of contaminant as of September 30, 2023:

Nature of Contamination	IPTF	Non-IPTF	Nonconsent	Totals
Petroleum	\$ 3,375,000	\$ -	\$ -	\$ 3,375,000
Hazardous/nonhazardous	-	35,350,000	3,455,000	38,805,000
Total	\$ 3,375,000	\$ 35,350,000	\$ 3,455,000	\$ 42,180,000

b. *Other Commitments and Contingencies* – As of September 30, 2024, the Aviation Department had approximately \$383.3 million of construction commitments outstanding.

A number of claims and lawsuits are pending against the County relating to the Aviation Department resulting from the normal course of conducting its operations. However, in the opinion of management and the County Attorney, the ultimate outcome of such actions will not have a material, adverse effect on the financial position of the Aviation Department.

The Aviation Department receives grants from federal and state financial assistance programs, which are subject to audit and adjustment by the grantor agencies. It is the opinion of management that no material liabilities will result to the Aviation Department from any such audit.

In a quitclaim deed dated December 20, 2011, the Rental Car Facility (“RCF”) at the Miami Intermodal Center (MIC) adjacent to the airport was conveyed to the County through its Aviation Department by FDOT. The conveyance was recorded in the amount of approximately \$393.3 million (\$42.0 million for the land and \$351.3 million for the building and improvements), which represented the acquisition value at the date of the conveyance. The quitclaim deed requires the RCF to be used as a rental car facility. In the event it ceases to be used as such, all property rights in it revert to FDOT.

The RCF was designed and constructed by FDOT, which borrowed \$270 million from the United States Department of Transportation (USDOT) under the TIFIA loan program. The loan will be repaid through the collection of Customer Facility Charges (“CFC”) and contingent rent, if needed, from car rental company customers using the RCF. The car rental companies remit these funds directly to the Fiscal Agent servicing the loan; the CFCs are not revenue of the Aviation Department. The County and the Aviation Department do not own, nor do they have access to accounts held by the Fiscal Agent. The repayment of the TIFIA loan is not secured by any Aviation Department revenue and in no event will the Aviation Department be required to use any airport revenue for the payment of debt service on the RCF portion of the TIFIA loan or any additional RCF financing.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 13—Postemployment benefits other than pensions

a. *Plan Description* – The County administers a single-employer defined-benefit healthcare plan (the Plan) that provides postretirement medical, hospital, pharmacy, and dental coverage to retirees as well as their eligible spouses and dependents. Benefits are provided through the County's group health insurance plan, which covers both active and retired members. Benefits are established and may be amended by the Miami-Dade County Board of County Commissioners (the "BCC"), who's powers derive from F.S. 125.01(3)(a). The Plan does not issue a publicly available financial report.

Participation in the Plan consisted of the following at September 30, 2024:

Actives	\$	30,913
Retirees under age 65		2,444
Eligible spouses under age 65		553
Retirees age 65 and over		1,178
Eligible spouses age 65 and over		257
	\$	<u>35,345</u>

Eligibility: To be eligible to receive retiree medical and dental benefits, participants must be eligible for retirement benefits under FRS and pay required contributions.

- Regular Class Employees (all employees not identified as members of the Special Risk Class) hired prior to July 1, 2011 are eligible for postemployment benefits at age 62 with six years of service, or with 30 years of service at any age. Eligibility for reduced retirement is six years of service at any age. Those hired after July 1, 2011 are eligible at age 65 with eight years of service, or 33 years of service at any age.
- Special Risk Employees (Police Officers, Firefighters, and Corrections Officers) that were hired prior to July 1, 2011 are eligible for postemployment benefits at age 55 with six years of service, or with 25 years of service at any age. Eligibility for reduced retirement is six years of service at any age. Those hired after July 1, 2011 are eligible at age 60 with eight years of service, or 30 years of service at any age.

Benefits:

Eligible pre-Medicare retirees receive healthcare coverage through one of the four self-funded medical plans:

- AvMed POS
- AvMed HMO High
- AvMed HMO Select
- Jackson First HMO

Retirees may continue coverage beyond Medicare eligibility by enrolling in one of the County-sponsored, self-insured Medicare Supplemental plans provided by AvMed. The County only contributes to post-65 retirees electing one of these plans.

- AvMed Medicare Supplement Low Option with RX
- AvMed Medicare Supplement High Option with RX
- AvMed Medicare Supplement High Option without RX

**MIAMI-DADE COUNTY AVIATION DEPARTMENT

NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 13—Postemployment benefits other than pensions (continued)

b. Funding Policy – The County contributes to both the pre-65 and post-65 retiree medical coverage. Medical contributions vary based on plan and tier. Retirees pay the full cost of dental coverage. The postretirement medical is currently funded on a pay-as-you go basis (i.e., Miami-Dade County funds on a cash basis as benefits are paid). The County's contribution is the actual pay-as-you-go postemployment benefit payments less participant contributions for the period October 1, 2023 to September 30, 2024. No assets have been segregated and restricted to provide postretirement benefits.

