# SALT LAKE CITY CORPORATION

DEPARTMENT OF FINANCE

December 31, 2025

To the Honorable Mayor, Members of the City Council, and the Citizens of the City of Salt Lake City  
Salt Lake City Corporation

## Overview

The Annual Comprehensive Financial Report of Salt Lake City Corporation (“the City”) for the fiscal year ended June 30, 2025, is submitted herewith.

These financial statements were prepared by the Salt Lake City Department of Finance in accordance with Generally Accepted Accounting Principles (GAAP) for local governments, as prescribed by the Governmental Accounting Standards Board (GASB). Management is responsible for ensuring the accuracy, completeness, and fairness of all data and disclosures.

We believe the data is accurate in all material respects and is presented fairly. This report represents: (1) the financial position of the governmental activities; (2) the business-type activities; (3) the discretely presented component units; (4) each major fund; (5) the aggregate remaining fund information; (6) the respective changes in financial position; and (7) applicable cash flows. To support these representations, management has established a comprehensive internal control framework. This framework is designed both to protect the government’s assets from loss, theft, or misuse, and to ensure reliable information is compiled for the preparation of financial statements in conformity with GAAP. The City’s internal controls are designed to provide reasonable, not absolute, assurance that the financial statements are free from material misstatement, balancing cost and benefit. As management, we assert that this report is, to the best of our knowledge, complete and reliable in all material respects.

Eide Bailly, LLP, an independent firm of certified public accountants, has audited these basic financial statements and related notes. Their report is included herein. The audit provides reasonable assurance that the financial statements of Salt Lake City Corporation for the year ended June 30, 2025, are free of material misstatement. The audit included examining, on a test basis, evidence supporting the amounts and disclosures in the statements, as well as assessing the accounting principles and significant estimates used by management.

Additionally, Eide Bailly, LLP audited the City’s federal grant program compliance for the year ended June 30, 2025, as part of the federally mandated “Single Audit.” That report is available under separate cover.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the report of the independent auditors.

## **PROFILE OF SALT LAKE CITY**

LOCATION: 451 SOUTH STATE STREET, ROOM 248, SALT LAKE CITY, UTAH 84111-3102  
MAILING ADDRESS: PO BOX 145452, SALT LAKE CITY, UTAH 84114-5452  
TELEPHONE: 801-535-7676 FAX: 801-535-7682

Salt Lake City is located between the Wasatch Mountains and the Great Salt Lake at an altitude of 4,200 feet. Permanent settlement began on July 24, 1847, when Brigham Young with a party of 148 Mormon pioneers arrived after a 1,500-mile trek. The City was incorporated on January 6, 1851, and quickly became a center for trade and commerce. Today, the surrounding communities have merged into a single metropolitan area of over 1.23 million people (2025 estimate), making it the commercial heart of the region. Salt Lake City is the most populous municipality in the state, with an estimated population of over 218,000.

Salt Lake City is also the center of the scenic intermountain west. Travelers can visit 70% of the officially designated national parks and monuments of America within a day's drive. The Wasatch Mountains, located east of the City, are renowned for their ski resorts, many within a 45-minute drive from downtown. Utah's resorts recorded 6.5 million skier visits during the 2024-25 winter season, the third-highest total in state history. The Wasatch Front provided the backdrop for the 2002 Winter Olympics and will do so again in 2034, when Salt Lake City hosts the Olympic and Paralympic Winter Games.

Salt Lake City is the international headquarters of The Church of Jesus Christ of Latter-day Saints. At Temple Square in downtown Salt Lake City, the ongoing, extensive reconstruction of the Salt Lake Temple is a major effort. The surrounding grounds and facilities continue to open in phases, but the completion of the temple and the full open house celebration is now scheduled for April through October 2027.

The Salt Palace Convention Center (located downtown) remains a key host for many different activities, featuring a 45,000-square-foot ballroom and over half a million square feet of exhibit space. A 26-story convention center hotel, featuring over 700 rooms and approximately 62,000 square feet of meeting space, opened in October 2022.

Over the past year, planning has solidified for the massive downtown Salt Lake City revitalization project, a multi-billion-dollar initiative backed by both private developers and state/city funding. This project will transform the area around the Delta Center into a Sports, Entertainment, Culture, and Convention District. State legislation, including the Capital City Revitalization Zone Act, passed in 2024, is anticipated to generate approximately \$1.2 billion in tax revenue over 30 years to support the development and renovation goals, including enhanced connectivity, walkability, and safety.

## **EDUCATIONAL OPPORTUNITIES**

Several universities and colleges are located in or near Salt Lake City, fueling the downtown economy with a young, highly educated workforce.

The University of Utah is located on the east bench and was founded in 1850. The university has a record enrollment of 38,261 total students (Fall 2025 data). Numerous additional institutions of higher education maintain campuses in the urban center, including Neumont University, Brigham Young University, Ensign College, and Salt Lake Community College.

## **CULTURE AND ENTERTAINMENT**

Salt Lake City is home to a thriving, vibrant, creative population supported by a larger community that values the arts in all forms. Salt Lake City has long placed significant value on the arts, starting one of the nation's first publicly funded Arts Councils in 1899. Today, the Salt Lake City Arts Council puts on some of the city's largest concerts and festivals, such as the Twilight Concerts and the Living Traditions Festival. These and other programs and partnerships help the City maintain a strong public art program making the arts accessible for everyone.

Far from a sleepy perception that people might have of downtown SLC, evenings from Main Street and surrounding streets are hopping with bars and restaurants intermixed with performance venues, with some of the finest world-class entertainment and mixologists you'll find anywhere.

The Delta Center Arena is the home of the Utah Jazz (NBA) and the new professional ice hockey team, the Utah Mammoth (NHL). The professional ice hockey team, which played its inaugural 2024–25 season as the Utah Hockey Club, was officially rebranded as the Utah Mammoth in May 2025. Efforts to entice a Major League Baseball (MLB) team to Salt Lake City are ongoing, led by the consortium Big League Utah.

As the capital city of Utah, Salt Lake City provides an unparalleled quality of life. Residents and visitors enjoy an eclectic visual, musical and performing arts scene with hundreds of venues, galleries, museums and the popular state-of-the-art Broadway-style Eccles Theater, a 2,500-seat theater designed to suit traveling Broadway shows. Abravanel Hall, home of the Utah Symphony Orchestra, the Pioneer Memorial Theater, the Utah Civic Opera Company, Clark Planetarium and the Utah Heritage Foundation help round out the entertainment options available to area residents and visitors. Salt Lake City provides diverse and rich cultural and entertainment experiences that make living and working within the City more and more desirable.

Additionally, family owned restaurants, friendly cafes, world-class microbreweries and craft cocktail establishments all help make Salt Lake City the foodie capital of the region. Over 90 lush parks and miles of protected open space and trails make Salt Lake City an urban outdoor paradise for hiking, biking and running, not to mention the city is surrounded by 10 world-class ski resorts within an hour's drive.

## **SHOPPING AND OTHER ENTERTAINMENT**

The cultural aspects aren't the only draw of the City's downtown center. Salt Lake also hosts a number of high-quality stores for an enjoyable shopping experience. The City's downtown has long been defined in part by its historically strong retail and restaurant economy.

Downtown is home to two major shopping destinations, City Creek Center and the Gateway. City Creek Center maintains its role as the most popular shopping experience in downtown, accounting for a significant percentage of downtown's sales in clothing and clothing accessories. Trolley Square, Brickyard Plaza and the 9th and 9th area of the City are other worthy inclusions in the list of the City's shopping destinations.

Salt Lake City also has a well-developed system of municipal golf courses for the enjoyment of area residents. One of these golf courses in particular has been recognized for its excellence. Bonneville golf course was chosen by PGA professionals as one of six favorite classic golf courses (golf courses that have green fees less than \$125 during peak season).

## **COMMERCE, INDUSTRY, TRANSPORTATION AND FACTORS AFFECTING FINANCIAL CONDITION**

The Salt Lake City metro area, with an estimated 2025 population of 1.23 million, continues to experience steady growth, fueling the high volume of construction activity. The downtown residential population is projected to reach approximately 27,000 by 2030.

Meetings, conventions, and leisure tourism are major drivers in the downtown economy. Statewide visitor spending generated an estimated \$13.3 billion in 2024.

Salt Lake City is a major transportation crossroads. The Salt Lake International Airport (SLC) is a principal hub for Delta Air Lines and has completed the majority of its massive Terminal Redevelopment Program. SLC has received major recognition, ranking as the #1 Airport in the U.S. and #8 Globally in 2024 by AirHelp, based on on-time performance and customer service. The final phases of the terminal project are scheduled to open through October 2026.

The City and State continue to receive significant accolades:

- Best State in the Nation: Utah was named the #1 Best State in the Nation for the third year in a row in the U.S. News & World Report's 2025 Best States rankings, excelling in fiscal stability, economy, and infrastructure.
- Best-Performing City: Salt Lake City ranked #3 Best-Performing Large City in the prestigious 2025 Milken Institute Best-Performing Cities Index, a testament to its strong job growth, wage growth, and high-tech industry concentration.
- Business-Friendly: The City was ranked #1 in Ease of Doing Business in North America by Arizona State University's Center for the Study of Economic Liberty.
- Technology Hub: Salt Lake City has been identified as having the fastest internet speeds among U.S. metropolitan areas, which is a major draw for the growing tech sector.
- Economic Outlook: The State of Utah led the nation with the #1 Best Economic Outlook for the 18th consecutive year (Rich States, Poor States 2025).

## **EMPLOYMENT ACTIVITY**

Salt Lake City is the central city to more than 2 million inhabitants residing in four counties within an hour's drive from downtown. The majority of Utah's 3+ million residents live in the Wasatch Front urban corridor stretching from Ogden to Provo. The City's daytime population increases greatly as a significant portion of the state's total work force commutes to jobs located within the city limits.

Over the thirteen plus years since the Great Recession, and prior to the COVID-19 pandemic, downtown Salt Lake City saw notable increases in office and restaurant employment at 17% and 7% respectively, and significantly the city saw an 83.3% increase in retail employment. Following national trends, Salt Lake City experienced declining employment during the recession, but has seen employment numbers rebound remarkably.

Utah's seasonally adjusted unemployment rate remains low at an estimated 3.3% (August 2025 data). Nonfarm employment has exceeded pre-pandemic levels, reflecting the city's economic resilience.

## **TAXABLE SALES ACTIVITY**

As overall economic growth is slowing, FY24 sales tax revenue saw a modest increase compared to the previous year. In contrast, the FY25 budget was raised by \$9 million from the prior year. Of this increase, \$7 million is attributed the realized revenue growth increase 1/2% Funding our Future sales tax revenue.

## **SUMMARY OUTLOOK**

Salt Lake City has cemented its reputation as a dynamic and thriving hub, with significant investment in the downtown core, continued job growth, and an entrepreneurial environment. The City's recent rankings, including the #3 Best-Performing Large City and the state's #1 Best State status, confirm its stability and optimistic future, solidifying its role as the "Crossroads of the West."

## **ECONOMIC AND FINANCIAL PLANNING**

As part of an overall strategic planning process, Salt Lake City developed several goals and objectives designed to keep the City on a firm financial footing. These goals and objectives include the following: Attract and retain small businesses by increasing the number of small business loans issued by at least five a year. Increase the number of businesses relocating to the City or expanding by at least 10 a year. Ensure that each Salt Lake City fund is financially secure by building and then maintaining a fund balance of at least 13% in the General Fund, by adding at least 1% of revenues per year to retained earnings in the Internal Service funds, by maintaining cash reserves of 25% of the operating expenses in the Airport Enterprise fund, and by maintaining cash reserves of

9-10% in the Utilities Enterprise funds. Maintain Aaa and AAA Moody's and Fitch general obligation bond ratings by maintaining modest debt levels.

For the City's fiscal year 2025, total general fund revenue budget increased by 15.89%. The increase is primarily associated with anticipated sales tax revenues.

## **INTERNAL CONTROL STRUCTURE**

The City utilizes a computerized financial accounting system, which includes a system of internal accounting controls. These controls are designed to provide reasonable assurance regarding: (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the evaluation of costs and benefits requires estimates and judgments by management. The City adheres to the above framework for internal controls. We believe that the City's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

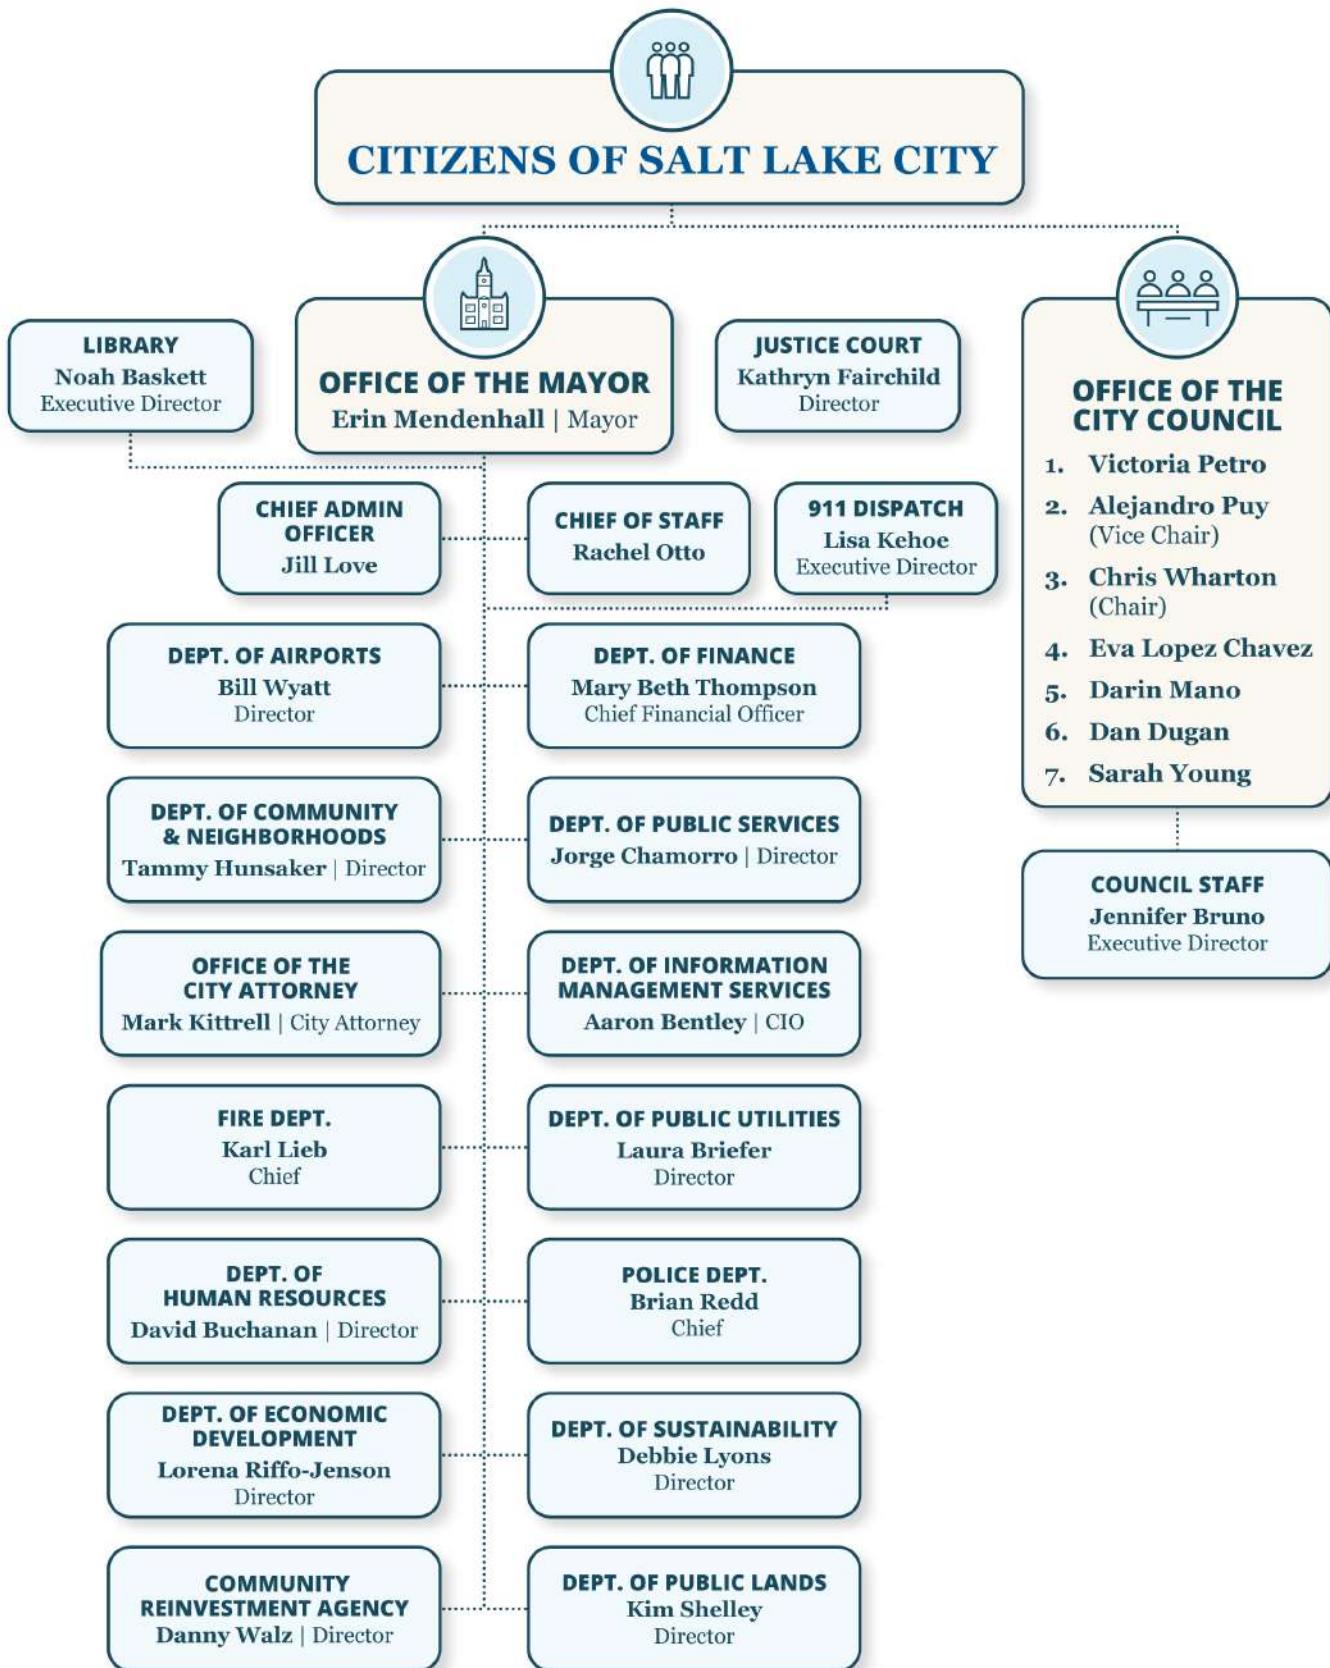

## **BUDGETARY CONTROL**

The City maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the City Council. Activities of all funds used by the City are included in the annual appropriated budget. Project-length financial plans are adopted for the Capital Improvement Projects Fund. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the department level. For budgetary purposes, the City considers each enterprise fund to be a department. Management can move budgeted amounts from one line item to another within a department or decrease appropriations. The City also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbered amounts lapse at year-end. However, encumbrances are generally re-appropriated as part of the following year's budget. The City Council can increase appropriations after holding a public hearing. During the year ended June 30, 2025, the City Council passed several supplementary appropriations.

Sincerely,

Mary Beth Thompson  
Chief Financial Officer

# Financial Section

## Independent Auditor's Report

To the Honorable Mayor and Members of the City Council  
Salt Lake City Corporation

### Report on the Audit of the Financial Statements

#### *Opinions*

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Salt Lake City Corporation (the City), as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Salt Lake City Corporation, as of June 30, 2025, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinions*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### *Correction of Error*

As discussed in Note 20 to the financial statements, certain errors resulting in an understatement of amounts previously reported as revenues and an overstatement of amounts previously reported in deferred revenues as of June 30, 2024, were discovered by management of the City during the current year. Accordingly, a restatement has been made to the Grants Operating fund balance and governmental activities net position as of July 1, 2024, to correct the error. Our opinions are not modified with respect to that matter.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule – General Fund, Schedule of Proportionate Share of the Net Pension Liability, Schedule of Contribution – Last Ten Fiscal Years, Schedule of Changes in Net Pension Liability –Last Ten Fiscal Years and Schedule of Changes in Total OPEB Liability – Library – Last Ten Fiscal Years, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining statements and individual funds statements and schedules, including the budgetary comparison schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining statements and individual funds statements and schedules, including the budgetary comparison schedules is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2025 on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Eric Baily CPA". The signature is fluid and cursive, with "Eric" and "Baily" connected and "CPA" in a smaller, separate block.

City and State of Issuing Office  
December 31, 2025

Salt Lake City Corporation's (the "City") management presents to the readers of its financial statements this narrative information. It contains an overview and analysis of the financial position and results of operations as of and for the year ended June 30, 2025. As management of the City, we encourage readers to consider information contained in this discussion along with the transmittal letter on page v.

## FINANCIAL HIGHLIGHTS

The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the end of the current fiscal year by \$4,324,978,150 (net position). Of this amount, \$593,095,671 is unrestricted net position.

Net position increased by \$280,967,648. This included a decrease in net position of \$1,169,428 in the governmental activities and an increase of \$282,137,078 in the business-type activities.

The City's governmental funds reported a combined ending fund balance of \$452,646,748, and a decrease of \$61,398,825 compared to the prior years' ending amount. Of the combined total fund balance, \$209,565,402 is available for spending at the discretion of the City (unassigned and assigned).

The unassigned fund balance of the General Fund at June 30, 2025, which totaled \$123,932,735, is 27 percent of the General Fund total revenues for the year and 59 percent of governmental assigned and unassigned fund balance. The General Fund has \$15,024 of non-spendable fund balance.

The City issued new bonded debt in fiscal year 2025. See Note 6.

## OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis serves as an introduction to the City's basic financial statements: (1) Government-wide financial statements, (2) Fund financial statements and (3) Notes to the financial statements. This report also contains information in addition to the basic financial statements that will help the reader to gain a more in-depth understanding of the City.

**Government-wide financial statements** give readers a broad overview of the entire City's financial position and changes in financial position, similar to consolidated financial statements in a private sector business. These statements consist of the Statement of Net position and the Statement of Activities.

**The Statement of Net Position** shows the City's entire assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference shown as net position. Increases or decreases over time in net position gives an indicator as to whether the financial condition of the City is improving or declining.

**The Statement of Activities** shows the changes to net position that occurred during the most recent fiscal year. These changes are recorded on an accrual basis when the underlying event that causes the change occurs, regardless of when the cash transaction takes place. One example is the next debt

interest payment when the fiscal year ends in between interest payments. The Statement of Changes in Net Position shows an additional interest expense for the time period between the last interest payment and the end of the fiscal year.

Both of the government-wide financial statements distinguish between activities that are largely supported by taxes and intergovernmental revenues (governmental activities) and those whose operations are entirely or largely financed by user charges and fees (business type-activities). The governmental activities for the City include general governmental (Council, Mayor, Attorney, Finance and Non-departmental); public safety (Police, Fire and Central Dispatch); streets and recreation (Public Services); and other development (Community & Neighborhoods and Economic Development). The business-type activities include water, sewer, stormwater, street lighting, airport, housing, refuse collection, golf and redevelopment.

The government-wide financial statements include not only the City itself (the primary government), but also those of the legally separate Salt Lake City Library (Library), the Utah Performing Arts Center Agency (UPACA) and Gallivan. These three entities (component units) are financially accountable to the City and are presented separately from the primary government itself. Two other entities, the Salt Lake City Community Reinvestment Agency (CRA) and the Local Building Authority (LBA) are also legally separate from the City, but for all practical purposes function as a part of the City and are therefore blended as an integral part of the primary government.

