

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the County, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, except that no opinion is expressed as to the status of interest on any Series 2025A Senior Bond, Series 2025C Senior Bond, Series 2025D Subordinate Bond or Series 2025F Subordinate Bond (the “Private Activity Bonds”) for any period that such Private Activity Bond is held by a “substantial user” of the facilities financed or refinanced by such Private Activity Bond or by a “related person” within the meaning of Section 147(a) of the Internal Revenue Code of 1986. In the further opinion of Bond Counsel, interest on the Series 2025B Senior Bonds, Series 2025C Senior Bonds, Series 2025E Subordinate Bonds and Series 2025F Subordinate Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Series 2025A Senior Bonds and the Series 2025D Subordinate Bonds is a specific preference item for purposes of the federal individual alternative minimum tax and interest on the Series 2025 Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel is also of the opinion that interest on the Series 2025 Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual, or receipt of interest on, the Series 2025 Bonds. See “TAX MATTERS.”

Dated: Date of Delivery

Due: July 1, as shown on the inside cover pages

The County of Sacramento (the “County”) is issuing its \$322,285,000 Airport System Senior Revenue Bonds, Series 2025A (AMT) (the “Series 2025A Senior Bonds”), \$33,605,000 Airport System Senior Revenue Refunding Bonds, Series 2025B (Non-AMT) (the “Series 2025B Senior Bonds”), and \$6,550,000 Airport System Senior Revenue Refunding Bonds, Series 2025C (Non-AMT Private Activity) (the “Series 2025C Senior Bonds”) and, together with the Series 2025A Senior Bonds and the Series 2025B Senior Bonds, the “Series 2025 Senior Bonds”. The County is also issuing its \$92,820,000 Airport System Subordinate Revenue Bonds, Series 2025D (AMT) (the “Series 2025D Subordinate Bonds”), \$31,520,000 Airport System Subordinate Revenue Refunding Bonds, Series 2025E (Non-AMT) (the “Series 2025E Subordinate Bonds”), and \$12,950,000 Airport System Subordinate Revenue Refunding Bonds, Series 2025F (Non-AMT Private Activity) (the “Series 2025F Subordinate Bonds”) and, together with the Series 2025D Subordinate Bonds and the Series 2025E Subordinate Bonds, the “Series 2025 Subordinate Bonds”. The Series 2025 Senior Bonds and the Series 2025 Subordinate Bonds are referred to herein as the “Series 2025 Bonds.”

The Series 2025 Senior Bonds are being issued to: (i) pay the costs of certain capital improvements at Sacramento International Airport; (ii) purchase certain outstanding Senior Bonds of the County that have been tendered and accepted for purchase pursuant to an Invitation to Tender for Purchase issued by the County (as more particularly described herein, the “Invitation”); (iii) provide for a deposit to the Senior Debt Service Reserve Fund; (iv) pay a portion of the interest to accrue on the Series 2025 Senior Bonds; and (v) pay certain costs of issuance of the Series 2025 Senior Bonds, all as more fully described herein. The Series 2025 Subordinate Bonds are being issued to: (i) pay the costs of certain capital improvements at Sacramento International Airport; (ii) purchase certain outstanding Subordinate Bonds of the County that have been tendered and accepted for purchase pursuant to the Invitation; (iii) purchase the Policy (as defined below); (iv) pay a portion of the interest to accrue on the Series 2025 Subordinate Bonds; and (v) pay certain costs of issuance of the Series 2025 Subordinate Bonds, all as more fully described herein. For a description of the outstanding Senior Bonds and Subordinate Bonds that were tendered and accepted for purchase pursuant to the Invitation (the “Tendered Bonds”), and the particular Series 2025 Bonds that will be used to provide for the purchase of particular Tendered Bonds, see “PLAN OF FINANCE –Purchase of Tendered Bonds.”

The Series 2025 Senior Bonds are being issued pursuant to a Master Indenture of Trust, dated as of May 1, 2008, between the County and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”) (the “Master Indenture”), as supplemented by a Thirteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee (the “Thirteenth Supplemental Indenture”). The Series 2025 Subordinate Bonds are being issued pursuant to the Master Indenture, as supplemented by a Fourteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee (the “Fourteenth Supplemental Indenture” and, together with the Master Indenture, as supplemented and amended from time to time, and the Thirteenth Supplemental Indenture, the “Indenture”).

The Series 2025 Bonds are secured by the Trust Estate (as defined herein), subject to the application of the moneys included in the Trust Estate on the terms and conditions and for the purposes set forth in the Indenture. The primary component of the Trust Estate is the Net Revenues (as defined herein) derived by the County from the operation of the Airport System (as defined herein). The Series 2025 Senior Bonds constitute Senior Obligations (as defined herein) pursuant to the Indenture and are secured by the Trust Estate and payable from Net Revenues on a parity basis with Senior Obligations previously issued by the County. The Indenture provides that the County may issue additional Senior Obligations secured by the Trust Estate and payable from the Net Revenues on a parity basis with the Series 2025 Senior Bonds, subject to the terms and conditions of the Indenture, as more fully described herein. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS — Additional Senior Obligations” and “INTRODUCTION – Existing Obligations.”

The Series 2025 Subordinate Bonds constitute Subordinate Obligations (as defined herein) pursuant to the Indenture and are secured by the Trust Estate and payable from the Net Revenues on a subordinate basis to the Senior Obligations and on a parity basis with Subordinate Obligations previously issued by the County. The Indenture provides that the County may incur additional Obligations (as defined herein) secured by the Trust Estate and payable from the Net Revenues on a subordinate basis to the Senior Obligations, subject to the terms and conditions of the Indenture, as more fully described herein. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS — Additional Subordinate Obligations” and “ – Junior Subordinate Obligations, Junior Obligations and Special Facility Obligations” and “INTRODUCTION – Existing Obligations.”

Interest on the Series 2025 Bonds is payable semiannually on January 1 and July 1 of each year, commencing January 1, 2026, at the rates set forth on the inside cover pages.

THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS ARE PAYABLE SOLELY FROM THE TRUST ESTATE PLEDGED FOR THE PAYMENT THEREOF, AND THE COUNTY IS NOT OBLIGATED TO PAY THE SERIES 2025 BONDS EXCEPT FROM THE TRUST ESTATE. THE GENERAL FUND OF THE COUNTY IS NOT LIABLE AND THE FULL FAITH AND CREDIT OR TAXING POWER OF THE COUNTY IS NOT PLEDGED FOR THE PAYMENT OF THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS AND NO TAX OR ASSESSMENT SHALL EVER BE LEVIED OR COLLECTED TO PAY THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS. THE SERIES 2025 BONDS ARE NOT SECURED BY A LEGAL OR EQUITABLE PLEDGE OF OR CHARGE, LIEN OR ENCUMBRANCE UPON ANY OF THE PROPERTY OF THE COUNTY OR ANY OF ITS INCOME OR RECEIPTS EXCEPT THE TRUST ESTATE AS PROVIDED IN THE INDENTURE, AND NEITHER THE PAYMENT OF THE PRINCIPAL, REDEMPTION PRICE, INTEREST OR OTHER PAYMENTS ON THE SERIES 2025 BONDS IS A GENERAL DEBT, LIABILITY OR OBLIGATION OF THE COUNTY OR THE STATE OF CALIFORNIA.

The scheduled payment of principal of and interest on the Series 2025 Subordinate Bonds when due will be guaranteed under an insurance policy (the “Policy”) to be issued concurrently with the delivery of the Series 2025 Subordinate Bonds by Assured Guaranty Inc. (the “Bond Insurer”).

The Series 2025 Bonds will be issued in fully registered form in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), and will be available to beneficial owners in denominations of \$5,000 or any integral multiple thereof, through the book-entry system maintained by DTC. The principal of, redemption price, if any, and interest on the Series 2025 Bonds is payable by the Trustee, to DTC, which is obligated in turn to remit such payments to its participants for subsequent disbursement to beneficial owners as described herein. See APPENDIX D — “BOOK-ENTRY ONLY SYSTEM.”

Certain of the Series 2025 Bonds are subject to optional and mandatory sinking fund redemption prior to their respective stated maturities as described herein. See “THE SERIES 2025 BONDS — Redemption Provisions.”

This cover page, including the inside cover pages hereto, contains certain information for general reference only. It is not intended to be a summary of this issue. Potential purchasers must read the entire Official Statement, including but not limited to “INVESTMENT CONSIDERATIONS,” to obtain information essential to making an informed investment decision. Capitalized terms used on this cover page and not otherwise defined have the meanings set forth herein.

The Series 2025 Bonds are offered when, as and if issued and received by the Underwriters, and subject to the approval of their validity by Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the County. Certain matters will be passed upon on behalf of the County by the Sacramento County Counsel, and by Stradling Yocca Carlson & Rauth LLP, Sacramento, California, its Disclosure Counsel, and on behalf of the Underwriters by their counsel, Kutak Rock LLP. It is expected that the Series 2025 Senior Bonds in book-entry form will be available for delivery through the DTC book-entry system, on or about August 20, 2025.

No dealer, broker, salesperson or other person has been authorized by the County or the Underwriters to give any information or to make any representations other than those contained herein and, if given or made, such other information or representation must not be relied upon. This Official Statement does not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the Series 2025 Bonds in any jurisdiction in which it is unlawful to make such offer, solicitation or sale. This Official Statement is not to be construed as a contract with the purchasers of the Series 2025 Bonds. Statements contained in this Official Statement which involve estimates, forecasts or matters of opinion, whether or not expressly so described herein, are intended solely as such and are not to be construed as representations of fact.

The information set forth herein has been furnished by the County and other sources which are believed to be reliable, but is not guaranteed as to accuracy or completeness, and is not to be construed as a representation, by the Underwriters. The information and expressions of opinion herein are subject to change without notice and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implication that there has been no change in affairs of the County since the date hereof. This Official Statement, including any supplement or amendment hereto, is intended to be deposited with one or more repositories.

The Underwriters have provided the following sentence for inclusion in this Official Statement: The Underwriters have reviewed the information in this Official Statement in accordance with and as part of their responsibilities to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Underwriters do not guarantee the accuracy or completeness of such information.

Certain statements included or incorporated by reference in the following information constitute “forward-looking statements.” Such statements are generally identifiable by the terminology used such as “plan,” “expect,” “estimate,” “budget” or other similar words. The achievement of certain results or other expectations contained in such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements described to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. No assurance is given that actual results will meet the County’s forecasts in any way. Except as set forth in the Continuing Disclosure Certificate, a form of which is attached as Appendix E, the County does not plan to issue any updates or revisions to those forward-looking statements if or when its expectations, or events, conditions or circumstances on which such statements are based occur.

The Series 2025 Bonds have not been registered under the Securities Act of 1933, as amended, in reliance upon an exemption from the registration requirements contained in such Act. The Series 2025 Bonds have not been registered or qualified under the securities laws of any state.

Assured Guaranty Inc. (the “Bond Insurer”) makes no representation regarding the Series 2025 Bonds or the advisability of investing in the Series 2025 Bonds. In addition, Bond Insurer has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding the Bond Insurer supplied by Bond Insurer and presented under the heading “BOND INSURANCE” and Appendix G – “SPECIMEN MUNICIPAL BOND INSURANCE POLICY.”

The County and the Airport System maintain websites and social media accounts, the information on which is not part of this Official Statement, has not and is not incorporated by reference herein, and should not be relied upon in deciding whether to invest in the Series 2025 Bonds. Any references to website addresses presented herein are for informational purposes only and may be in the form of a hyperlink solely for the reader’s convenience. Unless specified otherwise, such websites and social media accounts and the information or links contained therein are not incorporated into, and are not part of, this Official Statement.

INTRODUCTION

\$322,285,000 COUNTY OF SACRAMENTO Airport System Senior Revenue Bonds Series 2025A (AMT)	\$33,605,000 COUNTY OF SACRAMENTO Airport System Senior Revenue Refunding Bonds Series 2025B (Non-AMT)	\$6,550,000 COUNTY OF SACRAMENTO Airport System Senior Revenue Refunding Bonds Series 2025C (Non-AMT Private Activity)
\$92,820,000 COUNTY OF SACRAMENTO Airport System Subordinate Revenue Bonds Series 2025D (AMT)	\$31,520,000 COUNTY OF SACRAMENTO Airport System Subordinate Revenue Refunding Bonds Series 2025E (Non-AMT)	\$12,950,000 COUNTY OF SACRAMENTO Airport System Subordinate Revenue Refunding Bonds Series 2025F (Non-AMT Private Activity)

This introduction contains only a brief summary of the terms included for the Series 2025 Bonds (as defined below) being offered and a brief description of this Official Statement. All statements contained herein are qualified in their entirety by reference to the entire Official Statement. References to, and summaries of, provisions of the Constitution and laws of the State of California (the “State”) and any documents referred to herein do not purport to be complete, and such references are qualified in their entirety by reference to the complete provisions. Capitalized terms used in this Official Statement and not defined elsewhere herein have the meanings given to such terms under the Indenture (as defined herein). See APPENDIX C – “SUMMARY OF THE INDENTURE – CERTAIN DEFINITIONS.”

Purpose

The purpose of this Official Statement, which includes the cover page, the inside cover pages and appendices hereto, is to set forth certain information concerning the issuance and sale of the County of Sacramento (the “County”) \$322,285,000 Airport System Senior Revenue Bonds, Series 2025A (AMT) (the “Series 2025A Senior Bonds”), \$33,605,000 Airport System Senior Revenue Refunding Bonds, Series 2025B (Non-AMT) (the “Series 2025B Senior Bonds”), and \$6,550,000 Airport System Senior Revenue Refunding Bonds, Series 2025C (Non-AMT Private Activity) (the “Series 2025C Senior Bonds” and, together with the Series 2025A Senior Bonds and the Series 2025B Senior Bonds, the “Series 2025 Senior Bonds”). The County is also issuing and selling its \$92,820,000 Airport System Subordinate Revenue Bonds, Series 2025D (AMT) (the “Series 2025D Subordinate Bonds”), \$31,520,000 Airport System Subordinate Revenue Refunding Bonds, Series 2025E (Non-AMT) (the “Series 2025E Subordinate Bonds”), and \$12,950,000 Airport System Subordinate Revenue Refunding Bonds, Series 2025F (Non-AMT Private Activity) (the “Series 2025F Subordinate Bonds” and, together with the Series 2025D Subordinate Bonds and the Series 2025E Subordinate Bonds, the “Series 2025 Subordinate Bonds”). The Series 2025 Senior Bonds and the Series 2025 Subordinate Bonds are referred to herein as the “Series 2025 Bonds.”

The Series 2025 Senior Bonds are being issued to: (i) pay the costs of certain capital improvements at Sacramento International Airport (“International Airport”); (ii) purchase certain outstanding Senior Bonds of the County that were tendered and accepted for purchase pursuant to the Invitation to Tender for Purchase (the “Invitation”) issued by the County (as more particularly described herein); (iii) provide for a deposit to the Senior Debt Service Reserve Fund; (iv) pay a portion of the interest to accrue on the Series 2025 Senior Bonds; and (v) pay certain costs of issuance of the Series 2025 Senior Bonds, all as more fully described herein. The Series 2025 Subordinate Bonds are being issued to: (i) pay the costs of certain capital improvements at International Airport; (ii) purchase certain outstanding Subordinate Bonds of the County that were tendered and accepted for purchase by the County pursuant to the Invitation; (iii) purchase the Policy (as defined herein); (iv) pay a portion of the interest to accrue on the Series 2025 Subordinate Bonds; and (v) pay certain costs of issuance of the Series 2025 Subordinate Bonds, all as more fully described herein. For a description of the outstanding Senior Bonds

and Subordinate Bonds that were tendered and accepted for purchase by the County pursuant to the Invitation (the “Tendered Bonds”), and the particular Series 2025 Bonds that will be used to provide for the purchase of particular Tendered Bonds, see “PLAN OF FINANCE –Purchase of Tendered Bonds.”

The County Airport System

The County is a political subdivision of the State. The Sacramento County Board of Supervisors (“Board”) oversees the operation of the Airport System, which is currently comprised of International Airport, Sacramento Mather Airport (“Mather Airport”), Sacramento Executive Airport (“Executive Airport”), and Franklin Field. See the definition of “Airport System” in the hereinafter defined Indenture for a complete definition of “Airport System.” The Airport System is owned by the County (except for Executive Airport, which is leased as described herein), is operated as a self-sufficient enterprise fund and is administered by the County Department of Airports (the “Department”), which is managed by the Director of Airports (the “Director”). The Director reports to the Deputy County Executive for Community Services. See “THE AIRPORT SYSTEM”

The 2025 Project; SMForward

The capital improvements at International Airport to be financed with a portion of the proceeds of the Series 2025A Senior Bonds and the Series 2025D Subordinate Bonds (the “2025 Project”) consist of (i) construction of additional gates, baggage handling system improvements, and additional apron space at Concourse B; and (ii) improvements to the outbound baggage handling system at Terminal A, including system controls, high speed diverters, vertical sorting units, and high-capacity diverters.

The 2025 Project constitutes the second portion of “SMForward,” the largest capital improvement initiative in International Airport’s history with a total budget of \$1.4 billion, with goals to enhance customer convenience, comfort, and accessibility at International Airport, while meeting projected passenger traffic demand. The County expects to finance SMForward with a combination of proceeds of Senior and Subordinate Obligations (including the Series 2025A Senior Bonds, the Series 2025D Subordinate Bonds, the Series 2024 Senior Bonds (as defined herein) and the 2025 TIFIA Loan (as defined herein)), available moneys of the Department, federal and state grants and Passenger Facility Charge revenue. Future SMForward projects include a ground transportation center and a consolidated rental car center (the “Consolidated Rental Car Center”). The Department intends to finance the costs of the ground transportation center with proceeds of additional Senior Obligations. The financing for the Consolidated Rental Car Facility is currently expected to be payable from Customer Facility Charges (defined herein), and not from Net Revenues. In October 2024, the County issued its \$467,270,000 Airport System Senior Revenue Bonds, Series 2024 (Non-AMT) (the “Series 2024 Senior Bonds”) to finance the initial portion of SMForward. In addition, as more particularly described in “Existing Obligations,” in January 2025 the County issued the Series 2025 Senior TIFIA Bond (defined herein) and entered into the 2025 TIFIA Loan Agreement (defined herein) to pay up to \$36,016,028 of eligible costs of SMForward.

See “SMFORWARD” and “CAPITAL PROJECTS AND PLANNING” for additional information concerning SMForward and the International Airport Capital Improvement Plan (the “CIP”), including, projected timing, costs and sources of funding.

The Series 2025 Bonds

The Series 2025 Senior Bonds are being issued pursuant to a Master Indenture of Trust, dated as of May 1, 2008, between the County and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”) (the “Master Indenture”), as supplemented by a Thirteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee (the “Thirteenth Supplemental Indenture”). The Series 2025 Subordinate Bonds are being issued pursuant to the Master Indenture, as supplemented by a Fourteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee (the “Fourteenth Supplemental Indenture” and, together with the Master Indenture, as supplemented and amended

from time to time, and the Thirteenth Supplemental Indenture, the “Indenture”). See APPENDIX C – “SUMMARY OF THE INDENTURE.”

Certain of the Series 2025 Bonds are subject to optional and mandatory sinking fund redemption prior to their stated maturities as described herein. See “THE SERIES 2025 BONDS – Redemption Provisions.”

The Series 2025 Bonds are being issued in fully registered form in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), and will be made available to beneficial owners through the book-entry only system maintained by DTC. See APPENDIX D – “BOOK-ENTRY ONLY SYSTEM.”

Security for the Series 2025 Bonds

The Series 2025 Bonds are secured by the Trust Estate (as defined in APPENDIX C – “SUMMARY OF THE INDENTURE”), subject to the application of the moneys included in the Trust Estate on the terms and conditions and for the purposes set forth in the Indenture. The primary component of the Trust Estate is the Net Revenues (as defined herein) derived by the County from the operation of the Airport System. The Series 2025 Senior Bonds constitute Senior Obligations (as defined herein) pursuant to the Indenture and are secured by the Trust Estate and payable from Net Revenues on a parity basis with Senior Obligations previously issued by the County. The Indenture provides that the County may issue additional Senior Obligations secured by the Trust Estate and payable from the Net Revenues on a parity basis with the Series 2025 Senior Bonds and other Senior Obligations previously issued by the County, subject to the terms and conditions of the Indenture, as more fully described herein. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS — Additional Senior Obligations” and “INTRODUCTION – Existing Obligations.”

As described in “PLAN OF FINANCE,” “SMFORWARD” and “CAPITAL PROJECTS AND PLANNING” the County currently expects to incur \$54.6 million of additional Senior Obligations through Fiscal Year 2028-29 to fund costs in connection with SMForward and the CIP.

The Series 2025 Subordinate Bonds constitute Subordinate Obligations (as defined herein) pursuant to the Indenture and are secured by the Trust Estate and payable from the Net Revenues on a subordinate basis to the Senior Obligations and on a parity basis with Subordinate Obligations previously issued by the County. The Indenture provides that the County may incur additional Obligations (as defined herein) secured by the Trust Estate and payable from the Net Revenues on a subordinate basis to the Senior Obligations (the “Subordinate Obligations” and “Junior Subordinate Obligations”) subject to the terms and conditions of the Indenture. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS — Additional Subordinate Obligations” and “ – Junior Subordinate Obligations, Junior Obligations and Special Facility Obligations” and “INTRODUCTION – Existing Obligations.” Following the issuance of the Series 2025D Subordinate Bonds, the County does not expect to issue additional Subordinate Obligations to fund projects in SMForward or other CIP projects between Fiscal Year 2025-26 and Fiscal Year 2029-30.

THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS ARE PAYABLE SOLELY FROM THE TRUST ESTATE PLEDGED FOR THE PAYMENT THEREOF, AND THE COUNTY IS NOT OBLIGATED TO PAY THE SERIES 2025 BONDS EXCEPT FROM THE TRUST ESTATE. THE GENERAL FUND OF THE COUNTY IS NOT LIABLE AND THE FULL FAITH AND CREDIT OR TAXING POWER OF THE COUNTY IS NOT PLEDGED FOR THE PAYMENT OF THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS AND NO TAX OR ASSESSMENT SHALL EVER BE LEVIED OR COLLECTED TO PAY THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS. THE SERIES 2025 BONDS ARE NOT SECURED BY A LEGAL OR EQUITABLE PLEDGE OF OR CHARGE, LIEN OR ENCUMBRANCE UPON ANY OF THE PROPERTY OF THE COUNTY OR ANY OF ITS INCOME OR RECEIPTS EXCEPT THE TRUST ESTATE AS PROVIDED IN THE INDENTURE, AND NEITHER THE

PAYMENT OF THE PRINCIPAL, REDEMPTION PRICE, INTEREST OR OTHER PAYMENTS ON THE SERIES 2025 BONDS IS A GENERAL DEBT, LIABILITY OR OBLIGATION OF THE COUNTY OR THE STATE OF CALIFORNIA.

Senior Debt Service Reserve Fund

The Indenture provides that the Series 2025 Senior Bonds will be secured by the Senior Debt Service Reserve Fund established pursuant to the Indenture. The Indenture requires that the Senior Debt Service Reserve Fund be funded in an amount equal to the Senior Debt Service Reserve Requirement (as defined herein). Amounts in the Senior Debt Service Reserve Fund are to be used solely for the purpose of payment of principal of and interest on the Series 2025 Senior Bonds and any other Participating Senior Bonds in the event that amounts on deposit in the Senior Debt Service Fund are insufficient for such purpose, or for the retirement of all Senior Bonds (as defined herein) upon the terms provided in the Indenture. "Participating Senior Bonds" are defined in the Indenture as all Series of Senior Bonds except those which are determined by the County pursuant to a Supplemental Indenture not to be secured by the Senior Debt Service Reserve Fund. Upon the issuance of the Series 2025 Senior Bonds, the Series 2025 Senior Bonds, the Series 2024 Senior Bonds (as defined herein), the Series 2020 Senior Bonds (as defined herein), the Series 2018 Senior Bonds (as defined herein) and the Series 2016A Senior Bonds (as defined herein) will constitute the Participating Senior Bonds.

In lieu of the deposits and transfers to the Senior Debt Service Reserve Fund (or in substitution for amounts already on deposit therein), the Indenture authorizes the County to utilize a Reserve Guaranty or Reserve Guaranties to satisfy all or a portion of the Senior Debt Service Reserve Requirement, subject to satisfaction of the conditions set forth in the Indenture. The Senior Debt Service Reserve Fund does not secure payment of principal, or Redemption Price, of or interest on the Series 2025 Senior TIFIA Bond or any Subordinate Obligation, Junior Subordinate Obligation or Junior Obligation (as defined herein).

See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 SENIOR BONDS — Senior Debt Service Reserve Fund."

Subordinate Debt Service Reserve Fund

The Indenture provides that the Series 2025 Subordinate Bonds will be secured by the Subordinate Debt Service Reserve Fund established pursuant to the Indenture. The Indenture requires that the Subordinate Debt Service Reserve Fund be funded in an amount equal to the Subordinate Debt Service Reserve Requirement (as defined herein). Amounts in the Subordinate Debt Service Reserve Fund are to be used solely for the purpose of payment of principal of and interest on the Series 2025 Subordinate Bonds and any other Participating Subordinate Bonds in the event that amounts on deposit in the Subordinate Debt Service Fund are insufficient for such purpose, or for the retirement of all Subordinate Bonds (as defined herein) upon the terms provided in the Indenture. "Participating Subordinate Bonds" are defined in the Indenture as all Series of Subordinate Bonds except those which are determined by the County pursuant to a Supplemental Indenture not to be secured by the Subordinate Debt Service Reserve Fund. Upon the issuance of the Series 2025 Subordinate Bonds, the Series 2025 Subordinate Bonds, the Series 2018 Subordinate Bonds (as defined herein) and the Series 2016B Subordinate Bonds (as defined herein) will constitute the Participating Subordinate Bonds.

In lieu of the deposits and transfers to the Subordinate Debt Service Reserve Fund (or in substitution for amounts already on deposit therein), the Indenture authorizes the County to utilize a Reserve Guaranty or Reserve Guaranties to satisfy all or a portion of the Subordinate Debt Service Reserve Requirement, subject to the satisfaction of the conditions set forth in the Indenture. The Subordinate Debt Service Reserve Fund does not secure payment of principal, or Redemption Price of, or interest on the Series 2025 Senior Bonds or any other Senior Obligation, the Series 2022 Subordinate Notes (as defined herein), or any Junior Subordinate Obligation or Junior Obligation.

See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS — Subordinate Debt Service Reserve Fund.”

Existing Obligations

Senior Obligations. The following table describes the County’s Senior Obligations that will be outstanding upon the issuance of the Series 2025 Senior Bonds and the application of the proceeds thereof.

<u>Series</u>	<u>Outstanding Principal Amount</u>
Airport System Senior Revenue Refunding Bonds, Series 2016A (the “Series 2016A Senior Bonds”)	\$53,490,000
Airport System Senior Revenue Refunding Bonds, Series 2018A (Non-AMT) (the “Series 2018A Senior Bonds”)	30,235,000
Airport System Senior Revenue Refunding Bonds, Series 2018B (Non-AMT Private Activity) (the “Series 2018B Senior Bonds”)	54,945,000
Airport System Senior Revenue Refunding Bonds, Series 2018C (AMT) (the “Series 2018C Senior Bonds” and, together with the Series 2018A Senior Bonds and the Series 2018B Senior Bonds, the “Series 2018 Senior Bonds”)	248,490,000
Airport System Senior Revenue Refunding Bonds, Series 2020 (Non-AMT Private Activity) (the “Series 2020 Senior Bonds”)	70,665,000
Airport System Senior Revenue Bonds, Series 2024 (Non-AMT) (the “Series 2024 Senior Bonds”)	467,270,000
Airport System Senior Revenue Bond, 2025 TIFIA Series (TIFIA – 2025-1002A) (the “Series 2025 Senior TIFIA Bond”)	36,016,028*
Series 2025A Senior Bonds	322,285,000
Series 2025B Senior Bonds	33,605,000
Series 2025C Senior Bonds	6,550,000
Total	\$1,323,551,028

* Approved amount; as of the date hereof, no amounts have been drawn under the 2025 TIFIA Loan which is secured by the Series 2025 Senior TIFIA Bond.

The Series 2025 Senior TIFIA Bond was issued as a Senior Bond under the Master Indenture. In connection with the issuance of the Series 2025 Senior TIFIA Bond, the County entered into a TIFIA Loan Agreement, dated as of January 7, 2025 (the “2025 TIFIA Loan Agreement”), with the United States Department of Transportation, acting by and through the Executive Director of the Build America Bureau (the “TIFIA Lender”). Under the 2025 TIFIA Loan Agreement, the TIFIA Lender agreed to extend credit (the “2025 TIFIA Loan”) to the County in, and the County may draw, an amount up to \$36,016,028 to pay certain eligible costs of the Pedestrian Walkway element of SMForward. The Series 2025 Senior TIFIA Bond evidences and secures the County’s obligations on the 2025 TIFIA Loan and under the 2025 TIFIA Loan Agreement. The Series 2025 Senior TIFIA Bond is not secured by the Senior Debt Service Reserve Fund, but is secured by a separate Senior Series Debt Service Reserve Fund established for the Series 2025 Senior TIFIA Bond pursuant to the Indenture. The Senior Series Debt Service Reserve Fund established for the Series 2025 Senior TIFIA Bond does not secure payment of principal, or Redemption Price of, or interest on the Series 2025 Bonds or any other Senior Obligation, Subordinate Obligation, Junior Subordinate Obligation or Junior Obligation. The outstanding

principal of the 2025 TIFIA Loan and the Series 2025 Senior TIFIA Bond, bears interest at a fixed rate of 2.43% per annum, subject to an increase of the fixed interest rate by 2.00% per annum upon the occurrence of certain events of default. The obligations of the County under the Series 2025 Senior TIFIA Bond and the 2025 TIFIA Loan Agreement constitute Senior Obligations under the Indenture.

Subordinate Obligations. The following table describes the County's Subordinate Obligations that will be outstanding upon the issuance of the Series 2025 Subordinate Bonds and the application of the proceeds thereof:

<u>Series</u>	<u>Outstanding Principal Amount</u>
Airport System Subordinate Revenue Refunding Bonds, Series 2016B (the "Series 2016B Subordinate Bonds")	\$57,305,000
Airport System Subordinate Revenue Refunding Bonds, Series 2018D (Non-AMT) (the "Series 2018D Subordinate Bonds")	3,310,000
Airport System Subordinate Revenue Refunding Bonds, Series 2018E (Non-AMT Private Activity) (the "Series 2018E Subordinate Bonds" and, together with the Series 2018D Subordinate Bonds, the Series 2018 Subordinate Bonds")	77,865,000
Airport System Subordinate Revenue Notes, Series 2022 Subseries A (AMT) and Subseries B (Taxable) (collectively, the "Series 2022 Subordinate Notes")	26,132
Series 2025D Subordinate Bonds	92,820,000
Series 2025E Subordinate Bonds	31,520,000
Series 2025F Subordinate Bonds	12,950,000
Total	\$275,796,132

The Series 2022 Subordinate Notes were issued as Subordinate Obligations under the Master Indenture and a resolution of the County dated November 15, 2022. In connection with the issuance of the Series 2022 Subordinate Notes, the County entered into a Revolving Credit Agreement, dated as of December 8, 2022 (the "Revolving Credit Agreement"), with Wells Fargo Bank, National Association, as lender. Under the Revolving Credit Agreement, the County may draw up to \$50 million maximum principal amount outstanding at any time to pay costs of the Airport System. Amounts drawn on the Revolving Credit Agreement bear interest at a Secured Overnight Financing Rate-based variable rate. Interest is payable on a monthly basis, with principal due on the date of expiration of the Revolving Credit Agreement (which is currently December 8, 2025). The Revolving Credit Agreement provides that, subject to certain conditions set forth in the Revolving Credit Agreement, amounts outstanding may be converted to term loans, payable on the third anniversary of the conversion date. The Revolving Credit Agreement provides that amounts payable pursuant to the Revolving Credit Agreement are not subject to acceleration while any Senior Obligations are outstanding. The obligations of the County under the Series 2022 Subordinate Notes and the Revolving Credit Agreement constitute Subordinate Obligations under the Indenture.

Rate Covenant

The County has covenanted in the Indenture to establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, at levels specified in the Indenture. See "SECURITY AND SOURCES OF

PAYMENT FOR THE SERIES 2025 BONDS– Rate Covenant” and APPENDIX C – “SUMMARY OF THE INDENTURE – THE MASTER INDENTURE – Covenants and Obligations of the County – Rates and Charges.”

Airport Consultant Report

Ricondo & Associates, Inc. (“Ricondo”) has served as consultant to the County for the Airport System with respect to the issuance of the Series 2025A Senior Bonds and the Series 2025D Subordinate Bonds. Ricondo has provided consulting services to the County for over 10 years. In Ricondo’s capacity as consultant to the County with respect to the Series 2025A Senior Bonds and the Series 2025D Subordinate Bonds, Ricondo prepared the Letter of the Airport Consultant (the “2025 Letter”) which considers new information and developments since the Report of the Airport Consultant, dated September 10, 2024 (the “2024 Report”). The 2024 Report was prepared in connection with the issuance of the Series 2024 Senior Bonds. The 2025 Letter and the 2024 Report have been included in this Official Statement in reliance on the authority of Ricondo and its subconsultants as experts in traffic matters and financial projections relating to airports such as International Airport. The 2025 Letter and the 2024 Report are referred to herein, collectively, as the “Airport Consultant Report.”

In the Airport Consultant Report, Ricondo concludes that Net Revenues in each year during Fiscal Year 2025-26 through Fiscal Year 2029-30 (the “Projection Period”) will be sufficient to meet the County’s obligations under the Indenture. While the County has provided certain historical information as to International Airport operations and financial results included in the Airport Consultant Report and believes that the assumptions, conclusions and projections in the Airport Consultant Report are reasonable, the County assumes no responsibility for the conclusions or projections found in the Airport Consultant Report.

As stated in the Airport Consultant Report, all projections are subject to uncertainties. There will likely be differences between projected and actual results, and those differences may be material and adverse. The Airport Consultant Report will not be updated to reflect the final terms of the Series 2025 Bonds or other changes occurring after the date of such report.

See “AIRPORT CONSULTANT REPORT” and the Airport Consultant Report in Appendix A.

Investment Considerations

An investment in the Series 2025 Bonds involves risks. For a summary of certain risk factors associated with an investment in the Series 2025 Bonds, see “INVESTMENT CONSIDERATIONS.”

Bond Insurance for the Series 2025 Subordinate Bonds

The scheduled payment of principal of and interest on the Series 2025 Subordinate Bonds, when due will be guaranteed under the Policy to be issued concurrently with the delivery of the Series 2025 Subordinate Bonds. See “BOND INSURANCE” and APPENDIX G - “SPECIMEN MUNICIPAL BOND INSURANCE POLICY.”

For a description of certain rights of the Bond Insurer, see APPENDIX C - “SUMMARY OF THE INDENTURE.”

Continuing Disclosure

The County has covenanted for the benefit of the holders and beneficial owners of the Series 2025 Bonds to provide certain financial information and operating data relating to the Airport System by not later than seven months following the end of the County’s Fiscal Year (presently June 30) (the “Annual Report”), commencing with the report for Fiscal Year 2024-25, and to provide notices of the occurrence of certain

enumerated events. The Annual Report and notices of events will be filed by the County electronically with the Electronic Municipal Market Access (“EMMA”) system. The specific nature of the information to be contained in the Annual Report and the notice of events is set forth in APPENDIX E – “FORM OF CONTINUING DISCLOSURE CERTIFICATE.” These covenants have been made in order to assist the Underwriters in complying with S.E.C. Rule 15c2-12(b)(5). See “CONTINUING DISCLOSURE.”

Summaries and Additional Information

There follows in this Official Statement a description of the Airport System and its management and operations, and certain information relating to the County and sources of payment for the Series 2025 Bonds, together with summaries of the terms of the Series 2025 Bonds and certain provisions of the Indenture. All references herein to agreements and documents are qualified in their entirety by reference to the definitive forms thereof, and all references to the Series 2025 Bonds are further qualified by reference to the information with respect thereto contained in the Indenture.

This Official Statement speaks only as of its date. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale on the basis hereof shall, under any circumstances, create any implication that there has been no change in the affairs of the County or the Airport System since the date hereof.

PLAN OF FINANCE

The Series 2025 Senior Bonds are being issued to: (i) pay a portion of the costs of the 2025 Project; (ii) purchase certain outstanding Senior Bonds of the County that have been tendered and accepted for purchase pursuant to the Invitation; (iii) provide for a deposit to the Senior Debt Service Reserve Fund; (iv) pay a portion of the interest to accrue on the Series 2025 Senior Bonds; and (v) pay certain costs of issuance of the Series 2025 Senior Bonds, all as more fully described herein. The Series 2025 Subordinate Bonds are being issued to: (i) pay a portion of the costs of the 2025 Project; (ii) purchase certain outstanding Subordinate Bonds of the County that have been tendered and accepted for purchase pursuant to the Invitation; (iii) purchase the Policy; (iv) pay a portion of the interest to accrue on the Series 2025 Subordinate Bonds; and (v) pay certain costs of issuance of the Series 2025 Subordinate Bonds, all as more fully described herein. See “— Purchase of Tendered Bonds” below.

See “SMFORWARD” for a description of the 2025 Project to be funded from a portion of the proceeds of the Series 2025 Bonds.

See “CAPITAL PROJECTS AND PLANNING - Anticipated Additional Senior Obligations” for additional information concerning the anticipated additional Senior Obligations identified in the Airport Consultant Report. See APPENDIX A – “AIRPORT CONSULTANT REPORT” for a description of the overall sources of funding for the costs of SMForward and the rest of the CIP.

Purchase of Tendered Bonds

The County, with the assistance of BofA Securities, Inc., as dealer manager (the “Dealer Manager”), released an “Invitation to Tender for Purchase,” on July 18, 2025, as amended July 25, 2025 (the “Invitation”), inviting owners of certain maturities of (i) the Series 2016A Senior Bonds and the Series 2018B Senior Bonds (together, the “Target Senior Bonds”) and (ii) the Series 2016B Subordinate Bonds and the Series 2018E Subordinate Bonds (together, the “Target Subordinate Bonds”) (the Target Senior Bonds and the Target Subordinate Bonds are referred to, collectively, as the “Target Bonds”). The Target Bonds that were tendered by the owners thereof, and accepted for purchase by the County are referred to herein as the “Tendered Bonds.”

The following table identifies the particular Series 2025 Bonds that are being used to fund the purchase price of particular Tendered Bonds:

Tendered Bonds to Be Purchased	Respective Series 2025 Bonds
Series 2016A Senior Bonds	Series 2025B Senior Bonds
Series 2018B Senior Bonds	Series 2025C Senior Bonds
Series 2016B Subordinate Bonds	Series 2025E Subordinate Bonds
Series 2018E Subordinate Bonds	Series 2025F Subordinate Bonds

On the date of delivery of the Series 2025 Bonds, a portion of the net proceeds of the particular Series 2025 Bonds identified in the table above as providing funding for the purchase price of Tendered Bonds, together with other available funds, will be applied to fund the purchase of the respective Tendered Bonds. Upon such purchase, the Tendered Bonds will be canceled and will no longer be outstanding under the Indenture.

Certain information with respect to the Tendered Bonds is set forth in the table below.

Target Bonds Series	CUSIP[†]	Maturity Date (July 1)	Par Amount Outstanding	Principal Amount Tendered	Principal Amount Accepted for Purchase
Senior 2016A	786107PC0	7/1/2041 ⁽¹⁾	\$89,000,000	\$35,510,000	\$35,510,000
Senior 2018B	786107QX3	7/1/2031	4,145,000	1,145,000	1,145,000
Senior 2018B	786107QY1	7/1/2032	4,345,000	1,175,000	1,175,000
Senior 2018B	786107QZ8	7/1/2033	4,550,000	1,430,000	1,430,000
Senior 2018B	786107RA2	7/1/2034	4,780,000	355,000	355,000
Senior 2018B	786107RB0	7/1/2035	5,015,000	450,000	450,000
Senior 2018B	786107RC8	7/1/2036	5,270,000	675,000	675,000
Senior 2018B	786107RD6	7/1/2037	5,530,000	120,000	120,000
Senior 2018B	786107RE4	7/1/2038	5,805,000	1,585,000	1,585,000
Subordinate 2016B	786107PD8	7/1/2035	2,790,000	1,790,000	1,790,000
Subordinate 2016B	786107PE6	7/1/2036	13,255,000	10,300,000	10,300,000
Subordinate 2016B	786107PF3	7/1/2041 ⁽¹⁾	76,745,000	23,395,000	23,395,000
Subordinate 2018E	786107SU7	7/1/2031	10,210,000	4,075,000	4,075,000
Subordinate 2018E	786107SV5	7/1/2032	10,720,000	2,185,000	2,185,000
Subordinate 2018E	786107SW3	7/1/2033	11,260,000	3,945,000	3,945,000
Subordinate 2018E	786107SX1	7/1/2034	11,820,000	2,815,000	2,815,000
Subordinate 2018E	786107SY9	7/1/2035	7,580,000	1,250,000	1,250,000

⁽¹⁾ Term Bonds.

All Target Bonds that were not tendered for purchase will remain outstanding.

⁽¹⁾ Represents a portion of the interest on the Series 2025A Senior Bonds and the Series 2025D Subordinate Bonds through and including January 1, 2029.

⁽²⁾ Includes fees of Bond Counsel, Disclosure Counsel, the Municipal Advisor, the Airport Consultant, the Trustee, tender agent, Dealer Manager and the Rating Agencies; costs of the premium for the Policy, Underwriters' discount; printing costs; and other miscellaneous expenses. For a description of the Underwriters' discount, see "UNDERWRITING."

THE SERIES 2025 BONDS

General

The Series 2025 Bonds shall be dated the date of delivery, shall be issued in fully registered form in denominations of \$5,000 or any integral multiple of \$5,000 and shall mature on the dates and in the principal amounts as set forth on the inside cover pages. Interest on the Series 2025 Bonds is payable on January 1, 2026 and semiannually thereafter on January 1 and July 1 in each year, at the rates set forth on the inside cover pages.

The Series 2025 Bonds will be issued in book-entry form only and, when delivered, will be registered in the name of Cede & Co., as nominee of DTC, which will act as securities depository for the Series 2025 Bonds. For so long as Cede & Co., as nominee of DTC, is registered owner of the Series 2025 Bonds, payments of the principal of, premium, if any, and interest on the Series 2025 Bonds will be made directly to DTC. Disbursement of such payment to Direct Participants and Indirect Participants is the responsibility of the Direct Participants and the Indirect Participants, each such term as hereinafter defined. See APPENDIX D– “BOOK-ENTRY ONLY SYSTEM.”

Redemption Provisions

Optional Redemption. The Series 2025A Senior Bonds maturing on and after July 1, 2036 are subject to redemption prior to their stated maturities, at the option of the County and from any source of funds, in whole or in part (in such amounts as may be specified by the County) on any date on or after July 1, 2035 at the Redemption Price equal to the principal amount of the Series 2025A Senior Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

The Series 2025B Senior Bonds are subject to redemption prior to their stated maturities, at the option of the County and from any source of funds, in whole or in part (in such amounts as may be specified by the County) on any date on or after July 1, 2035 at the Redemption Price equal to the principal amount of the Series 2025B Senior Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

The Series 2025C Senior Bonds maturing on and after July 1, 2036 are subject to redemption prior to their stated maturities, at the option of the County and from any source of funds, in whole or in part (in such amounts as may be specified by the County) on any date on or after July 1, 2035 at the Redemption Price equal to the principal amount of the Series 2025C Senior Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

The Series 2025D Subordinate Bonds maturing on and after July 1, 2036 are subject to redemption prior to their stated maturities, at the option of the County and from any source of funds, in whole or in part (in such amounts as may be specified by the County) on any date on or after July 1, 2035 at the Redemption Price equal to the principal amount of the Series 2025D Subordinate Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

The Series 2025E Subordinate Bonds maturing on and after July 1, 2036 are subject to redemption prior to their stated maturities, at the option of the County and from any source of funds, in whole or in part (in such amounts as may be specified by the County) on any date on or after July 1, 2035 at the Redemption Price equal to the principal amount of the Series 2025E Subordinate Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

The Series 2025F Subordinate Bonds are not subject to redemption prior to their stated maturities.

Mandatory Redemption. The Series 2025A Senior Bonds maturing on July 1, 2050 are subject to mandatory redemption prior to their maturity, or payment at maturity, as the case may be, by the County, in part by lot on July 1 of each year on and after July 1, 2046, from and in the amount of the Sinking Fund Installments due and payable on the dates and in the amounts, as provided below, at the Redemption Price equal to the principal amount of such Series 2025A Senior Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

Sinking Fund Installment Date (July 1)	Sinking Fund Installment
2046	\$13,490,000
2047	14,200,000
2048	14,945,000
2049	15,730,000
2050*	16,555,000

* Final Maturity

The Series 2025A Senior Bonds maturing on July 1, 2055 are subject to mandatory redemption prior to their maturity, or payment at maturity, as the case may be, by the County, in part by lot on July 1 of each year on and after July 1, 2051 from and in the amount of the Sinking Fund Installments due and payable on the dates and in the amounts as set forth in the following schedule, at the Redemption Price equal to the principal amount of such Series 2025A Senior Bonds to be redeemed, without premium:

Sinking Fund Installment Date (July 1)	Sinking Fund Installment
2051	\$17,425,000
2052	18,340,000
2053	19,305,000
2054	20,315,000
2055*	21,380,000

* Final Maturity

The Series 2025D Subordinate Bonds maturing on July 1, 2050 are subject to mandatory redemption prior to their maturity, or payment at maturity, as the case may be, by the County, in part by lot on July 1 of each year on and after July 1, 2046, from and in the amount of the Sinking Fund Installments due and payable on the dates and in the amounts, as provided below, at the Redemption Price equal to the principal amount of such Series 2025D Subordinate Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

Sinking Fund Installment Date (July 1)	Sinking Fund Installment
2046	\$3,885,000
2047	4,090,000
2048	4,305,000
2049	4,530,000
2050*	4,770,000

* Final Maturity

The Series 2025D Subordinate Bonds maturing on July 1, 2055 are subject to mandatory redemption prior to their maturity, or payment at maturity, as the case may be, by the County, in part by lot on July 1 of each year on and after July 1, 2051, from and in the amount of the Sinking Fund Installments due and payable on the dates and in the amounts, as provided below, at the Redemption Price equal to the principal amount of such Series 2025D Subordinate Bonds to be redeemed, plus unpaid accrued interest thereon to the date fixed for redemption, without premium.

Sinking Fund Installment Date (July 1)	Sinking Fund Installment
2051	\$5,020,000
2052	5,280,000
2053	5,560,000
2054	5,850,000
2055*	6,160,000

* Final Maturity

Notice. Notice of redemption shall be mailed, by first class mail, postage prepaid, not more than 60 nor less than 30 days before the redemption date to the Owners of any Series 2025 Bonds to be redeemed (in whole or in part) at their addresses appearing in the Bond Register. Such notice shall specify the Series and maturity date of the Series 2025 Bonds to be redeemed, the redemption date and the place or places where amounts due upon such redemption shall be payable and, if less than all of the Series 2025 Bonds of any like Series and maturity are to be redeemed, the letters and numbers or other distinguishing marks of such Series 2025 Bonds so to be redeemed, and, in the case of Series 2025 Bonds to be redeemed in part only, such notice shall also specify the respective portion of the principal amount thereof to be redeemed. Such notice shall further state that on such date there shall become due and payable upon each Series 2025 Bond to be redeemed the Redemption Price thereof, or the Redemption Price of the specified portion of the principal amount thereof to be redeemed in the case of Series 2025 Bonds to be redeemed in part only, and that, if sufficient moneys are available on the redemption date to pay the Redemption Price of all Series 2025 Bonds to be redeemed, from and after such date interest on such Series 2025 Bond or the portion of such Series 2025 Bond to be redeemed shall cease to accrue and be payable.

Receipt of such notice shall not be a condition precedent to the redemption of Series 2025 Bonds and failure of any Owner of a Series 2025 Bond to receive any such notice or any insubstantial defect in such notice shall not affect the validity of the proceedings for the redemption of Series 2025 Bonds. Any defect in such notice given to the Owners of less than all of the Series 2025 Bonds to be redeemed shall not affect the validity of the proceedings for the redemption of the Series 2025 Bonds as to which the notice of redemption did not contain such defect.

In the event that funds required to pay the Redemption Price of the Series 2025 Bonds are not on deposit with the Trustee at the time the notice with respect to any redemption of Series 2025 Bonds at the option of the County is given, such notice shall state that such redemption is conditioned upon the receipt by the Trustee, on or prior to the date fixed for such redemption, of moneys sufficient to pay the Redemption Price of the Series 2025 Bonds to be redeemed, and that if such moneys shall not have been so received said notice shall be of no force and effect and the County shall not be required to redeem such Series 2025 Bonds. In the event a notice of redemption of Series 2025 Bonds contains such a condition and such moneys are not so received, the redemption of Series 2025 Bonds as described in the conditional notice of redemption shall not be made and the Trustee shall, within a reasonable time after the date on which such redemption was to occur, give notice to the Persons and in the manner in which the notice of redemption was given that such moneys were not so received and that there shall be no redemption of Series 2025 Bonds pursuant to the conditional notice of redemption.

Selection of Series 2025 Bonds to Be Redeemed. If less than all of the Outstanding Series 2025 Bonds are to be redeemed at the option of the County at any one time, the County may select the Series, maturities,

principal amounts and sinking fund installments of such Series 2025 Bonds to be redeemed (which Series, maturities, principal amounts and sinking fund installments to be redeemed shall be determined by the County in its sole discretion, provided that, with respect to any Series 2025 Bond to be redeemed in part, the portion of such Series 2025 Bond which is not to be redeemed shall be in an Authorized Denomination). If less than all of the Series 2025 Bonds of like Series and maturity are to be called for prior redemption, the particular Series 2025 Bonds or portions of Series 2025 Bonds of such Series and maturity to be redeemed shall be selected at random by the Trustee in such manner as the Trustee in its discretion may deem fair and appropriate.

Effect of Redemption. If notice of redemption has been duly mailed to the Owners of the Series 2025 Bonds to be redeemed (in whole or in part) and the amount necessary to pay the Redemption Price of the Series 2025 Bonds to be redeemed is available therefor on the date fixed for redemption, then the Series 2025 Bonds, or portions thereof, designated for redemption shall, on the date fixed for redemption, become due and payable at the applicable Redemption Price thereof, the Series 2025 Bonds or portions thereof so designated for redemption shall be deemed to be no longer Outstanding and such Series 2025 Bonds or portions thereof shall cease to bear further interest and after the date fixed for redemption no Owner of such Series 2025 Bonds or portions thereof so designated for redemption shall be entitled to any of the benefits of the Indenture, or any other rights, except with respect to payment of the Redemption Price thereof from the amounts so made available.

SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS

Pledge of Trust Estate; Net Revenues

Subject to the application of the moneys included in the Trust Estate on the terms and conditions and for the purposes set forth in the Indenture, and with the respective priorities set forth therein, the Series 2025 Bonds are payable from and secured by the Trust Estate. The primary component of the Trust Estate is the Net Revenues derived by the County from the operation of the Airport System.

Under the Indenture, the “Airport System” means the whole and each and every part of the existing airport system of the County, including International Airport, Mather Airport, Executive Airport and Franklin Field and any other airport or aviation facility owned or operated by the County and designated by the County to be part of the Airport System, including runways, taxiways, landing pads, aprons, ramps, beacon sites, obstruction lights, navigational and landing aids, control towers, facilities for storage of aircraft and for parking of automobiles, roadways, passenger and freight terminals, land, easements and rights in land for clear zone and approach purposes, maintenance hangars and related facilities and all equipment, buildings, grounds, facilities, utilities and structures owned, leased or operated in connection with or for the promotion or the accommodation of air commerce and air navigation and services in connection therewith, together with all additions, betterments, extensions, replacements, renewals and improvements thereto which may hereafter be undertaken. The term “Airport System,” however, does not include a Special Facility so long as Special Facility Obligations are Outstanding with respect to such Special Facility.

The Indenture defines “Net Revenues” as, for any period of time, the Revenues (defined below) for such period less the Operating Expenses (defined below) for such period. Under the Indenture “Revenues” means all income, receipts, earnings and revenues (including, but not limited to, any Subsidy) received by or accrued to the Airport System from the ownership or operation of the Airport System, excluding, except to the extent deposited in the Revenue Fund: (a) gifts, grants and other funds otherwise included in the definition of “Revenues” which are restricted by their terms to purposes inconsistent with the payment of Operating Expenses or payment of Obligations; (b) Net Proceeds and other insurance proceeds, to the extent the use of such Net Proceeds or other proceeds are restricted by the terms of the policy under which they are paid to a use inconsistent with the payment of Operating Expenses or the payment of Obligations; (c) except as and to the extent included in calculations made pursuant to the rate covenant contained in the Indenture and described under “—Rate Covenant,” any Transfer; (d) except as provided in the Indenture, any Special Facility Revenue; (e) any gain from the sale, exchange or other disposition of capital assets of the Airport System; (f) any Released Revenues; (g) any unrealized gains on securities held for investment by or on behalf of the County; (h) any gains resulting

from changes in valuation of any Swap; (i) any unrealized gains from the write-down, reappraisal or revaluation of assets; (j) the proceeds of Obligations; (k) Facilities Construction Credits; (l) Passenger Facility Charges; (m) Customer Facility Charges; (n) Grant Funds; (o) investment income derived from any moneys or securities which may be placed in escrow or trust to defease Obligations; (p) any arbitrage earnings which are required to be paid to the United States of America pursuant to Section 148 of the Internal Revenue Code of 1986, as amended (the “Code”); and (q) interest earnings or other investment earnings on any Account in the Construction Fund established by any Supplemental Indenture unless otherwise provided in such Supplemental Indenture.

The Indenture provides that for purposes of testing compliance with the rate covenant contained in the Indenture and described below under “—Rate Covenant” and the limitations on the issuance of Obligations contained in the Indenture and described under “—Additional Senior Obligations,” “—Additional Subordinate Obligations” and “—Junior Subordinate Obligations, Junior Obligations and Special Facility Obligations,” Revenues will be calculated based upon Generally Accepted Accounting Principles, except that such calculation will include and exclude those items specifically included or excluded in the definition thereof described above or in the definition of Accrued Debt Service or Aggregate Adjusted Annual Debt Service, as applicable.

In addition, the Indenture provides that for purposes of meeting any of the tests prescribed by the Indenture, including the rate covenant contained in the Indenture and described below under “—Rate Covenant” and the limitations on the issuance of Obligations contained in the Indenture and described under “—Additional Senior Obligations,” “—Additional Subordinate Obligations” and “—Junior Subordinate Obligations, Junior Obligations and Special Facility Obligations,” any transfers from the Capital Improvement Fund to the Revenue Fund will be deemed to be “Revenues.”

The term “Operating Expenses” is defined in the Indenture as the reasonable and necessary costs and expenses of operating, maintaining and administering the Airport System, determined in accordance with Generally Accepted Accounting Principles, including (among other things) salaries and wages, payments in connection with medical, pension and post-retirement medical plans, fees for services, costs of materials, supplies and fuel, reasonable expenses of management, repairs and other expenses necessary to maintain and preserve the Airport System in good repair and working order, reasonable amounts for administration, insurance, taxes (if any) and other similar costs, legal fees and expenses, the fees and expenses of the Fiduciaries, charges under management agreements for the operation and maintenance of the Airport System, the fees and expenses of remarketing agents, auction agents and broker-dealers, the regularly scheduled fees to be paid pursuant to any Credit Support Agreement, expenses (but not debt service) incurred in connection with the purchase or redemption of Obligations, and all other costs properly allocable to the operation, maintenance or administration of the Airport System, but excluding in all cases: (a) amortization of intangibles or other bookkeeping entries of a similar nature; (b) amortization and depreciation of Airport System facilities and assets; (c) charges for the payment of principal, Redemption Price, Purchase Price, interest or other payments on any Obligations; (d) any items chargeable to a capital account; (e) any loss from the sale, exchange or other disposition of capital assets of the Airport System; (f) any unrealized losses on securities held for investment by or on behalf of the County for the Airport System; (g) any losses resulting from changes in valuation of any Swap; (h) any unrealized losses from the write-down, reappraisal or revaluation of assets including investments for “other than temporary” declines in book value; (i) any extraordinary losses; (j) any loss resulting from extinguishment of indebtedness; (k) the costs and expenses of operating, maintaining and administering any Special Facility; (l) any costs and expenses paid or expected to be paid, or for which the County (or an entity controlled by the County) is or is expected to be reimbursed, from or through any source (including Released Revenues) that is not included or includable in the definition of “Revenues”; and (m) any costs and expenses to the extent such costs and expenses are directly related or reasonably allocable to a category of Released Revenues, as determined by the County.

The Indenture provides that for purposes of testing compliance with the rate covenant contained in the Indenture and described below under “—Rate Covenant” and the limitations on the issuance of Obligations contained in the Indenture and described under “—Additional Senior Obligations,” “—Additional Subordinate Obligations” and “—Junior Subordinate Obligations, Junior Obligations and Special Facility Obligations,” Operating Expenses will be calculated based upon Generally Accepted Accounting Principles, except that such

calculation will include and exclude those items specifically included or excluded in the definition thereof described above.

THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS ARE PAYABLE SOLELY FROM THE TRUST ESTATE PLEDGED FOR THE PAYMENT THEREOF, AND THE COUNTY IS NOT OBLIGATED TO PAY THE SERIES 2025 BONDS EXCEPT FROM THE TRUST ESTATE. THE GENERAL FUND OF THE COUNTY IS NOT LIABLE AND THE FULL FAITH AND CREDIT OR TAXING POWER OF THE COUNTY IS NOT PLEDGED FOR THE PAYMENT OF THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS AND NO TAX OR ASSESSMENT SHALL EVER BE LEVIED OR COLLECTED TO PAY THE PRINCIPAL, REDEMPTION PRICE, INTEREST AND OTHER PAYMENTS ON THE SERIES 2025 BONDS. THE SERIES 2025 BONDS ARE NOT SECURED BY A LEGAL OR EQUITABLE PLEDGE OF OR CHARGE, LIEN OR ENCUMBRANCE UPON ANY OF THE PROPERTY OF THE COUNTY OR ANY OF ITS INCOME OR RECEIPTS EXCEPT THE TRUST ESTATE AS PROVIDED IN THE INDENTURE, AND NEITHER THE PAYMENT OF THE PRINCIPAL, REDEMPTION PRICE, INTEREST OR OTHER PAYMENTS ON THE SERIES 2025 BONDS IS A GENERAL DEBT, LIABILITY OR OBLIGATION OF THE COUNTY OR THE STATE OF CALIFORNIA.

Released Revenues

The Indenture permits the County to cause a category of income, receipts or other revenues then included in the definition of “Revenues” to be excluded from such definition for all purposes of the Indenture (such Revenues so excluded constituting “Released Revenues”). Such exclusion will be effective from the date the County files all of the following with the Trustee: (a) a written request from an Authorized Airport Representative to release such category of income, receipts and other revenues from the definition of “Revenues” contained in the Indenture, accompanied by a written certificate of an Authorized Airport Representative certifying that the County is in compliance with all requirements of the Indenture; (b) a certificate of an Authorized Airport Representative or a report of an Independent Certified Public Accountant to the effect that Net Revenues, excluding the category of Revenues proposed to become Released Revenues and any corresponding Released Revenues Related Expenses, for each of the two Fiscal Years for which audited financial statements are available immediately preceding the date of such certificate or report, were sufficient to satisfy the rate covenant set forth in the Indenture and described under “—Rate Covenant” for each of the two such Fiscal Years, assuming that 150% (instead of 125%) was used in the provisions of the Indenture described in subparagraph (b)(i) under the subheading “—Rate Covenant” below, 125% (instead of 110%) was used in the provisions of the Indenture described in subparagraph (b)(ii) under the subheading “—Rate Covenant” below and 110% (instead of 100%) was used in the provisions of the Indenture described in subparagraph (b)(iii) under the subheading “—Rate Covenant” below; (c) a certificate of an Authorized Airport Representative or an Airport Consultant retained by the County to the effect that based upon current knowledge of the operations of the Airport System, Net Revenues, excluding the category of Revenues proposed to become Released Revenues and any corresponding Released Revenues Related Expenses, for the current Fiscal Year (and the preceding Fiscal Year if such year is not included in the certificate required by the Indenture described in clause (b) of this paragraph) are expected to be sufficient to satisfy the rate covenant set forth in the Indenture and described under “—Rate Covenant” below for such Fiscal Year, assuming that 150% (instead of 125%) was used in the provisions of the Indenture described in subparagraph (b)(i) under the subheading “—Rate Covenant” below, 125% (instead of 110%) was used in the provisions of the Indenture described in subparagraph (b)(ii) under the subheading “—Rate Covenant” below and 110% (instead of 100%) was used in the provisions of the Indenture described in subparagraph (b)(iii) under the subheading “—Rate Covenant” below; and (d) a Rating Confirmation in connection with the withdrawal of the category of income, receipts and other revenues proposed to become Released Revenues. In addition, at the option of the County and without satisfying any of the requirements described in this paragraph, all or any portion of any income, receipts and other revenues of the County derived from any hotel owned by the County (or another entity controlled by the County) as part of, or in connection with, the Airport System will be Released Revenues under the Indenture. The County may also,

at any time, cause all or any portion of any Released Revenues to be included in the definition of “Revenues” for all purposes of the Indenture (and thereby also include any corresponding Released Revenues Related Expenses in the definition of “Operating Expenses” for all purposes of the Indenture). To date, the County has not designated any Released Revenues.

Obligations Issued or Incurred under Indenture

Under the Indenture, Obligations may be issued or incurred subject to the terms, conditions and limitations established under the Master Indenture, any Supplemental Indenture or Issuing Instrument. Obligations may consist of Bonds or any other obligation of the County issued pursuant to the Master Indenture, any Supplemental Indenture or Issuing Instrument and are secured under the Indenture as “Senior Obligations,” “Subordinate Obligations” or “Junior Subordinate Obligations.” In addition, nothing in the Indenture prohibits the County from issuing obligations payable from and secured by the Trust Estate if such obligations are subordinate in payment and priority to the Junior Subordinate Obligations, the Subordinate Obligations and the Senior Obligations (each, a “Junior Obligation”). Pursuant to the Indenture, all Senior Obligations shall be senior in payment and priority to all Subordinate Obligations, Junior Subordinate Obligations and Junior Obligations.

Upon the issuance of the Series 2025 Senior Bonds, the Series 2025 Senior Bonds, the Series 2025 Senior TIFIA Bond (and the County’s obligations under the 2025 TIFIA Loan Agreement), the Series 2024 Senior Bonds, the Series 2020 Senior Bonds, the Series 2018 Senior Bonds and the Series 2016A Senior Bonds will constitute the Outstanding Senior Obligations under the Indenture. “Senior Obligations” include Senior Bonds, Reimbursement Obligations related to Senior Bonds and Net Payments due under Qualified Swaps related to Senior Bonds but do not include Termination Payments under Qualified Swaps related to Senior Bonds.

Upon the issuance of the Series 2025 Subordinate Bonds, the Series 2025 Subordinate Bonds, the Series 2018 Subordinate Bonds, the Series 2016B Subordinate Bonds, the Series 2022 Subordinate Notes and the County’s obligations under the Revolving Credit Agreement will constitute the Outstanding Subordinate Obligations under the Indenture. “Subordinate Obligations” include Termination Payments under Qualified Swaps related to Senior Bonds, Subordinate Bonds, Reimbursement Obligations related to Subordinate Bonds and Net Payments under Qualified Swaps related to Subordinate Bonds but do not include Termination Payments under Qualified Swaps related to Subordinate Bonds.

“Junior Subordinate Obligations” include any Termination Payments under Qualified Swaps for Subordinate Bonds, Junior Subordinate Bonds, Reimbursement Obligations related to Junior Subordinate Bonds and Net Payments and Termination Payments under Swaps related to Junior Subordinate Bonds. As of the date of issuance of the Series 2025 Bonds, there will be no Junior Subordinate Obligations or Junior Obligations Outstanding under the Indenture. See APPENDIX C– “SUMMARY OF THE INDENTURE.”

Flow of Airport System Revenues

Under the Indenture, all Revenues are required to be promptly deposited upon receipt thereof to the credit of a special fund designated as the “Revenue Fund” held by the County. As soon as practicable in each month, but in any case no later than the first Business Day of such month, the County will withdraw moneys from the Revenue Fund and apply such moneys to the deposits and payments indicated below, in the amounts and in the priority, set forth below. In the event there is not then on deposit in the Revenue Fund sufficient moneys to make all such deposits and payments, then such deposits and payments will be made in the priority of the lettered paragraphs below. In the event any of the lettered paragraphs below requires more than one such deposit or payment and there is not then on deposit in the Revenue Fund sufficient moneys to make all such deposits and payments, then such deposits and payments will be made pro rata (based on the total amount of such deposits and payments then due) to the extent of available moneys.

(a) First, to the Operating Fund (to be held by the County) the amount which, together with any amount therein available to pay such Operating Expenses (other than amounts in the Operating Reserve Account), is equal to the total amount appropriated for Operating Expenses in such month pursuant to the then current Annual Budget.

(b) Second:

(i) to the Senior Debt Service Fund (to be held by the Trustee), the amount, if any, required so that the balance in said Fund shall equal the Accrued Debt Service on all Outstanding Senior Bonds (including the Series 2025 Senior Bonds) as of the last day of such month;

(ii) to the extent not included in Debt Service on Senior Bonds, to each Credit Provider of a Credit Support Instrument relating to the Senior Bonds, the amount of the Reimbursement Obligation, if any, payable by the County as of the last day of such month in accordance with each applicable Credit Support Agreement;

(iii) to each Qualified Counterparty, the amount of Net Payments, if any, payable by the County as of the last day of such month in accordance with each applicable Qualified Swap relating to the Senior Obligations; and

(iv) to the applicable trustee or paying agent for, or owner or payee of, Outstanding Senior Obligations not specified above in this subparagraph (b), the amount, if any, required to be paid during such month to such trustee, paying agent, owner or payee as and to the extent required by the Supplemental Indentures or Issuing Instruments for payment of such Outstanding Senior Obligations.

(c) Third:

(i) subject to the provisions of the Indenture permitting the deposit of a Reserve Guaranty or Reserve Guaranties in lieu of cash, to the Senior Debt Service Reserve Fund (to be held by the Trustee) the amount, if any, required to maintain the Senior Debt Service Reserve Fund at the applicable Senior Debt Service Reserve Requirement; provided that the maximum amount required to be deposited into the Senior Debt Service Reserve Fund in any month shall not exceed one-twelfth (1/12) of the applicable Senior Debt Service Reserve Requirement;

(ii) to each Senior Series Debt Service Reserve Fund (to be held by the Trustee), the amount, if any, required to be paid during such month pursuant to the applicable Supplemental Indenture to maintain each Senior Series Debt Service Reserve Fund at the amount required by such Supplemental Indenture;

(iii) to the applicable trustee or paying agent for, or owner of, Outstanding Senior Obligations other than Senior Bonds, the amount, if any, required to be paid during such month to such trustee, paying agent or owner pursuant to the Issuing Instruments for such Outstanding Senior Obligations to maintain each debt service reserve for such Outstanding Senior Obligations at the amount required by the applicable Issuing Instrument; and

(iv) to each Reserve Guaranty Provider relating to Senior Obligations, the amount, if any, payable by the County as of the last day of such month in accordance with each applicable Reserve Guaranty Agreement.

(d) Fourth, to the Rebate Fund (to be held by the County), the amount required to be paid for Senior Obligations pursuant to the Rebate Instructions.

(e) Fifth:

(i) to the Subordinate Debt Service Fund (to be held by the Trustee), the amount, if any, required so that the balance in said Fund shall equal the Accrued Debt Service on all Outstanding Subordinate Bonds (including the Series 2025 Subordinate Bonds) as of the last day of such month;

(ii) to the extent not included in Debt Service on Subordinate Bonds, to each Credit Provider of a Credit Support Instrument relating to the Subordinate Bonds, the amount of the Reimbursement Obligation, if any, payable by the County as of the last day of such month in accordance with each applicable Credit Support Agreement;

(iii) to each Qualified Counterparty, the amount of Net Payments, if any, payable by the County as of the last day of such month in accordance with each applicable Qualified Swap relating to the Subordinate Obligations or investments in funds established by the Indenture;

(iv) to the applicable trustee or paying agent for, or owner or payee of, Outstanding Subordinate Obligations not specified above in this subparagraph (e), the amount, if any, required to be paid during such month to such trustee, paying agent, owner or payee as and to the extent required by the Supplemental Indentures or Issuing Instruments for payment of such Outstanding Subordinate Obligations; and

(v) to each Qualified Counterparty, the balance of the amounts to be paid by the County, if any, as of the last day of such month in accordance with each applicable Qualified Swap relating to Senior Obligations, including any Termination Payments.

(f) Sixth:

(i) subject to the provisions of the Indenture permitting the deposit of a Reserve Guaranty or Reserve Guaranties in lieu of cash, to the Subordinate Debt Service Reserve Fund (to be held by the Trustee), the amount, if any, required to maintain the Subordinate Debt Service Reserve Fund at the applicable Subordinate Debt Service Reserve Requirement; provided that the maximum amount required to be deposited into the Subordinate Debt Service Reserve Fund in any month shall not exceed one-twelfth (1/12) of the applicable Subordinate Debt Service Reserve Requirement;

(ii) to each Subordinate Series Debt Service Reserve Fund (to be held by the Trustee), the amount, if any, required to be paid during such month pursuant to the applicable Supplemental Indenture to maintain each Subordinate Series Debt Service Reserve Fund at the amount required by such Supplemental Indenture;

(iii) to the applicable trustee or paying agent for, or owner of, Outstanding Subordinate Obligations other than Subordinate Bonds, the amount, if any, required to be paid during such month to such trustee, paying agent or owner pursuant to the Issuing Instruments for such Outstanding Subordinate Obligations to maintain each debt service reserve for such Outstanding Subordinate Obligations at the amount required by the applicable Issuing Instrument; and

(iv) to each Reserve Guaranty Provider relating to Subordinate Obligations, the amount, if any, payable by the County as of the last day of such month in accordance with each applicable Reserve Guaranty Agreement.

(g) Seventh, to the Rebate Fund (to be held by the County), the amount required to be paid for Subordinate Obligations pursuant to the Rebate Instructions.

(h) Eighth, to the Operating Reserve Account (to be held by the County) one-twelfth (1/12) of the Operating Reserve Requirement, but only to the extent such deposit is required to make the amount on deposit in the Operating Reserve Account equal to the Operating Reserve Requirement.

(i) Ninth, to the Junior Subordinate Fund (to be held by the Trustee), the amount, if any, required to be paid during such month with respect to Junior Subordinate Obligations.

(j) Tenth, to the Rebate Fund (to be held by the County), the amount required to be paid for Junior Subordinate Obligations pursuant to the Rebate Instructions.

(k) Eleventh, to the Reserve and Contingency Fund (to be held by the County) an amount equal to the greater of (x) one-twelfth (1/12th) of \$2,000,000 or (y) the amount, if any, provided for deposit therein during such month pursuant to the then-current Annual Budget, but only to the extent such deposit is required to make the amount on deposit in the Reserve and Contingency Fund equal to the Reserve and Contingency Requirement. “Reserve and Contingency Requirement” means, as of any date of calculation, an amount equal to \$2,000,000 or such greater amount as is specified in the then-current Annual Budget.

(l) Twelfth, on the last Business Day of each month after making the deposits and payments required by subsection (a) through subsection (k) above, the County may withdraw from the Revenue Fund and deposit in the Capital Improvement Fund (to be held by the County) the balance, if any, of moneys remaining in the Revenue Fund.

Senior Debt Service Reserve Fund

The Indenture provides that the Series 2025 Senior Bonds will be secured by a Senior Debt Service Reserve Fund established pursuant to the Indenture and held by the Trustee. The Senior Debt Service Reserve Fund also secures any Participating Senior Bonds. “Participating Senior Bonds” are defined in the Indenture as all Series of Senior Bonds except those which are determined by the County pursuant to a Supplemental Indenture not to be secured by the Senior Debt Service Reserve Fund. Upon the issuance of the Series 2025 Senior Bonds, the Series 2016A Senior Bonds, the Series 2018 Senior Bonds, the Series 2020 Senior Bonds, the Series 2024 Senior Bonds and the Series 2025 Senior Bonds will constitute the Participating Senior Bonds.

If on the Business Day immediately preceding an Interest Payment Date for the Participating Senior Bonds, or any other date on which any principal or interest on the Outstanding Participating Senior Bonds is due, after applying amounts in the Senior Debt Service Fund ratably (based on the amounts due) to the payment of the principal and interest then due with respect to all Outstanding Senior Bonds, the amount in the Senior Debt Service Fund available for payment of the principal and interest then due with respect to all Outstanding Participating Senior Bonds is less than the amount due on such date, the Trustee will apply amounts in the Senior Debt Service Reserve Fund ratably (based on amounts due) to the extent necessary to make good the deficiency for the principal and interest then due with respect to the Outstanding Participating Senior Bonds.

With respect to the Senior Debt Service Reserve Fund, “Senior Debt Service Reserve Requirement” means, as of any date of calculation, an amount equal to the least of (a) 10% of the initial offering price to the public of the Participating Senior Bonds as determined under the Code, or (b) the greatest amount of Bond Debt Service for the Participating Senior Bonds in any Fiscal Year during the period commencing with the Fiscal Year in which the determination is being made and terminating with the last Fiscal Year in which any Participating Senior Bond is due, or (c) 125% of the sum of the Bond Debt Service for the Participating Senior Bonds for all Fiscal Years during the period commencing with the Fiscal Year in which such calculation is made (or if appropriate, the first full Fiscal Year following the issuance of any Participating Senior Bonds) and terminating with the last Fiscal Year in which any Bond Debt Service for the Participating Senior Bonds is due, divided by the number of such Fiscal Years, all as computed and determined by the County and specified in writing to the Trustee; provided, however that in determining Bond Debt Service with respect to any Participating Senior Bonds that constitute Variable Rate Obligations, the interest rate on such Participating

Senior Bonds for any period as to which such interest rate has not been established shall be assumed to be 110% of the daily average interest rate on such Participating Senior Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Participating Senior Bonds shall have been Outstanding (or if such Participating Senior Bonds that constitute Variable Rate Obligations have not yet been issued, then the interest rate on such Participating Senior Bonds shall be assumed to be equal to 110% of the average SIFMA Index during the last 12 months ending with the month preceding the date of calculation).

The Indenture permits the County to satisfy the Senior Debt Service Reserve Requirement by depositing in the Senior Debt Service Reserve Fund, in lieu of cash, a Reserve Guaranty or Reserve Guaranties in an aggregate amount equal to the difference between the applicable Senior Debt Service Reserve Requirement and the sums, if any, then on deposit in the Senior Debt Service Reserve Fund or being deposited in the Senior Debt Service Reserve Fund concurrently with such Reserve Guaranty or Guaranties. See APPENDIX C – “SUMMARY OF THE INDENTURE – THE MASTER INDENTURE– Establishment and Application of Funds – Senior Debt Service Reserve Fund.”

Under the Indenture, all cash and investments in the Senior Debt Service Reserve Fund must be used for payment of debt service on Participating Senior Bonds before any drawing may be made on any Reserve Guaranty credited to the Senior Debt Service Reserve Fund in lieu of cash. Draws on all Reserve Guaranties credited to the Senior Debt Service Reserve Fund on which there is available coverage shall be made on a pro-rata basis (calculated by reference to the coverage then available thereunder) after applying all available cash and investments in the Senior Debt Service Reserve Fund.

The Indenture requires the Senior Debt Service Reserve Fund to be maintained at the Senior Debt Service Reserve Requirement. Upon issuance of the Series 2025 Senior Bonds, the Senior Debt Service Reserve Requirement will be approximately \$94.7 million, which will be satisfied by amounts currently on deposit in the Senior Debt Service Reserve Fund in the amount of approximately \$39.4 million, a deposit of a portion of the proceeds of the Series 2025 Senior Bonds in the amount of \$23.7 million and a Reserve Policy issued by Assured Guaranty, Inc., successor by merger with Assured Guaranty Municipal Corp., in the amount of \$31.7 million.

As described above, the Indenture provides that the Senior Debt Service Reserve Fund will secure payment of principal of and interest on all Participating Senior Bonds. Additional Participating Senior Bonds secured by the Senior Debt Service Reserve Fund may be issued from time to time upon compliance with the terms of the Indenture. See “—Additional Senior Obligations” below.

The Indenture also permits the County to establish separate Senior Series Debt Service Reserve Funds upon the issuance of additional Senior Bonds that are not Participating Senior Bonds and to establish reserve funds for other Senior Obligations. Such Senior Series Debt Service Reserve Funds and reserve funds for other Senior Obligations will not secure payment of principal, or Redemption Price, of or interest on the Series 2025 Senior Bonds. In addition, the Indenture permits reserve funds to be established for Subordinate Obligations and Junior Subordinate Obligations. Such reserve funds will not secure payment of principal, or Redemption Price, of or interest on the Series 2025 Senior Bonds. **The Senior Debt Service Reserve Fund does not secure payment of principal, or Redemption Price, of or interest on the Series 2025 Senior TIFIA Bond, the Series 2025 Subordinate Bonds or any other Subordinate Obligations, Junior Subordinate Obligations or Junior Obligations.**

Subordinate Debt Service Reserve Fund

The Indenture provides that the Series 2025 Subordinate Bonds will be secured by a Subordinate Debt Service Reserve Fund established pursuant to the Indenture and held by the Trustee. The Subordinate Debt Service Reserve Fund secures any Participating Subordinate Bonds. “Participating Subordinate Bonds” are defined in the Indenture as all Series of Subordinate Bonds except those which are determined by the County pursuant to a Supplemental Indenture not to be secured by the Subordinate Debt Service Reserve Fund. Upon

the issuance of the Series 2025 Subordinate Bonds, the Series 2025 Subordinate Bonds, the Series 2018 Subordinate Bonds and the Series 2016B Subordinate Bonds will constitute the Participating Subordinate Bonds.

If on the Business Day immediately preceding an Interest Payment Date for Participating Subordinate Bonds, or any other date on which any principal or interest on the Outstanding Participating Subordinate Bonds is due, after applying amounts in the Subordinate Debt Service Fund ratably (based on the amounts due) to the payment of the principal and interest then due with respect to all Outstanding Subordinate Bonds, the amount in the Subordinate Debt Service Fund available for payment of the principal and interest then due with respect to all Outstanding Participating Subordinate Bonds is less than the amount due on such date, the Trustee will apply amounts in the Subordinate Debt Service Reserve Fund ratably (based on amounts due) to the extent necessary to make good the deficiency for the principal and interest then due with respect to the Outstanding Participating Subordinate Bonds.

With respect to the Subordinate Debt Service Reserve Fund, “Subordinate Debt Service Reserve Requirement” means, as of any date of calculation, an amount equal to the least of (a) 10% of the initial offering price to the public of the Participating Subordinate Bonds as determined under the Code, or (b) the greatest amount of Bond Debt Service for the Participating Subordinate Bonds in any Fiscal Year during the period commencing with the Fiscal Year in which the determination is being made and terminating with the last Fiscal Year in which any Participating Subordinate Bond is due, or (c) 125% of the sum of the Bond Debt Service for the Participating Subordinate Bonds for all Fiscal Years during the period commencing with the Fiscal Year in which such calculation is made (or if appropriate, the first full Fiscal Year following the issuance of any Participating Subordinate Bonds) and terminating with the last Fiscal Year in which any Bond Debt Service for the Participating Subordinate Bonds is due, divided by the number of such Fiscal Years, all as computed and determined by the County and specified in writing to the Trustee; provided, however that in determining Bond Debt Service with respect to any Participating Subordinate Bonds that constitute Variable Rate Obligations, the interest rate on such Participating Subordinate Bonds for any period as to which such interest rate has not been established shall be assumed to be 110% of the daily average interest rate on such Participating Subordinate Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Participating Subordinate Bonds shall have been Outstanding (or if such Participating Subordinate Bonds that constitute Variable Rate Obligations have not yet been issued, then the interest rate on such Participating Subordinate Bonds shall be assumed to be equal to 110% of the average SIFMA Index during the last 12 months ending with the month preceding the date of calculation).

The Indenture permits the County to satisfy the Subordinate Debt Service Reserve Requirement by depositing in the Subordinate Debt Service Reserve Fund, in lieu of cash, a Reserve Guaranty or Reserve Guaranties in an aggregate amount equal to the difference between the applicable Subordinate Debt Service Reserve Requirement and the sums, if any, then on deposit in the Subordinate Debt Service Reserve Fund or being deposited in the Subordinate Debt Service Reserve Fund concurrently with such Reserve Guaranty or Guaranties. See APPENDIX C – “SUMMARY OF THE INDENTURE – THE MASTER INDENTURE – Establishment and Application of Funds – Subordinate Debt Service Reserve Fund.”

The Indenture requires the Subordinate Debt Service Reserve Fund to be maintained at the Subordinate Debt Service Reserve Requirement (defined below). Upon the issuance of the Series 2025 Subordinate Bonds, the Subordinate Debt Service Reserve Requirement will be approximately \$19.0 million, which will be satisfied by the amounts currently on deposit in the Subordinate Debt Service Reserve Fund.

As described above, the Indenture provides that the Subordinate Debt Service Reserve Fund will secure payment of principal of and interest on all Participating Subordinate Bonds. Additional Participating Subordinate Bonds secured by the Subordinate Debt Service Reserve Fund may be issued from time to time upon compliance with the terms of the Indenture. See “—Additional Subordinate Obligations” below.

The Indenture also permits the County to establish separate Subordinate Series Debt Service Reserve Funds upon the issuance of additional Subordinate Bonds that are not Participating Subordinate Bonds and to

establish reserve funds for other Subordinate Obligations. Such Subordinate Series Debt Service Reserve Funds and reserve funds for other Subordinate Obligations will not secure payment of principal, or Redemption Price, of or interest on Participating Subordinate Bonds. In addition, the Indenture permits reserve funds to be established for Senior Obligations and Junior Subordinate Obligations. Such reserve funds will not secure payment of principal, or Redemption Price, of or interest on the Participating Subordinate Bonds. **The Subordinate Debt Service Reserve Fund does not secure payment of principal, or Redemption Price, of or interest on the Series 2025 Senior Bonds or any other Senior Obligations, the Series 2022 Subordinate Notes, or any Junior Subordinate Obligations or Junior Obligations.**

Additional Senior Obligations

The Series 2025 Senior Bonds are Senior Obligations under the Indenture. Under the Indenture, the County may, at any time and from time to time, issue any Additional Senior Obligations, provided:

(a) an Authorized County Representative or an Airport Consultant has provided to the Trustee a certificate stating that Net Revenues for either the most recent Fiscal Year for which audited financial statements of the Airport System are available or any 12 consecutive months out of the most recent 18 consecutive months immediately preceding the month of issuance of the proposed Additional Senior Obligations were sufficient to satisfy the rate covenant set forth in the Indenture and described herein under “—Rate Covenant” for each of the next five full Fiscal Years following issuance of the Additional Senior Obligations, or each of the next two full Fiscal Years from the issuance of the Additional Senior Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Senior Obligations; or

(b) an Airport Consultant has provided to the Trustee a certificate stating that, based upon assumptions the Person signing the certificate deems reasonable, projected Net Revenues will be sufficient to satisfy the rate covenant set forth in the Indenture and described herein under “—Rate Covenant” for each of the next five full Fiscal Years following issuance of the Additional Senior Obligations, or each of the next two full Fiscal Years from issuance of the Additional Senior Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Senior Obligations.

The Indenture provides that, for purposes of (a) and (b) above, the Person signing the certificate required by such clause may assume that, in each relevant Fiscal Year, Accrued Debt Service for Outstanding Obligations will equal Aggregate Adjusted Annual Debt Service for such Fiscal Year.

Pursuant to the Indenture, for purposes of (a) above, the County will be allowed to adjust Net Revenues for earnings arising from any increase in the rates, charges and fees for the use of the Airport System which has become effective prior to the issuance of such proposed Additional Senior Obligations but which, during the Fiscal Year or 12-month period utilized by the County for purposes of (a) above, was not in effect for the entire Fiscal Year or 12-month period under consideration, in an amount equal to the amount by which the Net Revenues would have been increased if such increase in rates, charges and fees had been in effect during the whole Fiscal Year or 12-month period under consideration, as determined by an Authorized County Representative.

Under the Indenture, for purposes of (b) above, in estimating Net Revenues, the Person signing the certificate required by such clause may take into account (1) Revenues from Capital Improvements reasonably expected to become available during the period for which the estimates are provided, (2) any increase in fees, rates, charges, rentals or other sources of Revenues which has been approved by the Board and will be in effect during the period for which the estimates are provided or (3) any other increases in Revenues which the Person signing the certificate believes to be a reasonable assumption for such period.

With respect to Operating Expenses of the County, the Person signing the certificate required by the provisions of the Indenture described in (b) above shall use such assumptions as such Person believes to be reasonable, taking into account (1) historical Operating Expenses of the County, (2) Operating Expenses associated with the Capital Improvements to be funded with the proceeds of the Additional Senior Obligations proposed to be issued and any other new Capital Improvements and Airport System facilities and (3) such other factors, including inflation and changing operations or policies of the County, as the Person signing such certificate believes to be appropriate. The Person signing the certificate required by the provisions of the Indenture described in (b) above shall include in such certificate or in a separate accompanying report a description of the assumptions used and the calculations made in determining the estimated Net Revenues and shall also set forth the calculations of Aggregate Adjusted Annual Debt Service, which calculations may be based upon information provided by the County.

For purposes of preparing the certificate or certificates described above, the Authorized County Representative or Airport Consultant, as applicable, may rely upon financial statements prepared by the County which have not been subject to audit by an Independent Certified Public Accountant if audited financial statements for the Fiscal Year or period are not available; provided, however, that an Authorized County Representative shall certify as to their accuracy and that such financial statements were prepared substantially in accordance with Generally Accepted Accounting Principles.

Neither of the certificates described under (a) or (b) above shall be required if the proceeds of Additional Senior Obligations being issued will be used to pay Costs of completing the Construction of a Capital Improvement for which Senior Obligations have previously been issued and the principal amount of such Additional Senior Obligations being issued for completion purposes does not exceed an amount equal to 10% of the principal amount of the Senior Obligations originally issued for such Capital Improvement as shown in a written certificate of an Authorized County Representative and there is delivered to the Trustee (1) a certificate of an Authorized County Representative or an Airport Consultant stating that the nature and purpose of such Capital Improvement has not materially changed and that the proceeds of such Additional Senior Obligations plus any other moneys in the Construction Fund available to pay the Costs of such Capital Improvement are expected to be sufficient to pay the Costs of completing the Construction of the Capital Improvement, and (2) a certificate of an Authorized County Representative to the effect that (A) all of the proceeds (including investment earnings on amounts in the Construction Fund allocable to such Capital Improvement) of the Senior Obligations issued to finance such Capital Improvement have been or will be used to pay Costs of the Capital Improvement, indicating the amount of such proceeds and investment earnings; and (B) the then estimated Costs of the Construction of the Capital Improvement.

Without satisfying the requirements of the Indenture described above under this subheading “—Additional Senior Obligations,” the County may, at any time and from time to time, issue or enter into an Obligation which is a Qualified Swap, the Net Payments under which shall constitute Senior Obligations, provided that at the time of entering into such Swap (1) the Qualified Swap shall relate to a principal amount of Outstanding Senior Obligations or Senior Obligations issued or expected to be issued; (2) the notional amount of the Qualified Swap shall not exceed the principal amount of the related Senior Obligations or Senior Obligations expected to be issued; and (3) the counterparty shall be a Qualified Counterparty.

The County may, at any time and from time to time, issue Refunding Senior Obligations provided that either: (1) the requirements of the Indenture, with respect to issuing Additional Senior Obligations generally, described above under this subheading “—Additional Senior Obligations,” are satisfied upon the issuance of such Refunding Senior Obligations and the application of the proceeds thereof; or (2) the Trustee has received a certificate of an Authorized County Representative certifying that the Aggregate Adjusted Annual Debt Service for all Obligations to be Outstanding after the issuance of such Refunding Senior Obligations shall not exceed the Aggregate Adjusted Annual Debt Service for all Obligations Outstanding immediately prior to the issuance of such Refunding Senior Obligations in each Test Year.

Without satisfying the requirements of the Indenture described above under this subheading “—Additional Senior Obligations,” the County may, at any time and from time to time, enter into Credit Support Agreements or otherwise become obligated for Reimbursement Obligations with respect to Senior Obligations.

All Senior Obligations shall be senior in payment and priority to all Subordinate Obligations, Junior Subordinate Obligations and Junior Obligations, shall be paid with the priority provided in the Indenture, and shall be entitled to all of the benefits provided to Senior Obligations by the terms of the Indenture and any applicable Issuing Instrument.

For purposes of complying with any of the tests relating to the issuance of Additional Senior Obligations described above, (1) any calculation of Aggregate Adjusted Annual Debt Service with respect to specified Obligations for any period of time shall be reduced by the amount of any Subsidy that the County expects to receive during such period of time relating to or in connection with such Obligations and (2) any calculation of Net Revenues for any period of time shall be reduced by the amount of any Subsidy received or expected to be received by the County with respect to or in connection with the specified Obligations during such period of time.

As described above under “—Released Revenues,” upon compliance with the terms of the Indenture, the County may cause a category of income, receipts or other revenues then included in the definition of “Revenues” to be excluded from such definition for all purposes of the Indenture. The Indenture provides that Debt Service paid from any money other than Revenues (including Released Revenues), or to be paid from any money other than Revenues (including Released Revenues) deposited with the Trustee or another Fiduciary exclusively for such purpose, is excluded from the calculation of Aggregate Adjusted Annual Debt Service under the Indenture and thus, Debt Service paid from any money other than Revenues (including Released Revenues) or to be paid from any money other than Revenues (including Released Revenues) deposited with the Trustee or another Fiduciary exclusively for such purpose, is not taken into account with respect to the tests contained in the Indenture and described under this subheading “—Additional Senior Obligations.” See also “—Rate Covenant” below.

The Indenture also permits the County, upon the terms described below under “—Rate Covenant,” to specify that certain Obligations will be payable from and secured by Available Revenues. Under the Indenture, if Available Revenues or moneys other than Revenues have been irrevocably committed pursuant to a Supplemental Indenture or Issuing Instrument for the purpose of paying Debt Service on specified Obligations, then the Debt Service to be paid from such amounts is excluded from the calculation of Aggregate Adjusted Annual Debt Service under the Indenture and thus such Debt Service is not taken into account with respect to the tests contained in the Indenture and described under this subheading “—Additional Senior Obligations.”

In addition, as described above under “—Pledge of Trust Estate; Net Revenues,” the Indenture permits the County to transfer amounts from the Capital Improvement Fund to the Revenue Fund in which case, the amounts so transferred will be deemed to be Revenues for the purposes of all tests under the Indenture, including the tests described above under this subheading “—Additional Senior Obligations.” Such actual transfers of amounts in the Capital Improvement Fund to the Revenue Fund are not subject to the limitations on “Transfers” described below under “—Rate Covenant.”

Additional Subordinate Obligations

The Series 2025 Subordinate Bonds are Subordinate Obligations under the Indenture. Under the Indenture, the County may, at any time and from time to time, issue any Additional Subordinate Obligations, provided:

(a) an Authorized County Representative or an Airport Consultant has provided to the Trustee a certificate stating that Net Revenues for either the most recent Fiscal Year for which audited financial statements of the Airport System are available or any 12 consecutive months out of the most recent 18 consecutive months

immediately preceding the month of issuance of the proposed Additional Subordinate Obligations were sufficient to satisfy the rate covenant set forth in the Indenture and described herein under “—Rate Covenant” for each of the next five full Fiscal Years following issuance of the Additional Subordinate Obligations, or each of the next two full Fiscal Years from the issuance of the Additional Subordinate Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Subordinate Obligations; or

(b) an Airport Consultant has provided to the Trustee a certificate stating that, based upon assumptions the Person signing the certificate deems reasonable, projected Net Revenues will be sufficient to satisfy the rate covenant set forth in the Indenture and described herein under “-Rate Covenant” for each of the next five full Fiscal Years following issuance of the Additional Subordinate Obligations, or each of the next two full Fiscal Years from issuance of the Additional Subordinate Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Subordinate Obligations.

The Indenture provides that, for purposes of (a) and (b) above, the Person signing the certificate required by such clause may assume that, in each relevant Fiscal Year, Accrued Debt Service for Outstanding Obligations will equal Aggregate Adjusted Annual Debt Service for such Fiscal Year.

Pursuant to the Indenture, for purposes of (a) above, the County shall be allowed to adjust Net Revenues for earnings arising from any increase in the rates, charges and fees for the use of the Airport System which has become effective prior to the issuance of such proposed Additional Subordinate Obligations but which, during the Fiscal Year or 12-month period utilized by the County for purposes of (a) above, was not in effect for the entire Fiscal Year or 12-month period under consideration, in an amount equal to the amount by which the Net Revenues would have been increased if such increase in rates, charges and fees had been in effect during the whole Fiscal Year or 12-month period under consideration, as determined by an Authorized County Representative.

Under the Indenture, for purposes of (b) above, in estimating Net Revenues, the Person signing the certificate required by such clause may take into account (1) Revenues from Capital Improvements reasonably expected to become available during the period for which the estimates are provided, (2) any increase in fees, rates, charges, rentals or other sources of Revenues which has been approved by the Board and will be in effect during the period for which the estimates are provided or (3) any other increases in Revenues which the Person signing the certificate believes to be a reasonable assumption for such period.

With respect to Operating Expenses of the County, the Person signing the certificate required by (b) above shall use such assumptions as such Person believes to be reasonable, taking into account (1) historical Operating Expenses of the County, (2) Operating Expenses associated with the Capital Improvements to be funded with the proceeds of the Additional Subordinate Obligations proposed to be issued and any other new Capital Improvements and Airport System facilities and (3) such other factors, including inflation and changing operations or policies of the County, as the Person signing such certificate believes to be appropriate. The Person signing the certificate required by (b) above shall include in such certificate or in a separate accompanying report a description of the assumptions used and the calculations made in determining the estimated Net Revenues and shall also set forth the calculations of Aggregate Adjusted Annual Debt Service, which calculations may be based upon information provided by the County.

For purposes of preparing the certificate or certificates described above, the Authorized County Representative or Airport Consultant, as applicable, may rely upon financial statements prepared by the County which have not been subject to audit by an Independent Certified Public Accountant if audited financial statements for the Fiscal Year or period are not available; provided, however, that an Authorized County Representative shall certify as to their accuracy and that such financial statements were prepared substantially in accordance with Generally Accepted Accounting Principles.

Neither of the certificates described under (a) or (b) above shall be required if the proceeds of Additional Subordinate Obligations being issued will be used to pay Costs of completing the Construction of a Capital Improvement for which Subordinate Obligations have previously been issued and the principal amount of such Additional Subordinate Obligations being issued for completion purposes does not exceed an amount equal to 10% of the principal amount of the Subordinate Obligations originally issued for such Capital Improvement as shown in a written certificate of an Authorized County Representative and there is delivered to the Trustee (1) a certificate of an Authorized County Representative or an Airport Consultant stating that the nature and purpose of such Capital Improvement has not materially changed and that the proceeds of such Additional Subordinate Obligations plus any other moneys in the Construction Fund available to pay the Costs of such Capital Improvement are expected to be sufficient to pay the Costs of completing the Construction of the Capital Improvement, and (2) a certificate of an Authorized County Representative to the effect that (A) all of the proceeds (including investment earnings on amounts in the Construction Fund allocable to such Capital Improvement) of the Subordinate Obligations issued to finance such Capital Improvement have been or will be used to pay Costs of the Capital Improvement, indicating the amount of such proceeds and investment earnings; and (B) the then estimated Costs of the Construction of the Capital Improvement.

Without satisfying the requirements of the Indenture described above under this subheading “—Additional Subordinate Obligations,” the County may, at any time and from time to time, issue or enter into an Obligation which is a Qualified Swap, the Net Payments under which shall constitute Subordinate Obligations, provided that at the time of entering into such Swap (i) the Qualified Swap shall relate to a principal amount of Outstanding Subordinate Obligations or Subordinate Obligations issued or expected to be issued; (ii) the notional amount of the Qualified Swap shall not exceed the principal amount of the related Subordinate Obligations or Subordinate Obligations expected to be issued; and (iii) the counterparty shall be a Qualified Counterparty.

The County may, at any time and from time to time, issue Refunding Subordinate Obligations provided that either: (1) the requirements of the Indenture, with respect to issuing Additional Subordinate Obligations generally, described above under this subheading “—Additional Subordinate Obligations” are satisfied upon the issuance of such Refunding Subordinate Obligations and the application of the proceeds thereof; or (2) the Trustee has received a certificate of an Authorized County Representative certifying that the Aggregate Adjusted Annual Debt Service for all Obligations to be Outstanding after the issuance of such Refunding Subordinate Obligations shall not exceed the Aggregate Adjusted Annual Debt Service for all Obligations Outstanding immediately prior to the issuance of such Refunding Subordinate Obligations in each Test Year.

Without satisfying the requirements of the Indenture described above under this subheading “—Additional Subordinate Obligations,” the County may, at any time and from time to time, enter into Credit Support Agreements or otherwise become obligated for Reimbursement Obligations with respect to Subordinate Obligations.

All Subordinate Obligations shall be junior in payment and priority to all Senior Obligations. Subordinate Obligations shall be paid in the priority provided in the Indenture, and only to the extent that funds are available to make such payments as provided therein after the required payments are made with respect to the Senior Obligations. Any exercise of rights or remedies by any holder, owner, or beneficial owner of a Subordinate Obligation, or the Trustee on behalf of the foregoing, shall be subject in all respects to the limitations with respect thereto set forth in the Indenture. All Subordinate Obligations shall be subject to the limitations imposed on Subordinate Obligations, by the terms of the Indenture and any applicable Issuing Instrument.

For purposes of complying with any of the tests relating to the issuance of Additional Subordinate Obligations described above, (1) any calculation of Aggregate Adjusted Annual Debt Service with respect to specified Obligations for any period of time shall be reduced by the amount of any Subsidy that the County expects to receive during such period of time relating to or in connection with such Obligations and (2) any calculation of Net Revenues for any period of time shall be reduced by the amount of any Subsidy received or expected to be received by the County with respect to or in connection with the specified Obligations during such period of time.

As described above under “—Released Revenues,” upon compliance with the terms of the Indenture, the County may cause a category of income, receipts or other revenues then included in the definition of “Revenues” to be excluded from such definition for all purposes of the Indenture. The Indenture provides that Debt Service paid from any money other than Revenues (including Released Revenues), or to be paid from any money other than Revenues (including Released Revenues) deposited with the Trustee or another Fiduciary exclusively for such purpose, is excluded from the calculation of Aggregate Adjusted Annual Debt Service under the Indenture and thus, Debt Service paid from any money other than Revenues (including Released Revenues) or to be paid from any money other than Revenues (including Released Revenues) deposited with the Trustee or another Fiduciary exclusively for such purpose, is not taken into account with respect to the tests contained in the Indenture and described under this subheading “—Additional Subordinate Obligations.” See also “—Rate Covenant” below.