Contributions are required for both retiree and dependent coverage. Retirees contribute a portion of the full active premium equivalent rates for health coverage. The full monthly premiums, retiree contribution amounts, and the County subsidies effective January 1, 2024 through December 31, 2024 and January 1, 2023 through December 31, 2023 are provided in the tables on the next page. The County subsidy is assumed to remain flat.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 13—Postemployment benefits other than pensions (continued)

c. Total OPEB Liability – The Aviation Department's total OPEB liability of approximately \$19.4 million and \$28.5 million was measured as of September 30, 2024 and 2023, and was determined by an actuarial valuation as of that date.

d. Actuarial Assumptions and Other Inputs – The total OPEB liability in the September 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Valuation date	September 30, 2024
Measurement date	September 30, 2024
Discount rate	3.81% per annum
Salary increases rate	3.0% per annum
Actuarial cost method	Entry age normal based on level percentage of projected salary.
Amortization method	14.5 years
Healthcare cost trend rates	Medical/Rx 7.75% select to 4.0% ultimate
Retirees' share of benefit-related costs	24.62%
Mortality tables	Pub-2010, headcount weighted base mortality table, 'projected generationally using Scale MP-2021, 'applied on a gender-specific and job class basis '(teacher, safety, or general, as applicable).

The total OPEB liability in the September 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Valuation date	September 30, 2022
Measurement Date	September 30, 2023
Discount rate	4.09% per annum
Actuarial cost method	Entry age normal based on level percentage of projected salary.
Amortization method	14.4 years
Healthcare cost trend rates	Medical/Rx 7.0% select to 4.0% ultimate
Retirees' share of benefit-related costs	22.93%
Mortality tables	Pub-2010, headcount weighted base mortality table, 'projected generationally using Scale MP-2021, 'applied on a gender-specific and job class basis '(teacher, safety, or general, as applicable).

The discount rate was based on the Bond Buyer 20-Bond GO index.

The actuarial assumptions used in the September 30, 2024 valuation were based on FRS's valuation assumptions as of July 1, 2024, and the County's claim experience as of June 2024. The actuarial assumptions used in the September 30, 2023 roll-forward actuarial valuation were based on FRS's valuation assumptions as of July 1, 2021 and the County's claim experience as of June 2022.

**MIAMI-DADE COUNTY AVIATION DEPARTMENT
AN ENTERPRISE FUND OF MIAMI-DADE COUNTY, FLORIDA
NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 13—Postemployment benefits other than pensions (continued)

e. *Changes in Total OPEB Liability* – Changes in the Aviation Department's total OPEB liability for the year ended September 30, 2024 are as follows (in thousands):

Balance at September 30, 2023		\$ 28,480
Charges for the year:		
Service cost		(9,848)
Interest		(8,885)
Change in assumptions or other inputs		(2,267)
Difference between expected and actual experience		(1,950)
Change in benefit terms		3,919
Benefits payments		9,941
Balance at September 30, 2024		<u>\$ 19,390</u>

Changes in the Aviation Department's total OPEB liability for the year ended September 30, 2023 are as follows (in thousands):

Balance at September 30, 2022		\$ 26,153
Charges for the year:		
Service cost		2,914
Interest		2,464
Change in assumptions or other inputs		(360)
Difference between expected and actual experience		-
Change in benefit terms		-
Benefits payments		(2,691)
Balance at September 30, 2023		<u>\$ 28,480</u>

The decrease in total OPEB liability for the year ended September 30, 2024 is mostly due to a reduction in the service and interest costs, whereas the increase in the total OPEB liability for the year ended September 30, 2023 is mostly due to changes in actuarial assumptions.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate – The following presents the total OPEB liability of the Aviation Department, as well as what the Aviation Department's total OPEB liability would be if it were calculated using a discount rate that are one percentage point lower or one percentage point higher than the current discount rate (in thousands):

	1% Decrease (2.81%)	Current Discount Rate (3.81%)	1% Increase (4.81%)
Total OPEB liability	\$ 21,468	\$ 19,390	\$ 17,571

NOTES TO THE FINANCIAL STATEMENTS**

SEPTEMBER 30, 2024 AND 2023

Note 13—Postemployment benefits other than pensions (continued)

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend – The following presents the total OPEB liability of the Aviation Department, as well as what the Aviation Department's total OPEB liability would be if it were calculated using healthcare cost trend rates that are one percentage point lower or one percentage point higher than the current healthcare trend rates (in thousands):

	1% Decrease (6.75% initial to 3.0%)	Current Trend (7.75% initial to 4.0%)	1% Increase (8.75% initial to 5.0%)
Total OPEB liability	\$ 17,562	\$ 19,390	\$ 21,577

f. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources – For the year ended September 30, 2024, the Aviation Department recognized OPEB expense of \$2.0 million. At September 30, 2024, the Aviation Department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions or other inputs	\$ 826	\$ 423
Differences between expected and actual experience	2,966	1,704
Total	\$ 3,792	\$ 2,127