The government-wide financial statements are found immediately following this discussion and analysis.

## **FUND FINANCIAL STATEMENTS**

A fund is a set of closely related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes. The City, like other state and local governments, uses fund accounting to demonstrate compliance with finance-related legal requirements. All of the City's funds can be categorized into one of three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds account for essentially the same activities as the governmental activities in the government-wide financial statements, but with a narrower focus. Governmental funds concentrate on near-term inflows and outflows of financial resources and the balances of spendable resources available to the government at the end of the fiscal year. This information can be useful in evaluating the government's short term financing requirements.

Comparing similar information presented in the government-wide statements for the governmental activities with that presented in governmental funds statements can provide useful information because of the different focus of the two approaches. With the long-term focus of the government-wide statements, a reader may be able to better understand the long-term effects of the near term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance show reconciliation between the governmental funds statements to the governmental activities in the government-wide statements to aid in the comparison.

The City uses fourteen different individual governmental funds. Of this number, information is shown separately for the General, Capital Projects and Other Improvement Funds, all of which are deemed major funds. Information from the other eleven funds is presented in a single combined column. Individual presentations for these non-major funds are contained in combining information shown after the notes to the financial statements as listed in the table of contents. The City adopts an annual appropriated budget for all its governmental funds. Budgetary comparison schedules have been provided to demonstrate compliance with these budgets.

Within the Proprietary funds are two types that the City utilizes; enterprise and internal service funds. Enterprise funds report the same functions as the business-type activities in the government-wide financial statements. The Enterprise funds maintained by the City are: the water, sewer, stormwater and street lighting utilities; the Salt Lake City International Airport (Airport); housing and business loans, refuse collection, golf, and the CRA. Internal service funds are used as an accounting device to accumulate and allocate costs among the City's various governmental and enterprise activities. The City uses internal service funds to account for its vehicle fleet, information technology, risk management and employee benefits, tort liability, and the LBA. Because all of these activities support primarily governmental rather than business-type activities, they have been included within the governmental activities column of the government-wide financial statements.

Proprietary funds present the same information as in the government-wide statements, except in more detail. The fund statements for proprietary funds provide separate information for the Department of Airports, Water Utility, Sewer Utility, Stormwater Utility, and the Community Reinvestment Agency, all of which are considered to be major funds of the City. Individual presentations for the remaining enterprise funds are contained in the combining information elsewhere in this report. All internal service funds are shown in one single column in the proprietary fund financial statements. Individual fund information can be found in the combining information elsewhere in this report. The City also adopts annual appropriated budgets for all of its proprietary funds. As with the governmental funds, budgetary comparison statements are included to show compliance with these budgets.

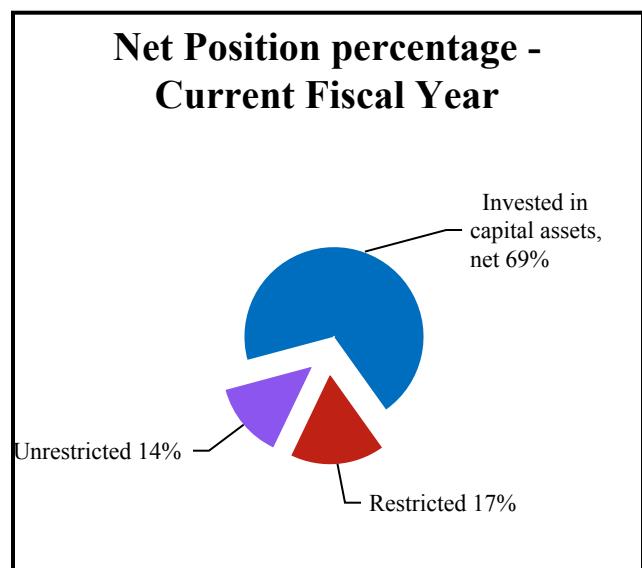

The basic proprietary fund financial statements can be found as listed in the table of contents.

Fiduciary funds are used to account for resources held by the City for the benefit of entities outside of the government. Since these resources cannot be used to support the operations of the City, they are not shown in the government-wide financial statements. The accounting for fiduciary funds is similar to that of proprietary funds. The fiduciary fund financial statements can be found as listed in the table of contents.

**Notes to the financial statements** contain additional information important to a complete understanding of the information contained in the government-wide and fund financial statements. Notes to the financial statements are located after the statements for major funds as listed in the table of contents.

## GOVERNMENT-WIDE FINANCIAL ANALYSIS

Salt Lake City Corporation's Net Position (in thousands)						
	Governmental Activities		Business-type Activities		Total	
	2025	2024 As Restated	2025	2024	2025	2024 As Restated

Total net position	\$ 1,125,223	\$ 1,126,393	\$ 3,199,755	\$ 2,917,618	\$ 4,324,978	\$ 4,044,011

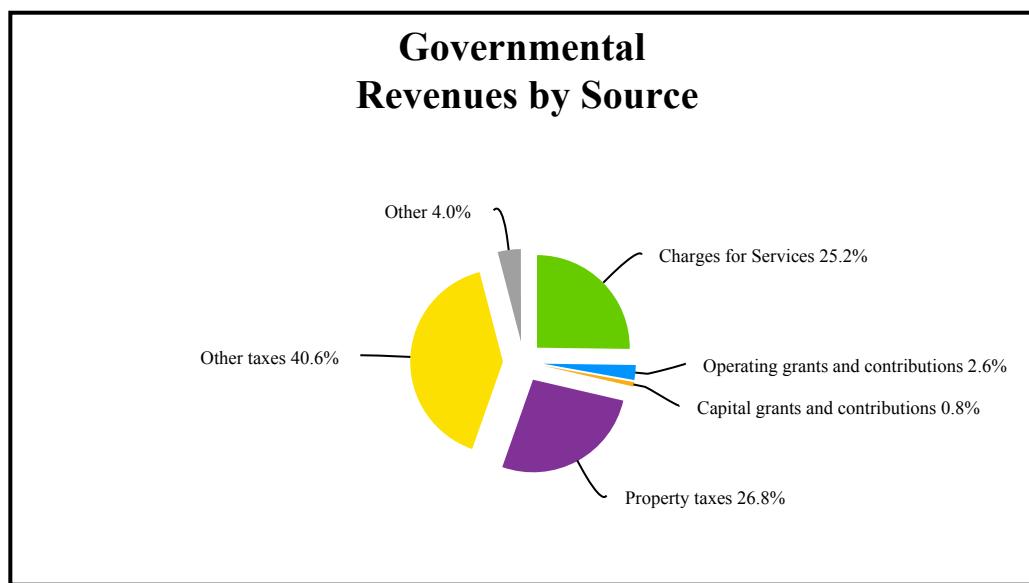

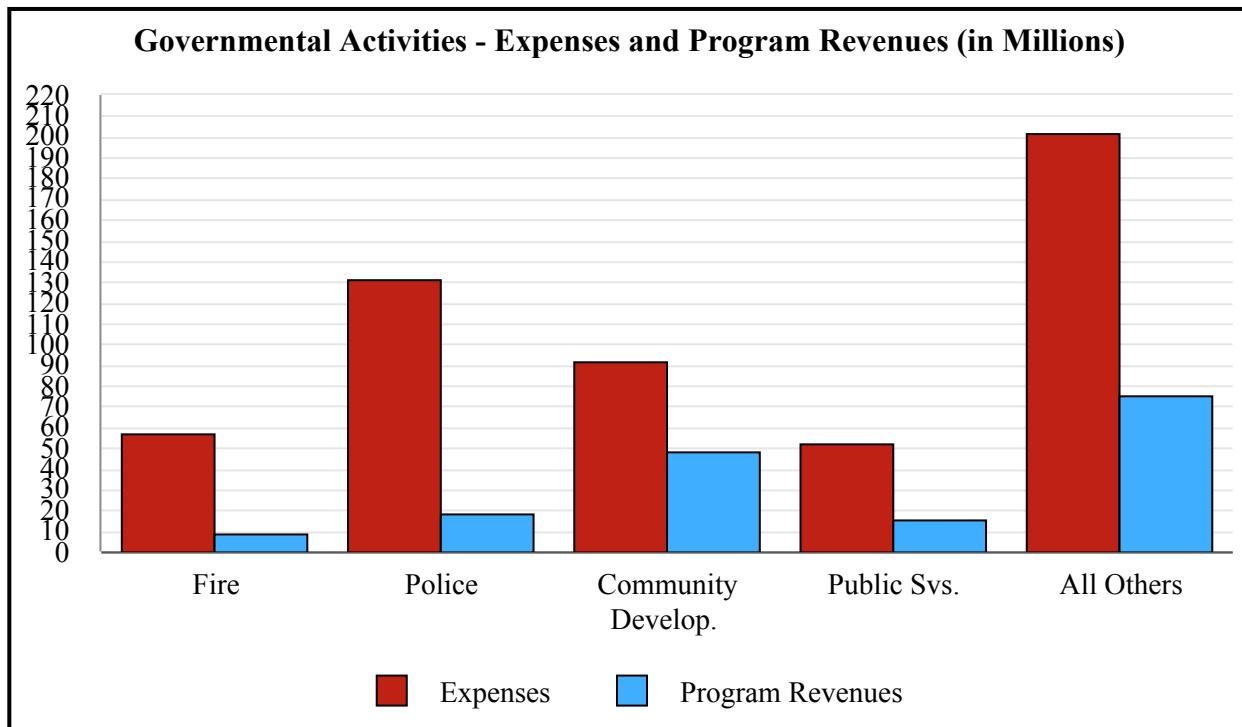

The largest component of the City's net position is its investment in capital assets. 69 percent of total net position represents the City's investment in land and land improvements, buildings, machinery and equipment, roads, streetlights, signals and bridges, less any related outstanding debt that was used to acquire these assets. The City uses these capital assets to provide services to citizens who live, work, pass through or benefit in other ways from the City. By their nature, these assets are not available for future spending. Further, even though these capital assets are reported net of any related debt, resources needed to repay the debt must come from other sources, as the assets themselves cannot be used to satisfy the related obligations.

Of the remainder of net position, 17 percent, is assets that are subject to external restrictions on how they may be expended (debt reserve funds or unexpended debt proceeds).

Transfers	(13,447)	(25,379)	13,447	25,379	—	—
Change in net position	(1,169)	56,496	282,137	193,909	280,969	250,407
Net position, beginning, as restated	1,126,393	1,069,897	2,917,618	2,723,708	4,044,011	3,793,604
Net position, ending	\$ 1,125,223	\$ 1,126,393	\$ 3,199,755	\$ 2,917,618	\$ 4,324,981	\$ 4,044,011

Governmental Activities net position decreased by \$1,169,428 for the year ended June 30, 2025, which is (0.4) percent of the total decrease in net position for the City as a whole. Property and sales tax revenue continue to remain strong. Several Congressional Legislative responses (like the CARES Act) gave substantial support to the local economy. Expenses increased by \$111,727,754. Most of this increase is due to increased personnel costs. The Capital Improvement fund also benefited from the sales tax increase with an increase in spending on roads and other transportation projects.

Business-type activities net position increased \$282,137,078 or 99 percent of the total increase to net position. A healthy economy benefited all entities increasing revenue and expenditures. Airport,

Water and Sewer Utilities continue to invest heavily in capital assets. During FY 2021, the Airport completed and opened Phase I of the Terminal Redevelopment Program and North Concourse Program. This resulted in higher square footage for terminal rents and the debt service on the Airport's revenue bonds being included in terminal rents. These factors caused the terminal rent rate to increase considerably. The Sewer Utility has planned major projects for the sewer collection system that will accommodate the current and planned development in the northwest area of the City. A new water reclamation facility is being constructed on the existing plant site that will cost in excess of \$711 million and is anticipated to be in operation by 2027.

## FINANCIAL ANALYSIS OF CITY FUNDS

The City's governmental funds provide information on the short-term resource inflows and outflows and account balances at the end of the fiscal year. The total fund balance is a measure of total available resources and the unassigned portion of this total fund balance is a measure of the available spendable resources at June 30, 2025.

For the period ended June 30, 2025, the City's governmental funds reported a combined fund balance amount of \$452,646,748, a decrease of \$61,398,825 compared to the prior fiscal year. Of the total balance at year-end, \$123,932,735 is Unassigned and \$85,632,667 is Assigned. Most of the Assigned fund balance is assigned to roads, parks, other capital improvements, grant activities, encumbrances and debt service. The Committed fund balance is \$10,053,633. The majority of the restricted funds of \$233,012,689 are for capital projects. The Non-spendable funds of \$15,024 are receivables and prepaid items.

The General Fund is the main operating fund for the City. At June 30, 2025, the General Fund's unassigned fund balance was \$123,932,735 while total fund balance equaled \$142,867,679. A useful measure of liquidity is to compare the unassigned fund balance and the total fund balance to expenditures (including transfers out) for the year. Unassigned fund balance was 36 percent of total expenditures and transfers while total fund balance equaled 42 percent.

The fund balance for the City's General Fund decreased by \$30,042,069. Higher property values resulted in higher property taxes collect and an increase in economic activity resulted in higher sales tax in 2024, offset by higher personnel costs. There was also a rebound in licensing and permits as economic activity begins to normalize. Charges for services revenue rebounded in the areas of field reservations and program fees in the wake of to the COVID-19 pandemic recovery.

The Capital Projects Fund has a total fund balance of \$254,877,429 at June 30, 2025, all of which is either restricted or assigned to unfinished projects. The largest restrictions are for road reconstruction and transportation projects. The City has received significant general obligation funding or roads several grants for transportation projects. A smaller portion is restricted for parks and trails. Council approved new funding for large maintenance projects. Increase in revenue is due to the funding of new projects through new grants, impact fees and bonding. The net decrease in fund balance for the year amounted to \$38,490,244.

The Other Improvements Fund has a total fund balance of \$18,175,458 at June 30, 2025, all of which is restricted. The Other Improvements Fund is a debt service fund established to provide for all debt payments. The fund balance increased \$2,403,780 for the year. Additional information about debt can be found in Note 6.

The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the City's Major proprietary funds totaled \$(179,525,557) for the Department of Airports, \$132,852,609 for the Water Fund, \$9,967,092 for the Sewer Fund, \$24,733,392 for Stormwater Fund and \$234,577,115 for the Community

Reinvestment Agency Fund. Discussions about the finances of these five funds are addressed in the City's business-type activities.

During the current year, management determined that certain grant revenues previously reported as revenues collected in advance should have been recognized as revenue in the prior year, in accordance with GASB Statement No. 33. This error caused grant revenues to be understated and revenues collected in advance to be overstated in the prior year. Revenues collected in advance were recorded in prior years when grant funds were received. Each year, revenue should be recognized to offset grant expenditures that occurred during the year. In FY24, this step was not completed for several grants due to staff constraints in connection with the implementation of a new financial operating system in FY24. See Note 20 for additional information.

## **GENERAL FUND BUDGETARY HIGHLIGHTS**

Differences between the original and final amended budgets amounted to a total increase in appropriations of \$41,475,642. By department, the changes are:

- \$8,991 increase for City Council
- \$(158,182) decrease for Mayor
- \$513,007 increase for City Attorney
- \$360,068 increase for Finance
- \$2,397,713 increase for Fire
- \$6,000 increase for Human Resources
- \$447,563 increase for Combined Emergency Services
- \$4,208,124 increase for Police
- \$9,040,226 increase for Community & Neighborhoods
- \$257,278 increase in Economic Development
- \$210,000 increase in Justice Court
- \$3,385,568 increase for Public Services
- \$1,139,126 increase for Public Lands
- \$19,660,160 increase for Nondepartmental (including transfers out)

Increases to all budgets included \$22,204,934 for prior year encumbrances. The first budget amendment totaling \$496,408, was allocated for FTEs in the Attorney's Department among other housekeeping items. The second budget amendment was for additional funding for the COPS Hiring Program. The third Budget amendment included \$3,904,861 in additional budget for several infrastructure related items. The final budget amendment allocated additional funding for transportation/ bus passes, construction mitigation, the city's animal service contract, and park security guards; among other items. Other smaller budget amendment items throughout the year made up the difference.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

The City's investment in capital assets for its governmental and business type activities had a combined totaled of \$7,595,975,584, including \$8,823,539 of lease assets and \$17,362,678 of

subscription assets (net of accumulated amortization) at June 30, 2025. Types of assets included in this category are land, land improvements, buildings, machinery and equipment, park and other recreation facilities, roads (including curb and gutter), street lights, traffic signals, parking facilities, water and wastewater distribution and collection systems, airport runways and taxiways and bridges. The City's investment in capital assets equals 69 percent of total net position. In comparing investment in capital assets to net position, the percentages for Governmental activities and business-type activities were 62 percent and 72 percent, respectively.

Major capital asset activities that occurred during the past fiscal year for Governmental Activities include the following:

The City added \$45,639,276 for city roads and curbs and \$259,431 in signals. Other new capitalization included various parks, other improvements and equipment totaling \$10,824,253. The Airport added approximately \$495,951,876 in work in process costs for the new terminals construction and the Utilities added \$16,687,480 in water, storm and sewer infrastructure.

At June 30, 2025, the City's bonded debt amounted to \$4,329,805,000. The portion that is backed by the full faith and credit of the City amounted to \$125,130,000. All other bonded debt is known as revenue bonds and is secured by specific revenue sources.

General obligation debt of the City is limited by statute to 8 percent of the reasonable fair cash value of property. The debt limit for FY2025, which calculates to \$2,287,534,579, is well in excess of the City's outstanding general obligation debt. Additional information on the City's capital assets and debt can be found in Notes 5 and 6, respectively.

**Requests for information**

This financial report is designed to give its readers a general overview of the City's finances. Questions regarding any information contained in this report or requests for additional financial information should be addressed to the Department of Finance, Chief Financial Officer, 451 South State Street, Room 245, P.O Box 145451, Salt Lake City, Utah 84114-5451.

# Major Governmental Fund Financial Statements

**General Fund** - The General Fund is the principal fund of the City and is used to account for resources traditionally associated with governments which are not required to be accounted for in another fund. The General Fund accounts for the normal activities of the City, (i.e. police, fire, public works, parks, community and economic development, general government, etc.). These activities are funded principally by property taxes, sales and use taxes, franchise taxes, licenses and permits.

**Capital Projects Fund** - The City's Capital Projects Fund is used to account for resources designated to construct general capital assets which, by their nature, may require more than one budgetary cycle for completion. Project budgets are adopted for the Capital Projects Fund.

**Other Improvements Fund** - This fund is used to account for the cost of servicing the debt created by financing projects other than Special Improvements. The City borrowed \$7 million to construct a parking structure. The loan is being reported in the Other Improvements Fund.

**SALT LAKE CITY CORPORATION**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENTS OF NET POSITION**

June 30, 2025

Total fund balances for governmental funds	\$ 452,646,748
Total net position reported for governmental activities in the statement of net position is different because:	
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets consist of: (see Note 5)	
Land	\$ 217,485,101
Infrastructure	466,312,863
Buildings	420,912,002
Improvements other than buildings	137,997,924
Equipment	155,537,043
Construction in progress	57,643,142
Lease assets	8,319,366
Subscription assets	11,776,688
Less accumulated depreciation and amortization	<u>(530,967,084)</u>
Total capital assets	945,017,045
Other assets are reported for governmental activities as they are not considered collectible until after year end. These include other receivables that are long-term in nature and bond issue costs less amortization	
Accounts Receivable	464,615
Investment in joint venture	1,596,369
Prepads	1,484,822
Pension asset	42,824,173
Deferred loss on refunding of debt	5,367,541
Deferred pension outflow	<u>67,942,031</u>
	119,679,551
Internal services funds are used by the City to charge the costs of the fleet management system, data processing services, insurance for employee health, accident, long-term disability, unemployment and worker's compensation, general liability claims, and acquisition and lease to the City of purchased or constructed property.	
	51,146,953
Some of the internal service net income is allocable to business-type activities. These amounts are shown in the internal balances in the governmental activities statement.	
	15,723,905
Long-term liabilities applicable to the City's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but rather as an expenditure when due. Obligation for compensated absence liabilities due within 60 days are included in the governmental fund statements in accrued liabilities. All liabilities -both current and long-term are reported in the statement of net position. (See Note 6)	
Accounts payable	(4,372,410)
Accrued liabilities	(9,109,952)
Obligation for compensated absence liabilities due after one year	(26,783,346)
Current portion of long-term debt	(22,116,529)
Current portion of lease liability	(869,397)
Current portion of SBITA liability	(1,360,687)
Current portion of obligation for compensated absence liabilities	(1,829,061)
Accrued Interest	(1,977,916)
Deferred pension inflow	(472,008)
Bonds payable	(281,892,798)
Net pension liability	(83,151,991)
Lease liability	(4,335,093)
SBITA liability	(5,901,764)
Deferred gain on refunding of debt	(176,956)
Estimated claims liability	<u>(14,641,453)</u>
Total liabilities	(458,991,360)
Total net position of governmental activities	<u><u>\$1,125,222,843</u></u>

The accompanying notes are an integral part of this statement

**SALT LAKE CITY CORPORATION**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN**  
**FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**  
**For the Fiscal Year Ended June 30, 2025**

Net change in fund balances - total governmental funds \$ (61,398,825)

The change in net position reported for governmental activities in the statement of activities is different because:

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay \$99,877,739 less Work in Process reclassifications \$2,105,558 included as additions exceeded depreciation expense and unallocated depreciation \$12,886,013. (See Note 5.)

84,886,168

Repayment of principal as an expenditure in the governmental funds but reduces the liability in the statement of net position. (See Note 6.)

20,214,688

Assets considered expensed that were transferred to a business entity

Under the modified accrual basis of accounting used in the governmental funds, expenditures are not recognized for transactions that are not normally paid with expendable available financial resources. In the statement of activities, however, which is presented on the accrual basis, expenses and liabilities are reported regardless of when financial resources are available. In addition, interest on long-term debt is not recognized under the modified accrual basis of accounting until due, rather than as it accrues. This adjustment contains the following:

Personnel	\$ (28,402,593)
Income equity in JV	475,611
Interest	142,222
Other financing	(13,446,890)
Amortization of bond premium and deferred loss	<u>(402,307)</u>
	<u>(41,633,957)</u>

Internal services funds are used by the City to charge the costs of the fleet management system, data processing services, insurance for employee health, accident, long-term disability, unemployment and worker's compensation, general liability claims, acquisition and lease to the City of purchased or constructed property and equipment and photocopying and printing services. The net revenue of internal service funds is allocated between governmental activities and business-type activities. Internal service fund net loss of \$(10,357,524) in addition to business-type activities of \$(3,237,500).

(3,237,500)

Change in net position of governmental activities.

\$ (1,169,428)

# Major Proprietary Fund Financial Statements

**Department of Airports** - This fund is used to account for the activities related to the operation of City airports.

**Water Utility Fund** - This fund is used to account for the activities related to providing water service to the residents of the City and certain residents of Salt Lake County.

**Sewer Utility Fund** - This fund is used to account for the activities relating to providing sewer service to the residents of the City.

**Stormwater Utility** - This fund is used to account for the activities associated with the collection and disposition of stormwater runoff.

**Community Reinvestment Agency Fund** - This fund is used to account for urban redevelopment activities such as acquisition of land sites and sale of such land for development, and loans provided for improvements in existing housing and the repayment of loans and related interest.

# Notes to the Financial Statements

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

1. Summary of Significant Accounting Policies

Salt Lake City Corporation (the City) was incorporated January 6, 1851. The City operates under a Council-Mayor form of government and provides services to residents and businesses in many areas including police and fire protection, street maintenance, refuse collection, planning and zoning, building construction inspection, parks and recreation, prosecution, water, sewer, stormwater, airports, and general administrative services.