The Indenture also permits the County, upon the terms described below under “—Rate Covenant,” to specify that certain Obligations will be payable from and secured by Available Revenues. Under the Indenture, if Available Revenues or moneys other than Revenues have been irrevocably committed pursuant to a Supplemental Indenture or Issuing Instrument for the purpose of paying Debt Service on specified Obligations, then the Debt Service to be paid from such amounts is excluded from the calculation of Aggregate Adjusted Annual Debt Service under the Indenture and thus such Debt Service is not taken into account with respect to the tests contained in the Indenture and described under this subheading “—Additional Subordinate Obligations.”

In addition, as described above under “—Pledge of Trust Estate; Net Revenues,” the Indenture permits the County to transfer amounts from the Capital Improvement Fund to the Revenue Fund in which case, the amounts so transferred will be deemed to be Revenues for the purposes of all tests under the Indenture, including the tests described above under this subheading “—Additional Subordinate Obligations.” Such actual transfers of amounts in the Capital Improvement Fund to the Revenue Fund are not subject to the limitations on “Transfers” described below under “—Rate Covenant.”

Junior Subordinate Obligations, Junior Obligations and Special Facility Obligations

Under the Indenture, the County may, at any time and from time to time, issue Junior Subordinate Obligations, Junior Obligations or Special Facility Obligations upon compliance with the terms of the Indenture. See APPENDIX C— “SUMMARY OF THE INDENTURE – THE MASTER INDENTURE – Authorization and Issuance of Bonds and Obligations – Conditions to Issuance of Junior Subordinate Obligations” and “—Special Facilities and Special Facility Obligations.”

The Indenture permits the County to issue obligations payable from and secured by the Net Revenues and amounts in the Revenue Fund if such obligations are subordinate in payment and priority to the Junior Subordinate Obligations, the Subordinate Obligations and the Senior Obligations (such obligations constituting “Junior Obligations” pursuant to the Indenture). See APPENDIX C – “SUMMARY OF THE INDENTURE – THE MASTER INDENTURE – Covenants and Obligations of the County – Creation of Prior Liens.”

The County has previously issued its Variable Rate Demand Special Facilities Airport Revenue Bonds, Series 1998 (The Cessna Aircraft Company Project) (the “Cessna Special Facilities Bonds”). The Cessna Special Facilities Bonds are secured by contractual payments payable to the County by the owner of the financed facility, and are not secured by or payable from Revenues. The Cessna Special Facilities Bonds are a Special Facility Obligation under the Indenture.

Rate Covenant

Pursuant to the Indenture the County covenants to fulfill the following requirements:

(a) The County will, while any of the Obligations remain Outstanding, establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that Net Revenues in each Fiscal Year will be at least equal to 100% of the aggregate amount of transfers required to be made by the County pursuant to the provisions of the Indenture described herein in paragraphs (b) through (k) under the subheading “—Flow of Airport System Revenues” above during such Fiscal Year.

(b) (i) The County further agrees that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each Fiscal Year the Net Revenues for such Fiscal Year plus any Transfer will be equal to at least 125% of Accrued Debt Service on all Outstanding Senior Obligations for such Fiscal Year. For purposes of the provisions of the Indenture described in this subparagraph (b)(i), the amount of any Transfer taken into account will not exceed 25% of the Accrued Debt Service on the Outstanding Senior Obligations for such Fiscal Year.

(ii) The County further agrees that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each Fiscal Year the Net Revenues for such Fiscal Year plus any Transfer will be equal to at least 110% of Accrued Debt Service on all Outstanding Senior Obligations and Subordinate Obligations for such Fiscal Year. For purposes of the provisions of the Indenture described in this subparagraph (b)(ii), the amount of any Transfer taken into account shall not exceed 10% of the Accrued Debt Service on the Outstanding Senior Obligations and Subordinate Obligations for such Fiscal Year.

(iii) The County further agrees that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each Fiscal Year the Net Revenues for such Fiscal Year will be equal to at least 100% of Accrued Debt Service on all Outstanding Senior Obligations, Subordinate Obligations and Junior Subordinate Obligations for such Fiscal Year.

(iv) For purposes of complying with any of the requirements described in subparagraph (b), (1) any calculation of Accrued Debt Service with respect to specified Obligations for any period of time shall be reduced by the amount of any Subsidy that the County received during such period of time relating to or in connection with such Obligations and (2) any calculation of Net Revenues for any period of time shall be reduced by the amount of any Subsidy received by the County with respect to or in connection with the specified Obligations during such period of time.

(c) The County covenants that if Net Revenues in any Fiscal Year are less than the amount specified by the provisions of the Indenture described in paragraph (a) above, or that if Net Revenues together with any Transfer in any Fiscal Year are less than the amount specified by the provisions of the Indenture described in paragraph (b) above, the County will retain and direct an Airport Consultant to make recommendations as to the revision of the County’s business operations and its schedule of rates, tolls, fees, rentals and charges for the use of the Airport System and for services rendered by the County in connection with the Airport System. After receiving such recommendations, the County shall, subject to applicable requirements or restrictions imposed by law, and subject to a good faith determination of the Board that such recommendations, in whole or in part, are in the best interests of the County, take all lawful measures to comply with the recommendations of the Airport Consultant as to revisions of the County’s business operations and schedule of rates, tolls, fees, rentals and charges as may be necessary to produce Net Revenues, together with any Transfer (only as applied pursuant to the provisions of the Indenture described in paragraph (b) above), in the amount specified in paragraph (a) or (b) above in the next Fiscal Year.

In the event that Net Revenues, together with any Transfer (only as applied pursuant to the provisions of the Indenture described in paragraph (b) above), for any Fiscal Year (referred to in this paragraph as “Fiscal Year One”) are less than the amount specified by the provisions of the Indenture described in paragraph (a) or

(b) above but, prior to or during the next succeeding Fiscal Year (referred to in this paragraph as “Fiscal Year Two”), the County has taken all lawful measures to comply with the recommendations of the Airport Consultant as to revisions of the County’s business operations and schedule of rates, tolls, fees, rentals and charges as required by the provisions of the Indenture described in paragraph (c) above, such deficiency in Net Revenues for Fiscal Year One shall not constitute an Event of Default under the Indenture. Nevertheless, even if the measures required by the provisions of the Indenture described in paragraph (c) above to revise the schedule of rates, tolls, fees, rentals and charges have been taken by the County, in the event the Net Revenues in Fiscal Year Two (as evidenced by the audited financial statements of the County for such Fiscal Year), together with any Transfer (only as applied pursuant to the provisions of the Indenture described in paragraph (b) above), are less than the amount specified by the provisions of the Indenture described in paragraph (a) or (b) above, such deficiency in Net Revenues for Fiscal Year Two, as the second successive year of deficiencies in Net Revenues, shall, with the applicable notice, constitute an Event of Default under the Indenture.

As used in the Indenture, the term “Transfer” means with respect to a Fiscal Year (a) the amount in the Capital Improvement Fund on the last Business Day of such Fiscal Year plus (b) any amounts withdrawn from the Capital Improvement Fund during such Fiscal Year to pay Operating Expenses and to make any required payments or deposits to pay or secure the payment of Obligations less (c) any amounts credited to the Capital Improvement Fund from the Revenue Fund during such Fiscal Year.

As described above under “—Pledge of Trust Estate; Net Revenues,” the Indenture permits the County to transfer amounts from the Capital Improvement Fund to the Revenue Fund in which case the amounts so transferred will be deemed to be Revenues for the purposes of all tests under the Indenture, including the tests described above under this subheading “—Rate Covenant.” Such actual transfers of amounts in the Capital Improvement Fund to the Revenue Fund are not subject to the limitations on “Transfers” described above under this subheading “—Rate Covenant.”

In addition, as described above under “—Released Revenues,” upon compliance with the terms of the Indenture, the County may cause a category of income, receipts or other revenues then included in the definition of “Revenues” to be excluded from such definition for all purposes of the Indenture. The Indenture provides that Debt Service paid from Released Revenues (including investment earnings thereon), or to be paid from Released Revenues (including investment earnings thereon) deposited with the Trustee or another Fiduciary exclusively for such purpose, is excluded from the calculation of Accrued Debt Service under the Indenture and thus, Debt Service paid from Released Revenues (including investment earnings thereon), or to be paid from Released Revenues deposited with the Trustee or another Fiduciary exclusively for such purpose, is not taken into account with respect to the tests contained in the Indenture and described under this subheading “—Rate Covenant.”

The Indenture also provides that at any time and from time to time, the County and the Trustee, without the consent of the Owner of any Obligation and without the consent of any Credit Provider, may enter into a Supplemental Indenture or Issuing Instrument that (1) specifies the amount of Passenger Facility Charges that shall constitute Available PFC Revenues, the amount of Customer Facility Charges that shall constitute Available CFC Revenues or the amount of Grant Funds that shall constitute Available Grant Revenues during each Fiscal Year specified in such Supplemental Indenture or Issuing Instrument or (2) specifies Obligations that will be secured by Available Revenues. Under the Indenture, Debt Service paid from Available Revenues (including investment earnings thereon), or to be paid from Available Revenues (including investment earnings thereon) deposited with the Trustee or another Fiduciary exclusively for such purpose, is excluded from the calculation of Accrued Debt Service under the Indenture and thus, Debt Service paid from Available Revenues (including investment earnings thereon), or to be paid from Available Revenues (including investment earnings thereon) deposited with the Trustee or another Fiduciary exclusively for such purpose, is not taken into account with respect to the tests contained in the Indenture and described above under this subheading “—Rate Covenant.”

The Indenture also provides that Debt Service paid from any other moneys that are not Revenues (including investment earnings thereon), or to be paid from any other moneys that are not Revenues (including investment earnings thereon) deposited with the Trustee or another Fiduciary exclusively for such purpose, is excluded from the calculation of Accrued Debt Service under the Indenture and thus, Debt Service paid from any other moneys that are not Revenues (including investment earnings thereon), or to be paid from any other moneys that are not Revenues (including investment earnings thereon) deposited with the Trustee or another Fiduciary exclusively for such purpose, is not taken into account with respect to the tests contained in the Indenture and described above under this subheading “—Rate Covenant.” Under the Indenture, Passenger Facility Charges, Customer Facility Charges, Grant Funds and certain other items are excluded from the definition of Revenues. Therefore, Debt Service paid from Passenger Facility Charges, Customer Facility Charges, Grant Funds, or other items excluded from the definition of Revenues, or to be paid from Passenger Facility Charges, Customer Facility Charges, Grant Funds, or other items excluded from the definition of Revenues and deposited with the Trustee or another Fiduciary exclusively for such purpose, is not taken into account with respect to the tests contained in the Indenture and described above under this subheading “—Rate Covenant.”

The covenants of the County set forth in the Indenture and described in this caption are referred to herein as the “Rate Covenant.”

Limitation on Remedies

The Indenture provides that, as long as any Senior Obligations remain Outstanding, no Event of Default shall exist or may be declared with respect to any Subordinate Obligations or Junior Subordinate Obligations. In addition, as long as any Subordinate Obligations remain Outstanding, no Event of Default shall exist or may be declared with respect to any Junior Subordinate Obligations.

The Indenture also provides that Subordinate Obligations are not subject to acceleration if any Senior Obligations are then Outstanding, and Junior Subordinate Obligations are not subject to acceleration if any Subordinate Obligations or Senior Obligations are then Outstanding.

For a description of the various remedies and limitations thereon set forth in the Indenture, see APPENDIX C— “SUMMARY OF THE INDENTURE – THE MASTER INDENTURE – Events of Default; Remedies.”

DEBT SERVICE SCHEDULE

The following tables set forth the Debt Service Schedule for the Senior Obligations (the Series 2025 Senior Bonds, the Series 2025 Senior TIFIA Bond, the Series 2024 Senior Bonds, the Series 2020 Senior Bonds, the Series 2018 Senior Bonds and the Series 2016A Senior Bonds) and the Subordinate Obligations (the Series 2025 Subordinate Bonds, the Series 2016B Subordinate Bonds and the Series 2018 Subordinate Bonds). The following tables do not include debt service with respect to the Series 2022 Subordinate Notes, which are currently outstanding in the principal amount of \$26,131.43.

Year Ending	Outstanding Senior Obligations		Series 2025 Senior Bonds		Total Senior Obligations Debt Service	Outstanding Subordinate Obligations		Series 2025 Subordinate Bonds		Total Subordinate Obligations Debt Service	Total Senior and Subordinate Debt Service
July 1	Principal	Interest ⁽¹⁾	Principal	Interest ⁽²⁾		Principal	Interest	Principal	Interest ⁽³⁾		
2026	\$21,455,000	\$47,311,448	\$ -	\$16,151,472	\$84,917,920	\$7,640,000	\$7,338,625	\$ -	\$6,073,042	\$21,051,667	\$105,969,586

BOND INSURANCE

Bond Insurance Policy

Concurrently with the issuance of the Bonds, Assured Guaranty Inc. (the “Bond Insurer” or “AG”) will issue its Municipal Bond Insurance Policy (the “Policy”) for the Series 2025 Subordinate Bonds. The Policy guarantees the scheduled payment of principal of and interest on the Series 2025 Subordinate Bonds when due as set forth in the form of the Policy included as Appendix G to this Official Statement.

The Policy is not covered by any insurance security or guaranty fund established under New York, Maryland, California, Connecticut or Florida insurance law.

Assured Guaranty Inc.

AG is a Maryland domiciled financial guaranty insurance company and an indirect subsidiary of Assured Guaranty Ltd. (“AGL” and together with its subsidiaries, “Assured Guaranty”), a Bermuda-based holding company whose shares are publicly traded and are listed on the New York Stock Exchange under the symbol “AGO.” AGL, through its subsidiaries, provides credit enhancement products to the U.S. and non-U.S. public finance (including infrastructure) and structured finance markets and participates in the asset management business through ownership interests in Sound Point Capital Management, LP and certain of its investment management affiliates. Only AG is obligated to pay claims under the insurance policies AG has issued, and not AGL or any of its shareholders or other affiliates.

AG’s financial strength is rated “AA” (stable outlook) by S&P Global Ratings, a business unit of Standard & Poor’s Financial Services LLC (“S&P”), “AA+” (stable outlook) by Kroll Bond Rating Agency, Inc. (“KBRA”) and “A1” (stable outlook) by Moody’s Investors Service, Inc. (“Moody’s”). Each rating of AG should be evaluated independently. An explanation of the significance of the above ratings may be obtained from the applicable rating agency. The above ratings are not recommendations to buy, sell or hold any security, and such ratings are subject to revision or withdrawal at any time by the rating agencies, including withdrawal initiated at the request of AG in its sole discretion. In addition, the rating agencies may at any time change AG’s long-term rating outlooks or place such ratings on a watch list for possible downgrade in the near term. Any downward revision or withdrawal of any of the above ratings, the assignment of a negative outlook to such ratings or the placement of such ratings on a negative watch list may have an adverse effect on the market price of any security guaranteed by AG. AG only guarantees scheduled principal and scheduled interest payments payable by the issuer of bonds insured by AG on the date(s) when such amounts were initially scheduled to become due and payable (subject to and in accordance with the terms of the relevant insurance policy), and does not guarantee the market price or liquidity of the securities it insures, nor does it guarantee that the ratings on such securities will not be revised or withdrawn.

Merger of Assured Guaranty Municipal Corp. Into Assured Guaranty Inc. On August 1, 2024, Assured Guaranty Municipal Corp., a New York domiciled financial guaranty insurance company and an affiliate of AG (“AGM”), merged with and into AG, with AG as the surviving company (such transaction, the “Merger”). Upon the Merger, all liabilities of AGM, including insurance policies issued or assumed by AGM, became obligations of AG.

Current Financial Strength Ratings. On June 30, 2025, S&P announced that it had affirmed AG’s financial strength rating of “AA” (stable outlook).

On October 18, 2024, KBRA announced that it had affirmed AG’s insurance financial strength rating of “AA+” (stable outlook).

On July 10, 2024, Moody’s, following Assured Guaranty’s announcement of the Merger, announced that it had affirmed AG’s insurance financial strength rating of “A1” (stable outlook).

AG can give no assurance as to any further ratings action that S&P, Moody's and/or KBRA may take. For more information regarding AG's financial strength ratings and the risks relating thereto, see AGL's Annual Report on Form 10-K for the fiscal year ended December 31, 2024.

Capitalization of AG. At March 31, 2025:

- The policyholders' surplus of AG was approximately \$3,522 million.
- The contingency reserve of AG was approximately \$1,421 million.
- The net unearned premium reserves and net deferred ceding commission income of AG and its subsidiaries (as described below) were approximately \$2,416 million. Such amount includes (i) 100% of the net unearned premium reserve and net deferred ceding commission income of AG and (ii) the net unearned premium reserves and net deferred ceding commissions of AG's wholly owned subsidiary Assured Guaranty UK Limited ("AGUK"), and its 99.9999% owned subsidiary Assured Guaranty (Europe) SA ("AGE").

The policyholders' surplus, contingency reserve, and net unearned premium reserves and net deferred ceding commission income of AG were determined in accordance with statutory accounting principles. The net unearned premium reserves and net deferred ceding commissions of AGUK and AGE were determined in accordance with accounting principles generally accepted in the United States of America.

Incorporation of Certain Documents by Reference. Portions of the following documents filed by AGL with the Securities and Exchange Commission (the "SEC") that relate to AG are incorporated by reference into this Official Statement and shall be deemed to be a part hereof:

- (i) the Annual Report on Form 10-K for the fiscal year ended December 31, 2024 (filed by AGL with the SEC on February 28, 2025); and
- (ii) the Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2025 (filed by AGL with the SEC on May 9, 2025).

All information relating to AG included in, or as exhibits to, documents filed by AGL with the SEC pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended, excluding Current Reports or portions thereof "furnished" under Item 2.02 or Item 7.01 of Form 8-K, after the filing of the last document referred to above and before the termination of the offering of the Series 2025 Bonds shall be deemed incorporated by reference into this Official Statement and to be a part hereof from the respective dates of filing such documents. Copies of materials incorporated by reference are available over the internet at the SEC's website at <http://www.sec.gov>, at AGL's website at <http://www.assuredguaranty.com>, or will be provided upon request to Assured Guaranty Inc.: 1633 Broadway, New York, New York 10019, Attention: Communications Department (telephone (212) 974-0100). Except for the information referred to above, no information available on or through AGL's website shall be deemed to be part of or incorporated in this Official Statement.

Any information regarding AG included herein under the caption "BOND INSURANCE – Assured Guaranty Inc." or included in a document incorporated by reference herein (collectively, the "AG Information") shall be modified or superseded to the extent that any subsequently included AG Information (either directly or through incorporation by reference) modifies or supersedes such previously included AG Information. Any AG Information so modified or superseded shall not constitute a part of this Official Statement, except as so modified or superseded.

Miscellaneous Matters. AG makes no representation regarding the Series 2025 Bonds or the advisability of investing in the Series 2025 Bonds. In addition, AG has not independently verified, makes no representation regarding, and does not accept any responsibility for the accuracy or completeness of this Official

Statement or any information or disclosure contained herein, or omitted herefrom, other than with respect to the accuracy of the information regarding AG supplied by AG and presented under the heading “BOND INSURANCE”.

THE AIRPORT SYSTEM

Introduction

The Airport System currently consists of International Airport, Mather Airport, Executive Airport, and Franklin Field. International Airport was established in 1967 and is owned by the County and managed and operated by the Department. Designated as a medium air traffic hub by the Federal Aviation Administration (“FAA”), International Airport held the 37th position in the United States for total passengers in calendar year 2024, as reported by the FAA on a preliminary basis.

In Fiscal Year 2024-25, International Airport accommodated an estimated 6.9 million enplaned passengers, a 4.6% over Fiscal Year 2023-24 levels, continuing the trend over since the start of the recovery from COVID. Historically, 95% or more of total passenger volume at International Airport has consisted of origin-destination traffic (passengers beginning or ending their trips at International Airport), with the remaining comprising connecting passengers.

The Air Service Region

The City of Sacramento (the “City”), the capital of California, serves as a pivotal center for government and commerce in the Sacramento River Valley, situated between the San Francisco Bay Area to the west and the Sierra Nevada Mountain range to the east. Positioned about 12 miles northwest of downtown Sacramento, International Airport sits adjacent to Interstate 5, a major north/south artery spanning the entire length of California, Oregon, and Washington. Furthermore, International Airport is just three freeway exits on Interstate 5 from Interstate 80, the primary east/west interstate highway connecting the San Francisco Bay Area with the Sacramento and Reno/Tahoe regions, as well as points further east.

The primary service area of International Airport encompasses seven counties: El Dorado, Placer, Sacramento, San Joaquin, Sutter, Yolo, and Yuba. These counties form three contiguous Metropolitan Statistical Areas (each an “MSA”): the Sacramento-Roseville-Folsom MSA (comprising of El Dorado, Placer, Sacramento, and Yolo counties), the Stockton-Lodi MSA (encompassing San Joaquin County), and the Yuba City MSA (including Sutter and Yuba counties). Together, these areas boast a combined population of approximately 3.3 million. The County believes that for nearly all residents of and visitors in the Sacramento Area, International Airport offers greater convenience in terms of geographical proximity and travel time compared to competing airports in the Bay Area and the Reno/Tahoe region. This advantage is due in part to the traffic congestion to Bay Area airports and the sometimes-challenging driving conditions in the mountains en route to the Reno-Tahoe International Airport. International Airport is well situated to serve as the primary airport for access to significant attractions in and around Northern California, including the Napa wine country, Yosemite National Park, and Lake Tahoe due to proximity, favorable traffic conditions, and air service availability relative to airports in the Bay area, Reno/Tahoe region, or the central valley.

Organization and Management of the Airport System

The Airport System is managed by the Department, which operates under the oversight of the Board. Established in 1850, the County is one of California’s original 27 counties. The City, the largest city in the County, serves as both the state capital and the County seat. The County operates under a charter form of government.

The Board, comprised of five members, each elected to staggered four-year terms, holds responsibility for governing the County. The County Executive, appointed by the Board, oversees the day-to-day operations of the County.

Department of Airports

The Department's leadership team is headed by the Director of Airports, who essentially serves as the department's chief executive officer. The Director reports to the Deputy County Executive for Community Services and serves at the pleasure of the Board.

As of June 30, 2024, the Department employed approximately 368 full-time equivalent personnel. Additionally, 91 individuals were assigned to the Department but worked for other County departments. Among these employees are 38 law enforcement personnel, 47 from the Department of General Services ("DGS"), 9 from the County Department of Technology, and 1 from the Department of Personnel Services.

Completing the leadership structure, the senior management team includes an Assistant Director, a Deputy Director of Finance and Administration, a Deputy Director of Planning and Development, a Deputy Director of Operations and Maintenance, and a Deputy Director of Commercial Development. Brief biographies of these senior management members are provided below:

Cindy Nichol. Ms. Nichol serves as the Director of Airports, overseeing airport management, operations, and strategic expansions. She began her role with the County in October of 2018, bringing with her a distinguished 34-year career in airport executive management, within both private and public sectors. Before joining the County, Ms. Nichol served as Chief Financial Officer for the Port of Portland, where she was responsible for financial management of three airports, four seaport terminals, five industrial parks, and a dredge. From 2008 to 2012, she held the position of Finance Director for San Francisco International Airport. Prior to that, from 1996 to 2008, she served as Director at one of the country's largest airport financial management consulting firms, leading a 60-person business and finance team.

Ms. Nichol holds a Bachelor of Arts from Carleton College, a Master in African Studies from the University of London, and a Master of Public Policy from Harvard University's Kennedy School of Government. She actively plays key roles in industry leadership, including serving on Airports Council International of North America's (ACI-NA's) U.S. Policy Committee. Additionally, she is a Group Manager for Executive Women in Aviation (EWIA), serves as a member of the Sacramento Chapter of the Women's Transportation Seminar (WTS) Advisory Board, and serves on the board of the California Airports Council, demonstrating her leadership, expertise, and commitment in the aviation industry.

Chris Wimsatt. Mr. Wimsatt assumed the role of Assistant Director of Airports in December of 2024, after serving as Deputy Director of Finance and Administration since August of 2021. As Assistant Director, Chris reports to the Director of Airports, and oversees all five divisions of the Department: Finance & Administration, Operations, Maintenance, Planning and Development, and Commercial Development. Mr. Wimsatt previously served as the Chief Financial Officer for the Department of Aviation in the City of Dayton, Ohio. Prior to that, he served as a Management Analyst for the City of Dayton Office of Management & Budget and held private banking and investment roles at Morgan Stanley and Westminster Financial Companies. He also served as the Senior Legislative Aide to the President Pro-Tempore of the Ohio Senate.

Mr. Wimsatt holds a Bachelor of Arts degree in Political Science from Ohio University and a Master of Business Administration degree from Western Governors University. He is actively involved in industry initiatives, serving as member of the Finance Committee steering group and as the Chair of the Financial Regulatory Workgroup for ACI-NA. Mr. Wimsatt is a frequent speaker on public finance and public policy topics and was named the 2024 Medium Hub Airport Finance Professional of the Year by Airports Council International – North America, as well as a 2023 Rising Star by The Bond Buyer.

Douglas McDonald. Mr. McDonald serves as the Deputy Director of Finance and Administration, bringing 17 years of airport finance experience for Sacramento International Airport. In this role, he oversees Financial Planning & Analysis, the Project Portfolio Office, Accounting, Purchasing Services, the Central Warehouse, and Airport Administration. He also collaborates closely with the Department's embedded Department of Technology team to advance the Department's broader Digital Transformation initiatives.

Over the course of his career, Mr. McDonald has held a range of key finance and administrative roles, including Rates and Charges Officer, Budget Officer, Manager of Financial Planning and Analysis, and most recently as Senior Airport Manager for the Finance & Administration Division.

Sheri Thompson-Duarte. Mrs. Thompson-Duarte serves as the Deputy Director of Operations bringing with her 20 years of extensive experience in airport operations and maintenance across both commercial service and general aviation airports. Her background also includes two decades of aviation expertise gained from serving in the US Air Force. Sheri is accredited by the American Association of Airport Executives and holds a Master of Business Administration degree in Aviation from Embry-Riddle Aeronautical University.

In her role, Mrs. Thompson-Duarte oversees a wide array of responsibilities encompassing operations as well as public safety, including oversight of the Airport Fire department and safety management system. Her purview extends to Sacramento International, Mather, Executive, and Franklin Field airports. Within this capacity, she manages both landside and airside operations, including security protocols, the communications center, lost and found services, and ground transportation and parking facilities. Additionally, Mrs. Thompson-Duarte coordinates the on-airport services provided by Sacramento County's Sheriff's Department and Department of General Services.

Frieden McLean. Mr. McLean serves as the Deputy Director of Maintenance, bringing over 20 years of aviation experience at both commercial service and military airports. In this role, he oversees multiple divisions, including Airfield Maintenance, Equipment Maintenance, Parks Maintenance, Facilities, Infrastructure, and Building Services. Previously, Mr. McLean served as the Manager of the Project Portfolio Office for the Sacramento County Department of Airports where he led the development of the Airports' Capital Improvement Plan.

Mr. McLean holds a Bachelor of Science in Systems Engineering from the United States Air Force Academy and a Master of Business Administration from Florida State University. He began his career as a C-17A pilot in the United States Air Force and later transitioned to Aircraft Maintenance as a Reservist. Throughout his career he has held numerous roles related to operational planning, maintenance, and logistics.

T.J. Chen. Mr. Chen serves as the Deputy Director of Planning and Development, bringing in a wealth of experience with over 25 years of experience in airport development. He began his career as an airport engineer at the San Francisco Airports District Office of the Federal Aviation Administration. Throughout his career, Mr. Chen has held various roles in project engineering and program management both in the United States and internationally.

Mr. Chen earned his Bachelor of Science and Master of Science degrees in Civil Engineering from San Jose State University and is a licensed civil engineer in the State of California. He is also a distinguished graduate of the FAA's Program for Emerging Leaders and is a Certified Member of the American Association of Airport Executives. In his capacity, Mr. Chen is responsible for overseeing planning, environmental documentation and compliance, sustainability initiatives, noise, and wildlife management, as well as design and development functions for the Airport System.

Stephen Clark. Mr. Clark is the Deputy Director of Commercial Development. With over 17 years of experience in the aviation industry, 13 of which have been in senior leadership roles, Mr. Clark brings a wealth of expertise to his position. His career began as a ramp agent for a local fixed base operator, after which he transitioned to front-line supervisory roles at two major U.S.-based airlines.

Mr. Clark's trajectory continued as he served as the Director of Marketing and Technology for an aviation support provider, where he led efforts to grow the company into the largest privately owned entity in its category worldwide. Following this, he took on the role of Director of Business Development at Gerald R. Ford International Airport before being recruited to lead the Airport System's commercial development team. In his current role, Mr. Clark oversees the Airport System's real estate, business development, concessions, air service development, and marketing and communications activities.

Labor Relations

Out of the 368 permanent full-time equivalent positions within the Department, six positions were not affiliated with a collective bargaining unit. Per the County Code, the salaries and benefits of these unrepresented employees undergo an annual review. Most Department employees are affiliated with one of 10 collective bargaining organizations, as detailed in Table 1.

TABLE 1
Collective Bargaining Units
(as of July 8, 2025)

Source: County of Sacramento, Department of Airports

*Agreements entered into on July 8, 2025 that will expire on June 30, 2028.

Most of the agreements that have been reached, as indicated by an asterisk in the table above, contain annual increases of 2.8 percent in the first year, with 3% increases in the next two years. The Sacramento County Professional Accountants Association agreement contains an increase of 2.8 percent in the first year and 2-4% increases in the next two years based on a CPI index. The agreement with the United Public Employees, Local 1 – Office-Technical Unit expired on June 30, 2025, and negotiations are continuing, but they have provided notice of intent to strike. The County of Sacramento is continuing to negotiate with all bargaining units that have agreements that expired on June 30, 2025. International Airport has never experienced closure due to a strike. Beyond the County employees directly employed by the Department, employees from the County's Sheriff's Department, DGS, County Counsel's Office and Department of Technology are also assigned to support the Airport System's operations.

The Sheriff's Department contributes 38 permanent full-time employees to oversee security checkpoint response, traffic control, and landside police response for the Airport System. DGS allocates 47 permanent full-time employees to maintain the Airport System's facilities, while the Department of Technology provides support with nine full-time employees, including six full-time permanent personnel and three contractors. Additionally, the Department of Personnel Services allocates one permanent full-time employee who is responsible for employee relations, training, organizational development, and assisting with recruitment and hiring. The cost of personnel from other departments assigned to work at the Department is paid for using Airport System Revenues.

Existing Facilities at International Airport

International Airport spans approximately 6,000 acres of land, owned by the County in fee simple, subject only to certain liens or encumbrances that do not disrupt operations. A description of the facilities is as follows:

Airfield. The airfield is composed of two parallel runways, each measuring 8,600 feet in length: Runway 17L-35R (referred to as the east runway) and Runway 17R-35L (known as the west runway). These are completed by interconnected taxiways and aircraft parking aprons. The west runway, originally constructed in 1964-67, underwent significant reconstruction in 2019 using concrete, which included improvements to airfield drainage and lighting systems. The reconstructed runway surface is expected to meet or exceed the requirements of forecasted air traffic for the next 20 years. The expected lifespan of the east runway is at least 30 years.

Runway 17R-35L is equipped with a Category III Instrument Landing System (“ILS”), providing aircraft with advanced precision instrument approach capabilities. This ground-based system provides pilots with visual and electronic navigational aids, enabling safe landings even in conditions of limited outside visibility. Conversely, Runway 17L-35R is equipped with a Special Authorization Category II ILS, offering a slightly lower level of precision compared to the Category III system.

Passenger Terminals. International Airport is equipped with two terminals, boasting a combined total of thirty-two gates. Terminal A, completed in 1998, accommodates thirteen gates, while Terminal B, completed in 2011, offers nineteen gates. Terminal A serves airlines such as Air Canada, American, Delta and United, while Terminal B serves to operations by Aeroméxico, Alaska/Horizon, Frontier, Hawaiian, JetBlue, Southwest, Spirit, and Volaris. Approximately 21.1% of the rentable spaces within the passenger terminals have been designated for concessions.

Automated People Mover. Access between Terminal B landside and airside is facilitated by an automated people mover system on an above grade guideway structure.

Parking. International Airport provides five public parking facilities, catering to both short-and long-term parking needs. Among these options is the terminal parking garage, constructed in 2004, which boasts six floors and approximately 5,237 parking spaces, conveniently located between the terminals. Additional parking options include Daily lots offering 3,021 parking spaces, the East Economy lot accommodating 5,943 parking spaces, the South Economy lot accommodating 2,993 spaces, and the West Economy lot providing 3,179 parking spaces. See “SMFORWARD – The 2024 Project.”

Rental Car Facility. A full-service rental car facility with 848 ready return space for on-airport rental car companies is situated approximately one mile south of the terminal buildings. Passengers access rental car agencies from the Rental Car Facility by shuttle service.

Aviation Support Facilities. Primary aviation support facilities include equipment and parks maintenance facilities, a fuel farm, FAA air traffic control facilities, aircraft rescue and firefighting services, and airfield maintenance and support facilities located throughout the airport premises.

Other Airports

Mather Airport. Mather Airport traces its origins back to its establishment as a U.S. Air Force base. In March 1995, the County secured a 55-year lease with the U.S. Air Force, authorizing the utilization of 2,875 acres of the former Air Force Base for civilian aviation purposes. On May 5, 1995, Mather Airport reopened its doors as part of the Airport System, serving general aviation and cargo traffic. Ownership of Mather Airport was formally transferred from the U.S. Air Force to the County in November 2012. Serving as a reliever airport for International Airport, Mather Airport is equipped with two runways: Runway 4R-22L, spanning 11,300 feet,

and Runway 4L-22R, spanning 6,040 feet. Additionally, it boasts a contract air traffic control tower, an aircraft parking apron, and several cargo and ancillary structures.

Runway 4R-22L underwent enhancement in 2019 with the installation of an SA Category II ILS, aimed at improving safety, enhancing precision instrument approach capabilities, and facilitating airfield accessibility during periods of reduced visibility. The FAA authorized SA Category II procedures for Runway 22L on December 5, 2019, allowing SA Category II approaches.

Presently, Mather Airport is the host of scheduled service by one all-cargo carrier, United Parcel Service. In Fiscal Year 2023-24, Mather Airport facilitated a total of 72,257 operations, including general aviation, military, and cargo activities. Notably, approximately 31% of all cargo activity within the Airport System occurred at Mather Airport during the same period. Its longer runway is tailored to accommodate cargo carriers, alleviating aircraft ramp congestion at International Airport. The County has no intention of utilizing Mather Airport for scheduled passenger airline service.

Executive Airport. Executive Airport functions as a designated reliever airport for International Airport, boasting two runways: Runway 2/20 spanning 5,503 feet and Runway 12/20 spanning 3,837 feet. Equipped with a contract air traffic control tower, the airport also offers tie-down and hangar facilities, capable of accommodating 500 general aviation aircraft. Throughout Fiscal Year 2023-24, the airport accommodated a total of 114,294 general aviation and military flight operations.

The County holds a lease for Executive Airport from the City under a 25-year agreement. Notably, this lease contains an “evergreen” clause, which automatically extends the initial 25-year term by an additional year each year, subject to either party having the discretion to terminate this extension.

Franklin Field. Franklin Field is a general aviation airport featuring two runways: Runway 9/27, measuring 3,031 feet, and Runway 18/36, spanning 3,123 feet. The airport leases land to tenants for portable hangar facilities. As of June 30, 2023, Franklin Field accommodated 21 based general aviation aircraft.

Airport Security

Acts of terrorism or fear thereof, including elevated national threat levels, as well as wars or other military conflicts, have the potential to dampen air travel demand, especially on international routes, leading to decreases in passenger numbers and increases in operational costs. The events of September 11, 2001, and subsequent terrorist activities, threats, and attempted attacks have significantly affected and continue to influence air travel. Concerns regarding flight safety and the inconveniences associated with intensified security screening measures may prompt individuals to avoid air travel altogether or opt for alternative surface transportation methods. However, historical data suggests that these impacts are typically temporary, with air travel demand eventually rebounding.

Enhanced security measures implemented at airports since the events of September 11, 2001, and any future measures may result in higher operating expenses. The Aviation and Transportation Security Act mandated improvements in airport perimeter access security, enhanced screening procedures for passengers, baggage, cargo, mail, employees, and vendors, as well as enhanced training and qualifications for security personnel and rigorous background checks. The County has, at times, incurred significant expenditures to comply with security-related mandates while endeavoring to mitigate their impact on the airport’s customers, such as investments in automated security screening for international travelers. The County cannot predict the nature of future security requirements or their potential ramifications for customers and business operations.

Certain Federal and State Laws and Regulations

The operation of the Airport System is subject to various local, state, and federal regulations. The following is an overview of certain regulatory requirements.

CEQA/NEPA. All Airport System development is subject to the requirements for environmental studies and appropriate clearances under the California Environmental Quality Act (“CEQA”) and, if federal funding or other actions are involved, the National Environmental Policy Act (“NEPA”). The FAA serves as the lead agency for NEPA review of airport development projects.

Airport Noise and Capacity Act of 1990 (“ANCA”). Enacted in 1990, ANCA mandated the phase-out of Stage 2 aircraft by December 31, 1999, and limited the regulatory discretion of airport operators regarding new aircraft operational restrictions for noise. The FAA implemented ANCA regulations under Part 161 of the Federal Aviation Regulations (Part 161), requiring airport operators to conduct economic cost-benefit studies and environmental analyses before enacting restrictions on Stage 2 or Stage 3 aircraft operations. Approval from the FAA is necessary for implementing restrictions on Stage 3 aircraft operations. The Airport System is compliant with these regulations.

California Noise Standards. The Airport System operates pursuant to the California Noise Standards (CCR Title 21, Division 2.5., Subchapter 6), which define a Noise Impact Area based on a 65 decibel (dB) Community Noise Equivalent Level contour. Within this area, land use must be compatible with the California Noise Standards, or obtain variances from the California Department of Transportation, Division of Aeronautics. None of the airports in the Airport System is designated as a noise problem airport.

Land Use Compatibility Measures. Since the late 1960s, the County has undertaken a series of land use compatibility measures to mitigate aircraft noise effects on neighboring communities and establish airport approach zones. Measures include land acquisition, navigation easements, and use of planning and building code measures to enhance compatibility with airport operations. Additionally, a Wildlife Hazard Management Plan (WHMP) has been in place since 1992 to mitigate wildlife hazards on and near International Airport. The WHMP has been amended several times, most recently in March 2007.

Clean Water Act. The Department complies with the Federal Clean Water Act and Environmental Protection Agency regulations by obtaining a non-point source discharge permit. A Storm Water Pollution Prevention Plan, covering all the Airport System’s facilities, was filed in 1992 with the California Water Quality Control Board, updating the Storm Water Pollution Prevention Plan annually to maintain compliance with regulatory requirements.

Safety Management Systems

The Department began developing a Safety Management System (“SMS”) in the fall of 2017 using the FAA’s SMS Supplemental Notice of Proposed Rulemaking as a guide. The SMS is a formalized method for managing safety with a focus on proactive risk mitigation. International Airport implemented its first SMS manual in March 2019, four years before the final FAA SMS Rule was published. Since 2017, the Department’s SMS Section has overseen five SMS manual revisions, facilitated ten formal risk assessments, implemented a confidential hazard reporting portal in 2020 (receiving approximately 87 reports per year), and organized five SMS assurance audits.

Due to its proactive adoption of SMS, International Airport became the first airport in the U.S. to receive approval for its SMS Implementation Plan when the FAA SMS rulemaking became effective on April 24, 2023. Following this approval, International Airport was also the first airport in the U.S. to submit an SMS manual to the FAA for acceptance. The Department has since become a Subject Matter Expert, participating in numerous ACI-NA SMS Panels, and serving as an information resource for 28 U.S. commercial service airports seeking assistance in developing their Airport SMS programs.

Cybersecurity

The Department mandates and has implemented stringent protocols for the secure processing and storage of sensitive information pertaining to the Airport System’s customers, employees, business partners, and

other stakeholders. Like all entities with an online presence, the County, including the Department, face daily digital attacks. To keep pace with the constantly changing threat landscape, the Department of Technology has made substantial investments in cybersecurity measures.

Given the diverse array of secure data traffic, including personal credit card information, criminal justice data, Health Insurance Portability and Accountability Act (“HIPPA”)-protected data, and welfare information, the County’s network adheres to heightened security standards. Regular testing ensures compliance with these elevated cybersecurity requirements.

The costs associated with preparing and defending against security threats are significant. Any major security incident could expose the County to litigation, heightened regulatory scrutiny, and potential damages, fines, or sanctions.

In response to these ongoing threats, the County employs strategic initiatives to fortify its digital environment. The County Department of Technology aligns its cybersecurity risk mitigation with the National Institute of Science and Technology framework. This involves updating and upgrading software, developing comprehensive system recovery plans, proactively monitoring for network intrusions, and multi-factor authentication methods.

Despite these proactive measures, the constantly changing nature of cyber threats means that the County may not be able to prevent all data security breaches or instances of data misuse. Refer to “INVESTMENT CONSIDERATIONS – Cybersecurity” for further insights.

Airport Growth

International Airport is no longer focused on the pandemic-related traffic decline and subsequent recovery but has instead been experiencing sustained growth. Enplaned passengers for Fiscal Year 2022-23 totaled an estimated 6.4 million, a then-current high. Enplaned passenger traffic in Fiscal Year 2023-24 reached a new all-time high of 6.6 million, an increase of 2.4% over the prior year, and 4.7% over the pre-pandemic Fiscal Year 2018-2019 high. Current estimates for Fiscal Year 2024-25 show an additional 4.6% increase of enplaned passengers compared to Fiscal Year 2023-24.

Increased Air Service

International Airport had its best year in 2024, setting records for the number of destinations, available seats, and total departures. This growth has continued into 2025 and is expected to persist. These increases at International Airport stand in stark contrast to trends at other Northern California airports, with the exception of San Francisco International. While aircraft manufacturers continue to face delivery delays affecting all carriers, these setbacks do not appear to have impacted International Airport.

Evidence of International Airport's resilience is evident in its growing flight operations and expanded service routes. In the 12-month period from July 2024 to June 2025, airlines serving International Airport will have added an average of 377 flights per month—an 8% increase compared to the previous year. Seat capacity also rose by 58,334 seats per month, reflecting an 8.6% increase. New destinations include Baltimore, Detroit, Eugene, Kona, Lihue, Puerto Vallarta, and Tucson, with upcoming service to Anchorage, Alaska, and Morelia, Mexico.

AIRPORT ACTIVITY AND SCHEDULED AIRLINES

As of March 1, 2025, International Airport was served by 15 scheduled passenger airlines, comprising five mainline carriers, three regional carriers, two low-cost carriers, two ultra low-cost carriers, and three foreign flag carriers. By August 2025, these airlines will have collectively offered over 190 daily flights to more than 52 nonstop destinations. Additionally, the airport benefits from the services of three scheduled all-cargo carriers.

International Airport primarily serves origin-destination passengers, with only approximately 5.1 of passengers connecting through the airport. Of the total passenger traffic, 31% travel within California, while the remaining 69% fly to other U.S. destinations and international locations. However, the percentage of connecting passengers is expected to grow, as Southwest Airlines implements structured connectivity supported by two banked flight schedules.

Table 2 outlines the air carriers serving International Airport and Mather Airport as of March 1, 2025, and Table 3 outlines daily flights offered by the air carriers.

* Flights are seasonal

Airline Service

The activity at International Airport is influenced by various factors, including passenger volume, economic conditions within the airline industry, available seating capacity of carriers, national and local economic conditions, and the overall cost of air travel.

Following the economic downturn that led to a reduction in enplaned passenger volumes from Fiscal Year 2009-10 through Fiscal Year 2013-14, International Airport experienced a rebound in Fiscal Year 2014-15, marked by a 5.8% increase in total enplaned passengers. This recovery was attributed to improved economic conditions and expanded air service by several airlines. Notably, additions included Aeroméxico introducing nonstop service to Mexico City, Delta Air Lines initiating service to Seattle-Tacoma, and JetBlue Airways commencing seasonal service to Boston.

In Fiscal Year 2015-16, total enplaned passengers rose by 6.1%, driven by Southwest Airlines launching nonstop service to Boise and American Airlines reinstating nonstop service to Chicago/O'Hare after a 12-year absence.

The positive trend continued into Fiscal Year 2016-17, with a 5.2% increase in total enplaned passengers. Southwest Airlines expanded its offerings with daily nonstop service to Baltimore and Salt Lake City, providing competition to a route previously exclusively served by Delta. Alaska Airlines introduced thrice-daily nonstop service to San Diego, providing competition to a former monopoly route for Southwest. Additionally, United Airlines launched daily nonstop service to Newark, Alaska Airlines initiated seasonal weekly nonstop service to Los Cabos, and Delta Air Lines added a third daily nonstop flight to Atlanta.

In Fiscal Year 2017-18, total enplaned passengers surged by 10.8%, accompanied by a 9.8% increase in nonstop seat capacity. Notable additions included Southwest Airlines' new nonstop weekly service to Los Cabos, New Orleans, and daily service to Austin, St. Louis, and Orlando. Along with Air Canada's daily nonstop service to Vancouver, following a 10-year absence from the market.

The positive momentum continued into Fiscal Year 2018-19, with a 9.3% increase in total enplaned passengers and a 9.5% rise in nonstop seat capacity. Significant developments included Frontier Airlines re-launching nonstop service to Denver and Las Vegas, Volaris launching twice-weekly nonstop service to Leon/Bajío, Alaska Airlines initiating thrice-weekly nonstop service to Kona, and Hawaiian Airlines adding a second daily nonstop flight with new service to Maui. Furthermore, Contour Airlines commenced nonstop service to Santa Barbara, Boutique Air launched essential air service to Merced, and Sun Country introduced ultra low-cost carrier seasonal service to Minneapolis-St. Paul. Delta Airlines also reinstated daily nonstop service to Detroit, while Spirit Airlines launched thrice-daily ultra low-cost carrier service to Las Vegas.

Prior to the COVID-19 pandemic, the first eight months of Fiscal Year 2019-20 reflected an 8.4% increase in nonstop seat capacity at International Airport compared to the prior Fiscal Year. Beginning in March 2020, passenger traffic declined significantly because of the pandemic and associated lockdowns. Beginning in May 2020, passenger traffic began a steady recovery, reaching and surpassing pre-pandemic levels by Fiscal Year 2022-23.

Table 4 presents historical enplaned passenger data for Fiscal Year 2015-16 through Fiscal Year 2024-25. After recovering from COVID-19 pandemic's impact on passenger numbers in Fiscal Year 2021-22, International Airport reached a new all-time high of 6.6 million enplaned passengers in Fiscal Year 2023-24, and estimates that a new all-time of 6.9 million passengers for Fiscal Year 2024-25.

TABLE 4
Historical Enplaned Passengers
International Airport
Fiscal Years Ended June 30

Fiscal Year	Domestic	International	Total	Percent Change From Prior Year
2016	4,846,744	96,441	4,943,185	6.8%
2017	5,078,528	119,656	5,198,184	5.2
2018	5,644,152	117,434	5,761,586	10.8
2019	6,144,753	153,694	6,298,447	9.3
2020	4,813,806	127,028	4,940,934	(21.6)

Source: County of Sacramento, Department of Airports

*Estimated

Airlines significantly reduced flights at International Airport in the last quarter of Fiscal Year 2019-20 due to the COVID-19 pandemic. However, beginning in Fiscal Year 2021-22, with the recovery of flight schedules, the introduction of new destinations, and the deployment of larger aircraft, seat capacity at International Airport accelerated its recovery. International Airport not only recovered post-pandemic but also saw continuous growth in seat capacity each fiscal year since Fiscal Year 2020-21, reaching record levels in Fiscal Years 2022-23 and 2023-24. Fiscal Year 2024-25 is estimated by the County to be a new record year for International Airport.

TABLE 5
Available Departing Seats
International Airport
Fiscal Years Ended June 30

Fiscal Year	Domestic	International	Total	Percent Change From Prior Year
2016	5,936,601	116,084	6,052,685	4.3%
2017	6,291,530	138,790	6,430,320	6.2
2018	6,954,531	144,582	7,099,113	10.4

Boeing Manufacturing Issues

On March 13, 2019, the FAA ordered the grounding of the Boeing 737 MAX aircraft following the crashes of two commercial jetliners. The grounding lasted 20 months. Since then, additional issues with Boeing aircraft have led to production slowdowns and delays in aircraft deliveries to airlines. Airbus has also experienced production delays, primarily due to supply chain disruptions and engine manufacturer challenges. These delays have led to service reductions at some airports. These issues are expected to be resolved by 2026.

AIRPORT COST CENTERS

The Department maintains a cost-center structure for the Airport System, comprising 15 direct, revenue-generating cost centers, and two indirect cost centers allocated to the direct cost centers. Expenditures and revenues of the Airport System are categorized into cost centers based on functional activities of the Airport System, facilitating the accounting for revenues, operating expenses, and debt service. Rates and charges for Signatory Airlines are primarily determined by formulas utilizing the Airfield and Terminal cost centers for International Airport. These formulas aim to recover the costs associated with developing, operating, and maintaining the essential facilities within each respective cost center.

The cost centers described in this section are those that are taken into account for purposes of the Airline Agreement (defined below).

Airline Cost Centers		Airport Cost Centers
Airfield	Terminal	Parking
Runways/Taxiways	Terminal Buildings	Rental Cars
Aprons	Loading Bridges	Ground Transportation
Reliever Airports (MHR, SAC)	Airline Systems & Equipment	Cargo Facilities
		Other Buildings & Areas
		Franklin Field
		Parking
		Rental Cars
		Ground Transportation
Indirect Cost Centers		
Roadways		
Administration		

Effective July 1, 2017, the County and Signatory Airlines entered into the Scheduled Airline Operating Agreement and Terminal Building Lease (the “Airline Agreement”). This agreement initially had a five-year term with an automatic extension to June 30, 2027, which was exercised unanimously by the airlines (well above the 75% required to do so).

The Airline Agreement includes airlines representing 99% of enplaned passengers for the Fiscal Year 2023-24, such as Alaska Airlines, American Airlines, Delta Air Lines, Hawaiian Airlines, JetBlue Airways, Southwest Airlines, Spirit Airlines, United Airlines, Air Canada, and Volaris. Additionally, all-cargo airlines, Federal Express and United Parcel Service have executed the Airline Agreement.

Under the Airline Agreement, Signatory Airlines pay rental fees and charges based on a hybrid rate-setting methodology for the Airline cost centers. This methodology ensures the recovery of costs associated with developing, operating, and maintaining essential facilities.

Airfield Cost Center. Landing fees are calculated based on a residual rate-setting methodology, and Signatory Airlines are responsible for all associated claims, obligations, and indebtedness.

Terminal Cost Center. Terminal rental rates are established through a compensatory rate-setting methodology. Under this method, Signatory Airline rates and charges are determined by the County based on the percentage of costs corresponding to the airlines’ facility usage, without considering nonairline revenues.

Airport Cost Centers are funded in their entirety by nonairline revenue of the Airport System. Indirect cost centers are allocated between the airlines and the Airport System in proportion to the overall split of operating costs between the Direct Cost Centers.

Key provisions of the Airline Agreement include:

Rolling Debt Service Coverage. Also called “funded coverage,” this provision offsets the current year’s debt service coverage requirement for Airline cost centers with the prior year’s coverage.

Majority In Interest (“MII”). Capital Expenditures relating to the Airline cost centers with a net project cost exceeding \$10 million require MII review. The County must notify Signatory Airlines of proposed expenditures. If an MII opposes a project, the County must defer it for up to two years. MII is defined as follows: (1) at least 75% of Signatory Airlines, including Affiliates, who collectively accounted for at least 75% of the Signatory Airlines’ total Maximum Gross Landing Weight, or (2) 75% of the Signatory Airlines’, including Affiliates, enplaned passenger counts, during the immediately preceding Fiscal Year.

Non-Signatory Airlines. Airlines not signing the Airline Agreement are assigned space on a month-to-month basis, pay a premium on rentals and fees, and have no right to vote on capital projects.

Revenue Sharing. Signatory Airlines receive 40% of net remaining revenues, which is equal to total revenues less operating and maintenance expenditures and requirements, and debt service. The availability of Revenue Sharing is based on the County’s ability to satisfy its obligations and meet all requirements of the Indenture in each fiscal year. Revenue Sharing is allocated based on enplaned passengers. For purposes of the calculation of net revenue and any resultant revenue share, parking revenue is considered the revenue of first use in all operating and debt service expenses not located in an airline cost center, and for the International Airport share of those expenses in a shared (Indirect) cost center; to the extent parking revenue has not been exhausted after all applicable expenses are paid, a credit to the landing fee is provided. As a result, there is no portion of a revenue share that is made up of parking revenue.

Extraordinary Coverage Protection. In exchange for the Revenue Sharing provision, the Airline Agreement provides the Signatory Airlines to make payments through rates for rentals, fees, and charges, ensuring sufficient net revenues each fiscal year to comply with the minimum rate covenant requirement in the Indenture. The County refunds these payments when uncommitted funds become available.

Year-end Settlement. At the end of each fiscal year, rates and charges are recalculated based on audited financial data, with any overpayment refunded or any shortage invoiced to Signatory Airlines.

Airline Cost per Enplaned Passenger

The cost to passenger airlines operating at International Airport, which includes landing fees, terminal rents, and other use charges, is divided by the number of enplaned passengers to compute the cost per enplaned passenger (“CPE”). CPE increased when debt service costs related to the construction of the new Terminal B and associated improvements were added to the airline rate base beginning in Fiscal Year 2011-12.

Table 8
Historical Airline Cost per Enplaned Passenger
International Airport
Fiscal Years Ended June 30

Fiscal Year	Passenger Airline Cost	Enplaned Passengers	Cost per Enplaned Passenger
2016	\$76,356,859	4,943,185	\$15.45
2017	79,888,868	5,198,184	15.37
2018	66,891,226	5,761,586	11.61
2019	67,326,763	6,298,447	10.69
2010	86,442,125	4,940,934	17.50
2021	73,442,924	3,210,170	22.88
2022	76,323,608	5,793,581	13.17
2023	82,686,352	6,443,254	12.83
2024	97,103,957	6,597,156	14.72
2025*	127,816,617	6,903,322	18.52

OTHER BUSINESS AND OPERATING AGREEMENTS

The following are descriptions of significant contracts with Signatory Airlines and other airport tenants and concessionaires.

Rental Car Concessions

On-Airport Rental Cars. On October 1, 2014, the County entered into the On-airport Rental Car Concession and Lease Agreements with Avis Budget Car Rental, LLC (Avis and Budget Brands), Enterprise Holdings, Inc. (Alamo, Enterprise, and National Brands), and the Hertz Corporation (Dollar, Hertz, and Thrifty Brands). These agreements provide these rental car companies with the nonexclusive right to operate a vehicle rental concession at International Airport. The rental car companies operate from a consolidated rental car building, accessible by shuttle bus from the terminal buildings. As part of the agreements, the companies pay the County the greater of a minimum annual guarantee or a percentage of gross sales. These agreements are set to expire in 2029.

Terminal Concessions and Leases

Food and Beverage Concessions. The County holds Food and Beverage Concession Agreements with Bambuza SMF Ventures LLC, CAVU Experiences (AMER), LLC (DBA Escape Lounges), Enjoy Midtown SMF Repeat LLC, Famiglia-Debartolo, LLC, High Flying Foods SMF, LLC, Host International, Inc., Rylo Management SMF LLC, SSP America, Inc, Taste, Inc (dba Vino Volo), and WCS SMF LLC for the operation of food and beverage concessions within International Airport concourses and terminals. These agreements require concessionaires to pay the County the greater of a minimum annual guarantee or a percentage of gross sales from sit-down dining restaurants, quick-serve restaurants, and coffee shops.

As part of the 2023 Request for Proposals process to revitalize International Airport's food and beverage offerings, agreements with Bambuza SMF Ventures LLC, Enjoy Midtown SMF Repeat LLC, High Flying Foods SMF, LLC, Host International, Inc., Rylo Management SMF LLC, and WCS SMF LLC were awarded. Construction of these new concession concepts has begun, with the first locations expected to open in summer 2025. In the meantime, 16 existing food and beverage units continue to operate on a month-to-month basis while new units are phased in to enhance the airport's culinary landscape.

Retail Concessions. On March 29, 2018, the County issued a Retail, Kiosk and Specialty Coffee Request for Proposals for packaged concession locations in Terminals A and B at International Airport. The Board approved agreements with Marshall Retail Group in Terminal A and Paradies Lagardere @ SMF in Terminal B on September 11, 2018. Retail Concessionaires pay the greater of a minimum annual guarantee or a percentage of gross sales from convenience stores, specialty retail and retail kiosks.

Transportation Network Companies (“TNCs”). The County entered contracts with Uber Technologies, Lyft, Inc. and Wingz, establishing a cost-recovery based per-trip fee for pickups and drop-offs at International Airport. Uber and Wingz’s agreements are effective through December 31, 2025, while Lyft’s agreement extends through June 30, 2027. Under these contracts, a graduated fee system is implemented, starting at \$2.50 for each pickup or drop-off involving vehicles that accommodate up to 5 passengers. This fee increases incrementally, reaching \$7.25 per trip for vehicles designed to transport more than 24 passengers.

In addition, the County holds a peer-to-peer car share permit with Turo. The permit is valid through June 30, 2026, and requires payment of 10% of gross revenue. This agreement supports flexible, traveler-focused transportation options at International Airport.

Fixed Base Operations

Fixed-base facilities at International Airport, Mather Airport and Executive Airport each are managed by a single fixed base operator (“FBO”) owned by Modern Aviation. Three separate FBO agreements are in place, one for each airport. Modern Aviation operates out of existing facilities at Executive Airport and developed the current facilities at International Airport, which include a large aircraft hangar and adjoining offices. Additionally, Modern Aviation developed new FBO facilities at Mather Airport, consisting of two large aircraft hangars and four smaller corporate hangars.

SMFORWARD

Due to significant sustained passenger growth at International Airport, the Department plans to invest in significant capital improvements at multiple facilities at International Airport. These improvements, outlined in the Master Plan document approved by the Board on February 16, 2022, will result in increased parking capacity, a new Consolidated Rental Car Facility, new and widened roadways, a Ground Transportation Center, a Pedestrian Walkway connecting Terminal B to Concourse B, and additional concourse gates. The total cost of these capital upgrades, collectively referred to as “SMForward,” is estimated to be approximately \$1.4 billion.

The 2025 Project. The 2025 Project consists of the following elements of SMForward:

Concourse B Expansion and Terminal B Improvements: Construction of additional gates, baggage handling system improvements, and additional apron space. This project is being delivered using the construction manager at-risk (“CMAR”) delivery method in which the construction manager acts as a consultant during the project design phase, and as the general contractor during the construction phase. This project received unanimous MII approval from the airlines at International Airport in March 2025. The completion date for this project is expected to be December 2028.

Terminal A Baggage Handling System: Improvements to the outbound baggage handling system, including system controls, high speed diverters, vertical sorting units, and high-capacity diverters. This project will be delivered utilizing the CMAR project delivery method. This project received unanimous Majority-In-Interest (“MII”) approval from the airlines at International Airport pursuant to the requirements of the Airline Agreement in March 2025. The completion date for this project is expected to be June 2027.

The 2024 Project. The County previously issued its Series 2024 Senior Bonds and the Series 2025 Senior TIFIA Bond to finance various other elements of SMForward (such projects financed with the Series 2024 Senior

Bonds and the Series 2025 Senior TIFIA Bond constituting the “2024 Project”). The 2024 Project consists of the following elements of SMForward:

Pedestrian Walkway: Construction of an elevated Pedestrian Walkway between the existing Terminal B and Concourse B. This walkway will run approximately parallel to the existing Automated People Mover Guideway and includes a vertical circulation hub component to facilitate the 30-foot elevation change required to move from one facility to another. This project is being delivered using the CMAR delivery method. The contract for this project was awarded in Spring of 2024, construction began in July 2024, and final delivery is scheduled for May 2026. In January 2023, this project received unanimous MII approval. The currently estimated cost of the Pedestrian Walkway is \$140.0 million.

Terminal B Parking Garage: Construction of a new parking garage on the west side of Terminal B to provide an additional 5,500 parking spaces. This project is being delivered using the design-build project delivery method, with the design-build contract awarded in the summer of 2024. Construction began in October 2024 with the facility scheduled to open in October 2026. This project does not require MII approval. The currently estimated cost of the Terminal B Parking Garage is \$390.0 million.

Terminal A Exit Roadway: Construction of a new exit roadway to allow for better traffic flow and to facilitate traffic pattern changes required for subsequent projects. This project will be delivered using the traditional design-bid-build delivery method. This project does not require MII approval. This project will require operational mitigations during the period of construction, which will include alterations to delivery procedures to Concourse B as well as periodic employee access interruptions to some buildings along the existing roadway. None of these operational impacts are expected to adversely affect passenger processing or capacity. The currently expected cost of the Terminal A Exit Roadway is \$15.0 million. The Terminal A Exit Roadway is expected to open in May 2026

Other elements of SMForward. Elements of SMForward in addition to the 2025 and 2024 Projects consist of the following:

Ground Transportation Center: Construction of a new transportation hub to allow for a more efficient ground transportation system. This project will be delivered utilizing the traditional design-bid-build delivery method. This project does not require MII approval. (While implementation of the Ground Transportation Center is included in the financial projections in the Report of the Airport Consultant, the County is reevaluating such implementation.)

Consolidated Rental Car Facility (“ConRAC”): Construction of a new rental car facility that is walkable to both terminals, providing a more streamlined, convenient, and up-to-date experience. The project delivery method for this project is yet to be defined. The Department intends to finance the ConRAC project in its entirety with Customer Facility Charge revenues, without recourse to Net Revenues. This project does not require MII approval.

The Sacramento County Community Workforce and Training Agreement: On September 12, 2023, the Board authorized the Director of Airports to develop a community workforce and training agreement (“CWTA”) for six of the seven (excluding the Pedestrian Walkway) SMForward projects described above. Authorized under California Public Contract Code section 2500 et seq., a CWTA is a type of pre-hire, multi-craft collective bargaining agreement between project owners, prime contractors, and construction unions that not only establishes conditions of employment for identified construction projects but also includes community-oriented commitments regarding local hire, workforce development, and apprenticeship training and support. The County executed its first ever CWTA with the Sacramento-Sierra’s Building and Construction Trades Council and local unions on March 27, 2024 following six months of negotiations. The CWTA binds all contractors and subcontractors that will perform work for the Terminal B Parking Garage, Terminal A Exit Roadway, Concourse B Expansion, Terminal A Expansion, Ground Transportation Center, and ConRAC projects. Among other things, the CWTA standardizes work hours, shifts, and holidays among all classes of workers; contains

guarantees against work stoppages, strikes, lockouts and similar disruptions; and establishes local hire and apprenticeship hire goals. It will remain in effect until all work covered by the CWTA on the above SMForward projects is completed.

Sources of Funding for SMForward. See “CAPITAL PROJECTS AND PLANNING - Anticipated Additional Senior Obligations” for a description of the anticipated additional Senior Obligations identified in the Airport Consultant Report. See APPENDIX A – “AIRPORT CONSULTANT REPORT” for a description of the overall sources of funding for the costs of SMForward and the rest of the CIP.

CAPITAL PROJECTS AND PLANNING

General

The County consistently undertakes renovations, improvements, and expansions of its facilities to enhance passenger experience and address the evolving needs of the aviation industry. The CIP includes the elements of SMForward projected to occur through Fiscal Year 2028-29. The total estimated CIP cost through Fiscal Year 2028-29 (including costs of SMForward) is approximately \$1.8 billion. The following table, excerpted from the Report of the Airport Consultant, identifies projected sources of funding for the CIP.

Airport Capital Program Program Costs and Funding Sources (in thousands)

	Total Capital Program	Department Funds	Federal/ State Grants⁽¹⁾	PFC/CFC Revenue⁽²⁾	Series 2024 Bonds	Proposed Series 2025 Bonds⁽³⁾	Future Bonds	TIFIA Loans⁽⁴⁾
SMF Forward	\$1,400,000	\$0	\$74,889	\$439,103	\$468,837	\$331,154	\$50,000	\$36,016
Other SMF Projects	318,984	280,241	38,743	0	0	0	0	0
Other Airports	114,774	75,314	39,460	0	0	0	0	0
Total Capital Program⁽⁵⁾	\$1,833,758	\$355,555	\$153,092	\$439,103	\$468,837	\$331,154	\$50,000	\$36,016

⁽¹⁾ Funding for SMForward Projects comprises Infrastructure Investment and Jobs Act grants. Funding for Other SMF Projects and Other Airports comprises Airport Improvement Program grants and state grants.

⁽²⁾ PFC funding for Pedestrian Walkway and Concourse B Expansion. CFC funding for Consolidated Rental Car Center.

⁽³⁾ Series 2025 Bond proceeds include Series 2025A Senior Bonds (\$252.9 millions) and Series 2025D Subordinate Bonds (\$78.3 million). The County intends to use PFC revenues to pay principal and interest on the Series 2025D Subordinate Bonds.

⁽⁴⁾ TIFIA funding for the Pedestrian Walkway closed January 7, 2025. The County intends to use PFC revenues to pay principal and interest on the 2025 TIFIA Loan.

⁽⁵⁾ Total Capital Program included in the financial analysis for the 2025 Letter.

Totals may not sum due to rounding.

SOURCE: Sacramento County Department of Airports, July 2025.

The CIP is structured as a multi-year endeavor, with multiple phases and schedules for each development, carefully coordinated with the airlines and other stakeholders to maintain operational efficiency during construction. Funding for the CIP (other than SMForward projects) is anticipated to include federal grants, surplus revenue, PFCs and CFCs. The key components and funding sources of the CIP are outlined in the Airport Consultant Report.

Significant elements of the CIP (other than SMForward) are described below.

Airfield Maintenance Facility Construction: This is a multi-year project beginning with preliminary analysis and conceptual design to construct a new Airfield Maintenance facility in the north airfield area of International Airport. Airfield equipment and staffing needs have grown requiring an updated facility to house the Airfield Maintenance section.

Elkhorn Boulevard Extension: International Airport is experiencing major growth in the air cargo market which is further enabled by the proximity to logistics centers and warehouses immediately off Airport property. As a result, there has been an increase in freight vehicle traffic on airport roadways. This multi-year project facilitates intermodal freight transfer, reduces I-5 congestion, and supports future economic development in the project area.

Rehabilitate South Portion of Taxiway A and Connecting Taxiways to Runway 17R/35L: This project constructs temporary repairs followed by a larger effort to strengthen and overlay the southern portion of Taxiway A and the connecting taxiways to Runway 17R. This project will strengthen and improve the taxiway and reduce future maintenance costs. This project will be partially funded with AIP funds.

Executive Airport New Connector Taxiway at Runway 20 Threshold: This project will remove the inline at the Runway 20 threshold and build a new perpendicular connecting taxiway to comply with FAA requirements regarding airfield geometry. This project will be partially funded with AIP funds.

Rehabilitate Asphalt/Concrete Section for Runway 4R/22L: Mather Airport continues to be transformed from a former military base to a modern general aviation airport. This multi-year project includes design and construction phases to rehabilitate the asphalt and concrete sections of Runway 4R/22L to comply with FAA Advisory Circular 150/5300-13A Airport Design. This project will be partially funded with AIP funds.

Funding Sources for Airport System Capital Projects

Funding sources for the CIP include the proceeds of Senior and Subordinate Obligations (including the Series 2025A Senior Bonds, the Series 2025D Subordinate Bonds, the Series 2024 Senior Bonds and the Series 2025 Senior TIFIA Bond), PFCs, CFCs and grants. Certain sources of funding are described below.

Transportation Infrastructure Finance and Innovation Act (“TIFIA”) Loan. The Transportation Infrastructure Finance and Innovation Act (“TIFIA”) program provides credit assistance for qualified projects of regional and national significance. Many large-scale, surface transportation projects - highway, transit, railroad, intermodal freight, and port access - are eligible for assistance. Eligible applicants include state and local governments, transit agencies, railroad companies, special authorities, special districts, and private entities. As a part of the Infrastructure Investment and Jobs Act, signed into law by President Biden in November 2021 (also known as the “Bipartisan Infrastructure Bill”) (“BIL”), TIFIA eligibility was expanded to airport projects under the same eligibility requirements as those of the Passenger Facility Charge. TIFIA loans are low-interest and can be used to finance up to 33% (or in some cases, 49%) of eligible project costs. The interest rate on TIFIA loans is set based on the 30-year Treasury rate at the time of the closing of each loan.

The Projected Operating Results in the Airport Consultant Report reflect that the County has obtained the 2025 TIFIA Loan (constituting a Senior Obligation) and issued the Series 2025 Senior TIFIA Bond to finance a portion of the costs of the 2024 Project. See “INTRODUCTION – Existing Obligations” for a description of the Series 2025 Senior TIFIA Bond.

Grants Under the Bipartisan Infrastructure Law. Among other funding, BIL provides \$25 billion for airport infrastructure, with the funding administered by the FAA. The funding falls into three primary categories: \$15 billion for airport infrastructure projects that increase safety and expand capacity; \$5 billion for airport terminal projects to replace aging terminals; and \$5 billion for airport traffic facilities. Following is a description of certain elements of BIL.

Airport Infrastructure Grants (“AIG”): BIL provides \$15 billion in airport infrastructure funding (or nearly \$3 billion annually from 2022-26). The money can be invested in runways, taxiways, safety and sustainability projects, as well as terminal, airport-transit connections and roadway projects. AIG grants are allocated by formula to every eligible airport each year.

Airport Terminal Program (“ATP”) Grants: Through BIL, a total of \$5 billion has been allocated (\$1 billion annually from 2022-26) to provide competitive grants for airport terminal development projects that address the aging infrastructure of the nation’s airports. These grants will fund safe, sustainable and accessible airport terminals, on-airport rail access projects and airport-owned airport traffic control towers. Projects may also include multimodal development.

Air Traffic Facilities Funding: BIL provides a total of \$5 billion in funding (\$1 billion per year over five years) to upgrade the foundation of the FAA’s air traffic control. Sacramento International has been awarded a new Air Traffic Control Tower under this program, which will replace the original 1967 tower with a newer facility, in a more advantageous location in the north airfield.

See the Airport Consultant Report for a description of the specific amounts projected to be available to the Airport System for the CIP (including SMForward) under BIL.

Anticipated Additional Senior Obligations

The following table shows the amount and timing of additional Senior Obligations (as shown in Table 12 in the in the 2025 Letter) which the County currently anticipates to issue and that were assumed to be issued in the preparation of the Projected Operating Results. (The table does not include obligations expected to be issued to pay the costs of the Consolidated Rental Car Center and secured by CFCs.)

Projected Future Debt Issuances

<u>Senior Obligations</u>	<u>Issuance Year</u>	<u>Par Amount (millions)</u>
Series 2027 Bonds	2027	\$54.6

There can be no assurances that additional issuances of Senior Obligations or Subordinate Obligations will not be required to pay costs of SMForward or other elements of the CIP. See “INVESTMENT CONSIDERATIONS – Uncertainties of Projections and Assumptions” and “- Risks Related to Implementation of SMForward and the CIP.”

FINANCIAL AND RELATED INFORMATION

General

The Airport System’s operating revenues primarily stem from airline terminal rentals and landing fees, concession revenues, and parking revenues. Each fiscal year, the Department establishes terminal rental rates and landing fees based on the Airport System’s estimated revenues and expenses outlined in the Airline Agreement. According to this agreement, if there is an over-collection (where airline receipts surpass the Airport System’s net cost), the Department must refund the excess to the airlines. Similarly, if there is an under-collection, the airlines are invoiced for the deficit and are obligated to pay it. Settlement of over- or under-collection typically occurs before December 31.

Revenues, Expenses and Changes in Net Position

The table below shows Revenues, Expenses and Changes in Net Position for Fiscal Year 2020-21 through Fiscal Year 2024-25. Fiscal Year 2024-25 amounts are estimated and subject to adjustment. The financial information presented includes airline revenues set by rates established by the Airline Agreement.

TABLE 10
Sacramento County Airport System
Statement of Revenues, Expenses and Changes in Net Position
Fiscal Years 2020-21 through 2024-25

	Fiscal Year 2020-21	Fiscal Year 2021-22	Fiscal Year 2022-23	Fiscal Year 2023-24	Estimated Fiscal Year 2024-25
Operating revenue:					
Concessions	\$56,012,009	\$93,641,280	\$106,392,621	\$108,109,309	\$120,997,532
Building rents	57,906,467	64,390,549	71,732,556	79,825,987	93,046,005
Airfield charges	31,005,490	31,170,310	31,555,006	39,260,032	42,422,545
Ground leases	4,209,371	10,692,383	9,834,059	9,974,543	10,286,722
Sale of fuel	544,327	464,859	922,763	1,094,736	1,020,576
Airport services	403,387	919,883	427,692	680,886	703,358
Other	24,029	14,553	3,633	6,409	1,663
Total operating revenue	\$150,105,080	\$201,293,817	\$220,868,330	238,951,902	\$268,478,401
Operating expense:					
Salaries and benefits	\$44,608,558	\$35,393,935	\$39,869,392	\$47,439,430	\$50,810,717
Services and supplies ⁽¹⁾	71,175,541	85,264,445	102,617,535	113,637,280	136,578,947

Net nonoperating revenue (expense)	\$4,451,992	\$45,419,623	\$24,889,269	\$38,099,943	\$33,951,900
Income (loss) before capital contributions and transfers	(\$16,923,538)	\$69,058,614	\$44,884,961	\$56,629,708	\$53,937,973
Capital contributions	\$5,668,571	\$7,552,491	\$16,343,566	\$12,077,993	18,938,156
Transfers Out	(2,814,183)	(2,902,410)	(2,952,604)	(2,928,828)	(3,000,000)
CHANGES IN NET POSITION	(\$14,069,150)	\$73,708,695	\$58,275,923	\$66,228,163	\$69,876,129

⁽¹⁾ Services and supplies increased in fiscal year 2023-24 due to \$3.35 million increase in building maintenance services.

⁽²⁾ Includes the following amounts from federal COVID-related funding: Fiscal Year 2020-21 - \$27.7 million; Fiscal Year 2021-22 - \$37.6 million; Fiscal Year 2022-23 - \$6.8 million; and Fiscal Year 2023-24 - \$5.5 million.

Source: County of Sacramento, Department of Airports.

Operating Revenues

As shown in Table 10, for financial reporting purposes, the County classifies revenue from concessions, building rents, airfield charges, ground leases, fuel sales, airport services and other sources as Operating Revenues. Table 11 below presents Operating Revenues categorized by type of revenue per the Airline Agreement and distinguishes between Airline and Nonairline revenues. In Fiscal Year 2023-24, Airline Revenues are estimated to have constituted approximately 42.7% of total operating revenues, while Nonairline Revenues, including parking, rental car, terminal concessions revenues, and other nonairline revenues, are estimated to have constituted approximately 57.3% of operating revenues. These figures have been adjusted to include the Signatory Airline Settlement and revenue sharing in the current fiscal year.

TABLE 11
Sacramento County Airport System
Airline and Nonairline Revenues
Fiscal Years 2020-21 through 2024-25

	Fiscal Year 2020-21	Fiscal Year 2021-22	Fiscal Year 2022-23	Fiscal Year 2023-24	Estimated Fiscal Year 2024-25
Airline revenue:					
Terminal building rents and fees	\$46,698,567	\$52,804,244	\$58,695,698	\$63,805,854	\$78,849,406
Aircraft parking fees	3,476,740	4,558,768	5,051,747	5,475,727	3,137,343
Loading bridge fees	1,394,900	2,105,216	2,182,908	4,568,096	5,364,138
Landing Fees	30,911,283	31,069,803	31,440,323	39,137,964	46,385,812
Total airline revenue	\$82,481,490	\$90,538,031	\$97,370,676	\$112,987,641	\$133,736,699
Nonairline revenue:					
Parking	\$32,638,657	\$65,445,614	\$73,446,876	\$77,553,149	\$76,533,184
Rental car ⁽¹⁾	14,926,812	19,465,719	20,411,502	20,996,077	20,980,008
Terminal concessions	7,133,429	6,121,937	8,933,265	5,123,019	15,626,655
Building and ground rents	11,365,656	16,987,662	17,174,622	17,731,511	11,304,983
Ground Transportation	1,072,975	2,191,504	3,024,296	3,798,904	3,973,020
Other ⁽²⁾⁽³⁾	20,823,279	51,664,894	23,201,940	26,488,964	3,215,817
Total nonairline revenue	\$87,960,808	\$161,877,330	\$146,192,501	\$151,691,624	\$131,633,667
TOTAL	\$170,442,298	\$252,415,361	\$243,563,177	\$264,679,265	\$265,370,366
Airline revenues	48.4%	35.9%	40.0%	42.7%	50.4%
Nonairline revenues	51.6%	64.1%	60.0%	57.3%	49.6%

⁽¹⁾ Includes auto rental shuttle bus fees.

⁽²⁾ Includes the following amounts from federal COVID-related funding: Fiscal Year 2019-20 - \$34.5 million; Fiscal Year 2020-21 - \$27.7 million; Fiscal Year 2021-22 - \$37.6 million; Fiscal Year 2022-23 - \$6.8 million; and Fiscal Year 2023-24 - \$5.5 million.

⁽³⁾ Includes \$19.3 million from interest income in Fiscal Year 2023-24.

Airline Revenues

Airline revenues are calculated using an airfield residual and terminal compensatory ratemaking methodology. This approach ensures that airlines are billed based on the specific portions of the Airport System's expenses they utilize, including airfield, apron, loading bridges, and terminal building space. Forecasts of airline revenues are formulated in accordance with existing agreements, incorporating considerations such as inflation, historical trends, and forecasts of airline activity.

Terminal building rents and fees. These fees are established using a cost recovery methodology, covering both operating expenses and capital investments in the terminal area. This compensatory rate structure enables the Airport System to allocate terminal costs to the airlines based on the proportionate share of usable space they utilize.

Landing Fees. The expense associated with the airfield area, including runways, taxiways, navigational aids, and other airside infrastructure, are recuperated through the landing fees and fuel flowage fees collected at International Airport. Landing fees are charged to passenger and cargo carriers for each commercial or chartered aircraft landing. In Fiscal Year 2023-24, the landing fee rate was \$4.33 per 1,000 pounds, reflecting an increase due to increased airfield costs. In Fiscal Year 2024-25, the landing fee rate increased to \$4.70 per 1,000 pounds (an 8.55% increase), attributed to a 5.78% decrease in estimated Signatory Landed Weight year-over-year.

Nonairline Revenues

Major sources of nonairline revenues include terminal building concessions, public automobile parking, rental car fees, and other related revenues. Forecasts for nonairline revenues are expected to grow in accordance with existing agreements, inflation adjustments, passenger volume growth, and historical patterns.

Terminal Building Concession Revenues. These revenues originate from sources within the terminal, including food and beverage concessions, merchandise sales, and other terminal amenities. Fiscal Year 2023-24 saw a \$2 million increase in terminal building concession revenues, marking a 17.7% rise compared to the previous year.

Food and Beverage Concessions. Four food and beverage concessionaires operate within the terminal facilities, offering a variety of dining options including restaurants, quick-serve locations, cocktail bars, and travelers' lounges. These concessionaires provide a mix of national, regional, and local brands at multiple locations across both terminals. Agreements with these concessionaires stipulate payments to the County based on percentages of gross sales or a minimum annual guarantee, whichever is greater. In Fiscal Year 2023-24, gross sales from food and beverage outlets amounted to \$54.6 million, up from \$51.4 million the previous year. This growth resulted in a \$504,000 or 7.3% increase in concession revenues for the Airport System.

Merchandise Revenues. The County has engaged five concessionaires to oversee the operation of retail concessions within the terminal buildings. These retail offerings at International Airport include a diverse array of merchandise outlets and nationally recognized brand-name concessionaires, aimed at enhancing passenger options and spending opportunities. Agreements with these retail concessionaires entail payment to the County based on percentages of gross sales or a minimum annual guarantee, whichever is greater. In Fiscal Year 2023-24, gross sales from retail shops totaled approximately \$26.7 million, contributing \$4.3 million in concession revenues to the Airport System. This represents a slight increase from the previous fiscal year, where gross sales amounted to \$26.1 million, resulting in concession revenues of \$4.2 million.

Other Terminal Concession Revenues. Other terminal building concessions revenues totaling approximately \$2.4 million during Fiscal Year 2023-24 include various sources such as advertising, public telephone services, and vending machines.

Public Automobile Parking Revenues. Public automobile parking is the largest source of nonairline revenue for the Airport System, amounting to \$77.6 million in Fiscal Year 2023-24. This figure equates to approximately 41.7% of total operating revenues or roughly 51.1% of nonairline revenues.

LAZ Parking California, LLC ("LAZ") operates the County-owned public parking facilities at International Airport under a parking management agreement executed in April 2016. This agreement is set to expire on March 31, 2026. Under this arrangement, LAZ oversees the maintenance, operation, and the collection of parking fees for the existing facilities. LAZ remits all gross parking revenues to the County and receives

reimbursement for operating expenses along with a management fee. Setting parking rates falls under the responsibility of the County.

On January 1, 2023, the County approved a maximum 5% increase in parking rates at International Airport. This rate adjustment reflected the increase in enplaned passengers and balanced the supply and demand among available parking facilities. Additionally, the rate increase offsets added costs associated with the improved parking, SMForward capital projects and other services provided at International Airport.

Rental Car Revenues. Under the rental car agreements, the County receives revenues in two primary forms: (1) privilege fees equal to the greater of 10% of gross receipts or a minimum annual guarantee, and (2) rentals for counter space, office space, and service facility ground areas. Additionally, the County receives certain cost-recovery fees for the rental car shuttle operation. Rental car revenues totaled approximately \$21 million in Fiscal Year 2023-24, marking a \$585 thousand or 2.9% increase compared to the prior year. Unlike CFC revenues, revenues from these various fees are included in the definition of Revenues under the Indenture and are pledged to the payment of the Senior Obligations and Subordinate Obligations.

Building and Ground Rents. The County collects rents for additional on-airport structures and land leased for aeronautical and aeronautical support purposes, including cargo, general aviation, and aircraft maintenance facilities. These rents often adhere to fair market value calculations at lease inception, with subsequent annual adjustments tied to changes in the Consumer Price Index (“CPI”).

Ground Transportation. The County collects commercial ground transportation fees from taxicabs, limousines, shuttles, and TNCs. In Fiscal Year 2023-24, these fees totaled to approximately \$3.8 million, averaging \$0.58 per enplaned passenger, and are anticipated to increase in line with inflation and enplaned passengers.

In recent years, transactions by TNCs such as Uber and Lyft have seen continuous growth at International Airport. In May 2017, the County countered a minor revenue loss from hourly parking customers by gradually increasing rates for TNCs. Effective July 1, 2017, TNCs began paying \$2.00 per pick-up and drop-off, up from \$1.25, and \$2.50 effective July 1, 2018, for Type I vehicles with up to six passengers. Rates go up by vehicle size, capping at \$7.25 per trip for vehicles larger than 24 passengers- TNC transactions are monitored using geo-fencing technology.

Other Nonairline Revenues. Other nonairline revenues primarily consist of building and ground rentals, encompassing hangars, cargo facilities, and other leases. These leases often include adjustments tied to changes in the CPI, periodical appraisals, or a combination of both approaches.

Passenger Facility Charges

PFCs are fees imposed on enplaned passengers by airport sponsors to generate revenues for airport projects aimed at increasing capacity, enhancing competition among air carriers, improving safety or security, or mitigating noise impacts. PFCs were established by Title 49 U.S.C. §40117, authoring airport sponsors to collect fees ranging from \$1.00 to \$3.00 per eligible enplaned originating and connecting passenger. The Aviation Investment and Reform Act (AIR-21) later increased the maximum allowable PFC to \$4.50 per enplaning passenger. In return for the right to assess PFCs up to \$3.00, large- and medium-hub airports forego up to 50% of their AIP entitlement funds. Those collecting a \$4.50 PFC forego 75% of their AIP entitlement funds.

In January 1993, the County received FAA approval to impose a \$3.00 PFC per eligible enplaned passenger at International Airport, which has been in effect since May 1, 1993. Since then, the County has submitted various applications and received approvals to use PFC revenues for Airport System improvements, including debt service on bonds issued for eligible improvements.

Subsequently, the County received approval to collect a \$4.50 PFC, which began on February 1, 2002. PFC revenues have been used for direct funding of eligible projects and to pay debt service on Subordinate Bonds used to finance these projects. In 2024, the County prepared and submitted a PFC application for purposes of funding components of the Pedestrian Walkway, a component of the 2024 Project. The application has since been approved, securing a PFC cash contribution to the Pedestrian Walkway project, along with principal and financing costs associated with the 2025 TIFIA Loan, which constitutes a Senior Obligation. The Projected Operating Results assume that the PFC level will remain at \$4.50 through the projection period.

Currently, the County is authorized to impose a \$4.50 PFC and use up to \$884.8 million of PFC revenues for project and financing costs associated with various approved projects. The PFC collection period for approved applications is estimated to expire July 1, 2039. During Fiscal Year 2023-24, the County received \$25.1 million in PFC receipts, bringing the total PFC receipts and interest received since January 1993 under the approved applications to \$505.8 million. Since Fiscal Year 2014-15, PFC revenues have provided \$155.5 million for debt service payments on prior bond issues, the Series 2016B Subordinate Bonds and the Series 2018 Subordinate Bonds.

Although PFC revenues are not pledged as Revenues pursuant to the Indenture, the County believes using these revenues to pay debt service on the Series 2016B Subordinate Bonds and Series 2018 Subordinate Bonds, which funded PFC-approved projects, complies with FAA regulations, and does not require further FAA approval. Recent bond refundings have lowered the PFCs required to pay annual debt service, resulting in accumulated PFC collections, including interest, of approximately \$59.6 million as of June 30, 2024.

The amount of future PFC revenues will depend on the actual number of PFC-eligible passenger enplanements at International Airport. There is no assurance of achieving any specific level of enplanements. Additionally, the FAA may terminate the County's ability to impose PFC, subject to procedural safeguards, if (a) PFC revenues are not used for approved projects per FAA approval, or applicable laws and regulations; or (b) the County violates laws or regulations related to PFCs.

Customer Facility Charge

The authority for airport operators to levy CFCs on rental car customers is governed by California Government Code Section 50474 et seq. Revenues from CFC collections may only be used to cover (a) the reasonable costs associated with financing, designing, and constructing rental car facilities such as a ConRAC facility and a Quick Turnaround fuel and wash facility, and (b) the operational costs of any common-use transportation system, including the acquisition of vehicles for that system, provided they are not used for any other purpose.

California law permits airports to collect CFCs through one of two methods. The first method allows for a CFC not to exceed \$10 per car rental contract. The second method, referred to as an "alternative CFC", allows for a collection on a "per-transaction-day" basis, with a maximum charge of \$9.00 per day, up to a maximum of five days per rental contract. Effective May 1, 2019, the County implemented a CFC of \$10 per rental car transaction at International Airport while initiating discussions with rental car companies regarding the potential development of a ConRAC and QTA. In October 2022, The Board approved the transition to an "alternative CFC," authorizing the collection of \$8.00 per day for up to 5 days. This transition went into effect in March 2023. Effective May 1, 2025, the County raised the Customer Facility Charge (CFC) collected at the Airport from \$8.00 per day to \$9.00 per day, up to a maximum of 5 days per rental transaction. CFC revenues are excluded from the definition of Revenues under the Indenture, meaning they are not pledged to the Senior Obligations and Subordinate Obligations. The Department may use CFC revenues on a pay-as-you-go basis for capital costs of future rental car facilities, issue obligations secured by a pledge of CFC revenue (and not from Net Revenues), or it may use CFC revenues to pay debt service on Subordinate Bonds as it currently does with PFC revenues.

Rental car activity and revenues at International Airport have continued to grow despite the increased use of TNCs such as Uber, Lyft and Wingz. Although the growth rate of rental car activity and revenues may have been affected by the rise of TNCs, rental car activity and revenues have remained strong due to the large geographic size of International Airport’s air service area. Furthermore, International Airport serves as a gateway to Northern California attractions such as Lake Tahoe, Sierra Mountain resorts, Yosemite National Park, and numerous wine country destinations, including Napa and Sonoma Valleys. The long distances many passengers travel to and from International Airport make renting a car more cost-effective than using TNCs for trips of 20 miles or further.

Federal Law Prohibiting Revenue Diversion

Federal law mandates that all revenues generated by a public airport must be allocated for the capital or operating costs of the airport and must be substantially related to the air transportation of passengers or property. In February 1999, the FAA adopted its “Policies and Procedures Concerning the Use of Airport Revenue,” which provide clarification on the application of these principles to airport sponsors that receive federal grants for airport development from the FAA, including International Airport and the other County airports. For these federal requirements, the County serves as the sponsor.

The Airport System compensates the County for direct services provided to the Airport System by other County departments. The FAA holds the authority to audit these payments and instructs the County to reimburse the Airport System for any improper payments. It may also impose penalties such as suspending or terminating pending FAA grants or existing PFC authorizations for violations of revenue diversion rules. In addition, the U.S. Department of Transportation (“U.S. DOT”) can withhold non-aviation federal funds from the County as a penalty for such violations.

On November 7, 2014, the FAA amended its 1999 policies to clarify that state and local taxes on aviation fuel, regardless of whether they are part of a general sales tax or imposed by airport operators or other authorities, are subject to the federal restrictions on the use of airport revenue. However, taxes in effect on or before December 30, 1987, are exempt from these restrictions. The FAA’s policy amendment, effective December 8, 2014, included a three-year transition period for state and local governments to comply. Furthermore, it mandates that the Department notify state and local taxing entities of these provisions and take reasonable actions to influence state and local laws to align with federal requirements. The Department has fulfilled these notification requirements and is collaborating with the County and other taxing entities, including the State of California, to ensure compliance.

Pension and OPEB Liability

Salaries and benefits costs encompass the funding of retirement benefits for employees of the Department who participate in the Sacramento County Employee Retirement System (“SCERS”). Due to various factors such as investment losses and enhanced retirement benefits, SCERS has incurred significant unfunded liabilities. Consequently, contribution rates for retirement costs, applicable to all County employees including those of the Department, have increased significantly in recent years and are anticipated to continue escalating.

As shown in the table below, while contribution rates have increased in recent years, the Airport System’s SCERS transfers have increased since Fiscal Year 2018-19 due to increased staffing levels at the Airport System, as well as past losses and significant unfunded liabilities within SCERS.

In addition to required contributions for retirement benefits for employees of the Department, the County pays certain post-employment health care and other non-pension (OPEB) benefits for such employees. See APPENDIX B – “ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDED JUNE 30, 2024” – Note 14 and Note 15 to the Basic Financial Statements”.

The County required payments to SCERS and OPEB, with respect to employees of the Department are presented in the table below.

TABLE 12
Department of Airports SCERS and OPEB Transfers
International Airport
Fiscal Years ended June 30

<u>Fiscal Year</u>	<u>SCERS</u>	<u>OPEB</u>
2019-20	\$5,055,162	\$122,948
2020-21	5,735,830	155,157
2021-22	6,227,180	140,742
2022-23	6,994,308	150,121
2023-24	7,556,761	153,885
2024-25 (Projected)	7,900,000	155,000

Investment of Airport System Funds; County Pool

Airport System funds, which constitute monies of the County, are invested in the Sacramento County Pooled Investment Fund (the “County Pool”), which is managed by the Department of Finance. The County Pool is governed by the Sacramento County Annual Investment Policy for the Pooled Investment Fund. This policy defines investible funds, authorized instruments, credit quality required, maximum maturities and concentrations, collateral requirements, and provides the approved credit standards, investment objectives and specific constraints of the portfolios managed. Authorized investments are required to match the general categories established by the California Government Code.

For further details, refer to APPENDIX B – “ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDED JUNE 30, 2024” – Note 4 to the Basic Financial Statements.”

Certain Available Funds; Liquidity

The Airport System maintains various funds designated for covering operating and capital improvement expenses, debt service, and unforeseen contingencies. Over recent years, the Airport System’s discretionary cash position has seen an upward trend, as noted in the table below. This increase primarily stems from a rise in net operating income, consequently bolstering the amount of cash available for future capital improvements. In addition, the Airport System has policy of maintaining 365 days cash on hand.

As of June 30, 2024, unrestricted cash, and cash equivalents available for operating and capital expenses totaled approximately \$296.8 million. These funds were held in the Airport Revenue Fund and the Capital Improvement Fund. Additionally, the Airport System held restricted cash and cash equivalents amounting to approximately \$147.3 million, allocated across various funds including the Operating Reserve Fund (targeted at 25% of the Annual Operating Budget), in the Reserve and Contingency Fund, and the PFC Revenue Fund, and the CFC Revenue Fund. These restricted amounts can be utilized for debt service payments if necessary.

Estimated balances of unrestricted cash and cash equivalents available for operating and capital expenses as of June 30, 2025, were approximately \$291.2 million (which equates to approximately 622 days cash on hand based on estimated Fiscal Year 2024-25 Operating Expenses), including funds from the Airport Revenue Fund and the Capital Improvement Fund. Concurrently, the Airport System held restricted cash and cash equivalents estimated at approximately \$174.5 million, distributed among different funds such as the Operating Reserve Fund, the Reserve and Contingency Fund, the PFC Revenue Fund, and the CFC Revenue Fund.

The following table sets forth cash and cash equivalent balances of the Airport System.

TABLE 13
Airport System
Cash and Cash Equivalent Balances

	6/30/2022	6/30/2023	6/30/2024	6/30/2025 (Estimated)
Unrestricted				
Airport Revenue Fund	\$110,633,167	\$117,665,724	\$114,863,641	\$117,435,920
Capital Improvement Fund	124,042,947	152,268,450	181,943,225	173,775,482
Total unrestricted	<u>\$234,676,114</u>	<u>\$269,934,174</u>	<u>\$296,806,866</u>	<u>\$291,211,402⁽⁴⁾</u>
Restricted				
Operating Reserve Fund	31,315,643	32,884,482	44,880,626	47,854,690
Reserve and Contingency Fund	2,000,000	2,000,000	2,000,000	2,000,000
PFC Fund ⁽¹⁾	40,321,368	48,755,410	59,641,670	68,797,187
CFC Fund ⁽²⁾	14,025,953	22,339,724	38,424,061	53,402,317
Endowment Funds ⁽³⁾	2,230,577	2,254,697	2,355,604	2,465,348
Total restricted	<u>\$89,893,541</u>	<u>\$108,234,313</u>	<u>\$147,301,960</u>	<u>\$174,519,542</u>
Total Cash and Cash Equivalents -Airport System Held	<u>\$324,569,655</u>	<u>\$378,168,487</u>	<u>\$444,108,826</u>	<u>\$465,730,944</u>

⁽¹⁾ Increases in the PFC Fund are mainly due to increased enplanements.

⁽²⁾ Customer Facility Charges implemented in Fiscal Year 2018-19. Increase in Fiscal Year 2022-23 in CFC due to change in fee collection from \$10 per transaction to \$8 per transaction day for up to five days. On May 1, 2025, CFC rate increased to \$9 per transaction day for up to five days.

⁽³⁾ Art Endowment and Biological Opinion.

⁽⁴⁾ Includes cash reimbursement from 2024 Series bond proceeds and FAA Capital Grant deposited in Fiscal Year 2026.

Source: County of Sacramento, Department of Airports

The Revolving Credit Agreement also provides the Department with additional liquidity. See “INTRODUCTION – Existing Obligations – Subordinate Obligations.”

Furthermore, the Airport System collects PFCs and CFCs), earmarked for authorized uses only. Based on unaudited, internally prepared amounts, the Department projects ending Fiscal Year 2024-25 with approximately \$68.8 million of PFC balances (after payment of the Subordinate Obligations) and \$53.4 million of CFC balances.

Summary of Historical Revenues, Expenses and Debt Service Coverage

The following table contains a summary of historical revenues, operating expenses and debt service coverage based on the County's audited Financial Statements for Fiscal Year 2020-21 through Fiscal Year 2024-25.

TABLE 14
Historical and Estimated Revenues, Operating Expenses and
Debt Service Coverage for Fiscal Year 2020-21 through 2024-25
(in thousands)

	Fiscal Year 2020-21	Fiscal Year 2021-22	Fiscal Year 2022-23	Fiscal Year 2023-24	Estimated Fiscal Year 2024-25
Rate Covenant per Section 6.04 (b)(i)					
Revenues ⁽¹⁾	\$170,587,943	\$252,523,996	\$245,894,134	\$264,679,264	\$285,870,366

Accrued Debt Service of Senior Obligations	\$27,580,945	\$26,620,900	\$25,745,650	\$25,745,650	\$46,185,650
Debt Service on Subordinate Obligations	16,709,750	16,709,750	16,710,000	16,705,500	17,050,500
LESS: Passenger Facility Charges	(16,709,750)	(16,709,750)	(16,710,000)	(16,705,500)	(17,050,500)
Accrued Debt Service on Senior and Subordinate Obligations	\$27,580,945	\$26,620,900	\$25,745,650	\$25,745,650	\$46,185,650
DEBT SERVICE COVERAGE (>1.10) ⁽⁵⁾	1.96	4.89	3.95	3.96	2.41

⁽¹⁾ Master Indenture adjusts Operating Revenues to include Interest Income, Intergovernmental Revenues and Other Nonoperating Revenues.

⁽²⁾ Master Indenture adjusts Operating Expenses to (1) exclude depreciation and amortization and (2) include transfers out to the County for airport pensions.

⁽³⁾ Services and supplies increased in fiscal year 2022-23 due to \$4 million increase in building maintenance services and \$4 million increase from other professional services.

⁽⁴⁾ See "SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS—Rate Covenant" for a description of the permitted use of Transfers.

⁽⁵⁾ Debt service coverage in Fiscal Years 2020-21 through 2023-24 was impacted and enhanced by the County's decision to use proceeds from federal COVID-19 relief programs to defease all Senior Bonds maturing in such years. The impact of this defeasance ends in Fiscal Year 2024-25.

AIRPORT CONSULTANT REPORT

This section, the Airport Consultant Report in APPENDIX A, and elsewhere in this Official Statement contain “forward-looking statements.” Ricondo has made certain assumptions in making its projections that it believes are reasonable. The County has reviewed Ricondo’s assumptions that are described in the Airport Consultant Report and believes that they are reasonable. However, all forward-looking statements, including intentions, expectations and projections, are inherently subject to economic, political, regulatory, competitive and other uncertainties, all of which are difficult to predict and many of which will be beyond the control of the County and Ricondo. Projected results may not be realized, and actual results could be significantly different than projected. Neither the County nor Ricondo is obligated to update, or otherwise revise, the projections or the specific portions presented to reflect circumstances existing after the date when made or to reflect the occurrence of future events, even if any or all of the assumptions are shown to be in error.