For the year ended September 30, 2023, the Aviation Department recognized OPEB expense of \$3.1 million. At September 30, 2023, the Aviation Department reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
Changes in assumptions or other inputs	\$ 4,943	\$ 2,899
Differences between expected and actual experience	1,110	745
Total	\$ 6,053	\$ 3,644

Annual Comprehensive Financial Report

(This page intentionally left blank)

Statistical Section

(Unaudited)

Miami-Dade Aviation Department
An Enterprise Fund of Miami-Dade County, Florida

2024

Annual Comprehensive Financial Report

(This page intentionally left blank)

Overview

The Statistical Section is divided into five areas: financial trend data; revenue capacity data; operating information; demographic and economic information; and debt capacity data. The source of all non-accounting data presented in the statistical section is Miami-Dade Aviation Department (Aviation Department) unless otherwise stated.

Financial Trend data shows changes in the Aviation Department's financial position:

- Aviation Department Schedules of Revenues and Expenses
- Aviation Department Statements of Net Position
- Aviation Department Changes in Cash and Cash Equivalents
- Aviation Department's Largest Sources of Revenue

Revenue Capacity data shows MIA's major revenue sources and changes in key rates and charges:

- Key Usage Fees and Charges
- Concession Revenue per Enplaned Passenger
- Parking Revenue per Enplaned Passenger
- Rental Car Revenue per Enplaned Passenger
- Terminal Rent Revenue per Enplaned Passenger
- Food and Beverage Revenues per Enplaned Passenger

Operating Information shows how the Airport has performed on an annual basis and within the airport market sector:

- Aviation Department Employee Strength
- Aircraft Operations
- Aircraft Landed Weight
- Passenger Enplanements
- Passenger Deplanements
- Enplanement Market Share by Airline by Fiscal Year
- Air Cargo Activity

Demographic and Economic Information shows the major drivers of usage and how the Airport service area is performing compared to the region and the nation:

- Miami-Dade County Population and Per Capita Personal Income
- Principal Employers in Miami-Dade County

Debt Capacity Information shows how the Airport is meeting its debt obligations and the relative level of debt:

- Revenue Bond Debt Service Coverage
- Outstanding Debt
- Long Term Debt per Enplaned Passenger
- Capital Assets

2021	\$5,459,700	\$196,247	\$10,000	-	\$63,947	\$5,729,894
2022	\$5,335,420	\$192,490	\$30,000	-	\$66,537	\$5,624,447
2023	\$5,189,188	\$188,752	\$40,000	-	\$63,370	\$5,481,310
2024	\$4,964,209	\$179,443	\$120,000	-	\$57,456	\$5,321,108

- a) Revenue Bonds issued under the Trust Agreement are payable solely by a pledge of net revenues, as defined in the Trust Agreement. The Revenue Bonds are being paid by the Aviation Department's Net Revenues.
- b) In fiscal year 2010 the County issued its Series 2010 Double-Barreled Aviation Bond (General Obligation), in the aggregate principal amount of \$239,775,000. In fiscal year 2021, the County issued its Series 2020 Double-Barreled Aviation Refunding Bond (General Obligation), in the aggregate principal amount of \$177,670,000, to fully refund the principal amount of the Series 2010 Bonds. The Series 2020 Bonds are payable first from the Net Available Airport Revenues. Additionally, the Series 2020 Bonds are general obligation of the County, secured by the full faith, credit and taxing power of the County. The Series 2020 Bonds are payable from ad valorem taxes levied on all taxable property in the County, without limitations as to rate or amount, to the extent that Net Available Airport Revenues are insufficient to pay debt service on the Series 2020 Bonds.
- c) The Commercial Paper Notes are payable solely from proceeds of future Revenue Bonds and any unencumbered monies in the Improvement Fund. An irrevocable letter of credit in the amount of \$400 million was approved for the purpose of making funds readily available for the payment of principal and interest on the Notes. The use of Commercial Paper was discontinued in May of 2019 and a new Commercial Paper Notes Program was started in March 2021. The new program is secured with an irrevocable letter of credit in the amount of \$200 million.
- d) A County loan in the amount of \$50 million from the FDOT State Infrastructure Bank to fund the County's share of the cost of the Viaduct Project. The loan was secured by a County covenant to annually budget and appropriate from the County legally available non-ad valorem revenue sufficient to pay debt service costs. The debt service costs were reimbursed to the County by the Aviation Department. The loan was paid off in September 2019.
- e) Total includes lease and subscription liabilities and financed purchases. The Aviation Department has entered into various agreements with banks to provide capital to finance the purchase of certain energy improvement equipment.