Reporting entity

For financial reporting purposes, the reporting entity includes all funds, agencies and authorities for which the City holds corporate powers and all component units for which the City is financially accountable. The Governmental Accounting Standards Board (GASB) has established criteria to consider in determining financial accountability. The criteria are: appointment of a majority of the voting members of an organization's governing board, and either (1) the City has the ability to impose its will on the organization or (2) there is potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the City.

As required by Generally Accepted Accounting Principles (GAAP), these financial statements present the City, the primary government, and its component units. The component units are included in the City's reporting entity because of the significance of their operational or financial relationship with the City. The following funds, all with fiscal years ended June 30, 2025, have separately issued financial statements that can be obtained from their respective administrative offices: (1) The Arts Council (a special revenue fund), (2) the Water, Sewer, Stormwater and Street Lighting Utility Funds (enterprise funds), (3) the Department of Airports (an enterprise fund) and (4) the DEA Metro Narcotic Task Force (DEA) (a special revenue fund).

Blended component units

The Local Building Authority and the Community Reinvestment Agency of Salt Lake City are legally separate entities from the City, but are part of the City and are blended into the internal service and enterprise funds, respectively. The Community Reinvestment Agency has separately issued financial statements for the year ended June 30, 2025, which are available at the Agency's administrative office located at 451 S. State St, Salt Lake City, Utah 84111. The sole purpose of the Local Building Authority is to serve the City as a financing agency for debt financed projects and does not have separately issued financial statements. The sole purpose of the Community Reinvestment Agency is the elimination of blight through the process of redevelopment in designated project areas within the boundaries of the City. The Salt Lake City Council serves as the Board of Directors of both the Local Building Authority and the Community Reinvestment Agency. There is a financial benefit (burden) and operational responsibility between the City and the Local Building Authority and the Community Reinvestment Agency. The Local Building Authority does not have separately issued financial statements.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Discretely presented component units

The discretely presented component units are the Salt Lake City Library, the Utah Performing Arts Center (UPACA) and the Gallivan Center (Gallivan). The Library is legally separate from, but financially accountable to the City, as the City can impose its will on the Library through the entire nine member Library Board appointment as well as the budget and property tax rate setting process. The Library provides services to residents rather than to the City and therefore meets the criteria of a discretely presented component unit. It is not financially dependent upon another government organization and should not be presented in any other governmental entity's financial statements. The Salt Lake City Library is a governmental fund and has separately issued financial statements for the year ended June 30, 2025, which are available at the administrative offices of the Library located at 210 East 400 South, Salt Lake City, Utah 84111.

Utah Performing Arts Center Agency (UPACA) - In March 2013, Salt Lake City (City), the Community Reinvestment Agency (CRA) and Salt Lake County (County), executed an Interlocal Cooperation Agreement to form and create a separate legal entity, the Utah Performing Arts Center Agency (UPACA), that owns, operates, maintains and improves the George S. and Dolores Doré Eccles Theater (Theater). This state-of-the-art Theater opened in October 2016, and provides an excellent venue for Broadway shows, concerts and other entertainment events, as well as local performances and community events.

UPACA provides services to residents rather than to the City and therefore meets the criteria of a discretely presented component unit of the City. UPACA is reported as an Equity Interest in Joint Venture in the CRA's and Salt Lake County's separately issued financial statements. UPACA has separately issued audited financial statements for the year ended December 31, 2024. Audited financial statements for UPACA may be obtained from Salt Lake County Arts and Culture, 50 West 200 South, Salt Lake City, UT 84101, or by calling 385-468-1020.

The City and the CRA own 75% with the County having a 25% ownership in UPACA. UPACA is governed by a board of trustees consisting of nine members. Board membership is comprised of three representatives appointed by the County and six representatives appointed by the City and the CRA. Each representative has one vote and each representative's term continues until a successor is appointed.

In March 2013, an Operating Agreement was entered into by UPACA, the Agency, the City and the County assigning responsibility for the operation and management to the County Center for the Arts (CFA) through December 31, 2041. CFA accounts for UPACA on a calendar year. Net operating income is distributed annually to the partners in amounts outlined in organizational agreements after required contributions to operating and capital reserve accounts. The County is responsible for any operating deficits and the City and CRA are responsible for the bond debt.

The discretely presented component unit of the CRA is The Gallivan Center (Gallivan), a separate legal entity which maintains a popular downtown year-round outdoor venue for the enjoyment of the residents and guests of the City. The CRA and City appoint the majority of board members. In

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

addition, there are financial obligations on the CRA and operational responsibilities between the CRA and Gallivan, therefore it meets the criteria for a discretely presented component unit. The venue includes an amphitheater, public plazas with unique art installations, a banquet/meeting center, an ice rink and professional stage. The Gallivan serves as a hub for concerts, festivals and other public gatherings and celebrations. It also provides space for exhibits, workshops, debates and lectures, and other events, both public and private.

Previously, the Gallivan was accounted for in the donation fund in the Salt Lake City ACFR. As of June 1, 2023, the equity for the the Gallivan was transferred to the CRA. The CRA began reporting Gallivan as a component unit as a result of the equity transfer. The transfer is reported as non-operating revenue. A copy of the CRA's audited statements, which include the Gallivan Center, may be obtained at the Agency's administrative office located at 451 S. State St, Salt Lake City, Utah 84111.

Joint venture

The City is a fifty percent partner with Salt Lake County in two joint ventures. One is known as the City/County Landfill. The purpose of this joint venture is to provide solid waste management and disposal services (see note 19). The other joint venture is the Sugarhouse Park. This joint venture provides open space for enjoyment and other leisure activities for residents of the City, the County and non-resident guests.

Related organizations

The City also has activities with three other related organizations, the Metropolitan Water District, the Housing Authority of Salt Lake City and the Salt Lake City Mosquito Abatement District. City officials appoint members of these three boards, but the City's accountability does not extend beyond making the appointments.

Basis of presentation - government-wide and fund financial statements

Government-wide statements are comprised of the Statement of Net Position and the Statement of Activities. They contain information on all of the activities of the primary government and its component units except for fiduciary activities. Most effects of inter-fund activities have been eliminated from these statements. The exceptions are (1) payments-in-lieu-of-taxes the General Fund charges enterprise funds; (2) charges for water, sewer, storm-water and refuse that all customers pay to these enterprise funds and (3) charges for centrally provided services of the General Fund that benefit the receiving fund. Examples are payroll, purchasing, human resources and legal services. The government-wide statements for the primary government are separated based on the predominance of the type of revenues that support them. Governmental activities are normally supported by taxes and intergovernmental revenues, while business-type activities receive a significant portion of revenues from fees and charges for services. Certain entities that are legally separate, but financially accountable to the

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

primary government are reported separately on the government-wide statements. The City currently has two of these entities, its discretely presented component units.

The statement of activities is presented to show the extent that program revenues of a given activity support direct expenses. Direct expenses are those that can clearly be associated with a particular activity or program. Program revenues are: (1) charges to customers or others who purchase, use or directly benefit from the services or goods provided by a given activity or segment or (2) grants or other contributions that are restricted to operating or capital needs of a specific activity or segment. General revenues are those revenues like taxes and other items that are not properly reported as program revenues.

Separate financial statements are included for governmental funds, proprietary funds and fiduciary funds. Fiduciary funds, however, are not included in the totals for the government-wide financial statements. Major individual governmental funds are reported in separate columns in the governmental funds statements, as are major individual proprietary funds in the proprietary funds statements.

Measurement focus and basis of accounting

Measurement focus refers to the types of assets that appear on the statement of net position and changes to those same assets that appear on the statement of changes in net position. The current financial resources measurement focus shows current assets, liabilities and deferred inflows on the statement of net position and changes to net position in the statement of changes in net position. The flow of economic resources measurement focus shows total assets, deferred outflows, liabilities and deferred inflows on the statement of net position and changes to net position on the statement of changes in net position. Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements.

Government-wide, proprietary and fiduciary fund statements use the economic resources measurement focus and the accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred, regardless of the timing of the related cash flows. Unbilled fees for proprietary funds are recorded as receivables at year end. Property taxes are recorded as revenues in the year for which they are levied. Grants and similar other contributions are recognized as revenue as soon as the eligibility requirements of the provider have been met.

The City's major enterprise funds are: (1) The Department of Airports, (2) Water Utility Fund, (3) Sewer Utility Fund, (4) Stormwater Utility of Salt Lake City and (5) The Community Reinvestment Agency whose purpose is described previously in the section titled "Blended Component Units". The Water Utility collects or purchases fresh water, then treats it, and delivers the now potable water to nearly all residents and businesses located in the City and many residents and businesses located geographically outside the boundaries of the City. The Department of Airports operates the Salt Lake City International Airport, Airport II and the Tooele Valley Airport, the latter two of which are located

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

outside the boundaries of The City. The Sewer Utility Fund provides treatment and disposition services for wastewater. The Stormwater Utility provides treatment and disposition services for storm runoff.

In addition to the major enterprise funds, The City also operates five non-major enterprise funds and five internal service funds. The non-major enterprise funds are the Street Lighting Utility, Housing and Loan, Golf, and Refuse Collection. The Street Lighting Utility provides general street lighting for residents and commercial property owners. The Housing and Loan Fund provides loans to low and moderate-income families and individuals as well as businesses. Resources for these loans are received from a variety of sources including federal government, state government, financial institutions and internally generated sources. The Housing and Loan Fund also services these same loans. The Golf Fund operates all City-owned golf courses, while the Refuse Fund provides refuse collection and recycling services for residences and businesses of the City. Internal service funds provide services to other departments or agencies of the City on a cost reimbursement basis. The internal service funds are Fleet Management, Information Management, Risk Management, Governmental Immunity and the Local Building Authority. The Fleet Management fund owns and services all vehicles of the governmental funds and services vehicles owned by many of the enterprise funds. Information Management maintains the infrastructure for the hard-wired telephone system, centralized computer services and the network of personal computers. Risk Management provides centralized services for the employee benefits of health, life, accident, dental, and long-term disability as well as unemployment, workers' compensation and property insurance needs. The Governmental Immunity Fund manages the City's general liability activities. The Local Building Authority's purpose is discussed previously in the section titled "Blended Component Units".

The fiduciary fund is the Executive Deferred Compensation Fund. The City is the trustee for this fund and manages it in accordance with provisions of the Utah State Money Management Act and the City's own ordinances, policies and procedures. In the past, city executives could elect to have some or all of their deferred compensation contributed to this fund, but it is now closed to further contributions.

Proprietary funds separate operating and non-operating revenues and expenses. Operating revenues and expenses normally arise from providing goods and services in connection with the fund's normal ongoing operations. The principal source of operating revenues for the proprietary funds and the internal service funds are charges to customers for goods and services. Operating expenses include the cost of sales and services, administrative overhead expenses and depreciation on capital assets. All other revenues or expenses are recorded as non-operating.

Governmental fund statements use the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized when they become measurable and available. "Measurable" means that amounts can be reasonably determined within the current period. "Available" means that amounts are collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. As a practical matter, the City uses two months as a cutoff for meeting the available criterion. Property taxes are considered "measurable" when levied and available when collected and held by Salt Lake County (the County). Any amounts not available are recorded as deferred inflow of resources. Franchise taxes are considered

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

"measurable" when collected and held by the utility company, and are recognized as revenue at that time. Other revenues that are determined to be susceptible to accrual include grants-in-aid earned and other intergovernmental revenues, charges for services, interest, assessments, inter-fund service charges, permits, fines, forfeitures, parking ticket and meter fees, and sale of property. Property taxes and assessments are recorded as receivables when levied or assessed; however, they are reported as deferred outflow of resources until the "available" criterion has been met. Sales and use taxes collected by the state and remitted to the City within the "available" time period are recognized as revenue. Revenues collected in advance are recorded as advances and recognized in the period to which they apply.

Revenues that are determined to not be susceptible to accrual because they are either not available soon enough to pay liabilities of the current period (two months) or are not objectively measurable include licenses, contributions, and miscellaneous revenues. These revenues are recognized when cash is received.

Expenditures are recognized in the accounting period in which the fund liability is incurred, except for long-term obligations (debt service payments, long term compensated absences and other post-employment benefits) and related interest which are recognized as expenditures when due. Inventories of supplies are expended when purchased.

The City has three major governmental funds, the General Fund, the Capital Projects Fund and the Other Improvements Debt Service Fund. The General Fund is the main operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund. The Capital Projects Fund accounts for resources dedicated to the construction or improvement of capital assets, which may take more than one budgetary cycle to complete. These constructed or improved capital assets are for the benefit of any or all governmental funds. The Other Projects Debt Service Fund accounts for all debt service activities except special improvement debt. In addition to the listed major governmental funds, the City also has a total of twelve non-major governmental funds: (1) the Arts Council, (2) Downtown Economic Development, (3) Community Development Block Grant (CDBG) Operating, (4) Grants Operating, (5) Capital City Revitalization, (6) Street Lighting, (7) Demolition, Weed & Forfeiture, (8) Emergency 911 Dispatch, (9) Salt Lake City Donation, (10) Transportation Fund, (11) DEA and (12) Special Improvement Debt Service. In 2018 the State of Utah imposed a statewide .25% sales tax to be used for transportation. The last one listed is a debt service fund while the first ten are special revenue funds.

Budgets and budgetary accounting

Budgets are legally required for governmental funds. The City has a policy of budgeting for proprietary funds. Annual budgets are prepared and adopted by the City Council on or before June 22 for the fiscal year commencing the following July 1, in accordance with Utah State law. The operating budget includes proposed expenditures and the proposed sources of financing for such expenditures. Prior to June 22, a public hearing is conducted to obtain taxpayer input. Budgets are adopted by ordinance in total for each department. Expenditures cannot exceed appropriations at the department level. For budgetary purposes, the City considers each enterprise fund to be a department. Management

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

can move budgeted amounts from one line item to another within a department or decrease appropriations. The City Council can increase appropriations after holding a public hearing. During the year ended June 30, 2025, the City Council passed several supplementary appropriations.

The General Fund budget is prepared using the modified accrual basis of accounting adjusted for encumbrances and changes in compensated absences. Encumbrance accounting is used by the City to assure effective budgetary control and accountability, and to comply with State law. However, only the General Fund budget is prepared under the assumption that actual expenditures will be adjusted for encumbrances. Unencumbered General Fund appropriations lapse at year end and encumbered amounts carry over to the subsequent year. Generally accepted accounting principles require that open encumbrances not be reported with expenditures. However, in the General Fund budget to actual financial statement, the actual amounts are adjusted to include encumbrances. Compensated absences are budgeted on a cash basis. Non-cash changes in the balances of compensated absences are therefore eliminated for budgetary purposes. Lease purchases are budgeted in the year payments are due rather than in the year purchased.

Budgets for the Special Revenue Funds, Debt Service Funds and the Capital Projects Fund are also prepared using the modified accrual basis of accounting and are adopted on an annual basis. The budget for the Community Development Operating, Grants Operating (special revenue funds), and the Capital Projects Fund are prepared annually for a specific set of projects. The Debt Service Funds' budgets are not prepared by project. By state law only budgets in the Capital Projects Fund do not lapse at year-end. Therefore any remaining budget in the Grants Operating Fund and the Community Development Operating Fund are re-appropriated by Council action in the following year. State law also requires a budget comparison for all funds for which an annual budget is adopted. In these three funds, the Council adopts the entire amount of the project, even though the project may not be completed in the first year. As a result, the budget comparisons on an annual basis may show large amounts of unexpended appropriations. Budgets for the Downtown Economic Development Fund, Street Lighting Fund, Demolition, Weed Abatement & Forfeiture Fund, Emergency 911 Fund, Salt Lake City Donations Fund, DEA and the Transportation Fund (special revenue funds) lapse at year end. Encumbrances are not reported as expenditures, but where necessary, are re-appropriated in the ensuing year's budget.

Budgets for the proprietary funds are prepared using the accrual basis of accounting except for depreciation, lease amortization, and the changes in compensated absences and other post-employment benefits, which are not budgeted. Budgets are adopted for the entire amount of estimated proceeds from the sale of property and equipment rather than on the gain or loss from the sale as is reported in the financial statements. Budgets are also adopted for the entire amount of any debt issued to finance multi-year acquisition and construction projects. Budget comparisons in the proprietary funds may therefore show large amounts of unexpended appropriations for construction projects. These unexpended amounts are re-appropriated the following year.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Cash, Cash Equivalents and Investments

The City complies with GASB Statement No. 72 *Fair Value Measurement and Application*. The statement requires certain investments to be reported at fair value and the change in fair value to be included in revenues or expenses. The City's policy is to report all investments at fair value except for money market investments and interest-earning investment contracts with a remaining maturity at time of purchase of ninety days or less. These are reported at amortized cost. The City's investment in the State Treasurer's Pool has a fair value equivalent to the value of the pool shares. This pool is administered by the State of Utah and is regulated by the Money Management Council under provisions of the Utah State Money Management Act. In all statements, the City considers all highly liquid investments (including restricted assets) that mature within ninety days or less when purchased to be cash equivalents.

Inventories of supplies

Inventories of supplies are valued at cost using the first-in/first-out method and consist of expendable supplies and merchandise. The cost of such inventories is recorded as expenditures/expenses when used (consumption method).

Depreciable capital assets

Capital assets are valued at historical cost or estimated historical cost for assets where actual historical cost was not available. Donated capital assets are valued at their acquisition costs. In the event that donated capital assets are received under a service concession agreement those assets would be recorded at acquisition value.

The City has a capitalization threshold of \$100,000 for infrastructure in the public right of way and \$5,000 for all other assets. The City does not capitalize interest as part of construction in process. Depreciation of capital assets is computed using the straight-line method over the following estimated useful lives:

Buildings	35-60 years
Building improvements	5-40 years
Improvements other than buildings	25-35 years
Machinery and equipment, including right-to-use assets for leased property	3-20 years
Infrastructure in public way; Roads, signals, lights and bridges	20-50 years
Water and sewer lines	13-100 years
Construction in Progress is not depreciated until the asset is placed into service	

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Right to use leased assets are recognized at the lease commencement date and represent the City's right to use an underlying asset for the lease term. Lease assets are measured at the initial value of the lease liability plus any payments made to the lessor before commencement of the lease term, less any lease incentives received from the lessor at or before the commencement of the lease term, plus any initial direct costs necessary to place the lease asset into service. Lease assets are amortized over the shorter of the lease term or useful life of the underlying asset using the straight line method. The amortization period varies from two to 20 years.

Right to use subscription IT assets are recognized at the subscription commencement date and represent the City's right to use the underlying IT asset for the subscription term. Right to use subscription IT assets are measured at the initial value of the subscription liability plus any payments made to the vendor at the commencement of the subscription term, plus any capitalizable initial implementation costs necessary to place the subscription asset into service. Right to use subscription IT assets are amortized over the shorter of the subscription term or useful life of the underlying asset using the straight-line method. The amortization period varies from three to five years.

#### Bond Premiums and Discounts

Amortization of bond premiums or discounts are computed on the effective interest or straight-line method over the life of the related bonds. When the straight-line method is used, it approximates the effective interest method. Bond issue costs are expensed in the period in which the debt is incurred.

#### Leases/Subscription-Based Information Technology Arrangements

Lease receivables are recorded by the City as the present value of future lease payments expected to be received from the lessee during the lease term, reduced by any provision for estimated uncollectible amounts. Lease receivables are subsequently reduced over the life of the lease as cash is received in the applicable reporting period. The present value of future lease payments to be received are discounted based on the interest rate the City charges the lessee.

The City leases buildings under noncancellable lease agreements. Lease terms range from 3 to 15 years. Certain leases include options to extend or terminate the agreement, which are included in the lease term when it is reasonably certain that the option will be exercised. Lease payments are primarily fixed and do not include material variable payments.

The City has entered into subscription-based information technology arrangements for various cloud-based software applications, including financial management, human resources, payroll, and public safety systems. These arrangements convey the right to use the vendor's software for a specified subscription period but do not transfer ownership of the underlying software. Subscription terms generally range from 3 to 6 years. Subscription payments are primarily fixed and do not include material variable payments.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

The City has elected to exclude short-term subscription-based information technology arrangements and leases with a term of 12 months or less from recognition as assets and liabilities. Payments for these short-term arrangements are recognized as expense as incurred.

During the fiscal year, the City evaluated its lease and subscription assets for impairment and determined that no impairment losses were required to be recognized.

Property taxes

Ad valorem (based on value) property taxes constitute a major source of General Fund revenue. Taxes are levied through the passage of an ordinance in June of each year. The levy is applicable to only one year. All taxable property is required to be assessed and taxed at a uniform and equal rate on the basis of its fair market value. The State Tax Commission is required to assess certain statutorily specified types of property including public utilities and mining property. The county assessor is required to assess all other taxable property, and both entities are required to assess the respective types of property as of January 1, the assessment date. The County is then required to complete the tax rolls by May 15. By July 21, the county treasurer is to mail assessed value and tax notices to property owners. Then a taxpayer may petition the county board of equalization between August 1 and August 15 for a revision of the assessed value. Approved changes in assessed value are made by the county auditor by November 1 and on this same date the auditor is to deliver the completed assessment rolls to the county treasurer. Tax notices are mailed with a due date of November 30, and delinquent taxes are subject to a penalty. Unless the delinquent taxes and penalties are paid before January 15, a lien is attached to the property, and the amount of taxes and penalties bear interest from January 1 until paid. If after five years delinquent taxes have not been paid, the County sells the property at a tax sale. Tax collections are remitted to the City from the County on a monthly basis.

GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, defines a non-exchange transaction as one in which “a government either gives value to another party without directly receiving equal value in exchange or receives value from another party without directly giving equal value in exchange.” For property taxes, at January 1 of each year (the assessment date), the City has the legal right to collect the taxes, and in accordance with the provisions of the statement, has recorded a receivable and a corresponding deferred inflow of resources for the assessed amount of those property taxes as of January 1, 2025.

Interfund transactions

In the normal course of its operations, the City has various transactions between funds. Various City funds provide a number of services such as administrative, fleet maintenance, and information processing to certain other City funds. Charges are treated as revenues in the fund providing the service and as operating expenses in the fund receiving the service (see note 11). Transfers are recognized as transfers in and out, respectively, by the funds receiving and providing the transfer. Short-term payables are shown as due to/from other funds. Long-term payables are shown as advances to/from other funds.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Long-term liabilities

Long-term liabilities that will be financed from governmental funds are accounted for in the governmental activities portion of the government-wide statements, while those of proprietary funds are accounted for in their respective fund. Lease liabilities represent the City's obligation to make lease payments arising from the lease. Lease liabilities are recognized at the lease commencement date based on the present value of future lease payments expected to be made during the lease term. The present value of lease payments are discounted based on a borrowing rate determined by the City.

Subscription liabilities

Subscription liabilities represent the City's obligation to make subscription payments arising from the subscription contract. Subscription liabilities are recognized at the subscription commencement date based on the present value of future subscription payments expected to be made during the subscription term. The present value of subscription payments are discounted based on a borrowing rate determined by the City.

Pensions

The City complies with GASB Statement 68, *Accounting and Financial Reporting for Pensions* which measures the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Utah Retirement Systems Pension Plan (URS), including additions to and deductions from URS's fiduciary net position, have been determined on the same basis as they are reported by URS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Deferred Outflows/Inflows of Resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial element, deferred outflows of resources, represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expenditure/expense) until then. The business type fund statements and government wide statements of net position report deferred outflow on the refunding of debt, unrecognized items not yet charged to pension expense and contributions from the employer after the measurement date but before the end of the employer's reporting period.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflow of resources. This separate financial statement element, deferred inflows of resources, represent an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenues) until that time. The government has items which qualify for reporting in this category. The governmental funds report unavailable revenue from property taxes and unavailable grant revenue. The government wide statement of net position reports unavailable

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

revenue from property taxes and unearned annuity interest. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The government wide statement of net position also includes the unamortized portion of the net difference between projected and actual earnings on pension plan investments and other unrecognized items not yet charged to pension expense. The City also has deferred inflows related to leases where the City is the lessor and is reported in the statement of net position. The deferred inflows of resources related to leases are recognized as an inflow of resources (revenue) on the straight line method over the term of the lease.