The 2025 Letter notes the following: “At the time of this 2025 Letter, the implementation of tariffs and other policies and actions executed by the United State government that have the potential to impact economic conditions and travel, directly or indirectly, are in various stages of development and implementation. It is too soon to account for the potential near or long-term impacts, if any, of such actions on the national and global economies or air travel. However, implementation of such policies may impact air travel, economic projections (i.e., GDP growth, levels of employment, and Per Capita Personal Income growth), further impacting air traffic, and activity forecasts included in this 2025 Letter might not be attained. Additionally, geopolitical issues may affect aviation activity during the forecast period. Potential governmental or regional instability in certain countries or locations may affect access to, or demand for, aviation service in these places.”

The Airport Consultant Report includes a “low demand forecast sensitivity.” The low demand sensitivity forecast was developed by applying a decrease in projected enplaned passengers over a two-year period, through Fiscal Year 2027.

Overview

The Airport Consultant Report is included in this Official Statement as APPENDIX A. The Airport Consultant Report is part of this Official Statement, and potential purchasers of the Series 2025 Bonds should read the Airport Consultant Report, in its entirety. The Airport Consultant Report has been included in this Official Statement in reliance on the authority of Ricondo and its subconsultants as experts in air traffic matters and financial projections relating to airports such as International Airport.

The Airport Consultant Report provides an overview of the economic base of the Air Service Area and of the primary economic and demographic variables (including population, personal income, gross regional and domestic product, employment, consumer prices and other economic conditions and events) nationally and in the Air Service Area that drive demand for passenger and cargo air transportation services and a projection of such variables for Fiscal Years 2025-26 through 2029-30 (the “Projection Period”). The Airport Consultant Report describes air service at International Airport currently, identifies the primary factors that affect demand for air travel, including factors (such as costs and availability of jet fuel, other industry consolidation costs and national and aviation security and capacity) that influence passenger and cargo airline profitability and decisions, and summarizes Ricondo’s projection, and the assumptions behind the projection, of air traffic, including passenger enplanements, aircraft operations and landed weights, at International Airport for the Projection Period.

The Airport Consultant Report also includes Ricondo’s review of existing Airport facilities and a review of the Airport System’s capital improvement program, adopted budget for Fiscal Year 2025-26 and existing Airport System agreements and obligations. Ricondo’s conclusion is that based upon Ricondo’s approach and assumptions described in the Airport Consultant Report, the Net Revenues in each year during the Projection Period will be sufficient to satisfy the County’s obligations under the Indenture.

Ricondo notes that although it believes that its approach and assumptions are reasonable and provide an appropriate basis for the financial projections set forth in the Airport Consultant Report, any projection is subject to uncertainties and some assumptions used as the basis of the projections will not be realized, unanticipated events and circumstances may occur, there are likely to be differences between the financial projection and actual financial results and those variations could be material. The Airport Consultant Report should be read in its entirety for an understanding of the projections and the underlying assumptions contained therein. Ricondo has no responsibility to update the Airport Consultant Report because of events and transactions occurring after the date of the Airport Consultant Report. The Airport Consultant Report will not be updated to reflect the final terms of the Series 2025 Bonds or other changes occurring after the date of such report.

Projected Net Revenues and Debt Service Coverage

The following table is a summary presentation of information presented in Tables A-9 of the 2025 Letter, which shows the projected Net Revenues and debt service coverage through Fiscal Year 2029-30. The Airport Consultant Report (including Table A-9 in the 2025 Letter) should be read in its entirety for an understanding of the projections and the underlying assumptions contained therein (The table will not be updated to reflect actual debt service on the Series 2025 Bonds.) The 2025 Letter also contains a projection of debt service coverage using the “low demand forecast sensitivity.” The low demand sensitivity forecast was developed by applying a decrease in projected enplaned passengers over a two-year period, through Fiscal Year 2027.

SUMMARY PRESENTATION OF PROJECTED DEBT SERVICE COVERAGE ((\$s in thousands))

Fiscal Year Ended June 30	2025	2026	2027	2028	2029	2030
Airline Revenues	\$133,737	\$139,237	\$161,328	\$169,972	\$185,182	\$194,427
Non-Airline Revenues	131,634	135,040	168,385	175,075	180,168	185,335
Non-Operating Revenues	20,500	20,910	21,328	21,755	22,190	22,633
Total Revenues	\$285,871	\$295,187	\$351,041	\$366,802	\$387,540	\$402,395
Less: Operating Expenses	171,335	192,735	208,947	218,798	229,353	241,721
Net Revenues	\$106,536	\$102,452	\$142,094	\$148,004	\$158,187	\$160,674
Available PFC Revenues	26,972	28,390	28,390	29,162	29,937	30,715
Annual Debt Service						
Senior Lien Debt Service	\$46,186	\$48,760	\$64,883	\$82,183	\$97,231	\$106,411
Less: Applied PFC Revenues	-	(681)	(875)	(876)	(874)	(875)
Net Senior Lien Debt Service	\$46,186	\$48,079	\$64,008	\$81,307	\$96,357	\$105,536
Subordinate Lien Debt Service	\$17,051	\$17,052	\$17,430	\$17,435	\$21,785	\$24,448
Less: Applied PFC Revenues	(17,051)	(17,052)	(17,430)	(17,435)	(21,785)	(24,448)
Net Subordinate Lien Debt Service	-	-	-	-	-	-
Net Total Debt Service	\$46,186	\$48,079	\$64,008	\$81,307	\$96,357	\$105,536
Senior Debt Service Coverage ⁽¹⁾	2.31x	2.13x	2.22x	1.82x	1.64x	1.52x
Aggregate Debt Service Coverage ⁽¹⁾	2.31x	2.13x	2.22x	1.82x	1.64x	1.52x

⁽¹⁾ Fiscal Year 2025 numbers are estimates based on information through 10 months of the fiscal year.

⁽²⁾ Debt Service Coverage calculation does not include impact of any Transfers.

Source: Derived from Table A-9 in the 2025 Letter. Totals may not match Table A-9 values due to rounding.

INVESTMENT CONSIDERATIONS

The following information should be considered by prospective investors, in addition to the other matters set forth in this Official Statement in evaluating the Series 2025 Bonds. However, it does not purport to be a comprehensive or exhaustive discussion of risks or other considerations which may be relevant to an investment in the Series 2025 Bonds. In addition, the order in which the following information is presented is not intended to reflect the relative importance of any such considerations. There can be no assurance that other risk factors not discussed herein will not become material in the future.

Rate Covenant Not a Guarantee; Failure to Meet Projections

The ability of the County to pay the principal of and interest on the Series 2025 Bonds depends on the ability of the County to generate Net Revenues in the levels required by the Indenture. Although, as more particularly described herein, the County expects that sufficient revenues will be generated through the imposition and collection of the fees, rents charges and other Revenues described herein, there is no assurance that such imposition of fees, rents charges or other Revenues will result in the generation of Net Revenues in the amounts required by the Indenture. As a result, the Rate Covenant set forth in the Indenture does not constitute a guarantee that sufficient Net Revenues will be available to make debt service payments on the Series 2025 Bonds.

In addition, the County can provide no assurances that operation of the Rate Covenant set forth in the Indenture will not be limited by the requirement of federal law that all aeronautical rates and charges be reasonable. If the Rate Covenant set forth in the Indenture would require the County to increase airline rates and charges in order to provide sufficient funds to make payments on the Series 2025 Bonds, but the increased airline rates or charges would not be reasonable, then the County will not be able to increase such rates or charges and would be required to increase non-airline rates and charges or take other actions to meet the Rate Covenant. Under such circumstances there could be delays or reductions in payments on the Series 2025 Bonds. See “—Federal Law Affecting Airport Rates and Charges.”

Economic Conditions

Historically, the financial performance of the air transportation industry has correlated with the state of the national economy. Future increases in passenger traffic will depend largely on the ability of the U.S. to sustain growth in economic output and income. In addition, traffic at International Airport will depend in part on the economic conditions in the State and local service area.

There can be no assurances that the continuing and evolving implementation of tariffs and other federal policies and actions (including immigration policies and related enforcement activities) will not materially adversely impact state, national or world economic conditions and/or air traffic, and passenger activity.

Uncertainties of Projections and Assumptions

In its Airport Consultant Report, based on the assumptions contained in the report, Ricondo forecasts that the projected Revenues of the Airport System will be sufficient to allow the County to comply with the Rate Covenant in the Indenture through Fiscal Year 2029-30. See APPENDIX A - “AIRPORT CONSULTANT REPORT.” One of the principal assumptions upon which Ricondo relies in making its projection is that passenger traffic will increase as a function of growth in the economy of the region served by International Airport. Whether the projected passenger traffic materializes depends on a number of factors outside of the County’s control, such as economic growth of the United States and the greater Sacramento region, airline financial condition, general costs of air travel, capacity of the national air traffic control system, operational decisions made by airlines, public health concerns, and other similar assumptions. In addition, Ricondo makes numerous other assumptions as described in the Airport Consultant Report.

The Airport Consultant Report should be read in its entirety for an understanding of the projections and the underlying assumptions. As noted in the Airport Consultant Report, projections are subject to uncertainties. Inevitably, some of the assumptions used to develop the projections will not be realized, and unanticipated events and circumstances may occur. The actual financial results achieved will vary from those projections, and the variations may be material and adverse. Also see “AIRPORT CONSULTANT REPORT” and APPENDIX A - “AIRPORT CONSULTANT REPORT.”

Risks Relating to Implementation of SMForward and the CIP

Any large construction project such as SMForward is subject to increased costs, delays and related risks, the occurrence of any of which could have a material adverse effect on County’s ability to undertake the 2025 Project and the remainder of SMForward and the CIP. In a project of this magnitude, there is a significant possibility of cost increases, delays and other adverse effects resulting from, among other things, (i) design, engineering, or construction problems, and resulting change orders; (ii) subsurface conditions, concealed or unknown conditions or other site or safety and health conditions; (iii) environmental conditions or compliance with hazardous material laws; (iv) utility relocation problems; (v) labor or significant material price increases, shortages, interruptions, disputes or stoppages, including those resulting from global supply chain issues due to a pandemic or conflict; (vi) permitting and governmental approval issues, including the inability to obtain or renew necessary permits; (vii) extraordinary inclement or severe weather conditions; (viii) occurrence of a casualty, or damage or destruction of completed or partially completed work; (ix) discovery of artifacts, fossils, relics or other archeologically significant items that must be preserved and compliance with historic preservation laws and related agreements with historic preservation authorities; (x) discovery of endangered or threatened species protected under federal or state law; (xi) changes in laws; (xii) variable cost of contract allowances, and (xiii) other force majeure events. As a result, the County may encounter unanticipated difficulties and the construction and development of SMForward may be more costly or time-consuming than the County anticipates. While the County intends to use various techniques to minimize the risk of cost overruns and construction delays, contracts that are described as “fixed price,” “lump sum,” “guaranteed maximum price,” or “flat fee” are not guaranteed to be free from cost increases resulting from the conditions described above or for other reasons.

The County may use change orders to address the conditions described above or other changes to the SMForward’s scope, but the use of change orders does not guarantee prices remain fixed or delays do not occur.

Any schedule delays or cost increases could result in the need to issue additional Obligations, which may result in increased costs per enplaned passengers to the airlines. No assurance can be given that the County would receive the Signatory Airline approvals (to the extent necessary), or that, absent such approvals, an alternative source of funding would be available.

In addition, the County is relying on various sources of funding for SMForward, including federal grants and future issuances of revenue bonds. No assurance can be given that the Authority will be able to access such sources of funded when needed.

In order to complete construction of the 2025 Project and the remainder of SMForward, the County needs to take a significant number of steps and obtain a number of approvals and permits, none of which is assured of attainment. The County will need to obtain a number of required permits in connection with the construction and operation of SMForward, which can be a time-consuming process. The timing of the delivery of such permits may be outside of the County’s control and may be subject to staffing levels of the issuing agency. If the County experiences delays in obtaining the required approvals and permits for the 2025 Project and the remainder of SMForward, construction completion may be delayed. In addition, federal, state and local governmental requirements could substantially increase the County’s costs, which could materially harm the operations and financial condition of International Airport.

The construction activity occurring in connection with the 2025 Project and the remainder of SMForward may materially and adversely affect operations of the existing International Airport facilities, which

could decrease passenger activity at International Airport and the use of ancillary services, such as parking and concessions, and thereby harm the financial condition of International Airport.

Risks Related to Funding of SMForward and the CIP

The County's current CIP includes SMForward and spending on capital projects in addition to the SMForward in the coming years. However, current CIP plans, and the funding sources therefor, may change depending on passenger and cargo demand, the availability of other funding sources, the timing of capital expenditures and market conditions. It is also possible that the County may undertake additional capital projects that are not presently included in the CIP, and the County may in the future undertake other major capital projects following the completion of the current capital improvement plan. Other capital needs that are not presently known may arise, and the costs of now known and future capital needs could increase significantly between the times that they are identified and when they are addressed. The incurrence of a significant amount of additional Obligations for capital projects will result in higher debt service costs, which will increase landing fees and terminal rents at International Airport, thereby increasing the costs borne by the airlines serving International Airport, which in turn could make International Airport comparatively less competitive.

Although the County intends to use a variety of strategies to mitigate risk associated with the implementation of its capital projects, project development could be delayed, and the cost of completing capital projects could be higher than expected due to various factors that are outside of the control of the County, including but not limited to economic conditions; pandemics; natural or manmade disasters; events such as the September 11, 2001 terrorist attacks; new or ongoing military hostilities; unexpected issues with integration into existing facilities; the inability to obtain, or delays in obtaining, regulatory approvals; the inability to comply with the conditions of regulatory approvals; changes in laws or regulations; inability to obtain, or delays in obtaining, federal approvals or federal funding; labor, bidding and contracting requirements; delays caused by the airline review process; weather; litigation; tariffs; cost overruns; casualty; strikes; unanticipated engineering, environmental or geological problems; shortages or increased costs of materials or labor; and financial difficulties of contractors. In addition, it is possible that funding sources such as federal grants may not be available as expected. If costs are higher than projected or funds are not available to finance the projects or portions thereof, the County may have to delay or cancel projects and/or incur additional debt.

Certain projects at International Airport, including SMForward, are assumed to be funded from a variety of different sources. Certain projects at International Airport, including SMForward are assumed in part with federal grants, but the County cannot guarantee that such funds will be available or will be received in a timely manner. In some cases, moneys from grant awards are remitted to the County on a reimbursement basis, after the County has paid the costs of a project and the County's use of such money would generally be subject to audit. These projects are also assumed to be funded in part from PFCs, but PFCs may not be available in the amounts and at the times currently forecasted if additional FAA approvals are not obtained or if there are fewer enplaned passengers than project. Additionally, market conditions, the status of operations at the County or other factors could adversely affect the ability of the Authority to issue Obligations in the future to finance a portion of the costs of SMForward or other capital projects at International Airport.

In the future, the County may be required to undertake additional capital projects to comply with regulatory requirements or to preserve the overall viability of International Airport. If, for any reason, the County is unable to undertake critical capital projects, then the condition of International Airport facilities may decline, which can affect customer experience, airline satisfaction, and operational efficiency and effectiveness.

Federal Funding

The County receives certain federal funds including from the AIP. The AIP provides federal capital grants to support airport infrastructure, including entitlement grants (determined by formulas based on passenger, cargo and general aviation activity levels) and discretionary grants (allocated on the basis of specific set-asides and the national priority ranking system). See "CAPITAL PROJECTS AND PLANNING." Additionally, certain operations at International Airport are supported by federal agencies including, flight traffic controllers,

FAA, TSA, FBI and Customs and Border Security, among others. Federal agencies also have regulatory and review authority over, among other things, certain International Airport operations, construction at International Airport and the airlines operating at International Airport.

From time to time, the federal government has, and may in the future, come to an impasse regarding, among other things, reauthorization of the FAA (which has historically included funding for AIP) and other federal appropriations and spending.

Failure to adopt such legislation may have a material, adverse impact on, among other things: (i) federal funding received by the County, including under the AIP; (ii) federal agency budgets, hiring, furloughs, operations and availability of federal employees to support certain operations at International Airport, provide regulatory and other oversight and review and provide required approvals, in each case at International Airport and over the airlines serving International Airport; and (iii) flight schedules, consumer confidence, operational efficiency at International Airport and in the air transportation system generally. In addition, the anticipated federal spending could be affected by, among other things, automatic across-the-board spending cuts, known as sequestration.

In addition, the federal government has recently issued a series of executive orders, and the Office of Management and Budget has issued guidance, that suspend or limit federal government funding to state and local entities. Certain of these actions have been the subject of judicial challenges. The County cannot predict the outcome of future federal administrative actions, legislation or budget deliberations and the impact that such budgets will have on federal funding to the County, or federal funding in support of the airport traffic system.

There can be no assurance that the Congress will enact and the President will sign federal appropriation legislation or future FAA reauthorization which may require the County to fund capital expenditures forecast to come from such federal funds and from other sources (including operating revenues, additional Senior Obligations or additional Subordinate Obligations), result in decreases to the County's Capital Program or extend the timing for completion of certain projects, and the County is also unable to predict the future impact of any federal spending cuts or appropriation impasses on airline traffic at International Airport or the County's revenues. See "CAPITAL PROJECTS AND PLANNING." See also "—Risks Related to Funding of SMForward and the CIP."

Certain Factors Affecting the Airlines Industry and Travel

Uncertainties of the Airline Industry. There are numerous factors which affect air traffic generally and air traffic at the Airport System more specifically. Demand for air travel is influenced by factors such as population, levels of disposable income, the nature, level and concentration of industrial and commercial activity in the service area, and the price of air travel. The price of air travel is, in turn, affected by the number of airlines serving a particular airport and a particular destination, the financial condition, cost structure and hub strategies of the airlines serving an airport, the willingness of competing airlines to enter into an airport market, the cost of operating at an airport, the price of fuel, and any operating constraints (due to capacity, environmental concerns or other related factors) limiting the frequency or timing of airport traffic within the national system or at a particular airport, such as the National Air Traffic Control System.

The industry is cyclical and subject to intense competition and variable demand. Traffic volumes are responsive to economic circumstances and seasonal patterns. Other factors, such as fuel and regulatory costs, can also have a significant impact on the industry. As a result, financial performance can fluctuate dramatically from one reporting period to the next.

Since the economic deregulation of the airline industry in 1978, the industry has undergone significant changes including a number of airline mergers, acquisitions, bankruptcies and closures. In addition, the financial results of the airline industry have been subject to substantial volatility since deregulation. The financial strength and stability of airlines serving International Airport are key determinants of future airline traffic. The financial results of the airline industry have been subject to substantial volatility since deregulation, and many carriers

have not been profitable, particularly after the events of September 11, 2001, the Severe Acute Respiratory Syndrome outbreak in 2003, the wars in Iraq and Afghanistan, the COVID-19 pandemic, recessions, availability and increases in aviation fuel prices. Additional bankruptcy filings, mergers, consolidations and other major restructuring by airlines are possible. In addition, individual airline decisions regarding level of service, particularly hub activity, at International Airport will affect total enplanements. An outbreak of a disease or similar public health threat that affects travel demand or travel behavior, or travel restrictions or reduction in the demand for air travel caused by an outbreak of a disease or similar public health threat in the future, could have a material adverse impact on the airline industry and result in substantial reductions in and/or cancellations of, bookings and flights.

There is no assurance that International Airport, despite a demonstrated level of airline service and operations, will continue to maintain such levels in the future. The continued presence of the airlines serving International Airport, and the levels at which that service will be provided, are a function of a variety of factors. Future airline traffic at International Airport will be affected by, among other things, the growth or decline in the population and the economy of International Airport service region and by national and International Airport service region economic conditions, federal regulatory actions, airline service, air fare levels and the operation of the air traffic control system.

The County makes no representation whatsoever with respect to the continued viability of any of the carriers serving International Airport.

Cost of Aviation Fuel. Airline earnings are significantly affected by the price of aviation fuel. Historically, aviation fuel prices have been particularly sensitive to worldwide political instability.

Fuel prices continue to be subject to, among other factors, political unrest in various parts of the world, Organization of Petroleum Exporting Countries policy, increased demand for fuel caused by growth of economies such as China and India, the levels of fuel inventory maintained by certain industries, reserve levels maintained by governments, currency fluctuations, disruptions to production and refining facilities and the weather. Significant increases in the cost of aviation fuel have had an adverse impact on airline industry profitability and are expected to have a continued impact on the airline industry. Such adverse impacts could, or have already caused, certain airlines to reduce capacity, fleet and personnel as well as increase airfares and implement various surcharges upon its passengers, all of which may negatively affect the demand for air travel and passenger activity at International Airport.

Labor Shortages. The airlines have been faced with labor shortages, including a shortage of pilots, flight attendants and other staff that have resulted in some cases have resulted in reduced flight schedules and cancelled flights. The aviation industry may experience a more enduring shortage, or may face additional shortages in the future. The aviation industry is also impacted by shortages of air traffic controllers.

Airline Mergers; Consolidation. The airline industry continues to evolve as a result of competition and changing demand patterns and it is possible the airlines serving the Airport could consolidate operations through acquisition, merger, alliances and code share sales strategies. Historic mergers, as well as future mergers, could change airline service patterns at the Airport, including a possible reduction in service at the Airport. The County cannot predict what impact, if any, such consolidations will have on airline traffic at the Airport.

Worldwide Health Concerns

Travel restrictions, as well as other public health measures, may be imposed to limit the spread of communicable diseases which may arise. The COVID-19 pandemic had an adverse effect on domestic and international travel and a number of travel-related industries, and has severely and broadly disrupted local and global economies.

Other previous travel alerts or advisories include the 2016 travel alert by the U.S. Centers for Disease Control and Prevention, warning pregnant women to avoid travel to areas where outbreaks of the Zika virus,

which was linked to birth defects, were occurring. In 2009, WHO and the U.S. Department of Health and Human Services (through the Secretary of the Department of Homeland Security) declared public health emergencies as the result of the outbreaks of a serious strain of H1N1 influenza. In spring 2003, there was an outbreak of a serious strain of bird flu in Asia and Canada called Severe Acute Respiratory Syndrome, or “SARS”.

Future outbreaks or pandemics may lead to a further decrease in air traffic, at least for a temporary period, which in turn could cause a further decrease in passenger activity at International Airport and a corresponding decline in Revenues. A disruption to the global supply chain due to a pandemic can also stall manufacturing and construction operations, which in turn could interfere with the County’s implementation of the Airport System CIP and other operations, or the operations of the airlines operating at International Airport.

Other Information Concerning the Airlines

Revenues may be affected by the ability of the airlines serving the Airport System, individually or collectively, to meet their obligations to pay rates, rentals, fees and charges. Many of the major scheduled domestic airlines serving International Airport, or their respective parent corporations, as well as the foreign airlines serving International Airport with American Depositary Receipts (“ADRs”) registered on a national exchange, are subject to the information reporting requirements of the Securities Exchange Act of 1934, as amended, and in accordance therewith file reports and other information with the Securities and Exchange Commission (the “SEC”). Certain information, including financial information, concerning such domestic airlines, or their respective parent corporations, and such foreign airlines is disclosed in certain reports and statements filed with the SEC. Such reports and statements can be inspected and copied at the public reference facilities maintained by the SEC, which can be located by calling the SEC at 1-800-SEC-0330. The SEC maintains a web site containing reports, proxy statements and other information regarding registrants that file electronically with the SEC. In addition, each airline is required to file periodic reports of financial aid and operating statistics with the U.S. DOT. Such reports can be inspected at the U.S. DOT’s Office of Airline Information, Bureau of Transportation Statistics, Department of Transportation, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590, and copies of such reports can be obtained from U.S. DOT at prescribed rates.

Airlines owned by foreign governments or foreign corporations operating airlines (unless such foreign airlines have American Depositary Receipts registered on a national exchange) are not required to file information with the SEC. Airlines owned by foreign governments or foreign corporations file limited information only with the USDOT.

The County has no responsibility for the completeness or accuracy of information available from the USDOT or SEC, including, but not limited to, updates of information on the SEC’s Internet site or links to other Internet sites accessed through the SEC’s site. The County has not reviewed or verified any of the information contained in such reports filed with the SEC and makes no representation as to the accuracy, completeness or fairness of any such reports or other information made available to the public by the airlines or their respective parent corporations.

International Conflict and Threat of Terrorism

The increased threat of terrorism has had, and may continue to have, a negative impact on air travel. The County cannot predict the likelihood of future incidents similar to the terrorist attacks of September 11, 2001, the likelihood of future air transportation disruptions or the impact on the County or the airline operating at International Airport from such incidents or disruptions.

Effect of Airline Bankruptcies

A bankruptcy of an airline operating at the Airport System could result in delays or reductions in payments on the Series 2025 Bonds.

From time to time over the last several years, major airlines serving International Airport have emerged from bankruptcy. Additional bankruptcy filings may occur in the future. The bankruptcy of an airline with significant operations at the Airport System could have a material adverse effect on operations of the Airport System, Revenues, and the cost to the other airlines operating at the Airport System.

In the event of an airline bankruptcy, the automatic stay provisions of the United States Bankruptcy Code (the “Bankruptcy Code”) could prevent (unless approval of the bankruptcy court was obtained) any action to collect any amount owing by the airline to the County or any action to enforce any obligation of the airline to the County. With the authorization of the bankruptcy court, the airline may be able to repudiate some or all of its agreements with the County and stop performing its obligations (including payment obligations) under such agreements. Such a repudiation could also excuse the other parties to such agreements from performing any of their obligations. The airline may be able, without the consent and over the objection of the County, the Trustee, and the holders of the Series 2025 Bonds, to alter the terms, including the payment terms, of its agreements with the County, as long as the bankruptcy court determines that the alterations are fair and equitable. In addition, with the authorization of the bankruptcy court, the airline may be able to assign its rights and obligations under any of its agreements with the County to another entity, despite any contractual provisions prohibiting such an assignment. The Trustee and the holders of the Series 2025 Bonds may be required to return to the airline as preferential transfers any money that was used to make payments on the Series 2025 Bonds and that was received by the County or the Trustee from the airline during the 90 days immediately preceding the filing of the bankruptcy petition. Claims by the County under any lease with the airline may be subject to limitations.

An airline is likely to be in possession of PFCs at the time it goes into bankruptcy. While there are provisions in the law requiring airlines to treat PFCs as trust funds, the application of these provisions in a bankruptcy case is not clear. The airline may not be required to turn over to the County or the Trustee any PFCs in its possession at the time it goes into bankruptcy. Even while the airline is in bankruptcy, it may not be required to turn over PFCs that are collected prior to the time that the County or the Trustee demands the turnover of the PFCs. Even after a demand is made, it is possible that the airline would not be required to turn over subsequently-collected PFCs.

There may be delays in payments on the Series 2025 Bonds while the court considers any of these issues. There may be other possible effects of a bankruptcy of an airline that could result in delays or reductions in payments on the Series 2025 Bonds. Regardless of any specific adverse determinations in an airline bankruptcy proceeding, the fact of an airline bankruptcy proceeding could have an adverse effect on the liquidity and value of the Series 2025 Bonds.

Effect of Concessionaire Bankruptcies

A bankruptcy of any significant concessionaire at International Airport could also result in delays or reductions in payments on the Series 2025 Bonds, for reasons similar to those discussed above with respect to airline bankruptcies. Regardless of any specific adverse determinations in a concessionaire bankruptcy proceeding, the fact of such a bankruptcy proceeding could have an adverse effect on the liquidity and value of the Series 2025 Bonds.

Effect of County Bankruptcy

The County is able to file for bankruptcy under Chapter 9 of the Bankruptcy Code. A bankruptcy of the County could result in delays or reductions in payments on the Series 2025 Bonds.

Should the County become the debtor in a bankruptcy case, the holders of the Series 2025 Bonds will not have a lien on Revenues received by the County or the Trustee after the commencement of the bankruptcy case unless such revenues constitute “special revenues” within the meaning of the Bankruptcy Code. “Special revenues” are defined to include receipts from the ownership, operation, or disposition of projects or systems that are primarily used to provide transportation services, as well as other revenues or receipts derived from particular functions of the debtor. While the County believes that the Revenues should be treated as special

revenues, no assurance can be given that a court would not find otherwise. If Revenues are not special revenues, there could be delays or reductions in payments on the Series 2025 Bonds. Even if a court determines that Revenues are special revenues, the County will be able to use such revenues to pay operation and maintenance costs of the Airport System, notwithstanding any provision of the Indenture or any other agreement to the contrary.

There may be other possible effects of a bankruptcy of the County that could result in delays or reductions in payments on the Series 2025 Bonds.

Regardless of any specific adverse determinations in a County bankruptcy proceeding, the fact of a County bankruptcy proceeding could have an adverse effect on the liquidity and value of the Series 2025 Bonds.

Concentration of a Single Airline

In Fiscal Year 2023-24, Southwest Airlines accounted for approximately 55% of the total enplaned passengers at International Airport. Where an airport has a significant market share accounted for by a single airline, there is also risk associated with the potential for that airline to reduce or discontinue service. However, in the case of Southwest Airlines at International Airport, this risk is mitigated by the following factors: (i) Southwest Airlines does not operate a connecting hub at International Airport, and the passengers served are primarily origin-destination passengers; (ii) the development of service by Southwest Airlines has demonstrated the level of locally-generated passenger demand that could be served by other airlines at International Airport if Southwest Airlines were to reduce service; and (iii) Southwest Airlines has a proven record, with very few exceptions, of maintaining and increasing service at the airports it serves. However, following the recession of 2008 airlines operating at International Airport, including Southwest Airlines, reduced the number of seats offered to International Airport.

Competition

The other major airports that compete with the Airport System for passengers and cargo traffic are San Francisco International Airport, San Francisco Bay Oakland International Airport and San Jose Mineta International Airport. While the County expects International Airport to continue to be the major air traffic center for the Sacramento area, based on passenger preferences stemming from the Airport System's location and service, there can be no assurance that such passenger preferences will continue and that passengers will not choose to fly from competing airports.

Federal Law Affecting Airport Rates and Charges

In general, federal aviation law requires that airport fees charged to airlines and other aeronautical users be reasonable and that in order to receive federal grant funding, all airport generated revenues must be expended for the capital or operating costs of the airport, the local airport system, or other local facilities owned or operated by the airport owner that are directly and substantially related to air transportation of passengers or property. Pursuant to the requirements of the 1994 Aviation Act the U.S. DOT and FAA have promulgated regulations setting forth an expedited hearing process to be followed in determining the reasonableness of the fees charged to airlines and other aeronautical users.

The County is not aware of any formal dispute involving International Airport over any existing rates and charges. The County believes the rates and charges it imposes upon air carriers, foreign air carriers and other aeronautical users, and the rates and charges methodology utilized for the Airline Agreement, are reasonable and consistent with federal law and applicable FAA regulations.

However, there can be no assurances that one or more airlines will not challenge the compensatory rates established by the County with respect to the Airline Agreement or, if such a challenge were to be brought, that it would not be successful. A successful challenge to the compensatory rates set forth in the Airline Agreement could limit the ability of the County to charge the airlines and other aeronautical rates required by the provisions

of the Indenture and would require the County to increase rates and fees charged to non-aeronautical users, which could have a material adverse impact on the financial condition of the Airport System.

The County can provide no assurances that the operation of the Rate Covenant set forth in the Indenture will not be limited by the requirement of federal law that all aeronautical rates and charges be reasonable. See “–Rate Covenant Not a Guarantee; Failure to Meet Projection.”

Additional Obligations Can Be Issued Without Bondholder Consent

Under the Indenture the County is permitted to issue additional obligations without obtaining any consent from any holder of existing Series 2025 Bonds. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS.” Such newly issued obligations may be junior to, or on a parity with the Series 2025 Bonds, as long as the requirements of the Indenture are satisfied. Any such additional obligations may be secured by the Trust Estate and thus an increased amount of debt will be outstanding, but the amount of collateral for those obligations will not be increased. Certain of the conditions for the issuance of additional obligations relate to financial projections regarding the future operations of the Airport System. The County can provide no assurance that such projections will be achieved. If such projections are not achieved, there may be insufficient Revenues to make the required payments on all of the Series 2025 Bonds, unless airport rates and charges are increased. The County, however, may be unable to increase airport rates and charges as a result of federal law that requires all airport rates and charges to be reasonable. See “INVESTMENT CONSIDERATIONS – Federal Law Affecting Airport Rates and Charges.” Under such circumstances, there could be delays or reductions in payments on the Series 2025 Bonds.

Collateral Can Be Released to the County

Under the Indenture the County is permitted to direct the Trustee to release portions of the Trust Estate to the County, free and clear of the lien of the Indenture, without obtaining any consent from any holder of the Series 2025 Bonds, as long as certain conditions are satisfied. See “SECURITY AND SOURCES OF PAYMENT FOR THE SERIES 2025 BONDS – Released Revenues.” Certain of the conditions for the release of collateral relate to financial projections regarding the future operations of the Airport System. The County can provide no assurance that such projections will be achieved. If such projections are not achieved, there may be insufficient Revenues remaining in the Trust Estate to make the required payments on the Series 2025 Bonds, unless airport rates and charges are increased. The County, however, may be unable to increase airport rates and charges as a result of federal law that requires all airport rates and charges to be reasonable. See “INVESTMENT CONSIDERATIONS – Federal Law Affecting Airport Rates and Charges.” Under such circumstances, there could be delays or reductions in payments on the Series 2025 Bonds.

Unavailability of, or Delay in, Anticipated Funding Sources

As described herein, the County anticipates that funding for the CIP will be provided through internally generated cash flow, PFCs, federal grants, and other sources. See “CAPITAL PROJECTS AND PLANNING” for a description of the financing plan for the CIP. In the event that any of such sources are unavailable for any reason, including unavailability of internally generated cash flow; reduction in the amount of PFC or federal grants available to the Airport System; non-appropriation of, or delay in payment of, federal grants; the inability of the County to issue or sell additional Senior Obligations or Subordinate Obligations if necessary; or any other reason, the CIP could be substantially delayed and financing costs could be higher than projected. There can be no assurances that such circumstances will not materially adversely affect the financial condition or operations of the Airport System.

No assurance can be given that PFC revenues will actually be received in the amounts or at the times contemplated by the County. The amount and timing of receipt of actual PFC revenues are expected to vary depending on actual levels of qualified passenger enplanements at International Airport. In addition, the FAA may terminate the County’s ability to impose PFC revenues, subject to informal and formal procedural safeguards, if (a) PFC revenues are not being used for approved projects in accordance with the FAA’s approval,

the PFC Acts or the regulations promulgated thereunder, or (b) the County otherwise violates the PFC Acts or regulations. The Airport System's authority to impose passenger facility charges may also be terminated if the Airport System violates certain AIP grant assurances and certain provisions of the ANCA and its implementing regulations relating to the implementation of noise and access restrictions for certain types of aircraft. The regulations under ANCA also contain procedural safeguards to ensure that the County's authority to impose passenger facility charges would not be summarily terminated. No assurance can be given that the County's authority to impose passenger facility charges will not be terminated by Congress or the FAA, that the passenger facility charge program will not be modified or restricted by Congress or by the FAA so as to reduce PFC revenues available to the County or that the County will not seek to decrease the amount of the passenger facility charges to be collected.

Impact of Potential Floods

During the severe winter storms in the Sacramento area in 1986, 1997 and 2006, the American River and Sacramento River levee systems carried a record volume of water due to heavy rainfall of long duration. Although these storms caused some flooding in certain areas, the major levee systems that protect properties in the Sacramento area from disaster withstood the record water flows. However, as described below, certain levee systems in the area, including those protecting International Airport, had been determined to provide significantly less protection against flooding than previously thought.

In June 2006, the United States Army Corps of Engineers (the "Corps") stated that, primarily because of under seepage, levees in the Natomas Basin area of the County (which includes International Airport) were no longer certifiable for a 100-year flood event (i.e., a flood event that has a 1% chance of occurrence in any year). In January 2008, the Corps completed additional analysis and concluded that it could not certify the Natomas Basin levee system for a 33-year flood event (i.e., a flood event that has a 3% chance of occurrence in any year). As a result, future development starting after December 2008 in the Natomas Basin was severely limited until the deficiencies in the levee system are corrected. Mandatory flood insurance requirements do not apply to International Airport.

FEMA issued a revised map and designated the area within the Natomas Basin (including the critical operational areas of International Airport, such as runways, taxiways, terminals, and landside facilities) as Zone A99 effective June 16, 2015. According to FEMA, an area designated as Zone A99 has a 1% annual chance of a flood event but ultimately will be protected upon completion of an under-construction federal flood-protection system. The four major requirements for such designation are (a) 50% of the critical improvements to achieve a 100-year level of flood protection have been constructed, (b) 50% of the total cost for such improvements has been expended, (c) 60% of the total cost of the improvements has been appropriated, and (d) 100% of the improvements have been authorized.

On June 10, 2014, President Barack Obama signed the Water Resources Reform and Redevelopment Act ("WRRDA") into law. With respect to the Natomas Basin, the WRRDA directs the Corps to strengthen 24 miles of levees surrounding the Natomas Basin (the "Levee Improvement Project"). The Corps began construction of the Levee Improvement Project in 2017 and the Levee Improvement Project is currently estimated to be complete by 2030. Although no local or state delays have occurred and all federal funding has been secured, the Levee Improvement Project may not be completed in a timely manner. Even though the Natomas Basin has been designated as Zone A99, and progress on the Levee Improvement Project has been made, the Natomas Basin (which includes International Airport) will not be outside of a 100-year flood zone until certain levee improvements are completed.

Flooding of the Sacramento area could result in significant damage to International Airport or to a shutdown of International Airport operations which could materially adversely affect the financial condition or operations of the Airport System and the ability of the County to generate Net Revenues in the amounts required by the Indenture.

Impact of Potential Earthquakes

Generally, seismic activity occurs on a regular basis within the State. Periodically, the magnitude of a single seismic event can cause significant ground shaking and potential damage to property located at or near the center of such seismic activity. A serious earthquake could result in damage within the County and to roads, bridges, and other property, including International Airport. Damage to International Airport could include pavement displacement (which could, in the worst case, necessitate the closing of one or more runways for extended periods of time), distortions of pavement grades, breaks in utility, loss of water supply, drainage and sewage lines, displacement or collapse of buildings, rupture of gas and fuel lines, and collapse of levees adjacent to International Airport with consequential flooding. The facilities of the Airport System were each designed to the seismic standards existing at the later of the time of original construction or renovation. However, there can be no assurances that damage resulting from an earthquake will not materially adversely affect the financial condition or operations of the Airport System or the ability of the County to generate Net Revenues in the amounts required by the Indenture.

Cybersecurity

The operational impact of a major security incident or technology related events could significantly impact the Airport System's ability to operate. Airlines serving the Airport System, other Airport tenants, the Federal Aviation Administration, and the Transportation Security Administration also face cybersecurity threats that could affect their operations and finances. A single significant cybersecurity incident could result in a range of potentially material negative consequences for International Airport including: injury to persons or property; unauthorized access to, disclosure, modification, misuse, loss or destruction of systems or data; theft of sensitive regulated or confidential data, such as personal identifying information; the loss of functionality of critical systems through ransomware, denial of service or other attacks; flight and business delays, or flight cancellations; service or system disruptions; damage to equipment; and loss of revenue from parking, concessionaires, and other sources.

In addition, national and international air traffic and airline systems and operations (including reservation systems) are highly dependent on technology, and are highly interconnected. Technology related adverse events can result from a variety of factors, including malicious actors or technology provider updates. Such interruptions can spread quickly throughout national and international air traffic and airline systems and operations, impacting many airports and/or airlines. Such events can be material and adverse and result in material travel system impacts and/or financial losses.

Climate Change Issues

Climate change concerns have led to new laws and regulations at the federal and State levels that could have a material adverse effect on the County's operations and on airlines operating at International Airport. The U.S. Environmental Protection Agency (the "EPA") has taken steps towards the regulation of greenhouse gas ("GHG") emissions under existing federal law. Those steps may in turn lead to further regulation of aircraft GHG emissions. On December 14, 2009, the EPA made an "endangerment and cause or contribute finding" under the Clean Air Act, codified at 40 C.F.R.1. In the finding, the EPA determined that the body of scientific evidence supported a finding that six identified GHGs – carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride – cause global warming, and that global warming endangers public health and welfare. The EPA also found that GHGs are a pollutant and that GHG emissions from motor vehicles cause or contribute to air pollution. This finding requires that the EPA regulate emissions of certain GHGs from motor vehicles. The Clean Air Act regulates aircraft emissions under provisions that are parallel to the requirements for motor vehicle emissions. Accordingly, the EPA may elect or be forced by the courts to regulate aircraft emissions as a result of this endangerment finding. While the EPA has not yet taken any action to regulate GHG emissions from aircraft, regulation may still be forthcoming. On July 5, 2011, the U.S. District Court for the District of Columbia issued an order concluding that the EPA has a mandatory obligation under the Clean Air Act to consider whether the greenhouse gas and black carbon emissions of aircraft engines endanger public health and welfare. The EPA is in the process of making its required determinations.

The County cannot predict what the EPA's findings will be or what effect they will have on the Airport System or the air traffic at International Airport.

In addition to these regulatory actions, other laws and regulations limiting GHG emissions have been adopted by a number of states, including California, and have been proposed on the federal level. California passed Assembly Bill 32, the California Global Warming Solutions Act of 2006 ("AB 32"), which requires the statewide level of GHGs to be reduced to 1990 levels by 2020. On October 20, 2011, the California Air Resources Board ("CARB") made the final adjustments to its implementation of AB 32: the California cap-and-trade program (the "California Cap-and-Trade Program"). The Airport System's annual metric tons of carbon dioxide equivalent emissions does not currently exceed 25,000 metric tons and therefore the County is not required to participate in the California Cap-and-Trade Program with respect to the Airport System.

The County is unable to predict what Federal and/or state laws and regulations with respect to GHG emissions will be adopted, or what effects such laws and regulations will have on airlines serving the Airport System or on Airport System operations. The effects, however, could be material.

Internal Revenue Service Audits

The Internal Revenue Service ("IRS") is engaged in an ongoing program of auditing tax-exempt obligations to determine whether interest on such tax-exempt obligations is properly excludable from the gross income of the owners thereof for federal income tax purposes. In the course of such audits, the IRS has on occasion concluded that such bond issues did not satisfy the conditions of tax-exempt status, but has agreed not to tax interest paid to owners of the audited bonds provided that the issuer or the conduit borrower enters into a closing agreement with the IRS under which a sometimes substantial payment is made to the IRS. If the IRS opens an audit of the Series 2025 Bonds, such audit may have an adverse impact on their marketability and price (regardless of the ultimate outcome of the audit).

LITIGATION

There is no litigation now pending against the County or, to the knowledge of its respective officers, threatened, seeking to restrain or enjoin the issuance, sale, execution or delivery of the Series 2025 Bonds or in any way contesting or affecting the validity of the Series 2025 Bonds or any proceedings of the County taken with respect to the issuance or sale thereof, or the pledge or application of any moneys or security provided for the payment of the Series 2025 Bonds or the use of the Series 2025 Bond proceeds.

There are a number of litigation matters pending against the County for incidents at the Airport System. These claims and suits are of a nature usually incident to the operation of the Airport System and, in the aggregate, in the opinion of the management of the Airport System, based upon the advice of the County Counsel, will not have a material adverse effect on the Net Revenues of the Airport System or financial condition or operations of the Airport System. It should be noted that a significant portion of the claims relating to personal injuries and property damage are covered by a comprehensive insurance program maintained by the County for the Airport System.

RATINGS

The Series 2025 Senior Bonds have been assigned ratings of "A2" and "A+," respectively, by Moody's Investors Service Inc. ("Moody's") and S&P Global Ratings, a division of Standard & Poor's Financial Services LLC ("S&P").

The Series 2025 Subordinate Bonds have been assigned underlying ratings of "A3" and "A," respectively, by Moody's and S&P. Moody's and S&P are expected to assign the insured ratings of "A1" and "AA", respectively, to the Series 2025 Subordinate Bonds, with the understanding that the Bond Insurer will issue the Policy concurrently with the delivery of the Series 2025 Subordinate Bonds.

Certain information was supplied by the County to such rating agencies to be considered in evaluating the Series 2025 Bonds. The ratings reflect only the views of the rating agencies and any explanation of the significance of such ratings may be obtained only from such rating agencies. There is no assurance that the ratings will remain in effect for any given period of time or that they will not be revised downward or withdrawn entirely by such rating agencies, or any of them, if, in their respective judgment, circumstances so warrant. Any downward revision or withdrawal of any rating may have an adverse effect on the market price of the Series 2025 Bonds.

TAX MATTERS

In the opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the County, based upon an analysis of existing laws, regulations, rulings and court decisions, and assuming, among other matters, the accuracy of certain representations and compliance with certain covenants, interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the “Code”), except that no opinion is expressed as to the status of interest on any Series 2025A Senior Bond, Series 2025C Senior Bond, Series 2025D Subordinate Bond or Series 2025F Subordinate Bond (the “Private Activity Bonds”) for any period that such Private Activity Bond is held by a “substantial user” of the facilities financed or refinanced by such Private Activity Bond or by a “related person” within the meaning of Section 147(a) of the Code. Bond Counsel is of the further opinion that interest on the Series 2025B Senior Bonds, Series 2025C Senior Bonds, Series 2025E Subordinate Bonds and Series 2025F Subordinate Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. Bond Counsel observes that interest on the Series 2025A Senior Bonds and the Series 2025D Subordinate Bonds is a specific preference item for purposes of the federal individual alternative minimum tax and interest on the Series 2025 Bonds included in adjusted financial statement income of certain corporations is not excluded from the federal corporate alternative minimum tax. Bond Counsel is also of the opinion that interest on the Series 2025 Bonds is exempt from State of California personal income taxes. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual, or receipt of interest on, the Series 2025 Bonds. Complete copies of the proposed forms of the opinions of Bond Counsel are set forth in APPENDIX F—“PROPOSED FORMS OF BOND COUNSEL OPINIONS” hereto.

To the extent the issue price of any maturity of the Series 2025 Bonds is less than the amount to be paid at maturity of such Series 2025 Bonds (excluding amounts stated to be interest and payable at least annually over the term of such Series 2025 Bonds), the difference constitutes “original issue discount,” the accrual of which, to the extent properly allocable to each Beneficial Owner thereof, is treated as interest on the Series 2025 Bonds which is excluded from gross income for federal income tax purposes and exempt from State of California personal income taxes. For this purpose, the issue price of a particular maturity of the Series 2025 Bonds is the first price at which a substantial amount of such maturity of the Series 2025 Bonds is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). The original issue discount with respect to any maturity of the Series 2025 Bonds accrues daily over the term to maturity of such Series 2025 Bonds on the basis of a constant interest rate compounded semiannually (with straight-line interpolations between compounding dates). The accruing original issue discount is added to the adjusted basis of such Series 2025 Bonds to determine taxable gain or loss upon disposition (including sale, redemption, or payment on maturity) of such Series 2025 Bonds. Beneficial Owners of the Series 2025 Bonds should consult their own tax advisors with respect to the tax consequences of ownership of Series 2025 Bonds with original issue discount, including the treatment of Beneficial Owners who do not purchase such Series 2025 Bonds in the original offering to the public at the first price at which a substantial amount of such Series 2025 Bonds is sold to the public.

Series 2025 Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) (“Premium Bonds”) will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Premium Bonds, the interest on which is excluded from gross income for federal income tax purposes. However, the amount of tax-exempt interest received, and a Beneficial Owner’s basis in a Premium Bond, will be reduced by the amount of amortizable bond premium properly allocable to such

Beneficial Owner. Beneficial Owners of Premium Bonds should consult their own tax advisors with respect to the proper treatment of amortizable bond premium in their particular circumstances.

The Code imposes various restrictions, conditions and requirements relating to the exclusion from gross income for federal income tax purposes of interest on obligations such as the Series 2025 Bonds. The County has made certain representations and covenanted to comply with certain restrictions, conditions and requirements designed to ensure that interest on the Series 2025 Bonds will not be included in federal gross income. Inaccuracy of these representations or failure to comply with these covenants may result in interest on the Series 2025 Bonds being included in gross income for federal income tax purposes, possibly from the date of original issuance of the Series 2025 Bonds. The opinion of Bond Counsel assumes the accuracy of these representations and compliance with these covenants. Bond Counsel has not undertaken to determine (or to inform any person) whether any actions taken (or not taken), or events occurring (or not occurring), or any other matters coming to Bond Counsel's attention after the date of issuance of the Series 2025 Bonds may adversely affect the value of, or the tax status of interest on, the Series 2025 Bonds. Accordingly, the opinion of Bond Counsel is not intended to, and may not, be relied upon in connection with any such actions, events or matters.

Although Bond Counsel is of the opinion that interest on the Series 2025 Bonds is excluded from gross income for federal income tax purposes and is exempt from State of California personal income taxes, the ownership or disposition of, or the accrual or receipt of amounts treated as interest on, the Series 2025 Bonds may otherwise affect a Beneficial Owner's federal, state or local tax liability. The nature and extent of these other tax consequences depends upon the particular tax status of the Beneficial Owner or the Beneficial Owner's other items of income or deduction. Bond Counsel expresses no opinion regarding any such other tax consequences.

Current and future legislative proposals, if enacted into law, clarification of the Code or court decisions may cause interest on the Series 2025 Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or to be subject to or exempted from state income taxation, or otherwise prevent Beneficial Owners from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals or clarification of the Code or court decisions may also affect, perhaps significantly, the market price for, or marketability of, the Series 2025 Bonds. Prospective purchasers of the Series 2025 Bonds should consult their own tax advisors regarding the potential impact of any pending or proposed federal or state tax legislation, regulations or litigation, as to which Bond Counsel expresses no opinion.

The opinion of Bond Counsel is based on current legal authority, covers certain matters not directly addressed by such authorities, and represents Bond Counsel's judgment as to the proper treatment of the Series 2025 Bonds for federal income tax purposes. It is not binding on the Internal Revenue Service ("IRS") or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the County, or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof or the enforcement thereof by the IRS. The County has covenanted, however, to comply with the requirements of the Code.

Unless separately engaged, Bond Counsel is not obligated to defend the County or the Beneficial Owners regarding the tax-exempt status of the Series 2025 Bonds in the event of an audit examination by the IRS. Under current procedures, Beneficial Owners would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the County legitimately disagrees, may not be practicable. Any action of the IRS, including but not limited to selection of the Series 2025 Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Series 2025 Bonds, and may cause the County or the Beneficial Owners to incur significant expense.

Payments on the Series 2025 Bonds generally will be subject to U.S. information reporting and possibly to "backup withholding." Under Section 3406 of the Code and applicable U.S. Treasury Regulations issued thereunder, a non-corporate Beneficial Owner of Series 2025 Bonds may be subject to backup withholding with

respect to “reportable payments,” which include interest paid on the Series 2025 Bonds and the gross proceeds of a sale, exchange, redemption, retirement or other disposition of the Series 2025 Bonds. The payor will be required to deduct and withhold the prescribed amounts if (i) the payee fails to furnish a U.S. taxpayer identification number (“TIN”) to the payor in the manner required, (ii) the IRS notifies the payor that the TIN furnished by the payee is incorrect, (iii) there has been a “notified payee underreporting” described in Section 3406(c) of the Code or (iv) the payee fails to certify under penalty of perjury that the payee is not subject to withholding under Section 3406(a)(1)(C) of the Code. Amounts withheld under the backup withholding rules may be refunded or credited against a Beneficial Owner’s federal income tax liability, if any, provided that the required information is timely furnished to the IRS. Certain Beneficial Owners (including among others, corporations and certain tax-exempt organizations) are not subject to backup withholding. The failure to comply with the backup withholding rules may result in the imposition of penalties by the IRS.

LEGAL MATTERS

The validity of the Series 2025 Bonds and certain other legal matters are subject to the approving opinion of Orrick, Herrington & Sutcliffe LLP, Bond Counsel to the County. Complete copies of the proposed forms of the Bond Counsel opinions are contained in Appendix F. Certain matters will be passed upon on behalf of the County by the Sacramento County Counsel, and by Stradling Yocca Carlson & Rauth LLP, its Disclosure Counsel, and on behalf of the Underwriters by their counsel, Kutak Rock LLP. Bond Counsel, Disclosure Counsel and Underwriters’ counsel have not undertaken any responsibility for the accuracy, completeness or fairness of this Official Statement. Fees of Disclosure Counsel and Underwriters’ counsel are contingent in whole or in part of the issuance of the Series 2025 Bonds.

CONTINUING DISCLOSURE

The County has covenanted for the benefit of owners of the Series 2025 Bonds to provide certain financial information and operating data relating to the County and the Airport System by not later than seven months after the end of the County’s Fiscal Year in each year, commencing with the report for Fiscal Year 2024-25 (the “Annual Report”) and to provide notices of the occurrence of certain enumerated events. The Annual Report and notices of events will be filed by the County electronically with the EMMA system. These covenants have been made in order to assist the Underwriters in complying with Securities Exchange Commission Rule 15c2-12(b)(5) (the “Rule”). The specific nature of the information to be contained in the Annual Report or the notices of events by the County to provide certain information is summarized in APPENDIX E - “FORM OF CONTINUING DISCLOSURE CERTIFICATE.”

Within the last five years, the County has been subject to prior continuing disclosure undertakings entered into pursuant to the Rule (the “Prior Continuing Disclosure Undertakings”). In 2021, while the County timely filed notice of a ratings upgrade with respect to its outstanding pension obligation bonds, such notice was not initially properly linked with all relevant CUSIPs. In addition, in the last five years in three different instances (one instance for a filing for the Public Financing Authority for Tax Allocation Bonds, and two different community facilities bond issuances) the County made continuing disclosure filings in a timely manner, but failed to include certain required information. The County has subsequently amended the each of the four filings to include the data.

The County has engaged Digital Assurance Corporation to assist in compliance with continuing disclosure requirements.

MUNICIPAL ADVISOR

PFM Financial Advisors LLC is employed as Municipal Advisor to the County in connection with the issuance of the Series 2025 Bonds. The Municipal Advisor’s fee for services rendered with respect to the sale of the Series 2025 Bonds is contingent upon the issuance and delivery of the Series 2025 Bonds. PFM Financial Advisors LLC, in its capacity as Municipal Advisor, does not assume any responsibility for the information, covenants and representations contained in any of the legal documents with respect to the federal income tax

status of the Series 2025 Bonds, or the possible impact of any present, pending or future actions taken by any legislative or judicial bodies. The Municipal Advisor to the County has provided the following sentence for inclusion in this Official Statement. The Municipal Advisor has reviewed the information in this Official Statement in accordance with, and as part of, its responsibilities to the County and, as applicable, to investors under the federal securities laws as applied to the facts and circumstances of this transaction, but the Municipal Advisor does not guarantee the accuracy or completeness of such information.

UNDERWRITING

BofA Securities, Inc., as representative of the Underwriters set forth on the cover page hereof (the “Underwriters”), has agreed, subject to certain conditions, to purchase the Series 2025 Bonds at a price of \$518,839,820.38 (which is equal to the aggregate principal amount of the Series 2025 Bonds of \$499,730,000.00, plus original issue premium of \$ 20,230,167.00, and less an underwriters’ discount of \$1,120,346.62). The purchase contract relating to the Series 2025 Bonds provides that the Underwriters will purchase all Series 2025 Bonds if any are purchased. The Series 2025 Bonds may be offered and sold by the Underwriters to certain dealers and others at prices lower than the public offering prices of the Series 2025 Bonds, and such public offering prices may be changed, from time to time, by the Underwriters.

The Underwriters have provided the following paragraphs for inclusion in the Official Statement:

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. The Underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various investment banking services for the County for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the County.

BofA Securities, Inc., an underwriter of the Series 2025 Bonds, has entered into a distribution agreement with its affiliate Merrill Lynch, Pierce, Fenner & Smith Incorporated (“MLPF&S”). As part of this arrangement, BofA Securities, Inc. may distribute securities to MLPF&S, which may in turn distribute such securities to investors through the financial advisor network of MLPF&S. As part of this arrangement, BofA Securities, Inc. may compensate MLPF&S as a dealer for their selling efforts with respect to the Series 2025 Bonds.

In addition to its role as Representative of the Underwriters for the Series 2025 Bonds, BofA Securities, Inc. is serving as Dealer Manager for the Invitation. The Dealer Manager has entered into a Dealer Manager Agreement with the County pursuant to which BofA Securities, Inc. will act as the exclusive Dealer Manager with respect to the Invitation and under which the Dealer Manager will be compensated in an amount equal to a percentage of the aggregate principal amount of Target Bonds tendered and accepted by the County for cash purchase.

Morgan Stanley & Co. LLC, an underwriter of the Series 2025 Bonds, has entered into a retail distribution arrangement with its affiliate Morgan Stanley Smith Barney LLC. As part of this arrangement, Morgan Stanley & Co. LLC may distribute municipal securities to retail investors through the financial advisor network of Morgan Stanley Smith Barney LLC. As part of this arrangement, Morgan Stanley & Co. LLC may compensate Morgan Stanley Smith Barney LLC for its selling efforts with respect to the Series 2025 Bonds.

FINANCIAL STATEMENTS

The audited financial statements of the County set forth in Appendix B in the Annual Comprehensive Financial Report for Fiscal Year Ended June 30, 2024 have been examined by Macias Gini & O'Connell LLP, independent certified public accountants, for the periods indicated and to the extent set forth in their report thereon and should be read in their entirety. Macias Gini & O'Connell LLP, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Macias Gini & O'Connell LLP also has not performed any procedures relating to this Official Statement.

The finances of the Airport System are reported as an "enterprise fund" in the Annual Comprehensive Financial Report of the County. The Annual Comprehensive Financial Report also contains information with respect to the County's General Fund, other enterprise funds, and other funds. The principal, or redemption price, of and interest on the Series 2025 Bonds are payable solely from the Trust Estate pledged for the payment thereof, and the inclusion of information relating to the General Fund, other enterprise funds, and other funds in the Annual Comprehensive Financial Report of the County does not create any implication that any of such other funds are available for payment of the Series 2025 Bonds.

MISCELLANEOUS

The foregoing summaries or descriptions of provisions in the Indenture and Rate Ordinance, and all references to other materials not purporting to be quotations in full, are only brief outlines of certain provisions thereof and do not constitute complete statements of such documents or provisions. Reference is thereby made to the complete documents relating to such matters for further information. Copies of the Indenture and the Rate Ordinance are available from the office of the County Counsel.

Any statement made in this Official Statement indicated to involve matters of opinion or estimates are represented as opinions or estimates in good faith. No assurance can be given, however, that the facts will materialize as so opined or estimated.

This Official Statement has been duly authorized and approved by the County and duly executed and delivered on its behalf by the officials signing below.

COUNTY OF SACRAMENTO

APPENDIX A

AIRPORT CONSULTANT REPORT

[THIS PAGE INTENTIONALLY LEFT BLANK]

July 18, 2025

Ms. Cindy Nichol
Director of Airports
Sacramento County Department of Airports
6900 Airport Boulevard
Sacramento, CA 95837

RE: Airport Consultant Report
Sacramento County
Airport System Revenue Bonds, Series 2025

Dear Ms. Nichol:

This Letter of the Airport Consultant (2025 Letter) serves to reaffirm the findings from Ricondo & Associates, Inc.'s (Ricondo's) Report of the Airport Consultant, dated September 10, 2024 (2024 Report), with consideration of new information and developments since the 2024 Report. The 2024 Report was prepared in connection with the issuance of the County of Sacramento Airport System Senior Revenue Bonds, Series 2024 (Non-AMT) (the Series 2024 Bonds).

This 2025 Letter is for inclusion as Appendix A in the Official Statement for the anticipated County of Sacramento Airport System Senior Revenue Bonds, Series 2025A (AMT) and Subordinate Revenue Bonds, Series 2025D (AMT) (the Series 2025 Bonds).

The 2024 Report described findings, assumptions, forecasts, and projections related to the air traffic and financial analyses developed by Ricondo in conjunction with the issuance of the Series 2024 Bonds by the County of Sacramento (County), which, through the County's Department of Airports (the Department), owns and operates Sacramento International Airport (SMF or the Airport), Sacramento Mather Airport (MHR), and Franklin Field (F72). The Department also operates Sacramento Executive Airport (SAC), which the County leases from the City of Sacramento. Collectively, the four airports are referred to as the Airport System. This 2025 Letter, based on the findings of the 2024 Report and the updated information in connection with the County's planned issuance of the Series 2025 Bonds contained herein, serves to reaffirm the overall conclusions Ricondo made in the 2024 Report regarding the County's ability to comply with the Rate Covenant established in the Master Indenture of Trust, and the reasonableness of the resulting projected airline costs. Unless specifically defined in this 2025 Letter or the 2024 Report, all capitalized terms in this 2025 Letter have the meanings assigned to such terms in the Master Indenture of Trust, the Official Statement for the Series 2025 Bonds, or the airline use and lease agreements authorized by the County.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

The Series 2025 Bonds

In connection with the issuance of the 2025 Bonds, the County may issue one or more series of bonds in accordance with offers to tender certain outstanding bonds. Any tendered bonds are assumed to result in net savings and annual debt service would be equal to or less than existing debt service. For this 2025 Letter, such debt service is therefore not included in this financial analysis and reference to the Series 2025 Bonds means only the new money portion of the bonds. The Series 2025 Bonds will be issued pursuant to the Master Indenture of Trust by and between the County and the Bank of New York Mellon Trust Company, N.A. (Trustee), dated as of May 1, 2008, as amended and supplemented, including as supplemented by the Thirteenth Supplemental Indenture of Trust (Indenture) dated as of August 1, 2025. The County is expected to use the proceeds from the sale of the Series 2025 Bonds, together with other available funds, to:

- i. finance a portion of the Series 2025 Projects, as defined herein,
- ii. fund the Debt Service Reserve Fund,
- iii. fund capitalized interest of the Series 2025 Bonds, and
- iv. pay costs and expenses incidental thereto and to the issuance of the Series 2025 Bonds.

The Indenture debt service coverage covenants, flow of funds, and additional bond requirements remain as summarized in Section 1.1 of the 2024 Report.

Table 1 presents the estimated sources, uses, and key assumptions for the Series 2025 Bonds. For purposes of the financial analysis in this 2025 Letter, the County's Municipal Advisor made the following assumptions for the Series 2025 Bonds, including an interest rate based on market rates as of May 27, 2025, plus an additional 50 basis point cushion.

TABLE 1 SERIES 2025 BONDS ESTIMATED SOURCES AND USES AND KEY ASSUMPTIONS

	SERIES 2025A BONDS (AMT)	SERIES 2025D BONDS (AMT)	TOTAL
Sources			
Par Amount of Bonds	\$328,955,000	\$96,265,000	\$425,220,000
Original Issue Premium	\$2,452,460	\$301,167	\$2,753,627
Total Sources of Funds at Closing	\$331,407,460	\$96,566,167	\$427,973,627
Uses			
Construction Account Deposit	\$252,861,754	\$78,292,500	\$331,154,242
Capitalized Interest Deposit	\$58,780,182	\$17,922,453	\$76,702,635
Debt Service Reserve Fund Deposit	\$18,567,179	\$0	\$18,567,179
Cost of Issuance	\$1,198,358	\$351,214	\$1,549,572
Total Uses of Funds at Closing	\$331,407,460	\$96,566,167	\$427,973,627
True Interest Cost	5.57%	5.61%	5.58%

NOTES:

Amounts are preliminary and subject to change.

Totals may not add due to rounding.

Amounts reflect only new money issuance.

SOURCE: PFM Financial Advisors, LLC, July 2025.

Purpose of the 2025 Letter of the Airport Consultant

This 2025 Letter provides a summary of relevant information and developments that have become available since the 2024 Report was prepared, including information regarding the Series 2025 Bonds. This 2025 Letter also includes updated data related to the Airports regarding ongoing and future capital projects, the economic base for air transportation, air traffic, and financial operations (including actual debt service on the Series 2024 Bonds and anticipated debt service on the Series 2025 Bonds and future debt).

Ricondo prepared the 2024 Report and this 2025 Letter for the stated purposes as expressly set forth therein and for the sole use of the County and its intended recipients. The 2024 Report and this 2025 Letter should be read in their entirety for an understanding of the analysis, assumptions, and opinions presented. The 2024 Report was included as Appendix A in the Official Statements for the issuance of the Series 2024 Bonds and is attached to this 2025 Letter for reference as **Attachment 2**.¹ The 2024 Report incorporated debt service projections associated with the Series 2024 Bonds, as well as future bonds assumed to be issued during the Projection Period (through Fiscal Year [FY]² 2030).

On the basis of the updated analysis set forth in this 2025 Letter, Ricondo reaffirms its opinion that the Revenues generated by the Airport System each year of the Projection Period are expected to be sufficient to comply with the Rate Covenant established in the Indenture and that the resulting projected airline costs should remain reasonable.

Table 2 summarizes key updates and findings by subject matter since the 2024 Report that support Ricondo's conclusion.

The techniques and methodologies used by Ricondo in preparing this 2025 Letter are consistent with industry practices for similar studies prepared in connection with the sale of airport revenue bonds. While Ricondo believes that the approach and assumptions are reasonable, some assumptions regarding future trends and events set forth in this 2025 Letter, including the implementation schedule, enplaned passenger activity, and the projection of financial performance, may not materialize. Achievement of the forecasts presented in this 2025 Letter, therefore, is dependent on the occurrence of future events, which cannot be assured, and the variations may be material. Therefore, actual performance will likely differ from the projections and forecasts set forth in this 2025 Letter, and the variations may be material. In developing its analysis, Ricondo used information from various sources, including the County, the Municipal Advisor, federal and local governmental agencies, and independent private providers of economic and aviation industry data, as identified in this 2025 Letter and the 2024 Report. The analysis presented is based on conditions known as of the date of this 2025 Letter. Ricondo has no obligation to update this 2025 Letter on an ongoing basis.

¹ **Attachment 1**, provided directly following the Updated Financial Analysis in this 2025 Letter, consists of updated financial projection tables consistent with Appendix A of the 2024 Report.

² The County's Fiscal Year ends June 30.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

Furthermore, current forecasts do not account for potential economic changes associated with US or other government economic policy, trade initiatives, and geopolitical issues, or potential impacts on air travel. At the time of this 2025 Letter, US federal policies and actions related to these subjects are under development and impacts are uncertain. Future economic conditions and affected forecasts are subject to change in both the near-term and the long-term.

TABLE 2 SUMMARY OF KEY CHANGES SINCE PREPARATION OF 2024 REPORT

(Fiscal Years Ending June 30)

FINANCIAL ANALYSIS VARIABLES		
	CHANGE(S) SINCE 2024 REPORT	ESTIMATED IMPACT OF CHANGE(S) TO OVERALL/KEY FINANCIAL RESULTS
Airport Capital Program	Changed from approximately \$1.7 billion to approximately \$1.8 billion, due to adjustments to estimated project costs, particularly the Concourse B Expansion project, which now includes BHS upgrades to Terminal B.	No material impact. Financial analysis reflects the updated Capital Program and its related impacts.
Economic Base for Air Transportation	Moderate economic growth is expected to continue nationwide, although at a slightly lower rate. National and local unemployment rates have increased, but the current short-term (1-3 years) unemployment rate projections for the nation are not materially different. The current short-term projections of GDP growth rates are slightly higher than previously reported.	No material impact.
Air Traffic Projections	Slight adjustments to short-term projections reflect the current flight schedules and the latest reported activity. A sensitivity analysis that assumes a lower activity level was developed and included for purposes demonstrating financial results.	No material impact.
Operating Expenses	Projections are based on the budgeted FY 2026 Operating Expenses rather than the Estimated FY 2024 Operating Expenses and show a 26.9% increase due to increases in salaries and benefits, and professional and contractual services. Additional increases account for the potential impacts of SMForward projects. Projection methodology remains unchanged.	Increase in budgeted Operating Expenses in FY 2026 of approximately 11.0% over projected annual Operating Expenses from the 2024 Report. The allocation of increased Operating Expenses attributable to airline cost centers contributed to increases in CPE.
Nonairline Revenues	Projections are based on the budgeted FY 2026 nonairline revenues rather than estimated FY 2024 nonairline revenues and show an increase of approximately 4.9%. Projection methodology remains unchanged.	No material impact. Projected nonairline revenues are similar to nonairline revenues projected in the 2024 Report.
Debt Service	Debt service updated to reflect actual Series 2024 Bonds debt service, revised 2025 TIFIA Loan, proposed Series 2025 Bonds, and estimated future bonds.	Increase in total debt service to be paid with revenues of approximately \$6.7 million by FY 2030 compared to the 2024 Report.
Projected CPE	Compared with the 2024 Report, the CPE for SMF averages approximately \$2.90 higher through the Projection Period, reflecting updates described in this table.	The CPE remains reasonable during the Projection Period.
Projected Debt Service Coverage Ratio	Debt service coverage ratios from FY 2026 through FY 2030 are lower compared with the 2024 Report which reflects the updates described in this table. Increases in debt service and Operating Expenses contribute to generally lower debt service coverage through the Projection Period compared to the 2024 Report.	Debt service coverage ratios are approximately 0.01x higher in FY 2030 compared to the 2024 Report. Debt service coverage ratios continue to exceed the minimum requirements during each year of the Projection Period.

Airport System Capital Program Update

As described in Chapter 3 of the 2024 Report, the largest development components of the Airport System Capital Program are related to the *SMForward* program for SMF. Since the 2024 Report, certain elements of the Capital Program have been revised to reflect an updated project list, continued implementation of certain projects, and revised costs and funding for certain projects. The current Capital Program includes a project cost estimate of approximately \$1.8 billion, as compared to approximately \$1.7 billion in the 2024 Report. Key differences between the Capital Program in the 2024 Report and the 2025 Letter include the following:

- The Concourse B Expansion project is currently estimated to cost \$390 million compared to \$250 million in the 2024 Report. The increased project cost reflects additional scope, now including improvements to the Terminal B Baggage Handling System (BHS). Compared to the 2024 Report, the increased project scope translates to an additional \$34.3 million in Passenger Facility Charge (PFC) revenue funding and \$105.8 million in additional bond proceeds. The 2024 Report anticipated a portion of the Concourse B Expansion project to potentially include funding through a future Transportation Infrastructure Finance and Innovation Act (TIFIA) loan. As of the date of this 2025 Letter, the County has decided not to pursue a future TIFIA loan for the project, with anticipated loan proceeds now included in proceeds from the 2025 Bonds.
- In the 2024 Report, the Terminal A Expansion project was noted to potentially include larger ticket counter areas and the BHS at an estimated cost of \$50 million. The project is currently anticipated to only include an upgrade of the BHS at an estimated cost of \$25 million, reducing anticipated bond proceeds.
- In the 2024 Report, the new consolidated Ground Transportation Center (GTC) was included in the future Series 2025 Bonds (\$50 million in bond proceeds). The GTC project would replace the existing GTC facilities at Terminal A and Terminal B. The Department is currently reevaluating the need for this project. For purposes of this 2025 Letter, the GTC project has been moved to Phase 3 of the *SMForward* program with estimated completion in June 2029 (FY 2029) and is assumed to be funded entirely with future Senior Obligations.
- Among other SMF projects, ground transportation projects are currently estimated to cost approximately \$132.9 million, up from approximately \$101.7 million in the 2024 Report, primarily due to the planned acquisition of shuttle buses totaling approximately \$24.5 million. These projects are anticipated to be funded with Department funds.

All other elements remain generally consistent with the Capital Program in the 2024 Report in terms of projects, costs, funding sources, and schedule. **Table 3** summarizes the current Capital Program sources and uses. Table A-1 in Attachment 1 presents the included Capital Program in greater detail, similar to Table 3-1 of the 2024 Report. Additional details regarding the Capital Program can be found in Chapter 3 of the 2024 Report.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

TABLE 3 AIRPORT CAPITAL PROGRAM COST AND FUNDING SOURCES (IN THOUSANDS)

PROJECT NAME	ESTIMATED COST	DEPART- MENT FUNDS	FEDERAL/ STATE GRANTS ¹	PFC/CFC REVENUE ²	SERIES 2024 BONDS	PROPOSED SERIES 2025 BONDS ³	FUTURE BONDS	2025 TIFIA LOAN ⁴
SMForward Projects	\$1,400,000	\$0	\$74,889	\$439,103	\$468,837	\$331,154	\$50,000	\$36,016
Other SMF Projects	\$318,984	\$280,241	\$38,743	\$0	\$0	\$0	\$0	\$0
Other Airports	\$114,774	\$75,314	\$39,460	\$0	\$0	\$0	\$0	\$0
TOTAL CAPITAL PROGRAM⁵	\$1,833,758	\$355,555	\$153,092	\$439,103	\$468,837	\$331,154	\$50,000	\$36,016

NOTES:

CFC – Customer Facility Charge; PFC – Passenger Facility Charge; SMF – Sacramento International Airport; TIFIA – Transportation Infrastructure Finance and Innovation Act

Totals may not sum due to rounding.

1 Funding for SMForward projects include Infrastructure Investment and Jobs Act grants. Funding for Other SMF Projects and Other Airports comprises Airport Improvement Program grants and state grants.

2 PFC funding is for the Pedestrian Walkway and Concourse B Expansion. CFC funding is for the Consolidated Rental Car Center.

3 Series 2025 Bond proceeds include Series 2025A Senior Bonds (\$252.9 million in proceeds) and Series 2025D Subordinate Bonds (\$78.3 million in proceeds). The County intends to use PFC revenues to pay principal and interest on the Series 2025D Subordinate Bonds.

4 TIFIA funding for the Pedestrian Walkway closed January 7, 2025 (the 2025 TIFIA Loan). The County intends to use PFC revenues to pay principal and interest on the 2025 TIFIA Loan.

5 Total Capital Program included in the financial analysis for the 2025 Letter.

SOURCE: Sacramento County Department of Airports, July 2025.

Certain SMForward projects were partially funded with proceeds of the Series 2024 Bonds, as described in the 2024 Report. Of these projects, the County has determined that the Pedestrian Walkway (\$140.0 million) and Terminal A Exit Roadway (\$15.0 million) are estimated to be completed on budget, and the Terminal B Parking Garage (\$390.0 million) is estimated to be completed under budget.

Proceeds from the Series 2025 Bonds are anticipated to fund, in whole or in part, the following SMForward projects (the Series 2025 Projects). Additional details regarding these projects are included in Section 3.2 of the 2024 Report.

- **Concourse B Expansion (Series 2025 Bonds proceeds: \$306.2 million)** – Gate positions and associated infrastructure will be added to Concourse B to increase capacity. In addition, this project will address BHS components in Terminal B, including the replacement of baggage make-up sort piers with carousels, and the addition of baggage claim carousels. The project will also include adjacent apron and taxiway improvements and support the future activation of the expanded fuel hydrant loop system. The overall project is estimated to be completed in December 2028 (FY 2029).
- **Terminal A Baggage Handling System (Series 2025 Bonds proceeds: \$25.0 million)** – This project includes improvements to the outbound BHS, including system controls, high-speed diverters, vertical sorting units, and high-capacity diverters. Project completion is estimated for June 2027 (FY 2027).

Updated Information Regarding the Economic Base for Air Transportation

Ricondo reviewed certain socioeconomic information made available since the date of the 2024 Report. At this time, the information suggests that no material change in economic conditions has occurred that invalidates the 2024 Report's findings regarding the economic base for air transportation of the Airports' Air Trade Area (the combined area of El Dorado County, Placer County, Sacramento County, San Joaquin County, Sutter County, Yolo County, and Yuba County or ATA), and the findings remain valid for this Letter's Projection Period (through FY 2030).

The economic base of the ATA remains capable of supporting increases in demand for air transportation at the Airports during the Projection Period. The following subsections provide an overview of recent economic and demographic data. Comparisons are made between the data available at the time of the 2024 Report and the data available at the time of this 2025 Letter. Updates for the projected data ranging between Calendar Year (CY) 2022 and CY 2030 and attributable to Woods & Poole Economics, Inc. (Woods & Poole)³ included in the 2024 Report were not available at the time of this 2025 Letter; therefore, there are no updated socioeconomic projections between the long-term projections described in the 2024 Report in this 2025 Letter. In lieu of updated projections, national population and Gross Domestic Product (GDP) comparisons of near-term (CY 2025 to CY 2029) estimates and projections from the Congressional Budget Office (CBO) and International Monetary Fund (IMF) are made to corresponding projections included in the 2024 Report and, where applicable, to CBO and IMF projections discussed in the 2024 Report.

Population

The previously reported Woods & Poole projection of total US population growth indicates a compound annual growth rate (CAGR) of 0.6 percent between CY 2025 and CY 2029, which is slightly greater than the CAGR indicated by the population projection of the CBO⁴ (0.5 percent) and the same as the IMF's CAGR⁵ during the same period. It should be noted that the CBO's population projection for 2025 is approximately 349.8 million, which is greater than both the Woods & Poole and IMF's projections for that year. Woods & Poole and IMF projections are approximately 340.1 million and 342.4 million, respectively.

Unemployment Rate

In CY 2024 (most recent historical data available at time of this 2025 Letter), the unemployment rate for the ATA reported by the US Department of Commerce, Bureau of Labor Statistics (BLS) was 5.0 percent (non-seasonally adjusted) and is greater than the rate for the nation 3.9 percent, (non-seasonally adjusted). The ATA's unemployment rate in CY 2024 of 5.3 percent is higher than it was in CY 2023 (4.8 percent, non-

³ Woods & Poole is an independent firm specializing in long-term county economic data and demographic data projections.

⁴ Congressional Budget Office, *The Demographic Outlook: 2025 to 2035*, January 2025.

⁵ International Monetary Fund, *World Economic Outlook*, April 2025.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

seasonally adjusted). In comparison, the national unemployment rate increased from 3.6 percent (non-seasonally adjusted) in CY 2023 to 3.9 percent (non-seasonally adjusted) in CY 2024.

The January 2025 CBO economic outlook projects the national annualized (seasonally adjusted) unemployment rate to rise from 4.3 percent in CY 2025 to 4.4 percent in CY 2026 and remain at 4.4 percent through CY 2029.⁶ By comparison, the CBO economic outlook available at the time of the 2024 Report, the June 2024 CBO economic outlook, projected the national unemployment rate to rise from 4.0 percent in CY 2025 to 4.5 percent in CY 2029.⁷

Gross Domestic Product

The most current CBO economic outlook released in January 2025 projects a 2.1 percent year-over-year increase in real GDP for CY 2025, an increase of 1.8 percent in CY 2026, and a CAGR between CY 2025 and CY 2029 of 1.8 percent.⁸ By comparison, the CBO economic outlook available at the time of the 2024 Report, the June 2024 CBO economic outlook, projected increases of 2.5 percent in CY 2023, 2.6 percent in CY 2024, 2.1 percent in CY 2025 and 1.8 percent in CY 2026.⁹

The real GDP growth projections by the CBO in January 2025 are similar to recent projections by the IMF. The April 2025 IMF economic outlook projects a 1.8 percent year-over-year increase in real GDP for CY 2025, an increase of 1.7 percent in CY 2026, and a CAGR between CY 2025 and CY 2029 of 2.0 percent.¹⁰ By comparison, the most current IMF economic outlook available at the time of the 2024 Report, the July 2024 IMF economic outlook, projected 2.6 percent year-over-year increase in real GDP for CY 2024 and 1.9 percent in CY 2025.¹¹

Based on the analysis in the 2024 Report, as well as the most recent unemployment data and economic projection information previously described, Ricondo's opinion is unchanged: the ATA's economic base remains strong and will continue to support long-term growth in demand for air transportation services at the Airports. The most recent economic data and information suggests that the economic projections presented in the 2024 Report remain valid.

Updated Information Regarding Air Traffic

Ricondo reviewed and updated the activity forecasts that resulted in slight modifications, but no material changes to the future activity. This section provides an overview of recent aviation activity and air service and presents the updated forecast of enplaned passengers, operations, and landed weight.

Overview of Recent Activity and Air Service Developments

Table 7 presents the FY 2014 to FY 2025 domestic and international enplaned passengers, with FY 2025 passengers representing an estimate based on preliminary reporting of actual activity. Total enplaned passengers increased from 4.4 million in FY 2014 to 6.6 million in FY 2024, which represents a CAGR of 4.2 percent. Domestic enplaned passengers increased at a CAGR of 4.0 percent compared to a CAGR of 11.7 percent for international enplaned passengers. The estimated FY 2014 to FY 2025 CAGRs for domestic, international, and total enplaned passengers are 4.0 percent, 12.3 percent, and 4.2 percent, respectively.

TABLE 7 DOMESTIC AND INTERNATIONAL ENPLANED PASSENGERS

(Fiscal Years Ending June 30)

YEAR	DOMESTIC		INTERNATIONAL		TOTAL

FY 2014 – FY 2024	4.0%		11.7%		4.2%	
FY 2014 – FY 2025	4.0%		12.3%		4.2%	

NOTES:

FY – Fiscal Year

¹ FY 2025 activity represents an estimate based on preliminary reporting.

SOURCE: Sacramento County Department of Airports, July 2025.

In FY 2024, domestic enplaned passengers increased 2.3 percent and international enplaned passengers increased 6.6 percent, resulting in a year-over-year increase of 2.4 percent for total enplaned passengers. The enplaned passenger growth in FY 2024 was driven in large part by an increase in load factor, from 79.3 percent in FY 2023 to 81.1 percent in FY 2024. Scheduled seat capacity decreased 1.1 percent between FY

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

2023 and FY 2024. Southwest Airlines scheduled seat capacity decreased 4.1 percent, driven by an 8.3 percent decrease in intra-California scheduled seat capacity, which was partially offset by growth to medium-haul destinations, including Dallas Love Field (DAL), William P. Hobby Airport (HOU) in Houston, and Midway International Airport (MDW) in Chicago. American Airlines scheduled seats increased 15.9 percent with the addition of nonstop service in December 2023. Delta Air Lines scheduled seat capacity increased 5.4 percent the addition of nonstop service to Harry Reid International Airport (LAS) in Las Vegas in October 2023 and increased capacity to existing destinations. United Airlines scheduled seat capacity increased 8.2 percent on increased capacity to existing destinations. The growth in international enplaned passengers was supported a 39.1 percent increase in Air Canada scheduled seat capacity to destinations in Canada.

Based on preliminary reporting, FY 2025 enplaned passengers increased 4.6 percent compared to FY 2024, with domestic enplaned passengers increasing 4.2 percent and international enplaned passengers increasing 18.0 percent. Scheduled departing seats increased 7.8 percent year over year during the same period. Frontier Airlines (Frontier) represented the largest increase in scheduled seats, adding nonstop service to Los Angeles International Airport (LAX) in August 2024 and nonstop seasonal service to Ontario International Airport (ONT) and San Diego International Airport (SAN) between August 2024 and January 2025. Alaska Airlines (Alaska) added nonstop seasonal service between January 2025 and April 2025 to Orlando International Airport (MCO), Tucson International Airport (TUS), Los Cabos International Airport (SJD), and Puerto Vallarta International Airport (PVR). International enplaned passenger growth was supported by a 24.4 percent increase in Air Canada scheduled departing seats to destinations in Canada and a 6.5 percent increase in Volaris scheduled departing seats to destinations in Mexico.

Updated Forecast of Passengers, Operations, and Landed Weight

Similar to the 2024 Report, the forecast of O&D passenger demand activity was based on socioeconomic regression analysis techniques that identified predictive statistical relationships between the Airport's historical O&D passengers and several national and local socioeconomic variables sourced from Woods & Poole Economic, Inc. Socioeconomic variables incorporated in the regression analysis model include population, employment, total and net earnings, personal income, personal income per capita, gross domestic product, and gross regional product. Regression analysis was performed for the period between 2010 and 2023. Activity occurring in 2020 and 2021 was not included in the regression analysis as it was influenced by pandemic-related factors that are not representative of typical factors driving aviation demand that are expected to influence future activity levels. The resulting regression equations were then populated with independent projections of the relevant socioeconomic variables sourced from Woods & Poole, yielding a range of potential O&D passenger growth. Passenger growth was forecast using the average growth rate for all variables, which was applied to the FY 2025 passengers. It is assumed in the forecast that connecting passengers as a percentage of O&D passengers will remain constant at the 2024 amount of 5.1 percent through the end of the Projection Period.

Table 8 presents the enplaned passenger forecast. Total enplaned passengers are forecast to increase from 6.6 million in FY 2024 to 7.9 million in FY 2030, which represents a CAGR of 3.0 percent. Domestic enplaned

Ms. Cindy Nichol
 Sacramento County Department of Airports
 July 18, 2025

passengers are forecast to grow at a CAGR of 2.9 percent compared to a CAGR of 5.6 percent for international enplaned passengers.

NOTES:

FY – Fiscal Year

FY 2025 activity represents an estimate based on preliminary reporting.

SOURCES: Sacramento County Department of Airports, July 2025 (historical); Ricondo & Associates, Inc., July 2025 (forecast).

Exhibit 1 presents a comparison of the enplaned passenger forecast in this 2025 Letter and the 2024 Report.

Passenger aircraft operations were forecast based on the enplaned passenger forecast. The forecast load factor was applied to the enplaned passenger forecast to derive a forecast of departing seats. Departing seats were divided by a forecast of average seats per departure to derive the forecast of passenger airline operations. The average load factor forecast was based on an analysis of recent trends, with future growth reflecting ongoing improvements in processes and tools that airlines use to more efficiently manage seat inventory. The average seats per departure forecast was based on an analysis of airlines' current and expected future fleets. The forecast of all-cargo, general aviation, and air taxi operations was based on growth rates established in the 2024 FAA Aerospace forecast. Military operations are forecast to remain constant at 2024 levels. **Table 9** presents the operations forecast. Total operations are forecast to increase from 140,771 in FY 2024 to 160,982 in FY 2030, which represents a CAGR of 2.3 percent.

Ms. Cindy Nichol
 Sacramento County Department of Airports
 July 18, 2025

Table 10 presents the historical forecast and landed weight at the Airport. Changes in passenger airline landed weight have historically been well-correlated with changes in passenger airline departing seat capacity. Passenger airline landed weight is forecast to increase in line with growth in departing seat capacity. All-cargo landed weight is forecast to increase in line with growth in all-cargo aircraft operations under the assumption that average all-cargo aircraft size will not meaningfully change during the Projection Period. As shown, passenger airline landed weight is forecast to increase from 7.4 million thousand-pound units in FY 2024 to 8.9 million thousand-pound units in FY 2030, which represents a CAGR of 3.1 percent. All-cargo landed weight is forecast to increase from 0.6 million thousand-pound units in FY 2024 to 0.7 million thousand-pound units in FY 2030, which represents a CAGR of 3.6 percent. The activity forecast presented in Table 5 through Table 7 was used for purposes of the financial analysis presented in this 2025 Letter.

TABLE 10 LANDED WEIGHT FORECAST

Potential Impact of Federal Initiatives and Geopolitical Issues on Air Traffic Demand

At the time of this 2025 Letter, the implementation of tariffs and other policies and actions executed by the US government that have the potential to impact economic conditions and travel, directly or indirectly, are in various stages of development and implementation. It is too soon to account for the potential near or long-term impacts, if any, of such actions on the national and global economies or air travel. However, implementation of such policies may impact air travel, economic projections (i.e., GDP growth, levels of employment, and Per Capita Personal Income [PCPI] growth), further impacting air traffic, and activity forecasts included in this 2025 Letter might not be attained. Additionally, geopolitical issues may affect

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

aviation activity during the Projection Period. Potential governmental or regional instability in certain countries or locations may affect access to, or demand for, aviation service in these places.

As of the date of this 2025 Letter, several US airlines have reduced their near-term revenue outlooks, citing concerns about the impact of increased economic uncertainty on demand for air travel. Fuel prices have decreased recently, as expected in a slowing economy. Lower fuel prices reduce the pressure on airlines to pull down capacity as demand decreases. The potential impacts of tariffs on the demand for air traffic and the underlying economics, positive or negative, have not been incorporated into the baseline analyses or findings of this 2025 Letter.

For the purpose of testing the resiliency of the financial results presented in this 2025 Letter, a low demand forecast sensitivity was developed. The low demand sensitivity forecast was developed by applying a decrease in enplaned passengers over a two-year period, through FY2027. Year over year growth rates from FY 2028 through FY 2030 are the same as the baseline forecast and, while an accelerated recovery may be possible and has some historical precedent, it was not assumed for purposes of this 2025 Letter. **Exhibit 2** compares the baseline enplaned passenger forecast and low demand enplaned passenger sensitivity forecast. For the purpose of the sensitivity analysis, a similar decrease and recovery profile was applied to the baseline landed weight forecast.

Updated Financial Analysis

Changes to the financial analysis from the 2024 Report reflect updates to activity forecasts; FY 2026 budget information, actual debt service on the 2024 Bonds and the TIFIA Loan issued in January 2025 (2025 TIFIA Loan), the estimated Series 2025 Bonds, and updated future debt service assumptions based on the Capital Program.¹²

This updated financial analysis, like the 2024 Report, assumes a continuation of the rate-setting methodology set forth in the existing airline use and lease agreement for the entirety of the Projection Period.

The Department's FY 2026 budget, as adjusted for rates and charges purposes (FY 2026 budget), and updated traffic activity forecasts serve as the basis for the updated financial projections and the financial analysis in this 2025 Letter.

Generally, changes to the financial projections compared with the 2024 Report include the following:

- Increase in Operating Expenses by 11.1 percent in the FY 2026 budget compared to the FY 2026 projection in the 2024 Report, resulting in a similar differential by FY 2030, as discussed in the following section
- Decrease in nonairline revenues by 15.2 percent in the FY 2026 budget compared to the FY 2026 projection in the 2024 Report primarily due to a budgeted reduction in parking revenues in FY 2026, as discussed in a following section
- Adjustments to projected Net Debt Service (based on final pricing of 2024 Bonds and 2025 TIFIA Loan, issuance of the Series 2025 Bonds, and revised future Obligations issuance assumptions based on the Capital Program)

An updated set of financial projection tables, corresponding to Appendix A of the 2024 Report, are included at the end of this 2025 Letter as Attachment 1.

Updated Operating Expenses Projections

Exhibit 3 presents Operating Expenses for FY 2024, FY 2025, and FY 2026. Estimated actual Operating Expenses for FY 2024¹³ totaling approximately \$151.8 million served as the basis from which Operating Expenses were projected in the 2024 Report and represented a 15.4 percent decrease from FY 2024 budgeted Operating Expenses. Key variances between the FY 2024 budgeted Operating Expenses and FY 2024 estimated Operating Expenses are as follows:

¹² For purposes of this Letter and unless noted otherwise, references to budgeted information reflects the Department's budget assumed in airport rates and charges budget, which may differ slightly from the Board-approved budgets.

¹³ The Estimated FY 2024 Operating Expenses were actual for 12 months ending June 2024, including accruals, but not including adjustments.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

- A decrease in Maintenance & Operation (M&O) projects of approximately 24.3 percent due to delays or deferrals to FY 2025, primarily driven by resource and supply shortages.
- Salaries and Benefits expenses decreased 5.6 percent, reflecting a 12.5 percent vacancy rate.
- Services and Supplies decreased by 15.8 percent, primarily due to the reclassification of a \$6.0 million Professional Services contract for SMForward program management to Capital.

EXHIBIT 3 OPERATING EXPENSES FOR FISCAL YEARS 2024, 2025, AND 2026

(Fiscal Years Ending June 30)

NOTES:

FY – Fiscal Year

Budgeted values refer to the Department's Fiscal Year budget, as adjusted for rates and charges purposes.

Estimated FY 2024 Operating Expenses, as used in the 2024 Report, were actual through June 2024, including accruals, but not including adjustments.

Estimated FY 2025 Operating Expenses are actual through April 2025 and estimated for May and June.

SOURCE: Sacramento County Department of Airports, July 2025; Ricondo & Associates, Inc., July 2025.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

FY 2025 Operating Expenses were budgeted to be approximately 26.1 percent higher than Estimated FY 2024 Operating Expenses, primarily due to the following:

- Salaries and benefits represent the highest share category of Operating Expenses. Increases in the FY 2025 budget of 9.9 percent are due to general wage increases and the addition or reallocation of positions.
- Professional Services expenses increased approximately 61.9 percent in budget amounts for FY 2025 compared to Estimated FY 2024, due to budgeting for the full contract amount and higher shuttle bus service costs resulting from changes in the collective bargaining agreement for contracted drivers.
- Contracted Services increased approximately 21.0 percent in the FY 2025 budget compared to Estimated FY 2024, due to higher appropriations for a new custodial services contract.
- Utilities saw an increase of 18.1 percent, driven by higher electricity consumption and rates, as well as increased use of natural gas and water.
- Sacramento County Allocated Cost Package expenses increased by 22.4 percent, reflecting changes based on full-time employee counts, historical service levels, and assessed property values for services provided by other County departments.

Based on actual results through April 2025, FY 2025 Operating Expenses are estimated to be within 6.3 percent of budgeted Operating Expenses, indicating that planned increases in expenses in FY 2025 have materialized. The base year for Operating Expenses assumed in this 2025 Letter is the FY 2026 budget, which is approximately 0.7 percent higher than the FY 2025 budget and 7.5 percent higher than Estimated FY 2025 Operating Expenses. Therefore, the FY 2026 budget was determined to be an appropriate basis from which to project future Operating Expenses for purposes of this 2025 Letter.

Additional information and descriptions regarding the types of the Operating Expenses can be found in Section 6.2.3 of the 2024 Report. Operating Expenses are projected to increase based on the expenditure type, expectations of future inflation rates, and operational impacts of planned capital projects. For purposes of this 2025 Letter, assumptions regarding the projection of various categories of Operating Expenses, as well as assumptions regarding additional Operating Expenses resulting from the completion of certain planned capital projects, are consistent with the 2024 Report.

A comparison of projected Operating Expenses between the updated financial analysis and the 2024 Report is presented in **Exhibit 4**. In the 2024 Report, total Operating Expenses were projected to be approximately \$173.5 million in FY 2026, and are now budgeted to be \$192.7 million, a difference of 11.1 percent, as described previously. Operating Expenses are now projected to be \$241.7 million in FY 2030, an increase of 11.0 percent from the 2024 Report.

As shown in Table A-2 in Attachment 1, total Operating Expenses are projected to increase from approximately \$179.3 million in FY 2025 to approximately \$241.7 million in FY 2030, reflecting a CAGR of 6.2 percent, which compares with annual growth in the 2024 Report of 5.6 percent over the same period.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

Projected Operating Expenses incorporate incremental Operating Expenses related to the scheduled completion of the Capital Program through FY 2030, consistent with the 2024 Report.

EXHIBIT 4 PROJECTED OPERATING EXPENSES COMPARISON

(Fiscal Years Ending June 30)

NOTES:

FY – Fiscal Year

For the 2025 Letter, FY 2025 Operating Expenses are actual through April 2025 and estimated for May and June.

For the 2025 Letter, FY 2026 Operating Expenses are budgeted, as adjusted for rates and charges purposes.

SOURCE: Ricondo & Associates, Inc., July 2025.

Updated Nonairline Revenue Projections

Nonairline revenues include those revenues generated at the Airport from sources other than airline fees and charges and includes automobile parking fees, concession revenues (rental car privilege fees; food, beverage, and news and gift revenues; and other concession revenues); nonairline tenant rent, ground transportation fees and revenue, building and ground rents, general aviation revenue, and other operating revenue.

Exhibit 5 presents the breakdown of budgeted FY 2026 nonairline revenues by category. Total nonairline revenues in FY 2026 are budgeted at approximately \$135.0 million and serve as the basis from which nonairline revenues are projected. Additional information and descriptions of the types of nonairline revenues can be found in Section 6.3 of the 2024 Report.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

EXHIBIT 5 FISCAL YEAR 2026 BUDGETED NONAIRLINE REVENUES BY CATEGORY

(Fiscal Years Ending June 30)

SOURCE: Sacramento County Department of Airports, May 2025.

Similar to the 2024 Report, nonairline revenues are projected to increase based on the type of revenue, forecast passenger growth, and impacts of inflation (assumed to be 3.0 percent). Assumptions for the underlying projections of parking fees in this analysis are also consistent with the 2024 Report. Nonairline revenues may be impacted by one-time increases to concession spending per passenger upon the expansion of Concourse B. Consistent with the 2024 Report, additional incremental nonairline revenue increases are not assumed for purposes of this analysis, except for increases in airline rented space associated with the Concourse B and Terminal A expansion projects. It is anticipated that any increases to nonairline revenues resulting from additional concessions space would increase nonairline revenues above the figures shown in Attachment 1.

A comparison of projected nonairline revenues between the updated financial analysis and the 2024 Report is presented in **Exhibit 6**. In the 2024 Report, total nonairline revenues were projected to be approximately \$159.3 million in FY 2026, an increase of approximately 18.0 percent above the nonairline revenue budgeted for FY 2026. This variance in FY 2026 is primarily attributable to differences in parking fee revenue, which was projected to be approximately \$103.2 million in the 2024 Report, compared to \$77.8 million in this 2025 Letter (Budget FY 2026). In particular, the 2024 Report assumed that by FY 2026, the South Economy Lot would be open and that excess demand would be accommodated by the West Economy Lot with a parking revenue control system, thereby generating and enhancing revenue capture in the existing West Economy Lot. When the FY 2026 Budget was developed, the South Economy Lot was not anticipated to be open and overflow demand would flow to the West Economy Lot, which would not yet have a parking revenue control system. However, the South Economy Lot opened in April 2025 and is anticipated to be open for the full FY

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

2026 budget year. The Department currently estimates that parking revenue for FY 2026 may be up to approximately \$90 million, which is not included in FY 2026 of the financial analysis. In this 2025 Letter, FY 2027 parking fee revenue is anticipated to return near levels projected in the 2024 Report and adhere to the projection assumptions stated in the FY 2024 Report through the Projection Period.

EXHIBIT 6 PROJECTED NONAIRLINE REVENUES COMPARISON

(Fiscal Years Ending June 30)

NOTES:

FY – Fiscal Year

For the 2025 Letter, FY 2025 Operating Expenses are actual through April 2025 and estimated for May and June.

For the 2025 Letter, FY 2026 Operating Expenses are budgeted, as adjusted for rates and charges purposes.

Fiscal Year 2026 revenues in the 2025 Letter include budgeted parking revenues of approximately \$78 million, which the Department estimates may increase to approximately \$90 million in FY 2026 due to full-year operation of the South Economy Lot.

SOURCE: Ricondo & Associates, Inc., July 2025.

Additionally, certain variables affecting parking fee revenue projections have been updated based on Actual FY 2024 and Estimated FY 2025 results for purposes of this 2025 Letter, such as transactions per enplaned passenger and days per transaction. Resulting parking fee revenue in this 2025 Letter is projected to be approximately \$119.2 million in FY 2030 compared to approximately \$125.1 million in the 2024 Report. Total nonairline revenues are now projected to be approximately \$185.3 million in FY 2030 compared to approximately \$189.2 million, a decrease of approximately 2.0 percent from the 2024 Report.