**Fund Balance**

When both restricted and non-restricted fund balance is available for expenditure appropriation, the City's policy is to use restricted fund balance first. When committed, assigned or unassigned fund balance is available to use for expenditure appropriation, the City's policy is to use committed first, assigned second and then unassigned fund balance.

Fund balance commitments would be made by the City's legislative body, the City Council by ordinance in formal action in a public meeting. Fund balance assignments are made possible by the City Council by legally approving budgets in the governmental funds. For the General Fund, any year-end outstanding encumbrance that has been created by a City official with signatory authority and is within the budget constraints set by the Council is an assignment of fund balance. For other governmental funds any fund balance that is not restricted is assigned to the same purpose as it was originally appropriated by the City Council.

**Net Position**

The City's net position is classified as follows: (1) Net investment in capital assets consists of the total investment in capital assets, net of accumulated depreciation and reduced by the outstanding debt obligations related to those assets. To the extent debt has been incurred, but not yet expended for capital assets, such amounts are not included as a component of net investment in capital assets; (2) Restricted for capital projects are amounts that are restricted by debt covenants to be expended for capital assets; (3) Restricted for debt service consists of that portion of net position that is restricted by debt covenants for debt service; (4) Unrestricted net position consists of everything else that does not meet the criteria above.

**Land and buildings held for resale**

The cost of land and buildings held for resale in the Housing and Loan Fund and Community Reinvestment Agency (enterprise funds) are capitalized until the related property is subsequently sold. Land and buildings held for resale are carried at the lower of cost, market, or committed sales price. Costs of buildings and improvements that management determines are not recoverable are expensed. Gains and losses on dispositions of land and buildings held for resale are included in the operating statement.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Use of Estimates in Preparing Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the management of the City to make estimates and assumptions that affect the reported amounts of assets and liabilities. Estimate use also requires the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Total columns

The total columns shown on the accompanying fund financial statements are mathematical totals only and do not eliminate inter-fund transactions or include other entries required to present consolidated financial statements. The government-wide financial statements do, however, eliminate most inter-fund transactions and the double counting of revenues and expenses. They are therefore much closer to the consolidated financial statements presented in private sector accounting.

Adoption of New Standard

Recently Adopted Accounting Principles—GASB Statement No. 101 Compensated Absences requires the restatement of net position of all periods presented, if practicable. The City calculated the new net position for the beginning of fiscal year 2025 balance and the amount was immaterial to the financial statements; therefore, no restatement was made. Accordingly, the City presented the current and long term compensated absences for fiscal year 2025 according to the calculation used to adopt GASB Statement No. 101, and the associated changes were recognized in fiscal year 2025 expenses.

The City's compensated absences consist primarily of vacation leave and personal leave earned by employees. Vacation leave is earned based on length of service and may be carried forward subject to certain limitations. Upon termination or retirement, employees are compensated for unused vacation leave at their current rate of pay. Personal leave is earned annually and paid at 50% upon termination. The liability for compensated absences is reported as a long-term liability and is accrued as benefits are earned and become attributable to past service. Compensated absences are measured using the pay rates in effect at the financial statement date, including salary-related payments.

2. Cash, Cash Equivalents and Investments

The City maintains a cash pool and an investment pool that are available for use by all funds. Each fund type's portion of these pools is included in the combined balance sheet as "Cash and cash equivalents" and "Investments". Also included are investments separately held by several of the City's funds.

It is the policy of Salt Lake City Corporation to invest public funds in accordance with the principles of sound treasury management and in compliance with state and local laws, regulations, and

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

other policies governing the investment of public funds, specifically, according to the terms and conditions of the Utah State Money Management Act of 1974 and Rules of the State Money Management Council as currently amended (the “Act”), and the City’s own written investment policy.

Public treasurers may use investment advisers to conduct investment transactions on behalf of public treasurers as permitted by statute, Rules of the Money Management Council and local ordinance or policy. Investment advisers must be certified by the Director of the Utah State Division of Securities of the Department of Commerce (the “Director”) and meet the requirements of the Utah Money Management Act (Rule 15 of the State Money Management Council). Broker/dealers and agents who desire to become certified dealers must be certified by the Director and meet the requirements of the Utah Money Management Act (Rule 16 of the State Money Management Council). Only Qualified Depositories as certified by Utah’s Commissioner of Financial Institutions are eligible to receive and hold deposits of public funds (Rule 12 of the State Money Management Council). The Utah Money Management Council issues a quarterly list of certified investment advisers, certified dealers, and qualified depositories authorized by state statute to conduct transactions with public treasurers. Transactions involving authorized deposits or investments of public funds may be conducted only through issuers of securities authorized by Section 51-7-11(3), qualified depositories included in the current state list and certified dealers included in the current state list. All securities purchased through a certified investment adviser or certified dealer are required to be delivered to the custody of the City Treasurer or to the City’s safekeeping bank or trust company.

The City may place public money in investments/deposits authorized by the Money Management Act (U.C.A. 51-7-11). The Treasurer shall ensure that all purchases and sales of securities are settled within 15 days of the trade date for outstanding issues, and 30 days on new issues. In general these investments can be any of the following subject to restrictions specified in the Act: (1) Obligations of the U.S. Treasury and most Government-Sponsored Agencies; (2) Commercial paper that is classified as “first tier” by two nationally recognized statistical rating organizations, one of which must be Moody’s Investors Service or Standard & Poor’s; (3) Bankers’ Acceptances; (4) Publicly traded fixed rate corporate obligations rated “A” or higher, or the equivalent of “A” or higher, by two nationally recognized statistical rating organizations; (5) Certain variable rate securities and deposits with the same rating requirements as the fixed rate corporate obligations; (6) Utah State Public Treasurer’s Investment Pool; (7) Certain fixed rate negotiable deposits with a qualified depository or through a certified dealer; (8) Qualifying repurchase agreements.

The City did not enter into any reverse repurchase agreements during the year ended June 30, 2025.

City policy provides that not more than 25% of total City funds or 25% of the qualified depository’s allotment, whichever is less, can be invested in any one qualified depository. Not more than 20% of total City funds may be invested in any one certified out-of-state depository institution. However, there shall be no limitation placed on the amount invested with the Public Treasurers’ Investment Fund (State Treasurer’s Pool) and other money market mutual funds, provided that the overall standards of investments achieve the City’s policy objectives.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

The City's deposits are insured up to \$250,000 per account by the Federal Deposit Insurance Corporation. Deposits above the \$250,000 per account are exposed to custodial credit risk. Custodial credit risk for deposits is the risk that in the event of a bank failure, the City's deposits may not be recovered. The bank balance of the Primary Government's deposits totaled \$35,995,841. Of this amount, \$754,892 was insured and the remaining \$35,240,949 was uninsured and uncollateralized. The bank balance of the Library component unit totaled \$4,502,358. Of this amount, \$250,000 was insured and the remaining \$4,252,358 was uninsured and uncollateralized. The City has no formal policy regarding deposit credit risk.

**Investments** - The City Treasurer may take physical delivery of securities or may use a qualified depository bank for safekeeping securities. An account with a money center bank may be maintained for the purpose of settling investment transactions, safekeeping and collecting those investments. A safekeeping receipt issued by a qualified depository supports repurchase agreements with qualified depositories; otherwise, the securities are held in the custody of the City Treasurer or the City's safekeeping bank or trust company. Online access to accounts and monthly statements support investments in the State Treasurer's Pool. All funds pledged or otherwise dedicated to the payment of interest and principal of bonds issued by the City are invested in accordance with the terms and borrowing instruments applicable to such bonds. City policy also provides that the remaining term to maturity of an investment may not exceed the period of availability of the funds invested. The investment of City funds cannot be of a speculative nature.

Custodial credit risk for investments is the risk that, in the event of a failure of the counter party, the City will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party. Of the total \$1,881,940,007 invested by the City, \$35,641,937 was exposed to custodial credit risk. The entire amount exposed was held in the City's name by the counterparty.

Investment interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The City currently has no policy regarding investment interest rate risk. The table below shows the maturities of the City's investments.

**SALT LAKE CITY CORPORATION**

Investment credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Salt Lake City's policy is to follow the previously described Utah Money Management Act to reduce exposure to investment credit risk.

The Library Component unit has funds invested in the Utah State Treasurer's pool.

The city measures and records its investment using fair value measurement guidelines established by generally accepted accounting principles. These guidelines recognize a three tiered fair value hierarchy, as follows:

Level 1: Quoted prices for identical investment in active markets.

Level 2: Observable inputs other than quoted market prices.

Level 3: Unobservable inputs

The securities classified as Level 1 are valued as stated above. Money markets funds classified as level 2 use published fair value per share (unit) for each share and State Treasurer's Pool funds use the application of the June 30, 2025 fair value as calculated by the Utah State Treasurer, to the City's average daily balance in the Fund. The City currently has no assets that qualify for Level 3 investments. The following table illustrates the investments by the appropriate levels.

**SALT LAKE CITY CORPORATION**

<b>Total</b>	<b>\$ 1,894,724,367</b>	<b>\$ 26,374,443</b>	<b>\$ 25,800,272</b>	<b>\$ 2,131,358</b>

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Salt Lake City's policy is to follow the Rules of the Money Management

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Council. Rule 17 of the Money Management Council limits investments in a single issuer of commercial paper and corporate obligations to between 5% and 10% depending upon the total dollar amount held in the portfolio. The City had no debt securities investments as of June 30, 2025 with more than 5% of total investments.

Included in both deposits and investments are cash equivalents with an original maturity of ninety days or less. For statement of cash flows and balance sheet purposes, only those items with maturities of ninety days or less when purchased are considered cash and cash equivalents.

3. Loans Receivable

The Housing and Loan Fund (an enterprise fund) provides loans to residents for improvements in existing housing within designated project areas. It also provides mortgage loans to residents within the same designated project areas. Some loans are payable in monthly installments, others are due on sale or transfer of ownership of the related property, and other loan payments are deferred. These loans have interest rates ranging from 0% to 7% and are collateralized by property or a letter of credit. Housing loans receivable as of June 30, 2025 were \$39,108,991, net of \$489,000 estimated as uncollectible.

The Community Reinvestment Agency (CRA - an enterprise fund) provides housing loans to homeowners and construction loans to contractors within designated areas of the City. These loans total \$90,198,119 at June 30, 2025, are payable in monthly installments, bear interest from 0% to 7.0% and are collateralized by property, letters of credit or restricted cash accounts.

During the second half of FY 2020, construction of the new SLC airport was ongoing and the airlines and concessionaires began their buildouts in the new buildings. When the COVID-19 pandemic hit, many of the tenants were unable to continue funding their buildouts. In order to have the airlines and a certain amount of concessions open and operating when the Terminal Redevelopment Project and the North Concourse Program were completed, the Airport loaned funds to tenants to complete the buildouts. The Airport continued to loan funds through December 2020. These funds will be repaid by the end of FY 2025 with the exception of one loan going through FY 2034.

4. Restricted Assets

The bond resolutions require all bond proceeds and revenue earned on bond proceeds to be restricted to the payment of bond construction projects specified within the resolutions, the payment of bond principal and interest, and the renewal and replacement of specified property and equipment. Certain Water Utility certificates of deposit are also restricted for consumer deposits and for contributions for reservoir and supply line construction.

Restricted assets in the General Fund are for certain proceeds of fund revenue bonds, as well as certain resources set aside for their repayment. They are classified as restricted assets because their use is limited by applicable bond covenants and legal restrictions.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Restricted assets in the Department of Airports (an enterprise fund) are restricted for construction projects at the Airport under the Passenger Facilities Charges (PFC) Program agreement.

Restricted assets in the Community Reinvestment Agency (an enterprise fund) are restricted by provision of bond resolutions.

Restricted assets in the Demolition, Weed and Forfeiture special revenue fund are restricted while awaiting the adjudication of Police Department asset seizures related to criminal cases.

Restricted assets in the Capital Projects Fund are restricted debt proceeds to be used for capital construction.

Restricted assets in the Water, Sewer, Stormwater and Street Lighting Utilities (enterprise funds) are restricted by: Bond resolution or contractual agreement for debt service or completion of debt funded capital construction; Bond resolution for renewal and replacement; Customer deposit agreements; and the Utah Impact Fee Act.

Restricted assets in the Refuse (non-major proprietary) fund are assets held by a trustee and are restricted for the purchase of capital equipment funded by debt proceeds.

Restricted assets in the Fiduciary Fund are for the payment of retirement benefits.

Restricted assets in the Fleet Management internal service fund are assets held by a trustee and are restricted for the purchase of capital equipment funded by debt proceeds.

Restricted assets in the Local Building Authority internal service fund are assets held by a trustee and are restricted for capital construction funded by bond proceeds.

Restricted assets in the Other Improvement debt service funds are restricted for debt service.

Restricted assets in the Gallivan Component Unit are for construction and other commitments held in escrow.

5. Capital Assets

The following table and the one on the following page summarize the changes in capital assets for governmental and business-type activities during the year ended June 30, 2025:

**SALT LAKE CITY CORPORATION**

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Compensation Liabilities (Compensated Absences)

Vacation leave, compensatory leave, and the portion of sick leave that will eventually be paid are recognized as liabilities as they are earned. In the event of termination or retirement, an employee is reimbursed for unused accumulated vacation. Employees participating in Plan A are reimbursed for 25 percent of unused accumulated sick leave upon retirement, or 50 percent if the funds remain with the city to be used for retiree health insurance premium, while those employees participating in Plan B are reimbursed for 50 percent of the earned balance of personal leave upon separation or retirement. Upon retirement any unused severance account balance is reimbursed at 100 percent. The liability for accumulated compensated absences at June 30, 2025 is reported in the individual funds except for the long term portion relating to the governmental funds, which is recorded in the Governmental Activities column of the Government-wide Statements. Compensated absence liabilities in the enterprise and internal service funds have traditionally been liquidated by the specific enterprise or internal service fund to which the employee's salary is charged. Compensated absences are reported in the governmental funds for unpaid balances of reimbursable unused leave for employees that terminated during the current fiscal year. For governmental funds, any compensated absence liability has typically been liquidated by the General Fund.

GASB Statement No 88 - Certain Disclosure Related to Debt, including Direct Borrowings and Direct Placements

To comply with GASB Statement No 88 "Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements," the City has identified bonds that have been directly placed. Also, included in the notes is a section describing direct borrowings by the City. The detail for each direct borrowing lender is also included in the debt tables within this note.

General Obligation Bonds

On November 18, 2010 the City issued General Obligation Bonds Series 2010B (Series 2010B) in the amount of \$100,000,000. The City incurred \$160,680 issuance costs, resulting in net proceeds of \$99,839,320. The bonds carry an interest rate of 3.02 percent, and were issued to finish the \$125,000,000 Public Safety Building and Command Center construction. The remaining balance of the 2010B bonds at June 30, 2025 was \$34,705,000. This bond was a direct placement.

On February 24, 2015, the City issued Federally Taxable General Obligation Refunding Bonds, Series 2015A at the par amount of \$14,615,000. The City incurred a total of \$120,808 in issuance costs, resulting in net proceeds of \$14,494,192. The bonds carry coupon rates of .45 percent to 3.322 percent and have final maturity date in fiscal year 2028. The bonds were issued to defease the par amount of the General Obligation Bonds Series 2013B due to mature on June 15, 2028 in the amount of \$14,423,000. As a result, \$14,423,000 is considered to be defeased and the liability for those bonds was removed from the balance sheet. The 2015A Bonds maturing on or after June 15, 2025 are subject to redemption prior

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

to maturity, at the election of the City, on December 15, 2024, and on any date thereafter, in whole or in part, from such maturities or parts thereof as will be selected by the City, at a redemption price equal to 100 percent of the principal amount of the 2015A Bonds to be redeemed plus accrued interest thereon to the date fixed for redemption. While incurring a deferred gain of \$71,191 for accounting and reporting purposes, the City realized an economic loss of \$150,726. The remaining balance of the defeased bonds at June 30, 2025 was \$3,540,000.

On October 25, 2017, the City issued General Obligation Refunding Bonds Series 2017B at a par amount of \$12,920,000. The bonds carry coupon rates of 2.00 percent to 5.00 percent and have a final maturity of June 15, 2030. The bonds were issued to crossover refund a portion of the General Obligation Series 2010A Build America Bonds which were originally issued for the construction of the Public Safety Building. The crossover refunding results in cash flow savings of \$660,669 and resulted in a deferred gain of \$1,010,681. The effective discount rate is 2.201%. The remaining balance of the 2017B bonds at June 30, 2025 was \$7,175,000.

On October 23, 2019, the City issued General Obligation Bonds Series 2019 at par amount of \$22,840,000 with a premium of \$3,665,151. The bonds carry coupon rates of 4.00 percent to 5.00 percent and have a final maturity date of June 15, 2039. The bonds were issued to fund construction of streets and to refund the General Obligation Bonds Series 2017. The True Interest Cost of the bonds is 2.078%. The refunding of the Series 2017 bonds resulted in net present value savings of \$340,911 and a net cash flow savings of \$372,874. The remaining balance of the 2019 bonds as of June 30, 2025 was \$12,445,000.

On September 29, 2020, the City issued General Obligation Bonds Series 2020 at par amount of \$17,745,000 with a premium of \$2,709,886. The bonds carry coupon rates of 3.00 percent to 5.00 percent and have a final maturity date of June 15, 2040. The bonds were issued to fund street construction. The True Interest Cost of the bonds is 1.63%. The remaining balance of the 2020 bonds as of June 30, 2025 was \$11,175,000.

On November 30, 2021, the City issued General Obligation Bonds Series 2021 at par amount of \$20,660,000 with a premium of \$2,879,180. The bonds carry coupon rates of 3.00 percent to 5.00 percent and have a final maturity date of June 15, 2041. The bonds were issued to fund street construction. The True Interest Cost of the bonds is 1.83%. The remaining balance of the 2021 bonds as of June 30, 2025 was \$14,980,000.

On October 5, 2022, the City issued General Obligation Bonds Series 2022A at a par amount of \$21,785,000 with a premium of \$1,709,958. The bonds carry coupon rates of 4.00 percent to 5.00 percent and have a final maturity date of June 15, 2042. The bonds were issued to improve various streets and roads throughout the City and related infrastructure improvements. The True Interest Cost of the bonds is 3.51%. The remaining balance of the bonds as of June 30, 2025 was \$18,045,000.

On August 23, 2023, the City issued General Obligation Bonds Series 2023 at a par amount of \$24,765,000 with a premium of \$120,893. The bonds carry coupon rates of 4.67 percent to 5.50 percent

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

and have a final maturity date of June 15, 2043. The bonds were issued to improve various parks, trails and open space and related facilities throughout the City. The True Interest Cost of the bonds is 4.98%. The True Interest Cost of the bonds is 4.98%. The remaining balance of the bonds as of June 30, 2025 was \$23,065,000.

Sales Tax Revenue Bonds

For all of the series of the Sales and Excise Tax Revenue bonds, the City has pledged sales tax revenues as collateral for the bonds.

On September 24, 2014, the City issued the Series 2014B Sales and Excise Tax Revenue Bonds in the par amount of \$10,935,000 with a final maturity date of October 1, 2034. With the original issuance premium of \$621,745 added and a total issuance cost of \$188,745 subtracted, the net proceeds equaled \$11,368,000. The bonds carry interest rates from 2 percent to 4 percent, and were issued to fund City construction and acquisition projects. The Series 2014B Bonds maturing on or after October 1, 2025, are subject to redemption at the election of the City, on any date on or after October 1, 2024, in whole or in part, from such maturities or parts thereof as shall be selected by the City, upon notice given as provided in the Indenture, at a redemption price equal to 100 percent of the principal amount of the Series 2014B Bonds to be redeemed plus accrued interest thereon to the date fixed for redemption. The outstanding balance of the 2014B bonds at June 30, 2025 was \$6,410,000.

On June 1, 2016 the City issued Series 2016A Sales and Excise Tax Revenue Refunding Bonds at the par amount of \$21,715,000, resulting in a deferred gain of \$1,010,681. The bonds were issued with a premium of \$2,924,990 and incurred a total of \$158,354 in issuance costs resulting net proceeds of \$24,481,636. The bonds carry coupon rates of 1.5 percent to 4.0 percent and have final maturity date in fiscal year 2029. Bonds maturing after October 1, 2026 are subject to redemption in whole or in part at the election of the City. The redemption price is equal to the principal amount thereof plus accrued interest. The bonds were issued to defease the par amount of the Series 2009A Sales and Excise Tax Revenue Bonds due to mature on October 1, 2029 in the amount of \$22,075,000. As a result, \$22,075,000 is considered to be defeased and the liability for those bonds was removed from the balance sheet. The outstanding balance of the 2016A bonds at June 30, 2025 was \$9,565,000.

On December 10, 2019, the City issued Sales Tax Revenue Refunding Bonds Series 2019A at a par amount of \$2,620,000 with a premium of \$343,625. The bonds carry coupon rates of 4.00 percent to 5.00 percent and have a final maturity of April 1, 2027. The True Interest Cost of the bonds is 1.42%. The bonds were issued to refund the Sales Tax Revenue Bonds Series 2007A and resulted in net present value savings of \$299,661. The remaining balance of the 2019A bonds as of June 30, 2025 was \$665,000.

On December 10, 2019, the City issued Sales Tax Revenue Refunding Bonds Series 2019B at a par amount of \$58,540,000. The bonds carry coupon rates of 1.794 percent to 3.102 percent and have a final maturity of April 1, 2038. The bonds have a True Interest Cost of 3.03%. The bonds were issued to refund the Sales Tax Revenue Bonds Series 2013A and resulted in net present value savings of

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

\$6,710,695 and a net cash flow savings of \$8,618,611. The remaining balance of the 2019B bonds as of June 30, 2025 was \$55,800,000.

On December 15, 2021, the City issued Sales Tax Revenue Refunding Bond Series 2021 at the par amount of \$15,045,000. The bonds carry coupon rates of .48 percent to 2.49 percent and have a final maturity date of October 1, 2034. The bonds were issued to advance refund Sales Tax Revenue Bond Series 2013B and the LBA Series 2013A and 2014A Bonds. The True Interest Cost of the bonds is 2.01%. The bonds resulted in net present value savings of \$941,768 and net cash flow savings of \$1,112,566. The remaining balance on the Sales Tax Series 2021 as of June 30, 2025 was \$13,065,000.

On January 13, 2022, the City issued Sales Tax Revenue Refunding Bond Series 2022A at a par amount of \$8,900,000 with a premium of \$1,511,735. The bonds carry a coupon rate of 4.00 percent and have a final maturity date of June 30, 2033. The bonds were issued to refund Sales Tax Revenue Bond Series 2012A. The True Interest Cost of the bonds is 1.23%. The bonds resulted in net present value savings of \$955,814 and net cash flow savings of \$1,013,504. The remaining balance of the 2022A bonds as of June 30, 2025 was \$7,050,000.

On November 17, 2022, the City issued Sales Tax Revenue Bonds Series 2022B at a par amount of \$40,015,000 with a premium of \$2,782,846. The bonds carry coupon rates of 4.73 percent to 5.21 percent and have a final maturity date of October 1, 2042. The bonds were issued fund construction and improvements of various capital projects, including City Cemetery, 600 North Corridor transformation, new radio towers for City Communication, Westside railroad quiet zones, and Warm Springs Plunge structure stabilization and improvements. The True Interest Cost of the bonds is 4.38%. The remaining balance of the bonds as of June 30, 2025 was \$40,015,000.

On November 17, 2022, the City issued Sales Tax Revenue Bonds Series 2022C at a par amount of \$24,240,000. The bonds carry coupon rates of 4.73 percent to 5.21 percent and have a final maturity date of October 1, 2042. The bonds were issued to fund construction and improvements of various capital projects, including Pioneer Park, an upgrade of the electrical transformer at the Central Plant and emergency backup generators, Smith's Ballpark improvements, urban wood reutilization equipment and storage additions, and Fisher Mansion stabilization and improvements. The True Interest Cost of the bonds is 5.05%. The remaining balance of the bonds as of June 30, 2025 was \$20,295,000.

#### Water, Sewer and Stormwater Utility Bonds

The bond resolution approved in conjunction with the issuance of the Salt Lake City Water and Sewer Revenue Bonds provides, among other things, that certain funds be established and that certain accounting procedures be followed. Under the terms of the resolution, the City irrevocably pledged the net revenues of the Water and Sewer Utilities to the payment of the bonds and covenanted that rates will be established to yield net revenues, as defined, equal to at least 1.25 times the debt service to become due in the next fiscal year.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

On November 17, 2009, the Sewer Utility issued \$6,300,000 in Revenue Bonds. The 2009 Stimulus Bonds were issued as part of economic stimulus funding through the State of Utah. The Sewer Utility used the funds to replace the digester cover and walls at the reclamation plant facility. These bonds mature 2012 through 2031 with annual principal payments of \$315,000 beginning February 2012 and the average interest of 0 percent. The Sewer Utility incurred issuance costs of \$69,740 related to the 2009 series bonds. The issuance cost is being amortized commensurate with the debt service payments beginning February 2012. The outstanding balance of the bonds at June 30, 2025 was \$1,890,000. This bond was a direct placement.

On September 14, 2010, the Sewer Utility issued \$12,000,000 in Revenue Bonds at an interest rate of 2.73 percent. The 2010 Series Bonds were issued by direct purchase through JPMorgan Chase Bank as authorized by City Council resolution for the purchase, acquisition and construction of improvements, facilities and properties including the sewer Orange Street trunk line or other various improvements. This issue matures February 1, 2031. The outstanding balance of the bonds at June 30, 2025 was \$4,135,000. This bond was a direct placement.

On October 19, 2011, the Utilities issued \$8,000,000 in Revenue Bonds at an interest rate of 2.37 percent. The Series 2011 Bonds were issued by direct purchase through JPMorgan Chase Bank as authorized by City Council resolution for the purchase, acquisition and construction of improvements, facilities and properties including the Folsom Avenue stormwater project or other various stormwater improvements. This issue matures February 1, 2027. The outstanding balance of the bonds at June 30, 2025 was \$1,150,000. This bond was a direct placement.

On December 11, 2012 the Sewer and Stormwater Utilities issued \$28,565,000 (\$23,708,950 Sewer and \$4,856,050 Stormwater) in Revenue Bonds at an interest rate of 1.73 percent. The Series 2012 Bonds were issued by direct purchase through JPMorgan Chase Bank as authorized by City Council resolution. The principal purpose of the Series 2012 Bonds was to defease a portion of the Series 2004 Bonds; \$20,490,662 was placed in escrow that, when combined with related interest earnings, will be necessary to make principal and interest payments totaling \$19,145,000 and \$1,384,181, respectively. The net carrying amount of the defeased bonds was \$20,519,304 (\$19,145,000 due at maturity add \$1,187,044 of unamortized premium and \$372,703 of accrued interest, and less unamortized issuance costs of \$185,443). The refunding transaction resulted in a \$28,642 deferred inflow of resources, which was amortized through February 2014. The Series 2012 bonds also generated funds of \$8,000,814 (after payment of bond issue costs of \$73,524) for the construction and purchase of improvements at the Sewer Treatment Plant and other sewer line upgrades. This issue matures February 1, 2027. The outstanding balance of the bonds at June 30, 2025 was \$1,170,000. This bond was a direct placement.

On April 5, 2017 the Salt Lake City Public Utilities issued \$72,185,000 (\$6,400,000 Water, \$63,569,743 Sewer, and \$2,215,257 Street Lighting) in Revenue Bonds. The bonds were issued at a premium of \$9,593,680 and carry interest rates of 2.00 percent to 5.00 percent with a final maturity of February 1, 2037. The bonds were issued for the purpose of financing improvements to the City's water, sewer, storm drain, and street lighting utilities, and refunding a portion of the City's outstanding

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

water and sewer revenue bonds. The Series 2017A Bonds maturing on or after February 1, 2028 are subject to redemption at the election of the City. The outstanding balance of the bonds at June 30, 2025 was \$51,255,000.

On August 12, 2020, the Water, Sewer and Stormwater Utilities issued \$157,390,000 (\$61,362,110 Water, \$84,472,630 Sewer and \$11,555,260 Stormwater) in Revenue Bonds at an average interest rate of 4.6 percent. The principal purpose of the Series 2020 Bonds was to finance a new water reclamation facility and water treatment plant updates. The Series 2020 bonds will also help finance improvements to the City's storm drainage system. The issuance resulted in net proceeds of \$197,500,000 after premium of \$40,810,454 and \$700,454 cost of issuance. This issue fully matures February 1, 2050. The outstanding balance of the bonds at June 30, 2025 was \$154,215,000.

On September 15, 2020, the Utilities' secured funding from the EPA under the Water Infrastructure Finance and Innovation Act (WIFIA) program of up to \$348,635,000. This funding will be provided on a reimbursement basis and will be used for the construction of a water reclamation facility to replace the fully depreciated facility that is still in use. The Sewer incurred financial charges of \$102,255 related this agreement. The interest rate on the funding is 1.34 percent per year. During fiscal year 2022 the Utilities drew down \$13,267,190; accordingly, the outstanding value of this loan on June 30, 2022 is \$13,267,190. Accrued interest related to the amount outstanding is \$59,250. Under the agreement with the EPA the Utilities will begin repaying the amounts reimbursed by the program plus deferred interest in 2029, and the debt service schedule and future maturities will be determined.

On June 29, 2022, the Water and Sewer Utilities issued \$329,025,000 (\$64,317,477 Water and \$264,707,523 Sewer) in Revenue Bonds at an average interest rate of 3.9 percent. The principal purpose of the Series 2022 Bonds is to finance a new water reclamation facility and water treatment plant updates. The issuance resulted in net proceeds of \$347,893,193 after premium of \$20,291,293 and \$1,423,100 cost of issuance. This issue fully matures February 1, 2052. The outstanding balance of the bonds at June 30, 2025 was \$63,177,835 and \$260,017,165, respectively.

On December 19, 2024, the Water Utility secured up to \$39,525,000 from the State of Utah to receive funds from the State Revolving Fund. The Series 2024A Bond is a requirement of the State of Utah. The principal purpose of the Series 2024A Bonds is to finance improvements to the water system. The amount includes up to \$19,350,000 of principle forgiveness. A hardship grant assessment fee is due annually on February 1, 2025. As of June 30, 2025, the Utilities have received proceeds of \$599,988 after \$100,012 cost of issuance; \$357,000 in repayable principle and \$343,000 in principal forgiveness. Future proceeds are anticipated as the bonds are purchased by the State. The bond will mature in 2064.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Community Reinvestment Agency Bonds

The master indenture approved in conjunction with the issuance of Tax Increment Revenue Bonds provides, among other things, that certain funds are established and certain accounting procedures be followed. Under the terms of this indenture, the Community Reinvestment Agency irrevocably pledged the incremental property tax revenues and investment income of the Agency to the payment of the bonds and covenanted that the estimated annual tax increment revenues will be equal to at least 1.25 times the debt service to become due in the next fiscal year.

In May 2015, the Agency issued \$12,215,000 in Series 2015A subordinate tax increment revenue bonds and \$1,060,000 in Series 2015B taxable subordinate tax increment revenue bonds (total of \$13,275,000) for the construction of the Regent Street Improvements. The interest rates on the Series 2015A and 2015B bonds are 2.57% and 2.66%, respectively. The Agency received net proceeds of \$12,543,274, including accrued interest of \$631,975 and issuance costs of \$99,752, which were both expensed as incurred. The outstanding balance of the 2015A and 2015B bonds at June 30, 2025 was \$6,165,000 and \$0, respectively. These bonds were direct placement.

On December 11, 2019, the CRA issued Tax Increment Revenue Refunding Bonds Series 2019 at par amount of \$44,640,000. The bonds carry coupon rates of 1.90 percent to 2.976 percent and have a final maturity date of April 1, 2031. The bonds were issued to refund Tax Increment Bonds Series 2013. The True Interest Cost of the bonds is 2.745%. The refunding of the Series 2013 bonds resulted in net present value savings of \$2,309,062 and a net cash flow savings of \$2,639,619. The remaining balance of the 2019 bonds as of June 30, 2025 was \$735,034.

Local Building Authority Bonds

On March 29, 2016, the Local Building Authority issued \$6,755,000 par Lease Revenue Bonds, Series 2016A. The bonds were issued at a premium of \$704,812 and carry interest rates of 2.00 percent to 5.00 percent with final maturity of April 15, 2037. The Series 2016A Bonds maturing on and after April 15, 2027 are subject to redemption in whole or in part at par plus accrued interest. The outstanding balance of the bonds at June 30, 2025 was \$4,650,000.

On April 27, 2017, the Local Building Authority issued \$8,115,000 par Lease Revenue Bonds, Series 2017A. The bonds were issued at a premium of \$1,324,158 and carry interest rates of 4.00 percent to 5.25 percent with final maturity of April 15, 2038. The Series 2017A Bonds maturing on and after April 15, 2028 are subject to redemption in whole or in part at par plus accrued interest. The outstanding balance of the bonds at June 30, 2025 was \$6,290,000.

Airport

On February 8, 2017 the Salt Lake City Airport issued \$1,000,000,000 in Airport Revenue Bonds, Series 2017A & 2017B. The bonds were issued at a premium of \$126,480,831 and carry an interest rate of 5.00 percent with a final maturity of July 1, 2047. The bonds were issued for the purpose

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

of financing a portion of the design and construction of the Terminal Redevelopment Program (TRP) and North Concourse Program (NCP). The City currently expects that it will issue additional series of airport revenue bonds to fund approximately \$1.1 billion of construction costs of elements of the TRP and NCP in addition to the costs funded with the Series 2017 Bonds. The Series 2017A & B Bonds maturing on or after July 1, 2028 are subject to redemption at the election of the City. The outstanding balance of the bonds at June 30, 2025 was \$801,860,000 and \$168,635,000, respectively.

On October 31, 2018 the Salt Lake City Airport issued \$850,550,000 in Airport Revenue Bonds, Series 2018A & 2018B. The bonds were issued at a premium of \$82,567,209 and carry an interest rate of 4.28 percent with a final maturity of July 1, 2048. The bonds were issued for the purpose of completing the construction of the Terminal Redevelopment Program (TRP) and North Concourse Program (NCP). The Series 2018A & B Bonds maturing on or after July 1, 2029 are subject to redemption at the election of the City. The outstanding balance of the bonds at June 30, 2025 was \$818,550,000.

On August 5, 2021 the Airport issued \$776,925,000 of Series 2021A (AMT), and \$127,645,000 of Series 2021B (Non-AMT) bonds. The proceeds of the bonds are being used to finance portions of the TRP and NCP. As of June 30, 2022, unspent Series 2021 bond proceeds was approximately \$15.8 million. The Series 2021A & B bonds maturing on or after July 1, 2032 are subject to redemption at the election of the City. The outstanding balance of the bonds at June 30, 2025 was \$766,080,000 and \$126,055,000, respectively.

On August 2, 2023, the Airport issued \$600,000,000 of Series 2023A (AMT) bonds. The proceeds of the bonds are being used to finance portions of the TRP and NCP. As of June 30, 2024, unspent Series 2023 bond proceeds was approximately \$119.1 million. The outstanding balance of the bonds at June 30, 2025 was \$600,000,000.

Bank Notes

The City directly borrows funds from multiple banks and financing companies to purchase equipment for city use. They are listed by bank or agency below:

The City has an equipment financing contract with JPMorgan Chase. Equipment such as police vehicles, fire trucks, and other primary government purpose equipment are eligible to be financed under this contract. The City enters into several financing contracts a year with terms less than seven years. The interest rate is fixed and is determined separately for each contract. The initial amount available for financing was \$35,000,000 and extends five years ending July 10, 2026. Each financing agreement reduces the amount available regardless of whether the final payment has been paid. As of June 30, 2025, \$29,692,897 was still available for equipment purchase financing. Most of the agreements have been for fleet and refuse equipment but there is one agreement for fire apparatus.

Public Services has four financing contracts with Siemens Public Inc. to purchase upgraded energy efficient equipment. Two contracts are for city parks, one is for Steiner Aquatics Center

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

equipment and one is for golf courses. In July 2010 \$832,588 was borrowed at 4.213 percent with final payment occurring in 2026. In January 2013, \$6,315,796 was borrowed at 2.45 percent with the final payment occurring in 2029. These were both used in the parks division to improve efficiency in water usage and irrigation in city parks. A third agreement borrowed \$3,470,79 in July 2013 at 2.95 percent maturing in 2030 and used for energy efficient equipment for Steiner Aquatics. The County contributes half of the debt service to the City as both entities agreed to share the cost of the Aquatic Center debt. The golf fund borrowed \$6,068,464 in December 2014 at 2.5 percent with final payment made in 2031. The funds were used to improve efficiency in water usage and irrigation.

The Housing and Loan Fund has two contracts that are used to provide mortgage loans for low income housing. The city funds 20 percent of the purchase price and two contracts fund the remaining 80 percent, as described below.

In August 2018 multiple bank loans were consolidated and refinanced into one loan with Ally Bank for \$9,500,000 at 4.5 percent interest and matures in 2031. The City makes monthly payments plus any principal payments received from low-income borrowers when they sell or refinance their mortgages. For new low-income properties, the City borrows directly from UBS Bank, USA. There is a revolving loan participation agreement with a limit of \$5,000,000 and is used to pay 80 percent of participation interest in low-income mortgage loans. Each new mortgage has a different interest rate based on the current federal funds rate. The City receives principal and interest payments from the borrowers and forwards those payments to UBS Bank. Final payments are expected to be made in 2048. The outstanding amount of the Ally Bank and UBS Bank notes as of June 30, 2025 total \$200,000,000, as shown on the business-type Activities loan schedule under "Loan Financing Notes."

On September 5, 2024, the Airport entered into a short-term revolving credit facility in which the Airport can access up to \$300 million (line of credit) secured by one or more notes; which notes constitute subordinate obligations under the Subordinate Obligation Trust Indenture. The Airport drew down \$200 million in February 2025 and used bond proceeds received in August 2025 to pay off the balance. As of June 30, 2025, the line of credit balance was \$200 million.

## 7. Leases

### **Lessor Agreements - Airport**

The Airport, as a lessor, recognizes a lease receivable and a deferred inflow of resources at the commencement of the lease term, with certain exceptions for leases of assets held as investments, certain regulated leases, short-term leases, and leases that transfer ownership of the underlying asset. As lessor, the asset underlying the lease is not derecognized. The lease receivable is measured at the present value of the minimum lease payments expected to be received during the lease term. The deferred inflow of resources should be measured at the value of the lease receivable in addition to any payments received at or before the commencement of the lease term that relate to future periods.

For the purposes of the GASB No. 87 implementation, Airport Leases have been categorized as follows:

1. GASB No. 87 Leases - Included

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

2. GASB No. 87 Leases - Excluded Leases - Regulated
3. GASB No. 87 Leases - Excluded Leases - Short Term

***GASB No. 87 - Included Leases***

In accordance with GASB No. 87, the Airport recognizes a lease receivable and a deferred inflow of resources for leases the Airport categorizes as GASB No. 87 - Included. The Airport has grouped these leases into three categories: Concession Leases, Rental Car Leases, and Other Property Leases. Concession leases are leases for retail and food and beverage tenants at the Airport. Rental Car Leases are rental car agencies located at the Airport. Other Property Leases contain various leases for property and space located around the Airport. For the year ended June 30, 2025, the Airport reported lease revenue of \$45,989,035 and interest revenue of \$4,046,476 related to lease payments received.

GASB No. 87 - Included Leases for the year ended June 30, 2025 are summarized as follows:

	<b>Building Lease Receivable</b>	<b>Receivable Additions</b>	<b>Implied Interest</b>	<b>Receivable Deduction</b>	<b>Annual Lease Revenue</b>	<b>Ending Lease Receivable</b>
Concession Leases	\$ 73,043,946	\$ 833,351	\$ 1,773,615	\$ 10,996,104	\$ 12,769,718	\$ 62,881,194
Rental Car Leases	50,820,288	—	940,862	30,048,408	30,989,271	20,771,879
Other Property Leases	39,396,944	2,132,685	1,331,999	4,944,523	6,276,523	36,585,107
	<u>\$ 163,261,178</u>	<u>\$ 2,966,036</u>	<u>\$ 4,046,476</u>	<u>\$ 45,989,035</u>	<u>\$ 50,035,512</u>	<u>\$ 120,238,180</u>

As of June 30, 2025, the lease receivable is \$35,452,080 and \$84,786,100 for current and non-current assets, respectively.

*Concession Leases*

The new Airport terminal and Concourse A opened in September 2020 and Concourse B opened in October 2020. At this time, all existing concession contracts were cancelled and new contracts went into effect. The Airport has 26 food and beverage locations managed by 6 operators and 33 retail locations managed by 5 operators for Phase I. All food and beverage contracts are for ten years and retail contracts are for eight years. There are no options to extend. Each contract has a minimum annual guarantee (MAG) and a variable component (percentage of gross revenues). The tenant pays the higher amount of the MAG or variable amount. MAGs were set in each contract and increase to 90% of the prior year's rent, and they cannot be lower than the original MAG. Based on these terms, the minimum payment will always be the initial MAG. The lease receivable is calculated using minimum payments due each year over the course of contract. The variable component is not used to calculate the lease receivable.

Due to the COVID-19 pandemic, all MAG payments were suspended and only the percentage rent was required. The suspension of MAGs was held until enplaned passengers reached a rate of 90% of FY 2019 recorded enplaned passengers for three consecutive months. This was an agreement with tenants and the Airport and occurred in June, July, and August 2021. Payments of MAGs were reinstated in September 2021. Also due to the pandemic, the contract termination dates for all tenants were moved to expire at the end of eight or ten years from the time the MAG payments were reinstated. All retail contracts from Phase I expire on August 31, 2029, and all food and beverage contracts from Phase I expire on August 31, 2031.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

During FY 2024, the Airport finished Phase II, which opened 22 additional gates on Concourse A. This new space added 7 retail locations and 12 food and beverage locations. The new retail contracts expire on October 31, 2031, and the food and beverage contracts expire on October 31, 2033. For the new contracts, a MAG was not established at the beginning of the lease, but will be determined after approximately 2 years, so no lease receivable was recorded at the inception of the lease. The new contracts do contain a portion for support space and this resulted in an addition to the lease receivable of \$1,586,872 in FY 2024.

During FY 2025, the Airport opened 5 gates as part of Phase III. This new space added 6 retail locations and 5 food and beverage locations. The new retail contracts expire on October 31, 2032, and the food and beverage contracts expire on October 31, 2034. For the new contracts, a MAG was not established at the beginning of the lease, but will be determined after approximately 2 years, so no lease receivable was recorded at the inception of the lease. The new contracts do contain a portion for support space and this resulted in an addition to the lease receivable of \$833,000 in FY 2025.

For the year ended June 30, 2025, the lease receivable was reduced, and interest recognized of \$10,996,104 and \$1,773,615, respectively. The deferred inflow was also reduced by \$10,996,104. The lease receivable was discounted to the net present value using the 30-year bond buyer index rate on the date of lease commencement or implementation date of the standard. The Airport uses the 30-year bond buyer index rate in its Airline Use Agreement to record the return on investment on the unamortized portion of capitalized assets received from the signatory airlines. This applies to all assets with any useful life. The Airport considered this rate to be the most appropriate for leases of Airport property to match the return received from the airlines.

For the year ended June 30, 2025, the Airport received \$19,591,530 of revenue from the variable component on top of the lease payments.

Future minimum lease payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 10,939,639	\$ 1,499,277
2027	11,115,186	1,216,753
2028	11,363,425	927,670
2029	11,669,209	631,693
2030	7,319,853	370,863
2031-2035	9,263,320	779,174
2036-2038	1,210,561	77,293
	<hr/> <u>\$ 62,881,193</u>	<hr/> <u>\$ 5,502,723</u>

*Rental Car Leases*

As part of construction of the new airport, new rental car facilities were built. In March 2016, the Airport entered into a new ten year agreement with seven rental car agencies. Each agreement includes

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

the rental of counter and office space, parking stalls, quick turnaround (QTA) space, QTA common space, QTA storage space, and remote service site space. All contracts expire on February 28, 2026, and there are no options to extend. Each contract has a MAG and a variable component (10% of gross revenues), in addition to the space rentals. The tenant pays the higher amount of the MAG or variable amount. MAGs were set in each contract and increase a minimum of 3% each year. The lease receivable is calculated using the contractual amounts for the space rental and minimum payments due for percentage rent each year over the course of contract. The variable component is not used to calculate the lease receivable.

For the year ended June 30, 2025, the lease receivable was reduced, and interest recognized of \$30,048,408 and \$940,862, respectively. The deferred inflow was also reduced by \$30,048,408. The lease receivable was discounted to the net present value using the 30-year bond buyer index rate on July 1, 2021 (implementation date) of 2.53%.

The Airport received \$9,917,172 of revenue from the variable component on top of the lease payments.

The Airport is currently in contract negotiations with certain car rental agencies on a new agreement beginning late FY 2026.

Future minimum lease payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 20,771,879	\$ 197,557

*Other Property Leases*

At implementation, the Airport entered into several agreements to lease space inside the airport or property on airport grounds. These agreements include ground transportation booths, rooms for communication equipment, the weather service building, space to operate the hardstand consortium, land for the post office, land for the Delta MRT Center, land for the Delta Flight Operations Training Center, and land for Boeing. The termination dates for these contracts range from May 2023 to May 2055, including all options expected to be exercised. The lease receivable is calculated using the contractual amounts for the space rental.

In FY 2024, the Airport entered into two new lease agreements adding \$472,722 to the lease receivable. These new agreements expire between April 2026 and November 2044.

In FY 2025, the Airport amended an agreement, adding \$2,132,685 million to the lease receivable. This amended agreement expires in September 2026.

For the year ended June 30, 2025, the lease receivable was reduced, and interest recognized of \$4,944,523 and \$1,331,999, respectively. The deferred inflow was also reduced by \$4,944,523. The lease receivable was discounted to the net present value using the 30-year bond buyer index rate on the date of lease commencement or implementation date of the standard.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Future minimum lease payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 3,740,562	\$ 1,255,392
2027	2,583,130	1,127,268
2028	2,366,526	1,045,240
2029	2,517,606	960,422
2030	2,726,070	869,263
2031-2035	10,454,677	2,946,431
2036-2040	2,199,705	2,096,727
2041-2045	2,491,342	1,677,250
2046-2050	3,100,638	1,158,484
2051-2055	4,404,851	443,020
	<hr/> <b>\$ 36,585,107</b>	<hr/> <b>\$ 13,579,497</b>

## **GASB No. 87 Excluded Leases – Regulated**

In accordance with GASB No. 87, the Airport does not recognize a lease receivable and a deferred inflow of resources for regulated leases. Regulated leases are certain leases that are subject to external laws, regulations, or legal rulings, e.g. the U.S. Department of Transportation and the Federal Aviation Administration, regulated aviation leases between airports and air carriers and other aeronautical users. Regulated leases include Airline Use Agreement Signatory Airlines, Cargo Facilities, Corporate Hangars, Flight School and Skydiving, Fixed Based Operator, FAA Space Rental, Fuel System, National Guard, and the Delta and Skywest Maintenance Hangars, as follows:

### *Airline Use Agreement Signatory Airlines*

The rights, services and privileges, including the lease of preferentially-assigned gates, an airline has in connection with the use of the airport and its facilities is addressed in the Airline Use Agreement (AUA). By definition, the AUA is considered a regulated lease and does not recognize a receivable and corresponded deferred inflow of resources. The Airport and certain airlines entered into the original ten year AUA that became effective July 1, 2014 and expired on June 30, 2024. A new AUA was agreed upon and began on July 1, 2024.