As shown in Table A-3 in Attachment 1, total nonairline revenues are projected to increase from approximately \$131.6 million in FY 2025 to approximately \$185.3 million in FY 2030, reflecting a CAGR of 7.1 percent compared to a CAGR of 7.2 percent projected in the 2024 Report for the same period.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

Updated Other Available Revenue

Passenger Facility Charge Revenue

This 2025 Letter assumes continued collection and use of a \$4.50 PFC per passenger at SMF. Table A-4 in Attachment 1 presents the projected annual PFC revenue cash flow, forecast enplaned passengers, an assumed PFC level of \$4.50 per enplaned passenger through the end of the Projection Period, and an assumed PFC collection ratio of 89 percent of deplaned passengers.

Since the 2024 Report, the County has received authority to collect and use approximately \$73.2 million in PFC revenue for the Pedestrian Walkway project through PFC Application No. 9, approved by the FAA on December 3, 2024. In the 2024 Report, PFC revenues were assumed to fund approximately \$14.9 million of *SMForward* projects, including approximately \$7.1 million and \$7.8 million for the Pedestrian Walkway and Concourse B Expansion projects, respectively. In the updated financial analysis, PFC funding of the Pedestrian Walkway remains constant and PFC pay-as-you-go (PAYGO) funding of the Concourse B Expansion project is anticipated to increase to \$42.0 million. Consistent with the 2024 Report, PFC revenues are still assumed to pay principal and interest on the 2025 TIFIA Loan, as well as any debt service on existing or future Subordinate Obligations.

Projected PFC revenues, as shown on **Exhibit 7**, are expected to be sufficient to cover all anticipated uses of PFC revenue through the Projection Period.

EXHIBIT 7 PROJECTED SMF PASSENGER FACILITY CHARGE AVAILABILITY AND USES

(Fiscal Years Ending June 30)

NOTES:

PFC – Passenger Facility Charge

Future debt service to be paid with PFC revenue may be in the form of debt service on Subordinate Obligations and/or one or more Transportation Infrastructure Finance and Innovation Act (TIFIA) Loans.

SOURCES: Sacramento County Department of Airports, July 2025; Ricondo & Associates, Inc., July 2025.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

Customer Facility Charge Revenue

Effective May 1, 2025, the County raised the Customer Facility Charge (CFC) collected at the Airport from \$8.00 per day to \$9.00 per day, up to a maximum of 5 days per rental transaction. CFC revenues continue to be intended to fund the design, financing, and construction of the proposed consolidated rental car facility, which is currently identified for implementation in Phase 3 of the SMForward program.

Federal and State Grant Funding

Since the 2024 Report, the County continues to receive federal grant allocations through the Infrastructure Investment and Jobs Act (IIJA). Under this program, the County has been awarded \$14.8 million in Airport Terminal Program (ATP) discretionary grants and \$18.2 million in Airport Infrastructure Grant (AIG) FY 2022 and FY 2023 entitlement funds for the Pedestrian Walkway project. Remaining AIG allocations for FY 2024 through FY 2026 are anticipated to be designated for the Concourse B Expansion project. In total, the County anticipates receiving and using approximately \$74.9 million in IIJA funds for these two SMForward projects, consistent with the 2024 Report.

In addition to IIJA funding, the County continues to apply for and receive Airport Improvement Program (AIP) entitlement and discretionary grants, which are assumed to continue through the Projection Period. Approximately \$67.2 million in AIP grants are estimated to fund portions of the Capital Program through the Projection Period, primarily for airfield projects at SMF and other Airport System airports.

In addition to federal grants, the County continues to anticipate receiving \$11.0 million in California state grants through the Trade Corridor Enhancement Program for the Elkhorn Boulevard extension project.

Updated Debt Service

Table A-5 in Attachment 1 presents the details of The County's outstanding debt service, as well as the debt service on the Series 2025 Bonds and projected future debt for FY 2025 through FY 2030.

Existing Debt Service

Debt service on existing Senior Revenue Bonds totals approximately \$46.2 million in FY 2025 and is anticipated to increase to approximately \$78.5 million in FY 2030. Existing Senior Obligation debt service also includes the 2025 TIFIA Loan, with payments beginning in FY 2026.

Debt service on existing Subordinate Revenue Bonds totals approximately \$17.1 million in FY 2025 and is anticipated to increase to \$17.4 million by FY 2030. Debt service on Subordinate Revenue Bonds is anticipated to be paid with PFC revenues, as is debt service on the 2025 TIFIA Loan.

Series 2025 Bonds Debt Service

Proceeds from the Series 2025 Bonds will be used to fund the Series 2025 Projects, as described previously in this 2025 Letter. The Series 2025 Projects total approximately \$415.0 million, of which approximately \$331.2 million will be funded with proceeds from the Series 2025 Bonds. This amount is higher than the \$234.5 million in future Series 2025 Bonds included in the 2024 Report, primarily due to the estimated cost

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

increase for the Concourse B Expansion project, inclusion of the Terminal A BHS project, and removal of the GTC project from the Series 2025 Projects.

The Series 2025 Bonds are assumed to have term of 30 years, and for purposes of this 2025 Letter, interest on the Series 2025 Bonds is assumed at 5.57 percent and 5.61 percent for the Series 2025A Bonds and Series 2025D Bonds, respectively, which is capitalized through FY 2028. Total debt service payable on the Series 2025 Bonds is projected to be approximately \$2.1 million in FY 2028, increasing to approximately \$31.0 million through the remainder of the Projection Period. A portion of the debt service each year will be recovered from the airlines through airline rates and charges.

Future Debt Service

Subsequent to the issuance of the Series 2025 Bonds, future Senior Obligations are anticipated to be issued to fund the GTC project (\$50 million). Assumed future debt issuance subsequent to the issuance of the Series 2025 Bonds is summarized in **Table 12**.

TABLE 12 ASSUMED FUTURE DEBT ISSUANCES

FUTURE DEBT ISSUANCES	ISSUANCE YEAR	PAR AMOUNT
<i>Senior Obligations</i>		
Future Bonds (GARBS)	2027	\$54.6 million

NOTE:

GARBS – General Airport Revenue Bonds

SOURCE: PFM Financial Advisors, LLC, July 2025.

Projected Net Debt Service

The County's total Airport System debt service (including debt service on existing bonds/TIFIA Loan, projected debt service on the Series 2025 Bonds, and future Senior Revenue Bonds is projected to be approximately \$63.2 million in FY 2025 and is projected to increase throughout the Projection Period to \$130.9 million in FY 2030. Net debt service, after using PFC revenues to pay Subordinate Obligation debt service and TIFIA Loan debt service, is projected to increase from \$48.1 million in FY 2025 to \$105.5 million in FY 2030.

Exhibit 8 presents the projected net debt service for the Airport System during the Projection Period, along with a comparison of net debt service included in the 2024 Report. As previously noted, PFC revenue is anticipated to be used to pay existing and future Subordinate Obligation debt service.

Updated Airline Revenues

Airport rates and charges are assessed to airlines with respect to each of the airline cost centers, including the Airfield Area, Airline Systems and Equipment, Apron Area, Loading Bridges, and Terminal Building cost centers. Table A-6 in Attachment 1 presents projected airline rates and charges through the Projection Period. Table A-7 in Attachment 1 presents corresponding projected airline revenues through the Projection Period, which is summarized in **Exhibit 9**, along with a comparison to airline revenues projected in the 2024 Report.

Airline revenue from FY 2025 to FY 2030 is projected to increase from approximately \$133.7 million to \$194.4 million, respectively, compared to approximately \$108.8 million to \$164.3 million in the 2024 Report. Airline revenues in this 2025 Letter are generally higher than in the 2024 Report due higher Series 2025 debt service related to the Concourse B Expansion project and higher projected Operating Expenses through the Projection Period, as allocable to and recovered through airline cost centers.

EXHIBIT 9 PROJECTED AIRLINE REVENUE COMPARISON

(Fiscal Years Ending June 30)

SOURCES: Sacramento County Department of Airports, July 2025; Ricondo & Associates, Inc., July 2025.

Updated Cost Per Enplaned Passenger

Table A-8 in Attachment 1 presents the calculation of airline cost per enplaned passenger from the passenger airline revenues projected for FY 2025 through FY 2030.

Exhibit 10 presents the projected airline CPE at the Airport, along with a comparison to projections in the 2024 Report. As shown, the CPE is projected to range from \$18.60 in FY 2025 to \$23.71 in FY 2030, compared to a range from \$15.15 to \$20.16 in the 2024 Report due to increased airline revenue, as described previously.

Updated Debt Service Coverage

Table A-9 in Attachment 1 presents the calculation of net revenues and resulting debt service coverage ratios as required by the Indenture. The debt service coverage ratio pursuant to Section 6.04(b)(i) ranges from 1.77x to 2.56x through the Projection Period. The debt service coverage ratio pursuant to Section 6.04(b)(ii) ranges from 1.62x to 2.41x through the Projection Period. The debt service coverage ratio pursuant to Section 6.04(b)(iii) ranges from 1.52x to 2.31x through the Projection Period.

Sensitivity Analysis Financial Results

Table A-10 in Attachment 1 presents the key financial results due to the low demand sensitivity forecast compared to baseline results. The low demand forecast scenario primarily impacts revenues and does not assume any corresponding decrease in capital or Operating Expenses or other mitigation that the County could undertake during an economic recession.

In comparison to the baseline financial results, CPE under the sensitivity analysis is higher, although still reasonable, and all debt service coverage requirements continue to be met.

Table 13 summarizes the projected CPE for the baseline forecast and the low demand sensitivity forecast.

Ms. Cindy Nichol
Sacramento County Department of Airports
July 18, 2025

TABLE 13 AIRLINE COST PER ENPLANED PASSENGER COMPARISON

Confirmation of 2024 Report Findings

Based on the assumptions and analyses described in the 2024 Report, this 2025 Letter, and Ricondo's experience preparing financial projections for airport operators, Ricondo is of the opinion that, for each Fiscal Year of the Projection Period:

- The projected debt service coverage ratios meet the minimum requirement.
- The projected airport user fees are reasonable based on the following:
 - the strong and resilient economic base of the ATA,
 - the well-established air service market served by a diversity of carriers, and
 - a projected growth in the factors that drive future air traffic demand.

Sincerely,

RICONDO & ASSOCIATES, INC.

NOTES:

PFC - Passenger Facility Charge

1 Estimated FY 2025 values are actual through April 2025 and estimated for May and June.

2 FY 2026 budget as adjusted for purposes of calculating airline rates and charges (R&C).

3 The calculation of the rate covenant pursuant to Section 6.04(a) includes only the items for which a transfer was required during the Fiscal Year. As used in the Indenture, the term "Transfer" means with respect to a Fiscal Year (a) the amount in the Capital Improvement Fund on the last Business Day of such Fiscal Year plus (b) any amounts withdrawn from the Capital Improvement Fund during such Fiscal Year to pay Operating Expenses and to make any required payments or deposits to pay or secure the payment of Obligations less (c) any amounts credited to the Capital Improvement Fund from the Revenue Fund during such Fiscal Year.

Ms. Cindy Nichol
Director of Airports
County of Sacramento Department of Airports
6900 Airport Boulevard
Sacramento, CA 95837

RE: Report of the Airport Consultant
County of Sacramento
Airport System Senior Revenue Bonds, Series 2024 (Non-AMT)

Dear Ms. Nichol:

Ricondo & Associates, Inc. (Ricondo) is pleased to present this Report of the Airport Consultant (the Report) for inclusion as Appendix A in the Official Statement for the County of Sacramento Airport System Senior Revenue Bonds, Series 2024 (Non-AMT) (the Series 2024 Bonds). The Series 2024 Bonds will be issued pursuant to the Master Indenture of Trust dated as of May 1, 2008 (Master Indenture) and the Eleventh Supplemental Indenture of Trust dated as of October 1, 2024 (Eleventh Supplement, and together with the Master Indenture, the Indenture) by and between the County of Sacramento (County) and The Bank of New York Mellon Trust Company, N.A., as trustee. The Series 2024 Bonds are payable from Net Revenues generated from the operation of the Airport System, consisting of Sacramento International Airport (SMF or the Airport), Sacramento Executive Airport, Sacramento Mather Airport, and Franklin Field.

Proceeds of the Series 2024 Bonds, at the time of this Report, are anticipated to:

- (i) finance a portion of the Series 2024 Projects, as defined herein,
- (ii) fund the Debt Service Reserve Fund,
- (iii) fund capitalized interest of the Series 2024 Bonds, and
- (iv) pay costs and expenses incidental thereto and to the issuance of the Series 2024 Bonds.

Unless otherwise defined herein, all capitalized terms in this Report are used as defined in the Official Statement or the Indenture.

This Report presents the analysis undertaken by Ricondo to demonstrate the ability of the County to comply with the requirements of the Indenture, on a *pro forma* basis for Fiscal Year (FY) 2025 through FY 2030 (the Projection Period), based on the assumptions regarding the planned issuance of the Series 2024 Bonds, which are established by the County through consultation with its municipal advisor. In developing its analysis, Ricondo reviewed historical trends and formulated projections based on the assumptions put forth in this Report, which have been reviewed by the County and determined to be reasonable, regarding the ability of the Air Trade Area (defined herein) to generate demand for air service at the Airport, trends in air

service and passenger activity at the Airport, and the financial performance of the Airport. This Report is organized as follows:

- Summary of Findings
- Chapter 1: The Series 2024 Bonds
- Chapter 2: County of Sacramento Airport System
- Chapter 3: Capital Improvement Program and Funding Sources
- Chapter 4: Demographic and Economic Analysis
- Chapter 5: Passenger Demand and Air Service Analysis
- Chapter 6: Financial Analysis

On the basis of the analysis put forth in this Report, Ricondo is of the opinion that the Revenues generated by the Airport System in each year of the Projection Period will be sufficient to comply with the Rate Covenant established in the Indenture. Ricondo is also of the opinion that the projected airline costs should remain reasonable throughout the Projection Period. Although summary information is provided, a complete understanding of the justification for our conclusion cannot be attained without reading the Report in its entirety.

Founded in 1989, Ricondo is a full-service aviation consulting firm providing airport physical and financial planning services to airport owners and operators, airlines, and federal and state agencies. Ricondo has prepared Reports of the Airport Consultant in support of over \$46 billion of airport-related revenue bonds since 1996. Ricondo is not registered as a municipal advisor under Section 15B of the Securities Exchange Act of 1934. Ricondo is not acting as a municipal advisor and has not been engaged by the County to provide advice with respect to the structure, timing, terms, or other similar matters concerning the issuance of municipal securities. The assumptions regarding such matters included in this Report were provided by the County or the County's municipal advisors, or, with the County's approval, were derived from general, publicly available data approved by the County. Ricondo owes no fiduciary duty to the County. Ricondo recommends that the County discuss the information and analysis contained in this Report with internal and external advisors and experts that the County deems appropriate before taking any action. Any opinions, assumptions, views, or information contained herein are not intended to be, and do not constitute, "advice" within the meaning of Section 15B of the Securities Exchange Act of 1934.

The techniques and methodologies used by Ricondo in preparing this Report are consistent with industry practices for similar studies in connection with airport revenue bond sales. While Ricondo believes the approach and assumptions used in this Report are reasonable, some assumptions regarding future trends and events detailed in this Report, including the implementation schedule, the forecast of passenger activity, and the projection of financial performance, may not materialize. Therefore, actual performance will likely differ from the projections and forecasts set forth in this Report, and the variations may be material. In developing its analyses, Ricondo used information from various sources, including the County, the municipal advisor, federal and local governmental agencies, and independent private providers of economic and

SUMMARY OF FINDINGS

The County of Sacramento (the County) commissioned Ricondo & Associates, Inc., (Ricondo) to prepare this Report of the Airport Consultant (Report) to demonstrate the County's compliance with the Master Indenture of Trust dated as of May 1, 2008 by and between the County and The Bank of New York Mellon Trust Company, N.A., as amended and supplemented, including as supplemented by an Eleventh Supplemental Indenture of Trust dated as of October 1, 2024 (collectively the Indenture), in relationship to the issuance of the County of Sacramento Airport System (Airport System) Senior Revenue Bonds, Series 2024 (Non-AMT) (the Series 2024 Bonds).

This Report demonstrates the County's ability to generate Net Revenues (Revenues less Operating Expenses) sufficient to meet its obligations under the Indenture, including the Rate Covenants, on a pro forma basis for Fiscal Year (FY) 2025 through FY 2030 (the Projection Period).¹

In developing its analysis, Ricondo reviewed the terms of the Indenture and related documents that govern the County's debt relating to the Airport System; the assumed terms of the Series 2024 Bonds as provided by the County's municipal advisor; the County's outstanding financial obligations relating to the Airport System; the capacity of the Sacramento International Airport's (SMF's or the Airport's) existing and planned facilities to accommodate current and anticipated demand; certain projects included in the Airport's Capital Program, as well as the Scheduled Airline Operating Agreement and Terminal Building Lease (Airline Agreement) adopted on July 1, 2017, and proposed funding sources including the potential for additional borrowing beyond the Series 2024 Bonds.

To develop the pro forma analysis of the Airport System's financial performance, Ricondo reviewed key provisions of the agreements that establish the business arrangements between the County and its various tenants including, but not limited to, the commercial airlines serving the Airport. The Airport System generates most of its operating revenues from commercial airlines and private aircraft operators through airfield usage fees and various rentals for terminal and other spaces pursuant to its Airline Agreement; fees and rents assessed for concessionaires providing various goods and services to passengers and other users of airport facilities; fees and rents assessed rental car operators serving the Airport; and fees for public parking and commercial vehicle access to airport facilities. These revenues are, in large measure, driven by passenger demand for air service from the Airport, which is a function of national and local economic conditions, and the ability and willingness of the commercial airlines to supply service at a level commensurate with this demand. Thus, Ricondo reviewed the historical relationships between economic activity and demand for air service, the airlines' provision of air service, and the financial performance of the Airport System. Based on this historical review, Ricondo developed assumptions regarding these factors and relationships through the Projection Period which provide the basis for the forecasts of passenger activity and projections of financial performance presented in this Report. The following sections summarize Ricondo's assumptions, projections and findings that are detailed in the body of the Report, which should be read in its entirety.

SERIES 2024 BONDS

The County is issuing the Series 2024 Bonds to fund, in whole or in part, the Series 2024 Projects, which include the Pedestrian Walkway, a structure connecting Terminal B and Concourse B; Terminal B Parking Garage; and New Terminal A Exit Road projects (collectively, the Series 2024 Projects – described in Section 3.3 of this Report). Proceeds from the Series 2024 Bonds will also be used to fund a deposit to the Senior Debt Service Reserve Fund,

¹ Fiscal Year ending June 30.

SACRAMENTO INTERNATIONAL AIRPORT

fund capitalized interest on the Series 2024 Bonds, and pay certain costs of issuance incurred in connection with the issuance of the Series 2024 Bonds.

Unless otherwise defined herein, all capitalized terms in this Report are used as defined in the Official Statement of the Series 2024 Bonds and the Indenture.

Table S-1 reflects the Series 2024 Bonds funding plan for the Series 2024 Projects:

TABLE S-1 SERIES 2024 BONDS FUNDING PLAN

PROJECTS TO BE FUNDED	ESTIMATED SERIES 2024 PROJECT FUNDING AMOUNT
Pedestrian Walkway	\$61,018,655
Terminal B Parking Garage	\$390,000,000
New Terminal A Exit Road	\$15,000,000
Total	\$466,018,655

NOTE:

Amount reflects estimated project fund deposits.

AIRPORT SYSTEM AND AIRPORT CAPITAL PROGRAM

The Airport System consists of the Sacramento International Airport (SMF or the Airport), Sacramento Executive Airport (SAC), Mather Airport (MHR), and Franklin Field (F72), which are operated by the Sacramento County Department of Airports (the Department). SMF is the largest airport in the Airport System and classified as a medium hub by the Federal Aviation Administration (FAA).

Chapter 2 reviews the existing SMF facilities and Chapter 3 summarizes the FY 2025 – FY 2029 Capital Program, anticipated Capital Program funding sources, and project details for the Series 2024 Projects.

The current master plan for the Airport was approved by the County in February 2022 (the 2020 Master Plan). The 2020 Master Plan established the needs for future capital development at the Airport and identified preferred alternatives for airfield, terminal, ground transportation, and other facilities. Continued implementation of the 2020 Master Plan has led to the *SMForward* program, which was announced in February 2023 as the largest construction program in the Airport’s history, with goals to enhance customer convenience, comfort, and accessibility at the Airport, while meeting projected passenger traffic demand. The Series 2024 Projects are included in the *SMForward* program, which is part of the Airport’s overall Capital Program.

SMForward comprises the following seven projects:

- Pedestrian Walkway connecting Terminal B to Concourse B (Series 2024 Project)
- Terminal B Parking Garage (Series 2024 Project)
- New Terminal A Exit Road (Series 2024 Project)
- Ground Transportation Center
- Concourse B Expansion
- Terminal A Expansion
- Consolidated Rental Car Center (Customer Facility Charge [CFC]-secured)

SACRAMENTO INTERNATIONAL AIRPORT

SMForward construction is expected to begin in the first half of FY 2025 and conclude in FY 2028. The Department has begun the process of initiating a new Master Plan Update for SMF that will assess the Airport's long-range needs beyond the projects identified in SMForward.

SMForward projects are anticipated to be funded by proceeds from the Series 2024 Bonds, future Senior Revenue Bond proceeds, Passenger Facility Charge (PFC) revenues, Customer Facility Charge (CFC) revenues, grant funds from the Infrastructure Investment and Jobs Act of 2021 (IIJA), and funding through a US Department of Transportation Build America Bureau Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan. In addition to SMForward projects, the Department's overall Capital Program includes other Capital Improvement Plan (CIP) projects to repair, maintain, and improve airfield, terminal, and ground transportation facilities for all four airports in the Airport System.

The Department's Capital Program anticipated through the Projection Period of this Report totals approximately \$1.7 billion, comprising approximately \$545.0 million of the Series 2024 Projects, \$741.0 million of future SMForward projects, and approximately \$405.0 million of future CIP projects., as summarized in **Table S-2**.

TABLE S-2 CAPITAL PROGRAM SUMMARY, FY 2025 – FY 2029

NOTES:

PFC – Passenger Facility Charge

CFC – Customer Facility Charge

Totals may not add due to rounding.

1 Future Senior Obligations include Series 2025 Revenue Bonds and an anticipated Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan.

2 Future Subordinate Obligations include Subordinate Revenue Bonds and/or one or more TIFIA Loans.

3 PFC revenues used on a pay-as-you-go basis.

4 CFC revenues may include a combination of pay-go and special facility CFC bonds.

5 Includes Federal Airport Improvement Program (AIP) grants and Infrastructure Investment and Jobs Act grants.

SOURCE: Sacramento County Department of Airports, August 2024.

Airport Capital Program funding assumptions reflected in the financial analysis in this Report are described in Section 3.4, and the resulting financial impacts are discussed in Chapter 6.

Table S-3 summarizes anticipated debt issuances associated with the funding of SMForward projects. Senior Obligations include the Series 2024 Bonds, Series 2025 Bonds, and a TIFIA Loan. Subordinate Obligations include Subordinate Revenue Bonds and/or one or more TIFIA Loans. In total, the SMForward projects are anticipated to be funded with approximately \$805.3 million in proceeds from the Series 2024 Bonds and future debt issuances.

NOTES:

TIFIA – Transportation Infrastructure Finance and Innovation Act

¹ The County intends to use PFC revenues to pay principal and interest on the TIFIA Loan(s).

SOURCE: PFM Financial Advisors, LLC, August 2024.

DEMOGRAPHIC AND ECONOMIC ANALYSIS

The demand for air transportation at an airport is, to a large degree, dependent upon the demographic and economic characteristics of the geographical area surrounding the airport (an airport's "air trade area"). This relationship is particularly true for origin and destination (O&D) passenger traffic, meaning passengers that either begin or end their trips at an airport, rather than connecting through an airport to other destinations. O&D passenger traffic has historically accounted for approximately 95 percent of passenger traffic at SMF. ² Therefore, the major portion of demand for air travel at the Airport is influenced more by the local socioeconomic characteristics of the area served than by individual air carrier decisions regarding service patterns in support of connecting activity.

Chapter 2 presents data indicating the Airport's Air Trade Area, defined in this Report to consist of seven counties (El Dorado, CA; Placer, CA; Sacramento, CA; San Joaquin, CA; Sutter, CA; Yolo, CA; Yuba, CA) which contain the four Airport System airports (SMF, SAC, F72, MHR). The Demographic and Economic Analysis Chapter (Chapter 4) indicates that the Air Trade Area has a diverse economy, growing population base, and attractive business climate which favorably impacts future airline traffic demand, supporting for the forecast of air travel during the Projection Period.

Table S-4 summarizes the demographic and economic data described in Chapter 4, while key findings include the following:

- The Airport primarily serves the seven-county Air Trade Area which had a total population of approximately 3.4 million residents in Calendar Year (CY) 2022.³ Population growth in the Air Trade Area between CY 2002 and CY 2022 has been faster than the population growth experienced by the United States and the population growth experienced by California, and this trend is expected to continue throughout the Projection Period. Typically, a positive correlation exists between population growth in a local area and air travel demand.

² While included in the Airport System, SAC and F72 have no commercial services and MHR has cargo but no commercial passenger service.

³ CY 2022 is the last year of historical data in the Woods & Poole Economics, Inc. (Woods & Poole) database and is the basis for Woods & Poole's projections.

SACRAMENTO INTERNATIONAL AIRPORT

NOTES:

CAGR – Compound Annual Growth Rate

CY – Calendar Year

GDP – Gross Domestic Product

GRP – Gross Regional Product

1 CY 2022 is the last year of historical data in the Woods & Poole Economics, Inc. (Woods & Poole) database and is the basis for Woods & Poole's future projections. Therefore, it is the last year of historical data displayed in this table. CY 2023 data may be available from other sources.

2 GDP/GRP displayed in millions of 2017 dollars.

3 Monthly unemployment data in this table is seasonally adjusted.

SOURCES: Woods & Poole Economics, Inc., 2024 Complete Economic and Demographic Data Source (CEDDS), July 2024 (population, Income, GDP/GRP); US Department of Labor, Bureau of Labor Statistics, September 2024 (unemployment).

- Per capita personal income in the Air Trade Area was \$54,313 in CY 2022, which was lower than the per capita personal income (PCPI) of the nation and California (\$56,421 and \$66,366, respectively).⁴ Between CY 2012 and CY 2022, PCPI in the Air Trade Area grew at a compound annual growth rate (CAGR) of 2.3 percent, which exceeded that of the nation but was lower than that of California (1.9 percent and 2.8 percent, respectively). The Air Trade Area, California, and the nation are each projected by Woods & Poole Economics, Inc. to grow their respective PCPI at a CAGR of approximately 1.9 percent between 2022 and 2030. In CY 2030, the Air Trade Area is projected to have a PCPI of \$62,157, lower than that of the nation and the state— \$64,732 and \$75,895, respectively.

⁴ PCPI figures are in 2017 dollars.

SACRAMENTO INTERNATIONAL AIRPORT

- Approximately 11 private or public entities with 5,000 or more employees are in the Air Trade Area. Sacramento serves as the state capital of California and as the county seat of Sacramento County. The Air Trade Area’s largest employer in the area is the state of California, with over 128,000 employees. Other governmental employers and healthcare employers are predominant in the Air Trade Area. The Air Trade Area offers a robust business environment with a diverse economy spanning government services, healthcare, technology, and education. Despite higher tax rates and regulatory standards, Sacramento benefits from California's policies, fostering sustainable development and innovation.
- As discussed in Chapter 4, the Air Trade Area is projected to be mostly in line with the nation over the Projection Period on a variety of demographic and economic indicators shown to have a correlation with air travel demand.

PASSENGER DEMAND AND AIR SERVICE ANALYSIS

As presented in Chapter 5 of this Report, the Airport has had the benefit of a growing passenger base, served by airlines offering scheduled service to airports throughout the United States and several international destinations. A total of 15 airlines provided scheduled passenger service at the Airport during FY 2024. Of these airlines, 11 operate domestic-only service, 3 operate international-only service, and 1 airline serves both domestic and international destinations. Also, 3 all-cargo airlines have provided cargo service at the Airport during FY 2024. The Airport served approximately 6.6 million enplaned passengers in FY 2024. Other key points regarding historical and forecast aviation activity at the Airport include the following:

- Between FY 2014 and FY 2023, the Airport experienced a 4.4 percent CAGR in enplaned passengers, compared to a 2.2 percent CAGR for all airports in the United States.
- The airlines serving the Airport scheduled 161 average daily departures in FY 2024 to 43 domestic destinations and 6 international destinations. Nineteen of the airport’s top 20 domestic origin and destination (O&D) markets are served nonstop, 16 of which are served by more than one airline.
- Southwest Airlines (Southwest) captured the largest share of the Airport’s passengers, representing between 50 and 56 percent of total enplaned passengers between FY 2019 and FY 2024. During the period from FY 2014 to FY 2024, 9 airlines consistently provided seasonal or year-round service.

Forecasts of activity were developed based on analysis of local and national socioeconomic and demographic factors, historical O&D passengers, short-term published airline schedules, and current airline industry trends. Total enplaned passengers at the Airport are forecast to increase from 6.6 million in FY 2024 to 7.8 million in FY 2030, a CAGR of 2.9 percent.

Table S-5 presents a summary of historical and forecast enplaned at the Airport through the Projection Period.

SACRAMENTO INTERNATIONAL AIRPORT

TABLE S-5 HISTORICAL AND FORECAST ENPLANED PASSENGER

FISCAL YEAR	DOMESTIC ENPLANED PASSENGERS	INTERNATIONAL ENPLANED PASSENGERS	TOTAL ENPLANED PASSENGERS	ANNUAL GROWTH

FINANCIAL ANALYSIS

Debt service, debt service coverage, and amortization of County funds expended on capital projects associated with the funding of the Series 2024 Projects, future SMForward projects, and other FY 2025 through FY 2029 CIP Projects, along with incremental Operating Expenses and Revenues resulting from the completion of those projects, are reflected in the financial analysis included in this Report and discussed in Chapter 6.

The current Airline Agreement is in effect through June 30, 2027. In developing the financial projections presented herein, a continuation of the rate-setting methodology set forth in the Airline Agreement was assumed for the entirety of the Projection Period. It is also assumed, in this Report, that the current airlines that have signed the agreement will continue to be signatory under the Airline Agreement and the airlines that have not signed the agreement will remain non-signatory through the Projection Period. However, both signatory and non-signatory revenues are included in the Report.

Based on the analysis in this Report and the financial projections presented in Chapter 6, Ricondo is of the opinion that the projected Net Revenues will be sufficient to satisfy the rate covenant set forth in the Indenture in each year of the Projection Period.

SACRAMENTO INTERNATIONAL AIRPORT

Ricondo is also of the opinion that the Airport's airline cost per enplaned passenger will remain reasonable based on the expectation that underlying airline costs, to the extent passed along to customers through ticket prices and fees, will not deter demand for air traffic at the Airport as airlines continue to deploy capacity to airports based on available resources. The resilient demand for air traffic, and therefore reasonableness of the projected CPE, is based on

- the strong and resilient economic base of the Air Trade Area,
- the well-established air service market served by a diversity of carriers, and
- a projected growth in the factors that drive future air traffic demand.

Results of the financial analysis presented in this Report can be summarized as follows:

- Operating Expenses are projected to increase based on the type of expense, incremental increases associated with the completion of capital projects, and expectations of future inflation rates, with total Operating Expenses projected to increase from approximately \$165.6 million in FY 2025 to approximately \$217.8 million in FY 2030, reflecting a CAGR of 5.6 percent.
- The County's total annual debt service relating to the Airport System (including projected debt service on the Series 2024 Bonds and future Obligations assumed to be issued to fund remaining SMForward projects) to be paid from Net Revenues is projected to be approximately \$46.2 million in FY 2025 then increase throughout the Projection Period to \$98.8 million in FY 2030.
- Nonairline Revenues, including all revenues generated for the Airport except for those revenues generated from the Airline Agreement, are projected to increase from approximately \$133.8 million in FY 2025 to approximately \$189.2 million in FY 2030, reflecting a CAGR of 7.2 percent.
- Airline revenues calculated based on the terms of the Airline Agreement are projected to increase from approximately \$108.8 million in FY 2025 to approximately \$164.3 million in FY 2030. The increase in airline revenues is primarily attributed to debt service payable on estimated Series 2024 Bonds and future bonds, expense and revenue impacts associated with certain Capital Program projects, as well as inflationary increases in Operating Expenses included in the airline rate requirements.
- The Airport's estimated average airline cost per enplaned passenger resulting from the airline revenues calculated based on the terms of the Airline Agreement is projected to increase from \$15.15 in FY 2025 to \$20.16 in FY 2030.
- Calculated pursuant to Section 6.04(b)(i) of the Indenture, Senior Obligation debt service coverage is projected to be 1.84x in FY 2028, the first year of full debt service on the Series 2024 Bonds and is expected to exceed the 1.25x debt service coverage requirement established in the Indenture in each year of the Projection Period, ranging between 1.74x and 2.94x.
- Calculated pursuant to Section 6.04(b)(ii) of the Indenture, Senior Obligation plus Subordinated Obligation debt service coverage is projected to exceed the 1.10x debt service coverage requirement in each year of the Projection Period, ranging between 1.59x and 2.79x.
- Calculated pursuant to Section 6.04(b)(iii) of the Indenture, debt service coverage on all Senior Obligations, Subordinate Obligations, and Junior Subordinate Obligations, without transfers, is projected to exceed the 1.00x debt service coverage requirement in each year of the Projection Period, ranging between 1.49x and 2.69x.

1. THE SERIES 2024 BONDS

1.1 PLAN OF FINANCE

The County of Sacramento (County) is issuing the County of Sacramento Airport System (Airport System) Senior Revenue Bonds, Series 2024 (Non-AMT) (the Series 2024 Bonds) to fund, in whole or in part, certain capital projects that are part of its SMForward program at Sacramento International Airport (SMF or the Airport), including the Pedestrian Walkway, Terminal B Parking Garage, and New Terminal A Exit Road. These projects, described in detail in Section 3.3 of this Report, are collectively referred to herein as the Series 2024 Projects.

Additionally, proceeds from the Series 2024 Bonds will be used to fund a deposit to the Senior Debt Service Reserve Fund, fund capitalized interest on a portion of the Series 2024 Bonds, and pay certain costs of issuance incurred in connection with the issuance of the Series 2024 Bonds.

Unless otherwise defined herein, all capitalized terms in this Report are used as defined in the Official Statement of the Series 2024 Bonds or the Master Indenture of Trust by and between the County and The Bank of New York Mellon Trust Company, N.A. (Trustee), dated as of May 1, 2008, as amended and supplemented, including as supplemented by an Eleventh Supplemental Indenture of Trust (Indenture).

Table 1-1 reflects the Series 2024 Bonds funding plan.

TABLE 1-1 SERIES 2024 BONDS FUNDING PLAN

PROJECTS TO BE FUNDED	ESTIMATED SERIES 2024 BONDS PROJECT FUNDING AMOUNT
Pedestrian Walkway	\$61,018,655
Terminal B Parking Garage	\$390,000,000
New Terminal A Exit Road	\$15,000,000
Total	\$466,018,655

SOURCE: Sacramento County Department of Airports, July 2024.

In addition to the Series 2024 Bonds, the County has applied for a loan through the US Department of Transportation (USDOT) Build America Bureau (BAB or the Bureau) Transportation Infrastructure Finance and Innovation Act (TIFIA Loan) to fund approximately \$38.8 million of the Pedestrian Walkway project. The County anticipates closing on the TIFIA loan in January 2025. Chapter 3.5.7 of this Report provides additional information regarding the use of TIFIA Loan funds for the SMForward projects. The TIFIA Loan will be secured by Net Revenues but the County intends to pay the loan with available PFC revenues. Obligations associated with the TIFIA Loan are included in the financial projections described in Chapter 6 of this Report.

The remainder of this chapter describes the Series 2024 Bonds and key provisions of the Indenture.

1.1.1 THE SERIES 2024 BONDS

Table 1-2 presents the estimated sources and uses for the Series 2024 Bonds.

The Series 2024 Bonds are being issued pursuant to provisions of the Indenture. The County Board of Supervisors adopted the resolution authorizing the issuance of the Series 2024 Bonds on September 10, 2024.

1.1.2 MASTER INDENTURE OF TRUST

The Indenture authorizes the County to issue Additional Bonds or other financing obligations to fund Airport projects including additions, extensions, and improvements to the Airport System. The requirements of the Indenture were used in the preparation of this Report. Several key provisions of the Indenture are described in the following subsections:

1.1.2.1 REVENUES

Revenues are defined to mean all income, receipts, earnings, and revenues received by or accrued to the Sacramento County Department of Airports (the Department) from the ownership or operation of the Airport System. Revenues do not include the following: gifts, grants and other funds which are restricted by their terms to purposes inconsistent with the payment of Operating Expenses or payment of Obligations; net proceeds and other insurance proceeds to the extent restricted by the terms of the policy under which they are paid to a use inconsistent with the

SACRAMENTO INTERNATIONAL AIRPORT

payment of Operating Expenses or the payment of Obligations; any Transfer,⁵ except as and to the extent included in calculations made pursuant to the provisions of the Indenture relating to rates and charges; Special Facility Revenue, except as provided in the Indenture; any gain from the sale, exchange or other disposition of capital assets of the Airport System; Released Revenues; unrealized gains on securities held for investment by or on behalf of the County; gains resulting from changes in valuation of any Swap; any unrealized gains from the write-down, reappraisal or revaluation of assets; the proceeds of Obligations; Facilities Construction Credits; Passenger Facility Charges (PFCs), Customer Facility Charges (CFCs), Grant Funds, investment income derived from any moneys or securities which may be placed in escrow or trust to defease Obligations; and arbitrage earnings which are required to be paid to the United States of America pursuant to Section 148 of the Code; and interest earnings or other investment earnings on any account in the Construction Fund established by any Supplemental Indenture unless otherwise provided in such Supplemental Indenture.

For the purposes of meeting any of the tests prescribed by the Indenture, any transfers from the Capital Improvement Fund to the Revenue Fund shall be deemed to be Revenues.

1.1.2.2 OBLIGATIONS

Obligations are any obligation of the County, including any Bond, issued pursuant to the Indenture and a Supplemental Indenture or Issuing Instrument, as applicable. Obligations may be issued as Senior Obligations, Subordinate Obligations, or Junior Subordinate Obligations. The Series 2024 Bonds will be issued as Senior Obligations. Currently outstanding Senior Obligations include the Series 2016 Senior Bonds, the Series 2018 Senior Bonds, and the Series 2020 Senior Bonds. Currently outstanding Subordinate Obligations include the Series 2016 Subordinate Bonds, the Series 2018 Subordinate Bonds, and the Series 2022 Subordinate Notes. In addition to the Series 2024 Bonds, additional Obligations are expected to be issued during the Projection Period and are reflected in this Report.

1.1.2.3 ADDITIONAL BONDS

One or more series of additional Bonds may be issued for the purpose of paying all or a portion of the costs of any capital improvement and for any other lawful purpose. Additional Bonds may be issued in a principal amount sufficient to pay such costs, including providing amounts for the costs of issuance of such series of additional Bonds and the making of any deposits into the funds or accounts required by the provisions of the Indenture or the Supplemental Indenture relating to such additional Bonds and for any lawful purpose.

The County may, at any time and from time to time, issue any additional Senior Obligations or additional Subordinate Obligations, provided:

- (i) an authorized County representative or an Airport Consultant has provided to the Trustee a certificate stating that Net Revenues for either the most recent Fiscal Year (FY)⁶ for which audited financial statements of the Airport System are available or any 12 consecutive months out of the most recent 18 consecutive months immediately preceding the month of issuance of the proposed additional Senior Obligations or additional Subordinate Obligations were sufficient to satisfy the rate covenant set forth in the Indenture for each of the next five full FYs following

⁵ Transfer means with respect to a FY (a) the amount in the Capital Improvement Fund on the last Business Day of such FY plus (b) any amounts withdrawn from the Capital Improvement Fund during such FY to pay Operating Expenses and to make any required payments or deposits to pay or secure the payment of Obligations less (c) any amounts credited to the Capital Improvement Fund from the Revenue Fund during such FY.

⁶ Fiscal Year ending June 30.

SACRAMENTO INTERNATIONAL AIRPORT

issuance of the additional Senior Obligations or additional Subordinate Obligations, or each of the next two full FYs from the issuance of the additional Senior Obligations or additional Subordinate Obligations during which there is no capitalized interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such FYs on the proposed Senior Obligations or Subordinate Obligations; or

(ii) an Airport Consultant has provided to the Trustee a certificate stating that, based upon assumptions the person signing the certificate deems reasonable, projected Net Revenues will be sufficient to satisfy the rate covenant set forth in the Indenture for each of the next five full FYs following issuance of the additional Senior Obligations or additional Subordinate Obligations, or each of the next two full FYs from issuance of the additional Senior Obligations or additional Subordinate Obligations during which there is no capitalized interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such FYs on such proposed Senior Obligations or Subordinate Obligations.

For purposes of the above, the person signing the certificate required by such clause may assume that, in each relevant FY, Accrued Debt Service⁷ for Outstanding Obligations will equal Aggregate Adjusted Annual Debt Service⁸ for such FY.

1.1.2.4 RATE COVENANT

The County shall, while any Obligations are Outstanding under the Indenture establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that Net Revenues in each FY will be at least equal to 100 percent of the aggregate amount of transfers required to be made by the County pursuant to the Indenture during such FY (see **Exhibit 1-1**). The County shall further establish, fix, prescribe, and collect rates, tolls, fees, rentals, and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each FY:

(i) Net Revenues for such FY plus any Transfer will be equal to at least 125 percent of Accrued Debt Service on all Outstanding Senior Obligations for such FY, provided that the amount of any Transfer taken into account shall not exceed 25 percent of the Accrued Debt Service on the Outstanding Senior Obligations for such FY;

(ii) Net Revenues for such FY plus any Transfer will be equal to at least 110 percent of Accrued Debt Service on all Outstanding Senior Obligations and Subordinate Obligations for such FY, provided that the amount of any Transfer taken into account shall not exceed 10 percent of the Accrued Debt Service on the Outstanding Senior Obligations and Subordinate Obligations for such FY; and

(iii) Net Revenues for such FY will be equal to at least 100 percent of Accrued Debt Service on all Outstanding Senior Obligations, Subordinate Obligations and Junior Subordinate Obligations for such FY.

⁷ Accrued Debt Service means, for any period of time and with respect to any Outstanding Obligations, the amount of Debt Service on such Obligations accrued and to accrue during such period.

⁸ Aggregate Adjusted Annual Debt Service means, with respect to any 12-month period of time, the aggregate amount of Accrued Debt Service on any Outstanding Obligations for such period.

SACRAMENTO INTERNATIONAL AIRPORT

EXHIBIT 1-1 FLOW OF REVENUES SUMMARY

NOTES:

- 1 Includes Credit Provider Reimbursement Obligations for Senior Bonds, Net Payments for any Qualified Swaps related to Senior Obligations, other Senior Obligation payments.
- 2 Includes deposits to replenish or pay the applicable debt service reserve fund(s) related to Senior or Subordinate Obligations and the applicable reserve requirement and payments to Reserve Guaranty Providers for Senior or Subordinate Obligations
- 3 Includes Subordinate Debt Service Fund, Credit Provider Reimbursement Obligations for Subordinate Bonds, Net Payments for any Qualified Swaps related to Subordinate Obligations, other Subordinate Obligation payments and Termination Payments to Qualified Counterparties for Senior Obligations
- 4 Excess System Revenues to remain in the Revenue Fund or to be deposited to the Capital Improvement Fund

SOURCE: Sacramento County Department of Airports, July 2024.

1.1.2.5 APPLICATION OF REVENUES

The Indenture creates certain funds and accounts and establishes the principal functions and uses of each fund and account. The requirements of the Indenture and the rate-making methodology in the indenture and Airline Agreement were used to develop the estimated application of revenues included in the financial analyses included with this Report. Exhibit 1-1 presents the flow of Revenues based on the application of Revenues as specified in the Indenture.

2024 Report

2. COUNTY OF SACRAMENTO AIRPORT SYSTEM

2.1 THE AIRPORT SYSTEM

In addition to SMF, the County owns and operates (through the Department) Sacramento Mather Airport (MHR) and Franklin Field (F72). The Department also operates Sacramento Executive Airport (SAC), which the County leases from the City of Sacramento. Collectively, the four airports are referred to as the Airport System. Each airport within the Airport System has a unique aviation role in the Sacramento region.

- SMF is the largest airport in the Airport System and focuses on passenger airline travel. The Airport is classified in the FAA National Plan of Integrated Airport Systems as a Commercial Service Primary Airport. The Airport is further classified as a medium hub airport by the FAA, accommodating at least 0.25 percent, but less than 1.00 percent of the nation's annual enplaned passengers.
- SAC was established in 1928 and currently serves general aviation, including private, corporate, and charter flights. Prior to the opening of SMF in 1967, SAC served as the commercial service airport for the area.
- MHR was originally established as an air force base in 1918. In 1992, the base was designated for closure under the Base Realignment and Closure program. The County subsequently took over the airfield and converted it into a public airport. MHR provides essential services for both civilian and military aviation operations, with a specific focus on air cargo.
- F72 was acquired by County in 1947 from the federal government under the Surplus Property Act of 1944 and was the site of bomber training during World War II. The airport serves the general aviation community exclusively, including flight training.

2.2 AIR TRADE AREA

The geographical area served by an airport is commonly known as the airport's "air trade area." The borders of an airport's air trade area are influenced by the location of other metropolitan areas and their associated airport facilities. For purposes of this Report, the *primary air trade area* (hereinafter referred to as the Air Trade Area) for the Airport System consists of the following Metropolitan Statistical Areas (MSAs), comprising seven counties: the Sacramento-Arden-Arcade-Roseville MSA (El Dorado, Placer, Sacramento and Yolo counties); the Stockton-Lodi MSA (San Joaquin County); and the Yuba City MSA (Sutter and Yuba counties). For most residents of and visitors to the Sacramento area, SMF is closer, in terms of distance and drive time, than competing airports in the Bay Area and the Reno/Tahoe area.

Based on location, accessibility, and services available at other commercial service airports within nearby service areas, it is recognized that the area served by the Airport System extends to a *secondary air trade area*. The secondary air trade area consists of the additional counties of Butte, Glenn, Colusa, Nevada, Amador, and Calaveras. The borders of secondary service area are established by the air trade areas of Oakland International Airport to the southwest and Reno-Tahoe International Airport to the east.

A large percentage of the SMF's local passenger traffic originates from the primary air trade area, and many of the attractions and destinations for nonresident passengers are located in this area. Therefore, only socioeconomic data for the primary air trade area (i.e., the Air Trade Area) were analyzed in Chapter 4 of this Report, in conjunction with similar data for California and the United States. **Exhibit 2-1** presents the geographical location of the Airport System's primary and secondary air trade areas, as well as the Airport's proximity to alternative facilities.

SACRAMENTO INTERNATIONAL AIRPORT

EXHIBIT 2-1

AIR TRADE AREA

2.3 EXISTING AIRPORT FACILITIES

This section describes the existing SMF facilities. **Exhibit 2-2** presents an aerial view of the Airport and identifies key Airport facilities. The Airport occupies approximately 5,900 acres in unincorporated Sacramento County, approximately 10 miles northwest of downtown Sacramento.

2.3.1 AIRFIELD

The airfield occupies approximately 25 percent of the total Airport land area and consists of two runways and associated taxiways, aprons, and hold pads.

The Airport has two parallel, prevailing wind north-south runways. Both runways are equipped with lighting and electronic navigational aids to permit all-weather continuous operations. Runway 17L-35R is the longest of the two runways, measuring 8,605 feet in length, with a width of 150 feet, and is equipped with high-intensity edge lighting, centerline lighting, an instrument landing system, and an approach lighting system. Runway 17R-35L measures 8,598 feet in length, with a width of 150 feet, and is equipped with high-intensity edge lighting, centerline lighting, an instrument landing system, and an approach lighting system. Both runways are composed of grooved concrete and are listed in good condition. Both runways are classified as Runway Design Code D-IV, able to accommodate aircraft with wingspans up to 171 feet. Air traffic operations are served by radar approach control and departure facilities, including airport surveillance radar located at the Airport, all operated by the FAA.

The runways are connected by a fully integrated system of taxiways. Each runway has a full-length parallel taxiway, Taxiway A for Runway 17R-35L and Taxiway D for Runway 17L-35R. Most taxiways at the Airport, including Taxiways A and D, have a width of 75 feet.

The primary aircraft aprons at the Airport include the passenger terminal apron, the air cargo apron to the east of Taxiway A and north of Terminal B, and the general aviation apron southwest of the end of Runway 17R-35L. The apron to the north of the general aviation apron, east of Taxiway A, is also used for air cargo.

2.3.2 PASSENGER TERMINAL FACILITIES

The Airport passenger terminal complex is located between the two parallel runways and is defined as the two terminal buildings and associated concourses, which provide more than 1.0 million square feet of space and 32 aircraft gates. Terminal functions in both terminals include ticketing, baggage claim, passenger and baggage security screening functions, and concessions.

2.3.2.1 TERMINAL A

Terminal A was constructed in 1998 and provides approximately 338,000 square feet of space on three levels, including a basement. The first level includes passenger baggage claim and the baggage handling and sorting areas used by airline personnel, along with ground transportation, Department building maintenance office space, and storage and mechanical spaces. This level also contains ticket counter check-in positions (including kiosks), airline office space, and Transportation Security Administration (TSA) checked baggage screening facilities. The second level contains the TSA passenger security screening checkpoint, concessions, Department offices, and mechanical rooms.

Concourse A, provides 13 gates, each equipped with a passenger loading bridge, with facilities on two levels. The first level contains airline operations offices and spaces for airline personnel, building, and baggage maintenance functions, along with concession storage, and building mechanical and electrical spaces. The second level contains the TSA passenger security screening checkpoint, a concession mall/food court, and holdrooms. American Airlines (American), Delta Air Lines (Delta), United Airlines (United) and Air Canada operate from Terminal A.

SACRAMENTO INTERNATIONAL AIRPORT

EXHIBIT 2-2

EXISTING AIRPORT FACILITIES

2.3.2.2 TERMINAL B

Terminal B opened in 2011 as part of the County's major capital improvement program at the time, "The Big Build," and provides approximately 724,000 square feet of space on five levels, including a basement. The Terminal B structure includes a multi-story building connected to a concourse by an automated people mover (APM). The Terminal B basement level contains baggage sortation and screening facilities, TSA offices and break rooms, maintenance space for building and baggage handling system contractors, airline and baggage handling operator break areas, and mechanical and electrical rooms. The first level contains baggage claim and airline baggage offices, ground transportation office spaces, Department building maintenance offices spaces, concession storage space, and building mechanical and electrical spaces. The second level contains airline ticket counters and offices, Department offices, and mechanical and electrical rooms. The third level is the primary public circulation level of the building and includes concessions areas and the APM station connecting the terminal to Concourse B. The fourth level consists of Department offices.

Concourse B provides 19 aircraft gates, each equipped with a passenger loading bridge, and approximately 300,000 square feet of space on two levels. The first level contains the federal inspection services (FIS) facility used by the US Customs and Border Protection (CBP) to process incoming passengers and baggage for international flights. This level also includes airline operations offices and spaces for airline personnel, as well as building and APM maintenance functions. Concession storage and building mechanical and electrical spaces are also provided. The second level contains the TSA security screening checkpoint, a concession mall/food court, lounge, and holdrooms. Terminal B serves Southwest Airlines and a mix of other air carriers, including Aeromexico, Alaska Airlines, Frontier, Hawaiian Airlines, Horizon, Jet Blue, Spirit, and Volaris.

2.3.3 GROUND ACCESS AND PARKING

Primary access to the Airport is provided from the south via Interstate 5 and Airport Boulevard, which provides access to the passenger terminals and all other Airport landside facilities. Airport Boulevard is divided into two independent loops. One loop provides access to curbside facilities serving Terminal A, the parking garage, and surface parking. The other loop provides access to curbside facilities serving Terminal B and surface parking. Lindbergh Drive serves cargo and general aviation facilities. Aviation Drive provides access to the economy parking lot, rental car facilities, and maintenance facilities. Completed in May 2024, Elkhorn Boulevard was extended from Powerline Road to Crossfield Drive, and provides access to Highway 99.

2.3.3.1 TERMINAL CURBSIDES

The Terminal A curbside is a single-level roadway serving the ticketing areas on the east side of the terminal and baggage claim areas on the west side of the terminal. The inner curb includes five lanes, with two lanes reserved for active loading and unloading of passengers and three travel lanes. The outer curb consists of three lanes, with one lane reserved for loading and unloading of shuttle buses and two travel lanes. The commercial vehicle plaza located at the west end of Terminal A provides loading areas for taxicabs, shared-ride vans, limousines, transportation network companies (TNCs), and courtesy hotel/motel vehicles.

The Terminal B curbside consists of two parallel roadways, an inner curb for private vehicles, and an outer curb reserved for commercial vehicles. The lower-level inner curb consists of a west side pickup curbside serving Southwest Airlines, and an east side pickup curb serving all other Terminal B airlines. The lower-level outer curb consists of a west side pickup curb for taxicabs, limousines, shared-ride vans, and hotel/motel courtesy vehicles. The east side pickup curb is reserved for transit buses, the inter-terminal shuttle bus, Airport-operated shuttle buses serving surface parking lots and the rental car facilities.

2.3.3.2 EXISTING PARKING FACILITIES

Public parking is provided in a parking garage and five surface lots. The six-level parking garage is located adjacent to Terminal A and provides 5,171 spaces. Elevated walkways connect the parking garage to Terminal A and Terminal B. An hourly parking lot is located west of Terminal B providing 726 spaces. A daily parking lot is located south of the parking garage with a total of 2,983 spaces. Two economy lots are available east and west of the loop roadway. The East Economy Lot is the largest parking lot at the Airport, with a capacity of 5,813 spaces. The West Economy Lot includes 2,370 spaces. A cell phone waiting lot/area is located south of Crossfield Drive between Elkhorn Boulevard and Airport Boulevard, with a maximum of three hours of free waiting.

Parking for Airport and tenant employees is provided in several parking facilities at the Airport, with a total of approximately 1,800 spaces. The largest employee parking lot is located east of Terminal A with a capacity of 796 spaces. An additional 588 spaces are located south of Terminal B. Other employee parking areas have 100 or fewer spaces, including parking for a small number of employees provided within the leased areas for general aviation and cargo facilities.

2.3.3.3 RENTAL CAR FACILITIES

Rental car facilities comprising approximately 1.6 million square feet are located west of the East Economy Lot and accommodate 10 rental car brands. The facilities consist of customer areas, a customer service building, ready/return parking areas (848 spaces), and service centers that each rental car company uses for fueling, washing, and light maintenance of rental cars. The rental car companies periodically request space for vehicle storage, with space requirements depending upon company operations. The rental car facilities have a curb for shuttle bus loading and unloading, and a limited number of visitor parking spaces.

2.3.3.4 SHUTTLE BUS OPERATIONS

The Department operates four shuttle bus routes serving passengers and employees. The buses provide service between the terminals and remote parking facilities and rental car facilities. When not in use, shuttle buses are stored in the Shuttle Bus Lot, as well as a section of the daily parking lot not accessible by the public.

2.3.3.5 COMMERCIAL VEHICLE FACILITIES

In addition to the commercial vehicle facilities located within the terminal area, the Airport provides a staging area located east of the Airport gas station (at the south end of Airport Boulevard) for taxicabs and shared-ride vehicles awaiting dispatch to the terminal area. The staging area is striped to accommodate 46 vehicles and has a 720-square-foot lounge and restroom facility for the commercial operators.

2.3.3.6 PUBLIC TRANSIT SERVICES

Public transit service to the Airport is provided by bus. YoloBus operates routes serving the Airport and regional area. Sacramento Regional Transit District (SacRT) provides service between the Airport and downtown Sacramento. Transit buses pick up and drop off riders on the outer curb at Terminal A and on the lower level eastern outer curb at Terminal B.

2.3.4 AIR CARGO FACILITIES

Air cargo facilities are located on the west side of the Airport and include several facilities used by passenger and cargo airline operators. Cargo airlines include FedEx Express, UPS Airlines, and Amazon Prime Air, which is operated

SACRAMENTO INTERNATIONAL AIRPORT

by various carriers such as Atlas Air, ABX Air, and others. Numerous passenger airlines maintain cargo operations at the Airport, including Alaska Airlines, American, Delta, Southwest, and United. The US Postal Service operates a 19,000-square-foot mail facility on Lindbergh Drive adjacent to the employee parking lot.

2.3.5 GENERAL AVIATION FACILITIES

Modern Aviation provides fixed base operator (FBO) services at each of the Airport System airports, except for Franklin Field, which has no FBO. At SMF, the FBO site consists of a 40,000-square-foot hangar used for aircraft storage and maintenance and a 6,500-square-foot building that accommodates the FBO's administrative services, a pilot lounge, and other crew and passenger amenities. Additional FBO facilities include a 12,000-square-foot hangar and a total of 340,000 square feet of aircraft parking apron. The FBO provides a complete range of general aviation services, including fueling, onsite rental car, customs, ground handling, hangar storage, lounge and office space, and other amenities. An additional commercial hangar (not currently leased by the FBO), comprising 14,540 square feet, has historically been used in various capacities, including as a corporate hangar and a cargo facility.

The Cessna Citation Service Center provides aircraft maintenance, servicing all Cessna Citation and Carvan, Beechcraft, and Hawker aircraft. Services include airframe inspections and maintenance, avionics troubleshooting and modifications, and inspections and coordination of overhauls. The facility consists of a 57,362-square-foot hangar, 78,000 square feet of apron space, and fuel tanks.

The FAA maintains a flight inspection field office south of the Textron facility, performing flight inspection activities to certify navigational aids and instrument flight procedures for the Sacramento region. The facilities consist of 22,339 square feet of hangar space and 24,000 square feet of apron space.

2.3.6 AIRPORT SUPPORT FACILITIES

Airport support facilities located at SMF include the following:

- Airport fire station – The Airport fire station comprises 10,000 square feet and houses equipment pursuant to FAA guidelines and regulations for Airport Rescue and Fire Fighting (ARFF) Index C.
- In-flight catering – LSG Sky Chefs provides in-flight catering services to the passenger airlines serving the Airport. The company leases a 104,000-square-foot site, including a 30,000-square-foot building southwest of Terminal B.
- Airport Administration Facilities – The Department occupies office space in both terminals, including administrative facilities in Terminal A and executive offices and other administrative spaces in Terminal B. Other Department buildings on the Airport include an operations building, physical plant maintenance building, and a central warehouse building.
- Aircraft Fuel Storage – The Airport's fuel farm is located northeast of the Airport fire station and includes storage tanks for Avgas and jet fuel. The fuel farm is owned by an airline consortium led by Southwest Airlines and is operated by Allied Aviation under contract with the airline.
- Airport Storage and Maintenance – Facilities for the storage of Airport maintenance equipment are located adjacent to the Airport fire station.
- Airport Traffic Control Tower (ATCT) – The FAA operates an ATCT, which is located south of the passenger terminal complex between the runways.

3. THE CAPITAL PROGRAM, SERIES 2024 PROJECTS, AND FUNDING SOURCES

This chapter summarizes the County's airport Capital Program; the Series 2024 Projects; Capital Program funding sources; and Capital Program funding assumptions included in the financial analysis in this Report.

3.1 THE AIRPORT MASTER PLAN

The current master plan for the Airport (the 2020 Master Plan) was initiated in 2020 and approved by the County in February 2022. Stated goals of the 2020 Master Plan included meeting aviation demand over the 20-year planning period, providing superior customer service through multimodal access, congestion-free spaces, technology-driven conveniences, and special needs accommodations, and promoting environmental responsibility by building with a plan to minimize impacts to the environment and adjoining communities.

The 2020 Master Plan establishes the need for future capital development at the Airport and identifies preferred alternatives for airfield, terminal, ground transportation, and other facilities. Airfield improvements focus on taxiway improvements for operational efficiencies and to meet FAA design standards. Terminal area improvements focus on providing additional aircraft gates and parking aprons, along with additional space and equipment inside the terminal to support new gates. Ground transportation improvements focus on providing additional close-in and remote vehicle parking, as well as a ground transportation center and a consolidated rental car facility (ConRAC), and Airport roadway improvements. Other improvements identified in the 2020 Master Plan include a new Airport fire station, cargo area expansion, and commercial development.

The 2020 Master Plan defines short-, medium-, and long-term development at the Airport based on planning activity levels (PALs), rather than at set future year timeframes, which allow the Department to plan for and implement facility improvements as demand warrants. This allows the Department to respond to changes in demand, either higher or lower than the forecast, regardless of the year in which those changes take place. Development at the Airport is based on four PALs for determining when future facility improvements should be implemented.

- PALs 1 and 2 represent the short-term with passenger activity levels reaching 7.4 million and 8.2 million enplaned passengers, respectively.
- PAL 3 represents the mid-term with passenger activity levels reaching 9.2 million enplaned passengers.
- PAL 4 represents the long-term with passenger activity levels reaching 10.2 million enplaned passengers.

According to the aviation activity forecast presented in Chapter 5 of this Report, the Airport is forecast to reach approximately 7.4 million enplaned passengers (PAL 1) by FY 2028 and approximately 7.8 million enplaned passengers (approaching PAL 2) by FY 2030, the end of the Projection Period for this Report.

Several capital projects recommended in the 2020 Master Plan have been completed at the Airport since 2020. In May 2020, a 40,500 square-foot cargo facility was completed in partnership with Aeroterm (now Realterm Transportation, LLC), a national owner and developer of on-airport cargo facilities. In August 2020, the Department commenced construction of a new 20,865 square-foot Airport fire station, which was completed in June 2022. In May 2024, the County completed the Elkhorn Boulevard Extension Project at the Airport. These projects were specific focus areas of PAL 1.

3.2 SMFORWARD

Continued implementation of the 2020 Master Plan has led to the *SMForward* program, which was announced in February 2023 as the largest construction program in the Airport's history at a total budget of approximately \$1.3 billion, with goals to enhance customer convenience, comfort, and accessibility at the Airport, while meeting projected passenger demand through PAL 2 of the 2020 Master Plan.⁹ The seven projects included in the SMForward program are described below and depicted on **Exhibit 3-1**.

Pedestrian Walkway (\$140 million)

This project involves the construction of an elevated pedestrian walkway between the existing Terminal B and Concourse B, running approximately parallel to the existing APM guideway. The pedestrian walkway will be a conditioned building extending from Terminal B over Airport Boulevard and Lindbergh Drive to a vertical circulation hub that will transition the walkway from the terminal level to the lower concourse level to match the level of the APM system in Concourse B. The pedestrian walkway is comprised of several components, totaling 87,471 square feet, including the South Walkway, North Walkway, and a central Vertical Circulation Hub, as follows:

- **South Walkway** – The South Walkway will connect Terminal B to the Vertical Circulation Hub. The overall width of the South Walkway is designed to be 50 feet to accommodate a greater passenger load, including provision for moving walkways. The South Walkway will allow for a potential future Security Checkpoint connection point. The materials and finishes for the South Walkway are anticipated to match other existing Terminal B facilities, including a patterned terrazzo floor, linear wood ceiling, and 12 feet storefront glazing at both sides of the walkway.
- **Vertical Circulation Hub** – The multi-level Vertical Circulation hub structure serves as a transition for an elevation change between South and North Walkways, but also as a midpoint structure between Terminal B and Concourse B structures. The hub will include four escalators, two passenger elevators, stairs, and one service elevator. To allow for maximum future flexibility, four primary connection points are provided within the primary passenger areas of the hub: two at the upper level, and two at the lower level, positioned on opposite sides. In addition to the North and South Walkways, connections have been considered for back-of-house corridors and circulation at both the apron level shell space, as well as the concourse level mechanical spaces.
- **North Walkway** – The North Walkway will connect the Vertical Circulation Hub to Concourse B and will be similar to the South walkway, but with an overall width reduction to 40 feet while allowing for the same envelope, structure, and moving walkway as the South Walkway. Moving walkway equipment is anticipated to be located on the perimeter of the walkway. Location of the moving walkways along the exterior glazing results in a better proportioned clear center space to serve circulation and passenger loads during peak periods. Similar material treatments for the interior finishes will also match the remaining walkways and connectors, utilizing durable, cleanable, and quality finishes such as terrazzo, phenolic panels, stainless steel, and wood ceilings.

The pedestrian walkway project will be delivered using the construction manager at-risk (CMAR) method in which the construction manager acts as a consultant during the project design phase, and as the general contractor during the construction phase. The contract for this project was awarded in Spring of 2024, with construction beginning in July 2024, and final delivery scheduled for December 2025 (FY 2026).

⁹ As of the date of this Report, the Department has begun the process of initiating a new Master Plan Update for SMF that will assess the Airport's long-range needs beyond the SMForward projects.

SACRAMENTO INTERNATIONAL AIRPORT

SOURCES: Nearmap, June 2023 (aerial photography - for visual reference only, may not be to scale);
Sacramento Department of Airports, September 2024.

SMFORWARD PROGRAM ELEMENTS

Terminal B Parking Garage (\$390 million)

This project involves construction of a new parking garage on the west side of Terminal B to provide an additional 5,500 parking spaces. This project will be delivered using the design-build project delivery method, with the design-build contract awarded in the summer of 2024. Construction is scheduled to begin in October 2024 with the facility estimated to open in October 2026 (FY 2027).

Terminal A Exit Roadway (\$15 million)

This is a design and construction project to update the Lindbergh Drive alignment around Terminals A and B to allow for more efficient vehicle circulation. The project will allow for better traffic flow and to facilitate traffic pattern changes required for subsequent projects. This project will be delivered using the traditional design-bid-build delivery method. This project is estimated to be completed in May 2026 (FY 2026).

Ground Transportation Center (\$50 million)

This project involves construction of a consolidated Ground Transportation Center (GTC) to replace the existing GTC facilities at Terminal A and Terminal B. The GTC will be located between Terminal B and the existing Terminal A parking garage. The facility will consist of two or three roadways parallel to the existing Terminal B curbside roadways. Commercial vehicle activities such as shuttles, taxis, limos, transportation-chartered parties, and TNCs will each have space allocated on the curbside roadways of the GTC. Elevated walkways will connect Terminal A and Terminal B to the GTC. The consolidated GTC could be used for both passenger pickup and drop-off activities, which will reduce congestion on the existing curbside roadway infrastructure. One key enabling project required to create physical space for the GTC in the proposed location is the re-routing of the Terminal A exit roadway counterclockwise, around the north side of Terminal B, south of the roundabout and under the APM guideway. The roadway will rejoin the Airport exit roadway on the west side of the existing Hourly B lot site. This project will be delivered utilizing the traditional design-bid-build delivery method and is estimated to be completed in June 2027 (FY 2027).

Concourse B Expansion (\$250 million)

This project will expand Concourse B to add additional gates and supporting infrastructure to increase capacity. Project elements include new gates, loading bridges, hold areas, and supporting infrastructure. This project will be delivered utilizing the CMAR project delivery method and is estimated to be completed in April 2028 (FY 2028).

Terminal A Expansion (\$50 million)

This project will expand Terminal A, with elements that may include larger ticket counter areas and baggage handling systems. A building assessment to determine infrastructure and mechanical/electrical system requirements will be required to support the expansion. Construction completion is estimated for September 2027 (FY 2028).

Consolidated Rental Car Center (\$391 million)

According to the 2020 Master Plan, the existing rental car site at the Airport operates in a constrained environment and has an inefficient layout with deficient security for modern car rental activities. This project involves construction of a ConRAC that is walkable to both terminals, providing a more streamlined, convenient, and up-to-date experience for passengers. Upon completion of the facility, the existing car rental site and facilities may be repurposed for rental car maintenance and/or other Airport functions. The initial phase of this project addresses environmental and planning requirements, including determining the size, location, and layout for the new facility. Subsequent phases will address design development and the construction process, including the project delivery method. The facility is estimated to be completed in FY 2028.

3.3 THE SERIES 2024 PROJECTS

Proceeds from the Series 2024 Bonds will be used to fund, in whole or in part, certain SMForward projects, including the pedestrian walkway, Terminal B parking garage, and Terminal A exit roadway (the Series 2024 Projects). The estimated cost of the Series 2024 Projects totals approximately \$545.0 million, of which approximately \$468.7 million is anticipated to be funded with proceeds from the Series 2024 Bonds.

3.4 CAPITAL PROGRAM

For purposes of this Report, the Capital Program comprises the County's Final FY 2024-25 Capital Improvement Plan (CIP) for the Airport System, which was approved by the County Board of Supervisors on June 5, 2024 as part of the County's overall FY 2025 Budget. The CIP identifies Airport System projects to be completed over the subsequent five years through FY 2029 and also identifies project costs expended in prior years. The County undertakes annual renovations, improvements, and expansions of its facilities to enhance the passenger experience and address the needs of the Airport System.

The CIP includes the SMForward projects, all of which are estimated to be completed within the Projection Period. In addition to the SMForward projects, other capital projects are included in the County's CIP through FY 2029 and will be funded through a combination of funding sources described later in this chapter. Projects included in the County's CIP, representing the Capital Program included in the financial analysis presented in this Report, are summarized below by project type/location.

- **SMForward Projects (\$1.3 billion).** SMForward projects include the pedestrian walkway, Terminal B parking garage, Terminal A exit roadway, the consolidated GTC, Concourse B expansion, Terminal A expansion, and the ConRAC.
- **Airfield Projects (\$61.8 million).** This category includes taxiway rehabilitation and reconfiguration, apron pavement repair/rehabilitation, and construction of a new airfield maintenance facility.
- **Terminal Projects (\$75.6 million).** Terminal A projects include security checkpoint expansion, restroom rehabilitation, ceiling replacement, and a chiller upgrade. Terminal B/Concourse B projects include near term augmentation gates, baggage handling system upgrades, jet bridge replacement, jet bridge pre-conditioned air unit upgrades, jet bridge controls modernization, and a custodial breakroom.
- **Ground Transportation Projects (\$101.7 million).** This category includes expansion of the economy parking lot, Elkhorn Boulevard extension, Lindbergh Drive widening and rehabilitation, parking and revenue control system equipment, digital signage replacement, a new bus administration building, terminal crosswalk signals, pavement overlay of Airport entrance roads, Flight Inspection Field Office parking lot rehabilitation, and Terminal B exit lane upgrades.
- **Other/Support Projects (\$39.0 million).** This category includes replacement of security access card and video surveillance systems, the Airport's air program, the SMForward project management campus, paging system upgrades, land acquisition, a new on-site materials testing laboratory, and California Department of General Services building upgrades.
- **Critical Equipment Replacement Program (CERP) (\$13.9 million).** The CERP includes regular inspections to determine essential building repairs or replacement requirements. Most of these projects involve exterior painting, flooring replacement, generator replacement, roof replacement, and other systems and equipment replacement.

SACRAMENTO INTERNATIONAL AIRPORT

- **Executive Airport (\$29.5 million).** CIP projects at Sacramento Executive Airport include airfield safety area improvements, runway, taxiway, and apron rehabilitation, a new connector taxiway, air traffic control tower rehabilitation, and various CERP projects.
- **Franklin Field (\$2.5 million).** CIP projects at Franklin Field include rehabilitation of the aircraft parking apron and access road repaving.
- **Mather Airport (\$81.2 million).** CIP projects at Mather Airport include building demolition, installation of an ILS and runway lighting, fuel farm upgrades, building interior rehabilitation, air traffic control tower rehabilitation, fire station rehabilitation, radio crash system replacement, general aviation apron and drainage improvements, runway and taxiway rehabilitation, vehicle service road pavement rehabilitation, and aircraft apron rehabilitation.

3.5 CAPITAL PROGRAM FUNDING SOURCES

The County intends to use a combination of funding sources to fund the Capital Program, including Department Funds, FAA Airport Improvement Program (AIP) and state grants, PFC revenues, CFC revenues, IIJA funds, proceeds from the Series 2024 Bonds, future Airport Revenue Bond proceeds, and TIFIA loan proceeds. **Table 3-1** presents a summary of the Capital Program projects anticipated to be undertaken during the Projection Period, and also identifies the funding sources anticipated to be used to fund those projects. As presented, the estimated cost of the Capital Program totals approximately \$1.7 billion. With approximately \$124.9 million of project expenditures prior to FY 2025, total Capital Program costs anticipated to be expended during the Projection Period totals approximately \$1.6 billion.

3.5.1 DEPARTMENT FUNDS

The Department anticipates using approximately \$327.0 million of its unencumbered available cash to fund a portion of the Capital Program.

3.5.2 AIRPORT IMPROVEMENT PROGRAM AND STATE GRANTS

For those projects anticipated to be eligible for FAA AIP funding, up to 75 percent of estimated project costs may be funded from that source. Before federal approval of any AIP grant applications can be given, eligible airport sponsors must provide written assurances that they will comply with a variety of statutorily specified conditions. One such assurance is the so-called "airport generated revenues" assurance which provides that all airport-generated revenues will be expended for the capital or operating costs of the airport, the local airport system, or other local facilities owned or operated by the applicant that are directly and substantially related to air transportation of passengers or property. The remainder of AIP-eligible project costs is assumed to be funded from other sources such as PFCs and Department funds.

The Capital Program assumes a total of approximately \$67.2 million of project costs will be funded with AIP grants through the Projection Period. To the extent that such AIP grants are assumed to be discretionary rather than entitlement funds, should discretionary AIP funds not become available, the Department will determine if the projects can be delayed or will utilize other sources of funds to undertake those projects.

The County anticipates receiving \$11.0 million in California state grants through the Trade Corridor Enhancement Program (TCEP) for the Elkhorn Boulevard extension project. The TCEP funds projects designed to move freight more efficiently on corridors with high volumes of freight. This statewide competitive program provides approximately \$300 million per year in state funding for eligible projects.

AIP – Airport Improvement Program

CFC – Customer Facility Charge

CERP – Critical Equipment Replacement Program

CIP – Capital Improvement Plan

IJA – Infrastructure Investment and Jobs Act

PFC – Passenger Facility Charge

SMF – Sacramento International Airport

1 Future Senior Obligations include Series 2025 Revenue Bonds and an anticipated Transportation Infrastructure Finance and Innovation Act (TIFIA) Loan (\$38.8 million associated with the Pedestrian Walkway project).

2 The County intends to use PFC revenues to pay principal and interest on the TIFIA Loans assumed as funding sources for the Capital Program.

3 Future Subordinate Obligations include Subordinate Revenue Bonds and/or one or more TIFIA Loans.

SOURCE: Sacramento County Department of Airports, July 2024.

3.5.3 PASSENGER FACILITY CHARGE REVENUE

Imposition of a PFC by an airport operator is authorized through the Aviation Safety and Capacity Expansion Act of 1990 (PFC Act), as implemented by FAA regulations. The PFC Act permits a public agency that controls an airport to charge each eligible paying passenger enplaning at an airport (subject to certain limited exceptions) a PFC of up to \$4.50 upon FAA approval. Pursuant to the PFC Act and the County's current approvals from the FAA, the County may, with certain exceptions, charge each paying passenger who enplanes at the Airport a PFC of \$4.50. The PFC Act requires air carriers and their agents to collect a PFC and remit to the County on a monthly basis the proceeds of such collections, less a \$ 0.11 handling fee and without interest earned prior to such remittance.

PFC revenue is used to fund projects that preserve or enhance capacity, safety or security of the national air transportation system, reduce noise from the airport that is part of the system or provide an opportunity for enhanced competition between or among air carriers or foreign air carriers.

The County has submitted and received approval from the FAA to impose and use PFC revenues for capital projects, including financing costs, totaling approximately \$811.5 million, in 7 separate PFC applications since 1993. The current PFC collection level is \$4.50, and the PFC Charge Expiration Date for PFC collections is currently estimated to be November 1, 2034, based on estimates of future enplaned passengers. In FY 2023, the County received \$25.7 million in PFC collections and interest. Through March 31, 2024, the County has received a total of \$561.1 million in PFC collections and interest since January 1993. Since FY 2014, the County has used \$199.7 million in PFC revenue for debt service payments on the Series 2008 Subordinate Bonds, the Series 2009 Subordinate Bonds, the Series 2016 Subordinate Bonds, and the Series 2018 Subordinate Bonds. For purposes of the financial analysis herein, the current \$4.50 collection level is assumed through the Projection Period.

The County is in the process of developing a new PFC application for FAA approval for impose and use authority of \$73,234,444 of PFC revenue associated with the pedestrian walkway project. The County proposes to use approximately \$14.9 million in PFC revenue on a pay-go basis, as well as to pay principal and interest of approximately \$59.5 million on a proposed TIFIA Loan for the project. Upon approval of the new application, the estimated expiration date for PFC collections is July 1, 2039.

3.5.4 CUSTOMER FACILITY CHARGE REVENUE

California law permits airports to collect CFCs at a level not to exceed \$10 per car rental transaction or, under an "alternative CFC," a maximum level of \$9.00 per day, up to a maximum of five days per rental transaction. Effective May 1, 2019, the County implemented a CFC of \$10 per rental car transaction at SMF while initiating discussions with rental car companies regarding the potential development of a ConRAC. In October 2022, The County Board of Supervisors approved the transition to an "alternative CFC," authorizing the collection of \$8.00 per day for up to 5 days per rental transaction. This transition went into effect in March 2023.

CFC revenues are excluded from the definition of Revenues under the Indenture, meaning they are not pledged to the Department's Senior Obligations and Subordinate Obligations. The Department may use CFC revenues on a pay-as-you-go basis for capital costs of future rental car facilities, issue stand-alone CFC-backed debt, or it may use CFC revenues to pay debt service on Subordinate Bonds as it currently does with PFC revenues.

CFC revenues have previously been used to fund initial planning and design phases of the proposed ConRAC facility at the Airport. The County intends to finance construction of the ConRAC project in its entirety with CFC revenues, without recourse to general Airport revenues.

3.5.5 IIJA FUNDING

The IIJA was signed into law in November 2021 and includes funding for infrastructure, including \$15 billion for airport-related projects. IIJA funding is currently authorized for allocation by the FAA from federal fiscal year (FFY) 2022 through FFY 2026 and is distributed through a combination of formula-based funding (Airport Infrastructure Grants [AIG]) and discretionary grants (Airport Terminal Program [ATP] Grants). IIJA funding can be used for airport-related projects as defined under the existing AIP and PFC criteria, and include projects like runways, taxiways, safety and sustainability projects, terminals, airport-transit connections, and roadway projects.

Through FY 2024, the County has received AIG allocations of approximately \$32.2 million and is estimated to be allocated an additional \$28.0 million through FY 2026. In FY 2023, the County was awarded an ATP discretionary grant of \$11.7 million for the pedestrian walkway project. In total, the County anticipates using approximately \$74.9 million in IIJA funds on the Capital Program.

3.5.6 GENERAL AIRPORT REVENUE BONDS

The plan of finance for the Capital Program anticipates a total of approximately \$700.5 million of project costs to be funded using proceeds from general airport revenue bonds (GARBs) issued during the Projection Period. This includes the issuance of the Series 2024 Bonds and future Senior Lien issuance, assumed to be the Series 2025 Bonds. The Series 2024 Bonds are expected to be issued to fund approximately \$466.0 million of Series 2024 Project costs, with an additional \$234.5 million in future GARB issuances. The associated debt service included within this analysis for this future issuance is subject to change based on market conditions. Debt service associated with potential future issuance of CFC-backed bonds to fund the ConRAC project is not included in the financial analysis.

3.5.7 TRANSPORTATION INFRASTRUCTURE FINANCE AND INNOVATION ACT LOAN

TIFIA was originally authorized under the Transportation Equity Act for the 21st Century. The TIFIA program provides federal credit assistance for eligible infrastructure investment projects. The program's goal is to leverage federal funds by attracting substantial private and other non-federal co-investment in critical improvements to the nation's surface transportation system.

As a part of the IIJA, TIFIA eligibility was expanded to airport projects under the same eligibility requirements as those of the PFC program. TIFIA loans are low-interest and can be used to finance up to 33 percent of eligible project costs. The interest rate on TIFIA loans is set based on the 30-year Treasury rate at the time of the closing of each loan. The County anticipates applying for a TIFIA loan under the Rural Project Initiative (RPI). If determined qualified for the RPI, the County will be eligible to receive a loan up to 49 percent of the project's eligible costs at a fixed interest rate equal to one half of the 30-Year Treasury rate.

The County's capital plan of finance anticipates receiving up to two separate TIFIA loans, with the first loan funding approximately \$38.8 million of project costs. The first loan is anticipated to close in January 2025. The second TIFIA loan, funding approximately \$65.9 million, is planned to occur concurrently with issuance of future (Series 2025) bonds.¹⁰ The TIFIA loans will be secured by Net Revenues, however the County intends to use PFC revenues to pay principal and interest on the loans.

¹⁰ The second TIFIA loan may instead be issued as Subordinate Revenue Bonds, with debt service to be paid by PFC revenues.

4. DEMOGRAPHIC AND ECONOMIC ANALYSIS

The demand for air transportation at an airport is, to a large degree, dependent upon the demographic and economic characteristics of the Air Trade Area. This relationship is particularly true for O&D passenger traffic, which has historically accounted for approximately 95 percent of passenger traffic at SMF.¹¹ For purposes of this Report, the Air Trade Area, as defined in Section 2.2, encompasses seven counties¹² and all four Airports that comprise the Airport System (SMF, SAC, MHR, and F72) are within the Air Trade Area's geographic boundaries. This chapter presents data indicating that the Air Trade Area has an economic base capable of supporting increased demand for air travel during the Projection Period.

4.1 DEMOGRAPHIC ANALYSIS

4.1.1 POPULATION

There is typically a positive correlation between population growth in a local area and air travel demand. **Table 4-1** presents the historical population for the Air Trade Area, California, and the United States. As shown, the population in the Air Trade Area increased from approximately 2.7 million in calendar year (CY) 2002 to approximately 3.1 million in CY 2012 and to approximately 3.4 million in CY 2022. As also shown, population growth in the Air Trade Area between CY 2002 and CY 2022 (CAGR of 1.2 percent) was 0.6 percentage points above California's population growth and 0.5 percentage points above the nation's population growth during this period.

TABLE 4-1 HISTORICAL AND PROJECTED POPULATION

AREA	HISTORICAL			PROJECTED	COMPOUND ANNUAL GROWTH RATE			
					HISTORICAL			PROJECTED
	CY 2002	CY 2012	CY 2022 ¹	CY 2030	CY 2002 – CY 2012	CY 2012 – CY 2022	CY 2002 – CY 2022	CY 2022 – CY 2030
Air Trade Area	2,676,811	3,065,412	3,394,474	3,658,957	1.4%	1.0%	1.2%	0.9%
California	34,871,843	37,974,434	39,040,616	40,982,028	0.9%	0.3%	0.6%	0.6%
United States	287,625,148	314,371,456	333,271,411	350,794,062	0.9%	0.6%	0.7%	0.6%

NOTES:

CY – Calendar Year

¹ CY 2022 is the last year of historical data in the Woods & Poole Economics, Inc. (Woods & Poole) database and is the basis for Woods & Poole's future projections. Therefore, it is the last year of historical data displayed in this table. CY 2023 data may be available from other sources.

SOURCE: Woods & Poole Economics, Inc., *2024 Complete Economic and Demographic Data Source (CEDDS)*, July 2024.

The Air Trade Area population increased from net migration into the area prior to the COVID-19 pandemic and while the arrival of the COVID-19 pandemic initially paused new arrivals, data shows that as remote work became more common and more affordable housing in the Air Trade Area became more attractive to people living in cities with higher costs of living, including those in the San Francisco Bay Area, the net migration into the Air Trade Area

¹¹ While included in the SCDA, SAC and F72 have no commercial services and MHR has cargo but no commercial passenger service.

¹² The seven counties that make up the Air Trade Area are El Dorado, Placer, Sacramento, San Joaquin, Sutter, Yolo, and Yuba counties.

increased.¹³ In CY 2022, only five counties in the state of California had growth above one percent, and two of them are in the Air Trade Area: Sutter County (1.9 percent) and San Joaquin (1.0 percent).¹⁴

Table 4-1 also presents population projections from Woods & Poole¹⁵ for the Air Trade Area, California, and the United States for CY 2030. Population in the Air Trade Area is expected to increase at a CAGR of 1.0 percent between CY 2022 and CY 2030, from approximately 3.4 million in CY 2022 to approximately 3.7 million in CY 2030. Projected population growth for the Air Trade Area is expected to be higher than that experienced by California (CAGR of 0.7 percent), and the nation (CAGR of 0.7 percent) during this period. Between CY 2022 and CY 2030, Air Trade Area population is expected to grow fastest in Placer County and San Joaquin County (CAGRs of 1.5 percent and 1.0 percent, respectively).

4.1.2 AGE DISTRIBUTION AND EDUCATION

Demand for airline travel varies by age group, and the age distribution of the Air Trade Area population can influence O&D passenger activity at an airport. According to Consumer Expenditure Survey data from the US Department of Labor, Bureau of Labor Statistics, in the United States, persons between the ages of 35 and 54 account for 44.5 percent of expenditures on airfares.^{16, 17}

Table 4-2 shows that, in 2022, residents in the Air Trade Area aged 35 to 54 accounted for 25.9 percent of the population. Thus, the age group that generates the most expenditures on airfares is represented in the Air Trade Area at a slightly lower rate than the population in California (26.3 percent) and slightly higher rate than population in the United States (25.2 percent).

According to Consumer Expenditure Survey data,¹⁸ people with a bachelor's or associate's degree generate a high percentage of expenditures on airline travel. Data indicate that 83.4 percent of airfares are purchased by college graduates, while 8.3 percent are purchased by consumers who have had some college, and 8.3 percent are purchased by consumers who never attended college. As shown in Table 4-2, 41.0 percent of the Air Trade Area's population over the age of 25 has a post-secondary degree (associate, bachelor's, master's, or doctorate)—a lower percentage than the population of California (44.0 percent) and the United States (43.0 percent). In addition to having an educated population, the Air Trade Area is also home to more than 13 colleges and universities, including community colleges and technical schools. These educational institutions generate demand for airline service through academic meetings and conferences, visiting professorships, study abroad programs, and individual student and faculty travel.

NOTES:

GED – General Education Development

CY 2022 is the most recent year of historical data available for these variables.

1 Sums may not total to 100.0 percent due to rounding.

SOURCES: Woods & Poole Economics, Inc., 2024 Complete Economic and Demographic Data Source (CEDDS), July 2024; US Census Bureau, American Community Survey (ACS), May 2024.

4.1.3 PER CAPITA PERSONAL INCOME

Table 4-3 presents historical per capita personal income (PCPI) for the Air Trade Area, California, and the United States between CY 2012 and CY 2022, as expressed in 2017 dollars. As shown, PCPI for the Air Trade Area was markedly lower than the equivalent measure for California each year between CY 2012 and CY 2022, and closer to but still lower than the equivalent measure for the nation over the same period. California had the 6th highest PCPI of the 50 states and the District of Columbia in CY 2022, but PCPI levels vary widely across the state of California, with PCPI being highest in coastal areas, which can explain the Air Trade Area's lower PCPI relative to the state as a whole. As also shown, PCPI for the Air Trade Area increased at a CAGR of 2.3 percent between CY 2012 and CY 2022, slower than the 2.8 percent CAGR for California and greater than the 1.9 percent CAGR experienced by the nation over this same period.

Table 4-3 also presents projections of PCPI for CY 2030. According to data from Woods and Poole, PCPI for the Air Trade Area is projected to increase from \$54,313 in CY 2022 to \$62,156 in CY 2030. This increase represents a CAGR of 1.7 percent, the same as projected for California and lower than the nation during the same period.

SACRAMENTO INTERNATIONAL AIRPORT

An additional indicator of the market potential for air transportation demand is the percentage of households in higher income categories. As income increases, air transportation becomes more affordable and, therefore, is generally used more frequently. Table 4-3 also presents percentages of households in selected household income categories for CY 2022 as expressed in 2017 inflation-adjusted dollars. As presented, 41.7 percent of households in the Air Trade Area had a household income of \$75,000 or more in CY 2022, which is less than the percentage of households in these income categories for California (44.8 percent) but greater than the nation (37.0 percent).

4.2 ECONOMIC ANALYSIS

4.2.1 GROSS DOMESTIC PRODUCT

Gross domestic product (GDP) for the United States and its state and local equivalent, gross regional product (GRP), are measures of the market value of all final goods and services produced within a particular area for a specific time period. These indicators are one of the broadest measures of the economic health of a particular area and, consequently, the area's potential air travel demand.

Table 4-4 presents historical GRP/GDP for the Air Trade Area, California, and the United States between CY 2012 and CY 2022, as expressed in 2017 dollars. As shown, despite the impact of the COVID-19 pandemic, Air Trade Area GRP increased from approximately \$139,283 million in CY 2012 to approximately \$190,274 million in CY 2022, a CAGR of 3.2 percent. In comparison, the GRP for California increased at a 3.3 percent CAGR over the same period, while the nation's equivalent measure, GDP, increased at a 2.5 percent CAGR.

TABLE 4-4 GROSS REGIONAL/DOMESTIC PRODUCT

(In 2017 Dollars, Amounts in Millions)

YEAR	AIR TRADE AREA (GRP)	AIR TRADE AREA YOY GROWTH	CALIFORNIA (GRP)	CALIFORNIA YOY GROWTH	UNITED STATES (GDP)	UNITED STATES YOY GROWTH

NOTES:

CY – Calendar Year

GRP – Gross Regional Product

GDP – Gross Domestic Product

1 CY 2022 is the last year of historical data in the Woods & Poole Economics, Inc. (Woods & Poole) database and is the basis for Woods & Poole's future projections. Therefore, it is the last year of historical data displayed in this table. CY 2023 data may be available from other sources.

SOURCE: Woods & Poole Economics, Inc., 2024 Complete Economic and Demographic Data Source (CEDDS), July 2024.

Table 4-4 also presents projections of GRP/GDP for CY 2030. Woods & Poole projects GRP for the Air Trade Area to increase from approximately \$190,274 million in CY 2022 to approximately \$223,284 million in CY 2030, reflecting a CAGR of 2.0 percent. Projected GRP growth in the Air Trade Area is expected to be lower than that of the nation and California (2.2 percent and 2.4 percent, respectively).

4.2.2 LABOR FORCE AND UNEMPLOYMENT TRENDS

Table 4-5 presents the recent labor force and unemployment trends for the Air Trade Area, California, and the United States. As shown, the Air Trade Area's civilian labor force increased from approximately 1.4 million workers in CY 2013 to approximately 1.6 million workers in CY 2023. This increase represents a CAGR of approximately 0.9 percent in the Air Trade Area's labor force during this period, compared to an approximately 0.4 percent increase for California and an approximately 0.7 percent increase for the United States. The Air Trade Area's civilian labor force remained stable (0.2 percent annual growth) in CY 2020 despite the COVID-19 pandemic. Shifts in labor force levels between CY 2019 and CY 2020 were more significant in California and nationwide, as the California labor force decreased 2.2 percent and the US labor force decreased 1.7 percent, due in part to workers leaving the labor force because of childcare duties, fear of getting COVID-19 in the workplace, and other reasons related to the COVID-19 pandemic.¹⁹ When COVID vaccines became widely available in March 2021, more contact-sensitive (restaurants, bars, shopping malls, salons) jobs were added and workers who had temporarily left the labor force returned. The Air Trade Area's civilian labor force continued to grow even with the impact of the pandemic for the period CY 2019 to CY 2023. California's labor force has not yet (as of CY 2023) recovered to pre-pandemic (CY 2019) levels, while the nation exceeded CY 2019 labor force levels by CY 2023.

Table 4-5 also shows that average annual unemployment rates²⁰ for the Air Trade Area were equal to or higher than the rates for California from CY 2013 to CY 2023, except for CY 2020 and CY 2021, when rates were, like the labor force described above, less negatively impacted by the COVID-19 pandemic in CY 2020 and CY 2021 than California and the nation. Unemployment rates for all three areas trended downward from CY 2013 until the start of the COVID-19 pandemic. In CY 2020, the unemployment rate of the Air Trade Area, California and the nation increased by more than four percentage points due to the pandemic, but all rates declined in CY 2021 as COVID-19 vaccines became widely available and business operations were restored. Unemployment rates continued to decline in CY 2022, reaching close to or below pre-pandemic CY 2019 levels, before rebounding slightly in CY 2023. In July 2024 (latest data available), the Air Trade Area's seasonally adjusted unemployment rate was 5.3 percent, higher than California's seasonally adjusted unemployment rate (5.2 percent) and the national seasonally adjusted unemployment rate (4.3 percent). Historically, unemployment has been higher in California than the nation, which has been attributed to a variety of factors including California's workforce being relatively younger (younger workers tend to have higher rates of unemployment) and more likely to be employed in seasonal (agriculture, hospitality, and retail) and volatile (technology, real estate, and entertainment) industries.^{21,22}

4.2.3 BUSINESS CLIMATE

The Air Trade Area has a compelling business environment marked by a diverse economy, spanning industries such as government services, healthcare, technology, and education; an environment that is productive and profitable. The Air Trade Area also enjoys access to a large and diverse talent pool, robust venture capital investment, and a strong entrepreneurial ecosystem.

SACRAMENTO INTERNATIONAL AIRPORT

Although the State of California and the Air Trade Area impose higher tax rates,²³ regulatory standards, and operational costs than the national average, the state and the Air Trade Area nevertheless still provide a business-friendly climate that supports sustainable development and innovation. California was ranked as the number one state for access to capital and technology & innovation by the 2023 CNBC America's Top States for Business study, indicating that the state is attractive to business.²⁴ The region's taxation landscape is more complex, with California ranking 49th in the Tax Foundation's 2023 State Business Tax Climate Index, indicating a challenging tax environment compared to other states.

The Air Trade Area's location in Northern California offers logistical advantages, fostering trade and commerce. The Air Trade Area is near Oakland and its major port, which, in turn, facilitates international trade in the Air Trade Area. The Air Trade Area has its own inland port in West Sacramento, a non-container port specializing in the movement of agricultural, industrial, and heavy equipment.

The Air Trade Area also benefits from its proximity to San Francisco and lower relative business and living costs by comparison. While a pattern of in-migration to Sacramento from the Bay Area pre-dates the pandemic, the flexibility of remote work, which increased during the pandemic, has made it easier for Bay Area residents in search of affordable housing and lower cost of living to move to Sacramento while keeping Bay Area jobs.²⁵ After measuring home affordability, healthy employment, and population growth, *Forbes* named Sacramento the best place to live in California in 2024 for the second year in a row.²⁶

As the capital of the fifth largest economy in the world,²⁷ the City of Sacramento fuels business growth. Many types of professional and business services companies and organizations, like law practices and lobbying firms, are located in the Air Trade Area due to Sacramento being the location of state legislatures and courts. State capitals also provide a good base of operation for federal field office and businesses like the publicly traded community bank, Five Star Bank, which caters to small and medium businesses, are headquartered in the Air Trade Area, due in part to the city of Sacramento's state capital status. The presence of the state capital has also fueled industries like agri-food tech, life sciences, future mobility, fintech, semiconductors, tech, startups, and advanced manufacturing in the Air Trade Area.

The Greater Sacramento Area has a growing tech industry, with efforts from local universities such as the University of California - Davis (UC-Davis) and California State University, Sacramento (Sacramento State) to promote innovation through research and development partnerships. Sacramento State, for example, is a hub for education and has contributed to the local talent pool, particularly in fields related to government and public policy due to the City's status as the state capital.

²³ California ranks 49th in the Tax Foundation's 2023 State Business Tax Climate Index.

SACRAMENTO INTERNATIONAL AIRPORT

The City of Sacramento has shown commitment to economic development through initiatives such as the Sacramento Urban Technology Lab, which aims to make the city a “living laboratory” for entrepreneurs, advanced technology businesses, and academic institutions to test, develop, and scale their ideas, products, and services.²⁸ The city of Sacramento is also home to several business incubators and accelerators, such as the UC Davis Venture Catalyst and the Sacramento Entrepreneurship Academy, which support the city’s burgeoning startup ecosystem.

According to Bloomberg, between 2019 and 2021, 35.9 percent of venture capital (VC) funding in the United States was in the nearby San Francisco and San Jose metropolitan areas.²⁹ VC investment in the Air Trade Area itself has been strong, with a notable focus on health care, agriculture technology, and clean energy startups, reflecting California’s broader emphasis on sustainability and health technology. The Air Trade Area has attracted substantial investments, which have fueled growth and innovation in these sectors.

In terms of trade, Sacramento's businesses engage in both national and international markets. The city has a significant number of companies that engage in or support international business, driven by California's overall economic strategies that emphasize global connectivity. Top international employers in the greater Sacramento region include Siemens (a technology company headquartered in Munich, Germany), which has more than 2,500 employees in the region.³⁰

In 2024, California ranked first in the number of US companies listed in the Fortune 500 by state. While none of the 57 Fortune 500 companies headquartered in California were headquartered in the Air Trade Area, many Fortune 500 companies do business in and employ people in the Air Trade Area, including Intel, a semiconductors and other electronic component company (ranked 79th).³¹ Also headquartered in the Air Trade Area is Kaiser Permanente, one of the largest healthcare companies in the world and the fifth largest employer in the Air Trade Area.

Table 4-6 presents the major employers in the Air Trade Area, as measured by the number of local employees. As shown, there are 11 private or public entities in the Air Trade Area with 5,000 or more employees. Unsurprisingly, the largest employer in the area is the state of California, with over 128,000 employees. Other governmental employers and healthcare employers are predominant in the Air Trade Area.

4.2.4 EMPLOYMENT BY MAJOR INDUSTRIAL SECTOR

Sources of economic diversity in the region are discussed in this section by focusing on the following nonagricultural employment sectors, listed in order of their contribution to the Air Trade Area's employment base: government, education and health services, professional and business services, trade, leisure and hospitality, construction, financial, transportation/utilities, manufacturing, other services, and information.³²

An analysis of nonagricultural employment trends by major industry sector is presented in **Table 4-7**, which compares the Air Trade Area's employment trends to those of California and the nation for CY 2013 and CY 2023. As shown, nonagricultural employment in the Air Trade Area increased from approximately 909,000 workers in CY 2013 to approximately 1.1 million workers in CY 2023. This increase represents a CAGR of approximately 2.1 percent during this period, a higher rate than California's and the nation's growth during the same period (1.6 percent and 1.4 percent, respectively).

³² The 11 industry sectors discussed in this section and displayed in Table 4-7 correspond to the 11 "supersectors" defined by the US Bureau of Labor Statistics' grouping by North American Industry Classification System code, with two exceptions. Due to low employment in the mining and logging supersector, it is included in the construction sector in this Report and the supersector "Trade, Transportation, and Utilities" is treated as two industry sectors in this Report, Trade and Transportation/Utilities, respectively.

Percent of CY 2023 Nonagricultural Employment

NOTES:

ATA – Air Trade Area; CY – Calendar Year; CAGR – Compound Annual Growth Rate

Numbers may not sum due to rounding.

Nonagricultural employment only.