The Airport has entered into an AUA with seven (7) passenger airlines and recognized terminal, cargo ramp, federal inspection services (FIS) facilities, and passenger boarding bridge lease revenue of \$186,608,777, \$385,176, \$3,282,345, and \$2,203,755 respectively, for the year ended June 30, 2025. Due to the variable nature of the revenues from year-to-year, expected future minimum payments are indeterminable.

## *Cargo Facilities*

The Airport has entered into month-to-month agreements with 7 companies for space in cargo facilities located at the airport. Revenue from these companies was \$1,462,042 for the year ended June 30, 2025.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

The Airport has entered into agreements with 8 additional companies for space in cargo facilities. The termination dates range from February 28, 2023 to November 8, 2045. Only one contract has options to extend. They are on the third of 4 one-year extensions, all of which are anticipated to be used. Revenue from these companies was \$1,066,256 for the year ended June 30, 2025.

Future minimum lease payments are as follows:

2026	\$ 639,249
2027	639,249
2028	639,903
2029	469,594
2030	239,615
2031-2035	1,070,360
2036-2040	1,070,360
2041-2045	944,032
2046	<u>26,033</u>
	<u>\$ 5,738,395</u>

*Corporate Hangars*

The Airport has entered into several agreements with companies for corporate hangars and the associated ground rent. Termination dates for these contracts range from April 2023 to December 2054. There are no extension options for corporate hangars. Revenue for FY 2025 from corporate hangars was \$968,362.

Future minimum lease payments are as follows:

2026	\$ 504,385
2027	388,932
2028	311,284
2029	284,662
2030	278,815
2031-2035	1,339,746
2036-2040	1,483,648
2041-2045	1,216,889
2046-2050	636,126
2051-2055	<u>369,237</u>
	<u>\$ 6,813,724</u>

*Flight School and Skydiving*

The Airport has entered into one agreement for skydiving and five agreements with flight schools and training. Termination dates for these contracts range from March 2023 to September 2025.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Any options in the contracts are expected to be used. Revenue for FY2025 from flight schools and skydiving was \$244,501.

Future minimum lease payments are as follows:

2026	\$	115,932
	\$	115,932

*Fixed Based Operator*

The Airport has entered into agreements with two fixed based operators to manage general aviation. Termination dates for these contracts are June 2025 and September 2042. There are no extension options for fixed based operators. Revenue for FY 2025 from fixed based operators was \$1,742,037.

Future minimum lease payments are as follows:

2026	\$	892,258
2027		892,258
2028		954,811
2029		963,787
2030		963,787
2031-2035		5,017,317
2036-2040		1,769,203
2041-2043		781,398
	\$	12,234,819

*FAA Space Rental*

The Airport has entered into an agreement with the FAA for space for equipment. The lease expires on September 30, 2028 and there are no options to extend. Revenue for FY 2025 from this lease was \$9,448.

Future minimum lease payments are as follows:

2026	\$	9,448
2027		9,448
2028		9,448
2029		2,362
	\$	30,706

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

*Fuel System*

The Airport has entered into an agreement with a company to lease and operate the fuel system. The lease expires on December 31, 2040 with an option to extend 5 years. The option is expected to be exercised. Revenue for FY 2025 from the fuel system lease was \$4,742,715.

Future minimum lease payments are as follows:

2026	\$	3,620,444
2027		3,629,798
2028		3,639,432
2029		3,649,356
2030		3,659,577
2031-2035		18,462,264

2046		<u>43,150</u>
	\$	<u><u>2,015,879</u></u>

*Delta and Skywest Maintenance Hangars*

The Airport has entered into agreements with Delta and Skywest for their maintenance hangars and associated ground rent. Delta's agreement expired on May 31, 2023 and a new 10 year agreement was entered into on June 1, 2023, expiring on May 31, 2033, with no option to extend. Skywest's agreement expires on November 18, 2027 with an option to extend 10 years. As of October 1, 2025, it is

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

unknown if Skywest will exercise the option. Revenue for FY 2025 from the maintenance hangars was \$4,246,812.

Future minimum lease payments are as follows:

2026	\$ 4,100,616
2027	4,144,298
2028	3,813,577
2029	2,771,016
2030	2,024,239
2031-2033	<u>6,243,099</u>
	<u><u>\$ 23,096,845</u></u>

**GASB No. 87 Excluded Leases – Short-term**

In accordance with GASB No. 87, the City does not recognize a lease receivable and a deferred inflow of resources for short-term leases. Short-term leases are certain leases that, at the commencement of the lease term, has a maximum possible term under the lease contract of 12 months (or less), including any options to extend, regardless of their probability of being exercised. Month-to-month leases are considered short-term.

**Lessor Agreements - Utilities**

The Utilities leases land to various parties. The estimated carrying value of the parcels or partial parcels of land related to the lease agreements on June 30, 2025, was \$512,288. For the year ended June 30, 2025, the Utilities earned a total of \$77,004 in lease revenue and \$102,602 in lease interest revenue, respectively.

As of June 30, 2025, the Utilities anticipate receiving the following amounts from Lessees in satisfaction of amounts receivable as of that date:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 89,425	\$ 100,071
2027	96,098	97,292
2028	84,171	94,611
2029	93,023	91,974
2030	102,386	89,063
2031-2035	662,548	391,018
2036-2040	823,745	278,207
2041-2045	671,351	166,048
2046-2050	608,328	62,975
2051	<u>178,266</u>	<u>1,541</u>
	<u><u>\$ 3,409,341</u></u>	<u><u>\$ 1,372,800</u></u>

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

**Lessor Agreements - CRA**

The CRA has accrued a receivable for three parking structure leases. The remaining receivable for these leases was \$24,484,972 for the year ended June 30, 2025. Deferred inflows related to these leases were \$22,577,914 as of June 30, 2025. Interest revenue recognized on these leases was \$870,276 for the year ended June 30, 2025. Principal receipts of \$407,529 were recognized during the fiscal year. The interest rate on the leases is 3.5%. Final receipt is expected in fiscal year 2052.

As of June 30, 2025, the CRA anticipates the following payments on lease receivables:

Fiscal Year Ended June 30,	Principal	Interest
2026	\$ 458,233	\$ 855,085
2027	475,701	838,638
2028	492,737	821,602
2029	548,627	803,342
2030	568,274	783,695
2031-2035	3,368,404	3,586,401
2036-2040	4,111,453	2,925,157
2041-2045	5,247,658	2,110,204
2046-2050	6,644,083	1,070,652
2051-2052	2,569,802	81,469
Total	<u>\$ 24,484,972</u>	<u>\$ 13,876,245</u>

**Lessee Agreements**

Salt Lake City leases several buildings in the city. The City is required to make annual principal and interest payments and the leases expire at various dates from April 2027 to September 2041. The leases carry interest rates ranging from 1.8% to 4.2%.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

Future minimum lease payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 869,397	\$ 123,295
2027	905,866	97,271
2028	495,128	74,137
2029	523,306	56,786
2030	292,994	41,424
2031-2035	887,727	154,113
2036-2040	972,531	69,309
2041-2042	257,316	3,144
	<hr/> <u>\$ 5,204,265</u>	<hr/> <u>\$ 619,479</u>

The Airport leases a building near the airport for ground transportation operations and inspections. The lease began on December 1, 2007 and expired December 31, 2022. An amendment to extend the agreement was signed in August 2022 for an additional 5 years, expiring on December 31, 2027. During FY 2025, the Airport paid principal on the lease and reduced the lease liability by \$96,407, recorded implied interest expense of \$13,255, and recorded amortization expense of \$100,835.

Future minimum lease payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 104,802	\$ 9,246
2027	113,718	4,893
2028	<hr/> <u>59,769</u>	<hr/> <u>699</u>
	<hr/> <u>\$ 278,289</u>	<hr/> <u>\$ 14,838</u>

**Deferred Inflows and outflows of resources - Leases**

In accordance with GASB No. 87, the Airport recognizes a lease receivable and a deferred inflow of resources for leases the Airport categorizes as GASB No. 87 - Included. For these leases, the Airport is reporting Deferred Inflows of \$120,238,180 as of June 30, 2025, and reported deferred lease revenue of \$45,989,035.

These GASB No. 87 - Included leases for the year ended June 30, 2025 are summarized below:

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

	<b>Beginning Deferred Inflows</b>	<b>Additional Deferred Inflows</b>	<b>Deferred Revenue Recognized</b>	<b>Ending Deferred Inflows</b>
Concession Leases	\$ 73,043,946	\$ 833,351	\$ (10,996,104)	\$ 62,881,193
Rental Car Leases	50,820,288	—	(30,048,408)	20,771,880
Other Property Leases	39,396,944	2,132,685	(4,944,523)	36,585,106
	<b><u>\$ 163,261,178</u></b>	<b><u>\$ 2,966,036</u></b>	<b><u>\$ (45,989,035)</u></b>	<b><u>\$ 120,238,179</u></b>

**8. Subscription Assets**

During FY 2023, the City implemented GASB Statement No. 96 – Subscription-Based IT Arrangements. The City recognizes a right-to-use asset (subscription asset) at the commencement of the subscription term, with certain exceptions for short-term contracts. The subscription asset is measured as the sum of the following: (a) the amount of the initial measurement of the subscription liability, (b) payment associated with the contract made to the vendor at the commencement of the subscription term, and (c) capitalizable initial implementation costs.

The City recognizes a subscription asset at the commencement of the subscription term, with certain exceptions for short-term contracts. The subscription asset is measured as the initial measurement of the subscription liability plus the capitalizable initial implementation costs. A subscription asset should be amortized in a systematic and rational manner over the shorter of the subscription term or the useful life of the underlying IT Asset and the City uses the straight-line method of amortization. For the year ended June 30, 2025, the City added one new subscription asset and recognized amortization expense of \$1,585,718. On June 30, 2025, the net subscription asset was \$7,812,393.

	<b>Beginning Subscription Asset</b>	<b>Additions</b>	<b>Deletions</b>	<b>Ending Subscription Asset</b>
Subscription Asset	\$ 10,405,778	\$ 1,370,910	\$ —	\$ 11,776,688
Accumulated Amortization	2,378,577	1,585,718	—	3,964,295
Net Subscription Asset	<b><u>\$ 8,027,201</u></b>	<b><u>\$ (214,808)</u></b>	<b><u>\$ —</u></b>	<b><u>\$ 7,812,393</u></b>

The Airport recognized seven contracts as subscription-based IT arrangements. They include contracts for map solutions in the SLCDA app and website, passenger boarding bridge maintenance systems, a DBE database, an enterprise asset management system, flight data for Airport Operations, and flight information for public viewing. All contracts but one have options to extend, and all are intended to be used. Expiration dates (including anticipated options to extend) range from December 2024 to June 2030. Rates change based on terms in each contract and rate changes are considered in the calculation of the subscription liability. There are no variable components related to any of the contracts.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

For the year ended June 30, 2025, the Airport added \$206,067 to the subscription asset and recognized amortization expense of \$1,094,224. On June 30, 2025, the net subscription asset was \$663,901.

	<b>Beginning Subscription Asset</b>	<b>Additions</b>	<b>Deletions</b>	<b>Ending Subscription Asset</b>
Subscription Asset	\$ 3,806,871	\$ 206,067	\$ —	\$ 4,012,939
Accumulated Amortization	2,254,814	1,094,224	—	3,349,038
<b>Net Subscription Asset</b>	<b>\$ 1,552,057</b>	<b>\$ (888,157)</b>	<b>\$ —</b>	<b>\$ 663,901</b>

The Utilities recognized three subscription-based information technology agreements (SBITAs) including work order software, customer service software, and regulation compliance monitoring software. The Utilities are required to make payments through fiscal year 2030 under the SBITAs. On July 1, 2022 (implementation date), the Utilities recognized a subscription asset of \$1,573,053.

For the year ended June 30, 2025, the Utilities did not add any subscription assets and recognized amortization expense of \$270,893. On June 30, 2025, the net subscription asset was \$895,820.

	<b>Beginning Subscription Asset</b>	<b>Additions</b>	<b>Deletions</b>	<b>Ending Subscription Asset</b>
Subscription Asset	\$ 1,573,053	\$ —	\$ —	\$ 1,573,053
Accumulated Amortization	406,340	270,893	—	677,233
<b>Net Subscription Asset</b>	<b>\$ 1,166,713</b>	<b>\$ (270,893)</b>	<b>\$ —</b>	<b>\$ 895,820</b>

The Library has entered into multiple SBITA contracts for website license subscriptions, incident reporting software, and project management software.

For the year ended June 30, 2025, the Library added \$0 to the subscription asset and recognized amortization expense of \$160,651. On June 30, 2025, the net subscription asset was \$195,722.

	<b>Beginning Subscription Asset</b>	<b>Additions</b>	<b>Deletions</b>	<b>Ending Subscription Asset</b>
Subscription IT Assets	\$ 618,974	\$ —	\$ —	\$ 618,974
Accumulated Amortization	262,601	160,651	—	423,252
<b>Net Subscription Asset</b>	<b>\$ 356,373</b>	<b>\$ (160,651)</b>	<b>\$ —</b>	<b>\$ 195,722</b>

## 9. Subscription Liabilities

In accordance with GASB No. 96, the City recognizes a subscription liability at the commencement of the subscription term. The subscription liability is measured at the present value of subscription payments expected to be made during the subscription term.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

Subscription liabilities represent the City's obligation to make subscription payments arising from the subscription contract. Subscription liabilities are recognized at the subscription commencement date based on the present value of future subscription payments expected to be made during the subscription term. The present value of subscription payments is discounted based on a borrowing rate determined by the City.

All contracts with a recognized subscription asset also have a corresponding subscription liability and the same contract terms apply.

Future minimum subscription payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 1,360,687	\$ 272,783
2027	1,414,385	245,943
2028	1,500,705	187,014
2029	1,591,371	124,292
2030	<u>1,395,302</u>	<u>58,184</u>
	<u><u>\$ 7,262,451</u></u>	<u><u>\$ 888,216</u></u>

The Airport subscription liability was discounted to the net present value using the 30-year bond buyer index rate on July 1, 2022 (implementation date) of 3.82%. The Airport uses the 30-year bond buyer index rate in its Airline Use Agreement to record the return on investment on the unamortized portion of capitalized assets received from the signatory airlines. This applies to all assets with any useful life. The Airport considered this rate to be the most appropriate for subscription-based contracts. The other rate available to the Airport is our borrowing rate on bond issuances. Using that rate would yield an immaterial difference from the bond buyer index rate.

Future minimum subscription payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 175,772	\$ 20,359
2027	128,607	14,690
2028	105,150	9,988
2029	106,811	5,675
2030	<u>81,918</u>	<u>1,518</u>
	<u><u>\$ 598,258</u></u>	<u><u>\$ 52,230</u></u>

The Utilities subscription liability was valued using discount rates between 2.9% and 3.8% based on the Utilities' incremental borrowing rate at the inception of each subscription agreement. The balance of the subscription liabilities was \$735,034 on June 30, 2025.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

	<b>Beginning Subscription Liability</b>	<b>Additions</b>	<b>Implied Interest Expense</b>	<b>Liability Deduction</b>	<b>Annual Subscription Payment</b>	<b>Ending Subscription Liability</b>
Subscription Liability	\$ 1,009,914	\$ —	\$ 23,340	\$ 274,880	\$ 298,220	\$ 735,034

Future minimum subscription payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 255,803	\$ 15,172
2027	138,834	10,885
2028	132,548	6,457
2029	102,449	2,951
2030	105,400	—
	<b>\$ 735,034</b>	<b>\$ 35,465</b>

The Library entered into multiple SBITA contracts, as mentioned in the SBITA Asset section. The Library is required to make principal and interest payments through March 2027. The subscription liability was valued using discount rates between 3.4% and 3.6% based on the Library's incremental borrowing rate at the inception of the subscriptions. The balance of the subscription liabilities was \$193,556 on June 30, 2025.

	<b>Beginning Subscription Liability</b>	<b>Additions</b>	<b>Liability Deduction</b>	<b>Ending Subscription Liability</b>
Subscription Liability	\$ 349,889	\$ —	\$ 156,333	\$ 193,556

Future minimum subscription payments are as follows:

	<b>Principal</b>	<b>Interest</b>
2026	\$ 140,874	\$ 4,435
2027	52,682	662
	<b>\$ 193,556</b>	<b>\$ 5,097</b>

## 10. Fund Balance

Non-spendable amounts represent the portion of fund balance that is not in a spendable form or are contractually required to remain unspent. Receivables and prepaid items are classified as non-spendable.

Restricted amounts represent that portion of fund balance or net position that is legally restricted for the payment of debt service, operations and maintenance, renewal and replacement of property and equipment. Debt service and funds restricted by state or federal agencies are included in this category. The largest are impact fees and class C funds which are regulated by the state. Encumbrances, for

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

homeless services, housing, transit and other social services, are used in the General Fund and are included in this category and reflect ongoing contractual obligations that we consider to be legally restricted for operations across all general fund departments.

Committed amounts represent the portion of fund balance that can only be used for specific purposes that requires specific action by the highest decision making authority. The City Council is the highest decision making authority and approves all budgets and uses of fund balances by ordinance in official meetings designated to perform such duties.

Assigned amounts represent the portion of fund balance that are intended to be used for a specific purpose but are not restricted or committed.

Unassigned amounts represent residual balances in the General Fund.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**

## 11. General Fund Interfund Service Charges

The General Fund charges certain proprietary and special revenue funds, the Capital Projects Fund and the Library component unit for various services. These transactions have been recorded as revenue and expenses or expenditures to the funds as if they involved organizations external to the City, which are generally eliminated for the government wide statements. The amounts of the charges to those funds for the year ended June 30, 2025, are as shown in the table below:

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

## 12. Transfers

Transfers were made to and from several funds during the course of the year ended June 30, 2025. The principal reason for transfers is to provide the receiving fund resources to carry out the activities for which the receiving fund was created. The more significant examples are transfers from the General Fund to the Capital Projects Fund, to Fleet Management for the purchase of governmental fund vehicles, Other Improvement Fund for Debt Service and to Governmental Immunity to pay general liability claims. Also, Community Reinvestment Agency to Debt Service Funds provide resources to make scheduled principal and interest payments. The table below shows the detail of transfers.

<u>Transfers out</u> <u>from:</u>	Transfer in to:							
	Capital		Other		Nonmajor		Internal	
	General	Projects	Improvements	CRA	Governmental	Proprietary	Service	Total
General Fund	\$ —	\$ 25,393,031	\$ 9,637,877	\$ 22,251,505	\$ —	\$ 2,104,615	\$ 13,737,218	\$ 73,124,246
Capital Projects	4,390,492	—	—	—	—	—	—	4,390,492

## 13. Risk Management

The City is self-insured for liability exposures, except take-home auto liability and liability incurred at the Airport. The Airport carries commercial general liability insurance with a \$500,000,000

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

limit and \$0 deductible. The Governmental Immunity Fund (an internal service fund) has been established solely to pay liability claims other than those at the Airport along with certain related City Attorney expenses. The City carries cyber and technology liability insurance with a \$5,000,000 per occurrence and aggregate limit with a \$500,000 retention.

The City is insured for workers' compensation with statutory limits as of August 1, 2024.

Further, the City is self-insured for unemployment risk. The Risk Management Fund (an internal service fund) has been established to pay these claims along with health insurance premiums and certain administrative expenses. During the past three fiscal years, there have been no settlements that exceeded insurance coverage.

The City and Airport carry separate all risk property insurance policies, summarized below:

City: \$500,000,000 aggregate limit with a \$100,000 deductible, with the following exceptions: the flood deductible is \$250,000 except for three properties located outside the standard report zone, which carry a \$500,000 deductible; earth movement deductible is one percent (1%) per location subject to \$100,000 minimum and \$5,000,000 maximum per location; the Leonardo building has a \$10,000 deductible. Sub-limits apply as follows: (1) earth movement \$125,000,000 limit; (2) flood \$100,000,000 limit; (3) Mountain Dell Dam and appurtenant structures \$60,000,000 aggregate limit with \$30,000,000 sub-limit for all other dams; (4) fine art coverage \$100,000,000 limit. The City is self-insured for property loss above the limits and below the deductibles. The operating departments of the General Fund or proprietary funds assume financial responsibility for risk retained by the City for property damage.

Airport: \$1,000,000,000 with a \$100,000 deductible. Sub-limits and deductible exceptions apply as follows: (1) earth movement is \$100,000,000 with a deductible of one percent (1%) of Total Insured Values at the time of the loss at each covered location involved in the loss or damage, subject to a minimum of \$100,000 deductible and maximum of \$5,000,000 and flood coverage is \$150,000,000 sub-limit with a deductible of \$100,000 minimum, \$5,000,000 maximum; (2) \$1,000,000,000 windstorm or hail five percent (5%) of Total Insured Values at the time of the loss at each covered location involved in the loss or damage, subject to a minimum of \$250,000 any one occurrence for all covered loss or damage arising out of named storm (3) business interruption and extra expense coverage of \$200,000,000 with a \$100,000 deductible. Terrorism, certified and non-certified acts, is not covered.

The Treasurer, Deputy Treasurer, and Director of Finance are each covered by public official bonds in the amount of \$10,000,000, with no deductible.

The City has a government crime policy that provides public employee dishonesty coverage (an employee blanket bond) covering (1) employee theft with \$1,000,000 limit and \$20,000 deductible; (2) computer fraud with \$1,000,000 limit and \$20,000 deductible; (3) funds transfer fraud with \$1,000,000 limit and \$20,000 deductible; (4) theft of money and securities with \$50,000 limit and \$2,500 deductible; (5) money orders and counterfeit paper currency with \$50,000 limit and \$2,500 deductible; (6) forgery and alteration with \$25,000 limit and \$1,000 deductible.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Changes in the estimated claims payable liability carried in the accrued liabilities of the Risk Management Fund since July 1, 2022 are shown in the table below:

	Current year					Estimated due in one year
	Beginning of fiscal year liability	claims and changes in estimates	Claim payments	Balance at fiscal year end		
<b>2022-2023</b>						
Workers' compensation	\$ 3,442,668	\$ 1,874,009	\$ (1,828,252)	\$ 3,488,425

Unemployment compensation	18,630	274,649	(258,982)	34,297		
	\$ 3,507,055	\$ 1,620,644	\$ (1,583,924)	\$ 3,543,775		
<b>2024-2025</b>						
Workers' compensation	\$ 3,509,478	\$ 2,624,902	\$ (3,840,864)	\$ 2,293,516	\$ 435,819	
Unemployment compensation	34,297	43,289	(35,129)	42,457	35,129	
	\$ 3,543,775	\$ 2,668,191	\$ (3,875,993)	\$ 2,335,973	\$ 470,948	

A liability is recorded for any claims or judgments when information available prior to issuance of the financial statements indicates it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Incurred but not reported events, if any, are included in the statements.

#### 14. Retirement Plans

Plan description: Eligible plan participants are provided with pensions through the Utah Retirement Systems. The Utah Retirement Systems are comprised of the following pension trust funds:

- Public Employees Noncontributory Retirement System (Noncontributory System); Public Employees Contributory Retirement System (Contributory System); Firefighters Retirement System (Firefighters System); are multiple employer, cost-sharing, retirement systems.
- The Public Safety Employee Retirement System (Public Safety System) is a mixed agent and cost-sharing, multiple-employer public employee retirement system.
- Tier 2 Public Employees Contributory Retirement System (Tier 2 Public Employees System); and the Tier 2 Public Safety and Firefighter Contributory Retirement System (Tier 2 Public Safety and Firefighters System) are multiple employer cost sharing public employees retirement systems.

The Tier 2 Public Employees System became effective July 1, 2011. All eligible employees beginning on or after July 1, 2011 who have no previous service credit with any of the Utah Retirement Systems, are member of the Tier 2 Retirement System.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

The Utah Retirement Systems (Systems) are established and governed by the respective sections of Title 49 of the Utah Code Annotated 1953, as amended. The Systems' defined benefit plans are amended statutorily by the State Legislature. The Utah State Retirement Office Act in Title 49 provides for the administration of the Systems under the direction of the Utah State Retirement Board, whose members are appointed by the Governor. The Systems are fiduciary funds defined as pension (and other employee benefit) trust funds. URS is a component unit of the State of Utah. Title 49 of the Utah Code grants the authority to establish and amend the benefit terms. URS issues a publicly available financial report that can be obtained by writing Utah Retirement Systems, 560 E. 200 S, Salt Lake City, Utah 84102 or visiting the website: [www.urs.org/general/publications](http://www.urs.org/general/publications).

The liability for pension-related debt in the governmental activities is primarily liquidated by the general fund with a minimal portion liquidated by the internal service funds (Fleet Management, Information Management Services, Risk Management, and Governmental Immunity.)

Contributions made after the measurement date of December 31, 2024 of the net pension liability but before June 30, 2025 will be recognized as a reduction of the net pension liability in the subsequent fiscal period rather than the current fiscal period.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

Benefits provided: URS provides retirement, disability, and death benefits. Retirement benefits are as follows:

<b>System</b>	<b>Final Average Salary</b>	<b>Years of service required and/or age eligible for benefit</b>	<b>Benefit percent per year of service</b>	<b>COLA**</b>
Noncontributory System	Highest 3 years	30 years any age		
		25 years any age*		
		20 years age 60*	2.0% per year all years	
		10 years age 62*		Up to 4%
		4 years age 65		
Contributory System	Highest 5 years	30 years any age		
		20 years age 60*	1.25% per year to June 1975;	
		10 years age 62*	2.00% per year July 1975 to present	
		4 years age 65		
Public Safety System	Highest 3 years	20 years any age 10 years age 60 4 years age 65	2.5% per year up to 20 years; 2.0% per year over 20 years	Up to 2.5% or 4% depending on the employer
Firefighters System	Highest 3 years	20 years any age 10 years age 60 4 years age 65	2.5% per year up to 20 years; 2.0% per year over 20 years	Up to 4%
Tier 2 Public Employees System	Highest 5 years	35 years any age 20 years age 60* 10 years age 62* 4 years age 65	1.5% per year all years	Up to 2.5%
Tier 2 Public Safety and Firefighter system	Highest 5 years	25 years any age 20 years age 60* 10 years age 62* 4 years age 65	1.5% per year to June 30, 2020; 2.0% per year July 1, 2020 to present	Up to 2.5%

\*Actuarial reductions are applied

\*\* All post-retirement cost-of-living adjustments are non-compounding and are based on the original benefit except for Judges, which is a compounding benefit. The cost-of-living adjustments are also limited to the actual Consumer Price Index (CPI) increase for the year, although unused CPI increases not met may be carried forward to subsequent years.

Contributions: As a condition of participation in the Systems, employers and/or employees are required to contribute certain percentages of salary and wages as authorized by statute and specified by the Utah State Retirement Board. Contributions are actuarially determined as an amount that, when combined with employee contributions (where applicable) is expected to finance the costs of benefits

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

earned by employees during the year, with an additional amount to finance any unfunded actuarial accrued liability. Contributions rates as of June 30, 2025 are as follows:

**Utah Retirement Systems**

	<b>Employee Paid</b>	<b>Paid by Employer for Employee</b>	<b>Employer Contribution Rates</b>	<b>Employer Rate for 401(k) Plan</b>
<b>Contributory System</b>

<b>Noncontributory System</b>				
15 - Local Governmental Division Tier 1 DB System	N/A	N/A	16.97 %	N/A
111- Local Governmental Division Tier 2 DB Hybrid	N/A	0.70 %	15.19 %	N/A
211- Local Governmental Division Tier 2 401(k) Option	N/A	N/A	5.19 %	10.00 %
<b>Public Safety Retirement System</b>				
44 - Salt Lake City 2.5% COLA Tier 1 DB System	N/A	N/A	46.71 %	N/A
122 - Salt Lake City 2.5% COLA Tier 2 DB Hybrid	N/A	4.73 %	38.28 %	N/A
222- Salt Lake City 2.5% COLA Tier 2 401(k) Option	N/A	N/A	24.28 %	14.00 %
<b>Firefighters System</b>				
32 - Other Division B Tier 1 DB System	N/A	16.71 %	4.34 %	N/A
132 - Other Division B Tier 2 DB Hybrid	N/A	4.73 %	14.08 %	N/A
232 - Other Division B Tier 2 - 401(k) Option	N/A	N/A	0.08 %	14.00 %

Tier 2 rates include a statutory required contribution to finance the unfunded actuarial accrued liability of the Tier 1 plans.

For fiscal year ended June 30, 2025, the employer and employee contributions to the Systems were as follows:

<b>System</b>	<b>Employee Contributions</b>	
	<b>Employer Contributions</b>	<b>paid by Employer</b>
Noncontributory System	\$ 13,131,129	\$ —
Contributory System	179,304	83,012
Public Safety System	13,612,376	—
Firefighters System	907,081	3,492,395
Tier 2 Public Employees System	15,442,379	711,794
Tier 2 Public Safety and Firefighter	9,276,616	1,433,065
Tier 2 DC Only System	1,836,248	1,410
Tier 2 DC Public Safety and Firefighter System	1,352,700	1966
<b>Total Contributions</b>	<b>\$ 55,737,833</b>	<b>\$ 5,723,642</b>

Contributions reported are the URS Board approved required contributions by System. Contributions in the Tier 2 Systems are used to finance the unfunded liabilities in the Tier 1 Systems.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

**Combined Pension Assets, Liabilities, Expense, and Deferred Outflows and Inflows of Resources  
Relating to Pensions**

At June 30, 2025, the City reported a net pension asset of \$42,824,173 and a net pension liability of \$103,726,432.

	<b>Net Pension Asset</b>	<b>Net Pension Liability</b>	<b>Proportionate Share December 31, 2024</b>	<b>Proportionate Share December 31, 2023</b>	<b>Change Increase/ (Decrease)</b>
Noncontributory System	\$ —	\$ 31,618,676	9.97 %	9.82 %	0.16 %
Contributory System	—	1,475,443	11.77 %	11.03 %	0.75 %
Public Safety System	—	58,374,229	100.00 %	100.00 %	— %
Firefighters System	42,824,173	—	25.17 %	25.08 %	0.08 %
Tier 2 Public Employees System	—	9,528,445	3.19 %	3.11 %	0.09 %
Tier 2 Public Safety and Firefighter System	—	2,729,639	6.04 %	5.93 %	0.11 %
<b>Total Net Pension Asset/ Liability</b>	<b><u>\$ 42,824,173</u></b>	<b><u>\$ 103,726,432</u></b>			

The net pension asset and liability was measured as of December 31, 2024, and the total pension liability used to calculate the net pension asset and liability was determined by an actuarial valuation as of January 1, 2024 and rolled forward using generally accepted actuarial procedures. The proportion of the net pension asset and liability is equal to the ratio of the employer's actual contributions to the Systems during the plan year over the total of all employer contributions to the System during the plan year.

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

For the year ended June 30, 2025, we recognized pension expense of \$61,949,881. At June 30, 2025, we reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 35,227,116	\$ 209,063
Changes in assumptions	7,345,476	43,847
Net difference between projected and actual earnings on pension plan investments	21,406,424	—
Changes in proportion and differences between contributions and proportionate share of contributions	2,315,030	425,564
Contributions subsequent to the measurement date	28,125,310	—
<b>Total</b>	<b>\$ 94,419,356</b>	<b>\$ 678,474</b>

There is \$28,125,310 reported as deferred outflows of resources related to pensions resulting from contributions made by us prior to our fiscal year end, but subsequent to the measurement date of December 31, 2024. These contributions will be recognized as a reduction of the net pension liability in the upcoming fiscal year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended December 31,</u>	<b>Deferred Outflows (Inflows) of Resources</b>

2025	\$ 312,987
2026	483,438
2027	180,844
2028	247,879
2029	588,125
Thereafter	1,589,871

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

Actuarial assumptions: The total pension liability in the December 31, 2024 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50 Percent
Salary increases	3.50 - 9.50 percent, average, including inflation
Investment rate of return	6.85 percent, net of pension plan investment expenses, including inflation.

Mortality rates were adopted from an actuarial experience study dated January 1, 2023. The retired mortality tables are developed using URS retiree experience and are based upon gender, occupation, and age as appropriate with projected improvement using the ultimate rates from the MP-2020 improvement scale using a base year of 2020. The mortality assumption for active members is the PUB-2010 Employees Mortality Table for public employees, teachers, and public safety members, respectively.

The actuarial assumptions used in the January 1, 2023, valuation were based on the results of an actuarial experience study for the period ending December 31, 2022.

The long-term expected rate of return on pension plan investments was determined using a building-block method, in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class and is applied consistently to each defined benefit pension plan. These ranges are combined to produce the longterm expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset class	Expected Return Arithmetic Basis		
	Target Asset Allocation	Real Return Arithmetic Basis	Long-Term Expected Portfolio Real Rate of Return
Equity securities	35.00 %	7.01 %	2.45 %
Debt securities	20.00 %	2.54 %	0.51 %
Real assets	18.00 %	5.45 %	0.98 %
Private equity	12.00 %	10.05 %	1.21 %
Absolute return	15.00 %	4.36 %	0.65 %
Cash and cash equivalents	— %	0.49 %	— %
<b>Totals</b>	<b>100.00 %</b>		<b>5.80 %</b>
	<b>Inflation</b>		<b>2.50 %</b>
	<b>Expected arithmetic nominal return</b>		<b>8.30 %</b>

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
June 30, 2025

The 6.85% assumed investment rate of return is comprised of an inflation rate of 2.50%, and a real return of 4.35% that is net of investment expense.

**Discount rate:** The discount rate used to measure the total pension liability was 6.85%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that contributions from all participating employers will be made at contractually required rates that are actuarially determined and certified by the URS Board. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefits payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability. The discount rate does not use the Municipal Bond Index Rate.

**Sensitivity of the proportionate share of the net pension asset and liability to changes in the discount rate:** The following presents the proportionate share of the net pension liability/(asset) calculated using the discount rate of 6.85%, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.85%) or 1-percentage-point higher (7.85%) than the current rate:

<b>System</b>	<b>1% Decrease</b>		<b>Discount Rate</b>	<b>1% Increase</b>
	<b>5.85%</b>	<b>6.85%</b>	<b>7.85%</b>	
Noncontributory System	\$ 133,721,057	\$ 31,618,676	\$ (54,012,174)	
Contributory System	6,267,138	1,475,443	(2,620,889)

**15. Defined Contribution Savings Plans**

The Defined Contribution Savings Plans are administered by the Utah Retirement System Board and are generally supplemental plan to the basic retirement benefits of the Retirement Systems, but may also be used as a primary retirement plan. These plans are voluntary tax-advantaged retirement savings programs authorized under sections 401(k), 457(b) and 408 of the Internal Revenue Code.

The City participates in the following Defined Contribution Savings Plans with Utah Retirement Systems:

- 401(k) Plan
- 457(b) Plan
- Roth IRA Plan
- Traditional IRA Plan

Employee and employer contributions to the Utah Retirement Defined Contribution Savings Plans for fiscal year ended June 30, were as follows:

	<b>2025</b>	<b>2024</b>	<b>2023</b>
<b>401(k) Plan</b>			
Employer Contributions	\$ 4,872,629	\$ 4,875,810	\$ 3,745,934

16. Other Post-employment Benefits

**Plan Description**

The Library provides post-employment health care benefits through a single employer defined benefit plan. The benefits are provided through the Library to certain employees who have retired from the System prior to July 1, 2018. The benefits, benefit levels, employee and employer contributions are governed by Library policy and can be amended or terminated at any time. The Library determines whether these benefits will be funded during the annual budget process. The plan is not accounted for as a trust fund since an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Library's general fund.

**Funding Policy**

The Library currently pays for post-employment benefits on a "pay-as-you-go" basis.

**Actuarial Assumptions**

The total OPEB liability was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Measurement Date	June 30, 2025
Actuarial Valuation Date	June 30, 2024
Discount Rate	4.71 %
Prior year discount rate	3.97 %

The discount rate was based on the June 30, 2025, Fidelity Municipal AA 20-Year Yield.

Mortality rates for retirees/disabled employees were based on the PubG.H-2010 Healthy Retiree Mortality Table, Generational with Projections Scale MP -2021 for males or females, as appropriate.

Inactive employees currently receiving benefit payments	16
Inactive employees entitled to but not yet receiving benefit payments	—

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

**17. Commitments and Contingencies**

Commitments for major construction, capital improvement and other projects at June 30, 2025 are shown below.

General Fund	\$ 18,919,920
Special-revenue funds	19,261,230
Capital Projects Fund	47,207,793
Enterprise funds	881,994,042
Internal service funds	11,341,550
<b>Total</b>	<b><u>\$ 978,724,535</u></b>

The City is lessee under a number of non-capitalized lease agreements, one of which is non-cancellable, involving land, buildings and equipment. Rent expense during the fiscal year ended June 30, 2025 approximated \$2,971,424 of which \$1,528,934 was related to proprietary funds.

Future minimum rental payments are as follows:

	<b>General Fund</b>
2026	\$ 312,558
2027	312,558
2028	312,558
2029	312,558
2030	312,558
2031-2034	<u>1,250,232</u>
<b>Total</b>	<b><u>\$ 2,813,022</u></b>

There are sundry claims or lawsuits that have been filed against the City or its employees involving tort and civil rights matters. The City has evaluated those claims and based upon the advice of counsel, has recorded an estimated claims payable liability in the Governmental Immunity Fund (an internal service fund) to cover any expected losses.

Changes in the reported liability carried in the Governmental Immunity Fund since July 1, resulted in the changes shown in the table below.

	<b>Current year</b>					Estimated due within one year
	<b>Beginning of fiscal year liability</b>	<b>claims and changes in estimates</b>	<b>Claim payments</b>	<b>Balance at fiscal year end</b>		
2023-2024	\$ 7,909,240	\$ 5,108,721	\$ (2,749,672)	\$ 10,268,289	\$ 2,669,834	
2024-2025	10,268,289	2,600,806	(1,805,457)	11,063,638		2,902,932

**Federal Stimulus Grant Funds-** In 2021 and 2022 the City received over \$105 million of federal grant money under the CARES Act, the American Rescue Plan Act and the Emergency Rent

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Assistance Plan to help combat the effects of the COVID 19 pandemic. This resulted in large cash deposits. The corresponding expenditures were not complete as of June 30, 2025 which resulted in presenting the unspent portion as Revenues collected in advance on the current financial statements. A majority of the funds have been expended. It is anticipated that the remainder of the expenditures will occur during the next fiscal year.

**Water Right Purchase-** In 2009, the City purchased water rights connected to Big Cottonwood Canyon stream flows from one of its water exchange customers called Big Cottonwood Tanner Ditch Irrigation Company in the amount of \$22,764,010. Under this new agreement the City will continue to provide culinary water to the customers of the Big Cottonwood Tanner Ditch Irrigation Company and will provide them with water vouchers which will entitle them to a set amount of water at no charge in return for their ownership in the water rights to the canyon stream. The City also agreed to upgrade the water system to meet current water system standards and to take ownership of the system. The financial statements show the increase in water rights and the value of the system purchased. Revenue collected in advance includes the value of the water vouchers issued in the amount of \$4,911,948 long term and \$1,022,595 in current liabilities.

**Litigation-** The Utilities are involved in legal proceedings, primarily related to property damages and personal injury arising in the ordinary course of business. Based on the facts currently available, management accrued liabilities totaling \$3,265,389, which is the estimated amount of litigation probable to have a negative outcome. Of this potential liability \$2,991,092 is Water Fund related, \$269,297 is Sewer Fund related, and \$5,000 is Stormwater fund related.

Of the \$2,991,092 related to the Water Fund, \$250,000 is related to a potential future environmental remediation of soils contaminated with lead as a result of shooting range activities operated by the Police Mutual Aid Association on property owned by the Water Fund. Multiple parties could be responsible. The current estimated loss could vary depending on future decisions related to the possible remediation, regulatory requirements, and cost-sharing by other responsible parties, if any. The Utilities are currently investigating the extent of lead contamination and potential remediation alternatives.

There are various claims pending against the Airport from third parties. In the opinion of legal counsel for the Airport and Airport management, these are not likely to have a material adverse impact on the Airport's financial statements.

**Environmental Remediation-** The Utilities are participating in two environmental remediation sites.

The Utilities is the owner of many acres of property in Parley's Canyon that are held for watershed purposes. Located within this area was an active shooting range that was operated by the Police Mutual Aid Association ("PMAA") for the past 50 years. PMAA recently decided to stop operating the shooting range and control of the property has been turned back to the Utilities. An environmental assessment has been started to determine the extent of lead present at the site. The extent and manner of clean-up of the lead is not yet known, but it is anticipated that impacted soils will be

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

stabilized and removed for proper disposal. There are multiple potentially responsible parties who operated and used the shooting range who may be required to share in the cost of the ultimate clean-up of the site. Currently, the estimate of professional fees and basic efforts to clean-up the site is \$1,500,000. The clean-up costs are anticipated to be divided between the Water Enterprise Fund and Salt Lake City's General Fund, with the General Fund paying approximately 85% of the cost. This estimate could change depending on future decisions related to the clean-up along with the value of contributions toward the clean-up received from third parties. Salt Lake City is entering into a Voluntary Cleanup Program through the Utah Department of Environmental Quality to conduct the remediation.

In 2003 the Utilities began an environmental remediation process on the Sewer's Northwest Oil Drain (NWOD) Canal under a US Environmental Protection Agency (US EPA) administrative order and with a cost-sharing agreement between the Utilities, British Petroleum (BP), and Chevron. The two oil companies contribute 2/3 of the project costs of the remediation, and the Utilities contribute 1/3.

Over the life of the process, as of June 30, 2025 the oil companies have contributed approximately \$21.8 million; the Utilities have capitalized as construction in progress a total of \$33,652,094 in remediation costs. The Utilities estimate that the remaining remediation activities will be minimal.

In the normal course of operations, the City receives grant funds from various Federal Agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement that may arise as the result of audits of grant funds is not believed to be material.

**CRA-** As an Agency of the City, the CRA routinely enters into Taxing Entity Contracts (TEC) and Tax Increment Reimbursement contracts (TIR). The Agency has no taxing authority, therefore enters into TEC agreements to receive Tax Increment as revenue. For the Agency, Tax Increment is deemed contributed revenues from the various taxing authorities participating in the various Project Area TEC agreements. The Tax Increment received from the City is delineated in the Agency Financial Statements as Transfers in from the City. Tax Increment revenue from all other taxing entities is included non-operating revenues with Grants and Other Contributions.

To induce the private sector to participate in the redevelopment of the Project Area, the CRA will often enter into TIR agreements which reimburse the private developer actual costs over a stated period of time. These agreements return tax increment revenues annually to the developers. Currently, the Agency is party to the following TIR agreements.

During the year ended June 30, 2013, the City issued \$15,000,000 of Bond Anticipation Notes (BANS) to begin construction on the Eccles Theater. These bonds were issued in expectation of the issuance of the Tax Increment Bonds (as discussed in Note 7) and the Sales Tax Revenue Bonds issued by the City (as discussed below). The City received the proceeds of the BANS and paid design and pre-construction costs.

During the year ended June 30, 2014, the City issued Series 2013A Sales Tax Revenue Bonds in the amount of \$51,270,000 to aid in financing the construction of the Eccles Theater. With the proceeds

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

of these bonds, the City paid off the BANS and the remaining net proceeds of \$34,349,587 were transferred to the Agency as a contribution from the City. Bond issuance costs and accrued interest of \$1,920,413 were recognized by the Agency as expense. In addition, upon issuance of the bonds, the Agency used private donations of \$2,596,649 and contributed \$1,104,957 of its own funds into an escrow account for capitalized interest on the bonds. In December 2019, the City completely refunded the Series 2013A bonds by issuing Series 2019 taxable sales and excise tax revenue refunding bonds in the amount of \$58,540,000, saving the Agency over \$11,000,000 in principal and interest payments. As of June 30, 2025, anticipated cumulative payments remaining under the agreement were \$72,673,800. Anticipated payments are included in the table below.

The Agency will remit principal and interest payments semi-annually to the City per the debt service schedules as a contribution to the City (expense). Total anticipated payments are as follows.

Year Ending June 30,	Annual Obligation	
2026	\$	2,186,443
2027		2,184,427
2028		2,186,796
2029		2,188,533
2030		2,184,624
2031-2035		36,366,262
2036-2038		<u>25,376,715</u>
<b>Total</b>	<b>\$</b>	<b><u>72,673,800</u></b>

As discussed previously, proceeds from the Series 2013 Agency bonds and Series 2013A City bonds provided financing for the construction of the Eccles Theater on Block 70 within the Central Business District (CBD). The remaining non-refunded portion of the Agency's Series 2013 bonds were paid in fiscal year 2023. The Series 2019 taxable tax increment revenue refunding bonds issued by the Agency mature in 2031. The Series 2019 taxable sales and excise tax revenue refunding bonds (advance refunding of Series 2013A) issued by the City are payable through fiscal year 2038. The annual debt service will be funded by the incremental property taxes generated from the CBD Project area, Block 70 Community Development Area (CDA) and private donations. Annual principal and interest payments on the bonds associated with the Theater are expected to require approximately 30% of tax increment revenues generated from CBD and Block 70, beginning in fiscal year 2016. As of June 30, 2023, the total principal and interest remaining to be paid on all bonds for the Eccles Theater project was \$124,179,688.

The Agency has pledged future tax increment revenues to repay the remaining Series 2019 Tax Increment and Series 2019A Sales Tax Revenue Refunding bonds. Through inter-local agreements entered into with the City and Salt Lake County (the County), CBD tax increment revenue that would have been remitted to these agencies has been pledged to the Agency through tax year 2040. In December 2011, the Agency entered into an agreement with the City in which the Agency will retain a portion of the City's Taxing Entity Committee (TEC) allocation, in order to pay principal and interest on the Theater bond obligations. Each year, beginning in tax year 2015 through 2040, the City will continue

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

to receive from the Agency a dollar amount equal to the 2014 TEC allocation. The original inter-local agreement specified that the Agency will retain 80% of the remaining TEC allocation. This inter-local agreement was subsequently amended in May 2013 to provide that the Agency will retain up to 100% of the remaining TEC allocation, as is necessary to fund debt service payments. The Agency is required to reimburse the City for any portion of this additional TEC allocation that is utilized for debt service on the Eccles Theater, with the balance accruing interest at the City's general fund rate. The Agency is required to commit CBD tax increment in an amount equal to the City allocation under these agreements. Similarly, in October 2012, the Agency entered into an interlocal agreement with the County wherein the Agency is entitled to retain the County's portion of the CBD tax increment up to a maximum of \$43,000,000. The County will continue to receive from the Agency a dollar amount equal to the 2014 TEC allocation each year beginning in tax year 2015 through 2040, and the Agency will retain the remaining TEC allocation to fund debt service on the Eccles Theater project. During the fiscal year ended June 30, 2025, the Agency transferred \$8,739,132 in CBD incremental tax revenue to Block 70 for Eccles debt service per the agreements, and transferred an additional \$2,171,617 in available CBD tax increment revenue. In addition, the Agency entered into an inter-local agreement with the City and the Salt Lake City School District (SLCSD) wherein the Agency is entitled to receive the City's and SLCSD's portions of the tax increment from the Block 70 CDA for twenty-five years, beginning in the tax year 2016, for the purpose of funding debt service on the Eccles Theater. The tax increment funds are not limited to funding debt service, but will also be used to fund the creation of a cultural core and for debt service on the Regent Street improvement bonds. In addition, in September 2012, the Agency entered into an agreement with the County wherein the Agency is entitled to receive the County's portion of the Tax Increment from the Block 70 CDA for 25 years, beginning in tax year 2016, up to a maximum of \$7,000,000 for the purposes of funding debt service on the Eccles Theater. During the year ended June 30, 2025, the Agency received an additional \$1,493,794 in incremental property taxes under these agreements. The Agency expended \$8,237,153 to cover the principal and interest payments due during the year.