1 The nonagricultural employment for the other services sector includes outsourcing from the manufacturing sector.

2 The information sector includes communications, publishing, motion picture and sound recording, and online services.

SOURCE: US Department of Labor, Bureau of Labor Statistics, May 2024.

As shown in Table 4-7, the workforce of the Air Trade Area is concentrated in government and education and health services industries in CY 2023, with over 40 percent of employment in those two sectors. The highest employment growth for the Air Trade Area between CY 2013 and CY 2023 occurred in the transportation and utilities sector. The education and health services and construction sectors also experienced strong growth in the Air Trade Area during the same period.

Changes in the Air Trade Area's nonagricultural employment sector makeup differed from the national trends that occurred between CY 2013 and CY 2023. The Air Trade Area saw significant shifts in employment share by sector between 2013 and 2023, as employment growth rates differed between the sectors. The government and trade sectors' share of total employment declined as the construction and education and health services sectors' share of total employment increased in the Air Trade Area. Construction and education & health services sectors grew at much faster rates annually (5.6 percent and 3.7 percent, respectively) than government (1.5 percent) and trade (0.8 percent). Most other sectors in the Air Trade Area grew at a similar pace to overall employment (2.1 percent annually). In the nation, changes in employment were less significant than the Air Trade Area, with only the construction and transportation and utilities sectors increasing by more than a percentage point above the average for total employment growth (1.4 percent). In the Air Trade Area, the information and financial services sectors had a decline in employment between CY 2013 and CY 2023. There were no equivalent losses in the nation. All sectors of employment, except for the information, financial services, and professional and business services sectors, experienced higher growth in the Air Trade Area than in the nation between CY 2013 and CY 2023.

4.2.4.1 GOVERNMENT

In CY 2023, the government sector accounted for approximately 270,000 employees in the Air Trade Area, the highest employment level among all sectors. The government sector accounted for 24.0 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 14.6 percent in California and the nation.

Government employment in the Air Trade Area increased at a CAGR of 1.5 percent between CY 2013 and CY 2023, compared to slower 0.9 percent and 0.4 percent increases for California and the nation, respectively, over the same period.

The Air Trade Area has historically had an outsized portion of government employment due to Sacramento being the state capital of California, as well as the county seat of Sacramento County. Sacramento has the highest concentration of government jobs per capita in the state with more than 4,800 state government entities in the region.^{33,34} Typical of state capitals, Federal agencies like the Internal Revenue Service, Department of Agriculture and Department of Veterans Affairs have field offices in Sacramento. While most government employees are working for the state, federal and county governments are also represented in the list of largest employers in the Air Trade Area (see Table 4-6). Additionally, areas with larger populations mean greater demand for firefighters, police officers, teachers, and other local government workers.

As the capital of the state of California, Sacramento maintains most of the functions of a capital city. The California State Capitol in Sacramento houses the chambers of the California State Legislature, which includes the Assembly and the Senate, and the office of the governor of California. The Supreme Court of California also has offices in Sacramento and the city is home to many state agencies.

³³ City of Sacramento, <https://www.cityofsacramento.org/Living-Here/Jobs> (accessed May 21, 2024).

³⁴ COE for Labor market research, "Sacramento Region Public Sector Workforce Needs Assessment," <https://pathways2publicservice.org/wp-content/uploads/2019/09/Public-Sector-Workforce-Report.pdf> (accessed June 27, 2024).

4.2.4.2 EDUCATION AND HEALTH SERVICES

In CY 2023, the education and health services sector accounted for approximately 198,000 employees in the Air Trade Area, the second-highest employment level among all sectors. The education and health services sector accounted for 17.6 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 17.4 in the state and 16.2 percent in the nation.

Education and health services employment in the Air Trade Area increased at a CAGR of 3.7 percent between CY 2013 and CY 2023, compared to a 3.0 percent increase for the state and 1.9 percent increase for the nation over the same period. Major subsectors in the education and health services sector are higher education and health services, which are described in the following subsections.

Higher Education

Higher education is provided in the Air Trade Area by two large public universities, as well as several community colleges, and private universities. Over 192,000 students are enrolled in higher education throughout the Air Trade Area.³⁵ UC-Davis has more than 38,000 students enrolled in 107 undergraduate majors, 101 graduate majors and 6 professional schools. UC-Davis also has a 625-bed teaching hospital located on its campus that serves more than 30,000 patients annually. The university is a leading research institution, receiving \$1 billion in research funding annually. Sacramento State has nearly 31,000 students and nearly 1,900 full and part time faculty; it is the 6th largest of the 23 colleges in the California State University system.

In addition to UC-Davis and Sacramento State, the Air Trade Area also contains seven community colleges, numerous vocational schools, professional schools, private schools, and local satellite campuses of colleges headquartered elsewhere in the nation.

Health Services

The health services industry plays a significant role in the Air Trade Area, and it will continue to become more significant as the Air Trade Area population ages. Four healthcare organizations are listed in Table 4-6 as largest employers in the Air Trade Area: UC Davis Health, Kaiser Permanente, Marshall Medical Center, and Barton Health.

Four large health systems — Dignity Health (formerly Mercy Healthcare Sacramento), Kaiser Permanente, Sutter Health, and UC Davis Health — dominate the Sacramento area health care market. Dignity Health is the fifth-largest hospital system in the nation and the largest not-for-profit hospital provider in California. Hospitals in Dignity Health system include Mercy General Hospital and Methodist Hospital of Sacramento. Kaiser Permanente has three medical centers in the Air Trade Area: Kaiser Permanente Roseville Medical Center, Kaiser Permanente Sacramento Medical Center, and Kaiser Permanente South Sacramento Medical Center, and ten medical offices. Sutter Health includes Sutter Medical Center, Sacramento, which includes Anderson Lucchetti Women's and Children's Center, Sutter Memorial Hospital and Sutter Center for Psychiatry. UC Davis Medical Center has consistently been ranked in the top 10 hospitals by US News and World Report. The hospital has the only Level I trauma center in Northern California and has a regional burn center and several other specialty centers. UC Davis Medical Center is also in the Top 20 for National Institute of Health funding.

Smaller hospitals but still major employers in the Air Trade Area (as shown in Table 4-6) are Marshall Medical Center and Barton Health. Marshall Medical Center includes the 111-bed Marshall Hospital and several primary and

³⁵ City of Sacramento, <https://www.cityofsacramento.gov/city-manager/oied/business/grow-here/key-industries/post-secondary-education> (accessed May 21, 2024).

specialty care clinics, including laboratories and diagnostic imaging centers. Also with 111 beds is Barton Memorial Hospital, which along with Marshall Medical Center is one of only two independent hospitals in the Sacramento region.

4.2.4.3 PROFESSIONAL AND BUSINESS SERVICES

In CY 2023, the professional and business services sector accounted for approximately 138,000 employees in the Air Trade Area, the third-highest employment level among all sectors. The professional and business services sector is less concentrated in the Air Trade Area than it is in California and the nation, accounting for 12.3 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 15.6 and 14.6 percent in California and the nation respectively.

Professional and business services employment in the Air Trade Area increased at a CAGR of 1.6 percent between CY 2013 and CY 2023, compared to a 1.7 percent increase for California and a 2.1 percent increase for the nation over the same period.

Professional services providers, while large in number, primarily employ smaller numbers of employees per firm. Larger professional services providers with offices in the Air Trade Area include PricewaterhouseCoopers and Crowe. Clutch, a woman-owned business consulting firm, is moving into a 78,000 square foot building in Rancho Cordova and plans to hire more than 600 employees by 2027.³⁶

State capitals tend to have a higher concentration of lawyers due to the presence of numerous state functions, such as the state's courts, legislature, and agencies. This necessitates a larger legal community to support these government activities. The largest Sacramento area law firms (located in Sacramento, Eldorado, Placer, and Yolo Counties) include Downey Brand LLP and Boutin Jones Inc., serving clients in businesses and litigations. Buchalter, a full-service business law firm, is expanding on Capitol Mall in downtown Sacramento.³⁷ Lobbying firms also often maintain their headquarters or offices in capital cities.

Also included in the business and professional services sector are scientific research and development services. Life sciences employers and businesses in the Air Trade Area include:³⁸

- **Jackson Laboratory.** A leading independent, nonprofit biomedical research institution.
- **HealthLinkNow.** A telemedicine company that connects patients with health care professionals using technology.
- **NeuroVision Imaging.** A company developing a noninvasive, quick and inexpensive retinal imaging test for early Alzheimer's disease detection.
- **SynGen.** A company developing stem cell harvesting systems.

SACRAMENTO INTERNATIONAL AIRPORT

- **Gemini Bio.** A leading manufacturer and supplier of cell culture media, sera and other reagents to academic researchers and the biotech, cell and gene therapy and biopharma industries.
- **Penumbra.** A company that designs, develops, manufactures and markets cutting-edge medical devices and has 250,000+ sq. ft. of office, research and design space in the region.

Business Facilities ranked Sacramento #2 in the nation for life sciences growth.³⁹

4.2.4.4 TRADE

In CY 2023, the trade sector accounted for approximately 135,000 employees in the Air Trade Area, the fourth-highest employment level among all sectors. The trade sector in the Air Trade Area accounted for 12.0 percent of total nonagricultural employment in CY 2023, compared to 12.8 percent in California and 13.9 percent in the nation.

Trade employment in the Air Trade Area increased at a CAGR of 0.8 percent between CY 2013 and CY 2023, compared to a 0.1 percent and 0.5 percent increase for California and the nation, respectively, over the same period.

One indicator of growth in the trade sector is retail sales, defined as all net sales (gross sales minus refunds and allowances for returns) for establishments engaged primarily in retail trade. **Table 4-8** presents total retail sales for the Air Trade Area, California, and the United States between CY 2012 and CY 2022. As shown in Table 4-8, between CY 2012 and CY 2022, total retail sales in the Air Trade Area increased at a CAGR of 4.1 percent, greater than both California's growth rate (3.4 percent) and the United States' growth rate (3.1 percent) during this period.

Table 4-8 also presents projections of total retail sales for CY 2030. According to data from Woods & Poole, total retail sales for the Air Trade Area are projected to increase from approximately \$59,647 million in CY 2022 to approximately \$68,938 million in CY 2030, reflecting a CAGR of 1.8 percent between CY 2022 and CY 2030. Growth in the Air Trade Area's total retail sales is projected to be faster than that of California and the nation between CY 2022 and CY 2030, which are projected to increase at a CAGR of 1.5 percent and 1.4 percent, respectively.

California was the nation's second-largest exporter of trade goods in CY 2023 with more than \$179.7 billion of exports of trade goods, behind Texas (\$444.6 billion) but well ahead of the next three largest state exporters of trade goods (Louisiana: \$100.2 billion, New York: \$97.8 billion, Illinois: \$78.7 billion).⁴⁰ In CY 2023 the exports of trade goods accounted for 4.6 percent of California's GRP.⁴¹

NOTES:

CY – Calendar Year

¹ CY 2022 is the last year of historical data in the Woods & Poole Economics, Inc. (Woods & Poole) database and is the basis for Woods & Poole's future projections. Therefore, it is the last year of historical data displayed in this table. CY 2023 data may be available from other sources.

SOURCE: Woods & Poole Economics, Inc., *2024 Complete Economic and Demographic Data Source (CEDDS)*, June 2024.

The Sacramento-Roseville-Folsom metropolitan statistical area (MSA) (made up of El Dorado, Placer, Sacramento, and Yolo Counties) benefits from the exports of trade goods in California. In CY 2022, the Sacramento-Roseville-Folsom MSA's export value was \$5.7 billion.⁴² It was the 58th largest metropolitan statistical area exporter in CY 2022. Computer and Electronic products were the top goods exported in CY 2022 (\$2.5 billion in export value), followed by agricultural products (\$1.5 billion in export value).⁴³ The Sacramento-Roseville-Folsom MSA had reached the CY 2022 annual export value of \$5.7 billion by September 2023, representing a continuous increase in exports.⁴⁴

Sacramento's economy includes robust technology, agriculture, and manufacturing sectors, contributing to a varied export portfolio. The Greater Sacramento Area benefits from its proximity to major ports like Oakland and San Francisco, facilitating the flow of goods and commodities for export. The technology sector plays a significant role, with numerous companies in the region driving exports of high-tech products and services. The growth of tech

startups and increased venture capital activity has further propelled Sacramento's role in California's export landscape. This trend aligns with the broader expansion of the state's economy and its position as a significant player in international trade.

4.2.4.5 LEISURE AND HOSPITALITY

In CY 2023, the leisure and hospitality sector accounted for approximately 118,000 employees in the Air Trade Area, the fifth-highest employment level among all sectors. The leisure and hospitality sector accounted for 10.5 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 11.3 percent in California and 10.6 percent in the nation.

Leisure and hospitality employment in the Air Trade Area increased 2.4 percent between CY 2013 and CY 2023, compared to a 1.8 percent increase for California and a 1.5 percent increase for the nation over the same period.

The Air Trade Area has over 16,000 hotel rooms and more than 1,720 restaurants, according to Sacramento Convention & Visitors Bureau (dba Visit Sacramento). The growth of this industry is a significant driver of services-related employment and air travel demand at an airport. In support of leisure travel and conventions in the Air Trade Area, there are over 240 hotels in the Sacramento metropolitan area. In Sacramento County alone, visitors spent approximately \$4.4 billion on tourism in CY 2023.⁴⁵ Primary leisure and hospitality-related attractions located in the Air Trade Area are the following:

Theaters and Performing Arts

The Greater Sacramento Area offers a vibrant performing arts scene, with the Golden 1 Center standing out as a major entertainment venue. Hosting NBA games, concerts, and other significant events, it draws over 1.5 million attendees annually. Sacramento Broadway produces the Broadway at Music Circus series and presents the Broadway On Tour series in the region at the SAFE Credit Union Performing Arts Center and the UC Davis Health Pavilion.

Zoos and Museums

The Sacramento Zoo, located in William Land Park, is a popular family destination home to over 120 species and 500 animals. It focuses on education and conservation efforts. The California State Railroad Museum in Old Sacramento showcases the history of railroads in California and is one of the largest railroad museums in North America. The Crocker Art Museum houses an extensive collection of California art, European drawings, and international ceramics. Additionally, the Museum of Science and Curiosity offers interactive exhibits and educational programs.

Historic Sites

The Old Sacramento Historic District, a 28-acre National Historic Landmark District and State Historic Park located downtown along the Sacramento River, features historic buildings, museums, shops, and restaurants and streetscape representative of Sacramento's Gold Rush era. The California State Capitol Museum, located inside the state capitol building, provides tours and exhibits about California's political history and architecture. Sutter's Fort State Historic Park offers insights into the life of early California settlers and the Gold Rush period.

Natural Parks and Outdoor Activities

The American River Parkway, a 23-mile stretch of parkland along the American River, offers recreational activities such as biking, hiking, fishing, and picnicking. Folsom Lake State Recreation Area is a popular destination for boating,

⁴⁵ Dean Runyan Associates (prepared for Visit California), The Economic Impact of Travel in California, April 2024.

SACRAMENTO INTERNATIONAL AIRPORT

camping, and hiking, located about 25 miles northeast of Sacramento. William Land Park, one of Sacramento's largest parks, features the Sacramento Zoo, Fairytale Town, golf courses, and expansive green spaces for various outdoor activities.

Additional Attractions

DOCO (Downtown Commons) is a bustling area in downtown Sacramento with a mix of shopping, dining, entertainment, and the Golden 1 Center. Sacramento is known as America's Farm-to-Fork Capital, hosting numerous events celebrating the region's agricultural heritage and culinary scene, including the annual Farm-to-Fork Festival.

Convention Center

Located in the heart of downtown, the SAFE Credit Union Convention & Performing Arts District includes the SAFE Credit Union Convention Center, SAFE Credit Union Performing Arts Center, and Memorial Auditorium. The SAFE Credit Union Convention Center has 240,000 square feet of meeting space, and 160,000 of exhibit space. A major expansion of the building was completed in 2021.

Professional Sports

Sacramento is home to several professional sports teams. The Sacramento Kings a National Basketball Association (NBA) franchise; the Sacramento River Cats serve as the AAA affiliate for the San Francisco Giants, a Major League Baseball (MLB) franchise; the Sacramento Republic FC, a United Soccer League (USL) franchise.

The Oakland Athletics (MLB) franchise plan to eventually relocate to Las Vegas; however, due to the details of the transition not yet being finalized, the team will temporarily relocate to West Sacramento's Sutter Health Park during the 2025, 2026, and 2027 seasons.⁴⁶

Other Nearby Tourist Attractions

Popular tourist destinations within driving distance from Sacramento but outside the Air Trade Area include Napa Valley, Sonoma Valley, Yosemite National Park, and Lake Tahoe, each attracting millions of visitors annually and significantly boosting the local economy.

4.2.4.6 CONSTRUCTION, MINING, AND LOGGING

In CY 2023, the construction, mining, and logging sector was the sixth-highest employment level among all sectors, accounting for approximately 78,000 employees in the Air Trade Area. In CY 2023, the construction, mining, and logging sector accounted for 7.0 percent of total nonagricultural employment in the Air Trade Area, compared to 5.2 percent in California and 5.5 percent in the nation.

Construction, mining, and logging employment in the Air Trade Area increased by 5.6 percent between CY 2013 and CY 2023, compared to an increase of 3.4 percent for California and 2.6 percent for the nation over the same period.

Both building permits and housing sales and prices are indirect indicators of employment in the residential construction sector. As shown in **Table 4-9**, Air Trade Area residential building permits and valuation experienced a markedly higher increase than what was experienced by California and the United States over the CY 2013 to CY 2023 period. After rebounding from the bottom of the most recent residential real estate building cycle in CY 2009 (not shown), the Air Trade Area's residential building permit units have grown significantly, at a CAGR of 11.1 percent

⁴⁶ The Sacramento Bee, "It's official: Oakland A's to play three seasons in West Sacramento, Kings ownership announces," May 15, 2024. <https://www.sacbee.com/sports/article287381405.html> (accessed June 27, 2024).

SACRAMENTO INTERNATIONAL AIRPORT

during the period CY 2013 to CY 2023, compared to an increase of 3.3 percent for California and 4.3 percent for the United States over the same period. Building permit valuation increased at a CAGR of 11.9 percent (compared to an increase of 4.3 percent for California and 7.5 percent for the United States) between CY 2013 and CY 2023. Although the effects of transfer payments, low mortgage rates, and other factors that boosted housing demand and new and existing home prices during the pandemic appear to have peaked largely in CY 2021, permits and valuations all remain above CY 2019 levels in the Air Trade Area, California, and the nation.

NOTE:

CY – Calendar Year

SOURCE: United States Census Bureau, *Annual Building Permits*, May 2024.

With respect to housing sales in the Air Trade Area, the median price for a single-family home in the Air Trade Area⁴⁷ was \$560,000 in May 2024, up 4.1 percent from May 2023.⁴⁸ Approximately 1.5 months inventory of single-family homes for sale was available in May 2024, up 85.2 percent from a year earlier.⁴⁹

Current large construction projects in Sacramento include The Railyards, a major real estate development transforming 240 acres into a mixed-use urban community, doubling the size of downtown. The project includes 6 million square feet of commercial space, 10,000 housing units, and 1,100 hotel rooms, all situated at a key public transit hub. Current developments in The Railyards include The AJ, a 345-unit mixed-use residential project and the

⁴⁷ Includes the County of Sacramento only, data not available for the Air Trade Area.

Central Shops redevelopment, both expected to open in 2025. The development includes the 18-acre Kaiser Permanente hospital project, expected to house over 3,000 jobs and be completed in 2024. Additionally, construction began in 2022 on Aggie Square, UC Davis's future mixed-used innovation district.⁵⁰ The development will be focused on cell and gene therapy, genomics and imaging modalities. Adjacent to the UC Davis Medical Center in Sacramento, the research park has plans for more than 1 million square feet of research, wet labs, commercial space and housing. Anchor tenants when it opens in 2025 include Amazon Web Services.

Future real estate development in Sacramento includes Tower 301. Set to be the tallest building in Sacramento at 33 stories, it is anticipated to offer 23,000 square feet of cantilevered office space per floor, a plaza with landscaping and water elements, and a rooftop park.⁵¹ Also, in the early stages in development, is Innovation Park, which plans to transform the former site of the Sacramento Kings' Arco Arena into a vibrant area with businesses, housing and a teaching hospital. The City of Sacramento has estimated Innovation Park would generate \$2.1 billion and 14,000 jobs for the City during construction and more than \$2.7 billion annually and 7,400 permanent jobs after completion.⁵²

4.2.4.7 FINANCIAL

The financial sector comprises financial, insurance, and real estate services. In CY 2023, the financial sector was the seventh-highest employment level among all sectors, accounting for approximately 50,000 employees in the Air Trade Area. The financial sector accounted for 4.5 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 4.6 and 5.9 percent in California and the nation, respectively.

Financial employment in the Air Trade Area decreased at a CAGR of -0.3 percent between CY 2013 and CY 2023, compared to a 0.4 percent CAGR increase for California and 1.5 percent CAGR increase for the nation over the same period. According to California Department of Transportation analysis, the lack of growth in financial sector employment in the Air Trade Area during this period is due at least in part to advances in regional bank mergers, real estate technology, and online insurance competition.⁵³

Sacramento serves as a financial hub with numerous regional and national banks having a significant presence, such as Wells Fargo, Bank of America, and U.S. Bank. Additionally, the area is home to several credit unions and community banks that provide tailored services to local businesses and residents.

The insurance industry also plays a critical role, with major firms like Allstate, State Farm, and Nationwide having substantial operations in the region. Investment services are represented by firms like Edward Jones, Merrill Lynch, and local wealth management companies that cater to a diverse clientele, from individual investors to large corporations.

Financial technology (fintech) is an emerging and rapidly growing sector in Sacramento. The city supports a startup ecosystem, bolstered by initiatives from local universities and business incubators, with \$5 billion raised, according

to the Greater Sacramento Economic Council Business Climate Report. This growth is driven by the increasing demand for digital financial solutions and innovations in payment processing, blockchain, and financial services software.

4.2.4.8 TRANSPORTATION/UTILITIES

In CY 2023, the transportation and utilities sector was the eighth-highest employment level among all sectors, accounting for approximately 45,000 employees in the Air Trade Area. The transportation/utilities sector accounted for 4.0 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 4.7 and 4.6 percent in California and the nation, respectively.

Transportation and utilities employment in the Air Trade Area increased at a CAGR of 6.3 percent between CY 2013 and CY 2023, compared to a 5.1 and 3.5 percent increase for California and the nation, respectively, over the same period. Recent higher growth in this sector nationwide is that because the sector includes warehousing, which, due to the preexisting and acceleration of growth during the pandemic of consumers changing from local retail centers purchases to online acquisition of goods, warehouse, distribution centers, and fulfillment center jobs were substituting for retail jobs at brick-and-mortar stores.⁵⁴

A well-functioning transportation system is critical to promote economic growth. It facilitates the efficient movement of goods and people, allowing businesses to scale and reduce production costs. This connectivity allows trade, attracts investment, and enables a more skilled workforce to access job opportunities.

Sacramento International Airport is the main airport serving the region, with approximately 12.2 million passengers annually and handling over 150 million pounds of cargo each year. The Airport is also supported by additional transportation infrastructure providing both passenger and freight access:

The Greater Sacramento Area boasts a well-integrated transportation network that connects it to major markets across California and the United States. This network includes key highways, railroads, ports, airports, and public transit systems, playing a critical role in facilitating both commercial and passenger travel.

The Greater Sacramento Area sits at the intersection of several major interstate highways: Interstate 5 (I-5), which runs north-south through Sacramento, linking the region to major cities such as Los Angeles to the south and Seattle to the north; Interstate 80 (I-80) an important east-west route that connects Sacramento to San Francisco and Reno; and U.S. Highway 50, which connects Sacramento to Lake Tahoe and the Sierra Nevada. Additionally, there are significant local road networks and state highways that enhance connectivity within the region and beyond.

The Greater Sacramento Area is served by major Class I railroad companies:

- **Union Pacific Railroad (UP):** Provides freight services that are crucial for the transport of goods across the region and the country.
- **BNSF Railway:** Another major freight carrier operating in the area.

Additionally, Amtrak connects Sacramento with San Francisco to the West and Auburn to the East. These railroads facilitate the movement of large quantities of goods, contributing to the region's economic vitality.

Public transit in the Greater Sacramento Area is primarily managed by the Sacramento Regional Transit District (SacRT), and includes:

⁵⁴ California Department of Transportation, "Sacramento County Economic Forecast,"

(accessed May 24, 2024).

SACRAMENTO INTERNATIONAL AIRPORT

- **Light Rail:** The SacRT light rail system includes three lines (Blue, Gold, and Green), with over 42 miles of track and 53 stations.
- **Bus Services:** SacRT operates around 70 bus routes, providing extensive coverage throughout Sacramento and the surrounding area.

Ocean shipping is facilitated by the Port of West Sacramento, which is located west of Sacramento, this port is a key facility for maritime trade in the region. It handles a variety of cargo, including agricultural products, cement, and lumber. The port enhances the region's logistics capabilities and supports local industries by providing a vital link to international markets.

The primary utility companies serving the Greater Sacramento Area are:

- **Sacramento Municipal Utility District (SMUD):** Provides electric power to the region.
- **Pacific Gas and Electric Company (PG&E):** Provides natural gas services to the region.

4.2.4.9 MANUFACTURING

In CY 2023, the manufacturing sector is the ninth-highest employment level among all sectors and accounted for approximately 43,000 employees in the Air Trade Area. The manufacturing sector accounted for 3.8 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, lower than 7.5 percent in California and 8.3 percent in the nation.

Manufacturing employment in the Air Trade Area increased by 1.6 percent between CY 2013 and CY 2023, compared to an increase of 0.5 percent in California and 0.7 percent in the nation over the same period.

While the Air Trade Area has a lower concentration of manufacturing jobs compared to that in the state and the nation, Advanced Manufacturing is a focus industry of the Greater Sacramento Economic Council, which believes the Air Trade Area possesses the resources, infrastructure, and workforce required for advanced manufacturing companies to thrive.⁵⁵ Specifically, the Council notes: "The Port of West Sacramento, a Foreign Trade Zone, and major east-west and north-south freeways offer seamless connection and potential cost savings while local manufacturing initiatives ensure skilled labor is always on-hand".⁵⁶

The largest advanced manufacturer by number of employees in the Air Trade Area is Intel (6,000 employees in the Sacramento metro area), which focuses on research and development of computer chips and chipsets, including desktop, mobile and server processor products.⁵⁷ Other advanced manufacturing employers in the Air Trade Area include industrial/transportation machinery manufacturer Siemens Mobility, Inc., medical device manufacturers PRIDE Industries and Penumbra, semiconductor manufacturers Micron Technology and TSI Semiconductors, and drone manufacturer Kratos Unmanned Aerial Systems.⁵⁸

Other manufacturers located in Sacramento included PackageOne, which recently merged with American River Packaging and is one of the largest independent custom packaging manufacturers in California. Tesla, Nike, Pepsi,

⁵⁵ Greater Sacramento Economic Council, <https://www.greatersacramento.com/business-climate/industries/advanced-manufacturing/> (accessed May 20, 2024).

⁵⁶ Ibid.

⁵⁷ Sacramento Business Journal, "Manufacturers in Sacramento area", <https://www.bizjournals.com/sacramento/subscriber-only/2024/01/19/manufacturers-in-sacramento-area.html> (accessed May 20, 2024).

⁵⁸ Ibid.

Red Bull, and the Permanente Medical Group all manufacture products in the Air Trade Area.

4.2.4.10 OTHER SERVICES

Other services employment includes personal services (e.g., dry cleaning and laundry services; repair and maintenance services; religion, grant making, civic, professional, and similar organizations) and private household employment.⁵⁹ In CY 2023, the other services sector accounted for approximately 39,000 employees in the Air Trade Area. The other services sector accounted for 3.5 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 3.3 and 3.7 percent in California and in the nation, respectively.

Other services employment in the Air Trade Area increased at a CAGR of 2.7 percent between CY 2013 and CY 2023, compared to a 1.3 and 0.6 percent increase for California and the nation, respectively, over the same period.

Because the demand for other services is on an individual or household level, trends in other services employment do not independently drive economic growth, but rather tend to reflect growth in other industry sectors, which results in an increased demand for other services by individuals and households.

4.2.4.11 INFORMATION

The information sector combines telecommunications service providers, traditional publishing, motion picture and sound recording, broadcasting, software, online services, and data processing. In CY 2023, the information sector accounted for approximately 10,000 employees in the Air Trade Area. The information sector accounted for 0.9 percent of total nonagricultural employment in CY 2023 in the Air Trade Area, compared to 3.1 and 1.9 percent in California and the nation, respectively.

Information employment in the Air Trade Area declined at a CAGR of 4.0 percent between CY 2013 and CY 2023, compared to a 2.1 percent increase for California and 1.1 percent increase for the nation over the same period. The decline in information jobs during this period is the consequence of changing technologies that have resulted in downsizing the domestic telecommunications industry, cable and subscription programming, libraries, movie theaters, book, newspaper, and periodical publishing.⁶⁰

In Sacramento County, the information sector is led by telecommunications companies like Comcast, as well as radio and TV production studios, newspapers, and data/internet services firms. Employment growth is expected to continue in software publishing, internet publishing and broadcasting, data processing, website hosting, and some radio, TV, and video production.⁶¹

4.2.4.12 AGRICULTURE AND FOOD

In addition to the 11 nonagricultural industry sectors described above, agriculture and food also play an important role in the Air Trade Area. The Air Trade Area is part of the Sacramento Valley, which is the northern half of the Central Valley, where there are large expanses of agricultural production. Sacramento County produces a variety of crops including rice, tomatoes, pears, and grapes, as well as dairy and livestock commodities. In 2022, according to

⁵⁹ US Department of Labor, Bureau of Labor Statistics, "Industries at a Glance – Other Services," <https://www.bls.gov/iag/tgs/iag81.htm> (accessed April 28, 2024).

⁶⁰ California Department of Transportation, "Sacramento County Economic Forecast," <https://dot.ca.gov/-/media/dot-media/programs/transportation-planning/documents/data-analytics-services/transportation-economics/socioeconomic-forecasts/2022/sacramento-2022-a11y.pdf> (accessed May 28, 2024).

⁶¹ California Department of Transportation, "Sacramento County Economic Forecast," <https://dot.ca.gov/-/media/dot-media/programs/transportation-planning/documents/data-analytics-services/transportation-economics/socioeconomic-forecasts/2022/sacramento-2022-a11y.pdf> (accessed May 24, 2024).

SACRAMENTO INTERNATIONAL AIRPORT

the Sacramento County Crop and Livestock Report, the total value of all agricultural commodities in Sacramento County alone was over \$602 million, a 5 percent increase from 2021. Wine grapes remained the leading cash crop, valued at more than \$188 million. There are approximately 15,000 people employed in agriculture in the Air Trade Area.⁶²

In addition to the agricultural production of the Sacramento Valley, the City of Sacramento is known as America's Farm-to-Fork Capital, highlighting its rich agricultural heritage and fresh, local food. The city has the largest Certified Farmers Market in the state and hosts Farm-to-Fork Festival annually in September to celebrate the region's food and agriculture, attracting thousands of visitors.⁶³

The Greater Sacramento Area has also emerged as a significant center for food and agricultural technology (foodtech and agtech) innovation. The area fosters advancements across the entire food supply chain, encompassing sustainable farming practices, food processing technologies, and food science research. This growth is bolstered by the presence of UC-Davis, the nation's leading institution for agricultural sciences. UC-Davis serves as a crucial talent pipeline, continuously supplying the foodtech and agtech sectors with highly skilled plant and food scientists. The Greater Sacramento Area also has a variety of agtech incubators and research park developments, including⁶⁴:

- **Bayer CoLaborator.** A shared lab space located at Bayer Crop Science's headquarters, providing basic equipment and support for agtech startups.
- **Woodland Research and Technology Park.** A future development planned near UC Davis, offering office and lab space focused on agtech, biotech, and other related fields. This park will also include residential and recreational areas.

4.3 ECONOMIC OUTLOOK

4.3.1 SHORT-TERM ECONOMIC OUTLOOK

The Congressional Budget Office (CBO) economic outlook released in June 2024 projects a 2.6 percent year-over-year increase in real GDP for CY 2024, which is similar to the real GDP growth in CY 2023 (2.5 percent). The real GDP growth rate is projected by the CBO to decrease to 2.1 percent in CY 2025, and then fall to 1.8 percent by CY 2026.⁶⁵ Real GDP growth projected by CBO is similar to that projected by the International Monetary Fund (IMF). The IMF economic outlook released in July 2024 projects a 2.6 percent year-over-year increase in real US GDP for CY 2024. CY 2025 is then projected to see slower year-over-year US GDP growth of 1.9 percent.⁶⁶ The CBO projects the national unemployment rate to rise to 4.4 percent by the end of CY 2027.⁶⁷

4.3.2 LONG-TERM ECONOMIC ASSUMPTIONS INCORPORATED IN PASSENGER DEMAND FORECASTS

As described in more detail in Chapter 5, the methodologies used in developing forecasts of enplaned passengers at SMF included (among other methodologies) statistical linear regression modeling, with local and national socioeconomics and demographics as independent variables and O&D passengers as the dependent variable. Independent variables considered for this analysis included population, employment, earnings (total and net), personal income (per capita and total), and GRP/GDP (per capita and total) for the Air Trade Area and the United States. For each socioeconomic and demographic variable, regression modeling produced a coefficient that was applied to the corresponding variable projection developed by Woods & Poole to provide a forecast of enplaned passengers. **Table 4-10** presents the CY 2022 and CY 2030 figures used in the modeling, as well as the CAGR for each independent variable in CY 2022 and CY 2030. As previously stated, the demand for air transportation at an airport is, to a large degree, dependent upon the demographic and economic characteristics of an airport's air trade area. The projected growth during the Projection Period in the economic indicators in Table 4-10 supports the underlying assumptions that drive the airline activity forecasts discussed in Chapter 5.

TABLE 4-10 PROJECTION OF ECONOMIC VARIABLES USED IN PASSENGER DEMAND FORECASTS

VARIABLE	CY 2022 ⁴	CY 2030	COMPOUND ANNUAL GROWTH RATE
			CY 2022 – CY 2030
Air Trade Area Population	3,394,474	3,658,957	0.9%
US Population	333,271,411	350,794,062	0.6%
Air Trade Area Total Employment (jobs) ¹	1,950,646	2,138,642	1.2%

4 CY 2022 is the last year of historical data in the Woods & Poole Economics, Inc. (Woods & Poole) database and is the basis for Woods & Poole's future projections. Therefore, it is the last year of historical data displayed in this table. CY 2023 data may be available from other sources.

SOURCE: Woods & Poole Economics, Inc., 2024 *Complete Economic and Demographic Data Source (CEDDS)*, June 2024.

4.4 CONCLUSIONS

The historical and future projected socioeconomic data of the Air Trade Area cited in this chapter, including Air Trade Area employment, GRP, population, and PCPI data, support the conclusion that the Air Trade Area can support increased airline traffic demand through the Projection Period (ending CY 2030).

The Air Trade Area population was approximately 3.4 million in CY 2022, and it is projected by Woods & Poole to increase to approximately 3.7 million by CY 2030. This represents a 0.9 percent CAGR for the Air Trade Area, which is projected to be greater than that experienced by California and the United States during the same period (0.6 percent and 0.6 percent, respectively).

PCPI in the Air Trade Area is lower than in the United States between CY 2012 and CY 2022. The Air Trade Area's PCPI in CY 2022 (\$54,313) was 3.4 percent lower than PCPI in the United States (\$56,234) and 22.2 percent lower than PCPI in California (\$66,366). PCPI in the Air Trade Area is projected by Woods & Poole to increase at a CAGR of 1.7 percent between CY 2022 and CY 2030, which is lower than the projected CAGR of 1.8 percent for the United States and comparable to the projected CAGR of 1.7 percent for California.⁶⁸

Between CY 2012 and CY 2022, the Air Trade Area's GRP grew at a CAGR of approximately 3.2 percent; this is lower than California but higher than the United States during the same period, which increased at CAGRs of 3.3 percent and 2.5 percent, respectively. GRP in the Air Trade Area is projected by Woods & Poole to increase at a CAGR of 2.0 percent between CY 2022 and CY 2030; California GRP and US GDP are projected to increase at CAGRs of 2.4 percent and 2.2 percent, respectively, over the same period.

Between CY 2013 and CY 2023, the Air Trade Area's labor force grew at a CAGR of approximately 0.9 percent; this is higher than that experienced by California and the United States during the same period, which grew at CAGRs of 0.4 percent and 0.7 percent, respectively.

In terms of percentages of industry sector shares, CY 2023 employment in the following industry sectors in the Air Trade Area exceeded employment in the United States: construction/mining/logging, education/health services, and government. During the same period, the following industry sectors in the Air Trade Area exceeded employment in California: construction/mining/logging, education/health services, government, and other services.

The Air Trade Area boasts a diverse economy which benefits from state and local policies that support sustainable development and innovation. In 2023, California topped CNBC's rankings for access to capital and technology & innovation.⁶⁹ The greater Sacramento region features a robust talent pool, significant venture capital investment, and a growing tech scene supported by local universities and business incubators. Initiatives like the Sacramento Urban Technology Lab and international employers such as Siemens drive economic growth and innovation. Sacramento's strategic location offers logistical advantages, proximity to major ports, and an inland port in West Sacramento.

In conclusion, the data cited in this chapter support the conclusion that the Air Trade Area has a diverse economy, growing population base, and attractive business climate which favorably impacts future airline traffic demand.

⁶⁸ Amounts are in 2017 dollars.

⁶⁹ CNBC, "America's Top States for Business 2023: The full rankings," <https://www.cnbc.com/2023/07/11/americas-top-states-for-business-2023-the-full-rankings.html> (accessed May 24, 2024).

5. PASSENGER DEMAND AND AIR SERVICE ANALYSIS

This chapter describes historical and forecast aviation activity at SMF and discusses key factors affecting these trends.

5.1 CARRIERS SERVING THE AIRPORT

A total of 15 airlines provided regular passenger service at the Airport during fiscal year (FY) 2024. These include 12 United States (US) airlines and 3 foreign flag airlines. Southwest provides scheduled domestic and international service. Three all-cargo carriers served the Airport regularly during this period. **Table 5-1** lists those carriers providing service to the Airport during FY 2024.

TABLE 5-1 CARRIERS SERVING THE AIRPORT (FISCAL YEAR 2024)

US AIRLINES ¹	FOREIGN-FLAG AIRLINES	ALL-CARGO SERVICE ²
Alaska Airlines	Air Canada	ATI
American Airlines	AeroMexico	FedEx Express
Envoy Air (American)	Volaris	UPS Airlines
Jazz (Air Canada)		
JetBlue Airways		
Delta Air Lines		
Frontier Airlines		
Hawaiian Airlines		
SkyWest (Alaska, American, Delta, United)		
Spirit Airlines		
United Airlines		
Southwest Airlines		

NOTES:

Scheduled passenger airlines are indicated based on published airline schedules for FY 2024, while all-cargo service is provided through the most recent month with available historical data, February 2024.

1 Includes regional affiliates, where applicable.

2 Excludes carriers operating at the Airport irregularly.

SOURCES: Sacramento County Department of Airports, June 2024; Cirium Diio, June 2024 (published airline schedules).

The Airport has the benefit of a stable air carrier base. Of the 15 air carriers serving the Airport in FY 2024, 9 have served the airport consistently since FY 2014. **Table 5-2** presents the scheduled passenger air carriers that have served the Airport between FY 2014 and FY 2024.

SACRAMENTO INTERNATIONAL AIRPORT

SACRAMENTO INTERNATIONAL AIRPORT

5.2 AIR SERVICE ANALYSIS

5.2.1 HISTORICAL AIRLINE ACTIVITY

The Airport, classified by the FAA as a medium-hub facility based on its percentage of nationwide passenger activity,⁷⁰ ranked 37th in passengers in the US in Calendar Year (CY) 2023, according to US DOT T-100 enplaned passenger data. The Airport primarily serves origin and destination (O&D) passengers, with O&D passengers accounting for approximately 95 percent of all passengers at the Airport in FY 2024. The majority of connecting passengers are carried by Southwest. Southwest primarily operates a point-to-point network with service levels that enable some passengers to connect through the Airport.

Table 5-3 presents historical domestic and international passenger activity at the Airport between FY 2014 and FY 2024. Passenger activity at the Airport grew steadily during the first half of the historical period until the onset of the COVID-19 pandemic. Between FY 2014 and FY 2019, total enplaned passengers grew at a compound annual growth rate (CAGR) of 7.6 percent. During this time domestic enplaned passengers grew at a CAGR of 7.3 percent, while international enplaned passengers grew at a CAGR of 18.7 percent. Domestic, international, and total enplaned passengers recovered to pre-pandemic levels in FY 2023, with growth between FY 2014 and FY 2024 representing CAGRs of 4.0 percent, 11.7 percent, and 4.2 percent, respectively.

Notable details regarding passenger activity at the Airport between FY 2014 and FY 2024 are as follows:

TABLE 5-3 HISTORICAL ENPLANED PASSENGERS

FISCAL YEAR	DOMESTIC ENPLANED PASSENGERS	INTERNATIONAL ENPLANED PASSENGERS	TOTAL ENPLANED PASSENGERS	ENPLANED PASSENGER GROWTH
2014	4,311,133	65,104	4,376,237	
2015	4,546,641	83,204	4,629,845	5.8%
2016	4,846,744	96,441	4,943,185	6.8%
2017	5,078,528	119,656	5,198,184	5.2%
2018	5,644,152	117,434	5,761,586	10.8%
2019	6,144,753	153,694	6,298,447	9.3%
2020	4,813,906	127,028	4,940,934	-21.6%
2021	3,093,443	116,727	3,210,170	-35.0%
2022	5,625,842	167,739	5,793,581	80.5%
2023	6,258,484	184,770	6,443,254	11.2%
2024	6,400,198	196,958	6,597,156	2.4%
Compound Annual Growth Rate				
2014 – 2019	7.3%	18.7%	7.6%	
2014 – 2024	4.0%	11.7%	4.2%	

SOURCE: Sacramento County Department of Airports, July 2024.

⁷⁰ As defined by the FAA, a medium-hub airport enplanes between .25 to 1.0 percent or more of nationwide revenue enplaned passengers.

SACRAMENTO INTERNATIONAL AIRPORT

FY 2014 to FY 2019

Total enplaned passengers consistently increased on a year over year basis during this period, resulting in a CAGR of 7.6 percent. Southwest represented approximately half of the total growth, with nonstop service increasing from 11 destinations in FY 2014 to 24 destinations in FY 2019. During this period Southwest diversified its service from the Airport, adding medium-haul service to Dallas Love Field (DAL), St. Louis Lambert International Airport (STL), Austin-Bergstrom International Airport (AUS), Orlando International Airport (MCO), Baltimore/Washington Thurgood Marshall International Airport (BWI), William P. Hobby Airport in Houston (HOU), Nashville International Airport (BNA), and Louis Armstrong International Airport (MSY) that complimented existing service that was primarily to destinations in the Western US. During this period Southwest also launched its first international service from the Airport to Los Cabos International airport in Mexico (SJD). Frontier launched service from the Airport in FY 2019 with nonstop service to Denver International Airport (DEN) and Herry Reid International Airport in Las Vegas (LAS). Spirit launched nonstop service to LAS in FY 2019.

Other incumbent airlines expanded their presence at the airport with service to new destinations. American launched service to its hubs at Charlotte Douglas International Airport (CLT), Chicago O'Hare International Airport (ORD), and Phoenix Sky Harbor International Airport (PHX) in FY 2016. Delta launched nonstop service from the Airport in FY 2015 to Seattle Tacoma International Airport (SEA). United launched service to Newark Liberty International Airport (EWR) in FY 2017. Alaska launched service to San Diego International Airport (SAN) and SJD in FY 2019 and to Ellison Onizuka Kona International Airport (KOA) in FY 2019.

FY 2020 to FY 2021

Enplaned passengers decreased sharply in FY 2020, down 21.6 percent year over year, and FY 2021, down 35.0 percent year over year, due to the impact of the COVID-19 pandemic. Contour Airlines (Contour) stopped serving the Airport in FY 2020 and Sun Country Airlines stopped serving the Airport in FY 2021. Air Canada suspended service at the Airport in FY 2020 and FY 2021, resuming service in FY 2022. Other airlines reduced service during this period. The impact of the COVID-19 pandemic is presented in more detail in Section 5.3.1.

FY 2022 to FY 2024

Enplaned passengers increased 80.5 percent in FY 2022 compared to FY 2021 as airlines restored capacity to capture a rebound in demand. Enplaned passengers increased 11.2 percent in FY 2023 to 6.4 million, surpassing FY 2019 levels and a record for the Airport. Southwest represented the largest component of the total growth during this period as it restored service that was reduced during FY 2020 and FY 2021 and launched new service to Palm Springs International Airport (PSP), KOA, and Santa Barbara Airport (SBA). While enplaned passengers increased for most airlines at the Airport in FY 2022 and FY 2023, some airlines suspended recently launched service, including JetBlue's service to CUN, Frontier's service to Ontario International Airport (ONT) and PHX, and Spirit's service to John Wayne Airport in Orange County, California (SNA).

FY 2024 enplaned passengers increased 2.4 percent YOY to 6.6 million. American represented the largest year over year increase in scheduled departing seats with the addition of nonstop service to Miami International Airport (MIA) and increased capacity to Dallas Fort Worth International Airport (DFW). Southwest enplaned passengers are estimated to have increased 1.2 percent despite a 1.5 percent decrease in scheduled departing seats.

Table 5-4 presents the historical share of enplaned passengers by carrier at the Airport between FY 2019 and FY 2024. Southwest has represented the largest share of enplaned passengers over the 5-year period shown, representing between 50 and 56 percent of total enplaned passengers. Delta, United, and American have held the second, third, and fourth largest shares, representing between 9 and 12 percent of total enplaned passengers. Alaska has consistently ranked fifth, representing between 4 and 8 percent of the total enplaned passengers.

5.2.2 MARKET CHARACTERISTICS

During CY 2024, airlines scheduled an average of 160 average daily departures from the Airport to 43 domestic destinations and 6 international destinations, as shown on **Exhibit 5-1**.

The distribution of O&D markets is an important characteristic, which is particularly true for the Airport, as it primarily serves O&D passengers. **Table 5-5** presents the Airport's top 20 domestic O&D markets during FY 2023. Also shown are the airlines that operated nonstop service in the market. The Airport's top 20 O&D markets represented approximately 75 percent of total O&D demand. Nineteen of the top 20 O&D markets were served nonstop from the Airport. Of those, 16 markets were served by more than one airline. International O&D passengers were accommodated through a combination of nonstop international flights from the Airport as connections through other US gateway airports.

Table 5-6 presents historical O&D and connecting enplaned passengers. O&D passengers have represented between 94 and 96 percent of total enplaned passengers during this period. **Exhibit 5-2** presents the historical average domestic O&D fare and load factor at the Airport. Between FY 2014 and FY 2019 the average domestic O&D fare decreased from \$176 to \$154 while the average load factor increased from 79 percent to 82 percent. The average fare and load factor decreased substantially in FY 2020 and FY 2021, reflecting the impact of the COVID-19 pandemic on demand for air travel. The average domestic O&D fare increased to \$172 in FY 2022 and \$179 in FY 2023. Average load factor in FY 2023 was 79 percent, the same as FY 2014.

5.2.3 AIRCRAFT OPERATIONS

Table 5-7 presents historical operations (takeoffs and landings) at the Airport between FY 2014 and FY 2024. Total operations increased from 108,714 in FY 2014 to 140,771 in FY 2024, which represents a CAGR of 2.6 percent. This growth was driven in large part by passenger airline operations, which increased by a CAGR of 2.4 percent during this period. Cargo aircraft operations peaked FY 2021 as the demand for e-commerce grew while passenger belly cargo volumes were reduced in conjunction with pandemic-related flight reductions. Cargo activity has decreased following this peak.

5.2.4 LANDED WEIGHT

Table 5-8 presents the share of landed weight by passenger and all-cargo carriers at the Airport between FY 2019 and FY 2024. Southwest has represented the largest share of landed weight during this period, between approximately 43 and 54 percent of the total landed weight. Several cargo airlines ranked in the top ten largest airlines operating at the Airport during at least one year of the period, including FedEx Express, ABX Air, and ATI. FedEx Express, the largest all-cargo airline at the Airport by landed weight during the period, was the eighth largest airline overall by landed weight in FY 2024, representing 2.7 percent of total landed weight during the year, with FedEx Express's share peaking at 5.8 percent in FY 2021 in line with cargo trends discussed previously.

5.3 FACTORS AFFECTING AVIATION ACTIVITY AT THE AIRPORT

This section discusses the qualitative factors that may influence future aviation activity at the Airport. These factors were considered, either directly or indirectly, in developing the aviation activity forecasts for the Airport.

SACRAMENTO INTERNATIONAL AIRPORT

5.3.1 IMPACT OF THE COVID-19 PANDEMIC

The outbreak and spread of the COVID-19 pandemic severely curbed global aviation demand. The impact to air travel began in East Asia in December 2019 and rapidly accelerated to other regions of the world in March and April 2020. Airlines responded by reducing capacity across their networks due to decreased demand, travel restrictions, and border closures. May 2020 represented the low point in terms of passenger airline capacity offered, and airlines began to gradually restore capacity in June 2020. Several airlines suspended all service at the Airport at the onset of the pandemic, including Air Canada, which restored service in June 2022, and Hawaiian, which restored service in July 2020. Sun Country has not restored service that was suspended in August 2020. While other airlines suspended service on some routes in May 2020, most routes had been restored by December 2020. Total destinations served increased from 44 in FY 2019 to 47 in FY 2024. Nonstop service from the Airport launched after the onset of the COVID-19 pandemic includes Lihue Airport (LIH), Miami International Airport (MIA), Mexico City International Airport (MEX), Palm Springs International Airport (PSP), and Toronto Pearson International Airport (YYZ).

Exhibit 5-3 presents monthly revenue enplaned passengers as a percentage of the same month in 2019 for the Airport, all California airports, and total US airports to demonstrate the recovery in passenger activity through February 2024. The Airport's recovery has consistently outpaced the average for all California airports and generally outpaced the national average through March 2023.

EXHIBIT 5-3 ENPLANED REVENUE PASSENGER RECOVERY – SMF, CALIFORNIA, AND THE UNITED STATES

SOURCE: Cirium Diio, June 2024 (US Department of Transportation, T-100 data).

SACRAMENTO INTERNATIONAL AIRPORT

Globally, airlines experienced an operating loss of \$137.7 billion in 2020, which lessened in 2021. In 2022, North American airlines returned to profitability, while airlines throughout the rest of the world are estimated to have returned to profitability in 2023.⁷¹ **Exhibit 5-4** shows the airline profitability for North America and for the rest of the world from 2019 to 2024 (as projected).

At the onset of the COVID-19 pandemic many US airlines reduced their number of employees through involuntary furloughs as well as packages to incentivize early retirement. As demand returned, some airlines struggled to hire and train new pilots, flight attendants, mechanics, and other employees to support growth in operations, resulting in supply side constraints. Delayed delivery of new aircraft has further constrained airlines' ability to restore capacity in line with growth in demand.

EXHIBIT 5-4 NET PROFIT OF COMMERCIAL AIRLINES WORLDWIDE

NOTES: 2023E – Estimated; 2024F – Forecast

SOURCE: International Air Transport Association, *Global Outlook for Air Transport – December 2023 - Data Tables*, June 2024.

5.3.2 NATIONAL ECONOMY

Historically, trends in airline travel have been closely correlated with national economic trends, most notably changes in gross domestic product (GDP). Chapter 4 of this Report presents an analysis of the general economic trends, both national and local, that may influence demand for air service over time. National GDP is expected to increase approximately 3.7 percent annually through the Projection Period, which should support generally increasing demand for air service over the Projection Period. Actual economic activity may differ from this forecast, especially on a year-to-year basis. Demand for air service may be impacted by changes in economic performance.

5.3.3 MERGERS, ACQUISITIONS, AND NEW ENTRANT AIRLINES

US airlines have merged or acquired competitors to achieve operational and commercial synergies and to improve their financial performance. A wave of consolidation began in 2005 when America West Airlines merged with US Airways, retaining the US Airways brand for the consolidated airline. In 2009, Delta acquired Northwest Airlines. In

⁷¹ International Air Transport Association, *Global Outlook for Air Transport – December 2023 – Data Tables*, <https://www.iata.org/en/iata-repository/publications/economic-reports/industry-statistics-fact-sheet-december-2023/> (accessed May 9, 2024).

SACRAMENTO INTERNATIONAL AIRPORT

2010, United acquired Continental Airlines. In 2011, Southwest acquired AirTran Airways. In 2013, US Airways and American merged, with the consolidated airline retaining the American brand. The most recent consolidation occurred in 2016 when Alaska acquired Virgin America. The two airlines completed their integration in 2018.

In December 2023 Alaska announced its intention to acquire Hawaiian Airlines, subject to regulatory approval. Consolidation across the industry has resulted in the realignment of several airline route networks as airlines have sought efficiencies in their service. Further consolidation of the US airline industry could affect the amount of capacity offered at the Airport and could alter the competitive landscape. Over the last four years, two new airlines, Avelo and Breeze, have commenced operations in the US domestic passenger airline industry. Neither airline has commenced service to SMF.

5.3.4 COST OF AVIATION FUEL

As of the third quarter of calendar year (CY) 2024, jet fuel accounted for 20.8 percent of total airline operating costs, second only to labor, according to Airlines for America.⁷² The average price of jet fuel peaked in June 2022 at \$4.04 per gallon, having grown steadily since April 2020, which represented the lowest price observed during the historical period. Fluctuating fuel costs affect airline profitability, which could lead to air service changes as airlines adjust capacity and pricing to address changes in the cost of fuel. **Exhibit 5-5** shows the monthly averages for jet fuel and crude oil prices from May 2014 through May 2024.

EXHIBIT 5-5 HISTORICAL MONTHLY AVERAGES OF JET FUEL AND CRUDE OIL PRICES

SOURCE: US Bureau of Transportation Statistics, May 2024; US Energy Information Administration, July 2024.

⁷² Airlines for America, *Passenger Airline Cost Index (PACI)*, <http://airlines.org/dataset/a4a-quarterly-passenger-airline-cost-index-u-s-passenger-airlines/> (accessed May 9, 2024).

5.3.5 THREAT OF TERRORISM AND GEOPOLITICAL ISSUES

Since September 11, 2001, the recurrence of terrorism incidents against either domestic or world aviation has remained a risk to achieving forecast levels of activity. Tighter security measures have restored the public's confidence in the integrity of the US and global aviation security systems. However, any terrorist incident targeting aviation could have an immediate and significant impact on the demand for air travel.

Additionally, geopolitical issues may affect aviation activity during the Projection Period. Potential governmental or regional instability in certain countries or locations may affect access to, or demand for, aviation service in these places. At the time of this report, the Russian invasion of Ukraine, which began in February 2022, is still ongoing. Additionally, an escalation of conflict between Israel and Hamas, which began in October 2023, remains an evolving situation. Further developments in these conflicts could exacerbate geopolitical and economic uncertainty and potentially impact demand for travel to certain regions.

5.3.6 OTHER AIRPORTS IN THE REGION

Activity at the Airport could be affected by the availability and quality of air service at other airports in the region that have some catchment area overlap with SMF. Travelers consider factors such as the nonstop service offered, the price of service at the Airport, and the convenience of competing airports, when making travel decisions. Passenger leakage could occur if passengers in the ATA choose to use a competing airport instead of SMF. The following airports were evaluated as competitors of SMF for this analysis:

- San Francisco Bay Oakland International Airport (OAK) is located approximately 95 miles southwest of SMF in Oakland, California. During FY 2024, 13 airlines scheduled 129 average daily departures from OAK to 49 destinations, 13 of which are not served nonstop from SMF. OAK is primarily used by San Francisco Bay Area O&D passengers. However there is some overlap in the catchment areas of OAK and SMF in Napa County and Solano County.
- Charles M. Schulz Sonoma County Airport (STS) is located approximately 100 miles west of SMF in Sonoma County. During FY 2024 3 airlines scheduled 13 average daily departures from STS to 15 destinations, 4 of which are not served nonstop from SMF. STS is primarily used by O&D passengers traveling to and from the Northern San Francisco Bay Area, which includes Marin, Solano, Sonoma, and Napa counties, resulting in some overlap with SMF's catchment area.
- Reno-Tahoe International Airport (RNO) is located approximately 145 miles northeast of SMF in Reno, Nevada. In FY 2024, 11 airlines scheduled 59 average daily departures from RNO to 25 destinations, 2 of which are not served nonstop from SMF. SMF primarily competes with RNO for O&D passengers traveling to and from Lake Tahoe.

5.4 FORECAST OF PASSENGER DEMAND AND AIRLINE OPERATIONS

5.4.1 ACTIVITY FORECAST METHODOLOGY

Forecasts of Airport activity were developed for FY 2024 through FY 2030. The assumptions, techniques, and results of the forecast process are described in the following subsections.

5.4.1.1 SHORT TERM PASSENGER ACTIVITY FORECAST METHODOLOGY

The short-term passenger forecast was based on analysis of qualitative and quantitative factors, including published airline schedules, historical data, and assumptions based on industry trends, to forecast passenger activity for FY 2024 and FY 2025. The short-term forecast incorporates actual reported activity through May 2024, with published airline schedules used to estimate the period from March 2024 to December 2024. Departing seat capacity was

SACRAMENTO INTERNATIONAL AIRPORT

forecast by airline and region by month from January 2025 through June 2025. Estimated load factors, also specific to the airline, region, and month, were applied to departing seat forecast to derive the enplaned passengers forecast. The assumptions used to develop the short-term forecast were based on recent trends and account for seasonality of demand as well the ongoing delays in the delivery of new aircraft, which has constrained airlines' capacity to accommodate demand.

5.4.1.2 LONG-TERM PASSENGER ACTIVITY FORECAST METHODOLOGY

The forecast of long-term O&D passenger demand activity was based on socioeconomic regression analysis techniques that identified predictive statistical relationships between the Airport's historical O&D passenger and several national and local socioeconomic variables sourced from Woods & Poole Economic, Inc. Socioeconomic variables incorporated in the regression analysis model include population, employment, total and net earnings, personal income, gross domestic product, and gross regional product.

Regression analysis was performed for the 20-year period between 2000 and 2019. Activity occurring in the period from 2020 to 2023 was not included in the regression analysis as it was influenced by pandemic-related factors that are not representative of typical factors driving aviation demand that are expected to influence future activity levels. Similarly, regressions were performed on a calendar year (CY) basis, aligning with the annual period for socioeconomic projections, with the forecast growth rates assumed to apply to a FY baseline in the long-term forecast methodology. Regression models were based on data prior to the onset of the COVID-19 pandemic, as the traditional relationships between socioeconomic variables and passenger volume have been normalizing following the period of disruption during the pandemic, with full passenger recovery at the Airport occurring in FY 2023, the base year for the Projection Period.

The resulting regression equations were then populated with independent projections of the relevant socioeconomic variables sourced from Woods & Poole, yielding a range of potential O&D passenger growth. **Table 5-9** shows the relationships selected for use in this forecast of O&D passengers and the resulting FY 2023 to FY 2024 CAGRs for each variable. Passenger growth was forecast using the average growth rate for all variables, which was applied to the FY 2025 enplaned passengers, as established in the short-term forecast. The forecast assumes that connecting passengers grow in line with O&D passengers. International enplaned passengers, which have historically represented less than 3 percent of total enplaned passengers, are forecast to grow in line with domestic enplaned passengers from FY 2025 through FY 2030.

TABLE 5-9 SOCIOECONOMIC REGRESSION ANALYSIS OUTPUTS – TOTAL O&D PASSENGERS

SOCIOECONOMIC VARIABLE	IMPLIED FY 2023 – FY 2030 CAGR
United States Population	2.9%
United States Total Employment	2.7%
United States Total Earnings	3.0%
United States Personal Income	3.2%
United States Net Earnings	3.1%
United States Gross Domestic Product	3.1%
Sacramento-Roseville CSA Population	2.9%
Sacramento-Roseville CSA Total Employment	1.8%
Sacramento-Roseville CSA Total Earnings	2.3%
Sacramento-Roseville CSA Personal Income	2.7%
Sacramento-Roseville CSA Net Earnings	2.3%
Sacramento-Roseville CSA Gross Regional Product	2.5%
Average	2.7%

NOTES:

CAGR – Compound Annual Growth Rate

FY – Fiscal Year

SOURCES: Woods & Poole Economics, Inc., June 2024 (socioeconomic projections); Ricondo & Associates, Inc., July 2024 (analysis).

5.4.1.3 OTHER ASSUMPTIONS INCORPORATED INTO THE ENPLANED PASSENGER FORECAST

The following assumptions were also incorporated into the forecasts:

- Airlines will continue their trend of upgauging to larger average aircraft sizes that can accommodate more passengers per operation at the Airport, resulting in operations growing at a slower rate than enplaned passengers.
- International O&D passenger demand growth will be accommodated through a combination of passengers utilizing domestic flight segments to access other major international gateways in the US (such as LAX or SEA), as well as new international nonstop flying.
- It is assumed that current ongoing constraints resulting from fleet availability and labor shortages will ease over time, with lessening impact in the longer-term portion of the Projection Period.
- For these analyses, and as with the FAA's assumptions for its nationwide forecasts, it is assumed neither terrorist incidents that materially impact US air traffic demand during the Projection Period will occur, nor will variants of COVID-19 or other pandemics emerge that would result in a similar reduction in air service as experienced at the onset of the pandemic.

5.4.2 PASSENGER VOLUME FORECAST

Table 5-10 presents the forecast of passenger activity at the Airport based upon the methodology described previously. Total annual enplaned passengers are forecast to increase from 6.6 million in FY 2024 to 7.8 million in FY 2030, which represents a 2.9 percent CAGR. Domestic enplaned passengers are forecast to grow at a CAGR of 2.9 percent versus 3.9 percent for international enplaned passengers.

5.4.3 PASSENGER AIRCRAFT OPERATIONS FORECAST

Passenger volume growth at the Airport is expected to be accommodated through a combination of larger aircraft, new flights, and increasing load factors. Passenger aircraft operations were forecast based on the enplaned passenger forecast. The forecast load factor was applied to the enplaned passenger forecast to derive a forecast of departing seats. Departing seats were divided by a forecast of average seats per departure to derive the forecast of passenger airline operations. The average load factor forecast was based on an analysis of recent trends, with future growth reflecting ongoing improvements in processes and tools that airlines use to more efficiently manage seat inventory. The average seats per departure forecast was based on an analysis of airlines' current and expected future fleets. **Table 5-11** presents the historical and forecast enplaned passengers, average load factor, departing seats, average seats per departure, and passenger airline operations.

Average load factor is forecast to remain between 79 percent and 81 percent from FY 2024 to FY 2030 while average seats per departure are forecast to increase from 144 in FY 2024 to 149 in FY 2030. Passenger airline operations are forecast to increase from 112,656 in FY 2024 to 129,249 in FY 2030, which represents a CAGR of 2.3 percent compared to a CAGR of 2.9 percent for enplaned passengers during the same period. Enplaned passengers are forecast to increase at a faster rate than passenger airline operations as increases in average load factor and average seat size are expected to enable growth in enplaned passengers per operation.

5.4.4 OTHER OPERATIONS FORECAST

Historical cargo activity at the Airport, both cargo volume and all-cargo aircraft operations, was analyzed to identify predictive patterns with local and national socioeconomic variables. As no predictive patterns were identified, the all-cargo operations forecast was based on forecast average growth rates for total United States cargo operations in the Federal Aviation Administration (FAA) 2023 Aerospace Forecast. Predictive patterns were not identified in the analysis of historical general aviation or air taxi operations and the FAA 2023 Aerospace Forecast was also used to establish growth rates for these categories of operations based on forecast national growth rates. Military operations are forecast to remain constant at FY 2023 levels.

Table 5-12 presents the historical and forecast passenger airline, cargo, general aviation, air taxi, and military operations. Total operations are forecast to increase from 140,771 in FY 2024 to 159,510 in FY 2030, which represents a CAGR of 2.1 percent.

SACRAMENTO INTERNATIONAL AIRPORT

2024 – 2030	2.3%	3.6%	0.3%	0.0%	2.1%

SOURCES: Sacramento County Department of Airports, July 2024 (historical passenger airline and all-cargo operations); Federal Aviation Administration, Operations Network, July 2024 (historical general aviation / other air taxi, military, and total operations); Ricondo & Associates, Inc., July 2024 (forecast operations).

5.4.5 LANDED WEIGHT FORECASTS

Table 5-13 presents historical and forecast landed weight at the Airport. Changes in passenger airline landed weight have historically been well-correlated with changes in passenger airline departing seat capacity. Passenger airline landed weight is forecast to increase in line with growth in departing seat capacity. All-cargo landed weight is forecast to increase in line with growth in all-cargo aircraft operations under the assumption that average all-cargo aircraft size will not meaningfully change during the forecast period. As shown, passenger airline landed weight is forecast to increase from 7.4 million thousand-pound units in FY 2024 to 8.7 million thousand-pound units in FY 2030, which represents a CAGR of 2.8 percent. All-cargo landed weight is forecast to increase from 0.6 million thousand-pound units in FY 2024 to 0.7 million thousand-pound units in FY 2030, which represents a CAGR of 3.6 percent.

SACRAMENTO INTERNATIONAL AIRPORT

6. FINANCIAL ANALYSIS

This chapter presents the financial structure of the County and further provides historical (FY 2019 – FY 2024),⁷³ and projected (FY 2025 Budget – FY 2030) financial information. The analysis supporting this chapter incorporates estimated impacts of the Capital Program, including the Series 2024 Projects, on projected Operating Expenses;⁷⁴ airline and nonairline revenues; debt service requirements, including the issuance of the Series 2024 Bonds; and anticipated future bond issuances. The resulting airline cost per enplaned passenger and projected application of Revenues are discussed, and debt service coverage throughout the Projection Period is calculated pursuant to the Indenture. **Appendix A** of this Report includes the financial analysis performed by Ricondo including financial information through the Projection Period.

6.1 FINANCIAL FRAMEWORK

The Airport is owned by the County and operated by the Department. The County maintains the financial records and accounts of the Airport in accordance with generally accepted accounting principles, and as required by the provisions of various legal agreements, including the Indenture and the Airline Agreement. The County reports the Department's financial operations as an enterprise activity, and as such, its financial statements are presented using the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when a liability is incurred, regardless of the timing of related cash flows. Operating revenues include charges for services and tenant rent. Operating expenses include costs of services as well as materials, contracts, personnel, and depreciation. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met. Neither the County nor State of California tax revenues are pledged to the payment of Net Debt Service or to fund the cost of operations at the Airport. The County's FY ends June 30.

6.1.1 THE AIRLINE AGREEMENT

Effective July 1, 2017, the County entered into the Airline Agreement, which establishes the operational and financial requirements that airlines agree to follow when conducting air transportation business at the Airport.⁷⁵ The Airline Agreement is in accordance with the FAA Policy Regarding the Establishment of Airport Rates and Charges⁷⁶ and replaces the Sacramento County Airline Ordinance, which had previously been in effect since May 1, 2008. The Airline Agreement expires June 30, 2027. For purposes of this Report, it is assumed that the Airline Agreement or subsequent agreement with similar provisions, will be in place through the Projection Period.

The County has existing Airline Agreements with 10 passenger airlines (signatory airlines): American Airlines, Air Canada, Delta Air Lines, United Airlines, Alaska Airlines, Frontier Airlines, Hawaiian Airlines, JetBlue Airways,

⁷³ Values referenced for FY 2024 are estimated. Estimated FY 2024 values are actual for 12 months ending June 2024, including accruals, but not including adjustments.

⁷⁴ Operating expenses include all costs paid or incurred by the County for maintaining and operating the Airport System, excluding any payments of debt service, depreciation, replacement and obsolescence charges or reserves, and amortization of intangibles or any other bookkeeping entries of a similar nature.

⁷⁵ On May 9, 2017, the Sacramento County Board of Supervisors adopted the resolution authorizing the Director of Airports to execute the Airline Agreement, which became effective July 1, 2017.

⁷⁶ US Department of Transportation, Federal Aviation Administration, "Policy Regarding Airport Rates and Charges," *Federal Register*, <https://www.govinfo.gov/content/pkg/FR-2013-09-10/pdf/2013-21905.pdf> (assessed October 25, 2021).

SACRAMENTO INTERNATIONAL AIRPORT

Southwest Airlines, and Spirit Airlines. Cargo airlines FedEx Express and United Parcel Service (UPS Airlines) are also signatory to the Airline Agreement. Key provisions of the Airline Agreement include the following:

- **Rolling Debt Service Coverage.** This provision offsets the current year's debt service coverage requirement for Airline cost centers with the prior year's coverage.
- **Review of Capital Expenditures.** The County must notify the signatory airlines of any capital expenditure in one or more of the airline cost centers that is anticipated to be funded with \$10 million or more in County funds or bond proceeds (net of PFCs, CFC, grants, or insurance proceeds). The County may proceed with such a capital expenditure unless a Majority In Interest (MII)⁷⁷ of the signatory airlines opposes the project. Opposed net capital expenditures less than \$18 million must be deferred by one year, while opposed net capital expenditures greater than \$18 million must be deferred by two years, after which the County may proceed with the capital project.

With regard to the SMForward projects, the Pedestrian Walkway project received no MII opposition from the signatory airlines and the Concourse B Expansion project received unanimous MII approval in January 2024. The Terminal A Exit Roadway, Ground Transportation Center, and ConRAC projects do not require MII consideration. The Terminal A Expansion project has not yet been presented to the signatory airlines for MII consideration.

- **Non-Signatory Airlines.** Airlines not signing the Airline Agreement are assigned space on a month-to-month basis, pay a premium on rentals and fees, and have no right to vote on capital projects. Currently, Aeromexico is the only non-signatory scheduled passenger airline operating at the Airport.
- **Year-end Settlement.** Rates and charges are recalculated annually based on audited financial data, with any overpayment refunded or any shortage invoiced to signatory airlines.
- **Revenue-Sharing.** At the end of each FY, in conjunction with the Settlement, the County shares with the signatory airlines 40 percent of net remaining revenues, which is equal to total revenues less O&M expenses and debt service. Each airline's portion of the revenue-sharing is equal to the airline's proportionate share of total signatory airlines' enplaned passengers. For revenue-sharing calculation purposes, parking revenue is used first for all O&M and debt service expenses not located in an airline cost center. No portion of a revenue share comprises parking revenue.
- **Extraordinary Coverage Protection.** In exchange for the revenue sharing provision, the signatory airlines are required to make payments through rates and charges to ensure sufficient net revenues each FY to comply with the minimum rate covenant requirements in the Indenture. These payments are refunded to the signatory airlines when uncommitted funds become available.

6.1.2 AIRPORT RATES AND CHARGES

The Airline Agreement establishes the following cost centers for use in determining the allocation of revenues, expenses, and debt service for Airport operations as well as the calculation of certain airline rates, fees, and charges described later in this section:

- **Airfield Area.** Those areas on the Airport that provide for the landing, takeoff, taxiing, parking (other than in the Apron Area), or other operations of aircraft. The Airfield Area includes the runways, taxiways, approach and clear zones, safety zones, infield areas, landing and navigational aids, and other facilities and land areas

⁷⁷ MII of airlines means signatory airlines who together had at least 75 percent of the signatory airlines' total maximum gross landing weight during the preceding FY or signatory airlines who together had at least 75 percent of the signatory airline' enplaned passengers during the immediately preceding FY.

SACRAMENTO INTERNATIONAL AIRPORT

(including but not limited to runway protection zones and noise protection zones as established by the County) at the Airport required by or related to aircraft operations.

- **Airline Systems and Equipment.** County-owned systems and equipment provided, operated, or maintained by the County for use by airline tenants, including but not limited to systems and equipment for passenger processing, flight and baggage information display and baggage handling.
- **Apron Area.** Areas dedicated to parking, servicing, and ground handling of aircraft at the Airport.
- **Cargo Apron Area.** Areas dedicated to parking of cargo aircraft at the Airport.
- **Loading Bridges.** Any loading bridges owned or leased by County serving aircraft at the terminal buildings.
- **Terminal Building.** The terminal buildings associated concourses and associated curbside entrance areas, together with the automated people mover, at the Airport.
- **Rental Car.** The rental car facilities, ready/return areas, and storage facilities at the Airport, including but not limited to the rental car shuttle bus operations.
- **Other Buildings and Areas.** Those portions of the Airport not included in the preceding cost centers, including the facilities, installations and improvements thereon, and any other interest owned by the County in real property with regard to the Airport.
- **Parking.** The public parking garage and associated access ramps, surface lots, and other automobile parking areas; employee parking lots; and associated ground transportation service area at the Airport.
- **Roadways.** The public roadway system within Airport property that provides access to the Terminal Building, Parking areas, and other facilities and areas at the Airport.
- **Reliever Airports.** The system of reliever airports, owned or operated by County. The Reliever Airports currently include Executive Airport and Mather Airport.
- **Franklin Field.** The general aviation airport owned by the County.
- **Indirect Cost Centers.** The County incurs certain indirect expenses, which are allocated to the cost centers based on the relative estimated use by cost center. Indirect cost centers include Administrative and Roadways. Administrative costs are reallocated in proportion to the above cost centers. Roadway costs are allocated 25 percent to the Airfield Area cost center, 25 percent to the Terminal Building cost center, and 50 percent to the Parking cost center.

Airline cost centers are those that affect the calculation of rates and charges. These cost centers include Airfield Area, Airline Systems and Equipment, Apron Area, Cargo Apron Area, Loading Bridges, and Terminal Building. As noted above, a significant percentage of costs allocated to indirect cost centers are ultimately allocated to airline cost centers.

Under the Airline Agreement, signatory airlines pay rental fees and charges based on a hybrid rate-setting methodology for the airline cost centers. In accordance with the Airline Agreement, airlines at the Airport pay various rates and fees to the County. The residual signatory landing fee is charged at a rate per 1,000 pounds of aircraft landed weight. Non-signatory airlines pay 120 percent of the signatory rate. Terminal rental rates are established through a commercial compensatory rate-setting methodology. Terminal rentals include airline exclusive use space, preferential use space, and joint use space, and exclude public spaced such as that used for circulation and restrooms. These rentals are paid based on a rate per square foot of rented space. Per use (or common use) fees are also charged for baggage makeup space, gates, and ticket counters for use of those areas that are designated

SACRAMENTO INTERNATIONAL AIRPORT

as per use/common use space. Airlines also pay a Federal Inspection Service (FIS) fee of \$5.00 per arriving international passenger. Passenger and cargo airlines pay monthly parking position fees for use of designated aircraft parking positions of the terminal or cargo apron. Fees are also charged for use of remain-overnight (RON) parking positions as a daily rate per position occupied. Loading bridge fees are paid based on the number of bridges leased by the airline.

6.2 OPERATING EXPENSES

Operating Expenses include those expenses associated with operating and maintaining the Airport System, including the airfield, terminal, and landside facilities. Historical, budgeted, and projected O&M Expenses are described in the following sections of this Report.

6.2.1 HISTORICAL OPERATING EXPENSES

Table 6-1 presents the historical Operating Expenses from FY 2019 – FY 2024. The County's O&M Expenses for the Airport System increased from approximately \$102.7 million in FY 2019 to approximately \$151.8 million in FY 2024, reflecting a CAGR of 8.1 percent over the past 6 years. Operating Expenses per enplaned passenger have increased at a CAGR of 7.1 percent from FY 2019 through FY 2024, which includes the reduction in enplaned passengers associated with the COVID-19 pandemic in FY 2020 and FY 2021.

TABLE 6-1 HISTORICAL OPERATING EXPENSES – FY 2019 THROUGH FY 2024

(Fiscal Years Ending June 30)

OPERATING EXPENSES BY CATEGORY	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024 (ESTIMATED) ¹	CAGR (FY 2019-FY 2024)
Salaries and Benefits	\$33,220,862	\$40,117,500	\$41,776,413	\$43,604,416	\$47,134,200	50,560,565	8.8%
Professional Services	\$15,249,588	\$16,355,520	\$15,966,248	\$15,811,737	\$20,490,504	22,854,254	8.4%
Contracted Services	\$11,186,350	\$11,806,713	\$13,449,729	\$13,657,437	\$14,819,696	18,218,300	10.2%
Law Enforcement	\$9,930,809	\$11,470,946	\$11,899,927	\$11,791,313	\$12,900,709	13,822,209	6.8%
Other Services	\$191,396	\$634,994	\$1,055,295	\$227,880	\$276,552	358,745	13.4%
Supplies	\$3,903,923	\$4,403,696	\$4,050,042	\$4,890,753	\$5,746,746	6,271,148	9.9%
Utilities	\$6,004,175	\$5,802,907	\$5,772,680	\$6,672,378	\$7,324,766	6,853,624	2.7%
Technical Services & Supplies	\$918,734	\$1,074,966	\$883,461	\$1,242,429	\$1,576,024	1,613,685	11.9%
Insurance	\$1,121,902	\$1,090,325	\$188,477	\$276,403	\$214,428	216,154	-28.1%
County Services	\$7,635,038	\$8,219,812	\$7,577,260	\$8,829,460	\$9,203,956	10,720,696	7.0%
County Allocated Costs	\$3,943,358	\$4,310,186	\$5,756,747	\$6,424,162	\$7,240,181	8,081,335	15.4%
Other Costs	\$4,387,647	\$4,384,312	\$3,105,168	\$4,823,748	\$5,548,956	7,259,224	10.6%
Cost of Goods Sold	\$680,942	\$558,780	\$493,926	\$861,995	\$860,635	1,019,957	8.4%
M&O Projects	\$4,304,044	\$4,741,489	\$1,804,200	\$2,798,987	\$8,059,713	3,977,373	-1.6%
Total Operating Expenses	\$102,678,768	\$114,972,145	\$113,779,573	\$121,913,099	\$141,397,066	\$151,827,271	8.1%
Enplaned Passengers	6,298,447	4,940,934	3,210,170	5,793,581	6,443,254	6,597,156	0.9%
O&M Expenses per Enplaned Passenger	\$16.30	\$23.27	\$35.44	\$21.04	\$21.94	\$23.01	7.1%

NOTES:

FY – Fiscal Year; CAGR – Compound Annual Growth Rate; M&O – Maintenance and Operation

¹ FY 2024 Operating Expenses are actual through June 2024, including accruals, but not including adjustments.

SOURCE: Sacramento County Department of Airports, August 2024.

6.2.2 OPERATING EXPENSES RELATED TO SMFORWARD

The completion of the SMForward projects is expected to result in an increase in annual Operating Expenses given the increased size of the various projects. While the County intends to incorporate new energy efficient materials, systems, and fixtures in the new/expanded facilities, the overall growth in the footprint of the facilities relative to current facilities will translate to higher custodial, personnel, and other operating costs. For purposes of the financial analysis included in this Report, the following additional Operating Expenses were assumed for purposes of this analysis:

- **Pedestrian Walkway** – Total allocated Terminal Building Operating Expenses for FY 2023 was approximately \$62.6 million, which equates to \$58.88 per square-foot with a total current terminal area of 1,063,925 square feet. The project is assumed to comprise 87,471 square feet. Expense categories assumed to be applicable to this new space include Contracted Services, Supplies, Utilities, and Insurance, which equates to approximately 20 percent of Operating Expenses in FY 2023. After application of this applicability factor, approximately \$1.0 million of additional Operating Expenses to the Terminal Building cost center was assumed to begin in FY 2027 and increase at a rate of 3.0 percent per year through the Projection Period. The estimated additional facility space was also added to Secured Walkway space for the Airport beginning in FY 2027, which is categorized as usable, but not rentable space.
- **Terminal B Parking Garage** – Total allocated Parking Operating Expenses for FY 2023 was approximately \$35.4 million, which, assuming approximately 20,000 total parking spaces at the Airport, equates to approximately \$1,800 in Operating Expenses per space. A factor of 50 percent was applied to this amount to account for expense categories that would not be expected to increase due to the project. Assuming an additional 5,500 parking spaces in the new garage, resulting additional Operating Expenses are approximately \$4.9 million in FY 2027 to the Parking cost center, increasing at a rate of 3.0 percent per year through the Projection Period.
- **Terminal A Exit Roadway** – No additional Operating Expenses were assumed for this project.
- **Ground Transportation Center** – The expense rate of \$58.88 per square-foot calculated for additional terminal space was assumed to apply to the GTC, although this amount was discounted by 50 percent to account for expense categories that would not be expected to increase due to the project. Assuming a facility area of 50,000 square feet, additional Operating Expenses of approximately \$1.5 million to the Ground Transportation cost center were assumed to begin in FY 2028, increasing at a rate of 3.0 percent per year through the Projection Period.
- **Concourse B Expansion** – Terminal space expense of \$58.88 per square-foot with an applicability factor of 20 percent, was used to estimate additional Operating Expenses for the Concourse B expansion project. Additional space associated with the project was estimated assuming six new gates at 2,800 square feet per gate, for total of 16,800 square feet of additional leased preferential holdroom space. The resulting additional Terminal Building Operating Expenses is approximately \$198,000 beginning in FY 2029, increasing at a rate of 3.0 percent per year through the Projection Period.
- **Terminal A Expansion** – Terminal space expenses of \$58.88 per square-foot with an applicability factor of 20 percent, was used to estimate additional Operating Expenses for the Terminal A expansion project. Although this project is not fully defined, it was assumed that the project would add 5,000 square feet of leased ticket counter space and 10,000 square feet of Joint Use baggage screening space. The resulting additional Terminal Building Operating Expenses is approximately \$177,000 beginning in FY 2029, increasing at a rate of 3.0 percent per year through the Projection Period.

- **Rental Car Facility** – Additional Operating Expenses are anticipated to be incurred with the opening of the new ConRAC in FY 2028. However, since the California CFC statute does not allow for CFC revenue to pay or reimburse rental car facility Operating Expenses, these costs are instead assumed to be paid by the rental car companies that operate at the new facility. Therefore, there is no anticipated cash flow impact from incremental cost increases with the new facility is assumed in the financial analysis. The ConRAC will be a walkable distance from the terminal buildings and therefore, the project will reduce Operating Expenses through the elimination of rental car-related busing.

Resulting additional Operating Expenses due to completion of the SMForward projects is estimated, for purposes of this Report, to total approximately \$5.9 million in FY 2027, increasing to approximately \$8.4 million in FY 2030.

6.2.3 OPERATING EXPENSE PROJECTIONS

Estimated actual operating expenses for FY 2024 serve as the base from which Operating Expenses are projected.⁷⁸ Operating Expenses are projected to increase based on the type of expenditure, expectations of future inflation rates, and operational impacts of the SMForward projects completed during the Projection Period.

As shown in Table A-1 of Appendix A of this Report, Estimated FY 2024 Operating Expenses totaling approximately \$151.8 million are projected to increase 9.1 percent to \$165.6 million in FY 2025. FY 2025 Operating Expenses are expected to increase to approximately \$217.8 million in FY 2030 reflecting a CAGR of 5.6 percent. Projected growth in Operating Expenses generally assumes annual inflation of 3.0 percent and is inclusive of the increases assumed from FY 2027 to FY 2030 due to completion of SMForward projects.⁷⁹ Categories of Operating Expenses and associated projection assumptions are described in the following subsections. Assumed annual increases in Operating Expenses are based on historical results and input from Department staff.

6.2.3.1 SALARIES AND BENEFITS

Salaries and benefits include Department staff compensation and benefits. Expenditures for salaries, wages, and employee benefits, which accounted for 33.3 percent of total Operating Expenditures estimated in FY 2024, are assumed to increase 10.8 percent in FY 2025 due to general wage increases and filling of certain vacant positions. Through the Projection Period of FY 2025 through FY 2030, these Operating Expenses are assumed to increase at an annual rate of 6.0 percent.

6.2.3.2 PROFESSIONAL SERVICES

Professional services expenditures include outside legal and consulting services, as well as accounting and finance fees, and other services, and can be expected to decrease upon completion of the ConRAC. Shuttle bus operating costs accounted for approximately 42.6 percent of these expenses for Estimated FY 2024. In total, professional services accounted for 15.1 percent of the total Operating Expenses for Estimated FY 2024 and are assumed to increase at an annual rate of 4.0 percent through the Projection Period.

⁷⁸ Estimated FY 2024 Operating Expenses are actual for 12 months ending June 2024, including accruals, but not including adjustments.

⁷⁹ For purposes of this Report, additional Operating Expenses resulting from completion of the SMForward projects are included in appropriate cost centers, but are presented as a separate expense category and not included in the projection of individual expense categories described in this section.

6.2.3.3 CONTRACTED SERVICES

Contracted services include services such as building and equipment maintenance, custodial, recycling, and other services. Mechanical systems maintenance and custodial services accounted for approximately 58.2 percent and 33.8 percent of these expenses, respectively, for Estimated FY 2024 (approximately 92.0 percent combined). Contracted services account for 12.0 percent of the total Operating Expenses estimated in FY 2024 and are assumed to increase at an annual rate of 6.0 percent through the Projection Period.

6.2.3.4 LAW ENFORCEMENT

Law enforcement expenditures include Sheriff services, which accounted for 9.1 percent of the total Operating Expenses for Estimated FY 2024 and are assumed to increase at an annual rate of 3.0 percent through the Projection Period.

6.2.3.5 OTHER SERVICES

Other services include fire crash rescue services and support, medical services, advertising services, printing, and other services. Other services accounted for 0.2 percent of the total Operating Expenses for Estimated FY 2024 and are assumed to increase at an annual rate of 5.0 percent through the Projection Period.

6.2.3.6 SUPPLIES

Supplies consist of various maintenance materials and supplies needed for the Department and its personnel, and other miscellaneous operating expenditures incurred by the County. Custodial and fuel supplies are the largest expenses in this category, comprising a combined total of 48.1 percent of total supply expenses for Estimated FY 2024. In total, supplies accounted for 4.1 percent of total Estimated FY 2024 Operating Expenses and are assumed to increase at an annual rate of 5.0 percent through the Projection Period.

6.2.3.7 UTILITIES

Utilities expenditures include electricity, natural gas, trash collection, sewage disposal, telephone, water, and cellphone expenditures. Electricity expenses account for approximately 62.5 percent of total utilities expenses for Estimated FY 2024. Utilities expenses accounted for 4.5 percent of total Estimated FY 2024 Operating Expenses and are assumed to increase at an annual rate of 5.0 through the Projection Period.

6.2.3.8 TECHNICAL SERVICES AND SUPPLIES

Technical Services and Supplies expenditures include information technology equipment and support services. Hardware and software expenses accounted for approximately 73.0 percent of these expenses for Estimated FY 2024. Technical services and supplies expenditures accounted for 1.1 percent of total Estimated FY 2024 Operating Expenses and are assumed to increase at an annual rate of 4.0 percent through the Projection Period.

6.2.3.9 INSURANCE

Insurance premiums account for 0.1 percent of the total Operating Expenses for Estimated FY 2024 and are assumed to remain fixed at this level through the Projection Period.

6.2.3.10 COUNTY SERVICES

County Services accounted for 7.1 percent of the total Operating Expenses for Estimated FY 2024 and mostly includes work performed by the County for the Department. These expenses are assumed to increase at an annual rate of 4.0 percent through the Projection Period.

6.2.3.11 COUNTY ALLOCATED COSTS

County Allocated Costs include County-wide costs that are allocated to the Department (and other County departments) based on the number of full-time equivalent (FTE) employees and property value. These costs accounted for 5.3 percent of the total Operating Expenses for Estimated FY 2024 and are assumed to increase at an annual rate of 5.0 percent through the Projection Period.

6.2.3.12 OTHER COSTS

Other Costs include a broad range of miscellaneous expenses. Credit card fees associated with the parking operation comprised approximately a third of these costs for Estimated FY 2024. Other Costs accounted for 4.8 percent of the total Operating Expenses in Estimated FY 2024 and are assumed to increase at an annual rate of 5.0 percent through the Projection Period.

6.2.3.13 COST OF GOODS SOLD

Cost of Goods Sold accounted for 0.7 percent of the total Operating Expenses for Estimated FY 2024 and are assumed to increase at an annual rate of 3.0 percent through the Projection Period.

6.2.3.14 MAINTENANCE AND OPERATIONS PROJECTS

The Department undertakes Maintenance and Operations (M&O) Projects annually, which generally include expenditures less than \$0.5 million for items such as equipment acquisition/replacement, furniture, generators, information equipment and projects, and building maintenance. The number and cost of M&O Projects fluctuates year-to-year based on the needs of the Department. M&O Projects totaled approximately \$4.0 million for Estimated FY 2024. Based on discussions with Department staff, M&O Projects are projected to be fixed at \$8.0 million per year through the Projection Period.

6.2.3.15 OPERATING EXPENSES PROJECTIONS

For the Projection Period, Operating Expenses are anticipated to increase based on inflation, the County's contractual obligations, consideration of historical operating results, and impacts associated with the completion of SMForward projects. **Exhibit 6-1** presents expected Operating Expenses for the Projection Period. As shown, total Operating Expenses are projected to increase from \$165.6 million in FY 2025 to \$217.8 million in FY 2030, representing a CAGR of 5.6 percent, including increases due to completion of SMForward projects beginning in FY 2027. Operating Expenses per enplaned passenger is projected to increase at a CAGR of 2.8 percent during the Projection Period. Total Operating Expenses per enplaned passenger is projected to increase at a slower rate compared to total O&M Expenses due to the strong passenger growth during the Projection Period. Table A-1, in Appendix A of this Report, presents projected Operating Expenses for the Projection Period, including the allocation of Operating Expenses to the Airport System cost centers.

6.3 NONAIRLINE REVENUES

Nonairline revenues include those revenues generated at the Airport from sources other than airline fees and charges and includes automobile parking fees, concession revenues (rental car privilege fees; food, beverage, and news and gift revenues; and other concession revenues); nonairline tenant rent; ground transportation fees and revenue; building and ground rents; general aviation revenue; and other operating revenue.

6.3.1 HISTORICAL NONAIRLINE REVENUES

Table 6-2 presents a summary of historical nonairline revenues for the period FY 2019 through Estimated FY 2024. Total nonairline revenues during this period increased at a CAGR of 3.0 percent from \$110.9 million in FY 2019 to \$128.7 million for Estimated FY 2024. Nonairline revenue per enplaned passenger grew at a CAGR of 2.1 percent through this period.

SACRAMENTO INTERNATIONAL AIRPORT

TABLE 6-2 HISTORICAL NONAIRLINE REVENUES – FY 2019 THROUGH FY 2024

NONAIRLINE REVENUES BY CATEGORY	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	FY 2024 (ESTIMATED) ¹	CAGR (FY 2019- FY 2024)
Parking Fees	\$66,700,985	\$51,510,237	\$32,638,657	\$65,445,614	\$73,446,877	76,361,599	2.7%
Concessions							
Auto Rentals	\$18,828,696	\$16,918,266	\$14,926,812	\$19,465,719	\$20,411,502	20,100,654	1.3%

Nonairline Revenues per Enplaned Passenger	\$17.60	\$18.71	\$21.11	\$17.92	\$19.18	\$19.50	2.1%

NOTES:

FY – Fiscal Year; CAGR – Compound Annual Growth Rate

¹ FY 2024 Nonairline Revenues are actual through June 2024, including accruals, but not including adjustments.

SOURCE: Sacramento County Department of Airports, August 2024.

6.3.2 NONAIRLINE REVENUE IMPACTS FROM SMFORWARD

The Capital Program is designed to enable additional capacity at the Airport, with certain projections of nonairline revenue based on growth of enplaned passengers realized in part due to the projects completed. For example, the Concourse B Expansion project will enable additional terminal space at the Airport and potentially support increases in nonairline revenues, such as concessions, on a per enplaned passenger basis throughout the Projection Period due to expanded offerings. Any additional incremental increases to nonairline revenues beyond the growth described herein are not included in this analysis; however, any such incremental increases, if they materialize, would only serve to improve the County's financial position, increasing nonairline revenues and debt service coverage.

6.3.3 NONAIRLINE REVENUE PROJECTIONS

Based on FY 2025 Budget, nonairline revenues are projected to increase based on the type of revenue, forecast passenger growth, and impacts of inflation (assumed to be 3.0 percent).

6.3.3.1 PARKING FEES

Automobile parking is the largest source of nonairline revenue for the Airport System. The County entered into a management contract for its public parking facilities with LAZ Parking California LLC to operate all the parking facilities at the Airport. LAZ is responsible for maintaining, operating, and collecting parking fees for the existing facilities. LAZ remits all gross parking revenues to the County and is reimbursed for operating expenses in addition to receiving a management fee. Upon expiration of the contract on March 31, 2026, a contract with substantially similar terms and conditions is assumed.

The County is responsible for setting parking rates and the County Board of Supervisors approved a maximum annual 5-percent increase in parking rates at the Airport effective January 1, 2023 through January 2027. The resulting schedule of maximum daily parking rates by parking area is presented in **Table 6-3**, which is assumed for the projection of parking revenues presented in this Report. The increased parking rates are calculated by increasing the annual rate by 5 percent and rounding down. For example, the “previous rate” for the Hourly Lot was \$29.00 per day. With a 5 percent increase, the calculated rate as of January 2023 would be \$30.45, but the rate is rounded down to \$30.00. For this Report, parking rates for FY 2028, FY 2029, and FY 2030 are assumed equal to the rates effective January 2027. The County may, at its discretion, approve additional adjustments to parking rates through the Projection Period.

TABLE 6-3 HISTORICAL AND ASSUMED MAXIMUM DAILY PARKING RATES

PARKING AREA	PREVIOUS RATE	JANUARY 2023	JANUARY 2024	JANUARY 2025	JANUARY 2026	JANUARY 2027	FY 2028-FY 2030 (ASSUMED)
Hourly Lot	\$29.00	\$30.00	\$31.00	\$33.00	\$35.00	\$37.00	\$37.00
Garage	\$18.00	\$18.00	\$19.00	\$20.00	\$21.00	\$22.00	\$22.00
Daily Lot	\$12.00	\$12.00	\$13.00	\$13.00	\$14.00	\$15.00	\$15.00
East Economy	\$10.00	\$10.00	\$11.00	\$11.00	\$12.00	\$12.00	\$12.00
West Economy	\$10.00	\$10.00	\$11.00	\$11.00	\$12.00	\$12.00	\$12.00

NOTE:

FY – Fiscal Year ending September 30.

Parking rates shown for 2023 through 2027 reflect rates pre-approved by the County Board of Supervisors. 2028 through 2030 reflect rates assumed for purposes of the financial analysis, a continuation of the January 2027 rates. Rates are subject to change.

SOURCES: Sacramento County Department of Airports, August 2024.

Airport System parking revenue is projected to increase from approximately \$76.3 million in FY 2024 to approximately \$125.1 million in FY 2030, as presented in Table A-2. Public parking revenues are a function of the maximum daily rate, average days per transaction, and the number of transactions. There are also planned parking projects within the Projection Period that change the parking capacity and are anticipated to affect parking utilization and revenues per transaction. The following assumptions were made to project parking revenue through the Projection Period:

- The annual maximum daily rates for parking facilities at the Airport are based on the schedule of rate increases presented in Table 6-3 and averaged over the 12 months of each fiscal year.

SACRAMENTO INTERNATIONAL AIRPORT

- Transactions are projected by parking area based on a ratio of transactions per enplaned passenger, in consideration of historical results and the enplaned passenger forecast presented in Chapter 5 of this Report. Average days per transaction at each parking area are based on historical results.
- Consideration of parking availability associated with planned closing and opening of lots is included in the Projection Period. The Hourly Lot is scheduled and assumed to be closed in October 2024 to facilitate initial construction of the new Terminal B garage. Once the lot closes, demand for the Hourly Lot will likely shift to the existing garage, filling up the garage, which will then cause parkers otherwise looking to park in the garage to go to the Daily Lot. Excess Daily Lot demand is assumed to then shift to the Economy Lots. The net result is that demand for the Hourly Lot will ultimately shift to the Economy Lots while the new Terminal B garage is under construction.
- The opening of the Terminal B Garage is anticipated to serve a demand for parking with close proximity to Terminal B. Upon opening in FY 2027, the Terminal B garage rate is assumed to equalize with the existing garage.
- In FY 2026, the South Economy Lot with 3,000 spaces is expected to open expanding capacity similar to the West Economy Lot. Also in FY 2026, the Department is anticipated to implement a parking revenue control system, a project assumed in the Capital Program, which will serve the new South Economy Lot and West Economy Lot. It is expected to enhance revenue capture in the existing West Economy Lot which does not currently have a similar system in addition to capturing the revenue from the new South Economy Lot. Employee parking revenue, along with parking revenue from Sacramento Executive Airport, is assumed to increase 4.0 percent annually through the Projection Period.

6.3.3.2 AUTO RENTALS

Auto rental revenue is the second largest source of nonairline revenue for the County. The County has on-Airport agreements for car rental concessions with the following companies: Avis Budget Car Rental, LLC (Avis and Budget Brands), Enterprise Holdings, Inc. (Alamo, Enterprise, and National Brands), and the Hertz Corporation (Dollar, Hertz, and Thrifty Brands). The agreements commenced October 1, 2024 and expire on September 30, 2029. It is assumed that the agreements will be renewed with substantially similar terms and conditions through the Projection Period.

Under the rental car concessionaire agreement, rental car companies pay the County the greater of a minimum annual guarantee or a percentage of gross sales. The County receives revenues in two primary forms: (1) privilege fees equal to the greater of 10 percent of gross receipts or a minimum annual guarantee, and (2) rentals for counter space, office space, and service facility ground areas. Additionally, the County receives certain cost-recovery fees for the rental car shuttle operation.

Auto rental revenue is assumed to increase at half of annual enplaned passenger growth plus inflation from FY 2025 to FY 2030, a CAGR of 4.4 percent, with revenue increasing from \$21.1 million to \$26.1 million through the Projection Period.

6.3.3.3 FOOD AND BEVERAGE

Four food and beverage concessionaires operate within the terminal facilities, offering a variety of dining options, including three traditional sit-down restaurants, two wine/cocktail bars, six quick-serve locations, six coffee shops, and two travelers' lounges. These concessionaires feature national, regional, and local brands at multiple locations across both terminals and Concourse B. Agreements with these concessionaires require payments to the County based on percentages of gross sales or a minimum annual guarantee, whichever is greater. Food and beverage revenue is projected to grow from \$8.2 million in FY 2025 to \$9.4 million in FY 2030, a 2.7 percent CAGR through the Projection Period, with annual growth assumed at the rate equal to forecast enplaned passenger growth.

6.3.3.4 MERCHANDISE

Merchandise revenue is among the fastest-growing source of nonairline revenues for the County, increasing at a CAGR of 10.4 percent from FY 2019 to FY 2024. The County maintains agreements with five concessionaires to handle the retail operations within the Airport terminal buildings. These retail spaces offer a broad selection of merchandise outlets and well-known brand-name stores, providing passengers with an array of shopping options and enhancing their spending experience. The existing concession agreements expire in 2026, although the County anticipates extending the agreements through 2028. The County receives revenues based on either a percentage of gross sales or a minimum annual guarantee, whichever amount is higher. Through the Projection Period, merchandise concessions revenues are assumed to grow at the rate of forecast enplaned passenger growth. Resulting revenues are projected to grow from \$4.2 million in FY 2025 to \$4.8 million in FY 2030, a 2.7 percent CAGR through the Projection Period.

6.3.3.5 OTHER TERMINAL CONCESSIONS

In addition to food and beverage and merchandise concessions, the County receives revenues from other in-terminal concessions, including advertising, telephones, vending machines, and ATM commissions. The County receives advertising revenue through agreements with Clear Channel and Security Point, which comprise the majority of revenues in this category. Revenue from other terminal concessions is assumed to grow at an annual rate of 3.0 percent (inflation) from FY 2025 to FY 2030, increasing from \$2.6 million to \$3.0 million through the Projection Period.

6.3.3.6 GROUND TRANSPORTATION

Ground Transportation revenues include per-trip fees from charter buses, resort limousines, and taxi cabs, as well as ride-share operations from transportation network companies (TNCs), such as Uber and Lyft. Ground transportation revenue is assumed to grow annually at the rate of enplaned passenger growth and is projected to increase from \$3.6 million in FY 2025 to \$4.2 million in FY 2030, a 2.8 percent CAGR through the Projection Period.

6.3.3.7 OTHER NONAIRLINE REVENUE

Other sources of nonairline revenue include building and ground rents, which include hangars, cargo facilities, and various other leases. These lease agreements typically feature adjustments based on fluctuations in the Consumer Price Index (CPI), periodic appraisals, or a combination of these methods. Other Nonairline revenue is projected to grow from \$14.6 million in FY 2025 to \$16.6 million in FY 2030, a 2.7 percent CAGR through the Projection Period.

Exhibit 6-2 presents projected nonairline revenues through the Projection Period. Total nonairline revenues are projected to increase from approximately \$133.8 million in FY 2025 Budget to approximately \$168.1 million in FY 2030, reflecting a CAGR of 4.7 percent growth, resulting primarily from forecast increases in aviation activity, as well as inflationary factors, assumed in this Report to be 3.0 percent. Additional information regarding nonairline revenues projected for FY 2025 through FY 2030, is presented in Table A-2.

EXHIBIT 6-2 PROJECTED NON-AIRLINE REVENUES

NOTE:

Fiscal Years ending June 30

SOURCES: Sacramento County Department of Airports, July 2024; Ricondo & Associates, Inc., August 2024.

6.4 PASSENGER FACILITY CHARGE REVENUE

The County is currently collecting a \$4.50 PFC per passenger and has received authority from the FAA through 7 PFC Applications to impose and use a total of approximately \$811.5 million in PFC revenues for capital projects and associated financing costs. Development of a new PFC application (PFC #8) is in process, through which, the County is seeking approval to impose and use approximately \$73.2 million in PFC revenue for the pedestrian walkway project.

Table A-3 in Appendix A presents the projected annual PFC revenue capacity based on existing FAA approvals, forecast enplaned passengers, an assumed PFC level of \$4.50 per enplaned passenger through the end of the Projection Period, and an assumed PFC collection eligibility of 89 percent of enplaned passengers.

Projected PFC Revenues, as shown on **Exhibit 6-3**, are expected to be sufficient to cover all Subordinate Obligation debt service that finances PFC projects and PFCs assumed to be applied to Senior Obligation debt service on a non-pledged basis at the current PFC collection level.

EXHIBIT 6-3 PROJECTED PASSENGER FACILITY CHARGE REVENUE

NOTES:

Fiscal Years ending June 30.

PFC – Passenger Facility Charge

Future debt service to be paid with PFC revenue may be in the form of debt service on Subordinate Bonds and/or one or more Transportation Infrastructure Finance and Innovation Act (TIFIA) Loans.

SOURCES: Sacramento County Department of Airports, July 2024; Ricondo & Associates, Inc., August 2024.

6.5 DEBT SERVICE

6.5.1 EXISTING DEBT SERVICE, DEBT SERVICE ON SERIES 2024 BONDS, FUTURE BONDS, AND TIFIA LOAN DEBT SERVICE

Table A-4 in Appendix A presents the details of The County's outstanding debt service, as well as the debt service on the Series 2024 Bonds, anticipated future bonds, and projected TIFIA Loans for FY 2025 through FY 2030.

6.5.1.1 EXISTING DEBT SERVICE

Debt service on existing Senior Revenue Bonds totals approximately \$46.2 million in FY 2025 and is anticipated to decrease to approximately \$45.3 million in FY 2030. Debt service on existing Subordinate Revenue Bonds totals approximately \$17.1 million in FY 2025 and is anticipated to increase to \$17.4 million by FY 2030. Debt service on Subordinate Revenue Bonds is anticipated to be paid with PFC revenues, as is debt service on TIFIA Loans.

6.5.1.2 DEBT SERVICE ON THE SERIES 2024 BONDS

Proceeds from the Series 2024 Bonds will be used to fund the Series 2024 Projects, as described in Chapter 3 of this Report. The Series 2024 Projects total approximately \$545.0 million, of which approximately \$466.0 million will be funded with proceeds from the Series 2024 Bonds and associated interest earnings.

SACRAMENTO INTERNATIONAL AIRPORT

The Series 2024 Bonds are assumed to have a term of 30 years. For the purposes of this Report, interest on the Series 2024 Bonds is assumed at the current market interest rate as of July 23, 2024, plus 50 basis points.

A portion of debt service on the Series 2024 Bonds is anticipated to become payable beginning on July 1, 2026 (interest due on January 1, 2025 to January 1, 2026 is expected to be payable from the capitalized interest account). Debt service on the 2024 Bonds is assumed to increase from approximately \$1.9 million in FY 2026 to approximately \$34.5 million in FY 2030. A portion of the debt service each year will be recovered from the airlines through airline rates and charges.

6.5.1.3 FUTURE DEBT SERVICE

For financial projection purposes, SMForward projects not funded with proceeds of the Series 2024 Bonds are expected to be funded in part with future Series 2025 Bonds, a 2025 TIFIA Loan, and future Subordinate Obligations, as presented in Table 6-4 and described in Chapter 3 of this Report. TIFIA Loan and Subordinate Lien debt service is anticipated to be paid with PFC revenues.

TABLE 6-4 ASSUMED FUTURE DEBT ISSUANCES

FUTURE DEBT ISSUANCES	ISSUANCE YEAR	PAR AMOUNT
Senior Obligations		
Series 2025 Bonds	2025	\$272.4 million
TIFIA Loan ¹	2025	\$38.8 million
Subordinate Obligations ¹		
GARBS or TIFIA Loan	2025	\$65.9 million

6.5.1.4 PROJECTED NET DEBT SERVICE

The County’s total Airport System debt service (including debt service on existing bonds, projected debt service on the 2024 Bonds and future bonds, and the future TIFIA Loans) is projected to be approximately \$63.2 million in FY 2025 and is projected to increase throughout the Projection Period to \$119.2 million in FY 2030. Net debt service, after use of PFC revenues to pay Subordinate Lien debt service and TIFIA Loan debt service, is projected to increase from \$46.2 million in FY 2025 to \$98.8 million in FY 2030.

Exhibit 6-4 presents the projected net debt service for the Airport System during the Projection Period.

6.6 AIRLINE REVENUES

Airport rates and charges are assessed to airlines with respect to each of the airline cost centers, including the Airfield Area, Airline Systems and Equipment, Apron Area, Loading Bridges, and Terminal Building cost centers. The rentals, fees, and charges for each of these cost centers is equal to the signatory airline's share of the net requirement in each respective cost center, as set forth in the Airline Agreement. Elements of the net requirement calculation for each airline cost center generally include the following:

- **Operating Expenses.** All costs paid or incurred by the County for operation and maintenance related to the cost center.
- **Capital outlays.** Amount of capital outlays for capital projects funded with less than \$300,000 of County funds attributable to the cost center.
- **Annual bond debt service.** Amount required to be deposited in any fiscal year to any interest, principal, or sinking fund accounts established by the Master Indenture for any bonds issued for the Airport System, exclusive of amounts funded by PFC collections or other reimbursements, attributable to the cost center.
- **Annual bond debt service coverage.** An amount equal to 25 percent times the annual bond debt service on bonds attributable to the cost center in the current fiscal year.
- **Credit for prior year annual bond debt service coverage.** A credit in the current fiscal year equal to 25 percent times the annual bond debt service on bonds attributable to the cost center from the prior fiscal year.
- **Amortization.** The amount to recover capital expenditures attributable to the cost center which are not debt financed and shall be calculated based on the expected useful life of the capital expenditure with a rate of

SACRAMENTO INTERNATIONAL AIRPORT

return, equivalent to the County's cost of capital as of the date of substantial completion. Amortization commences in the fiscal year immediately following the date of substantial completion of any such capital expenditure. Amortization of any M&O Projects is also included, as attributable to the cost center.

- **Operating Expenses reserve.** Amount equal to one quarter of the amount appropriated in the annual budget for O&M expenses attributable to the cost center.
- **Extraordinary coverage protection.** Amount collected to ensure the County will meet the coverage requirement on the annual bond debt service requirement attributable to the cost center.
- **Reliever airport operating deficit/surplus (landing fee only).** The sum of the operating deficits or surpluses at Mather and Executive Airports, calculated separately for each of the two reliever airports by subtracting from the total revenue allocable to each airport (other than scheduled airline landing fees paid at Mather) the sum of the operating expenses, capital outlays, annual debt service, and operating reserve requirements allocable to each airport.

Table A-5 in Appendix A presents projected airline rates and charges through the Projection Period. Table A-6 in Appendix A presents corresponding projected airline revenues through the Projection Period, which is summarized in **Exhibit 6-5**. Airline revenue is projected to increase from \$108.8 million in FY 2025 to \$164.3 million in FY 2030.

EXHIBIT 6-5 PROJECTED AIRLINE REVENUE

SACRAMENTO INTERNATIONAL AIRPORT

6.6.1 AIRLINE COST PER ENPLANED PASSENGER

Table A-7 in Appendix A presents the calculation of airline cost per enplaned passenger from the passenger airline revenues projected for FY 2025 through FY 2030.

As shown, the cost per enplaned passenger is projected to increase from \$15.15 in the FY 2025 Budget to \$20.16 in FY 2030, primarily due to the funding of and expenditure and revenue impacts associated with the Capital Program and inflationary increases in Operating Expenses.

Exhibit 6-6 presents the projected airline cost per enplaned passenger at the Airport.

EXHIBIT 6-6 PROJECTED AIRLINE COST PER ENPLANED PASSENGER

SOURCE: Sacramento County Department of Airports, July 2024; Ricondo & Associates, Inc., July 2024.

The projected airline cost per enplaned passenger was evaluated in this analysis deemed reasonable. These fees are not expected to deter forecast demand for air traffic at the Airport as airlines continue to deploy capacity to airports based on available resources. The resilient demand for air traffic, and therefore reasonableness of the projected CPE, is based on

- the strong and resilient economic base of the Air Trade Area,
- the well-established air service market served by a diversity of carriers, and
- a projected growth in the factors that drive future air traffic demand.

In addition, although the CPE is increasing over the Projection Period, it is one of many factors that are considered by airlines when evaluating air service. Airport rates and fees were approximately 6.7 percent of system-wide total

airline operating costs according to the airline industry group Airlines for America,⁸⁰ and they represent one of many factors airlines consider when allocating capacity resources.

6.7 PROJECTION OF FINANCIAL PERFORMANCE AND DEBT SERVICE COVERAGE

Table A-8 in Appendix A presents the Debt Service Coverage ratios as required by the Indenture. The County shall, while any Obligations are Outstanding under the Indenture establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that Net Revenues in each FY will be at least equal to 100 percent of the aggregate amount of transfers required to be made by the County pursuant to the Indenture during such FY. The County shall further establish, fix, prescribe, and collect rates, tolls, fees, rentals, and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each FY:

- (i) Net Revenues for such FY plus any Transfer will be equal to at least 125 percent of Accrued Debt Service on all Outstanding Senior Obligations for such FY, provided that the amount of any Transfer taken into account shall not exceed 25 percent of the Accrued Debt Service on the Outstanding Senior Obligations for such FY;
- (ii) Net Revenues for such FY plus any Transfer will be equal to at least 110 percent of Accrued Debt Service on all Outstanding Senior Obligations and Subordinate Obligations for such FY, provided that the amount of any Transfer taken into account shall not exceed 10 percent of the Accrued Debt Service on the Outstanding Senior Obligations and Subordinate Obligations for such FY; and
- (iii) Net Revenues for such FY will be equal to at least 100 percent of Accrued Debt Service on all Outstanding Senior Obligations, Subordinate Obligations and Junior Subordinate Obligations for such FY.

The debt service coverage ratio pursuant to Section 6.04(b)(i) ranges from 1.74x to 2.94x through the Projection Period. The debt service coverage ratio pursuant to Section 6.04(b)(ii) ranges from 1.59x to 2.79x through the Projection Period. The debt service coverage ratio pursuant to Section 6.04(b)(iii) ranges from 1.49x to 2.69x through the Projection Period.

⁸⁰ According to data collected by Airlines for America in December 2023, 2.0 percent of passenger airline operating expenses went to landing fees and 4.9 percent went to non-aircraft rents and ownership.

NOTES:

PFC - Passenger Facility Charge

- Estimated FY 2024 values are actual for 12 months ending June 2024, including accruals, but not including adjustments. FY 2024 information reflects data used for purposes of the analysis included in this Report. As of the date of this Report, the County's estimated FY 2024 coverage on Senior Obligations is 4.11x.
- The calculation of the rate covenant pursuant to Section 6.04(a) includes only the items for which a transfer was required during the Fiscal Year. As used in the Indenture, the term "Transfer" means with respect to a Fiscal Year (a) the amount in the Capital Improvement Fund on the last Business Day of such Fiscal Year plus (b) any amounts withdrawn from the Capital Improvement Fund during such Fiscal Year to pay Operating Expenses and to make any required payments or deposits to pay or secure the payment of Obligations less (c) any amounts credited to the Capital Improvement Fund from the Revenue Fund during such Fiscal Year.

2024 Report

APPENDIX B

ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDED JUNE 30, 2024

The finances of the Airport System are reported as an “enterprise fund” in the Annual Comprehensive Financial Report of the County. The Annual Comprehensive Financial Report also contains information with respect to the County’s General Fund, other enterprise funds, and other funds. The principal, or redemption price, of and interest on the Series 2025 Bonds are payable solely from the Trust Estate pledged for the payment thereof, and the inclusion of information relating to the General Fund, other enterprise funds, and other funds in the Annual Comprehensive Financial Report of the County does not create any implication that any of such other funds are available for payment of the Series 2025 Bonds.

To the Members of the Board of Supervisors and Citizens of Sacramento County
Sacramento, California

The Annual Comprehensive Financial Report (ACFR) of the County of Sacramento (County) for the fiscal year ended June 30, 2024, is hereby submitted in compliance with Sections 25250 and 25253 of the Government Code of the State of California. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the County. To the best of our knowledge and belief, the County's financial statements are accurate in all material respects and presented as of and for the fiscal year ended June 30, 2024. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

The ACFR is presented in four sections: introductory, financial, statistical, and bond disclosures. The introductory section includes this transmittal letter, a copy of the Fiscal Year Ended June 30, 2023 Certificate of Achievement for Excellence in Financial Reporting awarded by the Government Finance Officers Association of the United States and Canada, the County's organizational chart, a list of public officials, and acknowledgment section. The financial section includes the independent auditor's report on the basic financial statements, the Management's Discussion and Analysis (MD&A) of the County's overall changes in financial position, the audited basic financial statements, note disclosures, and combining and individual nonmajor fund financial statements and schedules to provide readers with a comprehensive understanding of the County's financial activities. This letter is designed to complement the County's MD&A and should be read in conjunction with it. The County's MD&A, which is unaudited, can be found on pages 5 - 24 of this report. The statistical section, also unaudited, includes selected financial and demographic information, generally presented on a multi-year basis.

PROFILE OF SACRAMENTO COUNTY

Sacramento County was incorporated in 1850 as one of the original 27 counties of the State of California. The County's largest city, the City of Sacramento, is the seat of government for the State of California and also serves as the County seat. Sacramento became the state capital in 1854.

The County encompasses approximately 994 square miles in the middle of the 400-mile long Central Valley, which is California's prime agricultural region. The County is bordered by Contra Costa and San Joaquin Counties on the south, Amador and El Dorado Counties on the east, Placer and Sutter Counties on the north, and Yolo and Solano Counties on the west. The County extends from the low delta lands between the Sacramento and San Joaquin Rivers north to about ten miles beyond the State Capitol and east to the foothills of the Sierra Nevada Mountains. The southernmost portion of Sacramento County has direct access to the San Francisco Bay.

The geographic boundaries of the County include seven incorporated cities: Sacramento, Folsom, Galt, Isleton, Citrus Heights, Elk Grove and Rancho Cordova. Each of these cities contributes a rich and unique dimension to the Sacramento County region.

The County has a charter form of government. It is governed by a five-member Board of Supervisors (Board), who are elected on a non-partisan basis to serve four-year terms. Each is elected from one of the five supervisorial districts of the County. Supervisors from District 1, District 2, and District 5 are elected in gubernatorial election years (2026, 2030, etc.), while supervisors from District 3 and District 4 are elected in presidential election years (2024, 2028, etc.). District boundaries are adjusted after every federal census to equalize district population.

Other elected officials include the Assessor, District Attorney and Sheriff. A County Executive appointed by the Board of Supervisors runs the day-to-day business of the County.

The County provides a full range of services including public protection, construction and maintenance of all public facilities, waste management, water, parks maintenance and operations, health and human services, human assistance, child, family and adult services, planning, tax collection, elections, airports and many others. Supporting the delivery of County-wide services are several departments and agencies. The financial reporting entity of the County includes all the funds of the primary government (i.e., County of Sacramento as legally defined), as well as all of its component units, if applicable. Component units are legally separate entities for which the primary government is financially accountable.

Blended component units, although legally separate entities, are, in substance, part of the primary government's operations and are included as part of the primary government. Accordingly, these blended component units are accounted for in the governmental funds, enterprise funds, and fiduciary component unit as disclosed in the notes to the accompanying financial statements.

ECONOMIC CONDITION AND OUTLOOK

At the national level, the economy continues to expand at a moderate rate, with Gross Domestic Product (GDP) increasing at an annual rate of 2.8 percent for the second quarter of 2024, up from 1.4 percent in the first quarter. In a report from the U.S. Bureau of Economic Analysis, retail trade, construction, finance and insurance, and health care and social assistance were the leading contributors to growth in real GDP nationally. According to the U.S. Bureau of Labor Statistics, the Consumer Price Index for All Urban Consumers increased at an annual rate of 3.0 percent before seasonal adjustments for the twelve months ended on June 30, 2024.

Housing Market

The U.S. Census Bureau and U.S. Department of Housing and Urban Development jointly reported that nationally housing starts in June 2024 increased 3.0 percent from May 2024 and were 4.4 percent below the June 2023 level. Permits for new construction in June 2024, a sign of future demand, have increased 3.4 percent from May 2024 nationally, but are 3.1 percent below the June 2023 rate. Within the Sacramento Metropolitan Statistical Area, housing starts were up 24.3 percent for the twelve month ending June 2024 according to the Federal Reserve Bank Economic Data.

Active listings increased 36.7 percent nationally over the last year, according to a report from Realtor.com, while the total inventory of unsold homes increased by 22.4 percent. The median price of homes for sale in June 2024 remained stable nationally compared with June 2023, however, the median price per square foot grew by 3.4 percent, indicating that the inventory of smaller and more affordable homes has grown in share. Homes spent 45 days on the market in June 2024, compared to the average 43 days during June 2023. In California, June's statewide median home price was \$900,720, down 0.8 percent from May and up 7.5 percent from and adjusted price of \$837,850 in June 2023.

According to the Federal Reserve Bank of St. Louis, the House Price Index (HPI), a broad measure of the movement of single-family property prices, in the Sacramento, Roseville, and Folsom Metropolitan Statistical Area (MSA) was 403.06 in the first quarter of 2024, an increase from 378.77 in the first quarter of 2023. According to a recent report from the California Association of Realtors, the median home price within Sacramento County was \$560,000 as of June 2024, a 5.36 percent decrease over the prior year. The month-to-month numbers reflect a slight increase in the average home sale price from \$550,000 in May 2024 to \$560,000 in June 2024 reflecting a 0.9 percent increase in values.

In FY 2023-24, the County's property tax assessment roll increased by 7.43 percent, following an increase of 8.0 percent in FY 2022-23. This is the eleventh annual consecutive increase since FY 2012-13. The County is expecting growth of 5.18 percent in FY 2024-25 property taxes, which are based on assessed values as of January 1, 2024. The recent growth in assessed values is due to a combination of factors, including sustained increase in average home prices over the last few years and ongoing new housing development and construction projects.

Labor Market

According to the Bureau of Labor Statistics, the national unemployment rate was 4.3 percent in June 2024, and increase from 3.8 percent in June 2023. The number of jobs added to nonfarm payroll from May 2024 to June 2024 was 206,000. Notable employment gains in June 2024 occurred in government, healthcare, social assistance, and construction. Both the unemployment rate, at 4.3 percent, and the number of unemployed person, at 6.8 million, changed little in June 2024.

The unemployment rate in the Sacramento, Roseville, and Arden-Arcade MSA was 4.7 percent in June 2024, up from 3.9 percent in May 2024, and 4.4 percent at June 2023. Between June 2023 and June 2024, total jobs in the region increased 2.4 percent, or 26,100 jobs, primarily in the areas of public and private education, health services, social assistance, government, and construction.

Tax Abatements

The County currently offers two types of assessment that meet the tax abatement criteria. The tax abatements, justification and economic benefit are as follows:

Williamson Land Conservation Act which the County offers to restrict the usage of specific parcels to preserve agricultural and other open space lands. The economic impact is approximately \$1,128,000 of abated revenue per year.

Mills Act which the County offers to promote the restoration and preservation of qualified historic buildings by private property owners. This requires the building owners maintain its historic character and to use it in a manner compatible with its historic features. The future economic impact is approximately \$50,000 of abated revenue per year.

LONG-TERM FINANCIAL PLANNING

Recognizing that expenditure and revenue decisions made in one year can have a significant effect on the resources that will be available to fund General Fund programs in future years, but also recognizing the difficulties in predicting future year economic and fiscal conditions, County staff prepares a Multi-Year Sensitivity Analysis that estimates what the impact could be on the General Fund's fiscal condition under three different scenarios: a Baseline Scenario, that staff believes is the most realistic scenario to use for planning purposes, and More Conservative and More Optimistic Scenarios. Each of the scenarios makes different assumptions about what the General Fund's discretionary revenue and Net County Cost will be through FY 2031-32, with the following estimated results:

- The *Baseline Scenario* shows projected Net County Cost exceeding discretionary revenues until FY 2026-27 and then again in FY 2029-30. Under this scenario, the General Fund's unrestricted fund balance is projected to remain between \$205 million and \$275 million throughout the forecast period.
- Under the *More Conservative Scenario*, Net County Cost is projected to exceed discretionary revenues throughout the forecast period. The projected unrestricted fund balance would continue to decline throughout the forecast period, with a negative fund balance beginning in FY 2030-31. As a practical matter, the County would begin making significant reductions in General Fund programs earlier in the forecast period to ensure the unassigned fund balance would not become negative.
- Under the *More Optimistic Scenario*, discretionary revenues are projected to exceed Net County Cost beginning in FY 2026-27 through the end of the forecast period. And the projected unrestricted fund balance at the end of FY 2031-32 would increase to approximately \$700 million.

The wide range of projected results in each of the three scenarios illustrates the sensitivity of the projections to the assumptions used in developing them. Additionally, future circumstances may vary widely from the assumptions made in developing these projections for a wide variety of reasons, with actual results falling outside the projection range.

In addition to a General Fund Sensitivity Analysis, each year County staff prepares a multi-year Capital Improvement Plan (CIP) and a Technology Improvement Plan (TIP) for consideration by the Board of Supervisors. The most recent CIP and TIP was approved by the Board in June 2024 and identified capital and technology needs through FY 2028-29.

RELEVANT FINANCIAL POLICIES

The Board of Supervisors has adopted two policies that provide key budget guidance:

General Reserves Policy

General Reserves Level Goal:

The County's goal is to have the combined balance of the General Reserves, Reserve for Cash Flow, and Service Stability Reserve equal to 17.0 percent of total General Fund revenues. In accordance with State law, except in cases of a legally declared emergency, General Reserves or Service Stability Reserve may only be cancelled or decreased at the time of budget adoption. In addition to emergencies, in times of fiscal stress these funds can be used to help balance the General Fund budget as part of a plan to achieve structured balance. Any plan to achieve structural balance should include a provision to replenish the General Reserves or Service Stability Reserve to the 17.0 percent level.

General Reserves Funding Policies:

- For the County's Recommended Budget, after funding base budget expenditures and any new obligations, the Reserve Policy call for making an required contribution to maintain the General Reserve at 10 percent of the discretionary revenues and depositing a minimum of 25 percent of any remaining discretionary resources to the Service Stability Reserve until the Reserve Target is reached.
- For the Revised Recommend Budget, after funding any changes in base budget requirements or new obligations, adjusting required contributions to the General Reserve, and funding enhanced programs and services prioritized in the Recommended Budget, the Reserve Policy calls for depositing any remaining discretionary resources in the Service Stability Reserve.

The FY 2024-25 Adopted Budget complied with this policy by funding the General Reserve at 10 percent of discretionary revenues and depositing remaining discretionary resources, after funding the expenditures identified above, in the Service Stability Reserve.

General Fund Contingency Policy

The General Fund Contingency Policy recognizes that departments in the General Fund are subject to the risk of unplanned, unavoidable expenditures during the year and that a pooled General Fund contingency is an efficient way to provide a form of “insurance” against these risks and avoid disruption to important services. The Contingency Policy specifies:

- Contingency Size: During the annual budget process, the County Executive will recommend an amount for contingency based on expectations for the potential of unplanned, unavoidable costs in the normal course doing business during the upcoming budget year.
- Acceptable Uses of Contingency: The contingency is intended to be used for unplanned, unavoidable expenditures incurred in the ordinary course of doing business.
- Authority to Use the Contingency: Any potential use of contingency must be coordinated with the Office of the County Executive, with recommendation to the Board in the form of an Appropriation Adjustment Request, which would require a four-fifths vote for approval.

County Budget Priorities

The following are the Board’s Budget Priorities for the use of discretionary resources in order of priority:

1. Complying with the County’s legal, financial, regulatory and policy obligations, including providing mandated services, ensuring collection of revenues, and complying with the General Reserves policy.
2. Optimizing the use of County Resources, with budgeted service levels for County Programs informed by community priorities, improving effectiveness and efficiency where possible, and limiting the extent to which reductions in dedicated revenue are backfilled with discretionary resources.
3. Funding new or enhanced programs that focus on the most critical and urgent needs, with the following priority focus areas identified in a survey of County residents:
 - A Countywide focus area of addressing homelessness and its impacts, including housing, mental health and substance use.
 - An unincorporated focus area of improving the condition of streets and roads.

MAJOR INITIATIVES

In the FY 2024-25 budget, Sacramento County is implementing or continuing a number of initiatives in each of the major functional areas of Social Services, Community Services, Public Safety and Justice, Administrative Services and General Government.

Social Services: Major Initiatives in County Social Services departments include:

- Continued expansion of outreach, shelter and re-housing supports to address homelessness, including opening a third Safe Stay community and implementation of the Landlord Engagement and Assistance Program (LEAP).
- Continued build-out of the behavioral health continuum of care for justice involved populations, including building out 2 new THRIVE outpatient programs and adding 200 THRIVE Full-Service Partnership (FSP) slots.
- Expansion of behavioral health housing and shelter supports for unsheltered residents, including building out 247 Behavioral Health Bridge Housing units and 3 new permanent supportive housing sites.
- Expanding the continuum of placement options for foster youth through increased family engagement and the development of more intensive placement settings with comprehensive behavioral health supports.
- Implementation of Public Health’s Community Health Improvement Plan (CHIP) and the Edible Food Recovery Program (SB 1343).
- Continued development and phase one implementation of the Social Health Information Exchange (SHIE).
- Development of the Local Aging and Disability-Friendly Action Plan (LADAP), aiming to foster inclusivity, equity, and support for the aging

community and those with disabilities.

Community Services: Major initiatives in Community Services departments include:

- SMForward, a \$1.3 billion expansion project at Sacramento International Airport, including a new pedestrian walkway, terminal expansions, a new parking garage, a consolidated ground transportation center, and a new rental car facility.
- Substantial investment in County road maintenance, including additional funding for road paving associated with utility projects.
- Development and adoption of the Communitywide Climate Action Plan.
- Continued implementation of organic waste collection in compliance with new State law.
- Retooling the development review process.
- Streamlining the Building Permit process.

Public Safety and Justice: Major initiatives in the Public Safety and Justice area include:

- Relationship and trust building with communities affected by law enforcement.
- Meeting the County's obligations under the Mays Consent Decree related to conditions of confinement in the County's jails, including alternatives to incarceration.
- Criminal Justice System County-wide mapping and data sharing.

Administrative Services and General Government: Major initiatives in the Administrative Services area and General Government include:

- Continuing a multi-year implementation of a new property tax system.
- Additional funding for sustainability capital projects at County Facilities.
- Enhanced staffing and equipment in the County's Emergency Operations Center.
- Countywide diversity, equity and inclusion (DEI) cultural transformation.
- Organization culture change initiative.

DEPARTMENT FOCUS

Each year, we select activities or functions of the County to highlight particular successes or accomplishments. For FY 2023-24, we have selected the following activities:

Airports

- Sacramento County Department of Airports became the first airport in the nation to advance to the "creditworthiness" stage of the Transportation Infrastructure Finance and Innovation Act (TIFIA) process, a federal program that provides low-cost loans to eligible infrastructure projects. The Department intends to use more than \$32 million in TIFIA proceeds to finance a portion of the new Pedestrian Walkway connecting Terminal B to Concourse B, a key component of the Departments SMForward Capital Program. These low interest loans will save the airport nearly \$900,000 per year in debt payments versus traditional financing methods.
- The Greater Sacramento Economic Council awarded the Sacramento County Department of Airports with its annual Competitiveness Award. This recognition is given to organizations that make significant contributions to the Greater Sacramento region by developing strategies, programs, and policies that drive tradable-sector economic development and position the region favorably against competitor markets.

Community Development

- Completed the County's Climate Action Plan Environmental Impact Report.

Child Support Services

- Improved accessibility and efficiency by streamlining processes and providing innovative ways to reach customers. The Department implemented several on-line service tools to simplify processes for customers opening cases, modifying orders, and allowing for the use of text messaging and DocuSign when conducting business.

Homeless Services and Housing

- Opened Sacramento County's first two Safe Stay Communities, which provide on-site services, security, and re-housing services to people experiencing unsheltered homelessness and reduce the impacts of unsheltered homelessness on nearby communities.

Office of Emergency Services

- Worked with contractors and community partners to develop 35 evacuation zone maps in nine languages, 32 livestock evacuation maps, and three public-facing evacuation websites. Emergency Services also created an instructional video detailing how to use the Evacuation Preparedness webpage, ran five multi-media campaigns to educate and prepare residents on wildfire safety and evacuations, and produced a video explaining the use of the Hi-Lo siren that alerts the public to evacuate immediately.

Health Services

- A Community Health Assessment (CHA), which provides data that assists with identifying priority issues affecting health in Sacramento County, was released in October 2023. The Sacramento County Community Health Improvement Plan (CHIP), which is a community-led 5-year action plan aimed to coordinate efforts and target resources to address root causes of health inequities in Sacramento County, was released in February 2024.
- Sacramento County Primary Health's Federally Qualified Health Center earned three Community Health Center Quality Recognition (CHQR) badges from the federal agency Health Resources and Services Administration to recognize the County's efforts as an Access Enhancer, Health Disparities Reducer, and in Advancing Health Information Technology for Quality. These awards recognize the Health Center's efforts in quality improvement achievements, improved access to care, and improved patient outcomes.

Probation

- Opted into Vera's Initiative to End Girls Incarceration (EGI), which focuses on prevention and early intervention efforts to divert youth from the juvenile justice system and prevent further involvement, when possible, with funding and support from the Vera Institute of Justice and the California Office of Youth and Community Restoration (OYCR). Probation is taking a deep dive into local data, identifying system and programming gaps, and implementing policy and programming solutions to meaningfully reduce incarceration of girls and gender expansive youth.
- Established the Department's Mental Health Unit (MHU) to serve individuals granted pretrial mental health diversion by the Superior Court

pursuant to section 1001.36 of the Penal Code. The provisions were established to increase diversion of individuals with mental disorders to mitigate the individuals' entry and reentry into the criminal justice system while protecting public safety. Dedicated to supporting individuals with behavioral health needs, the MHU manages court-determined supervision levels and offers a comprehensive range of services.

Sheriff

- In early 2024, the Reentry Services Unit at Rio Cosumnes Correctional Center presented to key legal and behavioral health stakeholders, establishing a groundbreaking partnership with the court system. This collaboration aims to integrate pre-trial inmates into the Reentry Services program, which offers an in-custody Residential Substance Abuse Treatment as an alternative to lengthy out-of-custody rehabilitation waitlists. The program has successfully admitted about 40% of court-referred individuals, reducing both wait times and potential jail stays. By addressing the challenges of working with Pre-Trial inmates, this innovative approach could serve as a model for other counties and help reduce recidivism.

Voter Registration and Elections

- Launched a self-service web application called My Voter Portal (MVP), which provides Sacramento County voters the ability to verify their registration, determine their districts, find their nearest Vote Center or Official Ballot Drop Box, and confirm their ballot status. Voters can use MVP to update their language preference, request a replacement ballot, and review their voting history from the comfort of home. MVP also provides voters with accessible versions of their County Voter Information Guide and direct access to the Remote Accessible Vote by Mail system, which allows voters to mark, print, and mail their ballot securely from anywhere in the world.

FINANCIAL INFORMATION

County management is responsible for establishing and maintaining internal controls designed to ensure that the assets of the County are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. Internal controls are designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) choices between these two concepts often require estimates and judgments by management.

The County's accounting records for governmental funds are maintained on the modified accrual basis of accounting. This essentially involves the recording of revenues when they become measurable and available and the recording of expenditures when the goods and services are received and the related liability incurred. Accounting records for the County's Proprietary Funds and Fiduciary Funds are maintained on the accrual basis of accounting.

Single Audit

As a recipient of Federal and State financial assistance, the County is also responsible for ensuring that adequate internal controls are in place to ensure compliance with applicable laws and regulations related to those programs. Internal controls are subject to periodic evaluation by management and the Department of Finance's Auditor-Controller Division's internal audit staff. The FY 2023-24 Single Audit will be issued under a separate cover and will be available by contacting the Department of Finance, Auditor-Controller Division, by March 31, 2025.

Budgeting Controls

In addition to accounting controls, the County maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Board of Supervisors. The County prepares and adopts a budget for each fiscal year in accordance with the provisions of Sections 29000 through 29144 of the Government Code and other statutory provisions. All County

departments are required to submit their annual budget requests for the ensuing year. The County Executive Office reviews each request and a budget is presented to the Board of Supervisors. This budget reflects, as nearly as possible, the estimated revenues and expenditures for the upcoming year.

The budget is made available for public inspection through a public notice. On the dates stated in the notice, the Board of Supervisors conducts public hearings on the budget and at the conclusion of the hearings makes a final determination thereon. The budget, which includes the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Projects Funds, is adopted no later than October 2. Because the final budget must be balanced, any shortfalls in revenue require an equal reduction in anticipated expenditures. The following funds are not subject to the California Budget Act, thus do not have a legally adopted budget: 1) Inmate Welfare Special Revenue Fund; 2) Tobacco Securitization Authority of Northern California Debt Service Fund; 3) Sacramento County Public Financing Authority Debt Service Fund; and 4) Improvement Bond Act of 1911 Capital Projects Fund.

The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the object level of all budgetary units except for capital assets, which are controlled at the sub-object level. The expenditure portion of the budget is enacted into law through the passage of an appropriation resolution. This resolution constitutes maximum spending authorization for the fiscal year. It cannot be exceeded except by amendment of the budget by the Board. During FY 2023-24, amendments were made to the final adopted budget. The budget data reflected in this ACFR includes the effect of all approved budget amendments.

Cash Management

Cash temporarily idle during the year was invested in money market mutual funds, negotiable certificates of deposit, time certificates, commercial paper, Washington supranationals, and U.S. Treasury and Agency investments. The average yield on investments during FY 2023-24 was 4.69 percent. The yield for a one-year Constant Maturity U.S. Treasury Note during the same period was 5.16 percent.

The County Pooled Investment Fund Policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. All collateral on deposits was held either by the County, its agents, or a financial institution's trust department in the County's name.

Risk Management

The County self-insures for liability/property', workers' compensation, unemployment and dental insurance claims. Self-insurance transactions are accounted for in internal service funds. It is the County's policy to fund current self-insurance liabilities for governmental funds by making provisions in the budget of the succeeding year. Proprietary fund premium charges are expensed in the year incurred.

OTHER INFORMATION

Independent Audit - Section 25250 of the Government Code requires an annual audit by independent certified public accountants. The firm of Macias Gini & O'Connell LLP was selected by the County to meet this requirement. The independent auditor's report on the basic financial statements is included in the financial section of this report.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting (Certificate of Achievement) to the County for its annual comprehensive financial reports for each of the last 35 fiscal years. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, the County must publish an easily readable and efficiently organized annual comprehensive financial report, the contents of which must conform to program standards. Such a report must satisfy both generally accepted

accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another Certificate of Achievement.

Acknowledgments

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Department of Finance, and the cooperation and assistance of the County Executive Office and all County departments. We would like to commend the Board of Supervisors for its interest, support, and leadership in planning and conducting the financial operations of the County in a responsible and transparent manner.

Respectfully submitted,

ANNUAL COMPREHENSIVE FINANCIAL REPORT

FINANCIAL SECTION

Independent Auditor's Report

Honorable Board of Supervisors
County of Sacramento, California

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Sacramento, California (County), as of and for the fiscal year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the budgetary comparison for the General Fund for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Sacramento County Employees' Retirement System (SCERS), a fiduciary component unit, which represent 64.8% of the assets, 65.2% of the fund balances/net position, and 7.1% of the revenues/additions of the aggregate remaining fund information as of June 30, 2024. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for SCERS, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the retirement plan - schedule of proportionate share of the net pension liability, the retirement plan - schedule of contributions, and the other postemployment benefits (OPEB) - schedule of changes in the total OPEB liability and related ratios be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section, statistical section, and bond disclosures but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 3, 2024, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

FINANCIAL SECTION

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)

(dollar amounts expressed in thousands unless otherwise noted)

This section of the County of Sacramento's (County) comprehensive financial report presents a discussion and analysis of the County's financial performance during the fiscal year ended June 30, 2024. Please read it in conjunction with the transmittal letter at the front of this report and the County's basic financial statements following this section.

FINANCIAL HIGHLIGHTS

The assets and deferred outflows of resources of the County exceeded liabilities and deferred inflows of resources at the close of fiscal year (FY) 2023-24 by \$3,131,985 (net position). Of this amount, \$1,227,601 is restricted for specific purposes (restricted net position), and \$2,856,949 is the County's net investment in capital assets. The County's total net position increased by \$482,648 during the current fiscal year.

As of June 30, 2024, the County governmental funds reported combined fund balances of \$1,484,125 for an increase of \$53,528, in comparison with the prior fiscal year. Total amounts available for spending include restricted, assigned, and unassigned fund balances, which totaled \$1,429,658 (96.3 percent), of the ending fund balance. Of this amount, \$1,103,351 is restricted by law, enabling legislation, or externally imposed requirements. Total fund balance for the General Fund decreased \$(11,372) to \$756,167, which equates to 23.3 percent of total General Fund expenditures for the current fiscal year.

At the end of the fiscal year, assigned fund balance for the General Fund was a positive \$161,282 or 5.0 percent of total General Fund expenditures. Unassigned fund balance was \$165,025 or 5.1 percent of total General Fund expenditures. Restricted fund balance was \$375,393 or 11.5 percent of total General Fund expenditures.

The County's investment in capital assets increased by \$94,086 or 2.1 percent in comparison with June 30, 2023.

The County's total long-term obligations had a net decrease of \$162,317 in comparison with June 30, 2023. This net decrease was comprised of a decrease of \$393,580 and an increase of \$231,263 in long-term obligation activities. The decrease resulted primarily from scheduled principal retirements of revenue bonds, certificates of participation, teeter notes, and refunding of pension obligation bonds. The increase resulted primarily from the additions of compensated absences, Teeter note, and additions to a revolving line of credit.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements comprise three components 1) **Government-wide** financial statements; 2) **Fund** financial statements and 3) **Notes** to basic financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all County assets and deferred outflows of resources and liabilities and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses

are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or in part a portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and recreation and culture. The business-type activities of the County include the Department of Airports (Airports), Solid Waste, Water Agency, Parking Enterprise and County Transit.

Blended component units are included in the County's basic financial statements and consist of legally separate entities for which the County is financially accountable and/or that have substantially the same board as the County or provide services entirely to the County. Examples are County Service Area Number One; Water Agency; Sacramento County Groundwater Sustainability Agency; Sunrise, Carmichael, and Mission Oaks Recreation and Park Districts. The Tobacco Securitization Authority of Northern California (Tobacco Authority) is a public entity legally separate and apart from the County, and is considered a blended component unit of the County due to the operational relationship between the Tobacco Authority and the County. The liabilities of the Tobacco Authority belong solely to it, and the County is in no way responsible for those liabilities. The Sacramento County Public Financing Authority (PFA) is a public entity created by a Joint Exercise of Powers Agreement effective as of November 2003 between Sacramento County and the Sacramento Housing and Redevelopment Agency (Agency). The PFA is a public entity legally separate and apart from the County, and is considered a blended component unit of the County due to the operational relationship between the PFA and the County. The liabilities of the PFA belong solely to it, and neither the County nor the Agency are in any way responsible for those liabilities. The Public Facilities Financing Corporation (Corporation) was created by the County for the purpose of facilitating the financing of public projects within the County. For financial reporting purposes leases between the County and the Corporation have been eliminated and the financial data of the Corporation has been included within the County's reporting entity and is accounted for in a debt service fund. The Sacramento County Employees' Retirement System (SCERS) is a public entity legally separate from the County and is considered a fiduciary component unit of the County due to governing board control and financial burden due to employer contributions. The Metro Air Park Enhanced Infrastructure Financing District is a public entity legally separate and apart from the County, and is considered a blended component unit of the County due to governing board control. Community Facility Districts (CFD) are also blended component units of the County due to the governing board being substantially the same, and due to a financial benefit from the construction of various assets within the Capital Projects Funds. The debts associated with the CFDs belong to the CFD, therefore none of the debt is reflected within these Financial Statements. The County also acts as the agent for the property owners in regards to these CFDs, which means the County reports the collection and payments of assessments to the bondholders in Custodial Funds. Examples are Laguna Stonelake CFD No. 1; Laguna Creek Ranch/Elliott Ranch No. 1 Improvement Area No.1 and No.2; and Metro Air Park CFD.

First 5 Sacramento Commission (Commission) is reported as a discretely presented component unit. Although the County Board of Supervisors (Board) has no control over the revenues, budgets, staff or funding decisions made by the Commission, the appointed Commission members serve at the will of the Board members who appoint them.

The government-wide financial statements can be found on pages 25 - 28 of this report.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: *governmental funds, proprietary funds and fiduciary funds.*

Governmental funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in

evaluating a county's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 42 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General Fund. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements*.

The governmental funds financial statements can be found on pages 29 - 32 of this report. The General Fund statement of revenues, expenditures and changes in fund balance budget and actual statement is found on pages 33 - 34 of this report.

Proprietary funds are maintained two ways. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses enterprise funds to account for the Airports, Solid Waste, Water Agency, Parking Enterprise, and County Transit operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its liability/property self-insurance; telecommunication and information technology support; workers' compensation self-insurance; other self-insurance for unemployment claims and dental claims; regional radio communications; and centralized services provided by the Department of General Services. Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. Airports, Solid Waste and Water Agency operations are considered to be major enterprise funds of the County. The County's six internal service funds are combined into a single, aggregated presentation in the proprietary funds financial statements. Individual fund data for the internal service funds is provided in the form of *combining statements*.

The proprietary funds financial statements can be found on pages 35 - 41 of this report.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs. Fiduciary funds report the Pension Trust Fund, Investment Trust Fund, Private-Purpose Trust Fund, and Custodial Funds.

The fiduciary fund financial statements can be found on pages 42 - 44 of this report.

Notes to Basic Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes can be found on pages 45 - 145 of this report.

The combining and individual fund statements and schedules referred to earlier provide information for nonmajor governmental, enterprise, internal service, and custodial funds, and can be found on pages 153 - 227 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$3,131,985 at the close of the most recent fiscal year (see Condensed Statement of Net Position and analysis on page 9).

The County is allocated a proportion of the Sacramento County Employees' Retirement System (SCERS) pension plan net pension liability. The Net Pension Liability (NPL) is equal to the difference between the total pension liability and the pension plan's fiduciary net position. The pension plan's fiduciary net position includes the fair value of plan investments. The County's proportionate share of the SCERS NPL increased by \$213,770 in FY 2023-24 to \$1,780,016, primarily due to unfavorable investment return (about \$92 million less than expected) during the measurement period of FY 2022-23. Deferred outflows and inflows of resources related to pensions represent a net amount attributable to the various components that impact pension changes, and can include investment changes, amortization, changes due to actuarial assumptions, differences between expected and actual experience, and also contributions to the plan made subsequent to the liability's measurement date. Deferred outflows of resources related to pensions increased by \$230,143 in FY 2023-24 to \$798,686. Deferred inflows of resources related to pensions decreased by \$35,996 in FY 2023-24 to \$141,788.

Governmental activities increased the County's net position by \$318,969, from \$857,258 to \$1,176,227 in the current fiscal year. The County's long-term liabilities (excluding pension and OPEB) decreased by \$155,381, capital assets decreased by \$6,842, and current and other assets increased by \$72,268. The County's improvement in net pension related items totaled \$51,484 and total OPEB related items improved \$5,473. The changes in capital assets and long-term liabilities are discussed in the Capital Assets and Debt Administration section of the Management's Discussion and Analysis (MD&A).

Business-type activities increased the County's net position by \$163,679 to \$1,955,758 in the current fiscal year. See page 16 for additional comments on changes to enterprise funds net position.

Condensed Statements of Net Position
June 30, 2024 and 2023
(amounts expressed in thousands)

Unrestricted	(1,455,093)	(1,674,686)	502,528	442,275	(952,565)	(1,232,411)
Total net position	<u>\$ 1,176,227</u>	<u>857,258</u>	<u>1,955,758</u>	<u>1,792,079</u>	<u>3,131,985</u>	<u>2,649,337</u>

Net Position. The largest portion of the County's net position totaling \$2,856,949, reflects its net investment in capital assets (e.g. land and easements, structures and improvements, infrastructure, right-to-use assets, and equipment plus deferred outflows of resources less deferred inflows of resources related to debt, net of depreciation/amortization and less any related debt used to acquire those assets that is still outstanding). Total net investment in capital assets is comprised of \$1,573,696 for governmental activities and \$1,283,253 for business type activities. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The \$37,575 increase in governmental activities and \$62,763 increase in business type activities in net position from the net investment in capital assets represents capital acquisitions and deletions, less current year depreciation/amortization, and the addition and/or retirement of related long-term debt. Capital asset additions, net of construction in progress transfers totaling \$360,483 which is comprised of an increase in governmental activities of \$162,933 and \$197,550 in business type. The increase in governmental was related primarily to infrastructure (roads and road improvements), additions to equipment, and additions of the right-to-use assets due to new leases and SBITA arrangements. The increase in business type was primarily caused by Airport due to expansion and renovation of both terminals. Solid Waste improved the Keifer Landfill Liner and Lechate System as well as site improvements to North Area Recovery Station. Water Agency Enterprise Fund completed several structural improvement projects, pipe realignment and meter installation projects. Other business type increases can be attributed to additions to equipment and right-to-use assets due to new lease arrangements entered. Additionally, the County recorded depreciation/amortization of \$264,925 against its assets in the current fiscal year, which is comprised of \$168,759 in governmental activities and \$96,166 in business-type activities.

Another significant portion of the County's net position totaling \$1,227,601 is restricted and represents resources that are subject to external restrictions on how they may be used. The makeup of the restricted net position between governmental activities and business-type activities is \$1,057,624 and \$169,977, respectively. The major categories of restricted net position are bond reserves \$46,881, capital projects \$229,057, health and sanitation programs \$180,523, public protection \$198,802, public assistance \$113,476, passenger facility charges \$62,986, transportation programs \$245,909, economic development programs \$44,969, and general government programs \$19,438. The County's restricted net position increased by \$102,464 from the prior year restricted net position amount of \$1,125,137. The increase in comprised of \$61,801 for governmental activities which is primarily due to timing of revenues and expenses relating to road and roadway projects, while the business-type activities increased \$40,663 which is primarily due to increased passenger facility and customer facility charges due to higher passenger counts within the Sacramento international airport.

The remaining balance of total net position, a negative \$952,565 is unrestricted which consist of \$(1,455,093) for governmental and \$502,528 for business type. Unrestricted net position increased by \$279,846 resulting from an increase of \$219,593 in governmental and \$60,253 in business type from the prior year. The increase in Governmental activities is primarily the result of increased tax revenues from higher assessed values and investment earnings due to favorable market conditions, and the aforementioned net changes in pension and OPEB related items. The business type increase was primarily due to increased charges for services due to increased capacity charges of \$22 million within the water enterprise fund due to increased development, increase charges for services of \$18.1 million in airports from increased terminal rents due to rate increases, and an increase of \$11.9 million in investment earnings due to favorable market conditions.

The County's total net position increased by \$482,648 during the current fiscal year, which results in an increase of 18.2 percent of total net position from prior year.

Revenues. When compared to the prior year, government-wide revenues increased approximately \$163,291 (3.7 percent), which are increases of \$97,567 in governmental activities and \$65,724 in business-type activities. Program revenues for governmental activities increased by \$36,754 mostly due to an increase in charges for services of \$30,896 (6.8 percent) and an increase of operating grants and contributions of \$48,282 offset with an decrease in capital grants and contributions of \$42,424. The increase in charges for services is due to voluminous amount of small increases spanning from various road projects, opioid settlements, and other items, while the increase in operating grants and contributions is due to an increase governmental funding for law enforcement and mental health services. The reduction of capital grants and contributions is primarily due to reduction of

contributions from property owners while. Total program revenues represent 59.7 percent of the County's funding.

General revenues increased by \$73,287 (4.7 percent) which is comprised of a \$60,813 increase in governmental activities and \$12,474 increase in business type activities. These revenues provide the Board of Supervisors with the most discretionary spending ability. Programs such as public assistance, public protection, and health and sanitation consume most of these resources. The increase in general revenues for governmental activities is due primarily to increases in property taxes revenue of \$34,424 (5.2 percent), and unrestricted investment earnings \$38,973 (60.7 percent) with reasoning for the increases explained in the net position section above. These increases were offset by a decrease in grants and contributions not restricted to a specific program (\$23,231) ((4.0) percent) which is made up of a voluminous amount of small decreases. Total general revenues represent 40.3 percent of the County's funding.

Expenses. As a service delivery entity, the County's major cost component is salaries and benefits. The average full-time equivalent (FTE) count for the County (including business-type activities) had a net increase of 352 FTEs from 13,423 in the prior year to 13,775 at June 30, 2024. When compared to the prior year, government-wide expenses increased \$322,064 (8.5 percent) which are increases of \$276,226 for governmental activities and \$45,838 for business-type activities. For governmental activities the following functions provided the most significant increases in expenses in the current year: public protection \$174,656 (16.4 percent); health and sanitation \$129,002 (13.8 percent); and public ways \$11,773 (6.0 percent). These increases are due to changes in payroll cost, other postemployment benefits, pension related items, road related projects/activities, and increased governmental funding in the fiscal year. The table on the following page indicates the changes in net position for governmental and business-type activities.

Analysis of business type revenues and expenses can be found in the enterprise section found starting on page 16 of the MDA.

Condensed Statements of Activities
For the Fiscal Years Ended June 30, 2024 and 2023

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses *fund accounting* to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds are comprised of general, special revenue, debt service, and capital projects funds. Included in these funds are the special districts governed by the Board of Supervisors. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *total fund balance less nonspendable* portion is a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2024, the County's governmental funds reported combined fund balances of \$1,484,125, an increase of \$53,528 in comparison with the prior year's total ending fund balance of \$1,430,597. The components of total fund balance are as follows (for more information, see Note 18 – Fund Balances):

Nonspendable fund balance, \$54,467, are amounts that are not in spendable form or are legally or contractually required to be maintained intact, and are made up of 1) inventories of \$3,025; 2) prepaid items of \$40,033; 3) long-term receivables/advances of \$1,416; 4) legally required Teeter Tax program loss reserves of \$9,331; and 5) Teeter Tax delinquencies of \$662.

Restricted fund balance, \$1,103,351, consists of amounts with constraints put on their use by externally imposed creditors, grantors, contributions, laws, regulations or enabling legislation. Examples of restrictions on funds are those for legislated amounts restricted for 1) health and sanitation of \$173,131; 2) capital projects of \$224,150; 3) public ways and facilities of \$240,506; 4) public protection of \$198,781; 5) debt service of \$60,112; 6) economic development of \$44,969; and 7) public assistance \$113,476.

Assigned fund balance, \$161,282, represents amounts intended for use as determined by the County Board of Supervisors.

Approximately 96.3 percent, or \$1,429,658, of the total fund balances is considered spendable. With the exception of the nonspendable portion totaling \$54,467, \$1,103,351 is available for appropriation for restricted purposes, \$161,282 is assigned for County Board of Supervisors approved uses, and \$165,025 is unassigned.

The increase of \$53,528 in the governmental funds combined fund balance is attributable to a decrease in the General Fund totaling \$(11,372), offset by increases in special revenue funds totaling \$45,669, \$14,994 in the capital project funds, and \$4,237 in the debt service funds.

The General Fund is the principal operating fund of the County. The General Fund's total fund balance decreased by (1.5) percent, or \$(11,372), to \$756,167 at June 30, 2024. The nonspendable portion of fund balance was \$54,467, which is an increase of \$3,646 from the prior year balance of \$50,821 and the spendable portion was \$701,700, a decrease of \$(15,018) from the prior year spendable balance of \$716,718. General Fund revenues increased by \$47,518, while expenditures increased by \$151,666 when compared to FY 2022-23. See analysis beginning on page 14 of significant changes in revenues and expenditures for the General Fund.

As a measure of the General Fund's liquidity, it may be useful to compare both total fund balance and spendable fund balance to total fund expenditures. Total fund balance equates to 23.3 percent of total General Fund expenditures while spendable fund balance equates to 21.6 percent of total General Fund expenditures. Of the General Fund spendable fund balance, \$375,393, or 53.5 percent, is restricted.

Other governmental funds: The total fund balances of the remaining governmental funds increased 9.8 percent, or \$64,900, to \$727,958. Other governmental funds revenues decreased by \$22,024, while expenditures increased by \$6,557. See analysis beginning below for significant changes in revenues and expenditures for other governmental funds.

Revenues for total governmental funds totaled \$3,933,215 in FY 2023-24, which represents an increase of \$25,494 or 0.7 percent from FY 2022-23.

The following table presents the amount of revenues from various sources as well as increases or decreases from the prior year:

Revenues Classified by Source Governmental Funds (amounts expressed in thousands)						
Revenue by Source	FY 2024		FY 2023		Increase/(Decrease)	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent of Change
Taxes	\$ 872,607	22.19 %	839,080	21.47 %	33,527	4.00 %
Use of money and property	101,691	2.59 %	62,866	1.61 %	38,825	61.76 %
Licenses and permits	82,156	2.09 %	72,026	1.84 %	10,130	14.06 %

Charges for sales and services	363,312	9.24 %	346,149	8.86 %	17,163	4.96 %
Fines, forfeitures and penalties	38,772	0.99 %	35,500	0.91 %	3,272	9.22 %
Pledged tobacco settlement	13,790	0.35 %	15,463	0.40 %	(1,673)	(10.82)%
Contributions from property owners			37,239	0.95 %	(37,239)	
Miscellaneous	47,301	1.20 %	35,098	0.90 %	12,203	34.77 %
Total	<u>\$ 3,933,215</u>	<u>100.00 %</u>	<u>3,907,721</u>	<u>100.00 %</u>	<u>25,494</u>	<u>0.65 %</u>

The following provides an explanation of revenues by source that changed significantly over the prior year:

Taxes increased \$33.5 million, of which the General Fund had an increase of \$33.4 million. The increase is primarily due to \$31.2 million increase in property tax revenue due to higher assessed property values.

Use of money and property increased by \$38.8 million primarily due to increased yield in fixed income investment markets and is comprised of increases in the General Fund totaling \$28.7 million and \$10.1 million for other governmental funds.

Licenses and permits increased \$10.1 million in FY 2023-24. The increase is primarily caused by other governmental funds where the increase was \$11.1 million with an decrease in the General Fund of \$1.0 million. The increase in the other governmental funds was primarily caused by the following: \$2.4 million for residential building permits issued due to increased development; \$2.6 million for affordable housing fees due to an initiative to develop affordable housing; and \$2.9 million for food establishment permits.

Intergovernmental revenues decreased \$50.7 million in FY 2023-24. Intergovernmental revenues for the General Fund decreased by \$32.6 million and a decrease of \$18.1 million for other governmental funds. The primary reasons for the decrease in the General Fund is due to the County recognizing decreased revenue from the following services: Proposition 172 \$4.8 million; 1991 & 2011 Realignment \$76.2 million; American Rescue Plan Act (ARPA) \$42.4 million; and \$25.0 million in Housing and Community Development grants. These decreases were offset by increases in Mental Health Services Act revenue of \$66.6 million; \$18.3 million from CalWorks revenues; \$4.9 million from In Home Support Services revenues; and \$26.0 million from various increases in other intergovernmental revenue. The decrease from other governmental funds is primarily caused by a decrease of \$17.3

million in ARPA eligible projects.

Charges for sales and services increased by \$17.2 million. The increase is comprised of an increase of \$9.6 million in the General Fund and an increase of \$7.6 million in other governmental funds. The primary reason for the increase in the General Fund is as follows: \$1.3 million in opioid settlement revenues; \$1.6 million increase due to uptick of various development projects; \$1.1 million for personnel charges for administering self insurance funds; and \$1.7 million for additional Sheriff services provided to Airports and General Services. The primary reason for the increase in other governmental funds is due to the following: \$3.0 million increase in public work service revenues; and \$5.0 million in road projects; and \$2.4 million in various other governmental funds. This increase was offset by a decrease of \$2.8 million in development fees for capital projects.

Contributions from property owners decreased by \$37.2 million due to no new special assessment debt issued within FY 2023-24.

Miscellaneous revenues increased by \$12.2 million, of which the General Fund had an increase of \$9.0 million, while the other governmental funds had an increase of \$3.2 million. The General Fund increase is primarily made of up of a one time repayment of an interfund loan for \$8.3 million. The other governmental funds increase is primarily made of a \$2.2 million settlement agreement for environmental management.

Expenditures for governmental funds totaled \$3,954,337 in FY 2023-24, which represents an increase of \$158,223 or 4.2 percent from FY 2022-23. The following table presents expenditures by function compared to prior year amounts:

Expenditures by Function Governmental Funds (amounts expressed in thousands)						
Expenditures by Function	FY 2024		FY 2023		Increase/(Decrease)	
	Amount	Percent of Total	Amount	Percent of Total	Amount	Percent of Change
Current:						
General government	\$ 226,300	5.72 %	265,652	7.00 %	(39,352)	(14.81)%
Public assistance	823,922	20.84 %	842,654	22.20 %	(18,732)	(2.22)%
Public protection	1,261,983	31.90 %	1,166,694	30.74 %	95,289	8.17 %
Health and sanitation	1,073,048	27.14 %	965,090	25.42 %	107,958	11.19 %
Public ways and facilities	189,480	4.79 %	188,000	4.95 %	1,480	0.79 %
Recreation and culture	61,725	1.56 %	54,014	1.42 %	7,711	14.28 %
Education	1,830	0.05 %	1,617	0.04 %	213	13.17 %
Capital outlay	64,048	1.62 %	58,413	1.54 %	5,635	9.65 %
Debt service:						
Principal	199,946	5.06 %	193,231	5.09 %	6,715	3.48 %
Interest and fiscal charges	52,055	1.32 %	60,117	1.58 %	(8,062)	(13.41)%
Bond issuance costs			632	0.02 %	(632)	
Total	<u>\$ 3,954,337</u>	<u>100.00 %</u>	<u>3,796,114</u>	<u>100.00 %</u>	<u>158,223</u>	<u>4.17 %</u>

The following provides an explanation of the expenditures by function that changed significantly over the prior year:

General Government decreased \$39.3 million with the majority of the decrease in the General Fund. The decrease in the General Fund is primarily due to a legal settlement of \$50 million that was accrued in FY 2022-23. This decrease is primarily offset with an increase in implementation cost of \$8.1 million for a new property tax reporting system. Other governmental funds had a \$3.0 million decrease due to less contributions to external agencies arising from programs funded by ARPA monies of \$8.3 million, which is primarily offset with an increase of \$4.3 million due to timing and completion

of road projects expenditures.

Public protection increased by \$95.3 million. The increase is comprised of an increase in the General Fund totaling \$89.9 million and an increase in other governmental funds totaling \$5.4 million. The increase in the General Fund is primarily due to: 1) \$63.7 million increase in salaries and benefits resulting from Cost of Living Adjustments (COLAs) and equity adjustments; 2) \$3.1 million increase in provider payments for correction health services; and 3) drugs and pharmacy supplies. The other governmental funds increase is primarily due to: 1) \$3.0 million increase in salaries and benefits resulting from COLAs and equity adjustments; and 2) \$1.8 million increase in inmate welfare cost due to increased commissary cost and personnel cost.

Public assistance decreased by \$18.7 million, with all of the decrease within the General Fund. The decrease is primarily due to reduction of \$44.5 million in expenditures relating to the emergency rental assistance program due to funds being fully expended. This decrease primarily offsets with increases to welfare assistance payments of \$21.2 million.

Health and sanitation increased by \$107.9 million. The General Fund increase totaled \$110.7 million and other governmental funds decreased \$2.8 million. The increase in the General Fund is primarily attributable to the following: 1) \$32.6 million increase in salaries and benefits resulting from COLAs and equity adjustments; 2) \$50.7 million increase in provider payments; 3) \$2.6 million increase in community outreach; and 4) \$13.5 million increase in contracted health services.

Other financing sources and uses are presented below to illustrate changes from the prior year:

	FY 2024	FY 2023	Increase/(Decrease)	
			Amount	Percent
Transfers in	\$ 204,380	245,546	(41,166)	(16.77)%
Transfers out	(186,863)	(230,177)	43,314	18.82 %
Issuance of debt	57,133	56,962	171	0.30 %
Refunding debt issued		180,740	(180,740)	
Premiums on debt issued		445	(445)	
Payment to refunded bonds escrow agent		(180,371)	180,371	
Total other financing sources (uses)	<u>\$ 74,650</u>	<u>73,145</u>	<u>1,505</u>	2.06 %

Transfers in/out: Decrease in net transfers is primarily due to decreased debt service activity and capital projects.

Issuance of debt: Increase is due to the addition of new Leases/SBITAs, along with the issuance of a Teeter note due to the timing of property tax collections.

Premiums on debt issued/refunding debt issued: During FY 2023-24 there was no new debt issued with a premium, while in FY 2022-23 Carmichael Park District issued its 2023 COP which had a premium.

Payment to refunded bonds escrow agent: in FY 2023-24 no refunding debt was issued, while in FY 2022-23 proceeds from the 2023 POB direct placement were used to defease a portion of the 2008 POB.

Enterprise funds. The County's enterprise funds reported an increase in net position totaling \$159.5 million. The following provides an explanation of the operating and nonoperating activities that changed significantly over the prior year:

- Airport operating revenues increased from \$220.9 million to \$239.0 million due to all-time highs in passenger traffic increasing 2.4 percent over the

prior year along with increased airline billing rates. Concessions revenue increased \$1.8 million over the previous year from the year-over-year increase in passenger traffic. Airfield charges increased \$7.7 million from landing fees due to a rate increase of 15.5 percent. Building rents increased \$8.1 million from a rate increase of 14 percent. Operating expenses increased by \$19.1 million largely due to an increase in services and supplies of \$11.0 million in addition to an increase in payroll expenses of \$7.6 million. Services increased from increased maintenance for the baggage handling system and automated people mover. Additional increases in service and maintenance costs were related to environmental services, shuttle bus, internal services from other departments, and law enforcement. Additionally, the payroll increase was due to a 4 percent salary increase and an increase in staffing of 4.5 percent. Net nonoperating revenues increased by \$13.2 million primarily due to an increase of \$1.8 million in passenger facility charges related to the increase in passenger traffic and a \$7.4 million increase in customer facility charges due to a rate change at the end of the previous fiscal year.

- The Solid Waste operating revenues increased from \$133.6 million in FY 2022-23 to \$139.5 million in FY 2023-24, due to an increase of \$4.2 million in service charges as residential curbside rates increased 4.8 percent as part of multiyear series of rate increases approved by the Board of Supervisors starting with FY 2020-21 and extending through FY 2025-2026. Additionally, an increase in tipping fees of \$4.0 million due to an approximately 3.0 percent increase in per ton weighed disposal fees and a greater volume of customers choosing County sites for disposal. The drop in electricity sales revenue was expected given the historically high price of electricity experienced in FY 2022-2023. Operating expenses increased by \$16.4 million due to increases in payroll costs of \$4.7 million, equipment maintenance of \$2.0 million and \$4.5 million in depreciation can be attributed to the needs generated by SB 1383 compliance, requiring more staff and equipment. The \$3.5 million increase in landfill closure costs was due to a topographical study performed in FY 2022-2023 which showed more settlement activity, increasing overall capacity and therefore lowering landfill closure costs based on the GASB 18 prescribed liability calculation methodology. FY 2023-2024 landfill closure costs are more typical and in line with expectations. Net nonoperating revenues (expenses) were relatively flat, experiencing a decrease of \$0.1 million.
- The Water Agency had its operating income increase from \$7.1 million in FY 2022-23 to \$68.0 million in FY 2023-24. Operating revenues increased by \$66.2 million mainly due to reclassing \$65.7 million of capacity fees from nonoperating revenue to operating revenue starting in FY 2023-24. Additionally, the Water Agency water service accounts grew by 1,947 new customers and issued 2,770 building permits (compared to 1,120 permits issued in FY 2022-23), increasing operating revenues by an additional \$1.4 million compared to FY 2022-23. Operating expenses increased by \$5.2 million mainly due to an increase of \$2.4 million in payroll costs and an increase of \$2.8 million in services and supplies. Most of the increase in service and supplies was driven by purchasing and treating more surface water instead of ground water, as well as increased water rate charges imposed by the City of Sacramento for the Metro Air Park area of the County. Net nonoperating revenues (expenses) decreased \$39.6 million, largely a result of a \$40.1 million decrease in capacity fees as they were reclassified to operating revenues offset by an increase of \$4.9 million due to increased yields in fixed income investment markets which led to an increase in interest income.

The table below shows actual revenues, expenses and results of operations for the current fiscal year:

Statement of Revenues, Expenses and Changes in Fund Net Position
Enterprise Funds
(amounts expressed in thousands)

	Major Enterprise Funds			Nonmajor Enterprise Funds		
	Airports	Solid Waste	Water Agency	Parking Enterprise	County Transit	Total

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final budget resulted in a \$194.1 million increase in expenditures. The increase is primarily due to additional capital investments, settlement cost, rising public assistance caseloads, increased investments in homeless response and behavioral health needs, and various other adjustments. Changes are briefly summarized as follows:

General Government: Increased by \$81.2 million due primarily to a lawsuit settlement and increased investment in capital projects.

Public Assistance: Increased by \$48.6 million primarily due to rising caseloads in various public assistance programs.

Public Protection: Increased by \$38.9 million primarily due to various equipment purchases in the Sheriff's budget, increased cost for inmate health needs, investments in youth detention services, and rebudgeting of unused prior year fund balances in various restricted revenue budgets.

Health and Sanitation: Increased by \$23.4 million primarily due to increases in Mental Health Services Act and Behavioral Health realignment eligible services costs and the addition of 48 positions in the In-Home Supportive Services programs.

Recreation and Culture: Increased by \$1.8 million primarily due to new capital investment in the Golf program and adjustments for a fire field reduction contract.

Actual revenues in the General Fund were \$208.2 million less than the final budgetary estimates. The undercollection of revenues is due primarily to a \$277.6 million decrease in intergovernmental revenue including under collections in Mental Health Services Act revenue resulting from lower than anticipated State tax revenue, Patient Care revenue resulting from slow program implementation at the state level, and a decrease in American Rescue Plan Act and other federal and state revenues, a decrease in ARPA and other federal and state revenues resulting from a reduction in eligible expenditures due to the timing of program implementations, and difficulty filling positions. There was also a \$2.0 million under-collection in taxes

resulting from less than anticipated and sales tax revenues. The under-collections were partially offset by a \$44.7 million over-collection in Uses of Money and Property revenues primarily due to higher than anticipated interest rates, a net \$23.5 million over-collection in charges for services and sales across several departments, and modest over-collections in other areas.

Actual expenditures were \$502.4 million less than final budgetary estimates. Expenditures less than budget were due to lower than anticipated program costs for general government (\$93.0 million), public assistance (\$62.1 million), public protection (\$92.5 million), and health and sanitation (\$247.8 million) resulting primarily from the timing of program and project implementations, and difficulties in filling positions.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The County's investment in capital assets for its governmental and business-type activities as of June 30, 2024, amounted to \$4,523,501, net of accumulated depreciation/amortization. This investment in capital assets includes land and easements, leases, SBITA, computer software and other intangibles, water facility rights, infrastructure, buildings and improvements, equipment, and construction in progress. The total increase in the County's investment in capital assets for the current year was 2.10 percent when compared to the prior year net investment in capital assets.

Capital assets, net of accumulated depreciation/amortization, for the governmental and business-type activities are presented on the next page to illustrate changes from the prior year:

Schedule of Capital Assets
(amounts expressed in thousands)

	Governmental Activities		Business-type Activities		Total		Increase/ (Decrease)

The following provides an explanation of significant changes in capital assets:

- Buildings and improvements: Increased in total by approximately \$15.1 million. This is due to increases in completed projects in governmental funds of \$13.0 million, which included \$1.8 million for upgrading facility fencing, replacing the water boiler, and upgrading food port cell locks of the Rio Cosumnes Correctional Center for \$1.7 million, replacing the garment conveyor system and replacing clothes washing machines and dryers at the Sacramento County Main Jail, \$1.7 million improving Department of Technology's building central plant, \$1.6 million redesigning the ground level entries and lobby as well as installing a security kiosk at the New Administration Building, and \$6.3 million in other various projects throughout the County. Airports capitalized \$32.5 million in project costs; \$18.5 million for extending Elkhorn Boulevard access, \$3.7 million for expanding the East Vault Bus Lot, \$2.4 million for Escalator Rehabilitation in Terminal A, \$1.9 million improving Cy Homer Road for airfield operations, \$1.3 million in improvements for Aviation Drive, and \$4.7 million in various projects. Solid Waste completed \$15.4 million in project costs; \$12.0 million in improving the Keifer Landfill Liner and Leachate system, \$1.1 million in constructing a new Compressed Natural Gas station, and \$2.3 million in various projects. The Water Agency Enterprise Fund capitalized \$56.5 in construction projects; \$32.0 million in structural improvement projects, \$15.4 million in contributed capital from developers consisting of hydrants, gate valves, butterfly valves, pipes, and meters, \$5.6 in transmission main projects, and \$3.5 in other various projects. The increases were offset by depreciation of \$27.9 million in governmental funds, \$52.8 in Airports, \$5.5 million in Solid Waste, and \$16.1 million in the Water Agency Enterprise Fund.
- Infrastructure: Increased in total by approximately \$5.6 million. This is due to increases in completed projects for Road infrastructures of \$74.4 million and \$4.1 million in stormwater utility. The roadway costs incurred included the following community facility districts: Florin Vineyard, Vineyard Roadways, North Vineyard Station, and Metro Air Park. The Water Agency Enterprise Fund did not incur any completed project costs in

FY 2023-24. These increases were offset by depreciation of \$67.0 million in governmental activities and \$5.9 million in Water Agency Enterprise Fund.

- Construction in progress: Increased in total by approximately \$87.4 million. This is due to increases in construction projects totaling \$26.2 million for governmental activities, \$68.1 million for Airports, \$19.5 million for Solid Waste, and \$72.7 million for Water Agency Enterprise Fund. A combination of decreases in governmental fund projects being capitalized to building costs and infrastructure of \$14.6 million, as well as decreases in other projects being capitalized to building costs and infrastructure for Airports of \$28.7 million, \$11.3 million for Solid Waste, and \$44.4 million for the Water Agency Enterprise Fund. More details can be found in the section below related to construction of capital projects.
- Equipment: Decreased in total by approximately \$2.5 million. This is due to increases in governmental funds of \$7.8 million, which included \$0.5 million to replace vehicles and weapons for Sacramento County Probation Department, \$0.7 million enhancing District Attorney laboratory capabilities, \$5.1 million improving several Sacramento County Sheriff Divisions, and \$0.8 million in improved medical services provided at Sacramento County Main Jail and Rio Cosumnes Correctional Center and \$0.7 million in other various purchases. General Services additional fleet vehicles for \$17.3 million, Regional Radio Communications System for \$1.4 million in order to upgrade and maintain various systems and the Department of Technology for \$2.4 million to upgrade storage and server capacity. Additions in equipment to Airports for \$3.5 million, which included \$2.0 million in vehicle purchases and \$0.6 million in electric bus chargers, and \$0.9 million in other various purchases. Solid Waste for \$3.3 million, which included \$3.0 million in vehicle purchases and \$0.3 million for other various purchases. \$0.8 million for the Water Agency Enterprise Fund, which included \$0.3 million in vehicle purchases and \$0.5 million in other various purchases, and \$0.4 million for County Transit to purchase 3 new buses. Decreases due to depreciation were as follows: governmental activities for \$4.9 million, General Services for \$12.7 million, Regional Radio Communications System for \$2.2 million, Department of Technology for \$8.9 million, Airports for \$4.7 million, Solid Waste for \$5.4 million, Water Agency Fund for \$0.2 million, County Transit for \$0.3 million and Parking Enterprise for \$0.1 million.
- Right-to-use lease assets: Decreased in total by approximately \$7.9 million. This is due to increases in governmental funds of \$25.6 million, which include \$25.5 million for new building leases; \$15.0 million in leases for the Department of Child, Family, and Adult Services that increased Child Protection Services visitations, allowed for expanded employee work areas, slightly expanded warehousing facilities and maintaining other various services, a \$5.2 million lease entered into for Department of Finance to relocate existing services to a new location, \$3.0 million in leases for Sacramento County Probation Department to maintain current service levels, \$2.0 million for Department of Homeless Services and Housing entering into a lease for office space as a new County department in FY 2023-24, \$0.3 million in other various building leases and \$0.1 million for new equipment leases entered. Solid Waste increased by \$8.6 million for, which includes \$8.0 million in vehicle leases and \$0.6 million in building leases. The increases were offset by depreciation of \$37.3 million in governmental funds and \$4.8 million in Solid Waste.
- Right-to-use subscription-based IT arrangements: Decreased in total by \$5.7 million. This is due to a total increase in governmental fund SBITA arrangements of \$1.7 million, which include a \$0.8 million agreement to maintain electronic medical records and public health services for Department of Health Services, \$0.6 million to obtain digital vendor onboarding to provide a secure process for acquiring vendor information for Department of Finance, and \$0.3 million in other various arrangements offset by amortization of governmental activities for \$7.2 million, Water Agency Enterprise Fund for \$0.1 million and Parking Enterprise for \$0.1 million.

Additional information on the County's capital assets can be found in Note 5 on pages 89-91.

The County has entered into several agreements related to the construction of capital projects. The governmental funds had \$26.2 million in various improvement projects throughout the County. This included \$4.0 million in improvements to Grantland L. Johnson Center for Department of Health and

Human Services to install a commercial grade weather cover and install additional infrastructure to support a sanctioned homeless encampment, \$3.7 million in improving Sacramento County Main Jail refrigeration systems, garment conveyor systems, and hot water hydronic heating system, \$3.4 million in improvements for Stormwater Utility Operations, \$1.8 million improving Rio Cosumnes Correctional Center, \$1.4 million redesigning the ground level and entries and lobby as well as installing a security kiosk, and \$12.0 million in other various projects throughout the County. The Water Agency Enterprise Fund had \$72.7 million in agreements related to the construction of capital projects. Of this amount, \$50.3 million were related to the Arden Service Area Distribution System Pipe Realignment and Meter Installation Project, \$5.9 million to the Poppy Ridge Phase 2 expansion, \$3.9 million to water system improvements in widening White Rock Road, and \$12.6 million for other various construction projects. Airport has \$68.1 million improvements, \$15.6 million for Elkhorn Boulevard expansion, \$7.6 million related to the extension of East Vault Bus Lot, \$7.2 million related to the Terminal B baggage handling system upgrades, \$6.7 million related to Terminal A restroom renovations, \$5.8 million related to constructing a pedestrian walkway from Terminal B to Concourse B, \$2.4 million to the development of a Grand Transportation Center and expanding Lindberg Dr, \$2.4 million related to Terminal A escalator rehabilitation, \$1.8 million to improving Terminal B parking garage, \$1.3 million to widening Cy Homer Road, and \$17.3 million in various projects for replacements and upgrades. Solid Waste had projects totaling \$19.5 million: \$10.6 million related to site improvements at North Area Recovery Station, \$8.3 million for Kiefer Landfill liner and ancillary features, and \$0.6 million in other various construction projects.

Construction contract commitments as of June 30, 2024 for governmental and business-type activities were \$59.7 million and \$554.2 million, respectively.

Debt Administration. At June 30, 2024, the County's governmental activities had long-term obligations totaling \$1.4 billion. Of this amount, \$98.3 million are certificates of participation, \$247.4 million are revenue bonds for the securitization of the tobacco settlement agreement and revenue bonds issued by the Public Financing Authority to finance redevelopment projects in designated redevelopment project areas in the City and County of Sacramento with associated accreted interest totaling \$12.5 million, and \$60.1 million as litigation liability. Other significant long-term obligations include \$28.0 million in loan agreements to fund the alternative method of distributing property taxes (Teeter Plan), \$180.3 million in direct placement bonds, and \$253.0 million in pension obligation bonds. As a result of a \$10.5 million payment during the fiscal year, \$0 in accreted interest associated to pension obligation bonds remain. In addition, compensated absences amounted to \$160.9 million, financing obligations were \$24.2 million, lease liabilities were \$279.0 million, SBITA liabilities were \$11.0 million and a net premium/discount of \$40.1 million on bonds issued. The remaining represents various other debt obligations.

Business-type activities had long-term obligations of approximately \$1.2 billion. This includes \$865.2 million of Airports and Water Agency revenue bonds; \$291.4 million relating to revenue bond premiums, Airports PFC and subordinate debt, and Sacramento County Water Agency reimbursement agreements and water rights, and \$34.4 million in loans agreements to fund a new building and improvements for Solid Waste. In addition, compensated absences amounted to \$10.6 million, financing obligations were \$8.3 million, lease liabilities were \$16.2 million, and a revolving line of credit agreement of \$20.0 million for Airports. The remaining represents various other debt obligations.

For the fiscal year ended June 30, 2024, the County's total long-term obligations had a net decrease of \$162.3 million. The net decrease is primarily a result of scheduled principal retirements of pension obligation bonds and associated accreted interest in the amount of \$117.4 million, a decrease of \$11.0 million in certificates of participation, a litigation liability payment of \$5.7 million, a net decrease in lease liability of \$3.9 million, a decrease in financed purchase obligations of \$9.5 million, a net decrease in unamortized amounts of \$12.4 million, a net decrease in revenue bonds and associated accreted interest in the amount of \$20.5 million, a reduction of PFC & subordinate revenue bonds of \$6.3 million, and SBITA liability decreasing by \$5.3 million. The decreases were offset by a \$18.9 million net increase related to a revolving line of credit agreement, a \$5.8 million increase in Teeter notes, and an increase in compensated absences of \$6.6 million.

Long-term debt for the governmental and business-type activities are presented on the next page to illustrate changes from the prior year:

Schedule of Long-Term Debt
(amounts expressed in thousands)

	Governmental Activities		Business-type Activities		Total		Increase/(Decrease)

- Tax Allocation Revenue Bonds, Series 2008 rating from "A2" to "A1"

On October 16, 2023 S&P Global Ratings upgraded the following::

- Tobacco Securitization Authority of Northern California Series 2021A Class 1 Senior Bonds from "A-" to "A"
- Tobacco Securitization Authority of Northern California Series 2021B Class 1 Senior Bonds from "BBB-" to "BBB+"

Economic Factors and Next Year's Budget and Rates

Five major sources of revenue generated from the performance of the economy are:

- Property tax revenue from all sources (secured, unsecured, delinquent, in lieu of Vehicle License Fee, supplemental), budgeted for FY 2024-25 in the amount of \$630,723, are projected to increase over the FY 2023-24 Adopted Budget by \$27,070 (4.5 percent). The FY 2024-25 projection is a \$31,447 (5.2 percent) increase over FY 2023-24 actual levels.
- Sales and use tax revenue budgeted for FY 2024-25 in the amount of \$143,224 is projected to decrease from the FY 2023-24 Adopted Budget by \$760 (0.5 percent). The FY 2024-25 projection is a \$3,694 (2.5 percent) decrease from the FY 2023-24 actual levels.
- Utility user tax revenue budgeted for FY 2024-25 in the amount of \$20,130 is projected to decrease from the FY 2023-24 Adopted Budget by \$1,925 (8.7 percent). The FY 2024-25 projection is a \$546 (2.8 percent) increase from the FY 2023-24 actual level.
- Proposition 172 revenue budgeted for FY 2024-25 in the amount of \$173,028 is projected to decrease from the FY 2023-24 Adopted Budget by \$4,171 (2.4 percent). The FY 2024-25 projection is a \$2,458 (1.4 percent) increase from the FY 2023-24 actual level.
- Non-CalWORKS Realignment revenue budgeted for FY 2024-25 in the amount of \$636,622 is projected to decrease from the FY 2023-24 Adopted Budget by \$6,077 (1.0 percent). The FY 2024-25 projection is a \$18,038 (2.8 percent) decrease from the FY 2023-24 actual level.

The County received \$300 million of ARPA funding across FY 2020-21 and FY 2021-22 with \$177.4 million having been expended as of June 30, 2024. The remaining ARPA funding will be expended on qualifying purposes in future years.

Request for Information

This financial report is designed to provide a general overview of the County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County of Sacramento, Department of Finance, 700 H Street, Room 3650, Sacramento, CA 95814.

COUNTY OF SACRAMENTO
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
JUNE 30, 2024
(amounts expressed in thousands)

Fund balances - total governmental funds	\$ 1,484,125
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets, net of accumulated depreciation/amortization, used in governmental activities are not current financial resources, and therefore, are not reported in the funds.	2,039,179
Accrued interest payable is not reported in the funds.	(9,844)
Prepaid bond insurance and prepaid expenditures relating to SBITA assets of the governmental activities are not current financial resources, and therefore, are not reported in the funds.	13,325
Long-term liabilities and related deferred outflows of resources including accumulated decrease in fair value of SWAP agreement and the deferred amounts related to refunding, are not due and payable in the current period nor represent current financial resources, and therefore, are not reported in the funds.	(1,350,169)
Total OPEB liability including related deferred outflows and deferred inflows of resources are not reported in the funds.	(158,503)
Net pension liability including related deferred outflows and deferred inflows of resources are not reported in the funds.	(1,028,983)
Other long-term assets are not available to pay for current period expenditures, therefore are reported as unavailable revenues in the funds.	151,900
Internal service funds are used by management to charge the costs of certain activities, related to general services, self-insurance, regional communications, and department of technology to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement net position.	35,197
Net position of governmental activities	<u><u>\$ 1,176,227</u></u>

The notes to the basic financial statements are an integral part of this statement.

COUNTY OF SACRAMENTO
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCES
TO THE STATEMENT OF ACTIVITIES
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Changes in fund balances - total governmental funds	\$ 53,528
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation/amortization expense. This is the amount by which depreciation/amortization exceeded capital outlay in the current period.	1,824
Change in accrued interest payable.	2,343
Change in prepaid items.	9,896
The issuance of long-term debt provides current financial resources to governmental funds, while repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas, these amounts are deferred and amortized in the statement of activities. Also included is the change in compensated absences, which does not require the use of current financial resources. This amount is the net effect of these differences in the treatment.	138,194
Pension related expenses, including changes in deferred inflows and outflows of resources, reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.	47,663
OPEB related expenses, including changes in deferred inflows and outflows of resources, reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.	5,086
Some revenues will not be collected up to 120 days after the year-end, and therefore are not considered "available" and are reported as deferred inflows of resources in the governmental funds. Unavailable revenues decreased by this amount during the year.	41,170
The net revenues of certain activities of internal service funds is reported with governmental activities.	<u>19,265</u>
Change in net position of governmental activities	<u><u>\$ 318,969</u></u>

The notes to the basic financial statements are an integral part of this statement.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

FINANCIAL SECTION

NOTES TO BASIC FINANCIAL STATEMENTS

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

NOTE 1 - REPORTING ENTITY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the County of Sacramento (County) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the standard-setting body for establishing GAAP for state and local government organizations. The County's significant accounting policies are described below.

Scope of Financial Reporting Entity

The County reporting entity includes all significant organizations, departments, and agencies over which the County is considered to be financially accountable. The County is a political subdivision of the State of California, and as such can exercise the powers specified by the Constitution and laws of the State of California. The County operates under a charter and is governed by a five-member Board of Supervisors (Board). In addition, as required by GAAP, the financial statements present the financial position of the County and its component units (entities for which the County is considered to be financially accountable).

Blended component units, although legally separate entities, are, in substance, part of the government's operations; therefore, data from these component units are combined with data of the primary government. All of the blended components have June 30 fiscal year-ends.

For the special districts and agencies listed below, the County Board of Supervisors is their governing board, or their governing boards are made up substantially of the Board of Supervisors. In addition, financial actions such as setting rates, adopting the annual budget, and determining the legal liability for the general obligation debt, if any, of most of the component units remain with the County.

Blended Component Units:

Lighting and Landscape Maintenance Districts Special Revenue Fund:
County Service Area Number One
Sacramento County Landscape Maintenance District

Park Districts and Park Service Areas Special Revenue Fund:
Del Norte Oaks Park Maintenance District
Mission Oaks Recreation and Park District
Carmichael Recreation and Park District
Sunrise Recreation and Park District
County Service Area Number Four

Other Special Revenue Funds:
Natomas Fire District
County Service Area No. 10
Water Agencies Special Revenue Fund
In-Home Support Services Authority
Sacramento County Groundwater Sustainability Agency

Enterprise Fund:
Water Agency Water Supply

The *Tobacco Securitization Authority (Authority) of Northern California* is a public entity legally separate and apart from the County, and is considered a blended component unit of the County. The Authority was created by a Joint Exercise of Powers Agreement effective July 15, 2001, between the County and the County of San Diego. The Authority was created for the purpose of empowering the Authority to finance the payments received by the County from the nation-wide Tobacco Settlement Agreement (Payments) for such purposes, but not limited to, issuance, sale, execution and delivery of all Bonds secured by those Payments or the lending of money based thereof, or to securitize, sell, purchase or otherwise dispose of some or all of such payments of the County. The Authority's board consists of two members of the County's Board of Supervisors and one member from San Diego County's Board of Supervisors, therefore the County has voting majority for the Authority.

The liabilities of the Authority belong solely to it, and neither the Counties of Sacramento or San Diego are in any way responsible for those liabilities. The Authority meets the criteria set forth in GAAP as a blended component unit of the County because the Authority is providing services solely to the County. The Authority is accounted for in debt service and special revenue funds.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

The *Sacramento County Public Financing Authority (PFA)* is a public entity created by a Joint Exercise of Powers Agreement effective as of November 25, 2003 between Sacramento County and the Sacramento Housing and Redevelopment Agency (Agency). The PFA is a public entity legally separate and apart from the County, and is considered a blended component unit of the County. The Board of Supervisors sits as the Board of Directors of the PFA. The PFA was created for the purpose of obtaining financing for various designated redevelopment and housing projects in the greater Sacramento area. The debts and liabilities of the PFA belong solely to it, thus the County is in no way responsible for those liabilities.

The PFA established an agreement with the Agency in which the Agency would pay back to the PFA those debt proceeds advanced to them. On December 29, 2011, the California Supreme Court upheld California Assembly Bill X1 26 (ABX1 26) that provides for the dissolution of all redevelopment agencies. On January 24, 2012, the Board elected to become the Successor Agency for the former County redevelopment agency in accordance with the ABX1 26 as part of County resolution number 2012-0051. As such, the Agency obligations with the PFA were transferred to the County Redevelopment Successor Agency Private-Purpose Trust Fund.

The *Public Facilities Financing Corporation (Corporation)* was created by the County for the purpose of facilitating the financing of public projects within the County. The Board appoints the governing board of the Corporation, which is responsible for the fiscal and administrative activities of the Corporation. For financial reporting purposes, leases between the County and the Corporation have been eliminated and the financial data of the Corporation has been included within the County's reporting entity and is accounted for in a debt service fund.

The *Successor Agency Private-Purpose Trust Fund* was created in accordance with ABX1 26 to transfer all of the assets, liabilities, and obligations of the former redevelopment agency. The Board elected to be appointed as the Successor Agency to the former Redevelopment Agency (RDA) of the County. The Successor Agency to the RDA accounts for the payments due for enforceable obligations, performance of obligations, and disposal of all assets of the former redevelopment agency. The Successor Agency to the RDA activities are included in the Successor Agency Private-Purpose Trust Fund.

The *Sacramento County Employees' Retirement System (SCERS)* is a fiduciary component unit reported as a Pension Trust Fund. SCERS is a multiple-employer public retirement system organized under the 1937 Act. SCERS is governed by a nine-member retirement board that includes the County Director of Finance and four appointed members by the Board and four members elected by the SCERS membership. Although SCERS is legally separate from the County, it is reported as part of the County's reporting entity because the County has board control and there is a financial burden due to employer contributions.

The *Metro Air Park Enhanced Infrastructure Financing District* is a public entity legally separate and apart from the County, and is considered a blended component unit of the County. The Metro Air Park Enhanced Infrastructure Financing District (EIFD) Public Financing Authority was established by a Board Resolution on April 20, 2021, as authorized under the EIFD Law authorized pursuant to California Government Code Sections 53398.50 through 53398.88. The first year of financial activity for the EIFD is FY 2023-24 due to the statutorily required time for the EIFD to adopt the Infrastructure Financing Plan and received Tax Rate Area approval from the State Board of Equalization. The purpose of the EIFD is to facilitate economic growth throughout the Metro Air Park region and to the support the growth of economic activity within the EIFD by utilizing 50% of the County's incremental property tax revenue growth and incremental property tax in lieu of vehicle license fees growth to provide funding for a portion of the public facilities that will enable the Metro Air Park to fully develop and continue to attract new regional-serving business. The EIFD's Board of Directors is composed of three members from the County of Sacramento's Board of Supervisors and two members of the public as chosen by the County of Sacramento's Board of Supervisors. The activities of the EIFD are reported within the Metro Air Park EIFD Special Revenue Fund.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

The following *Community Facility Districts (CFD)* were established by a two-thirds affirmative vote by property owners within the CFD boundaries. These CFDs are blended component units of the County, in that Mello-Roos law dictates that these districts are legally separate entities, but are governed by the local agencies. It is the County's responsibility through the Board to set direct levy rates and adopt annual budgets within these funds. The County is not obligated in any manner for any debt associated with these districts therefore, none of the debt is recorded in these financial statements. However the construction and assets associated with the districts are the County's, thus they are accounted for in the capital projects funds. The County also acts as an agent for the property owners of these CFDs; whereby, the County collects and forwards the assessment fees to the bondholders. This activity is reported in other custodial funds.

Laguna Creek Ranch/Elliott Ranch CFD No. 1 Improvement Area No.2

Discretely Presented Component Unit:

First 5 Sacramento Commission (Commission) is a discretely presented component unit. The Commission is administered by a governing board of seven members, who are appointed by the Board. Its purpose is to develop, adopt, promote and implement early childhood development programs in the County, funded by additional State taxes on tobacco products approved by California voters via Proposition 10 in November 1998. The Commission is reported as a discretely presented component unit of the County because, although the Board has no control over the revenues, budgets, staff, or funding decisions made by the Commission, the appointed Commission members serve at the will of the Board members who appoint them. A separate stand-alone annual financial report can be obtained by writing to the Commission, 2750 Gateway Oaks Drive, Suite 330, Sacramento CA 95833.

Excluded from the Reporting Entity:

The reporting entity excludes certain separate legal entities. Some of these entities may have "Sacramento" in their title or are required to keep their cash and investments with the County Treasurer or receive property tax apportionments from the County. Examples are school districts, community college districts, cities, joint powers agencies, and a variety of special-purpose independent districts for cemeteries, fire, recreation and parks, and reclamation. These entities are autonomous organizations with their own governmental powers and constituencies. The Board of Supervisors does not appoint a voting majority of their boards. Accordingly, they are not included in the accompanying basic financial statements.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

Joint Power Authorities or Jointly Governed Organizations

The County of Sacramento is a member of several Joint Powers Agencies (JPA) and/or jointly managed agencies. These are:

AGENCY

Sacramento Area Council of Governments
Sacramento Employment and Training Agency
Sacramento Area Flood Control Agency
Sacramento Metropolitan Cable Television Commission
Sacramento Housing and Redevelopment Agency
Sacramento Transportation Agency
Local Agency Formation Commission
Sacramento/Placerville Transportation
Sacramento Metropolitan Air Quality Management District
Library Joint Powers Authority
SacSewer
Southeast Connector Joint Power Authority

South Sacramento Conservation Agency
River City Regional Stadium Financing Authority
Sacramento Central Groundwater Authority
Groundwater Sustainability Agency

PURPOSE

Regional planning (primarily transportation)
Coordination of Federal and State funding for job programs
Regional flood control issues
Administration of the franchising and licensing of cable TV services
Housing projects
Administration of County-wide transportation projects
Formation of districts and cities within the County
Acquisition of rail lines for a transportation corridor
Monitor and enforce air quality
Library operations
Wastewater conveyance, treatment, and disposal along with Sewer service
Planning and development of the Elk Grove-Rancho Cordova-El Dorado Connector Project
Administration of South Sacramento Habitat Conservation Plan
Finance the acquisition and construction of River Cats Stadium
Regulate and manage groundwater within the Central Basin of Sacramento County
Enhance local management of groundwater

The Sacramento County Director of Finance acts as the Auditor-Controller and as the Treasurer and depository for all the above agencies except for the Sacramento Housing and Redevelopment Agency, Library Joint Powers Authority, and Sacramento Metropolitan Air Quality Management District. Funding, if any, for each of these agencies from the County is based on annual appropriations. The County Board does not appoint a voting majority and cannot impose its will. Separate financial statements of the JPAs can be obtained by contacting the individual agencies or the County Department of Finance, Auditor-Controller Division.

Joint Ventures

The Sacramento County entered into a joint venture in 2002 with the East Bay Municipal Utility District establishing the Freeport Regional Water Authority (FRWA). The purpose of the FRWA was to construct a joint regional surface water supply project on the Sacramento River near the community of Freeport and adjacent to the City of Sacramento. The Sacramento County has no equity interest in the FRWA. As of June 30, 2024, this entity reported a net position of \$325.4 million. Copies of the FRWA's financial statements may be obtained from the FRWA Authority Treasurer, MS #801, P.O. Box 24055, Oakland, CA 94623-1055.

Government-Wide and Fund Financial Statements Presentation

Government-wide Financial Statements:

The Statement of Net Position and the Statement of Activities display information about the primary government, the County and its component units. These statements include financial activities of the primary government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

The Statement of Activities presents a comparison between direct expenses and program revenues for each different identifiable activity of the County's business-type activities and each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and; therefore, are clearly identifiable to a particular function. The County also includes certain indirect costs as part of the program expenses reported for various functional activities. Program revenues include 1) charges paid by the recipients of goods or services offered by programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items properly excluded from program revenues are reported instead as general revenues.

Fund Financial Statements:

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category: governmental, proprietary and fiduciary are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental (special revenue, capital projects and debt service) and proprietary funds (Parking Enterprise and County Transit) are separately aggregated and reported as nonmajor funds.

The County reports the following major governmental fund:

The General fund is used to account for all financial resources except those legally required or designated by the Board to be accounted for in another fund.

The County reports the following major enterprise funds:

The Airports fund is used to account for the facilities and operations of the Airports, including the International, Executive, Franklin Field, and Mather airports.

The Solid Waste fund is used to account for the costs of the solid waste collection business, including the Solid Waste disposal site and transfer stations.

The Water Agency fund is used to account for the construction of major water supply treatment, transmission and distribution facilities, as well as, being the retail service provider of water to a portion of the unincorporated area.

The County also reports the following fund types:

Internal service funds are used to account for the financing of goods, services, or facilities provided by one department to other departments of the County, or to other governmental units, on a cost-reimbursement basis. Internal service funds include: General Services; Self-Insurance funds covering general liability and property damage; workers' compensation; Other which consists of Dental and Unemployment; Regional Radio Communications System for emergency communications services; and Department of Technology.

Pension Trust fund is a fiduciary component unit used by the County to report assets, liabilities and activities of SCERS.

Investment Trust fund accounts for the assets of legally separate entities that deposit cash with the County Treasury. These entities include school districts, other independent special districts governed by local boards, regional boards and authorities. These funds represent assets, primarily cash and investments, held by the County in trust for these participants.

Private-Purpose Trust fund is a fiduciary fund type used by the County to report trust arrangements under which principal and income benefit other governments. This fund reports the assets, liabilities and activities of the Redevelopment Obligation Retirement Fund - Successor Agency. The fund was established effective February 1, 2012.