During the year ended June 30, 2010, the Agency entered into a reimbursement agreement with 222 S. Main Investments, LLC, a developer of a project within the Agency's Central Business District Project Area. Under this agreement, the Agency is obligated to repay to the developers 85% of the tax increment revenues received by the Agency from the respective project up to the lesser of: 1) total developer costs less \$127,300,000 or 2) \$6,000,000, plus accrued interest of 5.9%, over the reimbursement term, which expires in January 2031. These obligations are also subject to the developers paying property taxes on a timely basis, the receipt of certificates of project completion, and annual certificates of compliance with the other terms of the reimbursement agreement. For the year ended June 30, 2025, the Agency recorded expenses of \$543,672.

During the year ended June 30, 2017, the Agency and Larry H. Miller Arena Corporation (the "Lessee"), entered into a Participation and Reimbursement Agreement for the renovation of the Delta Center Arena at 301 West South Temple, as part of the Central Business District Neighborhood Redevelopment Project Area Plan. This agreement outlines the Agency's commitment to partially reimburse the Lessee for public area upgrades through tax increment financing, with a cap of \$15,946,396 for Tax Increment (TI) Reimbursement Payments and \$6,753,604 for Grant

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

Reimbursement Payments, ensuring the total reimbursement does not exceed \$22,700,000. The Reimbursement Term will expire December 31, 2040, with annual payments contingent on the Lessee's compliance with specific conditions, including project completion, property tax payments, and maintaining the Arena as the home venue for Utah Jazz NBA games. The Agency retains the right to issue bonds secured by the tax increment, with the understanding that this will not absolve it of its obligations under this agreement. The Agency's financial commitment, encompassing both TI and Grant Reimbursement Payments, is firmly capped, and any shortfall in tax increment generation will not extend the Agency's obligations beyond the agreed term. For the year ended June 30, 2025, the Agency recorded expenses of \$670,906, which consisted of \$363,924 of TI Reimbursement Payments and \$306,982 of Grant Reimbursement Payments.

During the year ended June 30, 2019, the Agency entered into a reimbursement agreement with Stadler US, Inc, a developer of a project located within the Agency's Stadler Rail Project Area. Under the agreement, the Agency is obligated to reimburse the developers, from the tax increment revenues received from the respective projects, up to \$9,610,721 over a twenty (20) year term, but not in excess of the tax increment revenues received from the individual projects. These obligations are also subject to the developers paying property taxes on a timely basis and the receipts of certificates of project completion. For the years ended June 30, 2025, the Agency made reimbursements to Stadler totaling \$130,505.

During the year ended June 30, 2020, the Agency entered into a reimbursement agreement with NWQ, LLC, a developer of a project located within the Agency's Northwest Quadrant Project Area. Under the agreement, the Agency is obligated to reimburse the developers, from the tax increment revenues received from the respective projects, up to \$28,000,000 over a nineteen (19) year term, but not in excess of the tax increment revenues received from the individual projects. These obligations are also subject to the developers paying property taxes on a timely basis and the receipts of certificates of project completion. The total reimbursement paid for the year ended June 30, 2025 to NWQ LLC, was \$803,917.

During the year ended June 30, 2020, the Agency entered into a reimbursement agreement with West Quarter Residential I, LLC, a developer of a project located within the Agency's Block 67 Project Area. Under the agreement, the Agency is obligated to reimburse the developers, from the tax increment revenues received from the respective projects, up to \$15,000,000 over a twenty (20) year term as a pass-through from Salt Lake County for transportation funds from the State of Utah, but not in excess of the tax increment revenues received from the individual projects. These obligations are also subject to the developers paying property taxes on a timely basis and the receipts of certificates of project completion. The first year of reimbursement was anticipated to be for the 2022 tax year. No payments were made during the year ended June 30, 2025.

In March, 2008, the Agency and the State of Utah (State) entered into a lease agreement for the rental by the State of 250 parking stalls in a parking structure owned by the Agency. The lease requires monthly payments of \$20 per stall, for a total of \$5,000 per month. The lease term is 20 years. In addition, the lease includes a provision for the repayment of a portion of the construction costs to be paid

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

by the State of \$350,000 over the term of the parking rental agreement. The repayment terms requires interest of 3% and monthly payments of \$2,077, in addition to the monthly rent payments. The balance of the unpaid amount as of June 30, 2025, was \$46,374, which has been recorded as a note receivable.

18. Related Party Transactions

To meet the water supply needs of Salt Lake City and Sandy through the year 2035, the Metropolitan Water District Board, a related entity, completed a new treatment plant. The new treatment plant is located at the Point of the Mountain in Draper City and includes a conveyance pipeline connecting the new plant to the District's Little Cottonwood Water Treatment Plant. The cost of the treatment plant and conveyance system totaled over \$300 million, and the Utilities' share of the cost is over \$200 million. The 70 million gallon per day plant is funded by an assessment paid by the two cities. Salt Lake City has 62.5 percent of the capacity and cost assessment in the new treatment plant. Below are the future minimum payments due from the Water Utility through 2035:

Year Ending June 30,	
2026	\$ 7,021,892
2027	7,021,892
2028	7,021,892
2029	7,021,892
2030	7,021,892
2031-2035	31,598,514
<b>Total</b>	<b>\$ 66,707,974</b>

19. Joint Venture

The City is a member of a joint venture known as the City/County landfill in which the City and Salt Lake County (through its Municipal Affairs Fund and the remainder of the County) each have fifty percent interest. The joint venture was created to provide solid waste management and disposal services. The City's equity in the net resources of the landfill at June 30, 2025, was \$27,740,023. This equity interest is shown in the City's Refuse Collection Fund (an enterprise fund).

The inter-local cooperation agreement created the joint venture and established the Salt Lake Valley Solid Waste Management Council (the Council). The Council consists of five members: the County's Mayor, or a designee; the City's Mayor, or a designee; one elected official, or a designee designated by the Salt Lake County Council of Governments, who is not an official or an employee of the County or the City but whose municipality is served by the Facility; one member of the Salt Lake Valley Board of Health or the Director of Health as designated by such Board, or a designee; and one member with technical expertise in the field of solid waste management, said expert member to be selected by the council members who represent the City, the County, and the Salt Lake Valley Board of Health. The Council's responsibilities are to recommend: (1) appointment or removal of Director; (2) plan, establish and approve all construction projects for solid waste operations; and (3) determine best use of facility; (4) establish public policy for all major operations or activities; (5) prepare an annual operating budget that includes expenditures and the means of financing them.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

All actions by the Council are recommendations to the City Council and the County Commission, which have equal power to review, ratify, modify, or veto any action submitted by the Council.

The Council has developed a master plan designed to comply with environmental standards established by the federal government and to meet accounting and financial reporting requirements under GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post-closure Care Costs*. In compliance with this standard, the Council has established user fees sufficient to cover all operating costs, including post-closure costs that have been mandated by the federal government. The estimated liability for closure and post closure care was established under the requirement set by the State of Utah's Department of Environmental Quality (DEQ) and is based on an engineering study completed during November 2016. The estimate totals \$11,886,158 at Salt Lake County's fiscal year end and is based on 34.6% of capacity currently filled. The Landfill will recognize the remaining estimated cost of closure and post-closure care of approximately \$29,955,197 as the remaining capacity is filled. The total capacity was revised in 2016 to reflect increased allowable height, slope and new technology. The landfill is expected to be filled to capacity in the year 2082. The expenses in 2024 were \$955,523. Actual ongoing costs may differ due to inflation, changes in technology, or change in regulations.

In November 1996, the Environmental Protection Agency (EPA) issued final regulations regarding financial assurance provisions for local government owners and operators of municipal solid waste landfills. The regulations allow compliance with financial assurance requirements by meeting a financial test or by alternate methods. The financial test method is available only to local governments who can demonstrate that they are capable of meeting their financial obligations relating to their landfills and is sometimes referred to as "self-insurance." The alternate methods generally involve third-party financial instruments such as trust funds, letters of credit, or insurance policies. The financial assurance requirement is the estimated total current costs of closure and post-closure care of \$41,841,355 at December 31, 2024. Although the County and Salt Lake City satisfy the financial test coverage and financial assurance requirements, thus not needing an alternate method, the Landfill has nonetheless set aside resources to finance the estimated liability for landfill closure and post-closure costs. As of December 31, 2024 the Landfill has reserved \$11,886,158 of its pooled cash and investments. The owners are required to submit documentation of financial assurance to the Utah Department of Environmental Quality demonstrating that they meet the financial test at the close of each fiscal year. In the event the owners no longer meet the requirements of the financial test, they shall, within 210 days following the close of their fiscal years, obtain alternative financial assurance for total current costs of landfill closure and post-closure care that exceed 43% of the owners' total annual revenue.

For the fiscal year ended June 30, 2025, the City paid approximately \$1,944,239 in user fees to the landfill. Separately audited financial statements for the City/County landfill may be obtained from the Executive Director or Fiscal Manager, Salt Lake Valley Solid Waste Management Facility, 6030 West California Avenue, Salt Lake City, Utah 84104.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

The City has 50% ownership interest in the Sugarhouse House Park Authority. Salt Lake County owns the remaining 50% interest. The Sugar House Park Authority, created in 1957, maintains and improves the land known as Sugarhouse Park which includes 116 acres of land with a historical cost of \$112,500. The City's investment in the Sugar House Park Authority as of December 31, 2024 totaled \$1,596,369, which has been included in governmental activity investment in joint ventures in the government-wide statement of net position. Of the total investment, \$828,432 is related to capital assets.

The Sugar House Park Authority is governed by a Board of Trustees consisting of nine members. The City and the County each appoint one member. The other seven members are appointed jointly by the City and County Trustees. The City provides water to the park for a fee and the county is contracted to provide maintenance services and provide for daily management, operation and maintenance of the park. Separately audited statements may be obtained from the Sugar House Park Authority, 6332 S. Airport Road, West Jordan, Utah, 84084.

**20. Restatement**

During the current year, management determined that certain grant revenues previously reported as revenues collected in advance should have been recognized as revenue in the prior year, in accordance with GASB Statement No. 33. This error caused grant revenues to be understated and revenues collected in advance to be overstated in the prior year. Revenues collected in advance were recorded in prior years when grant funds were received. Each year, revenue should be recognized to offset grant expenditures that occurred during the year. In FY24, this step was not completed for several grants due to staff constraints in connection with the implementation of a new financial operating system in FY24.

The adjustment affected the Grants Operating Fund.

An adjustment to the beginning net position of the Government-wide Statements was recorded as of July 1, 2024, as follows:

	Governmental Activities	Business-type Activities	Total
Net position, as reported	\$1,119,619,265	\$2,917,618,232	\$4,037,237,497
Adjustment	6,773,005	—	6,773,005
Net position July 1, 2024, as restated	<u>1,126,392,270</u>	<u>2,917,618,232</u>	<u>4,044,010,502</u>

An adjustment to the beginning net position of the Governmental Funds Statements was recorded as of July 1, 2024, as follows:

	General	Capital Projects	Other Improvements	Nonmajor Governmental Funds	Total Governmental Funds
Fund Balance, as reported	\$172,909,748	\$293,367,673	\$15,771,678	\$25,223,469	\$507,272,568
Adjustment	—	—	—	6,773,005	\$6,773,005
Fund Balance July 1, 2024, as restated	<u>172,909,748</u>	<u>293,367,673</u>	<u>15,771,678</u>	<u>31,996,474</u>	<u>514,045,573</u>

**SALT LAKE CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2025**

An adjustment to the beginning fund balance of the Grant Operating Fund was recorded as of July 1, 2024, as follows:

Fund balance	\$1,407,080
Adjustment	<u>6,773,005</u>
Fund balance July 1, 2024, as restated	<u><u>8,180,085</u></u>

If these amounts had been properly recorded in the prior year, the following financial statement line items in the Grants Operating Fund would have changed as follows:

	June 30, 2024 as previously reported	Error correction	June 30, 2024 as restated
<b>Balance sheet</b>			
Revenues collected in advance	\$20,768,949	\$(6,773,005)	\$13,995,944
Fund balance, restricted	1,363,066	6,773,005	8,136,071
Total fund balance	1,407,080	6,773,005	8,180,085
<b>Statement of revenue, expenditures and changes in fund balance</b>			
Intergovernmental revenue	13,813,180	6,773,005	20,586,185
Total revenues	13,952,410	6,773,005	20,725,415
Net change in fund balance	(565,455)	6,773,005	6,207,550
Fund balance June 30, 2024	1,407,080	6,773,005	8,180,085

If these amounts had been properly recorded in the prior year, the following financial statement line items in the Government-wide Statements would have changed as follows:

	June 30, 2024 as previously reported	Error correction	June 30, 2024 as restated
<b>Balance sheet</b>			
Revenues collected in advance	\$20,768,949	\$(6,773,005)	\$13,995,944

Change in Net Position	49,722,674	6,773,005	56,495,679
Net Position June 30, 2024	1,119,619,265	6,773,005	1,126,392,270

**21. Recent Accounting Pronouncements**

**Newly Issued Accounting Pronouncements**

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

In July 2023, the GASB issued Implementation Guide No. 2023-01 which contains new questions and answers that address application of GASB standards on leases, subscription-based information technology arrangements, and accounting changes. The guide also includes amendments to previously issued implementation guidance on leases. The City is evaluating the impact of this statement, but does not expect it to have a material effect on the financial statements. The City is evaluating the impact of this statement, but does not expect it to have a material effect on the financial statements.

In April 2024, the GASB issued Statement No. 103 Financial Reporting Model Improvements. The statement improves management's discussion and analysis. The statement provides a description of unusual or infrequent items. The statement presentation of the proprietary fund statement of revenues, expenses, and changes in fund net position to distinguish between operating and nonoperating revenues and expenses. The statement requires the presentation of each major component unit separately. The statement requires the presentation of the budgetary comparison to present (1) variances between original and final budget amounts and (2) variances between final budget and actual amounts. The requirements of this statement are effective for reporting periods beginning after June 30, 2026. The City is evaluating the impact of this statement, but does not expect it to have a material effect on the financial statements.

In September 2024, the GASB issued Statement No. 104 Disclosure of Certain Capital Assets. This statement requires certain type of capital assets to be disclosed separately in the capital assets note disclosure required by Statement 34. A capital asset is a capital asset held for sale if (a) the government has decided to pursue the sale of the capital asset and (b) it is probable that the sale will be finalized within one year of the financial statement date. Governments should consider relevant factors to evaluate the likelihood of the capital asset being sold within the established time frame. This Statement requires that capital assets held for sale be evaluated each reporting period. Governments should disclose (1) the ending balance of capital assets held for sale, with separate disclosure for historical cost and accumulated depreciation by major class of asset, and (2) the carrying amount of debt for which the capital assets held for sale are pledged as collateral for each major class of asset. The requirements of this statement are effective for reporting periods beginning after June 30, 2026. The City is evaluating the impact of this statement, but does not expect it to have a material effect on the financial statements.

## 22. Subsequent Events

The following events occurred subsequent to June 30, 2025:

On December 9, 2025, Salt Lake City issued \$50,000,000 of Public Utilities Revenue Bond Anticipation Notes and, on December 10, 2025, \$43,210,000 of Public Utilities Revenue Refunding Bonds. The Bond Anticipation Notes will provide interim financing for Public Utilities capital improvement projects, and the Refunding Bonds were issued to refund outstanding Public Utilities revenue bonds.

SALT LAKE CITY CORPORATION  
NOTES TO FINANCIAL STATEMENTS  
June 30, 2025

On July 17, 2025, the Airport issued \$553,870,000 of Series 2025A (AMT), and \$50,640,000 of Series 2025B (Non-AMT) bonds. The proceeds of the bonds are being used to finance portions of The New SLC.

After year-end, the Airport notified all concession tenants that MAGs would not be enforced beginning in FY 2026 and resuming no earlier than one full year after completion of The New SLC. In FY 2026, the Airport will reduce its lease receivable and deferred inflow for leases to account for the change. Revenue received will be based on a percentage of gross sales and will be variable until new MAGs are calculated.

Spirit Airlines left the Salt Lake market in early October 2025 and is no longer a signatory airline.

Notes to Schedule:

Changes of Benefit Terms: None

Discount rates used in each period: 4.71% 3.97% 3.86% 3.69% 1.92% 2.45% 3.13% 3.62%

Changes of assumptions and other inputs reflects the effects of changes in the discount rate each period, as shown above.

\* In accordance with paragraph 170.a of GASB Statement No. 75, employers will need to disclose a 10-year schedule of changes in the total OPEB liability in their required supplementary information. However, until a full 10-year schedule is compiled, the Library will present information for those years for which information is available.

# Notes to Required Supplementary Information

**SALT LAKE CITY CORPORATION**  
**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**  
June 30, 2025

**1. Budgetary-GAAP Reporting Reconciliation**

The City Council can amend the budget to any extent, provided the budgeted expenditures do not exceed revenues and appropriated fund balance. During the year ended June 30, 2025, General Fund appropriations increased by a net \$36,088,305. The first increase was for encumbrances totaling \$22,204,934. In the first budget amendment totaling \$496,408, funding was allocated for FTEs in the Attorney's Department among other housekeeping items. In the second budget amendment, additional funding was allocated for the COPS Hiring Program. Budget amendment #3 included \$3,904,861 in additional expense budget to account for several infrastructure related items. Budget amendment #4 did not impact the general fund, and budget amendment #5 allocated additional funding for transportation/ bus passes, construction mitigation, the city's animal service contract, and park security guards; among other items. Other smaller budget amendment items throughout the year made up the difference.

The Schedules of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual include comparisons of the legally adopted budget (more fully described in Note 1 of the Notes to the Financial Statements) with actual data on a budgetary basis for the General Fund and proprietary funds that have a budgetary basis that differs from GAAP. Accounting principles applied for purposes of developing data on a budgetary basis differ from those used to present financial statements in conformity with GAAP. The difference in expenditures between GAAP and budgetary basis for the General Fund is reconciled in the following table.

	General Fund Expenditures			
	Actual on reporting basis	Plus encumbrances as of June 30, 2025	Change in compensation obligations	Actual on budgetary basis
City Council	\$ 5,566,029	\$ 54,000	\$ (50,592)	\$ 5,569,437

SALT LAKE CITY CORPORATION  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
June 30, 2025

2. Post-employment Benefits other than pensions:

No assets are accumulated in a trust that meets the criteria in paragraph four of GASB Statement 75. The plan is not accounted for as a trust fund since an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report. The activity of the plan is reported in the Library's general fund.

3. Pension changes in Assumptions:

There were no changes in the actuarial assumptions or methods since the prior actuarial valuation.

This page intentionally left blank

# Supplementary Information

# Nonmajor Governmental Funds

**Arts Council Fund** - To account for activities of the Arts Council and the purchase or construction of art in City owned facilities.

**Downtown Economic Development Fund** - To account for special assessments which are restricted for downtown projects or improvements.

**Community Development Operating Fund** - To account for monies received by the City as grantee participant in the Community Development Block Grant (CDBG) program, except for CDBG monies to be used for capital improvements which are accounted for in the Capital Projects Fund.

**Grants Operating Fund** - To account for monies received by the City under the Home Program, Emergency Medical Services, Emergency Shelter Grants, Housing Opportunities for Persons with Aids Grants, Urban Area Security Initiative Grants, Metropolitan Medical Response System Grants, Local Emergency Planning Committee Hazardous Materials Grants, Drug Free Communities Grants, Rocky Mountain Drug Trafficking Grants, Justice Assistance Grants, Historic Preservation Grants, and other studies and grants.

**Capital City Revitalization Fund** - to account for revenue generated from an additional sales tax levy. These funds are earmarked to support key infrastructure projects within designated Capital City Revitalization Zones. A portion of the revenue collected is allocated to the Public Infrastructure Development Fund, which is responsible for servicing debt obligations related to major city assets.

**Street Lighting Fund** - To account for the operation of additional street lights, the cost of which is paid by the City and by property owners who benefit from these improvements.

**Demolition, Weed and Forfeiture Fund** - To account for City mandated demolition, weed abatement activities and certain police forfeiture activities.

**Emergency 911 Dispatch Fund** - To account for the City's portion of the County-wide emergency dispatch system.

**Salt Lake City Donation Fund** - This fund was established to account for individual private and intergovernmental contributions held in trust by the City for the Child Abduction Fund, Youth City Programs, Imagination Celebration, Police and Fire Equipment Endowments, Environmental Issues Fund, Police High School Scholarship Fund, Historic Preservation Fund, Mayor's Sponsorship Fund, and other contributions received to be held for a specific purpose.

**Transportation Fund** - In 2018 the State of Utah imposed a statewide 0.25% sales tax to be used for transportation. The state legislature allowed the Cities to receive this funding directly in July 2019. In the fiscal year ended June 30, 2020, the City created a separate governmental transportation fund to collect and spend their portion of the sales to improve transportation within the City.

**DEA Metro Narcotic Task Force Fund** - The Drug Enforcement Administration Metropolitan Narcotic Task Force (DEA Metro Narcotic Task Force) is dedicated to the reduction of illegal drug trafficking. Financial resources are provided by federal grants and asset forfeitures.

**Special Improvement Debt Service Fund** - This fund is used to account for the cost of servicing the debt created by financing the construction of public improvements deemed to benefit the properties against which special assessments are levied.

# Internal Service Funds

**Fleet Management Fund** - This fund is used to account for the costs of the fleet management system which provides vehicles for use by City departments, and which provides vehicle maintenance on a cost-reimbursement basis.

**Information Management Services Fund** - This fund is used to account for the costs of providing data processing services to City departments. Costs are recovered by charges to user departments.

**Risk Management Fund** - This fund is used to account for the costs of providing insurance for employee health, accident, long-term disability, unemployment and worker's compensation. It also accounts for costs of the City's property damage insurance.

**Governmental Immunity Fund** - This fund is used to account for payment of general liability claims against the City.

**Local Building Authority Fund** - This fund is used to account for the acquisition and lease to the City of purchased or constructed property and equipment. This fund accounts for the bonds which were issued to purchase or construct the property and equipment and also accounts for the retirement of those bonds.

## STATISTICAL SECTION

(unaudited)

This part of the Salt Lake City Corporation's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

### CONTENTS

<b>Financial Trends</b>	<a href="#"><u>205</u></a>
These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.	
<b>Revenue Capacity</b>	<a href="#"><u>214</u></a>
These schedules contain information to help the reader assess the City's most significant local revenue source, the property tax.	
<b>Debt Capacity</b>	<a href="#"><u>218</u></a>
These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.	
<b>Demographic and Economic Information</b>	<a href="#"><u>223</u></a>
This schedule offers demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.	
<b>Operating Information</b>	<a href="#"><u>224</u></a>
These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Source: Utah State Tax Commission

(1) Centrally Assessed Values are included in Real Property Values.

(2) All taxable property is assessed and taxed on the basis of its fair market value. Utah law requires that the fair market value of property that is assessed by county assessors using a comparable sales or a cost appraisal method exclude expenses related to property sales transactions. For tax purposes, the fair market value of primary property is reduced by 45% under present law. Does not include Fee-in-lieu.

Source: Salt Lake City Department of Finance

(1) The State of Utah general obligation debt is not included in the debt ratios because the State of Utah currently levies no ad valorem tax for payment of general obligation bonds.

(2) Total taxable and fair market values exclude Fees in Lieu.

(3) Salt Lake County GO bonds per ACFR (12/31/23).

(4) Salt Lake City School District and Central Utah Water Conservancy District GO bonds per ACFR (6/30/24).

(5) Overlapping debt is calculated using all debt from Salt Lake City School District and debt from Salt Lake County allocated by geographical percentage.

(1) The general obligation bonded debt of the City is limited by statute to 8% of the "reasonable fair cash value" of taxable property in the City. Of this amount, a maximum of 4% may be used for general purposes. The remaining 4% and any unused portion of the 4% available for general purposes up to the maximum 8% may be utilized for sewer and/or water purposes.

(2) The total net debt applicable to limit is netted with Restricted Fund Balance of Debt Service Fund.