Custodial funds account for the assets held by the County on behalf of various individuals, private organizations and other governmental agencies. These include Non-Pooled Investments, Law Enforcement, Unapportioned Tax Collection and others.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Measurement Focus and Basis of Accounting

The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred, regardless of when the related cash flow takes place. Non-exchange transactions, in which the County gives or receives value without directly receiving or giving equal value in exchange, include property and sales taxes, grants, entitlements and donations. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied. Property taxes are recognized as revenues in the year for which they are levied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Taxes (other than property taxes), interest, certain state and federal grants, and charges for services are accrued when their receipt occurs within one hundred twenty days of the end of the accounting period, so as to be both measurable and available. Licenses, permits, fines, forfeitures and other revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Property taxes are accrued when their receipt occurs within sixty days of the end of the accounting period. Expenditures are generally recorded when the liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. Capital assets are reported as expenditures in governmental funds. Proceeds of long-term debt, leases, and SBITAs are reported as other financing sources.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in-lieu of taxes and various other charges. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's enterprise funds are charges to customers for services including: water, solid waste, airline fees and charges, parking fees and public transit fees. The principal operating revenues for the County's internal service funds are charges for customer services including: fleet operations; purchasing; printing services; central stores; mail services; building maintenance; surplus property disposal; telecommunications; special district formation; real estate; surveyor; self-insurance for liability and property damages, workers' compensation claims; unemployment claims and dental claims; emergency communication functions; and telecommunication and data processing. Operating expenses for enterprise funds and internal service funds include cost of services, administrative expenses and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When an expenditure/expense is incurred for purposes which both restricted and unrestricted fund balance/net position components are available, the County will first apply restricted resources and then unrestricted resources.

Implementation of New Governmental Accounting Standards

GASB Statement No. 99, Omnibus 2022

Effective July 1, 2023, the County implemented Statement No. 99 paragraphs 4 -10 (paragraphs 11-32 were implemented in prior fiscal years ended June 30, 2022 and June 30, 2023). The objectives of this statement and these paragraphs are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation of certain GASB Statements related to financial guarantees and the classification and reporting of derivative instruments within the scope of GASB statement No. 53. These paragraphs of this statement had no material impact to the County's financial statements.

GASB Statement No. 100, Accounting Changes and Error Corrections - an amendment of GASB Statement No. 62

Effective July 1, 2023 the County implemented Statement No. 100. The primary objective of this statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

accountability. This statement had no material impact to the County's financial statements.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the County considers all short-term highly liquid investments (including restricted assets) with maturities of three months or less at the time of purchase to be cash equivalents. Investments held in the County Treasurer's Pool are available on demand to individual entities, thus they are considered highly liquid and cash equivalents for purposes of the statement of cash flows.

Property Taxes

The County is responsible for the assessment, collection, and apportionment of property taxes for all taxing jurisdictions within Sacramento County including the cities, school districts, and various special districts. Property taxes are payable in equal installments, November 1 and February 1. They become delinquent after December 10 and April 10, respectively. The assessment date for FY 2023-24 is July 1 and the lien date is January 1 (unsecured property taxes are due in one installment and become delinquent after August 31). The tax collections are recorded in the Unapportioned Tax Collection Agency fund prior to apportionment.

The Board adopted a resolution authorizing the "Alternative Method of Property Tax Apportionment" (Teeter Plan), under which the County converted to an accrual method of apportioning secured property taxes. Under the Teeter Plan, the County purchases the annual delinquent secured property taxes from the local taxing entities and selected special assessment districts in the County. The financing of the purchase of the delinquent secured property taxes under the Teeter Plan has been accomplished by five-year legal, secured medium-term note obligations of the County, which have been purchased by the Treasurer's Pool. The terms of the notes include a variable interest rate, adjusted on a quarterly basis, equal to the rate of interest on the U.S. Treasury Note for the number of years corresponding to the remaining term of each note.

For financial reporting purposes, a Teeter Plan debt service fund was created to account for the proceeds, subsequent purchase of delinquent taxes of the taxing entities, and the accumulation of financial resources to be used to repay the notes. Collections on the delinquent secured taxes including interest and penalties purchased from the various taxing entities will be the primary funding source. The delinquent secured taxes are recorded as a long-term receivable in the debt service fund.

A description of the debt related to the Teeter Plan can be found in NOTE 8 - LONG-TERM OBLIGATIONS on page 100-101.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an expense until the future period(s).

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. A deferred inflow of resources is an acquisition of net assets that applies to a future reporting period and will not be recognized as a revenue until the future period(s).

The balance sheet of governmental funds also reports a separate section for deferred inflows of resources. Unavailable revenue reported consists primarily of revenues which have been earned but were not received. This separate financial statement element represents assets which are not yet available to finance expenditures of the current fiscal period and so will not be recognized as revenue until that time.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

Intergovernmental Revenues

The federal government and State of California reimburses the County for costs incurred on certain capital asset construction projects under capital grant agreements. Amounts claimed under such grants are credited to intergovernmental revenues if the project is being administered by a capital projects fund or to capital contributions revenue if administered by a proprietary fund. Additionally, the County receives reimbursement from the federal government and State of California for other programs, such as public assistance, administered by the County. These reimbursements are recorded in the fund administering the program as intergovernmental revenues with the related program costs included in expenditures.

The respective grant agreements generally require the County to maintain accounting records and substantiating evidence sufficient to determine if all costs incurred and claimed are proper and that the County is in compliance with other terms of the grant agreements. These records are subject to audit by the appropriate government agency. Any amounts disallowed will reduce future reimbursement claims or be directly remitted from the County back to the granting agency.

Interfund Transactions

Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation, and are referred to as either due to/from other funds or advances to/from other funds. Any remaining balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances. Advances to other funds reported in the fund statements are classified as nonspendable fund balance in governmental funds to indicate that they are not available for appropriation and are not expendable financial resources.

Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

Inventories

Inventories for governmental funds consist of pharmacy supplies and jail inventory which consists of clothing for inmates, and supplies for jails and jail staff. Inventories are valued at cost, using the first-in/first-out method. Governmental fund inventories are recorded as expenditures when consumed rather than when purchased. Inventories of supplies of proprietary funds are recorded at cost computed by the weighted average method. Proprietary fund inventories are comprised of materials and supplies held for consumption.

Prepaid Items

Payments made for services or future right-to-use assets in relation to SBITAs that will benefit future accounting periods are recorded as prepaid items. Prepaid items, as reported in the governmental funds balance sheet, are offset by a nonspendable fund balance account to indicate such amounts are not in spendable form. The cost of prepaid items is recorded as an expenditure/expense when consumed rather than when purchased.

Restricted Assets

Certain proceeds of proprietary fund obligations, as well as certain other resources set aside for obligation repayment and future construction or acquisition of assets are classified as restricted assets on the statement of net position. These amounts are restricted as their use is limited by applicable bond covenants or other external requirements.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

Capital Assets

Capital assets, which include land, easements, buildings and improvements, infrastructure, machinery and equipment, computer software, water facility rights, right-to-use assets and other intangible assets, are reported in the applicable governmental or business-type activities columns in the proprietary fund financial statements. Capital assets are defined as assets with an initial useful life in excess of one year and an individual cost of more than \$5 for equipment, \$25 for buildings, improvements, and infrastructure, and \$100 for computer software. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. The County has not reported infrastructure acquired prior to 1980. Donated capital assets are recorded at acquisition value at the date of donation. Right-to-use assets are initially measured as the initial amount of the lease/SBITA liability, adjusted for lease/SBITA payments made at or before lease/SBITA commencement date, plus certain initial direct costs. Capital outlay is recorded as expenditures of the general, special revenue, and capital projects funds and as assets in the proprietary funds and government-wide financial statements to the extent the County's capitalization threshold is met. Buildings and improvements, infrastructure, equipment, intangible assets are depreciated using the straight line method over the following estimated used lives. Right-to-use lease and SBITA assets are amortized over the lesser of useful life or contract terms. If the County is reasonably certain of exercising a purchase option contained in a lease, the lease asset will be amortized over the useful life of the asset.

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	4 to 50
Infrastructure	20 to 50
Machinery and Equipment	2 to 25
Computer Software	3 to 10
Water Facility Rights	40 to 50

Compensated Absences

County employees are granted vacation in varying amounts based on classification and length of service. Additionally, certain employees are allowed compensated time-off in lieu of overtime compensation and/or for working on holidays.

Sick leave is earned by regular, full-time employees. Any sick leave hours not used during the period are carried forward to future years, with no limit to the number of hours that can be accumulated. Any sick leave hours unused at the time of an employee's retirement are added to the actual period of service when computing retirement benefits. The County does not pay accumulated sick leave to employees who terminate prior to retirement. The County will pay certain employees a portion of their sick leave at retirement based on labor agreements.

The County accrues for compensated absences in the government-wide and proprietary fund statements which are liable to make payment. The liquidation of compensated absences occurs in the fund where the employee resides when the hours are used or upon retirement or termination from the County.

Long-Term Obligations

In the government-wide financial statements, proprietary fund and private-purpose trust fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, proprietary fund or private-purpose trust fund statement of net position. Issuance costs, are expensed in the year incurred, with the exception of prepaid insurance.

In the governmental funds financial statements, bond premiums, discounts, and issuance costs are recognized in the period issued. Bond proceeds are reported as other financing sources. In the government-wide, proprietary funds and private-purpose trust fund financial statements, bond premiums and discounts are amortized on a straight-line basis over the life of related debt.

Fund Equity

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned or unassigned based primarily on the extent to which the County is bound to honor constraints on how specific amounts can be spent.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

- Nonspendable fund balance – amounts that cannot be spent because they are either: a) not in spendable form; or b) legally or contractually required to be maintained intact.
- Restricted fund balance – amounts with constraints placed on their use that are either: a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.
- Committed fund balance – amounts that can only be used for specific purposes determined by formal action of the County’s highest level of decision-making authority (Resolution by the Board), and that remains binding unless removed in the same manner. The underlying action that imposed the limitation needs to occur no later than the close of the reporting period.
- Assigned fund balance – amounts that are constrained by the County’s intent to be used for specific purposes on an annual basis. The intent can be established at either the highest level of decision-making (Resolution from the Board), or by a body or an official designated by the Board for that purpose. The Board adopted an accounting policy whereby the authority to assign fund balance to specific purposes is delegated to the County Executive in consultation with the County Director of Finance. This is also the classification for residual funds in the County’s special revenue, capital projects, and debt service funds.
- Unassigned fund balance – the residual classification for the County’s General Fund includes amounts not contained in the other classifications. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes. The unassigned fund balance also includes \$90,640 of a service stabilization reserve that was established during the recommended budget adoption by County resolution. At this time there is no condition under which this stabilization may be spent; however, should the County deem it necessary to use these funds, the Board will need to adopt another resolution allowing the use. To increase the stabilization amount the Board would need to approve an appropriation adjustment request authorizing the increase.

Fund Balance Policy

When expenditures are incurred for purposes for which both restricted and unrestricted (committed, assigned or unassigned) fund balances are available, the County’s policy is to first apply restricted fund balance. When expenditures are incurred for purposes for which committed, assigned, or unassigned fund balances are available, the County’s policy is to first apply committed fund balance, then assigned fund balance, and finally unassigned fund balance.

The Board, as the highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken (resolution). These committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use through the same type of formal action taken to establish the commitment. Board action to commit fund balance needs to occur within the fiscal reporting period; but the amount, if any, which will be subject to the constraint, may be determined during a subsequent period.

Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- *Net Investment in Capital Assets* – This category groups all capital assets, including infrastructure, intangible assets including leases and SBITAs, unspent proceeds for capital related debt, and deferred outflows of resources for capital related debt, into one component of net position. Accumulated depreciation/amortization, outstanding balances of debt that are attributable to the acquisition, construction, or improvement of these assets, and deferred inflows of resources for capital related debt reduce the balance in this category.
- *Restricted Net Position* – This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

- *Unrestricted Net Position* – This category represents net position of the County, not restricted for any project or other purpose, or not related to the net investment in capital assets.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Liability and Workers' Compensation Internal Service Funds (ISF) Deficit Net Position

As of June 30, 2024, the Liability and Workers' Compensation ISF have deficit net position of \$29,736 and \$63,673, respectively. These deficits in net position represent the County's actuarially determined claims liability for the liability/property and workers' compensation programs. The County is gradually collecting additional amounts from the departments to eliminate the deficit in net position.

Investments/Fair Value

The County categorizes the fair value measurements of its investments based on the hierarchy established by GAAP. The fair value hierarchy, which has three levels, is based on the valuation inputs used to measure an asset's fair value: Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

Pension

In the government-wide financial statements, retirement plans are required to be recognized and disclosed using the accrual basis of accounting (See NOTE 14 - RETIREMENT PLAN and the Required Supplementary Information (RSI) section immediately following the Notes to Basic Financial Statements), regardless of the amount recognized as pension expenditures in the governmental fund statements, which uses the modified accrual basis of accounting.

In general, the County recognizes a net pension liability which represents the County's proportional share of the excess of the total pension liability over the fiduciary net position of the pension plan reflected in the actuarial report provided by SCERS. The net pension liability is measured as of the County's prior fiscal year-end. Employer pension contributions made subsequent to the measurement period are reported as deferred outflows of resources.

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the County's pension plan with SCERS and additions to/deductions from the plan's fiduciary net position have been determined on the same basis as they are reported by SCERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Projected earnings on pension plan investments are recognized as a component of pension expense. Differences between projected and actual investment earnings, changes in assumptions, and changes in proportions are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense over the expected average remaining service life.

Other Postemployment Benefits (OPEB)

For purposes of measuring the total OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense have been determined on the accrual basis of accounting. The OPEB Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

Classification

In fiscal year 2023-24, the County has classified the Water Enterprise Fund development fees as operating revenue to better align the nature of the revenue. In previous years development fees were classified as nonoperating revenue.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

Total fund balances of the County's governmental funds of \$1,484,125 differs from net position of governmental activities of \$1,176,227 because of the long-term economic focus in the statement of net position versus the current financial resources measurement focus in the governmental funds balance sheet. The effect of the differences is illustrated below:

Balance Sheet/Statement of Net Position

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

(a) Explanation of certain differences between the governmental funds balance sheet and the governmental activities statement of net position:

- (1) When capital assets (land, construction in progress, infrastructure, building, equipment, and intangibles) that are to be used in governmental activities are purchased or constructed, the costs of those assets are reported as expenditures in governmental funds. However, the statement of net position includes those capital assets among the assets of the County as a whole.

Cost of capital assets	\$ 4,950,519
Right-to-use assets	369,066
Accumulated depreciation/amortization	<u>(3,280,406)</u>
Total	<u>2,039,179</u>

Accrued interest payable	(9,844)

Prepaid items which consist of bond insurance costs and prepaid expense which related to future SBITA assets	13,325

Long-term liabilities and related deferred outflows of resources applicable to the County's governmental activities are not due and payable in the current period, and accordingly, are not reported as fund liabilities. All liabilities, both current, long-term and deferred outflows, are reported in the statement of net position.

Compensated absences	(148,691)
Bonds, notes, COPs, leases, other payables	(1,143,039)
Derivative instrument liability	(11,639)
Accreted interest	(12,491)
Accumulated decrease in fair value of SWAP agreement	11,639
Deferred amounts related to refunding	14,145
Litigation liability	<u>(60,093)</u>
Total	<u>(1,350,169)</u>

Net Pension Liability:

Deferred outflows related to pensions	717,864
Net pension liability	(1,620,800)
Deferred inflows related to pensions	<u>(126,047)</u>
Total	<u>(1,028,983)</u>

Total OPEB Liability:

Deferred outflows related to OPEB	23,597
Total OPEB liability	(128,453)
Deferred inflows related to OPEB	<u>(53,647)</u>
Total	<u>(158,503)</u>

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Because the focus of governmental funds is on short-term financing, some deferred inflows of resources will not be available to pay for certain period expenditures.

Unavailable revenues	\$ 151,900
Total	<u>\$ (343,095)</u>
(2) Internal service funds are used by management to charge the costs of certain activities, related to general services, self-insurance, regional communications and department of technology to individual funds. The assets and deferred outflows of resources, and liabilities and deferred inflows of resources, of certain internal service funds are included in governmental activities in the statement of net position.	
	<u>\$ 35,197</u>

The net change in fund balances for governmental funds of \$53,528 differs from the change in net position for governmental activities of \$318,969 reported in the statement of activities. The differences arise from the long-term economic focus in the statement of activities versus the current financial resources focus in the governmental funds. The effect of the differences are as follows:

Statement of Revenues, Expenditures and Changes in Fund Balances/Statement of Activities

	Total Governmental Funds	Capital-Related Items (3)	Long-term Revenues, Expenses (4)	Internal Service Funds (5)	Reclassifications and Eliminations	Statement of Activities

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

(b) Explanation of certain differences between the governmental funds statement of revenues, expenditures, and changes in fund balances and the governmental activities statement of activities.

- (3) When capital assets that are to be used in governmental activities are purchased or constructed, the resources expended for those assets are reported as expenditures in governmental funds. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation/amortization expense. As a result, net position decreases by the amount of depreciation/amortization expense charged for the year. Donated assets result in an increase in net position.

Capital expenditures	\$ 113,803
Right-to-use assets	27,261
Depreciation/amortization expense	(138,688)
The net effect of various miscellaneous transactions involving capital assets (sales, trade-in, disposals)	<u>(552)</u>
Total	<u><u>\$ 1,824</u></u>

- (4) Bond issuance costs and prepaid SBITA assets are expended in governmental funds when paid, and prepaid insurance is capitalized and amortized over the life of the corresponding bonds for purposes of the statement of activities. Prepaid SBITA assets will be amortized once the asset is placed into service.

\$ 9,896

Repayment of bond principal is reported as an expenditure in the governmental funds and, thus, has the effect of reducing fund balance because current financial resources have been used. For the governmental activities, however, the principal payments reduce the liabilities in the statement of net position. The County's bonded debt was reduced because principal payments were made to bond holders and to escrow agent for refunded bonds:

Certificate of participation	10,979
Teeter notes	24,115
Revenue bonds	11,633
Pension obligation bonds	106,887
Direct placement bonds	405
Accreted interest	11,161
Financed purchase obligations	1,459
Lease liability	33,482
SBITA liability	1,284
Litigation liability	5,743
Other long-term debt	<u>686</u>
Total	<u><u>207,834</u></u>

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

- (4) Bond proceeds are reported as other financing sources in governmental funds and thus contribute to the change in fund balance. In the governmental activities statements, however, issuing debt increases long-term liabilities in the statement of net position and does not affect the statement of activities. Proceeds were received from:

Teeter notes	\$ (29,876)
Leases issued	(25,612)
SBITA issued	<u>(1,645)</u>
Total	<u>(57,133)</u>

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds:

Change in compensated absences	(6,725)
Accreted interest	(3,205)
Current year other long-term debt	(306)
Amortization of deferred amount on refunded debt	(4,420)
Amortization of issuance premiums/discounts	<u>2,149</u>
Total	<u>(12,507)</u>

Net effect of long-term debt and related items	138,194

Changes in net pension liability and related deferred outflows/inflows	47,663

Changes in total other postemployment benefits (OPEB) liability and related deferred outflows/inflows	5,086

Some revenues will not be collected within the County's availability period, and therefore are reported as unavailable revenues in the governmental funds. Deferred inflows of resources decreased by this amount during the year.

	41,170

Decrease in accrued interest payable	<u>2,343</u>

Total	<u><u>\$ 244,352</u></u>

- (5) Internal service funds are used by management to charge the costs of certain activities, related to general services, self-insurance, regional communications and department of technology to individual funds. The adjustments for internal service funds close those funds by charging additional amounts to participating governmental activities to completely cover the internal service funds' costs for the year.

	<u><u>\$ 19,265</u></u>

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

NOTE 3 - BUDGETARY PRINCIPLES

As required by the laws of the State of California, the County prepares and legally adopts a final balanced operating budget on or before August 30 of each fiscal year. The Board may, by resolution, extend on a permanent basis or for a limited period, the date from August 30 to October 2. The final budget for FY 2023-24 was adopted on September 26, 2023. Until the adoption of a final balanced budget, operations were governed by the proposed budget approved by the Board in June 2023. Public hearings were conducted on the proposed final budget to review all appropriations and the sources of financing. Because the final budget must be balanced, any shortfall in revenue requires an equal reduction in financing requirements.

Operating budgets are adopted for the General Fund, special revenue funds, debt service funds, and capital projects funds on the modified accrual basis of accounting. Budgetary control and the legal level of control are at the budget unit and object level (except for capital assets, which are controlled at the sub-object level), which classifies expenditures by organizational unit, and by type of goods purchased and services obtained. The statement/schedules of revenues and expenditures - budget and actual present revenues at the source level and expenditures at the function level. Negative variances on these statements/schedules are possible and are not indicative of the County's legal level of control, as the budget authority and subsequent expenditures can span across differing functional types causing negative variances. For instance, within the general fund public assistance function, the budget unit can place the budget authority to one functional type such as public assistance – administration, but the subsequent expenditures can be recorded in differing functional types such as public assistance – aid programs. The budgetary control is at the budget unit level and not the functional level, as long as the expenditures don't exceed the budget unit level appropriations, there is no instance of non-compliance with the budget act. The Inmate Welfare Special Revenue Fund is not subject to the California Budget Act and does not have a formally adopted budget. The Tobacco Securitization Authority of Northern California Debt Service Fund, the Sacramento County Public Financing Authority Debt Service Fund, the Improvement Bond Act of 1911 Capital Projects Fund likewise do not have a formally adopted budget. Therefore, no budget and actual schedules are included for those funds in the Combining and Individual Fund Statement and Schedules.

During FY 2023-24 the County settled the Schneider/Hardesty et al. lawsuit which resulted in the County accruing \$53.5 million in expenditures within the General Fund Finance function in FY 2022-23. However, due to the timing of the settlement the appropriations were budgeted in FY2023-24.

It is not feasible to compare budget to actual data at the object level in this report. Therefore, this information is contained in a separate report prepared by the Department of Finance, Auditor-Controller Division, titled "Governmental Fund Expenditure Status Report." Copies of this report may be obtained from the County of Sacramento, Department of Finance - Auditor Controller division website, located at <https://finance.saccounty.gov/AuditorController/Pages/default.aspx>. Significant amendments, appropriation transfers between departments or funds, and transfers from contingencies must be approved by the Board. Supplemental appropriations financed by unanticipated revenues also must be approved by the Board.

During FY 2023-24, the original adopted budget was amended by the Board. The final budget data contained in the General Fund's budget and actual statement, as well as the budget and actual schedules for the nonmajor governmental funds reflects the effect of all approved budget amendments. During FY 2023-24, the appropriation limit for the FY 2023-24 budget year was reviewed and determined to be calculated in accordance with Article XIII B of the California Constitution.

Encumbrance appropriations lapse at the end of the fiscal year with no provisions made to include in the governmental funds restricted, committed or assigned fund balance for following year re-appropriation. Expenditures associated with the encumbrances anticipated to be paid in the next year will be included as part of the following fiscal year budget approval process.

(amounts expressed in thousands)**

NOTE 4 - CASH, INVESTMENTS, AND RESTRICTED ASSETS

All investments are reported in the statement of net position/balance sheet are at fair value, except for the investment agreement(s), teeter notes, and certain money market mutual funds, which are reported at net asset value. The cash and investment pool (Treasurer's Pool) is available for use by all funds. The portion of this pool applicable to each fund type is displayed on the statements of net position/balance sheets as "Cash and investments". The share of each fund in the pooled cash account is separately accounted for and interest earned, net of related expenses, is apportioned quarterly and at the end of the fiscal year based on the relationship of its average daily cash balance to the total of the pooled cash and investments. The apportionment due to the internal service funds and certain custodial funds accrues to the benefit of the General Fund. The County, acting in a fiduciary capacity, invests bond proceeds in accordance with long-term obligation covenants. The Treasurer's Pool and funds managed in a fiduciary capacity are subject to oversight by the Treasury Oversight Committee. The value of pool shares that may be withdrawn is determined on an amortized cost basis, which differs from fair value. The County has not provided or obtained any legally binding guarantees during the fiscal year to support the value of pool shares. The County does not permit any voluntary participation in the Treasurer's Pool.

Separately issued reports of the County Treasurer's Internal and Non-Pooled investments are available at <https://finance.saccounty.gov/Investments/Pages/Reports.aspx>.

Cash, investments, and restricted assets as shown in the basic financial statements at June 30, 2024, are as follows:

Government-wide statement of net position:	
Cash and investments	\$ 2,478,702
Restricted cash and investments	59,176
Restricted assets, included in noncurrent assets	289,569
Fiduciary funds statement of net position:	
Pension Trust	6,407
Investment Trust	4,924,271
Successor Agency - Private-Purpose Trust Fund	6,605
Non-Pooled Investments	855,118
Other Custodial	318,330
Discretely presented component unit (First 5 Commission)	<u>20,504</u>
Total cash, investments, and restricted assets including receivables	8,958,682
Less receivables included in restricted assets	<u>(11,005)</u>
Total cash, investments, and restricted cash and investments	<u><u>\$ 8,947,677</u></u>

Investments Authorized by Debt Agreements

Cash and investments held by fiscal agents are restricted as to their use. It includes funds for the construction/acquisition of plant and equipment and funds designated by debt agreements as reserve funds and for servicing debt during the construction/acquisition of plant and equipment. At June 30, 2024, all cash and investments held by fiscal agents were covered by federal depository insurance, Securities Investor Protection Corporation Insurance, or the investments are held in the County's name.

Investments Authorized by Government Code and County Investment Policy

Investments by the County Treasurer are invested in accordance with Government Code Section 53600 et. seq. and 16429.1 and County Investment Policy. This Government Code requires that the investments be made with the prudent investor standard, that is, when investing, reinvesting, purchasing, acquiring, exchanging, selling or managing public funds, the trustee (Treasurer and staff) will act with care, skill, prudence, and diligence under the circumstances then prevailing.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

The Government Code also requires that when following the investing actions cited above, that the primary objective of the trustee be to safeguard the principal, secondarily meet the liquidity needs of depositors, and then achieve a return on the funds under the trustee's control. Further, the intent of the Government Code is to minimize risk of loss on County held investments from:

- a. Interest rate risk
- b. Credit risk
- c. Custodial credit risk
- d. Concentration of credit risk

Specific restrictions of investments are noted below:

Government Code Section 53601 and the County Investment Policy lists the investments in which the Treasurer may invest. These include bonds issued by the County; United States Treasury notes, bonds, bills or certificates of indebtedness; registered state warrants, Washington supranational notes, treasury notes, or bonds of the State of California; registered treasury notes or bonds of any of the other 49 states in addition to California; bonds, notes, warrants or other forms of indebtedness of any local agency (Teeter Notes and Local Agency Investment Fund-LAIF) within California; obligations issued by banks for cooperatives, federal land banks, federal home loan banks, or other instruments of, or issued by, a federal agency or United States government sponsored enterprise; money market mutual funds (not to exceed 20 percent of the total portfolio); bankers acceptances (not over 180 days maturity, not to exceed 40 percent of the total portfolio); commercial paper (not to exceed 40 percent of the total portfolio) of "prime quality" (the highest ranking provided by either Moody's Investors Service (Moody's) or S&P Global Ratings (S&P)) and these investments are further restricted as to capacity and credit rating of the company and are restricted as to a percentage of the whole portfolio and the dollar-weighted average maturity is also restricted; negotiable certificates of deposit issued by approved banks (not to exceed 30 percent of the total portfolio); repurchase and reverse repurchase agreements are permitted investments but are subject to stringent rules regarding term, value and timing, all put in place to minimize risk of loss; medium term notes, carry a maturity of no more than five years and rated "A" or better by a nationally recognized rating service (not to exceed 30 percent of the portfolio); shares of beneficial interest issued by a diversified management company subject to certain limitations; notes, bonds and other obligations that are at all times secured by a valid first priority security interest in securities of the types listed in Government Code Section 53651; mortgage pass-through securities and other mortgage and consumer receivable backed bonds, not to exceed maturity of five years, subject to the credit rating of the issuer (not to exceed 20 percent of the portfolio); and shares of beneficial interest issued by a joint powers authority organized pursuant to Section 6509.7 that invests in the securities and obligations authorized previously.

In addition to the restrictions and guidelines cited in the Government Code, the Board annually adopts an "Annual Investment Policy for the Pooled Investment Fund" (Investment Policy). The Investment Policy is maintained by the Department of Finance and is based on criteria cited in the Government Code. The Investment Policy adds further specificity to investments permitted, reducing concentration within most permitted investment types and reducing concentration of investments with any broker, dealer or issuer.

The County was in full compliance with its own more restrictive Investment Policy, and therefore, was also in compliance with the above cited Government Code sections.

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. Under the County's Investment Policy the dollar-weighted average maturity on all securities shall be equal to or less than three years. As of June 30, 2024, of the County's \$8.8 billion in investments held by the Treasurer and \$55.7 million held by fiscal agents, 72.3 percent of the investments have a maturity of six months or less. The weighted average days to maturity for the entire portfolio was 269 days.

Credit Risk – This is the risk that an issuer or other counterparty to a debt instrument will not fulfill its obligations. The County is permitted to hold investments of issuers with a short-term rating of superior capacity and a minimum long-term rating of upper medium grade by the top two nationally recognized statistical rating organizations (rating agencies). For short-term ratings, the issuers' ratings must be A-1 and P-1, and the long-term ratings must be A and A2, respectively, by S&P's and

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Moody's rating agencies. In addition, the County is permitted to invest in the State's Local Agency Investment Fund, collateralized certificates of deposits and notes issued by the County that are not rated. See schedule on page 67.

Custodial Credit Risk – This is the risk that in the event a financial institution or counterparty fails, the County would not be able to recover the value of its deposits and investments. The California Government Code and the County's Investment Policy does not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits or investments, other than the following disclosures. As of June 30, 2024, the County has cash deposits with financial institutions in excess of the federal depository insurance limits of \$250 and remaining cash deposits were collateralized by the pledging institutions as required by California Government Code Section 53652.

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the amount of investment in a single issuer. U.S. Treasury and agency securities are considered to be of the best quality grade, as such, there is no limitation on amounts invested in U.S. Treasury or agency securities per California Government Code. Investments in any one issuer (other than U.S. Treasury securities, money market mutual funds and external investment pools) that represent 5 percent or more of the total County investments, is as follows:

	Reported Amount
Federal Home Loan Banks	\$ 2,095,332
Federal Farm Credit Bank	629,079
Inter - American Development Bank	512,842

Investment in State Investment Pool

The County is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code under the oversight of the Treasurer of the State of California. The fair value of the County's investment in this pool is reported at amounts based upon the County's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis.

The following are condensed statements of net position and changes in net position for the Treasurer's Pool and Non-Pooled Funds as of and for the year ended June 30, 2024:

Statement of Net Position	Treasurer's Pool	Non-Pooled Funds	Total
Net position held for pool participants	<u>\$ 7,951,046</u>	<u>1,040,355</u>	<u>8,991,401</u>
Equity of internal pool participants	\$ 2,923,133	185,237	3,108,370
Equity of external pool participants	<u>5,027,913</u>	<u>855,118</u>	<u>5,883,031</u>
Total equity	<u>\$ 7,951,046</u>	<u>1,040,355</u>	<u>8,991,401</u>
Statement of changes in net position			
Net position at July 1, 2023	\$ 7,432,162	1,081,998	8,514,160
Net changes in investments by pool participants	<u>518,884</u>	<u>(41,643)</u>	<u>477,241</u>
Net position at June 30, 2024	<u>\$ 7,951,046</u>	<u>1,040,355</u>	<u>8,991,401</u>

A summary of the investments held by the Treasurer's Pool and Non-Pooled Funds at June 30, 2024, are as follows:

	Fair Value	Cost	Interest Rate Range (%)	Maturity Range
Governmental securities	\$ 3,540,670	3,522,678	0.320-5.270	7/24-4/29

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Fair Value of Investments

The County categorizes its fair value measurements within the fair value hierarchy established by GAAP. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the County has the ability to access

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs reflect the County's own assumptions about the inputs market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the County's own data.

The asset's level within the hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The determination of what constitutes observable requires judgment by the County's management. County management considers observable data to be that market data, which is readily available, regularly distributed or updated, reliable, and verifiable, not proprietary, and provided by multiple independent sources that are actively involved in the relevant market. The categorization of an investment within the hierarchy is based upon the relative observability of the inputs to its fair value measurement and does not necessarily correspond to County management's perceived risk of that investment.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The County's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

Deposits and withdrawals in governmental investment pools, such as LAIF, are made on the basis of one dollar and not fair value. Accordingly, the fair value of the County's proportionate share in these types of investments is an uncategorized input not defined as a Level 1, Level 2, or Level 3 input.

The following is a description of the valuation methods and assumptions used by the County to estimate the fair value of its investments. There have been no changes in the methods and assumptions used at June 30, 2024. The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. County management believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Market prices for assets held by the Treasurer are derived from closing bid prices as of the last business day of the month as supplied by Interactive Data or Bloomberg. Where prices are not available from generally recognized sources, the securities are priced using a yield-based matrix system to arrive at an estimated fair value. When available, quoted prices are used to determine fair value. When quoted prices in active markets are available, investments are classified within Level 1 of the fair value hierarchy.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

For investments classified within Level 2 of the fair value hierarchy, the County's custodians generally use a multi-dimensional relational model. Inputs to their pricing models are based on observable market inputs in active markets. The inputs to the pricing models are typically benchmark yields, reported trades, broker-dealer quotes, issuer spreads and benchmark securities, among others.

Investments classified at Level 3 represent securities that are entirely owned by the County and have not traded publicly. The securities are priced using a yield-based matrix system or discounted cash flows technique, to arrive at an estimated fair value. Prices that fall between data points are interpolated.

The valuation of 2a-7 Money Market Mutual Funds and Bank Money Market Funds held by the Treasurer is at one-dollar net asset value (NAV) per share. The total value of these investments at June 30, 2024 was \$188,001. The redemption frequency is daily and redemption notice period of intra-daily. This type of investment primarily invests in short-term U.S. Treasury and government securities (including repurchase agreements collateralized by U.S. Treasury and government agency securities).

The valuation of 2a-7 Money Market Mutual Funds held by Fiscal Agents is at one-dollar NAV per share. The total value of these investments at June 30, 2024, was \$54,744. The redemption frequency is daily and redemption notice period of intra-daily. This type of investment primarily invests in short-term U.S. Treasury, government securities (including repurchase agreements collateralized by U.S. Treasury and government agency securities), agency mortgage-backed securities, and short-term high quality municipal obligations that provide income exempt from federal and California state income tax and federal alternative minimum tax.

SCERS Pension Trust Fund Deposits and Investment Risk Disclosures

Investment Policies

Article XVI, Section 17 of the Constitution of the State of California provides that "...notwithstanding any other provisions of law or this Constitution, the Retirement Board of a public pension or retirement system shall have plenary authority and fiduciary responsibility for investment of monies and administration of the system..." Article XVI, Section 17(a) further provides that "...the Retirement Board of a public pension or retirement system shall have sole and exclusive fiduciary responsibility over the assets..." The investment authority for SCERS rests primarily through the "prudent person rule," as set forth in Section 31595 of the 1937 Act, which establishes a standard for all fiduciaries, including anyone with investment authority on behalf of SCERS.

Asset Allocation:

SCERS maintains an overall investment policy designed to achieve a diversified investment portfolio. An integral part of the investment policy is the strategic asset allocation, which is designed to provide an optimal mix of asset classes with return expectations that correspond to expected liabilities. The strategic asset allocation also emphasizes maximum diversification of the portfolio to reduce the range of outcomes that the portfolio is subject, and to protect SCERS from the possibility that a particular asset class may experience poor investment performance in a given period. SCERS' adopted asset allocation policy as of June 30, 2024 is as follows:

<u>Asset Class</u>	<u>Target Allocation</u>
Equity	40.00 %
Fixed Income	18.00 %
Private Equity	11.00 %
Real Estate	9.00 %
Absolute Return	7.00 %
Real Assets	7.00 %
Private Credit	5.00 %
Cash	2.00 %
Liquid Real Return	1.00 %
	<u>100.00 %</u>

Investment Summary

Cash Invested with Sacramento County Treasurer:

SCERS invests cash held for benefit payments and general operations in the County Treasurer's pool. The County Treasury Oversight Committee is responsible for regulatory oversight of the pool. SCERS share of the County Treasurer's pool is separately accounted for, and interest earned, net of related expenses, is apportioned quarterly based on the proportion of SCERS average daily cash balance to the total of the pooled cash and investments.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

The value of SCERS pooled shares is determined on an amortized cost basis, which approximates fair value. The fair value of SCERS cash invested with the County Treasurer for both pension trust and custodial funds totaled \$8,766 at June 30, 2024. The pool was not rated, and the weighted-average maturity of the pool was 269 days at June 30, 2024.

Interest earned but not received from the County Treasurer at year end is reported as a component of accrued investment income on the Statement of Fiduciary Net Position. Cash and investments included within the County Treasurer's pool are described in the preceding section of this note.

Other Cash and Cash Equivalents:

At June 30, 2024, other cash and cash equivalents constituted balances in bank demand deposit accounts of \$20,463.

Short-Term Investments with Fiscal Agents:

Short-term investments, which include highly-liquid investments expected to be utilized by SCERS within 30-90 days, are reported at fair value. These investments may include securities that have a maturity in excess of 90 days but are readily marketable. At June 30, 2024, the fair value of SCERS short-term investments with fiscal agents was \$570,225. This total consisted of investments in the State Street Short-Term Investment Fund (STIF). The STIF is designed to provide qualified benefit plans with an investment vehicle that may be accessed on a daily basis. The STIF is limited to investing in securities that are rated A-1 by Moody's and P-1 by S&P at the time of issuance. As of June 30, 2024, the STIF is not rated by credit rating agencies. Most investments range in maturity from overnight to 90 days with 33 percent of the investment over 90 days. For the fiscal year ended June 30, 2024, the weighted-average maturity was 34 days.

Fair Value of Investments:

SCERS measures and records its investments using fair value measurement guidelines established by GAAP. These guidelines recognize a three-tiered fair value hierarchy, as follows:

Level 1 - Fair value is determined using unadjusted quoted prices in active markets for identical assets or liabilities accessible on the measurement date.

Level 2 - Fair value is determined using quoted prices in inactive markets or significant observable inputs (including, but not limited to, quoted prices for similar investments, interest rates, foreign exchange rates, volatility and credit spreads), either directly or indirectly. These inputs may be derived principally from, or corroborated by, observable market data through correlation or by other means.

Level 3 - Fair value is determined using unobservable inputs, including situations where there is little market activity, if any, for the asset or liability.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Equity Securities:

The majority of SCERS domestic and international equity securities are actively traded on major stock exchanges or over-the-counter (OTC). Investments listed or traded on a securities exchange are valued at fair value as of the close of trading on the valuation day. Fair value is determined based on the last reported trade price on the exchange considered to be the primary market for such security. Listed investments that are not traded on a particular day are valued at the last known price which is deemed best to reflect their fair value. Equity securities classified in Level 1 are valued using prices quoted in active markets for those securities.

Fixed Income Securities:

Debt securities consist of investments in customized separate accounts and commingled funds which primarily invest in negotiable obligations of the U.S. Government and U.S. Government-sponsored agencies, U.S. and non-U.S. corporations, securitized offerings backed by residential and commercial mortgages, and non-dollar denominated sovereign states. Debt securities that are not actively traded are valued by pricing vendors, which use modeling techniques that include market observable inputs required to develop a fair value, and are classified in Level 2. Typical inputs include recent trades, yields, price quotes, cash flows, maturity, credit ratings, and other assumptions based upon the specifics of the asset type.

Equity and Fixed Income Commingled Funds:

Certain equity and fixed income investments are invested in a commingled fund to provide dedicated exposure to a specific segment of the market and are valued at NAV. An example would be an emerging market equity mandate invested through a commingled fund, or a core plus fixed income mandate where SCERS receives the high yield credit exposure through a commingled fund that is managed by the investment manager. The most significant input into the NAV of such an entity is the value of its investment holdings. These holdings are valued by the fund manager on a continuous basis and audited annually. The valuation assumptions are based upon both market and property specific inputs which are not observable and involve a certain degree of expert judgment.

Investments Measured at the Net Asset Value (NAV):

Investments valued using the NAV per share (or its equivalent) are investments in nongovernmental pooled investment vehicles (i.e., limited partner or non-managing member interest or LP/LLC interest). These alternative investments, unlike more traditional investments, generally do not have readily obtainable fair values and are generally valued at the most recent net asset value per unit or based on capital account information available from the general partners of such vehicles. If June 30 valuations are not available, the value is derived from the most recently available valuation taking into account subsequent cash flow activities.

Absolute Return:

Absolute return investments are made on a direct basis in limited partnerships, commingled funds, and separate accounts, and through externally managed customized separate accounts (CSA). Each CSA manager's investments consist of portfolio funds and co-investments as well as marketable securities held from time to time as a result of a distribution from a portfolio fund.

Absolute return investments include commingled funds that invest in domestic and international investment strategies including: (1) Market neutral strategies such as equity or fixed income market neutral, fixed income arbitrage, and convertible bond arbitrage; (2) Event driven strategies such as risk arbitrage, merger arbitrage, distressed debt, credit, and other event-driven strategies; (3) Equity and credit long/short strategies where there is a combination of long and short positions primarily in exchange traded securities, with a net market exposure less than 100% of that of the overall equity or fixed income market (strategies may be focused on U.S., non-U.S., and/or specialty mandates); (4) Global Macro strategies such as all market portfolios, opportunistic long-only, managed futures, currency, dedicated short selling strategies or other specialty strategies; and (5) Multi-strategies where absolute return managers invest using a combination of previously described strategies.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

Absolute return investments are generally less liquid as compared to equity and fixed income and more liquid as compared to private market investments, such as real assets, real estate, private credit, and private equity. Direct absolute return investments consist of securities traded on national security exchanges, as well as securities that do not have readily determinable fair values (illiquid securities). For CSAs, the fund manager's evaluation of the fair value of portfolio funds is based on the most recent available valuation information provided to them by the portfolio funds, adjusted for subsequent distributions from and capital contributions to such portfolio funds, if any.

Typically, the fair value of investments is determined by the fund manager in good faith and in compliance with the following guidelines:

- The value of illiquid investments is determined by the fund manager in good faith and in compliance with the definition of fair value under U.S. GAAP; however, in some circumstances certain illiquid investments may require reporting financial information and valuations in accordance with accounting standards other than U.S. GAAP, such as under International Financial Reporting Standards.
- Securities that are traded on a national securities exchange are valued at their last reported sales prices on the valuation date on the national securities exchange on which such securities are principally traded or on a consolidated tape which includes such exchange, or, if there are no sales on such date on such exchange or consolidated tape, securities are typically valued at the mean between the last "bid" and "asked" prices at the close of trading on such date on the largest national securities exchange on which such securities are traded.
- Securities not traded on a national securities exchange, but traded over-the-counter, are valued at the last reported sales price as reported by the Nasdaq National Market of the Nasdaq Stock Market, or if such prices are not reported by the Nasdaq Stock Market, as reported by the National Quotation Bureau, Inc., or if such prices are not reported by the National Quotation Bureau, the valuation of options or notional principal contracts not traded on a national securities exchange may be determined in good faith by a reliable source selected by the fund manager.
- Commodity interests traded on a United States or foreign exchange are valued at their last reported settlement price on the valuation date on the exchange on which such interests were purchased or sold. Commodity interests not traded on a United States or foreign exchange are valued at the mean between their last "bid" and "asked" prices on the date as of which the value is being determined, as reported by a reliable source selected in good faith by the fund manager.
- Short-term money market instruments and bank deposits are valued at cost plus accrued interest to the date of valuation.

Real Assets and Real Estate:

Real assets and real estate investments are held in limited partnerships. Limited partner interest is valued using the NAV of the partnership. Core and core plus real estate is held typically as a limited partner in a commingled fund and is valued at NAV. The most significant input into the NAV of such an entity is the value of its investment holdings. These holdings are valued by the general partners on a continuous basis, audited annually, and periodically appraised by an independent third party. The valuation assumptions are based upon both market and property specific inputs which are not observable and involve a certain degree of expert judgment. Real assets and real estate investments are held in open-ended and closed-ended commingled funds. Closed-ended commingled funds are long-term and illiquid in nature. As a result, investors are subject to redemption restrictions which generally limit distributions and restrict the ability of limited partners to exit a partnership investment. These investments cannot be redeemed with the funds unless sold in a secondary market. Distributions from each fund will be received as the underlying investments of the funds are liquidated. It is expected that the underlying assets of the funds will be liquidated over 2 to 15 years.

Private Credit and Private Equity:

Private credit investments include direct limited partnerships, commingled funds, and separate accounts that invest in direct lending, and opportunistic lending strategies. Private equity investments include limited partnerships, commingled funds, and fund of funds (FoF) that invest in domestic and international private buyouts, venture capital, growth equity, and distressed debt. Private credit and private equity investments are made both on a direct basis in limited partnerships, commingled funds, separate accounts, and through externally managed FoF. Each FoF manager's investments consist of portfolio funds and co-investments as well as marketable securities held from time to time as a result of a distribution from a portfolio fund.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

These investments are long-term and illiquid in nature. As a result, limited partners are constrained in their ability to exit a partnership investment prior to its dissolution, other than selling their interest in a private equity secondary market. Distributions are received through cash flows and the liquidation of the underlying assets of the fund. It is expected that the underlying assets of the fund would be liquidated over 8 to 15 years.

Limited partner interest in commingled funds is valued by using the NAV of the partnership. The most significant input into the NAV of such an entity is the value of its investment holdings. These holdings are valued by the general partners on a recurring basis, audited annually, and periodically appraised by an independent third party.

Typically, the fair value of all investments is determined by the fund manager in good faith and in compliance with the definition of fair value under U.S. GAAP. In some circumstances, partnership agreements require reporting financial information and valuations in accordance with accounting standards other than U.S. GAAP, such as under International Financial Reporting Standards. The measure of fair value by the fund manager is typically conducted on a quarterly basis. Marketable securities are valued according to the most recent public market price with appropriate discounts to reflect any contractual or regulatory restriction upon sale.

The fair value of each investment as reported does not necessarily represent the amount that may ultimately be realized, since such amounts depend upon future circumstances that cannot reasonably be determined until the position is actually liquidated. The evaluation of the fair value of portfolio funds is based on the most recent available valuation information provided by each fund, adjusted for subsequent distributions from and capital contributions to such portfolio funds, if any. The evaluation of the fair value of co-investments is based on the most recent information available at the time of valuation ascribed to such investments by the sponsor partnership. If the manager does not agree with this valuation, holds different securities than the sponsor partnership, is unable to obtain the sponsor partnership's valuation, or has information that results in a different valuation, the manager may use their own internal evaluation of fair value. The assumptions are based upon the nature of the investment and the underlying business. The valuation techniques vary based upon investment type and involve a certain degree of expert judgment.

Investment Derivative Instruments:

The fair values of derivative contracts can be affected by changes in interest rates, foreign exchange rates, commodity prices, credit spreads, market volatility, expected return, liquidity and other factors. The majority of SCERS derivative instruments are traded in the Over The Counter (OTC) derivative market and are classified within Level 2. OTC derivatives classified within Level 2 are valued using models that utilize actively quoted or observable market input values from external market data providers, third-party pricing vendors and/or recent trading activity. The fair values of OTC derivatives for swaps and forward contracts are determined using discounted cash flow models. The fair values of option contracts and warrants are determined using Black-Scholes option pricing models. These models' key inputs include the contractual terms of the respective contract along with significant observable inputs, including interest rates, currency rates, credit spreads, equity prices, index dividend yield, volatility, and other factors. The fair value of rights is calculated using the same parameters used for pricing options, including the rights' subscription price, prevailing interest rates, time to expiration, and the share price of the underlying stock, taking into consideration the level of its volatility. Futures positions are exchange traded and settle in cash on a daily basis and thus have no fair value.

Annual Money-Weighted Rate of Return:

The money-weighted rate of return expresses investment performance, net of investment expenses, adjusted for the changing amounts actually invested. For the fiscal year ended June 30, 2024, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expenses, was 8.87 percent.

Securities Lending

State statutes permit SCERS to participate in securities lending transactions and, pursuant to a Securities Lending Authorization Agreement, SCERS has authorized State Street Bank and Trust Company (State Street) to act as its agent in lending SCERS securities to broker-dealers and banks pursuant to an approved loan agreement.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

During the fiscal year ended June 30, 2024, on behalf of SCERS, State Street loaned securities held by State Street as custodian, including U.S. government and agency obligations, domestic corporate bonds, and domestic and international equities and received, as collateral, U.S. and foreign currency, U.S. government bonds, U.S. corporate bonds, U.S. equity, and international equity securities. SCERS does not have the ability to pledge or sell security collateral absent a borrower's defaults. Borrowers are required to deliver collateral for each loan equal to a minimum of 100% of the fair value of the loaned security.

During the fiscal year ended June 30, 2024, SCERS did not impose any restrictions on the amount of the loans that State Street made on its behalf and there were no failures to return loaned securities or pay distributions thereon by any borrowers. Moreover, there were no losses resulting from a default of the borrowers or State Street.

SCERS and the borrowers maintained the right to terminate all securities lending transactions on demand. The cash collateral received on each loan was invested, together with the cash collateral of other qualified tax-exempt plan lenders, in a collective investment pool. Because the loans were terminable at will, their duration did not generally match the duration of the investments made with cash collateral. Since the collateral received from the borrowers was greater than the amounts borrowed, SCERS had minimal credit risk exposure to the borrowers. Furthermore, the lending agreement with State Street requires the custodian to indemnify SCERS if the borrower fails to return the loaned securities.

Additional information regarding the cash collateral investment pool (collateral pool) follows:

Method for Determining Fair Value - The fair value of investments held by the collateral pool is based upon valuations provided by a recognized pricing service.

Policy for Utilizing Amortized Cost Method - Because the collateral pool does not meet the requirements of Rule 2a-7 of the Investment Company Act of 1940, State Street has valued the collateral pool investments at fair value for reporting purposes.

Regulatory Oversight - The collateral pool is not registered with the Securities and Exchange Commission. State Street, and consequently the investment vehicles it sponsors (including the collateral pool), are subject to the oversight of the Federal Reserve Board and the Massachusetts Commissioner of Banks. The fair value of SCERS position in the collateral pool is the same as SCERS pro rata share of the collateral pool.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Collateral and related securities on loan at June 30, 2024 is as follows:

Security Description	Fair Value of Reinvested Cash Collateral	Cash Collateral Value	Non-Cash Collateral Value	Fair Value of Securities on Loan
Fixed Income	\$ 210,107	204,906	72,878	277,559
Equity	73,470	71,253	23,667	95,380
Total	<u>\$ 283,577</u>	<u>276,159</u>	<u>96,545</u>	<u>372,939</u>

Securities Lending Collateral Credit Risk:

All of the cash collateral received for securities lending is invested in the State Street Compass Fund Liquidity Pool (Compass Fund), which is not rated by credit rating agencies. At the time of purchase, all securities with maturities of 13 months or less must be rated at least A1, P1 or F1 and all securities with maturities in excess of 13 months must be rated A- or A3 by any two of the nationally-recognized statistical rating organizations or, if unrated, be of comparable quality. The fund may invest in other State Street managed vehicles provided they conform to the guidelines.

Securities Lending Collateral Interest Rate Risk:

The Compass Fund's Investment Policy Guidelines provide that the lending agent shall maintain the dollar-weighted average maturity of the Compass Fund in a manner that the lending agent believes is appropriate to the objective of the Compass Fund, provided that (i) in no event shall any Eligible Security be acquired with a remaining legal final maturity of greater than 18 months, (ii) the lending agent shall maintain a dollar-weighted average maturity of the Compass Fund not to exceed 75 calendar days and (iii) the lending agent shall maintain a dollar-weighted average maturity to final of the Compass Fund not to exceed 180 calendar days. As of June 30, 2024, the weighted average maturity was 15.86 days.

Deposit and Investment Risks:

Pursuant to GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, the following schedules disclose SCERS investments subject to certain types of risk.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to a debt instrument will not fulfill its obligations. This is measured by the assignment of ratings by nationally-recognized statistical rating organizations. The ratings used to determine the quality of the individual securities are the ratings provided by S&P. If there are no ratings provided by S&P, then the ratings provided by Moody's and Fitch Ratings are used, respectively.

SCERS utilizes external investment managers to manage its portfolios. SCERS' Investment Policy specifies that fixed income investments will include both active and passive index investments in U.S. Treasury and agency securities, corporate bonds, mortgage-backed and asset-backed securities and non-dollar denominated sovereign and corporate debt.

SCERS' portfolio is comprised of actively-managed investment strategies in which each strategy will have a minimum average credit quality rating by a Nationally Recognized Statistical Rating Organization (NRSRO). Portfolio diversification is constrained by investment guideline parameters for each individual strategy in order to minimize overall market and credit risk.

NA represents securities explicitly guaranteed by the U.S. government, which are not subject to the GASB Statement No. 40 credit risk disclosure requirements.

NR represents securities that are not rated.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. As of June 30, 2024, SCERS had no single issuer that exceeds 5% of total investments per GASB Statement No. 40 disclosure requirements or any one issuer which represents 5% or more of total fiduciary net position in accordance with GASB Statement No. 67. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are exempt from the disclosure requirements.

SCERS investment policy does not allow more than 5% of the total portfolio fair value to be invested in any one issuer, and as of June 30, 2024, SCERS had no issuer that exceeds 5% of total portfolio fair value. As noted in the previous discussion of credit risk, manager investment guidelines place limitations on the maximum holdings in any one issuer.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event a financial institution or counterparty fails, SCERS would not be able to recover the value of its deposits, investments, or securities. As of June 30, 2024, the bank balance of cash and cash equivalents on deposit with SCERS' custodian bank and financial institutions totaled \$11,600, of which \$11,400 was not insured by the Federal Depositary Insurance Corporation (FDIC) and were exposed to custodial credit risk. SCERS believes that the risk is not significant because the cash is held with major financial institutions.

As of June 30, 2024, deposits held in SCERS name for the margin accounts of \$9,000 was not insured or not collateralized, and these deposits were exposed to custodial credit risk.

As of June 30, 2024, 100% of SCERS investments held with the custodian were held in SCERS name, and SCERS is not exposed to custodial credit risk related to these investments. There are no general policies relating to custodial credit risk.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Due to custodian report changes, SCERS has modified its methodology used in prior years from effective duration to weighted average maturity (WAM) beginning July 1, 2023. SCERS employs the WAM method to assess and disclose its interest rate risk. WAM measures the average time securities in the investment portfolio reach maturity, with each security's maturity date weighted by its market value. This approach helps to quantify the sensitivity of the portfolio to changes in interest rates. Securities with longer maturities typically exhibit greater price sensitivity to interest rate fluctuations.

The following tables depict the duration in years of the long-term fixed income portfolio vs. the benchmark as of June 30, 2024.

<u>Types of Securities</u>	<u>Fair Value</u>	<u>Weighted Average Maturity (Years)</u>
Securitized Obligations		
Asset-Backed Securities	\$ 372,577	1.07
Credit Obligations		
Corporate Bonds	256,894	1.08

(amounts expressed in thousands)

Highly Sensitive Investments

As of June 30, 2024, SCERS' investments included Collateralized Mortgage Obligations and Mortgage Pass-Through securities totaling \$701,577. These securities are highly sensitive to interest rate fluctuations in that they are subject to early payment in a period of declining interest rates. The resulting reduction in expected total cash flows affects the fair value of these securities.

As of June 30, 2024, total commodities investments were \$24,900. The investments consist of commodity futures hedge fund-of-funds and exposure through a customized, diversified real assets strategy.

Spot commodity prices have historically been a poor investment and have declined in real terms. However, investment in collateralized commodity futures can provide higher returns. The futures market is an efficient way for producers to hedge price risk by forward-selling commodities at lower prices relative to spot prices to investors and speculators generating a roll yield (backwardation).

In general, commodities are volatile investments that are prone to large price spikes. By investing in commodity futures, investors get exposure to short-term price movement and risk, as well as long-term price trends. This price volatility and the need for producers to hedge their production provides the fundamental rationale for why investment managers pay the risk premium to speculators and long-only investors in the commodity markets.

Derivative Instruments

SCERS investment portfolios contain individual securities as well as investments in external investment pools. SCERS investment policy allows investment managers to use derivative instruments for certain purposes and within certain parameters. Such instruments include futures contracts, currency forward contracts, option contracts, swap agreements, and rights and warrants. SCERS uses derivative instruments to minimize the exposure of certain investments to adverse fluctuations in financial and currency markets, as an alternative to investments in the cash market in which the manager is permitted to invest, and as an additional yield curve and/or duration management strategy. SCERS does not use derivative instruments for speculative purposes or to create leverage, however, this does not apply to investments in external pools. As of June 30, 2024, the derivative instruments held by SCERS are considered investments and not hedges for accounting purposes. The gains and losses arising from this activity are recognized as incurred in the Statement of Changes in Fiduciary Net Position.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

The table below presents the related net appreciation/(depreciation) in fair value, the fair value and the notional value of derivative instruments outstanding at June 30, 2024:

Investment Derivative Instruments	Net Appreciation/ (Depreciation) in Fair Value of Investments	Financial Statement Classification	Fair Value	Notional
Forwards	\$ 678	Investment Sales and Other	136	77,438
Futures	(28,469)	Investment Sales and Other		609,609
Options	226	Investment Purchases and Other	(81)	(4,998)
Rights/Warrants	27	Investment Sales and Other		
Swaps	815	Investment Purchases and Other	589	98,020
Total Derivative Instruments	<u>\$ (26,723)</u>		<u>644</u>	

Futures contracts are financial instruments that derive their value from underlying indices or reference rates and are marked-to-market at the end of each trading day. Daily settlement of gains and losses occur on the following business day. As a result, the instruments themselves have no fair value at June 30, 2024, or at the end of any trading day. Daily settlement of gains and losses is a risk control measure to limit counterparty credit risk. Futures variation margin amounts are settled each trading day and recognized in the financial statements under Investment income, net as they are incurred.

Forward contracts are obligations to buy or sell a currency or other commodity at a specified exchange rate and quantity on a specific future date. The fair value of the foreign currency forwards is the unrealized gain or loss calculated based on the difference between the specified exchange rate and the closing exchange rate at June 30, 2024.

Counterparty Credit Risk:

The tables below presents the counterparty credit ratings of SCERS non-exchange traded investment derivative instruments outstanding and subject to loss at June 30, 2024:

S&P Rating	Forwards	Swaps	Total
A	\$ 3		3
A-	72		72
A+	213	128	341

Total investments in Asset/(Liability) Position	<u>\$ 136</u>	<u>291</u>	<u>427</u>

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

SCERS could be exposed to risk if the counterparties to derivative instruments are unable to meet the terms of the contracts. SCERS investment managers seek to control this risk through counterparty credit evaluations and approvals, counterparty credit limits, and exposure monitoring procedures. SCERS anticipates that the counterparties will be able to satisfy their obligations under the contracts.

The aggregate fair value of investment derivative instruments in an asset position subject to counterparty risk at June 30, 2024, was \$760. This represents the maximum loss that would be recognized at the reporting date if all counterparties failed to perform as contracted. SCERS did not have any master netting agreements with its counterparties at June 30, 2024, except that certain investment managers used netting arrangements at their discretion to minimize counterparty risks. The above schedules present exposure for similar instruments with the same counterparty on a net basis.

At June 30, 2024, SCERS did not have any significant exposure to counterparty credit risk with any single party.

Interest Rate Risk:

At June 30, 2024, SCERS is exposed to interest rate risk on its derivative instruments as presented in the following tables:

Investment Type	Total Fair Value	Investment Maturities (in years)			
		Less Than 1	1-5	6-10	More than 10
Credit Default Swaps Bought	\$ (24)		(24)		
Credit Default Swaps Written	128		128

FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

NOTE 7 - LEASES & SBITAS

Lease Income and Receivables

The County leases out several of its buildings and land. Most leases have initial terms of up to 20 years, and contain one or more renewal provisions at the option of the County, generally for 3 or 5 year periods. The County has generally included these renewal periods in the lease term when it is reasonably certain that the renewal option(s) will be exercised. The County's lease arrangements do not contain any material residual value guarantees. As the interest rate implicit in the County's leases is not readily determinable, the County utilizes its incremental borrowing rates, ranging from 0.20 percent to 5.00 percent depending on lease maturity dates, to measure the present value of the lease payments expected to be received during the lease term period.

Although the County is exposed to changes in the residual value at the end of the current leases, the County typically enters into new leases and therefore will not immediately realize any reduction in residual value at the end of its leases.

Minimum lease payments receivable on leases of properties and equipment are as follows:

For the Fiscal Year ending June 30, 2024	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2025	\$ 1,700	476	5,912	583

<u>For the Fiscal Year ended June 30, 2024</u>	<u>Governmental Activities</u>	<u>Business-type Activities</u>
Lease revenue	\$ 2,292	7,134
Interest revenue	349	696

The County's Airports Department has contracts which qualify to be treated as regulated leases in accordance with the requirements of GASB Statement No. 87. Regulated leases for airports are not subject to GASB Statement No. 87 financial reporting rules and are governed by the Federal Aviation Administration (FAA). Regulated leases include Airline Use and Lease Agreements (ULA), which address the rights, services, and privileges, including the lease of preferentially-assigned gates, which an airline has in connection with the use of the airport and its facilities. The Airports Department has 26 preferential and 6 common use gates. Of the 26 preferential gates, 15 are located in the Airport's Terminal B and 11 in Terminal A. There are 6 airlines with preferential gates. Other regulated leases include the lease of ground, terminal, hangar, and other premises. The Airports Department has not issued any debt for which the principal and interest payments are secured by lease payments.

The County recognized \$75,559 of total amount of inflows of resources during the current fiscal year related to these arrangements. The amount of inflows of resources recognized in the current fiscal year for variable payments is \$6,882.

As of June 30, the remaining amount of expected future payments under these contracts/arrangements amounts to \$301,401, which is expected to be received for each of the subsequent five years and in five-year increments thereafter, as stated below.

<u>For the Fiscal Year ending June 30</u>	<u>Expected Future Minimum Payments</u>

(amounts expressed in thousands)

Lease Payable

As a lessee, the County is obligated under leases covering buildings, land, and equipment that expire at various dates during the next 18 years.

The County entered into various contracts as lessee primarily for office space, land, heavy equipment, and office equipment. Most of the contracts have initial terms of up to 20 years, and some renewal options, generally for an additional one to five-year periods. The County included these renewal periods in the lease term when it is reasonably certain that the renewal option(s) will be exercised. The County's lease contracts generally do not include termination options for either party to the lease or restrictive financial or other covenants. Certain real estate leases require additional payments for common area maintenance, real estate taxes and insurance, which are expensed as incurred. The County's lease arrangements do not contain any material residual value guarantees. As the interest rate implicit in the County's leases is not readily determinable, the County utilizes its incremental borrowing rate to discount the lease payments, ranging from 0.28 percent to 3.43 percent depending on lease maturity dates, to measure the present value of the lease payments expected to be paid during the lease term period.

The future principal and interest lease payments as of June 30, 2024 are as follows:

For the Fiscal Year ending June 30	Governmental Activities		Business-type Activities		Component Unit First 5 Commission	
	Principal	Interest	Principal	Interest	Principal	Interest
2025	\$ 33,123	4,217	4,735	327	103	3
2026	33,850	3,764	3,744	231	107	2
2027	33,017	3,282	2,934	140	110	2
2028	29,746	2,818	2,126	73	85	
2029	27,924	2,353	1,096	30		
2030-2034	106,045	5,556	1,589	30

(amounts expressed in thousands)

SBITAs Payable

The County entered into various Subscription-Based Information Technology Arrangements (SBITAs). Most of the contracts have initial three-year terms, and the remainder of the contracts contain terms which range from two to ten years. Some contracts contain renewal options, generally for an additional one to five-year periods. The County included these renewal periods in the SBITA term when it is reasonably certain that the renewal option(s) will be exercised. Many of the County's SBITA contracts also include options to extend contract terms upon mutual agreement with the vendor, and some contracts contain termination options where either party may terminate the contract at any time for any reason. Such period(s) are excluded from the subscription terms. Certain SBITAs require additional payments for infrastructure technology (IT) support, training, and maintenance fees, which are expensed as incurred. As the interest rate implicit in the County's SBITAs is not readily determinable, the County utilizes its incremental borrowing rate to discount the SBITA payments, ranging from 1.87 percent to 3.43 percent depending on SBITA maturity dates, to measure the present value of the SBITA payments expected to be paid during the lease term period.

The County entered into a SBITA contract with Grant Street Group in February 2023 to provide property tax processing software for a period of ten years. Currently, this SBITA is in the implementation stage and is expected to be placed into service by September 2025. The County recognized initial implementation costs as a prepaid SBITA asset in the amount of \$12,418 and will capitalize these costs as an addition to the subscription asset once it is placed into service. Total implementation costs are expected to be \$26,301.

The future principal and interest SBITA payments as of June 30, 2024 are as follows:

For the Fiscal Year ending June 30	Governmental Activities		Business-type Activities		Component Unit First 5 Commission	
	Principal	Interest	Principal	Interest	Principal	Interest

Pension Obligation Bonds - Direct Placement:

County of Sacramento Pension Obligation Bonds issued June 2, 2023, \$180,740 of Series 2023 Taxable Pension Refunding Bonds. The County issued the Series 2023 Bonds to refund and defease \$179,315 of the Series 2008 Taxable Pension Refunding Bonds and to pay for the costs of issuance of the Series 2023 Bonds. Principal payments on the Series 2023 Bonds are due July 10, 2024 through July 10, 2030, escalating from \$680 to \$47,695, with an interest rate of 6.375 percent attributable to \$166,950 current swap principal and an interest rate of 4.122 attributable to \$13,790 new swap principal. See Note 9, Derivatives - Interest Rate Swaps. The deferred outflows on refunding for the Series 2008 Taxable Pension Refunding Bonds amounted to \$2,176 attributable to the existing swap and \$155 to the new swap. These amounts will be amortized through July 10, 2030. The bonds contain a provision that if payment goes into default, the interest rate on the Bonds shall increase to the Default Rate until the event of default has been cured. The Default Rate is four percent plus a rate of interest per annum equal to the highest of (a) the Prime Rate plus one percent, (b) the Federal Funds Rate plus two percent and (c) seven percent.

Revenue Bonds:

On February 18, 2021, the Tobacco Securitization Authority of Northern California issued \$230,706 of Series 2021 Refunding bonds. The Authority used the proceeds from the issuance of the Series 2021 Refunding Bonds, together with other available funds, to refund on a current basis \$264,391 of the Authority's outstanding Tobacco Settlement Asset-Backed Series 2005 Bonds through defeasance and redemption, and fund a deposit to the Senior Liquidity Reserve Account held under the Indenture and pay costs of issuance in connection with the issuance of the Series 2021 Bonds. The Series 2021 Refunding Bonds are payable solely from pledged Tobacco Settlement Revenues and interest earnings on amounts on deposit. The Authority issued \$124,625 of Series 2021A Senior Current Interest Bonds. The Series 2021A Serial Bonds are for \$87,120 with interest rates ranging from 3.0 percent to 5.0 percent and a final maturity date of June 1, 2040. The Series 2021A Term Bonds are for \$37,505 with an interest rate of 4.0 percent and a final due date of June 1, 2049. The Authority issued \$35,000 for the Series 2021B-1 Class 2 Current Interest Bonds. The first Series 2021B-1 turbo Term Bonds are for \$7,500 with an interest rate of 0.45 percent, with an expected final turbo redemption date of June 1, 2022, with a due date of June 1, 2030. The second Series 2021B-1 Turbo Term Bonds are for \$27,500 with an interest rate of 4.0 percent, with an expected final turbo redemption date of June 1, 2027, with a due date of June 1, 2030. The Authority issued \$71,081 for the Series 2021B-2 Class 2 Senior Capital Appreciation Bonds with an interest rate of 3.75 percent, with an expected final turbo redemption date of June 1, 2043, with a due date of June 1, 2060. The bonds contain a provision that in an event of default, the timing of repayment of outstanding amounts become immediately due if the Authority is unable to make payment.

\$ 190,806

The Sacramento County Public Financing Authority (PFA) issued three series of Revenue Bonds issued December 23, 2003 totaling \$54,921, for the purpose of allowing the PFA to finance four redevelopment projects in designated redevelopment project areas in the City and County of Sacramento. The net proceeds were then in turn loaned to the County and City. The sources of repayment of the bonds are distributions made by the County's Redevelopment Property Tax Trust Fund (RPTTF). Total principal and interest remaining on the bonds is \$29,150, payable through December 2033. For the current year, principal and interest paid and total incremental tax revenues were \$2,300 and \$997, respectively. The PFA issued \$33,696 of Series A Mather/McClellan and Del Paso Heights project areas improvements. The series includes \$13,940 in serial bonds, maturing from December 2004 to 2022, with interest rates ranging from 2.0 percent to 5.0 percent. In addition, \$8,165 in term bonds were issued with a stated rate of 5.125 percent maturing in December 2028. Another term bond of \$9,065 was issued with a stated interest rate of 4.75 percent which matures in December 2033. Finally, \$2,526 in capital appreciation bonds were issued with a stated interest rate ranging from 5.18 percent to 5.58 percent that mature from December 2020 to 2030. The PFA issued \$8,345 of Series B Mather/McClellan Housing Project. The issue consists of four term bonds ranging in value from \$670 to \$4,450. The bonds mature from 2008 through 2033. Stated interest rates range from 3.82 percent to 6.26 percent.

Sacramento County Public Financing Authority (PFA) issued two series of Tax Allocation Revenue Bonds on March 5, 2008, totaling \$48,545, for the purpose of loaning the proceeds to the Sacramento Housing and Redevelopment Agency. The loan proceeds will finance redevelopment activities, including low and moderate income housing in the designated redevelopment project area in the County of Sacramento. The source of repayment of the bonds is tax increment and/or housing set-aside tax increment revenues, depending upon the project. The 2008 loans are issued on parity to the outstanding 2003A and 2003B loans. The loans are sized to satisfy the coverage and cash flow requirements of the project area wrapping around parity debt. Payment of debt service on the Bonds is insured by Assured Guaranty. Total principal and interest remaining on the bonds is \$55,439, payable through December 2038. For the current year, principal and interest paid and total RPTTF distributions were \$1,025 and \$1,960, respectively. The PFA issued \$24,765 of Series A Mather/McClellan (Tax Exempt) Redevelopment Area improvements. The bonds were structured with one serial maturity in 2028 and three term bonds. The \$950 2028 serial bonds were priced with a 4.5 percent coupon to yield 4.66 percent. The \$4,930 2032 term bond was priced with a 4.625 percent coupon to yield 4.8 percent. The \$18,885 2038 term bond was split into two: \$5,000 was priced with a 5.0 percent coupon to yield 4.76 percent; the balance of \$13,885 was priced with a 4.625 percent coupon to yield 4.85 percent. The PFA issued \$23,780 of Series B Mather/McClellan (Taxable) Redevelopment Area and Housing Project. The bonds were structured with serial maturities in 2008 through 2014 and three term bonds - all sold as par bonds with coupon equal to yield. Yields on the \$4,500 serials ranged from 3.33 percent in 2008 to 4.52 percent in 2014. The \$2,815 2018 term bonds were priced to yield 5.317 percent; the \$9,795 2028 term bonds were priced to yield 6.227 percent; and the \$6,670 term bonds were priced to yield 6.577 percent. The bonds contain a provision that in an event of default, the timing of repayment of outstanding amounts become immediately due if the PFA is unable to make payment.

Redevelopment agencies were dissolved as of January 31, 2012. See Note 22 – Successor Agency Trust for Assets of Former Redevelopment Agency.

Principal payments on both Series are due December 1st through final maturity in 2038. Interest payments are due on June 1st and December 1st. The tax-exempt Series A bonds maturing on or after December 1, 2019 are subject to redemption in whole, or in part among such maturities as designated by the PFA. The taxable Series 2008B Bonds are subject to optional redemption on any date, with a “make-whole premium” determined at the time of optional redemption on the basis of the value of debt service otherwise due on the redeemed bonds discounted at the comparable Treasury yield plus 12.5 basis points.

Litigation liability:

On November 19, 2009, the Regents of the University of California (Regents) filed an action against the County of behalf of its University of California, Davis Health System (UCD), for breach of contract and for a Peremptory Writ of Mandate.

The Petition's causes of action for breach of contract were brought under the following two theories: 1) that UCD had an implied contract with the County - UCD claims that the alleged contract with UCD was manifested by the conduct of the County in its execution of the County's contract with Benefit and Risk Management Services (BRMS); and 2) that UCD is a "third party beneficiary" of the County's contract with BRMS. Pursuant to these theories, UCD alleges the County must pay for hospital care rendered to County Medically Indigent Services Program (CMISP) patients that were referred to UCD hospital.

The County entered into a settlement agreement with UCD in November 2017, with the County agreeing to pay a net amount of \$93,620 plus interest over a 15 year period. Payments made in the first 11 fiscal years, which include principal and interest, range from \$7.7 million to \$8.2 million, with the first payment having commenced on July 1, 2018. The remaining principal balance after the 11th payment will be paid in 5 equal annual payments starting on July 1, 2029 at an interest rate equal to the 5-year Treasury bill rate plus 6 percent, with a cap of 9.5 percent. As of June 30, 2024, the outstanding balance is \$60,093. In the case of default, UCD will provide notice of any perceived default and breach within 15 days of such default. Unless default is cured within 45 days of notice, the parties also agree that, time being of the essence, the entire unpaid portion of the settlement amount plus all then accrued and deferred interest (the "default amount") shall become immediately due and payable to UCD, which day shall be the "acceleration date." Also, the prejudgment interest will immediately begin to accrue on the default amount from the acceleration date at the rate of 9.5 percent.

Business-type Activities:

Revenue, Passenger Facility Charges (PFC) and Subordinate Revenue Bonds:

On May 9, 2007, Sacramento County Water Financing Authority issued \$184,500 of serial 2007A (Fixed Rate) series and \$228,920 of term series 2007B (Index Rate) Revenue Bonds. The interest rate on the 2007A bonds is 5.0 percent. The variable interest rates on the 2007B bonds range from 4.313 percent to 4.333 percent at June 30, 2024. Proceeds from this debt issue were used to finance or reimburse the costs of acquisition and construction of certain additions, betterments, and improvements to the Water Agency's Water System and to advance refund the majority of the 2003 revenue bonds, which have been subsequently paid in full. Principal payments on the Series 2007B bonds are due June 1, 2024 through June 1, 2039 ranging from \$2,065 to \$21,675. The Water Agency entered into a swap agreement effective May 9, 2007 on the Series 2007B bonds fixing the interest rate between 4.193 percent to 4.221 percent. See Note 9, Derivatives - Interest Rate Swaps. Outstanding principal and related accrued interest shall become due and payable upon the occurrence of an event of default such as a debt service payment default or noncompliance with bond covenants pursuant to the Master Indenture.

\$ 225,030

On October 31, 2019, the Sacramento County Water Financing Authority issued \$88,790 of Revenue Bonds for the Sacramento County Water Agency Zones 40 and 41 2019 Refunding Project Series. The Series 2019 Bonds were issued to refund and defease \$103,185 of outstanding debt for Sacramento County Water Agency Zones 40 and 41 2007A (Fixed Rate) Series Water System Project Revenue Bonds. Principal payments on the Series 2019 bonds are due June 1, 2024 through June 1, 2028 and range from \$7,115 to \$10,900, with an interest rate of 5 percent. Outstanding principal and related accrued interest shall become due and payable upon the occurrence of an event of default such as a debt service payment default or noncompliance with bond covenants pursuant to the Master Indenture.

38,290

On February 1, 2022, the Sacramento County Water Financing Authority issued \$81,215 of Water Agency Revenue Bonds, Series 2022A for the Sacramento County Water Agency Zones 40 and 41 Interim Financing. The proceeds of the Series 2022A Bonds are used to finance on an interim basis a portion of costs of the Arden Service Area Distribution System Pipe Realignment and Meter Installation Project, which will provide for improvements in the Arden Service Area. Interest payments on the Series 2022A are due on June 1 and December 1 of each year, commencing on June 1, 2022, with an interest rate of 4 percent and ending on November 1, 2025 with a final principal payment of \$81,215. The Agency and the Authority have entered into a Water Infrastructure Finance and Innovation (WIFIA) Credit Agreement with the United States Environmental Protection Agency on December 8, 2021. The Agency expects to draw on the WIFIA Credit Agreement to reimburse it for eligible project costs thereby providing funds to pay the principal of the Series 2022A Bonds at maturity or early redemption. In the event of default, the Authority or the Agency would likely need to issue bonds, notes or other obligations to pay the principal of the Series 2022A bonds. Debt service on such bonds, notes or other obligations could be materially higher than payments on the WIFIA Credit Agreement.

81,215

On May 1, 2008, the County issued \$496,195 of Department of Airports Senior Revenue Bonds, Series A, B and C, and \$89,430 of Airport Subordinate and PFC Revenue Refunding Bonds, Series D and E. Series 2008A fully refunded Series 1992B Bonds, Series 1998A Bonds and advance refunded Series 2002A Bonds. Series 2008A also provided \$56.5 million to finance a portion of the costs of Terminal Modernization Program at the Sacramento International Airport. Series 2008B refunded 45.4 percent of the Series 2006A Bonds and provided \$266.5 million to finance a portion of the costs of Terminal Modernization Program at Sacramento International Airport. Series 2008C advance refunded Series 2002B Bonds. Series 2008D fully refunded Series 1998B Bonds. Series 2008E refunded 54.6 percent of the Series 2006A Bonds.

(amounts expressed in thousands)

Amount
Outstanding at
June 30, 2024

On July 28, 2009, the Department of Airports issued additional bonds in the amount of \$480,050 to continue the financing of the Terminal Modernization Program, Department of Airports Senior Revenue Bonds Series 2009A \$31,115, and Series 2009B \$170,685; Subordinate and PFC/Grant Revenue Bonds Series 2009C \$112,860, and Series 2009D \$165,390. The Department of Airports issued the Series 2009 Senior Bonds as Senior Obligations pursuant to the Master Indenture approved on May 1, 2008, and Third Supplemental Indenture, approved on July 1, 2009. On August 25, 2010, the County issued additional Department of Airports Senior Revenue Bonds in the amount of \$128,300 to complete the financing of the Terminal Modernization Program. The Series 2010 Senior Bonds were issued pursuant to the Master Indenture approved on May 1, 2008, as supplemented and amended by a Fifth Supplemental Indenture of Trust, dated as of August 1, 2010. The Series 2010 Senior Bonds are to be secured by the Trust Estate and payable from Net Revenues. The bonds are issued under the terms of supplemental indentures adopted by the Board and are subject to call and redemption at the option of the Airport prior to their respective maturity dates.

On December 21, 2016, the County issued \$89,000 of Department of Airports Senior Revenue Refunding Bonds, Series 2016A and \$92,790 of Department of Airports Subordinate Revenue Refunding Bonds, Series 2016B. The Series 2016A Senior Bonds were issued to advance refund a portion of the outstanding County of Sacramento Department of Airports Senior Revenue Bonds, Series 2008A and all of the outstanding County of Sacramento Department of Airport Senior Revenue Bonds, Series 2009A. Principal payments are due July 1, 2035 through July 1, 2041. The Series 2016B Subordinate Bonds were issued to advance refund all of the outstanding County of Sacramento Department of Airports Subordinate and PFC/Grant Revenue Bonds, Series 2009C. The term of the 2016 Bond series is twenty-five years with an average coupon rate of 5 percent. The deferred outflows related to refunding amounted to \$18,228 and will be amortized through July 1, 2041.

On May 3, 2018, the County issued \$61,710 of Department of Airports Senior Revenue Refunding Bonds, Series 2018A, \$118,875 of Department of Airports Senior Revenue Refunding Bonds, Series 2018B, \$254,925 of Department of Airports Senior Revenue Refunding Bonds, Series 2018C, \$22,365 of Department of Airports Subordinate Revenue Refunding Bonds, Series 2018D, \$99,745 of Department of Airports Subordinate Revenue Refunding Bonds, Series 2018E and \$15,480 of Department of Airports Subordinate Revenue Refunding Bonds, Series 2018F. Principal payments are due July 1, 2022 through July 1, 2039. The Series 2018 Senior Bonds were issued to refund the outstanding Senior Series 2008A, 2008B and 2009B. The Series 2018 Subordinate Bonds were issued to refund the outstanding Subordinate Series 2008D, 2008E and 2009D. The deferred outflows related to refunding totaled \$10,962 and will be amortized through July 1, 2039.

On June 25, 2020, the County defeased the 2021 and 2022 maturities of the Series 2010 Department of Airport Senior Bonds and Series 2018 Department of Airports Senior Bonds for a total of \$33,100 to lower the debt service payments for FY 2020-21 and FY 2021-22, and consequently reduce the fees and charges related to the debt service payments. The Department of Airports has used its existing cash resources for the defeasance and subsequently submitted a reimbursement request to the Federal Aviation Administration to recover the defeasance cost which was an eligible expense under the provisions of the Coronavirus Aid, Relief, and Economic Security Act (CARES) Act.

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

Amount
Outstanding at
June 30, 2024

On August 13, 2020, the County issued \$79,705 of Department of Airports Senior Revenue Refunding Bonds, Series 2020 to refund the outstanding Department of Airports Senior Revenue Bonds, Series 2010. The deferred amounts on refunding totaled \$1,474 and will be amortized through July 1, 2040. Principal payments are due July 1, 2023 through July 1, 2040. The Series 2020 Senior Refunding Bonds were issued pursuant to a Master Indenture of Trust, dated as of May 1, 2008, between the County and The Bank of New York Mellon Trust Company, N.A., as trustee as supplemented by a Tenth Supplemental Indenture of Trust, dated as of August 1, 2020, between the County and the Trustee. The Series 2020 Senior Refunding Bonds are secured by the Trust, subject to the application of the moneys included in the Trust Estate on the terms and conditions and for the purposes set forth in the Indenture. The primary component of the Trust Estate is the Net Revenues derived by the County from the operation of the Airport System. The Series 2020 Senior Bonds constitute Senior Obligations pursuant to the Indenture and are secured by the Trust Estate and payable from Net Revenues on a parity basis with Senior Obligations previously issued by the County.

On January 25, 2022, the County defeased the 2023 and 2024 maturities of the Series 2020 Airport System Senior Bonds and Series 2018 Airport System Senior Bonds in the amount of \$35,010 to lower the debt service payments for fiscal years 2023 and 2024, and consequently reduce the fees and charges related to the debt service payments. Airports used its existing cash resources for the defeasance and subsequently submitted a reimbursement request to the Federal Aviation Administration to recover the defeasance cost which was an eligible expense under the provisions of the American Rescue Plan Act (ARPA). Airports has placed an amount of \$18,267 with the escrow agent to provide for the debt service payments of the 2023 and 2024 maturities of the 2020 and 2018 Senior Bonds and their related interest obligations. The transaction resulted in a gain on defeasance of \$2.5 million. The prepaid insurance, bond premiums, and the deferred amounts on prior refunding transactions related to the defeased maturities have been written off. \$17,925 of the defeased debt remains outstanding as of June 30, 2024.

The various debt indentures contain significant limitations and restrictions on annual debt service requirements, maintenance of and flow of monies through various restricted accounts, and minimum amounts to be maintained in various sinking funds. The County was in compliance with all such significant financial limitations and restrictions for the fiscal year ended June 30, 2024.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Non-Exchange Financial Guarantees

River City Regional Stadium Financing Authority; Taxable Lease Revenue Bonds, Series 1999

The Board executed the board resolution in May 1999 authorizing the execution and delivery of a joint exercise of powers agreement of the River City Regional Stadium Financing Authority (the Authority). The County is a member of the Authority. The Authority issued taxable lease revenue bonds in the amount of \$39,990 to finance the site acquisition and construction of a privately owned and operated baseball stadium and related improvements, known as Sutter Health Park. If ticket receipt revenues are insufficient to pay the annual lease obligations, the County has agreed to pay up to 66 percent of these annual obligations. The stadium lease obligates the River City Companies to repay the County for any payments made by the County.

As of June 30, 2024, the principal amount of bonds outstanding was \$16,590 and 66 percent of the average annual lease obligation amount is \$2,340. The guarantee will be in effect until the bonds mature in 2029, or until all bonds are fully paid. Ticket receipts have been sufficient since the bonds were issued in 1999 to meet all lease obligations.

Conduit Debt Obligations

Airports Special Facilities Revenue Bonds

Variable Rate Demand Special Facilities Airport Revenue Bonds, Series 1998 (Special Facility Bonds), totaling \$9,900 were issued on November 3, 1998 to finance the demolition of an existing facility and construction and installation of a replacement aircraft maintenance hangar and associated facilities at the Sacramento International Airport for Cessna. Although taking the legal form of a financing lease between the County and Cessna, the substance of these arrangements is that the Special Facility Bonds constitute a special obligation of the Airports payable from and secured by certain revenues under its lease with Cessna and certain proceeds pledged under the Indenture. The bonds do not constitute a debt, liability or general obligation of the County or a pledge of the faith and credit of the Airports. Airports will not be obligated to levy any taxes or expend any funds for the repayment of the bonds. As of June 30, 2024, the outstanding balance of the debt was \$8,800. The Special Facility Bonds mature on November 1, 2028.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

NOTE 9 - DERIVATIVE INSTRUMENT - INTEREST RATE SWAPS

All five of the County's interest rate swap agreements are considered to be effective hedging derivative instruments. The County used the consistent critical terms method to evaluate hedge effectiveness for the \$125,075 and \$99,955 Water Agency Revenue bonds, Series 2007B Swaps, and the regression analysis method for the \$67,125 Taxable Pension Bonds - 2008 C-1 Swap, and the \$166,950 and \$13,385 refunding 2023 POBs.

Hedging derivative instruments are classified as Level 2 fair value measurement within the fair value hierarchy established by GAAP and are valued using a discounted cash flow technique, which calculates the future net settlement payments, assuming that current forward rates implied by the yield curve correctly anticipate future spot interest rates. The payments are then discounted using the spot rates of SOFR (Secured Overnight Financing Rate) implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swap.

The fair value balances and notional amounts of derivative instruments outstanding at June 30, 2024, classified by type, and the changes in fair value of such derivative instruments, as reported for the fiscal year ended June 30, 2024 financial statements are as follows.

		Changes in Fair Value		Fair Value - as of June 30, 2024	
	Notional Amount	Classification	Amount	Classification	2024
Governmental Activities:					
Cash Flow Hedges:					
Series 2008 C-1 Swap					
Pay-fixed interest rate swap	\$ 67,125	Deferred outflow of resources	\$ 712	Debt	\$ (628)
Series 2023 POB refunding

(amounts expressed in thousands)

Objective and Terms of Hedging Derivative Instruments:

The following table displays the objective and terms of the County's hedging derivative instruments outstanding at June 30, 2024, along with the credit rating of the associated counterparty:

Governmental Activities:

Type	Objective	Notional Amount	Effective Date	Maturity Date	Terms	Counterparty Credit Rating
Series 2008 C-1 Swap Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2008 C-1 bonds	\$ 67,125	6/10/2023	7/10/2026	County pays 5.901% fixed; receives 1M LIBOR - Fallback adjusted monthly; 5.453%	Aa1 Moody's A+ S&P AA- Fitch
Series 2023 POB refunding Pay-fixed interest rate swap	Hedge of changes in cash flows on 2023 bonds	166,950	6/10/2023	7/10/2030	County pays 6.375% fixed; receives SOFR + 0.56448%; 5.889 %	Aa1 Moody's A+ S&P AA- Fitch
Series 2023 POB refunding Pay-fixed interest rate swap	Hedge of changes in cash flows on 2023 bonds	13,385	6/2/2023	7/10/2030	County pays 4.122% fixed; receives SOFR + 0.56448%; 5.889%	Aa1 Moody's A+ S&P AA- Fitch

Business-Type Activities:

Type	Objective	Notional Amount	Effective Date	Maturity Date	Terms	Counterparty Credit Rating
Series 2007 B Swap Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2007 Series B bonds	\$ 125,075	5/9/2007	6/1/2034	Water Agency pays fixed 4.193%; receives lesser of 67% of the 3-Month Fallback Rate (SOFR) + 55 bps or 12% = 4.31275%	Aa2 Moody's A+ S&P AA Fitch
Series 2007 B Swap Pay-fixed interest rate swap	Hedge of changes in cash flows on the 2007 Series B Bonds	99,955	5/9/2007	6/1/2039	Water Agency pays fixed 4.221%; receives lesser of 67% of the 3-Month Fallback Rate (SOFR) + 57 bps or 12% = 4.33275%	Aa2 Moody's A+ S&P AA Fitch

Taxable Pension Funding Bonds Refunding 2008 C-1 Swap and 2023 Refunding POBs:

Credit Risk:

2008 Pension Obligation Refunding Bonds: Other than the risk of the County being required to make a termination payment described below, the County is not exposed to credit risk resulting from a failure of the counterparty to perform because the swaps have an aggregate negative fair value. However, should interest rates change and the fair value of the swaps become positive, the County would be exposed to the credit risk of the counterparty in the amount of the derivative's fair value.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

2023 Pension Obligation Refunding Bonds: The Bonds are subject to a rate increase based on ratings assigned to the County's Certificates of Participation (COPs) bonds. The Bonds are currently calculated at the interest rate of Daily SOFR Index Rate + 45 basis points (0.45%) (Tier 1), and are subject to an Applicable Spread based on the following ratings of the COPs:

Tier	Credit Ratings(Moody's/S&P/Fitch)	Applicable Spread
I	A2/A/A and above	.45
II	A3/A-/A-	.55
III	Baa1/BBB+/BBB+	.70
IV	Baa2/BBB/BBB	.90

In the event the County maintains two or more ratings, and in the case of a split rating or differing ratings among the Rating Agencies, the rating corresponding to the highest numbered tier identified above shall apply for determining the Applicable Spread. At least one outstanding issue of COPs, rated by at least two of the following three nationally recognized ratings agencies, must maintain ratings at or above the following levels: Baa2 (or equivalent) by Moody's, BBB (or equivalent) by S&P, or BBB (or equivalent) by Fitch. Should the County not maintain these ratings, the interest rate on the Bonds shall increase to the Trigger Rate, which represents a rate of interest per annum equal to the highest of (a) the Prime Rate plus one percent (1.00%), (b) the Federal Funds Rate plus two percent (2.00%), or (c) seven percent (7.00%).

Interest Rate Risk:

The County is exposed to interest rate risk on its interest rate swaps. On its pay-fixed receive-variable interest rate swap, as the SOFR index decreases, the County's net payment on the swap increases.

Basis Risk:

The basis risk is the difference between the rate paid on the variable-rate bonds and the floating amount received from the interest rate swap of the 1-Month LIBOR. Since the 2008 bond refunding the variable-rate payments were fixed to the 1-Month LIBOR as well, and both reset on the same day of the month, the basis risk became fixed. The basis risk for the 2026 Term bonds is 1.30 percent, however, both the of the indices for the Bonds and the swap payments are now tied to the 1-month Fallback Rate (SOFR) with a 5-day London banking day lookback. There is no basis risk associated with the 2023 Pension Obligation Refunding Bonds as both the bond and the associated swaps are tied to SOFR plus 0.56448 percent.

Contingencies:

Should the County be downgraded below Baa2 by Moody's or BBB by S&P and Fitch and an insurer event has occurred, then the counterparty has the option to terminate the swap.

Termination Risk:

The County or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. If the swaps are terminated, the variable-rate bonds would no longer carry a synthetic interest rate. If the swaps are terminated, other than by the counterparty exercising its option under the agreement, and at the time of termination, the swap has a negative fair value, the County would be liable to the counterparty for a payment equal to the swap's fair value, which as of June 30, 2024 was \$11,639.

Water Agency Revenue Bonds, Series 2007B Swaps:

Credit Risk:

Other than the risk of the Sacramento County Water Agency (Water Agency) being required to make a termination payment described below, the Water Agency is not exposed to credit risk resulting from a failure of the counterparty to perform because the swap has a negative fair value. However, if the swap had a positive fair value greater than \$10 million, the Water Agency would be exposed to credit risk from the counterparty. The swap counterparty was rated Aa2 by Moody's Investors Service,

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

A+ by S&P Global Ratings and AA by Fitch.

Interest Rate Risk:

The Water Agency is exposed to interest rate risk on its interest rate swaps. On its pay-fixed receive-variable interest rate swap, as the SOFR index decreases, the Water Agency's net payment on the swap increases.

Basis Risk:

The Water Agency's variable rate bonds are based on 3-month CME Term SOFR while the Water Agency's variable rate swap payments are based on 3-month Fallback Rate (SOFR); a computation of the compounded SOFR. This mis-match exposes the Water Agency to potential basis risk which was introduced after June 30, 2023 with the broader LIBOR transition. To the extent 3-month CME term SOFR rests higher than 3-month Fallback Rate (SOFR), the Water Agency may experience higher interest cost than originally expected.

Contingencies:

The Water Agency's swap assignment agreement includes provisions relating to the posting of collateral for the swap counterparty and the Water Agency. The swap Credit Support Annex (CSA), which is part of the swap agreement, is a one-way CSA where the counterparty has the obligation to post collateral depending on the valuation thresholds. Conversely, the Water Agency does not have to post collateral unless 1) a rating event occurs if the Water Agency gets downgraded below A2 by Moody's or A by S&P; and 2) an insurer event occurs which could be a combination of several events, but most likely a) the insurer gets downgraded; and b) the insurer has failed to payout an obligation of greater than \$30 million; and 3) the Water Agency chooses the option to post collateral. The two other options available to the Water Agency are to provide a letter of credit or to assign the agreement to another entity.

Should the Water Agency be downgraded below Baa2 by Moody's or BBB by S&P and an insurer event has occurred, the counterparty has the option to terminate the swap.

Termination Risk:

The Water Agency or the counterparty may terminate the swaps if the other party fails to perform under the terms of the contract. If the swaps are terminated, the variable-rate bonds would no longer carry a synthetic interest rate. If the swaps are terminated, other than by the counterparty exercising its option under the agreement, and at the time of termination, the swaps have a negative fair value, the Water Agency would be liable to the counterparty for a payment equal to the swaps fair value, subject to netting arrangements.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

NOTE 10 - SPECIAL ASSESSMENT DEBT AND RELATED ACTIVITIES

At June 30, 2024, special assessment improvement bonds outstanding for all assessment districts totaled \$188,855. Since the County is not obligated in any manner for special assessment bonds, the debt is not recorded in these financial statements. However, construction of special assessment projects is accounted for in the capital projects funds. Since the County acts as an agent for the property owners in collecting assessments and forwarding such funds to the bondholders, this activity is reported in the other custodial funds.

The Laguna Stonelake Community Facilities District No. 1 (District) has been authorized to issue \$20,000 of Special Tax Bonds. On October 14, 1999, the District issued \$13,025. On May 12, 2005, the District issued the \$11,525 series 2005 Special Tax Refunding Bonds with interest rates ranging from 2.75 percent to 4.50 percent, the proceeds of which were used to defease the outstanding 1999 Bonds with an average interest rate of 6.30 percent. The 2005 refunding bonds constitute the entire bonded indebtedness of the District. The defeased 1999 bonds in the original aggregate principal amount of \$13,025 are the only bonds that have been issued under such authorization. At June 30, 2024, \$6,975 of authorized bonds remains unissued. The outstanding balance at June 30, 2024 was \$1,355.

The McClellan Park Community Facilities District No. 2004-1 (District) has been authorized to issue \$90,000 of Special Tax Bonds. On September 28, 2004, the District issued \$10,250 Series 2004 Special Tax Bonds with interest rates ranging from 3.00 percent to 6.25 percent. On December 8, 2011, the District issued \$10,395 Series 2011 Special Tax Bonds with interest rates ranging from 2.25 percent to 6.00 percent. On December 14, 2017, the District issued \$29,470 of Series 2017 Special Tax Bonds with interest rates ranging from 2.00 to 5.00 percent, a portion of the proceeds were used to defease the outstanding 2004 bonds and the outstanding 2011 bonds. The remaining proceeds were used to pay the costs of acquiring and constructing certain public facilities. The 2017 bonds constitute the entire bonded indebtedness as of June 30, 2024. At June 30, 2024, \$57,235 of authorized bonds remain unissued. The outstanding balance at June 30, 2024 for the Series 2017 bonds was \$26,040.

The Metro Air Park Community Facilities District No. 2000-1 (District) has been authorized to issue \$200,000 of Special Tax Bonds. On April 8, 2004, the District issued \$63,460 Series 2004A Special Tax Bonds with an interest rate of 7.00 percent. On December 14, 2007, the District issued \$40,200 Series 2007B Special Tax Bonds with an interest rate of 7.00 percent. On September 15, 2022, the District issued \$121,710 of Series 2022 Special Tax Bonds with an interest rate of 5.00 percent. Bond proceeds were used to refund the outstanding 2004A Bonds and 2007B Bonds, pay (or reimburse the County for) the costs of acquiring and constructing certain public facilities, fund a deposit to the Bond Reserve fund, and pay costs of issuance of the 2022 Bonds. The 2022 Special Tax Bonds constitute the entire bonded indebtedness. The outstanding balance as of June 30, 2024 for the 2022 Special Tax Bonds was \$117,310.

The County of Sacramento Community Facilities District No. 2005-2 (North Vineyard Station No. 1) (District) has been authorized to issue \$30,000 of Special Tax Bonds. On September 6, 2007, the District issued \$14,415 of Special Tax Bonds with interest rates ranging from 4.40 percent to 6.00 percent. On June 8, 2016, the District issued \$23,155 of Special Tax Bonds 2016 Series, of which the proceeds were used to defease the outstanding 2007 bonds and to fund certain public facility construction projects. The interest rates relating to these bonds range from 2.00 percent to 5.00 percent. The 2016 Special Tax Bonds constitute the entire bonded indebtedness. As of June 30, 2024, \$6,845 of authorized bonds remains unissued. The outstanding balance as of June 30, 2024, for the 2016 Special Tax Bonds was \$20,295.

The County of Sacramento Community Facilities District No 2014-2 (North Vineyard Station No. 2) (District) has been authorized to issue \$50,000 of Special Tax Bonds. On June 8, 2016, the District issued \$14,225 of Special Tax Bonds with interest rates ranging from 2.00 percent to 5.00 percent. On June 30, 2021, the District issued \$3,895 of Special Tax Bonds with a interest rate of 4.00 percent to provide funds to pay cost of acquisition and construction, deposit to a Bond Reserve fund, and pay certain cost of issuing. The Series 2016 and the Series 2021 Bonds, constitute the entire bonded indebtedness of the District. As of June 30, 2024, \$31,880 of authorized bonds remains unissued. The outstanding balance as of June 30, 2024 for the 2016 Special Tax Bonds was \$13,400 and for the 2021 Special Tax Bonds was \$3,770.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

The Park Meadows Community Facilities District No. 1 (District) has been authorized to issue \$1,200 of Special Tax Bonds. On June 28, 2000, the District issued Current Interest Bonds in the amount of \$230 at the interest rate of 7.75 percent, and Convertible Capital Appreciation Bonds in the original principal amount of \$892 at the interest rate of 8.25 percent. These bonds constitute the entire bonded indebtedness. As of June 30, 2024, \$78 of authorized bonds remains unissued. The outstanding balance as of June 30, 2024 was \$335.

The County of Sacramento Community Facilities District No. 2016-2 (Florin Vineyard District No. 1) (District) has been authorized to issue \$15,000 of Special Tax Bonds. On August 16, 2018, the District issued \$6,610 of Series 2018 Special Tax Bonds with interest rates ranging from 3.00 percent to 5.00 percent. The Series 2018 Special Tax Bonds constitute the entire bonded indebtedness of the District. As of June 30, 2024, \$8,390 of authorized bonds remains unissued. The outstanding balance as of June 30, 2024 was \$6,350.

NOTE 11 - PLEDGED REVENUES

The County has pledged a portion of delinquent property tax revenues to repay \$28,034 in Teeter notes in accordance with the alternative method of distribution of property tax levies and assessments. The notes were issued on November 19, 2019, January 12, 2021, November 16, 2021, December 6, 2022 and December 21, 2023. The notes are due and payable to the County of Sacramento Pooled Investment Fund and are payable solely from the collection of delinquent property taxes. Total principal of \$28,034 and interest of \$3,479 remain on the notes and are payable through August 1, 2028. For the current year, net revenues pledged were equal to the total principal and interest paid of \$24,115 and \$1,085, respectively.

The County has pledged certain future revenues, net of specified operating expenses, to repay its outstanding debt. Bonds are payable from the net revenues of the Department of Airports through fiscal year 2041. The total principal and interest remaining to be paid on senior bonds is \$795,467. Principal and interest paid in the current fiscal year was \$25,746 and the total net revenues were \$99,404. Additionally, the outstanding debt from the Revolving Credit Agreement is \$20,026 and the principal and interest paid in the current fiscal year was \$1,164. Net revenues, as defined by the Master Indenture, represent the revenues available for debt service minus operating expenses excluding the depreciation of capital assets.

Total principal and interest remaining to be paid on the subordinate bonds is \$306,968. Principal and interest paid for the current year was \$16,553 and the Passenger Facility Charges (PFC) cash generated in FY 2023-24 was \$25,115. Although PFC revenues are not pledged pursuant to the Master Indenture, the County intends to continue using PFCs to pay subordinate lien debt service, which will decrease significantly as a result of the refunding savings.

The County has pledged certain future revenues, net of specified operating expenses, to repay its outstanding debt. Bonds are payable from the net revenues of the Water Agency through fiscal year 2039. The total principal and interest remaining to be paid on the bonds is \$446,314. Principal and interest paid in the current fiscal year was \$26,992 and the total net revenues were \$99,682. Net revenues, as defined by the Master Indenture, represent the revenues available for debt service minus operating expenses excluding depreciation of capital assets.

NOTE 12 - COMMITMENTS

The County has entered into several agreements related to the construction of capital projects and other activities.

Governmental Funds – The County’s governmental funds had approximately \$59,747 in outstanding construction contract commitments at June 30, 2024.

Airports Enterprise Fund – The Airports had approximately \$404,487 in outstanding construction contract commitments at June 30, 2024.

Solid Waste Enterprise Fund – Solid Waste had approximately \$57,640 in outstanding construction contract commitments at June 30, 2024.

Water Agency Enterprise Fund – The Water Agency had approximately \$91,100 outstanding construction contract commitments at June 30, 2024.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Nonmajor Enterprise Funds - The nonmajor enterprise funds had \$951 in outstanding construction contract commitments at June 30, 2024.

NOTE 13 - CLOSURE AND POSTCLOSURE CARE COST

State and federal laws and regulations that place specific requirements on the Solid Waste Fund (Fund) regarding closure and postclosure maintenance and monitoring for the Fund landfills. These functions are required for 30 years after closure of the landfill sites. Although closure and postclosure care costs will be paid only near or after the date that a site is closed, the Funds recognizes these costs (as described below) as operating expenses each year.

Solid Waste operates one active landfill (Kiefer) and maintains postclosure care for two closed landfills (Elk Grove and Grand Island).

Management of the fund has deemed the capacity of the Kiefer Landfill will be the basis of recognizing its closure and postclosure care costs. Kiefer Landfill closure and postclosure care liabilities at June 30, 2024, were \$19,183. The Fund will recognize costs of \$37,798 as the remaining cost in the Kiefer Landfill is used in future years. At June 30, 2024 the capacity of the Kiefer Landfill used to date was 34 percent and the estimated remaining landfill life is 50 years. As required by applicable laws, management has established a fund for the postclosure Kiefer Landfill, in which \$11,402 is considered restricted at June 30, 2024. The Board of Supervisors has approved pledges of revenues to provide financial assurance for the postclosure maintenance costs of the Kiefer Landfill. Management expects that any increase to future closure and postclosure costs (due to changes in technology or applicable laws or regulations, for example), will be paid from charges to future users.

A portion of the property on which the Elk Grove Landfill is located (22.1 acres) was deeded to the County in 1936. In 1969 an additional 14.9 acres was added by eminent domain condemnation proceedings. The property was used as a municipal solid waste facility until 1978 and in 1979 it was officially closed. A final cover was placed on the landfill in 1993.

The Grand Island Landfill is a closed 10.4 acre disposal site that was leased to and operated by the County from 1971 to 1979. It is owned by the U.S. Army Corps of Engineers. A final cover was placed on the landfill in 1998.

Sections of Title 27 of the California Code of Regulations, Chapter 6, Subchapter 2, Article 2, require the operator of a disposal facility to demonstrate financial responsibility to the California Department of Resources Recycling and Recovery (CalRecycle) for maintenance. The Elk Grove and Grand Island Landfills are exempt from requiring a fund to demonstrate financial responsibility because these sites were not operated after January 1, 1988.

Title 27 also specifies that at sites where CalRecycle does not require a fund, the Regional Water Quality Control Board (RWQCB) shall require the establishment of an irrevocable fund (or to provide other means) pursuant to CalRecycle promulgated sections, to ensure maintenance. The RWQCB required the County to provide evidence of financial responsibility for initiating and completing corrective action for all known and reasonably foreseeable releases for the Elk Grove and Grand Island Landfills in 1999 and 2004, respectively.

State law provides that the County can choose any alternative financial assurance mechanism acceptable to CalRecycle for the Elk Grove and Grand Island Landfills. The County has chosen the pledge of revenue approach because it best fits the local conditions present in Sacramento County. The Board of Supervisors has approved pledges of Solid Waste revenues to provide financial assurance for the postclosure maintenance costs of the Elk Grove and Grand Island Landfills.

The Elk Grove Landfill postclosure care liabilities were fully paid as of June 30, 2024, with all future maintenance costs expensed in the period incurred.

The Fund reported Grand Island Landfill postclosure care liabilities at June 30, 2024, of \$134. The landfill is 100 percent full and the postclosure 30-year liability period runs through June 2029. At June 30, 2024, the reported liabilities represent postclosure costs for the remaining 5 years. The portion of the postclosure costs expected to be paid during the next year is \$33.

Future closure and postclosure costs are based on what it would cost to perform all closure and postclosure care in 2024. Actual costs may be different due to inflation,

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

changes in technology, changes in permitted capacity and/or changes in regulations.

The Fund is responsible for the costs associated with permanently covering all waste buried at the Kiefer Landfill. The funding for such closure is earned during the operating life of the site. Landfill partial final cover costs are those costs incurred during the life of the landfill which are expected to be spent prior to the day the landfill stops accepting waste, and do not include the costs associated with the final phase of closure activity occurring on or near the date the landfill stops accepting waste.

Based on the percentage used of the total capacity available with the open and active area of the Kiefer Landfill, the partial final cover liability as of June 30, 2024, is estimated to be \$20,526.

Changes in accrued landfill closure and postclosure care liability for the fiscal year ended June 30, 2024 were as follows:

	July 1, 2023 Beginning	Expense/change in estimate	Payments	June 30, 2024 Ending	Due within One Year
Kiefer	\$ 17,398	1,785		19,183

NOTE 14 - RETIREMENT PLAN

General Information about the Pension Plan

Plan Description - All County full-time and part-time employees participate in the Sacramento County Employees' Retirement System (SCERS or the System), a multiple-employer and cost-sharing, public employee retirement system. SCERS is administered by the Board of Retirement and governed by the County Employees' Retirement Law of 1937 (California Government Code Section 31450 et. seq.). SCERS main function is to provide service retirement, disability, death and survivor benefits to the Safety and Miscellaneous members employed by the County. SCERS also provides retirement benefits to the employee members of the Superior Court of California (County of Sacramento), Sacramento Employment and Training Agency and eight Special Districts.

The management of SCERS is vested with the Sacramento County Board of Retirement (Retirement Board). The Retirement Board consists of nine members and two alternates. The County Director of Finance is appointed by the County Executive, subject to confirmation by the Board of Supervisors. Four members are appointed by the County Board of Supervisors, one of whom may be a County Supervisor. Two members are elected by the Miscellaneous membership; one member and one alternate are elected by the Safety membership, one member and one alternate are elected by the retired members of the System. All members of the Retirement Board serve terms of three years except for the County Director of Finance whose term runs concurrent with the term as Director of Finance.

SCERS issues a publicly available financial report that can be obtained at <http://www.SCERS.org>.

Benefits Provided - SCERS provides service retirement, disability, death and survivor benefits to eligible employees. All permanent full-time or part-time employees of the County of Sacramento or contracting districts become members of SCERS upon employment. There are separate cost pools for Safety and Miscellaneous member employees. Safety membership is extended to those involved in active law enforcement, fire suppression, and certain other classifications. There are four tiers applicable to Safety members. Those hired prior to January 1, 2012 are included in either Tier 1 or Tier 2 depending on date of hire and bargaining unit. Those hired after January 1, 2012 but prior to January 1, 2013 are included in Tier 3. Any new Safety member who becomes a member on or after January 1, 2013 is designated as PEPRSA Safety (Tier 4) and is subject to the provisions of California's Public Employees' Pension Reform Act of 2013 (PEPRA), California Government Code 7522 et seq. and Assembly Bill (AB) 197. All other employees are classified as Miscellaneous members. There are five tiers applicable to Miscellaneous members. Those hired prior to September 27, 1981, are included in Tier 1. Those hired after September 27, 1981 but prior to January 1, 2012, are included in Tier 2 or Tier 3 depending on date of hire and bargaining unit. County members hired after January 1, 2012 but prior to January 1, 2013 are included in Tier 4. New members hired on or after January 1, 2013, are designated as PEPRA Miscellaneous (Tier 5) and are subject to the provisions of California Government Code 7522 et seq. and AB 197.

Safety members hired prior to January 1, 2013 are eligible to retire once they attain the age of 50 and have acquired 10 or more years of retirement service credit. A member with 20 years of service is eligible to retire regardless of age. Safety members who are first hired on or after January 1, 2013 are eligible to retire once they have attained the age of 50, and have acquired five years of retirement service credit.

Miscellaneous members hired prior to January 1, 2013, are eligible to retire once they attain the age of 50 and have acquired 10 or more years of retirement service credit. A member with 30 years of service is eligible to retire regardless of age. Miscellaneous members who are first hired on or after January 1, 2013 are eligible to retire once they have attained the age of 52, and have acquired five years of retirement service credit.

The retirement benefit the member will receive is based upon age at retirement, final average compensation, years of retirement service credit and retirement plan and tier.

Safety member benefits for Tier 1 and Tier 2 are calculated pursuant to the provisions of California Government Code Section 31664.1. Safety member benefits for Tier 3 are calculated pursuant to the provisions of California Government Code Section 31664.2. The monthly allowance is equal to 2 percent of the first \$350 dollars of final compensation, plus 3 percent of the excess final compensation times years of accrued retirement service credit times age factor from either Section 31664.1 (Tier 1 and 2) or 31664.2 (Tier 3). Safety member benefits for those who are first hired on or after January 1, 2013 are calculated pursuant to the provision of California Government

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

Code Section 7522.25(d). The monthly allowance is equal to the final compensation multiplied by years of accrued retirement credit multiplied by the age factor from Section 7522.25(d).

Miscellaneous member benefits for Tier 1, Tier 2 and Tier 3 are calculated pursuant to the provisions of California Government Code Section 31676.14. Miscellaneous member benefits for Tier 4 are calculated pursuant to the provisions of California Government Code Section 31676.1. The monthly allowance is equal to 1/90th of the first \$350 dollars of final compensation, plus 1/60th of the excess final compensation times years of accrued retirement service credit times age factor from either Section 31676.14 (Tier 1, Tier 2 and Tier 3) or Section 31676.1 (Tier 4). Miscellaneous member benefits for those who are first hired on or after January 1, 2013, are calculated pursuant to the provision of California Government Code Section 7522.25(d). The monthly allowance is equal to the final compensation multiplied by years of accrued retirement credit multiplied by the age factor from Section 7522.20(a).

For members with membership dates before January 1, 2013, the maximum monthly retirement allowance is 100 percent of final compensation. For members with membership dates on or after January 1, 2013, the maximum monthly retirement allowance is 100 percent of final PEPPRA compensation, not to exceed the PEPPRA Compensation limit.

Final average compensation consists of the highest 12 consecutive months for a Tier 1 Safety or Tier 1 Miscellaneous member and the highest 36 consecutive months for a Tier 2, Tier 3, Tier 4 or Tier 5 member.

The member may elect an unmodified retirement allowance, or choose an optional retirement allowance. The unmodified retirement allowance provides the highest monthly benefit and a 60 percent continuance to an eligible surviving spouse. An eligible surviving spouse is one married to the member one year prior to the effective retirement date. There are four optional retirement allowances the member may choose. Each of the optional retirement allowances requires a reduction in the unmodified retirement allowance in order to allow the member the ability to provide certain benefits to a surviving spouse or named beneficiary having an insurable interest in the life of the member.

SCERS provides an annual cost-of-living benefit to Safety Tier 1, Tier 2, Tier 3 and Tier 4 member retirees and Miscellaneous Tier 1, Tier 3, Tier 4 and Tier 5 member retirees. The cost-of-living adjustment, based upon the Consumer Price Index for the San Francisco-Oakland-Hayward area, is capped at 4 percent for Tier 1 members and 2 percent for all other members eligible for a cost-of-living adjustment.

The County's contracting districts contribute to the retirement plan based upon actuarially determined contribution rates adopted by the Retirement Board. Employer contribution rates are adopted annually based upon recommendations received from SCERS' actuary after the completion of the annual actuarial valuation.

All members are required to make contributions to SCERS regardless of the retirement plan or tier in which they are included.

Contributions - Benefits payable by the System are financed through member contributions, employer contributions, and earnings from investments. Member contributions are required by law. Contribution rates, which are actuarially determined, are based on age at entry into the System (a single rate is used for members entering the System after January 1, 1975). County, Superior Court and Member Districts' contributions are actuarially determined to provide for the balance of contributions needed. This rate includes an additional amount required for the annual cost-of-living increases for retired members of the Miscellaneous Tier 1, Tier 3, Tier 4 and Tier 5 and Safety Tiers. All contribution rates are reviewed and revised annually. The authority for both benefit provisions and contribution obligations is derived from the County Employees' Retirement Law of 1937 and PEPPRA.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Employee and employer contribution rates for the fiscal year ended June 30, 2024, from the June 30, 2023 actuarial valuation, are as follows:

County - Miscellaneous Cost Pool - Contribution Rates						Recreation and Park Districts - Miscellaneous Cost Pool - Contribution Rates		
	Tier 1	Tier 2	Tier 3	Tier 4	Tier 5	Tier 1	Tier 3	Tier 5
Employee	10.54%	7.74%	11.32%	10.94%	9.90%	0.00%	5.99%	9.90%
Employer	23.95%	20.55%	24.13%	23.75%	22.71%	0.00%	37.05%	30.50%

County - Safety Cost Pool - Contribution Rates				
	Tier 1	Tier 2	Tier 3	Tier 4
Employee	21.70%	21.12%	20.92%	15.07%
Employer	69.13%	58.48%	58.20%	52.27%

For the fiscal year ended June 30, 2024, the employer contributions to SCERS were equal to the actuarially determined required employer contributions as follows:

Employer Contributions	Governmental Activities	Business-type Activities	Total	Component Unit First 5 Commission
County - Miscellaneous Tier	\$ 174,749	14,210	188,959	366
County - Safety Tier	144,828	1,997	146,825	
Carmichael Recreation and Park District - Miscellaneous	516		516	
Mission Oaks Recreation and Park District - Miscellaneous	466		466	
Sunrise Recreation and Park District - Miscellaneous	1,161		1,161	
Total employer contributions	<u>\$ 321,720</u>	<u>16,207</u>	<u>337,927</u>	<u>366</u>

Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

As of June 30, 2024, the County and its component unit reported net pension liabilities for its proportionate share of the net pension liability of the Retirement Plan as follows:

	Governmental Activities	Business-type Activities	Total	Component Unit First 5 Commission
County - Miscellaneous Tier	\$ 800,830	66,491	867,321	1,788
County - Safety Tier	890,577	11,458	902,035	
Carmichael Recreation and Park District - Miscellaneous	2,400		2,400	
Mission Oaks Recreation and Park District - Miscellaneous	2,326		2,326	
Sunrise Recreation and Park District - Miscellaneous	5,934		5,934	
Total Net Pension Liability	<u>\$ 1,702,067</u>	<u>77,949</u>	<u>1,780,016</u>	<u>1,788</u>

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

The County's net pension liability for the Retirement Plan is measured as the proportionate share of the net pension liability. The net pension liability (NPL) for the plan was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2023. The total pension liability for each membership class was calculated based on the participants and benefits provided for the respective membership class; and the Retirement Plan's fiduciary net position was determined in proportion to the valuation of the value of assets for each membership class. The County is the sole active employer in the Safety membership class as of the measurement date June 30, 2023 that made contributions in FY 2023-24; therefore 100 percent of pension amounts for the Safety membership class are allocated to the County. For the Miscellaneous membership class, actual contributions for Miscellaneous employers for the fiscal year ended June 30, 2023, are used as the basis for determining each Miscellaneous employer's proportion of pension amounts. The County's proportionate share of the net pension liability measured as of June 30, 2022 and 2023, was as follows:

	<u>County</u>	<u>Carmichael</u>	<u>Mission Oaks</u>	<u>Sunrise</u>	<u>Component Unit-First 5 Commission</u>
Proportion - June 30, 2022	89.089 %	0.118 %	0.116 %	0.247 %	0.090 %
Proportion - June 30, 2023	88.663 %	0.120 %	0.117 %	0.297 %	0.090 %
Change - Increase (Decrease)	<u>(0.426)%</u>	<u>0.002 %</u>	<u>0.001 %</u>	<u>0.050 %</u>	<u>%</u>

For the fiscal year ended June 30, 2024, the County and the First 5 Commission recognized pension expense of \$282,997 and \$308, respectively. At June 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

<u>Deferred Outflows of Resources</u>								
<u>Governmental Activities</u>								
	<u>County</u>	<u>Carmichael</u>	<u>Mission Oaks</u>	<u>Sunrise</u>	<u>Total</u>	<u>Business-type Activities</u>	<u>Total Primary Government</u>	<u>Component Unit First 5 Commission</u>
Differences between actual and expected experience	\$ 253,392	378	367	935	255,072	12,119	267,191	282
Net difference between projected and actual earnings on plan investments	133,557	203	197	503	134,460	6,481	140,941	152
Changes in assumptions	31,451	80	78	198	31,807	2,280	34,087	60
Changes in proportions	14,465		148	798	15,411	3,129	18,540	48
Pension contributions made subsequent to measurement date	<u>319,577</u>	<u>516</u>	<u>466</u>	<u>1,161</u>	<u>321,720</u>	<u>16,207</u>	<u>337,927</u>	<u>366</u>
Total deferred outflows related to pensions	<u>\$ 752,442</u>	<u>1,177</u>	<u>1,256</u>	<u>3,595</u>	<u>758,470</u>	<u>40,216</u>	<u>798,686</u>	<u>908</u>

COUNTY OF SACRAMENTO

Actuarial Assumptions - The total pension liability in the June 30, 2023 actuarial valuations were determined using the following actuarial assumptions:

	County and Special District Miscellaneous	Safety
Valuation Date	June 30, 2023	June 30, 2023
Measurement Date	June 30, 2023	June 30, 2023
Actuarial Cost Method	Entry Age Actuarial Cost Method	Entry Age Actuarial Cost Method
Actuarial Assumptions:		
Discount Rate	6.75%	6.75%
Inflation	2.50%	2.50%
Real across-the-board salary increase	0.25%	0.25%
Projected Salary Increase*	4.25% to 9.75%	4.25% to 9.75%
Assumed post-retirement benefit increase	0% to 2.75%	2% to 2.75%
Post-Retirement Mortality		
a) Service	Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (Separate tables for males and females) with rates increased by 10% for males and 5% for females, projected generationally with the two-dimensional mortality improvement scale MP-2021	Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table (Separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2021
b) Disabled	Pub-2010 Non-Safety Disabled Retiree Amount-Weighted Mortality Table (Separate tables for males and females), with rates unadjusted for males and increased by 5% for females, projected generationally with the two-dimensional mortality improvement scale MP-2021	Pub-2010 Safety Disabled Retiree Amount-Weighted Mortality Table (Separate tables for males and females), with rates increased by 5% for males and unadjusted for females, projected generationally with the two-dimensional mortality improvement scale MP-2021
c) Member Contributions	Pub-2010 General Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females) with rates increased by 10% for males and 5% for females, projected 30 years (from 2010) with the two-dimensional mortality improvement scale MP-2021, weighted 40% male and 60% female	Pub-2010 Safety Healthy Retiree Amount-Weighted Above-Median Mortality Table (separate tables for males and females), projected 30 years (from 2010) with the two-dimensional mortality improvement scale MP-2021, weighted 75% male and 25% female
Pre-Retirement Mortality	Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2021	Pub-2010 Safety Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2021

*Includes inflation at 2.50 percent plus real across-the-board salary increase of 0.25 percent plus merit and longevity increases.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Discount Rate - The discount rate used to measure the total pension liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made based on the current contribution rate and that employer contributions will be made at the end of each pay period based on the actuarially determined contribution rates. For this purpose, only the employer contributions that are intended to fund benefits for current plan members and their beneficiaries are included. Projected employer contributions that are intended to fund the service costs for future plan members and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments for current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, and by adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocation and projected arithmetic real rates of return for each major asset class, after deducting inflation but before deducting investment expenses, used in the derivation of the long-term expected investment rate of return assumption as of June 30, 2023 are summarized in the table below:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global Equity	40.0 %	7.1 %
Private Equity	11.0 %	10.1 %
Public Credit - High Yield	1.0 %	4.6 %
Public Credit - Leveraged Loan	1.0 %	4.1 %
Private Credit	5.0 %	6.7 %
Fixed Income - Core	12.0 %	2.0 %
Fixed Income - U.S. Treasury	4.0 %	1.3 %
Core Real Estate	6.0 %	3.9 %
Value Added Real Estate	1.5 %	6.7 %
Opportunistic Real Estate	1.5 %	8.6 %
Absolute Return	7.0 %	3.0 %
Real Assets	7.0 %	7.3 %
Liquid Real Return	2.0 %	4.4 %
Cash	1.0 %	0.6 %
Total Portfolio	100.0 %	

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the County, Carmichael, Mission Oaks, Sunrise, and First 5 Commission's proportionate share of the net pension liability, calculated using the discount rate for each, as well as what the proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

						Component Unit First 5 Commission
Net Pension Liability	County	Carmichael	Mission Oaks	Sunrise	Total	
1% Decrease (5.75%)	\$3,480,654	4,722	4,577	11,674	3,501,627	3,518
Current Discount Rate (6.75%)	1,769,356	2,400	2,326	5,934	1,780,016	1,788
1% increase (7.75%)	364,130	494	479	1,221	366,324	368

Pension Plan Fiduciary Net Position – Detailed information about the pension plan's fiduciary net position is available in the separately issued SCERS financial reports available on their website <http://www.SCERS.org>.

For the measurement date of June 30, 2024, the County is expecting a modest decrease in its NPL due to the expected favorable investment returns.

Defined Contribution Plans

The County also provides a defined contribution retirement benefit through the County's 401(a) Plan (the 401(a) Plan). The County is the Plan Administrator and the 401(a) Plan assets are held with an external trustee - Fidelity. The 401(a) Plan is offered to Eligible Employees (management union 032, attorneys union 033, and unrepresented employees only) that contribute at least 1% of their gross pay into the 457(b) Plan to receive the 3 percent County match in the 401(a) Plan. Investment decisions are made by the 401(a) Plan participants based on a variety of investment options under the plan. For the fiscal year ended June 30, 2024, the County contributed \$7,040 to the 401(a) Plan with an outstanding liability of \$260 at June 30, 2024.

The County also provides a defined contribution retirement benefit through the County's 457(b) Plan (the 457(b) Plan) for temporary employees only. The County is the Plan Administrator and the 457(b) Plan assets are held with an external trustee - Fidelity. The 457(b) Plan requires all temporary employees to contribute 7.5% of their gross pay into the 457(b) Plan, while the County provides an equal match of 7.5 percent, making the total contribution to the 457(b) Plan 15 percent. Investment decisions are made by the 457(b) Plan participants based on a variety of investment options under the Plan. For the fiscal year ended June 30, 2024, the County contributed \$785 to the 457(b) Plan with an outstanding liability of \$34 at June 30, 2024.

NOTE 15 - POSTEMPLOYMENT HEALTH CARE BENEFITS

Plan Description: The County administers a single-employer Retiree Healthcare Plan (HC Plan), which does not issue a publicly available report. In September 2022 and August 2023, respectively, the Board approved the Retiree Medical and Dental Insurance Program Administrative Policy for calendar years 2023 and 2024, respectively. The County provides access to group medical insurance and dental insurance, medical and dental offset payments to a specific group of eligible retirees as a result of a settlement. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

Benefits Provided: All annuitants are eligible to enroll in a retiree medical and/or dental insurance plan in a given calendar year if 1) they began receiving a continuing retirement allowance from SCERS during that calendar year, or 2) they were enrolled in the annual plan previously approved by the County (continuous coverage) or 3) they previously waived coverage but elected to enroll during the County authorized enrollment period with a coverage date effective January of the given calendar year.

The County pays a medical and/or dental subsidy/offset to eligible annuitants who retired on or after May 31, 2007 from bargaining unit 003-Law Enforcement, Non-Supervisory, as a result of a settlement. The amount the medical and/or dental subsidy/offset payments made available to this group of eligible annuitants is calculated

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

based upon the annuitant's SCERS service credit. Neither SCERS nor the County guarantees that a subsidy/offset payment will be made available to annuitants for the purchase of County-sponsored medical and/or dental insurance beyond the current term of the contract between the County and Bargaining Unit 003-Law Enforcement, Non-Supervisory which expires June 30, 2027. Subsidy/offset payments are not a vested benefit of County employment or SCERS membership and will remain in place until eliminated through the collective bargaining process. The amount of the subsidy/offset payment, if any, payable on account of enrollment in a County sponsored retiree medical and/or dental insurance plan will also remain in place until modified or eliminated through the bargaining process. Annuitants from bargaining unit 003-Law Enforcement, Non-Supervisory are eligible for a medical premium subsidy according to the schedule below:

Service at Retirement	Amount of Subsidy/Offset for Bargaining Unit 003 - Law Enforcement, Non-Supervisory (amounts in dollars)
Less than 10 years	\$122
10-14 years	152
15-19 years	182
20-24 years	212
25 or more years	244
 *Dental if eligible for medical subsidy	 \$ 25

*The actual premium rate for the retiree dental plan is approved by the Board of Supervisors in conjunction with the approval of all the retiree health plans on an annual basis.

The total benefits provided in FY 2023-24 totaled \$6,579 for the County and \$5 for the First 5 Commission.

At June 30, 2023, the most recent measurement date, the following current and former employees (actual counts) were covered by the benefit terms under the HC Plan:

Active employees	11,770
Inactive employees receiving benefits	6,155
Inactive employees entitled to but not yet receiving	8,357
Total	<u>26,282</u>

OPEB Liability:

The County's total OPEB liability was measured as of June 30, 2023, and was determined by an actuarial valuation as of June 30, 2023. Update procedures were used to roll forward the total OPEB liability from the valuation date to the measurement date. A summary of principal assumptions and methods used to determine the total OPEB liability is on the following pages.

FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

Actuarial Assumptions - The total OPEB liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified.

Actuarial Assumption	June 30, 2023 Measurement Date
Valuation Date	June 30, 2023
Actuarial Cost Method	Entry Age Normal
Discount Rate	3.65% using the Bond Buyer 20-Bond GO Index
Inflation	2.5% annually
Mortality Rate	Pub-2010 General Employee Amount-Weighted Above-Median Mortality Table (separate tables for males and females), projected generationally with the two-dimensional mortality improvement scale MP-2021
Mortality Improvement	Post-retirement mortality projected fully generational with Scale MP-2021
Medical Trend	Non-Medicare 8.5% for 2025, decreasing to an ultimate rate of 3.45% in 2076

Changes in the total OPEB liability for the HC Plan measured as of June 30, 2023 are as follows:

	Governmental Activities					Business-Type Activities	Total Primary Government	Component Unit First 5 Commission
	County	Carmichael	Mission Oaks	Sunrise	Total			
Balance at June 30, 2023	\$ 128,825	84	97	151	129,157	7,080	136,237	105
Changes recognized for the measurement period

Defined Contribution Plans

The County also provides a defined contribution other postemployment benefit through the County Retiree Health Plan (RHP). The RHP is administered by a County delegate and assets are held by a trustee - Mission Square. The Retiree Health Plan (RHP) was established to reimburse eligible participants, their spouses and dependents for eligible medical and dental expenses. The County contributes \$25 for 24 of the 26 pay periods to all eligible active employees. The investment decisions are made by the RHP participants based on a variety of investment options under the RHP. For the fiscal year ended June 30, 2024, the County contributed \$5,688 to the RHP with an outstanding liability of \$212 at June 30, 2024.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)

NOTE 16 - SELF-INSURANCE

The County self-insures for general liability/property, workers' compensation, dental, and unemployment insurance claims. Self-insurance programs are accounted for in internal service funds, and interfund premium charges are treated as interfund services. Interfund premiums are based primarily upon the insured funds' claims experience and are adjusted for any excess or deficit net position within the self-insurance funds. It is the County's policy to fund the governmental funds' liability for premium charges by making provisions in budgets of succeeding years. The self-insurance internal service funds recognize revenue and the owing funds recognize an expense/expenditure when the owing funds are charged by the self-insurance internal service funds.

The Liability/Property and the Workers' Compensation Self-Insurance funds' estimated claim liabilities are actuarially determined and include claims incurred but not reported. The estimated liabilities include provisions for allocated claims adjustment expenses, including administrative, attorney, and other associated expenses. Proceeds received for salvage and subrogation are recognized as revenue in the year of receipt, and therefore, are not included in the estimated liabilities.

During the past three years, there were two instances of settlements payments that exceeded insurance coverage. Both of these instances were reported in FY 2022-23 financial statements.

Reconciliation of Claims Liabilities

	Liability/Property		Workers' Compensation		Other		Total

NOTE 17 - RESTRICTED NET POSITION

Restricted net position is net position subject to constraints either 1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provision or enabling legislation.

Net position restricted by enabling legislation are comprised of \$62,986 (FAA approved passenger facility charges), \$39,915 (Customer Facility Charges) and \$5,866 (lighting and landscape maintenance) in the Statement of Net Position at June 30, 2024.

Restricted Net Position includes:

- *Bond reserves* - funds that are restricted due to being held to meet bond reserve requirements for the Airport.
- *Landfill closure* - resources legally restricted to finance postclosure care costs in the future.
- *Kiefer Wetlands Preserves* - funding for the preservation of vernal pools at the Kiefer Landfill.
- *Debt service* - finance payment of interest and principal on bonds or other long-term borrowing in accordance with bond indentures.
- *Capital projects* - financial resources used in the acquisition or construction of major capital facilities in accordance with bond indentures.
- *Passenger facilities charges* - fees collected from airline passengers which are required to be used to finance Airport projects.
- *Customer facility charges* - fees collected from rental car customers which are required to be used to finance the following Airport projects: 1) rental car facilities; 2) Transportation Systems at the Airport.
- *General government* - stormwater utility fees, ad valorem tax proceeds, interest income and other various revenues to provide storm drainage, flood control, flood preparation and stormwater quality management services.
- *Public protection* - public protection programs are comprised of the following:
 - *Probation* - funds that are restricted for the Probation Department.
 - *Police protection* - funds that are restricted for the Sheriff's Department.
 - *Clerk-Recorder* - funds that are restricted for the County Clerk-Recorder.
 - *Dispute resolution* - funds that are restricted for dispute resolution.
 - *Community development* - funds that are restricted for Community Development activities.
 - *Protection and inspection* - funds that are restricted for the Agricultural Commissioner.
 - *Fire protection* - funds that are restricted for Natomas Fire Protection, a dependent special district.
- *Public assistance* - public assistance consist of state funding for realignment program.

COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS

(amounts expressed in thousands)**

NOTE 19 - CONTINGENCIES

The County is a defendant in various lawsuits related to self-insurance programs and for other claims, including construction, property tax assessments and claims arising from audits of federal and state-funded programs. Some claims may not be covered under the County's excess liability insurance policy; however, management is of the opinion that the potential liability would not have a significant adverse effect on the County's financial position.

Lorenzo Mays, et al. v. County of Sacramento

On February 20, 2015, Disability Rights California (DRC) wrote to Sheriff Jones advising they are the protection and advocacy system for the State of California with the responsibility for monitoring the rights and treatment of individuals in California who suffer from psychiatric disabilities.

On April 13, 2015, DRC and the Prison Law Office (PLO) conducted a tour of the Rio Cosumnes Correctional Center. On April 14, 2015, DRC and PLO conducted a tour of the Sacramento Main Jail. On August 4, 2015, DRC and PLO issued a letter advising they had conducted tours of both facilities and submitted their "Report on Inspection of the Sacramento County Jail." Within their report, DRC and PLO allege probable cause exists to conclude prisoners with disabilities are subjected to abuse and/or neglect in the Sacramento jails. Specifically, DRC and PLO allege they found evidence of the following violations of the rights of prisoners with disabilities:

- Undue and excessive isolation and solitary confinement;
- Inadequate mental health care; and
- Denial of rights under the Americans with Disabilities Act (ADA).

Subsequent to the issuance of that report and two County-retained mental health expert reports that were also critical of the County, the County entered into a tolling agreement with DRC and PLO. The County and the advocates continued negotiations, though no agreement was achieved. Litigation was ultimately filed in the U.S. District Court, Eastern District. Negotiations on these matters continued throughout the remainder of 2018 and into the spring of 2019. The negotiations culminated in the parties reaching agreement on all outstanding issues. The Board of Supervisors approved this settlement. The consent decree was approved in January 2020. The financial exposure to the County will include increases in operating costs due to staffing increases for the Sheriff's department which could exceed \$40 million annually, as well as increases in capital costs, which may include the construction of a new jail facility which could cost \$925 million.

Leonardo Galdamez, et al. v. County of Sacramento et al.

On October 2021, the County received correspondence from the law firm Kuzyk Law LLP on behalf of Leonardo and Samantha Galdamez demanding the County refund the Sacramento County Transportation Development Fee (SCDTF). Following the receipt of the demand letter, the County entered into a tolling agreement due to one-year statute of limitations, this allowed sufficient time for the County to analyze the claim. That tolling agreement expired on June 2, 2022.

On May 27, 2022, the Galdamez filed suit against the County reiterating their argument from the demand letter seeking a refund of the SCDTF.

At this time, a trial date has not been set. Should the County decide to pursue settlement discussions, a settlement agreement amount may be recommended following completion of discovery.

County Jail Contracts

In the Spring of 2023, Sacramento County, along with nine other defendant counties were used by individual plaintiffs challenging the commission and fees generated by telephone rates and commissary sales in each county jail. Plaintiffs allege that jail commission and fees are an unlawful tax under Article XIII C of the California Constitution.

The Article XIII C cases were consolidated by the Judicial Council as a putative class action, with the venue in Los Angeles County. Defendant Counties filed a join

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

demurrer on various ground, including that Plaintiffs lacked standing to sue, pursuant to County Inmate Telephone Service Cases (2020) 48 Cal.App.5th 354 (County Inmate). The Trial Court denied the defendant counties demurrer because it could not square the standing analysis in County Inmate and certified its order for immediate appellate review, finding that the demurrer (1) involves a controlling question of law, (2) as to which there are substantial grounds for difference of opinion, and (3) appellate resolution of this question may materially advance the conclusion of the litigation.

In October 2024, defendant counties filed a joint petition for writ of mandamus to the Second District Court of Appeal challenging the denial of the demurrer.

NOTE 20 - TAX ABATEMENTS

Sacramento County provides tax abatements under three programs: the Local Conservation Act Program, the Mills Act Program, and the Urban Agriculture Program.

Local Conservation Act Program

The California Land Conservation Act of 1965, commonly referred to as the Williamson Act, enables local governments to enter into contracts with private landowners for the purpose of restricting specific parcels of land to agricultural or related open space use. In return, landowners receive property tax assessments which are much lower than normal because they are based upon farming and open space uses as opposed to full fair value. State funding was provided in 1971 by the Open Space Subvention Act, which created a formula for allocating annual payments to local governments based on acreage enrolled in the Williamson Act Program. Subvention payments were made through FY 2007-08, but have been suspended in more recent years due to revenue shortfalls.

The Assessor's Office does not set criteria for participation in the Williamson Act, nor the provisions contained in Williamson Act contracts regarding commitments by participants receiving property tax abatement, nor recapture provisions. The Assessor's Office performs annual property tax valuations using an income capitalization method in which the capitalization rate is the sum of specified interest, risk, and property tax components as prescribed in California Revenue and Taxation Code Section 423. The Assessor enrolls the lowest of: 1) the property's restricted value as calculated above; 2) its Proposition 13 factored base year value; or 3) its current fair value. No other commitments were made by the County as part of those agreements.

Mills Act Program

Economic incentives foster the preservation of residential neighborhoods and the revitalization of downtown commercial districts. The Mills Act is an important economic incentive program in California for the restoration and preservation of qualified historic buildings by private property owners. Enacted in 1972, the Mills Act legislation grants participating local governments (cities and counties) authority to enter into contracts with owners of qualified historic properties who actively participate in the restoration and maintenance of their historic properties while receiving property tax relief. The Mills Act allows local governments to design preservation programs to accommodate specific community needs and priorities for rehabilitating entire neighborhoods, encouraging seismic safety programs, contributing to affordable housing, promoting heritage tourism, or fostering pride of ownership. Local governments have adopted the Mills Act because they recognize the economic benefits of conserving resources and reinvestment as well as the important role historic preservation can play in revitalizing older areas, creating cultural tourism, building civic pride, and retaining the sense of place and continuity with the community's past. A formal agreement, generally known as a Mills Act or Historical Property Contract, is executed between the local government and the property owner for a minimum ten-year term. Contracts are automatically renewed each year and are transferred to new owners when the property is sold. Property owners agree to restore, maintain, and protect the property in accordance with specific historic preservation standards and conditions identified in the contract. Periodic inspections by city or county officials ensure proper maintenance of the property. Local authorities may impose penalties for breach of contract or failure to protect the historic property. The contract is binding to all owners during the contract period.

The Assessor's Office is not involved in the process leading to the creation of a preservation contract. Each local government establishes their own criteria and determines how many contracts they will allow in their jurisdiction. Locally, these contracts are administered by the various planning departments within Sacramento County. The assessment of historic properties under preservation contract in California is governed by California Revenue and Taxation Code (RTC) Section 439 through 439.4. RTC Section 439.2 provides that the assessor must annually value restricted historic properties using an income approach which employs a fair rent, allowable expenses and a built up capitalization rate. The taxable value of restricted historic properties each lien date shall be the lowest of their current fair value, their factored base year value, or their restricted income value. No other commitments were made by the County as part of those agreements.

(amounts expressed in thousands)

Urban Agriculture Program

The Urban Agricultural Incentive Zones Act attempts to increase the use of privately owned, vacant land for urban agriculture and improve land security for urban agriculture projects. This legislation allows city governments, with approval from their county Board of Supervisors, to create “urban agriculture incentive zones” within their boundaries. Land owners within these zones who are willing to lease land for urban agriculture (for a minimum of five years) can potentially lower the assessed value of their land. The Assessor's Office does not create urban agriculture incentive zones or implement contracts with land owners. Local jurisdictions create the geographic boundaries for each zone, enter into contracts with land owners, and process and enforce these contracts. Open-space land, under an urban agricultural incentive zone contract, is assessed based on the average annual per acre value of irrigated cropland in California as reported by the US Department of Agriculture’s National Agricultural Statistics Service. The annual lien date value of land under an agricultural incentive zone contract will be the lower of the incentive zone valuation (described above), or the factored base year value. This assessment process is governed by RTC Section 422. No other commitments were made by the County as part of those agreements.

Mills Act	50

NOTE 21 - FUTURE GASB PRONOUNCEMENTS

In June 2022, GASB issued Statement No. 101, *Compensated Absences*, effective for fiscal years beginning after December 15, 2023. The objective of this statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The County has not determined the effect, if any, on the financial statements.

In December 2023, GASB issued Statement No. 102, *Certain Risk Disclosures*, effective for fiscal years beginning after June 15, 2024. The objective of this Statement is to provide user of government financial statement with essential information about risk related to government's vulnerabilities due to certain concentration or constraints. The County has not determined the effect, if any, on the financial statements.

In April 2024, GASB issued Statement No. 103, *Financial Reporting Model Improvements*, effective for fiscal years beginning after June 15, 2025. The objective of this statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. The County has not determined the effect, if any, on the financial statements.

In September 2024, GASB issued Statement No. 104, *Disclosure of Certain Capital Assets*, effective for fiscal years beginning after June 15, 2025. The objective of this statement is to provide user of government financial statements with essential information about certain types of capital assets. The County has not determined the effect, if any, on the financial statements.

NOTE 22 - SUCCESSOR AGENCY TRUST FOR ASSETS OF FORMER REDEVELOPMENT AGENCY

In accordance with Assembly Bill (AB) 1X 26 and AB 1434, all redevelopment agencies in the State of California were dissolved and ceased to operate as legal entities as of February 1, 2012. The County of Sacramento elected to be appointed as Redevelopment Agency Successor Agency (RASA) for the redevelopment project areas for the purpose of winding down the affairs of the RASA. The RASA was created to serve, in a fiduciary capacity, as custodian for the assets and to wind down the affairs of the former Redevelopment Agency (RDA). The RASA operates under the auspices of a legislatively formed oversight board which has authority over its financial affairs and supervises its operations and timely dissolution. The assets are held in trust for the benefit of the taxing entities within the former RDA boundaries and as such are not

**COUNTY OF SACRAMENTO
NOTES TO BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2024
(amounts expressed in thousands)**

available for County use. The RASA is responsible for preparing and submitting to the State Department of Finance the recognized obligation payment schedule (ROPS) for the enforceable obligations due, and remitting payments for the approved enforceable obligations of the former RDA's redevelopment project areas. Once the ROPS is approved by the State Department of Finance, and provided sufficient tax revenues are available, the County Auditor-Controller's Office distributes property taxes to the RASA from the County's Redevelopment Property Tax Trust Fund (RPTTF) for payment of enforceable obligations. It is reasonably possible that the State Department of Finance could invalidate any of the obligations reported on the Successor Agency's Recognized Obligations Payment Schedule.

In July 2013, the County received notification of a "Finding of Completion" from the State Department of Finance, which allows for: 1) loan agreements between the former redevelopment agency and sponsoring entity on the ROPS, as an enforceable obligation, provided the oversight board makes a finding that the loan was made for legitimate redevelopment purposes per Health and Sanitation Code (HSC) Section 34191.4(b)(1); and 2) utilizing derived proceeds from bonds issued prior to January 1, 2011, in a manner consistent with the original bond covenants per HSC Section 34191.5(b), within six months from the date of the letter. The County Redevelopment Successor Agency Long Range Property Management Plan was approved by the oversight board on October 21, 2013.

During the fiscal year ended June 30, 2015, the County became aware that the RASA has a joint ownership position for a property located at 801 12th Street, Sacramento, California. The County's percentage of ownership and value of the property is yet to be determined. The County is working with the other owners of the property to determine the values of ownership for each entity.

As of June 30, 2024, the RASA owes the Sacramento County Public Financing Authority \$49,119, with payments made semi-annually on June and December first of each fiscal year.

NOTE 23 - SUBSEQUENT EVENTS

Dry Period Financing

Article 16, Section 6, of the State Constitution, permits dry period financing. It states that the County Treasurer (Director of Finance) may make temporary transfers of funds as necessary to meet the obligations incurred by district and political subdivisions whose funds are "...in custody and are paid out solely through the treasurer's office."

In 1980, the Board adopted a resolution (80-1434) to permit entities that collected the 1 percent ad valorem tax to obtain temporary cash transfers. Later, constitutional changes and associated County resolutions expanded this to include "all anticipated revenues". In accordance with the State Constitution, borrowing is permitted until the last Monday in April of each fiscal year in amounts that do not exceed 85 percent of all anticipated revenues.

As such, in FY 2024-25 the County General Fund may utilize up to 85 percent of its anticipated (estimated) revenues during the 'dry period' to meet any obligations incurred. The money is essentially loaned by the County Treasurer's Investment Pool (Treasury Pool), and accordingly, any funds loaned and interest costs incurred must be repaid by the General Fund. Dry period financing in the months of July through September was based on the General Fund's \$2.169 billion in estimated revenues approved in the County's FY 2024-25 Preliminary Budget. The County's final FY 2024-25 Budget was approved in September 2024 and the dry period financing amount was adjusted to reflect the final General Fund estimated revenues of \$2.187 billion. In addition, on a monthly basis, as revenue is received the dry period financing amount is decreased accordingly.

Sacramento Area Sewer District Separation

On January 1, 2024 the Sacramento Area Sewer District and the Sacramento Regional County Sanitation District merged into one legal entity now called The Sacramento Area Sewer District (District). Under this merger the District is separating from the County of Sacramento with an effective date of December 15, 2024. From this separation the District will have its own employees, rather than contracting with the County. Also, with the separation, the District will be withdrawing its funds held in the Treasury Pool over an agreed upon schedule. As of June 30, 2024, the District's book value in the Pool is approximately \$339.7 million.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

NONMAJOR GOVERNMENTAL FUNDS SECTION

SPECIAL REVENUE FUNDS

SPECIAL REVENUE FUNDS

Road - Accounts for financing the construction and maintenance of Sacramento County's unincorporated area road systems through planning, environmental analysis, traffic engineering and design, operations, traffic signals, street lights, signs and markings, right-of-way acquisitions, safety related improvements and radar/speed control.

Solid Waste Commercial Program - Accounts for the regulation of commercial solid waste and recycling collection by franchised haulers within the incorporated areas of the County of Sacramento based on ordinances approved by the County Board of Supervisors and funded by commercial franchise fees.

County Library - Accounts for capital maintenance and related costs at Sacramento County-owned Sacramento Public Library branches.

Transportation Sales Tax - Accounts for the public road improvements in the unincorporated area of the County that are funded from Measure A Transportation Sales Tax.

Building Inspection - Accounts for building inspection and code enforcement services to the unincorporated area of the County and is subject to Proposition 218 requirements. Proposition 218 prohibits property related fees from exceeding costs of services provided and the fees from the revenues shall not be used for any purpose other than that for which the fee was imposed.

Fixed Asset Revolving - Provides funding for payment of fixed asset debt service in accordance with the requirements of the financing documents.

Lighting and Landscape Maintenance Districts - As a blended component unit of the County, provides funding to plan, design, construct and maintain street and highway safety lighting facilities along streets and intersections in the unincorporated area of the County and provides funding for the maintenance of approximately 2 million square feet of landscaped corridors, medians and open spaces that exist throughout the County and is financed by service charges through direct levy subject to Proposition 218 requirements.

Park Districts and Park Service Areas - As a blended component unit of the County, accounts for the operation of three Board of Supervisors-governed park districts and for administrative and program assistance provided by the Department of Parks and Recreation to County Service Area Four and County Service Area No. 10.

Water Agencies - As a blended component unit of the County, consists of various zones created to provide specialized services within specific geographic areas and is subject to Proposition 218 requirements.

Stormwater Utility Program - Accounts for revenues and expenditures relating to collection and discharge of stormwater runoff in the region subject to Proposition 218 requirements.

Inmate Welfare - Accounts for revenues and expenditures used for the benefit, education and welfare of inmates.

SPECIAL REVENUE FUNDS

Economic Development - Oversees and is responsible for economic development matters within the County including the operation of the County's Business Environmental Resource Center (BERC), activities related to the redevelopment of the former McClellan and Mather air force bases and marketing efforts of the County. The department also engages in more general economic development and job creation programs.

Roadways - Provides financing for public road improvements within several geographical districts in response to land use decisions, population growth and anticipated future development. Development fees provide the funding for the improvements and are charged when commercial and residential building permits are approved.

Tobacco Securitization Authority of Northern California - As a blended component unit of the County, accounts for revenues and expenditures associated with the Authority, including activities such as the collection of tobacco settlement revenues, administration of bond debt and proceeds and the transferring of funds to the Tobacco Litigation Settlement debt service fund necessary to make required debt service payments.

Environmental Management - Accounts for revenues and expenditures for public health and environmental regulatory services of water, food, and hazardous materials funded through permits, licenses, registration, fees and penalties.

Jail Industry - Used for the operation or expansion of the jail industry program or to cover operating of county detention facilities.

Sacramento County Groundwater Sustainability Agency (SCGSA) - Fee revenues from SCGSA are used to support the JPA Groundwater Sustainability Agency's (GSA) groundwater sustainability program, administration costs, implementation of Groundwater Sustainability Plan, projects and management actions.

Metro Air Park Enhanced Infrastructure Financing District Public Financing Authority (Metro Airpark EIFD) - As a blended component unit of the County, accounts for revenues and expenditures with the EIFD to facilitate economic growth throughout the Metro Air Park region and to support the growth of economic activity within the Metro Airpark EIFD.

Other - Accounts for miscellaneous Special Revenue Funds of the County.

Fish and Game Propagation - Accounts for fines and forfeitures received under Section 13003 of the State of California Fish and Game Code and for other revenues and expenditures for the propagation and conservation of fish and game. The Recreation and Park Commission makes annual recommendations to the Board of Supervisors regarding expenditures within this fund.

In-Home Support Services Authority - Established via Sacramento County Code 2.97 in accordance with the state mandate established in WIC 12301.6 which requires assistance to recipients in finding in-home supportive services personnel through the establishment of a registry, investigation of potential personnel, establishes a referral system, provides training for providers and recipients and performs any other functions related to the delivery of in-home supportive services, funded by State Realignment and Federal reimbursements.

Mather Landscape Maintenance Community Facilities District (CFD) - Provides landscape maintenance services for public landscape corridors within the district, funded by direct levy service charges.

Mather Public Facilities Financing Plan (PFFP) - Provides portions of the major public infrastructure roadway facilities for the Mather area, funded by development impact fees.

Gold River Station #7 Landscape Community Facilities District (CFD) - Provides landscape maintenance services for public landscape corridors within the district, funded by direct levy service charges.

Natomas Fire District - Funds the provision of fire protection services in the Natomas area from property taxes.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

NONMAJOR GOVERNMENTAL FUNDS SECTION

DEBT SERVICE FUNDS

DEBT SERVICE FUNDS

Public Facilities Financing Corporation - Services the debt associated with the Public Facilities Financing Corporation's Juvenile Courthouse, the 2018 and 2020 Public Facilities Financing funds.

Pension Obligation Bonds - Services the debt related to Pension Obligation Bonds issued to pay off the unfunded pension liability the County owed the Sacramento County Employees' Retirement System.

Teeter Plan - Services the debt associated with the County purchases of delinquent recurrent property taxes receivables under the Alternative Method of Tax Apportionment, the "Teeter Plan."

Tobacco Securitization Authority of Northern California - Established in FY 2001-02 to account for the principal and interest payments on the Authority's Tobacco Settlement Revenue Bonds and the receipt of funds from the General Fund necessary to meet annual debt service requirements.

Sacramento County Public Financing Authority - Established in FY 2003-04 to service debt associated with housing and redevelopment projects throughout Sacramento County.

ANNUAL COMPREHENSIVE FINANCIAL REPORT

STATISTICAL SECTION

STATISTICAL SECTION

This part of the Sacramento County's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information conveys about the County's overall financial health.

Financial Trends - These schedules contain trend information to help the reader understand how the County's financial performance and well-being has changed over time.

Revenue Capacity - These schedules contain information to help the reader assess the County's most significant local revenue source, property and sales tax.

Debt Capacity - These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information - These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place and to help make comparisons over time and with other governments.

Operating Information - These schedules contain information about the County's operations and resources to help the reader understand how the County's financial information relates to the services the County provides and the activities it performs.

Sources - Unless otherwise noted; the information in these schedules is derived from the annual comprehensive financial reports for the relevant year(s).

A) Secured property is generally real property which includes land, improvements, structures, crops, vines, and mobile homes.

B) Unsecured property is generally personal property which includes boats, aircrafts, fixtures, equipment, leasehold improvements, and possessory interests.

C) Unitary properties are railroads, utilities properties which are assessed by the State Board of Equalization.

D) Exemptions as provided by the State Constitution provide property tax relief to Welfare, Church, and Non-Profit Organizations.

E) Proposition 13 limits the General Direct Property tax rate to 1% of the net assessed values.

Note: All dollar estimates are in current dollars (not adjusted for inflation).

A) In June 1978 California voters approved Proposition 13, which restricted property taxes to a County-wide rate of 1 percent per \$100 of assessed value plus voter approved indebtedness. The distribution of County-wide basic tax rate of 1 percent is based on the County's AB 8 Apportionment factors.

B) Rate represents a weighted average of seven incorporated cities within the County.

C) Rate represents a weighted average of the various special districts with general obligation bond rates.

D) Rate represents a weighted average of the various school districts with general obligation bond rates.

2023-24	2,145,727	2,124,128	98.99		2,124,128	98.99

A) County-wide 1 percent - Secured and Unitary Tax Rolls - Adjusted levy amount as of June 30; Levied Amounts for the County General Fund, School Districts, Cities, and Special Districts.

B) Collection amounts for the fiscal year as of June 30 for the County-wide 1 percent portion of the Secured and Unitary Taxes.

C) In the 1993 fiscal year, the Board of Supervisors adopted the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sales proceeds (Teeter Plan) as provided in California Revenue and Taxation Code Section 4701. Under the Teeter Plan, the Secured property tax roll is distributed to all taxing agencies within the County of Sacramento on the basis of the adjusted tax levy, rather than on the basis of actual cash collections.

D) The County has a Teeter loan which covers the full balance of levied taxes. If collections are not made within 5 years, the property goes to public auction.

E) Columns (A) and (B) have been revised for FY 2020-21, as unitary bond debt amounts were erroneously included.

Note: All dollar estimates are in current dollars (not adjusted for inflation)

Estimates updated for FY 2023-24, include revised estimates for FY 2014-15 and FY 2020-21 (may not be consistent with prior reported figures)

Total net debt applicable to the limit as a percentage of the limit ³	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A	N/A

Note:

- 1) Article XIII A of the California State Constitution and Senate Bill 1656, Statutes of 1978, provided for changing assessed value from 25 percent of full cash value to full cash value. Hence, the 5 percent limitation on general obligation bond indebtedness imposed by Section 29909 of the Government Code became 1.25 percent of assessed value.
- 2) The legal debt margin is the County's available borrowing authority under State finance statutes and is calculated by subtracting the debt applicable to the legal debt limit from the legal debt limit.
- 3) Total net debt applicable to the limit as a percentage of the limit was changed from 100 to N/A for FY 2014-15 through FY 2021-22 as we do not have any debt applicable to the limit.

2023-24	140,963	41,281	99,682	11,405	15,587	3.69

Note: Solid Waste Enterprise Fund does not have revenue bonds

A) Per bond resolution, revenues include all Airport revenues and exclude certain interest earnings and restricted revenues.

B) Total operating expenses including transfers out, but excluding depreciation and amortization.

C) Includes principal and interest of revenue bonds only.

D) Water Agency revenue bonds were issued May 9, 2007, October 31, 2019, and February 1, 2022.

E) Gross revenue reflects the adjusted annual revenues on the Water Agency Enterprise Fund pledged revenue stream. Fiscal years 2021-22 and 2022-23 have been revised to reflect that the Annual Adjusted Debt Service for the 2022A bonds is calculated based on a thirty-year amortization of the principal and interest at a rate equal to the Bond Buyer - Revenue Bond Index.

A) Housing services provided includes only the programs by DHA, including emergency shelters, and the data does not include the programs DHA does not administer.

B) Due to restructuring, the County now has the capacity to report on data and critical workload that previously was unable to be captured and quantified.

C) California Department of Rehabilitation Division of Juvenile Justice (DJJ) released youth back to local jurisdictions 9/30/2021, full closure 6/30/2023. Institutional care days increase due to commitments.

D) Beginning in FY 2016-17, Restitution Determination and Recommendation reports for Adult Sentencing replaced LSCMI assessments which are no longer conducted at Adult Court.

E) Beginning 1/1/2018 Firearm Possession and relinquishment reports are captured.

F) Pretrial Release Unit reports are captured beginning FY 2019-20.

**COUNTY OF SACRAMENTO
ANNUAL CONTINUING DISCLOSURES**

FOR THE FISCAL YEAR ENDED JUNE 30, 2024

This is the County of Sacramento Annual Continuing Disclosure filing for December 31, 2024, in compliance with the County's Continuing Disclosure Agreements. The information herein speaks only as of the issuance date of this Annual Comprehensive Financial Report and is subject to change without notice, and shall not, under any circumstances, create any implication that there has been no change in the affairs of the County since the date hereof. The presentation of information is intended to show recent historical information and is not intended to indicate future or continuing trends in the financial position or other affairs of the County. No representation is made that past experience, as it might be shown by such financial and other information, will necessarily continue or be repeated in the future.

This Section contains three separate Annual Continuing Disclosure filings for the following:

1. Certificates of Participation; Pension Obligation Bonds; and River City Regional Stadium Financing Authority Lease Revenue Bonds
2. Airport System Revenue Bonds
3. Water Financing Authority Revenue Bonds

COUNTY OF SACRAMENTO

Other County General Fund Obligations

Outstanding loans between the County General Fund and the County Treasury Pool are detailed below. The Teeter Plan Loans are also loans between the County and the County's Pooled Investment Fund for a maximum of five years. The interest rate charged is variable and resets quarterly. There are no pre-payment penalties, thereby providing the County with the flexibility to opt-in at a later date into an alternative form of Teeter Plan financing.

As of June 30, 2024

COUNTY OF SACRAMENTO
Variable Rate Debt/Interest Rate Swaps

Issue	2023 Refunding POB (portion of)
County Credit Rating Risk (threshold for termination event for swap agreement)	The interest rate is dependent upon the County's credit ratings and is calculated as the Daily SOFR Index Rate + applicable spread. The applicable spread is set as follows based on ratings by Moody's/S&P/Fitch: Tier I = 0.45% (A2/A/A and above) Tier II = 0.55 % (A3/A-/A-) Tier III = 0.70% (Baa1/BBB+/BBB+) Tier IV = 0.90% (Baa2/BBB/BBB) The County must maintain two of three minimum ratings set forth below with respect to at least one issue of POBs or COPS: rated at or above Baa2 (Moody's), BBB (S&P), or BBB (Fitch). Should the County not maintain these ratings, the interest rate on the Bonds shall increase to the Trigger Rate, which represents a rate of interest per annum equal to the highest of (a) the Prime Rate plus one percent (1.00%), (b) the Federal Funds Rate plus two percent (2.00%), or (c) seven percent (7.00%).

COUNTY OF SACRAMENTO

Department of Airports Annual Report (Airport Enterprise Fund)

In accordance with the requirements of the Continuing Disclosure Certificates for the County of Sacramento Airport System Senior Revenue Bonds, Series 2008 and 2009, the Airport System Senior Revenue Refunding Bonds, Series 2016A, 2018A, 2018B, 2018C, and 2020, the Airport System Subordinate and PFC/Grant Revenue Bonds, Series 2008 and 2009 and the Airport System Subordinate Revenue Refunding Bonds, Series 2016B, 2018D, 2018E, and 2018F, (collectively, the "Certificate"), the Sacramento County Department of Airports is including this section to meet the requirements of Securities and Exchange Commission Rule 15c2-12(b)(5)(the Rule).

Beginning with the Annual Comprehensive Financial Report (ACFR) for Fiscal Year 2007-2008, and each ACFR thereafter, the Bond Disclosure Section provides the required information consistent with Section 4 of the Certificate. The ACFR is filed with each National and State Repository specified in the Rule, and with any other repository that shall be identified in the future.

ANNUAL REPORT

The following items are required by the Certificate to be included in the Annual Report:

- (A) The audited financial statements of the Department of Airports for the most recently completed fiscal year, prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board.
- (B) An annual updating, to reflect results of the most recently completed fiscal year, of the following tables:
 - 1. Historical Enplaned Passengers – Exhibit 1
 - 2. Historical Aircraft Landed Weight – Exhibit 2
 - 3. Airlines' Market Shares of Enplaned Passengers – Exhibit 3
 - 4. Statement of Revenues, Expenses and Changes in Net Position – Exhibit 4
 - 5. Airline and Nonairline Revenues – Exhibit 5
 - 6. Summary of Historical Revenues, Expenses and Debt Service Coverage – Exhibit 6

REPORTING OF MATERIAL EVENTS

In connection with the issuance of the County's not to exceed \$50,000,000 County of Sacramento Airport System Subordinate Revenue Notes, Series 2022 Subseries A (AMT) and Subseries B (Taxable) (the "2022 Notes"), the County entered into a Revolving Credit Agreement, dated as of December 8, 2022 (the "Revolving Credit Agreement"), with Wells Fargo Bank, National Association, as lender.

The above events were disclosed as material events when announced. No additional material events, as identified in Section 5 of the Certificate, have occurred for any of the outstanding bonds issued by Sacramento County and there is no knowledge on the part of the County of any impending material events that would require disclosure under the provisions of the Certificate.

Note: The information presented in the above table reflects the definitions, conventions and debt service coverage calculation methodology set forth in the Master Indenture of Trust, approved by the Board of Supervisors and dated May 1, 2008, and under the terms of supplemental indentures.

¹ Per Bond Indenture, Revenues include the Department's revenues excluding certain interest earnings and restricted revenues.

² Per Bond Indenture, Operating Expenses include the Department's operating expenses and other non-operating expenses. Operating Expenses exclude depreciation, amortization and debt service.

³ The Accrued Debt Service includes the principal payment and interest due on July 1st of the following fiscal year.

**Annual Report for the Sacramento County
Water Agency Enterprise Fund
For the Fiscal Years Ended June 30, 2020 through 2024**

On April 8, 2003, the Sacramento County Water Agency (Agency) entered into a Joint Exercise of Powers Agreement with Sacramento County to form the Sacramento County Water Agency Financing Authority (the Authority) for the purpose of facilitating the financing of acquisition and/or construction of real and personal property in and for the Agency. The Board of Directors of the Agency serves as the Authority's governing board. For financial reporting purposes, the Master Installment Purchase Contract between the Agency and the Authority has been eliminated.

The Authority is a blended component unit of the Sacramento County Water Agency. The Sacramento County Water Agency includes the Agency's Enterprise Fund, however, it includes more than one fund. All balances and transactions of the Authority are presented in the financial statements of the Agency Enterprise Fund.

This section is provided in accordance with the requirements of the Continuing Disclosure Certificate (the Certificate) for the Sacramento County Water Financing Authority Revenue Bonds Series 2007A and Series 2007B, the Sacramento County Water Financing Authority Revenue Bonds Series 2019, and the Sacramento County Water Financing Authority Revenue Bonds Series 2022A. The material provided under the Certificate is intended to meet or exceed the requirements of Securities and Exchange Commission Rule 15c2-12(b)(5) (the Rule). The data tables provided herein apply to the 2007B, 2019, and 2022A issues.

This Bond Disclosure Section included within the Sacramento County's Annual Comprehensive Financial Report (ACFR) provides the information required by the Continuing Disclosure Certificate. The ACFR, in turn, will be filed with each National Repository specified in the Rule, and with any other repository that shall be identified in the future.

ANNUAL REPORT

The following items are required by the Certificate to be included in the Annual Report:

- (A) The audited financial statements of the Agency for the prior Fiscal Year, prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board; provided, that if the Agency's audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.
- (B) The Annual Report shall include an annual updating, to reflect results of the most recently completed fiscal year, of information of the type contained in the following tables contained in the Official Statement for the Series 2007B, Series 2019, and Series 2022A Bonds dated April 26, 2007, October 16, 2019, and February 1, 2022 respectively (the "Official Statement"). Projections do not have to be updated.
 - 1. Approximate number of connections to which the Agency delivered water - Exhibit 1
 - 2. Historical and Projected Monthly Service Fees - Exhibit 2
 - 3. Historical and Projected Impact & Connection Fees - Exhibit 3
 - 4. Annual Water Production Summary - Exhibit 4
 - 5. Water Service Accounts by Service Areas - Exhibit 5
 - 6. Zone 40 and 41 Service Areas Top Ten Customers - Exhibit 6
 - 7. Historical Operating Results - Exhibit 7

**Annual Report for the Sacramento County
Water Agency Enterprise Fund
For the Fiscal Years Ended June 30, 2020 through 2024**

REPORTING OF SIGNIFICANT EVENTS

As of June 30, 2024, there is no knowledge on the part of the Board of Directors, Officers, or employees of Sacramento County Water Agency of any impending significant event that would require disclosure under the provisions of the Certificate.

ADDITIONAL INFORMATION

The Certificate requires that the following information be updated annually:

Exhibit 1 - A table indicating the approximate number of connections to which the Agency delivered water.

- (2) Calculated in accordance with the Master Installment Purchase Contract, including the calculation of the 2022A Bonds as equal payments over 30 years with interest calculated at the RBI-based rate.
- (3) The Annual Adjusted Debt Service for the 2022A bonds is calculated based on thirty-year amortization of the principal and interest at a rate equal to the Bond Buyer - Revenue Bond Index.
- (4) The debt service and debt service coverage related to the 2022A bonds has been revised from FY2022 and FY2023.
- (5) The net cash flow of year's operations has been updated for FY2022 and FY2023

**ANNUAL COMPREHENSIVE
FINANCIAL REPORT
For The Fiscal Year Ended June 30, 2024**

APPENDIX C

SUMMARY OF THE INDENTURE

The following is a summary of certain provisions of the Master Indenture, the Thirteenth Supplemental Indenture and the Fourteenth Supplemental Indenture. This summary does not purport to be complete or definitive and is qualified in its entirety by reference to the full terms of the Master Indenture, the Thirteenth Supplemental Indenture and the Fourteenth Supplemental Indenture. All capitalized terms not defined in this summary or elsewhere in the Official Statement have the meaning set forth in the Indenture.

CERTAIN DEFINITIONS

“Account” means an account, including subaccounts, in any of the Funds established and maintained under the Indenture.

“Accountant’s Certificate” means a certificate signed by an Independent Certified Public Accountant.

“Accreted Value” means, with respect to any Capital Appreciation Obligation and as of any date, the Initial Amount thereof plus the interest accrued thereon from its delivery date to such date, compounded at the interest rate with respect to such Capital Appreciation Obligation specified in or determined pursuant to the Supplemental Indenture or Issuing Instrument relating to such Capital Appreciation Obligation, on each compounding date specified in such Supplemental Indenture or Issuing Instrument. The applicable Accreted Value at any date shall be the amount set forth in the Accreted Value Table as of such date, if such date is a compounding date, and if not, shall be determined by straight-line interpolation with reference to such Accreted Value Table.

“Accreted Value Table” means, with respect to Capital Appreciation Obligations, the table denominated as such in, and to which reference is made in, the Supplemental Indenture or Issuing Instrument relating to such Capital Appreciation Obligations.

“Accrued Debt Service” means, for any period of time and with respect to any Outstanding Obligations, the amount of Debt Service on such Obligations accrued and to accrue during such period, modified as follows:

- (a) interest on any Variable Rate Obligation for any portion of such period of time during which the rate has not been established shall be calculated at the maximum rate of interest payable with respect to such Variable Rate Obligation;
- (b) interest payable from Capitalized Interest shall be excluded from the calculation;
- (c) Debt Service paid from Available Revenues or moneys other than Revenues, including any investment earnings thereon, shall be excluded from the calculation and Debt Service to be paid from Available Revenues or money other than Revenues, including any investment earnings thereon, deposited with the Trustee or another Fiduciary exclusively for such purpose shall be excluded from the calculation;
- (d) payments of interest due on any Interest Payment Date for an Obligation shall be deemed to accrue daily in equal amounts from the date of the preceding Interest Payment Date for such Obligation or, with respect to the initial Interest Payment Date for an Obligation, from the dated date of such Obligation; and

(e) payments of maturing principal and Sinking Fund Installments shall be deemed to accrue daily in equal amounts from the date which is one year prior to the due date of such maturing principal and Sinking Fund Installments.

“Act” means Chapter 14 of Part 2 of Division 2 of Title 3 of the Government Code of the State of California (Sections 26301 et seq.), and all laws amendatory thereof or supplemental thereto.

“Additional Bonds” means Additional Senior Bonds, Additional Subordinate Bonds or Additional Junior Subordinate Bonds, as applicable.

“Additional Junior Subordinate Bonds” means Junior Subordinate Bonds issued for the purpose described under the caption “THE MASTER INDENTURE – Authorization and Issuance of Bonds and Obligations – Additional Bonds” below and satisfying the conditions of the Master Indenture relating to the issuance of Junior Subordinate Obligations.

“Additional Senior Bonds” means Senior Bonds issued for the purpose described under the caption “THE MASTER INDENTURE – Authorization and Issuance of Bonds and Obligations – Additional Bonds” below and satisfying the conditions of the Master Indenture relating to the issuance of Senior Obligations.

“Additional Senior Obligations” means Senior Obligations, including Additional Senior Bonds that satisfy the conditions of the Master Indenture relating to the issuance of Senior Obligations.

“Additional Subordinate Bonds” means Subordinate Bonds issued for the purpose described under the caption “THE MASTER INDENTURE – Authorization and Issuance of Bonds and Obligations – Additional Bonds” below and satisfying the conditions of the Master Indenture relating to the issuance of Subordinate Obligations.

“Additional Subordinate Obligations” means Subordinate Obligations, including Additional Subordinate Bonds, that satisfy the conditions of the Master Indenture relating to the issuance of Subordinate Obligations.

“Advance Refunded Municipal Securities” means any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local government unit of any such state: (a) which are rated “AAA” by S&P and Fitch (if rated by Fitch) or “Aaa” by Moody’s; (b) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee, fiscal agent or other fiduciary for such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds or other obligations for redemption on the date or dates specified in such instructions; (c) which are secured as to principal and interest and redemption premium, if any, by a fund consisting only of cash or bonds or other obligations of the character described in clause (a) or (b) of the definition of “Permitted Investments” which fund may be applied only to the payment of such principal of and interest and redemption premium, if any, on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in clause (b) above, as appropriate; and (d) as to which the principal of and interest on the bonds and obligations of the character described in clause (a) or (b) of the definition of “Permitted Investments” which have been deposited in such fund, along with any cash on deposit in such fund, have been verified by an Independent Certified Public Accountant as evidenced by an Accountant’s Certificate as being sufficient, without reinvestment, to pay principal of and interest and redemption premium, if any, on such bonds or other obligations on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions referred to in clause (b) above, as applicable.

“Aggregate Adjusted Annual Debt Service” means, with respect to any 12 month period of time, the aggregate amount of Accrued Debt Service on any Outstanding Obligations for such period modified, notwithstanding anything to the contrary contained in the definition of “Accrued Debt Service,” as follows:

(a) In determining the amount of principal payable in any 12 month period of time, payment shall (unless a different paragraph of this definition applies for purposes of determining principal maturities or amortization) be assumed to be made on Outstanding Obligations in accordance with the maturity schedule or amortization schedule (including mandatory redemption from Sinking Fund Installments) established by the Supplemental Indenture or Issuing Instrument for such Obligations, including, as a principal payment, the Accreted Value of any Capital Appreciation Obligations maturing or scheduled for redemption in such year. In determining the amount of interest payable in any 12 month period of time, interest payable at a fixed rate shall (except to the extent paragraph (b), (c) or (d) of this definition applies) be assumed to be made at such fixed rate and on the required Interest Payment Dates.

(b) If all or any portion or portions of Outstanding Obligations constitute Balloon Obligations, then, for purposes of determining Aggregate Adjusted Annual Debt Service, each maturity which constitutes Balloon Obligations shall, at the option of the County, unless otherwise provided in the Supplemental Indenture or Issuing Instrument for such Balloon Obligations or unless paragraph (c) of this definition then applies to such maturity, be treated as if it were to be amortized over a period of 20 years (or until the final maturity of such Balloon Obligations, if greater than 20 years) and with substantially level annual debt service payments at an interest rate equal to the rate borne by the Balloon Obligations commencing not later than the year following the year in which such Balloon Obligations was issued.

(c) Any maturity of Obligations which constitutes Balloon Obligations for which the stated maturity date occurs within 12 months from the date the calculation of Aggregate Adjusted Annual Debt Service is made, shall be assumed to become due and payable on the stated maturity date and paragraph (b) above shall not apply thereto unless the County has received a letter evidencing a binding commitment of an institutional lender or municipal underwriting firm to provide financing to refinance such maturity and stating the probable terms of such refinancing and that the debt capacity of the Airport System is sufficient to successfully complete such refinancing; upon the receipt of such letter, such Balloon Obligations shall be assumed to be refinanced in accordance with the probable terms set out in such commitment and such terms shall be used for purposes of calculating Aggregate Adjusted Annual Debt Service.

(d) If any Outstanding Obligations constitute Variable Rate Obligations except to the extent paragraph (g) applies (including payments or receipts under a Swap determined pursuant to a variable rate formula), the interest rate on such Obligations (or the variable rate formula for such payments or receipts under such Swap) for any period as to which such interest rate cannot be determined shall be assumed to be 110% of the daily average interest rate on such Obligations (or under such Swap) during the 12 months ending with the month preceding the month in which the calculation of Aggregate Adjusted Annual Debt Service is made, or such shorter period that such Obligations shall have been Outstanding.

(e) If any Obligations proposed to be issued shall be Variable Rate Obligations which are Tax-Exempt, except to the extent subsection (h) applies (including payments or receipts under a Swap to be determined pursuant to a variable rate formula based on a tax-exempt index), the interest rate on such Obligations (or the variable rate formula for such payments or receipts under such Swap) shall be assumed to be 110% of the average SIFMA Index during the 12 months ending with the month preceding the month in which the calculation of Aggregate Adjusted Annual Debt Service is made, or if that index is no longer published, 75% of the One Month USD LIBOR Rate, or if the One Month USD LIBOR Rate is not available, another similar rate or index selected by the County.

(f) If any Obligations proposed to be issued shall be Variable Rate Obligations which are not Tax-Exempt, except to the extent subsection (h) applies (including payments or receipts under a Swap to

be determined pursuant to a variable rate formula based on the taxable index), the interest rate on such Obligations (or the variable rate formula for such payments or receipts under such Swap) shall be assumed to be 110% of the average One Month USD LIBOR Rate during the 12 months ending with the month preceding the month in which the calculation of Aggregate Adjusted Annual Debt Service is made, or if the One Month USD LIBOR Rate is not available for such period, another similar rate or index selected by the County.

(g) If a Qualified Swap has been entered into by the County with respect to any Outstanding Obligations, the interest rate on such Outstanding Obligations for each period during which payments are to be exchanged by the parties under such Qualified Swap shall be determined for purposes of calculating Aggregate Adjusted Annual Debt Service by adding: (1) the amount of Debt Service paid or to be paid by the County as interest on such Outstanding Obligations during such 12 month period or portion thereof (determined as provided in paragraph (d) if such Outstanding Obligations constitute Variable Rate Obligations) and (2) the net amount (which may be a negative amount) paid or to be paid by the County under the Qualified Swap (after giving effect to payments made and received, and to be made and received, by the County under the Qualified Swap) during such period (determined as provided in paragraph (d)), provided that if such Obligations are subject to a Qualified Swap that effectively converts the interest rate to be paid by the County on such Obligations to a fixed rate of interest, the Obligations shall be assumed to bear interest at the fixed rate of interest specified in such Qualified Swap during the stated term of such Qualified Swap.

(h) If a Qualified Swap has been entered into by the County with respect to any Obligations proposed to be issued, which Qualified Swap will be effective at the time the Obligations are issued, the interest on such proposed Obligations for each period during which payments are to be exchanged under the Qualified Swap shall be determined for purposes of calculating Aggregate Adjusted Annual Debt Service by adding: (1) the amount of Debt Service to be paid by the County as interest on such Obligations during such period (determined as provided in paragraph (e) or (f), as applicable, if such Obligations are to constitute Variable Rate Obligations) and (2) the net amount (which may be a negative amount) to be paid by the County under the Qualified Swap (after giving effect to payments to be made and received by the County under the Qualified Swap) during such period (determined as provided in paragraphs (e) and (f), as applicable), provided that if such Obligations are subject to a Qualified Swap that effectively converts the interest rate to be paid by the County on such Obligations to a fixed rate of interest, the Obligations shall be assumed to bear interest at the fixed rate of interest specified in such Qualified Swap during the stated term of such Qualified Swap.

(i) With respect to any Obligations which are part of a Commercial Paper Program, it shall be assumed that the Outstanding amount of such Commercial Paper Program will be amortized over a term certified by an Authorized County Representative as the expected duration of such Commercial Paper Program at the time the initial Obligations of such Commercial Paper Program are issued or, if such expectations have changed, over a term certified by an Authorized County Representative to be the expected duration of such Commercial Paper Program at the time the calculation of Aggregate Adjusted Annual Debt Service is made, but not to exceed 30 years from the date the initial Obligations of such Commercial Paper Program are issued and it shall be assumed that Debt Service with respect to such Commercial Paper Program shall be paid in substantially level annual debt service payments over such assumed term; the interest rate used for such computation shall be a rate equal to the average rate for such Obligations during the preceding 12 month period or, if the Obligations have not been Outstanding for a 12 month period, the period since the issuance of such Obligations or, if the Obligations under the Commercial Paper Program are Obligations proposed to be issued, as provided in paragraph (e) or (f) of this definition, as applicable.

(j) Reimbursement Obligations shall be included in the calculation of Aggregate Adjusted Annual Debt Service to the extent of amounts due during such 12 month period on the related Credit Support

Instrument and only to the extent not otherwise included in Aggregate Adjusted Annual Debt Service and not otherwise paid as Operating Expenses. Interest on such Reimbursement Obligations shall be calculated at the rate in effect on the date the calculation of Aggregate Adjusted Annual Debt Service is made. Reimbursement of amounts drawn shall be treated as principal and payable as provided in the related Credit Support Agreement.

(k) If moneys or Permitted Investments have been irrevocably deposited with and are held by the Trustee or another Fiduciary or Capitalized Interest has been set aside exclusively to be used to pay Debt Service on specified Obligations, then the Debt Service to be paid from such moneys, Permitted Investments, or Capitalized Interest or from the earnings thereon shall be disregarded and not included in calculating Aggregate Adjusted Annual Debt Service.

(l) The Purchase Price of Tender Obligations shall not be included in the calculation of Aggregate Adjusted Annual Debt Service unless, at the time of calculation of Aggregate Adjusted Annual Debt Service, the Obligations have been tendered or deemed tendered for purchase in accordance with the applicable Supplemental Indenture or Issuing Instrument and the Purchase Price is not payable from amounts available under a Credit Support Instrument.

(m) If Available Revenues or moneys other than Revenues have been irrevocably committed pursuant to a Supplemental Indenture or Issuing Instrument for the purpose of paying Debt Service on specified Obligations, then the Debt Service to be paid from such amounts, including any investment earnings thereon, shall be disregarded and not included in calculating Aggregate Adjusted Annual Debt Service.

“Airport Consultant” means any independent consultant or firm of independent consultants of national reputation in matters relating to the planning, acquisition, construction, maintenance, operation and financing of airports comparable to the airports included in the Airport System, appointed and paid by the County, and who, or each of whom (a) is in fact independent and not under the domination of the County; (b) does not have a substantial financial interest, direct or indirect, in the operations of the County; and (c) is not connected with the County as a supervisor, officer or employee of the County, but who may be regularly retained to make management reports to the County.

“Airport System” means the whole and each and every part of the existing airport system of the County, including the Sacramento International Airport, Mather Airport, Executive Airport and Franklin Field and any other airport or aviation facility owned or operated by the County and designated by the County to be part of the Airport System, including runways, taxiways, landing pads, aprons, ramps, beacon sites, obstruction lights, navigational and landing aids, control towers, facilities for storage of aircraft and for parking of automobiles, roadways, passenger and freight terminals, land, easements and rights in land for clear zone and approach purposes, maintenance hangars and related facilities and all equipment, buildings, grounds, facilities, utilities and structures owned, leased or operated in connection with or for the promotion or the accommodation of air commerce and air navigation and services in connection therewith, together with all additions, betterments, extensions, replacements, renewals and improvements thereto which may hereafter be undertaken; provided, however, that the term does not include a Special Facility so long as Special Facility Obligations are Outstanding with respect to such Special Facility.

“Annual Budget” means the annual budget, as amended or supplemented, adopted or in effect for a particular Fiscal Year as provided in the Master Indenture.

“Authorized Airport Representative” means the Director of Airports or the Chief Administrative Officer of the Airport System and any other Person who is duly authorized to act as an Authorized Airport Representative for purposes of the Master Indenture or an Issuing Instrument by the Board.

“Authorized County Representative” means the Director of Finance of the County and any other Person who is duly authorized to act as an Authorized County Representative for purposes of the Master Indenture or an Issuing Instrument by the Board.

“Authorized Denominations” means, with respect to the Bonds of any Series, the denomination or denominations designated as such in the Supplemental Indenture authorizing such Bonds.

“Available CFC Account” has the meaning set forth under the heading “THE MASTER INDENTURE – Establishment and Application of Funds – Available Revenues” below.

“Available CFC Revenues” means, for any period of time, the amount of Customer Facility Charges specified in a Supplemental Indenture pursuant to the Master Indenture.

“Available Grant Account” has the meaning set forth under the heading “THE MASTER INDENTURE – Establishment and Application of Funds – Available Revenues” below.

“Available Grant Revenues” means, for any period of time, the amount of Grant Funds specified in a Supplemental Indenture pursuant to the Master Indenture.

“Available PFC Account” has the meaning under the heading “THE MASTER INDENTURE – Establishment and Application of Funds – Available Revenues” below.

“Available PFC Revenues” means, for any period of time, the amount of Passenger Facility Charges specified in a Supplemental Indenture pursuant to the Master Indenture.

“Available Revenues” means for any period of time, the amount of Available CFC Revenues, Available Grant Revenues and Available PFC Revenues to be received by the County during such period.

“Balloon Obligations” means, with respect to any Series of Obligations not included in a Commercial Paper Program, those Obligations of such Series which mature on the same date or within a 12-month period (with Sinking Fund Installments on Term Obligations deemed to be payments of matured principal) and which on the date of original issuance constitute at least 25% of the principal amount of the Obligations of such Series. For purposes of this definition, the principal amount maturing on any date shall be reduced by the amount of such indebtedness which is required, by the applicable Supplemental Indenture or Issuing Instrument, to be amortized by prepayment or redemption prior to its stated maturity date.

“Beneficial Owner” means, with respect any Book-Entry Bond, the beneficial owner of such Bond as determined in accordance with the applicable rules of the Securities Depository for such Book-Entry Bonds.

“Board” means the Board of Supervisors of the County or any successor body of the Board of Supervisors.

“Bond” means any of the County of Sacramento Airport System Revenue Bonds authorized pursuant to the Master Indenture and a Supplemental Indenture, whether Senior Bonds, Subordinate Bonds or Junior Subordinate Bonds.

“Bond Counsel” means Orrick, Herrington & Sutcliffe LLP or another attorney or firm of attorneys of recognized national standing in the field of law relating to municipal securities and to exclusion of interest thereon from income for federal income tax purposes selected by the County.

“Bond Debt Service” means, for any period of time, the Debt Service on any Outstanding Bonds during such period less the amount of any Subsidy received or expected to be received with respect to or in connection with such Outstanding Bonds during such period of time.

“Bond Register” means the registration books for the ownership of Bonds and other Obligations maintained by (or with respect to Obligation other than Bonds, on behalf of) the Trustee pursuant to the Master Indenture.

“Book-Entry Bonds” means Bonds registered in the name of DTC or any successor Securities Depository for the Bonds, or a nominee thereof, as the registered owner thereof pursuant to the Master Indenture.

“Business Day” means, with respect to each Series of Obligations, unless otherwise provided with respect to a particular Series of Obligations in the Supplemental Indenture or Issuing Instrument relating to such Series, any day of the year other than (a) a Saturday, (b) a Sunday, (c) any day which shall be in Sacramento, California or New York, New York a legal holiday, and (d) any day on which the banks are authorized or required by law or other government action to close in the State of New York or the State or any city in which the Principal Office of the Trustee or any other Fiduciary or any Credit Provider for such Series of Bonds is located.

“Capital Appreciation Obligations” means any Obligations the interest on which is compounded and not scheduled to be paid until the maturity or prior redemption of such Obligations (including, as the context requires, a Convertible Obligation before the applicable Conversion Date).

“Capital Improvement” means, to the extent chargeable to a capital account of the Airport System under Generally Accepted Accounting Principles: (a) any addition, betterment, replacement, renewal, extension, equipping, or improvement of or to the Airport System, including, without limitation, the acquisition of land or any interests therein; and (b) capital costs for the extension, reinforcement, enlargement or other improvement of facilities or property, or the acquisition of interests therein, not included as part of the Airport System, determined by the County to be necessary or convenient in connection with the utilization of the Airport System.

“Capital Improvement Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Capitalized Interest” means the proceeds of Obligations or other moneys deposited with the Trustee, in the case of Bonds, and in the case of other Obligations with a trustee or other fiscal agent for such Obligations, the application of which is limited by the terms of the applicable Supplemental Indenture or Issuing Instrument to the payment of interest on specified Obligations for a specified period.

“Code” means the Internal Revenue Code of 1986, as amended from time to time. Each reference to a section of the Code in the Master Indenture or an Issuing Instrument shall be deemed to include the applicable United States Treasury Regulations thereunder and also includes all amendments and successor provisions unless the context clearly requires otherwise.

“Commercial Paper Program” means a program of short-term Obligations having the characteristics of commercial paper in that such Obligations have a stated maturity not later than 270 days from their date of issue and that the principal of maturing Obligations of such program are expected to be paid with the proceeds of renewal short-term Obligations except to the extent that the Obligations of such commercial paper program are to be amortized.

“Construction” means, with respect to a Capital Improvement, the planning, designing, acquiring, constructing, installing, furnishing, equipping and financing of such Capital Improvement, placing such Capital Improvement in operation, and obtaining governmental approvals, certificates, permits and licenses with respect to the acquisition, construction, installation, furnishing, equipping and financing of such Capital Improvement and to the operation of such Capital Improvement.

“Construction Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Conversion Date” means the date set forth in the applicable Supplemental Indenture or Issuing Instrument on and after which a Convertible Obligation is deemed a Current Interest Obligation and after which the Owners shall be entitled to current payments of interest on each interest payment date.

“Convertible Obligation” means a Capital Appreciation Obligation which is deemed to be a Current Interest Obligation on and after the applicable Conversion Date.

“Cost” means, with respect to any Capital Improvement, all costs and expenses of the Construction of such Capital Improvement paid or incurred by the County. Payment of Cost shall include the reimbursement to the County for any of the costs included in this definition of Cost paid by the County and not previously reimbursed to the County and which are not to be reimbursed from government grants or other moneys not constituting the proceeds of Obligations.

“Costs of Issuance” means, with respect to any Obligations, all items of expense directly or indirectly payable by or reimbursable to the County and related to the original authorization, execution, sale and delivery of such Obligations, including but not limited to advertising and printing costs, costs of preparation and reproduction of documents, including disclosure documents and documents relating to the sale of such Obligations, the initial costs of any Credit Support Instrument and any Reserve Guaranty, the initial fees and charges (including counsel fees) of any Fiduciary and any Credit Provider, legal fees and charges to the County, fees and expenses of financial advisors to the County, fees and expenses of other consultants and professionals providing services to the County, rating agency fees, fees and charges for preparation, execution, transportation and safekeeping of such Obligations and any other cost, charge or fee to the County or required to be paid by the County in connection with the authorization, issuance, sale or original delivery of such Obligations.

“County” means the County of Sacramento, a political subdivision of the State of California duly organized and existing under and by virtue of the laws of the State of California.

“Credit Provider” means any insurance company, bank or other institution which has issued any Credit Support Instrument.

“Credit Support Agreement” means, with respect to any Credit Support Instrument, the agreement or agreements (which may be the Credit Support Instrument itself) between the County and the applicable Credit Provider providing for, among other things, the reimbursement to the Credit Provider for draws under the applicable Credit Support Instrument, as originally executed or as they may from time to time be supplemented or amended in accordance with the provisions thereof and any applicable Supplemental Indenture or Issuing Instrument. “Credit Support Agreement” also means and includes covenants or agreements of the County contained in a Supplemental Indenture or Issuing Instrument providing for the reimbursement to the Credit Provider for draws under the applicable Credit Support Instrument.

“Credit Support Instrument” means a policy of insurance, a letter of credit, a stand-by purchase agreement, revolving credit agreement or other credit arrangement pursuant to which a Credit Provider provides credit and/or liquidity support with respect to the payment of the principal or Purchase Price of, or interest on, any Obligations; provided that the term shall not include any Reserve Guaranty.

“Customer Facility Charges” means charges collected by the County pursuant to the authority granted by the Section 1936 of the Civil Code of the State (or any successor statute), as amended and supplemented from time to time, in respect of any component of the Airport System and interest earnings thereon, net of amounts that collecting entities are entitled to retain for collecting, handling and remitting such customer facility charge revenues.

“Current Interest Obligation” means an Obligation (including, as the context requires, a Convertible Obligation on and after the applicable Conversion Date), the interest on which is payable currently on each Interest Payment Date.

“Debt Service” means, for any period of time and with respect to any Outstanding Obligations, the sum of:

(a) the interest payable during such period on the Obligations, assuming that all Serial Obligations are retired as scheduled and that all Term Obligations are redeemed or paid from Sinking Fund Installments as scheduled;

(b) that portion of the principal amount of all Serial Obligations maturing on each principal payment date during such period, including the Final Compounded Amount of any Capital Appreciation Obligations which are Serial Obligations;

(c) that portion of the principal amount of all Term Obligations required to be redeemed or paid from Sinking Fund Installments becoming due during such period (together with the premiums, if any, thereon), including the Accreted Value of any Capital Appreciation Obligations which are Term Obligations;

(d) the amounts payable as Reimbursement Obligations during such period only to the extent not otherwise included in Debt Service and not otherwise paid as Operating Expenses;

(e) the Purchase Price of Tender Obligations payable by the County during such period to the extent that such Tender Obligations have been tendered or deemed tendered for purchase in accordance with the applicable Supplemental Indenture or Issuing Instrument and the Purchase Price is not payable from the proceeds of remarketing or amounts available under a Credit Support Instrument;

(f) the amounts payable by the County on Obligations relating to payments due under any Swap minus any payments payable to the County under any Swap during such period only to the extent not otherwise included in Debt Service; and

(g) the amounts payable on any other Obligations during such period only to the extent not otherwise included in Debt Service.

“Defeasance Securities” means any of the securities described in clause (a), (b) or (n) of the definition of “Permitted Investments.”

“Department” means the Sacramento County Airport System or any successor charged with operating the Airport System.

“DTC” means The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York or its successors and assigns. References in the Master Indenture to DTC shall include any Nominee of DTC in whose name any Bond or other Obligation is registered.

“Electronic” means, with respect to notice, notice through telecopy, telegraph, telex, facsimile transmission, internet, e-mail, dedicated electronic link or other electronic means of communication capable of producing a written record.

“Escrow Agent” means the Trustee or a bank or trust company organized under the laws of any state of the United States, or a national banking association, in each case satisfying the financial qualifications of a successor Trustee contained in the Master Indenture and appointed by the County to hold in trust moneys set aside for the payment or redemption of, or interest installments on, a Bond or Bonds, or any portion thereof, deemed paid pursuant to the Master Indenture.

“Event of Bankruptcy” means any of the following with respect to any Person: (a) the commencement by such Person of a voluntary case under the United States Bankruptcy Code or any other applicable federal or state bankruptcy, insolvency or similar laws; (b) failure by such Person to timely controvert the filing of a petition with a court having jurisdiction over such Person to commence, or an order for relief being entered in, an involuntary case against such Person under the United States Bankruptcy Code or any other applicable federal or state bankruptcy, insolvency or similar laws; (c) such Person shall admit in writing its inability to pay its debts generally as they become due; (d) a receiver, conservator, trustee, custodian, liquidator or similar official of such Person or such Person’s assets shall be appointed; (e) an assignment for the benefit of creditors shall be made by such Person; or (f) the entry by such Person into an agreement of composition with its creditors.

“Event of Default” means an event described as such under the heading “THE MASTER INDENTURE – Events of Default; Remedies – Events of Default” below.

“Facilities Construction Credits” means the amounts resulting from an arrangement embodied in a written agreement between the County and another Person pursuant to which the County permits such Person to make a payment or payments to the County which is reduced by the amount owed by the County to such Person under such agreement, resulting in a net payment to the County by such Person. The “Facilities Construction Credit” shall be deemed to be the amount owed by the County under such agreement which is “netted” against the payment of such Person to the County.

“Favorable Opinion of Bond Counsel” means, with respect to any action requiring such an opinion, an Opinion of Bond Counsel to the effect that such action shall not, in and of itself, result in the inclusion of interest on the Bonds (or such portion thereof as shall be specified in the applicable provisions of the Master Indenture requiring such an opinion) in gross income for federal income tax purposes and that such action is authorized by or permitted under the terms of the Master Indenture.

“Fiduciary” means the Trustee, any Paying Agents for the Obligations appointed as provided in the Master Indenture and any Escrow Agent, tender agent or other fiscal agent for the Obligations appointed pursuant to a Supplemental Indenture or Issuing Instrument.

“Final Compounded Amount” means the Accreted Value of any Capital Appreciation Obligation on its maturity date (or, as the context requires, the Accreted Value of any Convertible Obligation on its Conversion Date).

“Fiscal Year” means the period beginning on July 1 of each year and ending on the next succeeding June 30, or any other twelve-month period selected and designated as the official Fiscal Year of the County.

“Fitch” means Fitch Ratings and any successor entity rating Obligations at the request of the County.

“Fourteenth Supplemental Indenture” means the Fourteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee, relating to the Series 2025 Subordinate Bonds.

“Fund” means a fund established and maintained under the Master Indenture.

“General Fund” means the fund by that name existing in the treasury of the County created under applicable law.

“Generally Accepted Accounting Principles” means the accounting principles generally accepted in the United States applied on a consistent basis that are applicable to the circumstances as of the date of determination as set forth in the opinions and pronouncements of the Accounting Principles Board of the American Institute of Certified Public Accountants applicable to a government-owned airport applying all statements and interpretations issued by the Governmental Accounting Standards Board and, to the extent adopted by the County from time to time: (a) the statements and pronouncements of the Financial Accounting Standards Board; and (b) the statements and pronouncements of such other entity or entities as may be approved by a significant segment of the accounting profession.

“Grant Funds” means grants to be provided to the County by the United States or the State pursuant to a Letter of Intent in connection with Airport System facilities or projects, and which grants are permitted by the terms thereof to be used for the payment of Obligations.

“Indenture” means the Master Indenture, as supplemented and amended from time to time by Supplemental Indentures.

“Independent Certified Public Accountant” means any firm of certified public accountants selected by the County, and each of whom is independent pursuant to the Statement on Auditing Standards No. 1 of the American Institute of Certified Public Accountants.

“Information Services” means Financial Information, Inc.’s “Daily Called Bond Service,” 30 Montgomery Street, 10th Floor, Jersey City, New Jersey 07302, Attention: Editor; Kenny Information Services’ “Called Bond Service,” 65 Broadway, 16th Floor, New York, New York 10006; Moody’s “Mergent” 5250 77 Center Drive, Suite 150, Charlotte, North Carolina, 28217, Attention: Called Bond Department; the Municipal Securities Rulemaking Board, CDI Pilot, 1640 King Street, Suite 300, Alexandria, Virginia 22314; and S&P “Called Bond Record,” 25 Broadway, 3rd Floor, New York, New York 10004; or, in accordance with then-current guidelines of the Securities and Exchange Commission, such other addresses and/or such other services providing information with respect to called bonds, as the County may designate in writing to the Trustee.

“Initial Amount” means the Accreted Value of a Capital Appreciation Obligation on its date of issuance.

“Interest Payment Date” means, with respect to a Series of Obligations, each date on which interest on Obligations of such Series is scheduled to be paid as set forth in, or determined in accordance with, the Supplemental Indenture or Issuing Instrument relating to such Series.

“Issuing Instrument” means, with respect to any Obligations other than Bonds (Bonds shall be issued pursuant to a Supplemental Indenture), the indenture, trust agreement, loan agreement, lease, installment purchase agreement, revolving credit agreement, Credit Support Agreement, Swap or other instrument or agreement pursuant to which such Obligations are issued or incurred.

“Junior Agreement” has the meaning described under the heading “THE MASTER INDENTURE – Covenants and Obligations of the County – Creation of Prior Liens” below.

“Junior Holder” has the meaning described under the heading “THE MASTER INDENTURE – Covenants and Obligations of the County – Creation of Prior Liens” below.

“Junior Obligation” has the meaning described under the heading “THE MASTER INDENTURE – Covenants and Obligations of the County – Creation of Prior Liens” below.

“Junior Subordinate Bonds” means Bonds issued for the purpose set forth in the Master Indenture and satisfying the conditions of the Master Indenture relating to the issuance of Junior Subordinate Obligations, which are subordinated as set forth in the provisions of the Master Indenture relating to the issuance of Junior Subordinate Obligations.

“Junior Subordinate Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Junior Subordinate Obligations” means any Junior Subordinate Bonds and any Obligations (or portions thereof) which are subordinated as set forth in the provisions of the Master Indenture relating to the issuance of Junior Subordinate Obligations and that satisfy the conditions of the Master Indenture relating to the issuance of Junior Subordinate Obligations, including without limitation any Termination Payments under Qualified Swaps for Subordinate Bonds, Reimbursement Obligations related to Junior Subordinate Bonds and Net Payments and Termination Payments under Swaps related to Junior Subordinate Bonds.

“Junior Subordinate Payment Default” means a failure to pay when due any Junior Subordinate Obligations.

“Letter of Intent” means a written commitment to make grant payments to the County (which commitment may be subject to appropriations) from the United States of America or any department or agency thereof, including the Federal Aviation Administration of the United States Department of Transportation and the Transportation Security Administration of the United States Department of Homeland Security, or from the State or any department or agency of the State.

“Master Indenture” means the Master Indenture of Trust, dated as of May 1, 2008, between the County and the Trustee, as the provisions thereof may be modified or amended from time to time.

“Moody’s” means Moody’s Investors Service, Inc. and any successor entity rating Obligations at the request of the County.

“Net Payment” means, with respect to a Swap, the amount payable by the County on each scheduled payment date under such Swap net of the amount payable by the counterparty under such Swap on such scheduled payment date.

“Net Proceeds” means (a) insurance proceeds received as a result of damage to or destruction of Airport System facilities (other than Special Facilities so long as Special Facility Obligations are Outstanding with respect to the damaged or destroyed Special Facilities) and (b) any condemnation award or amounts received by the County from the sale of Airport System land or facilities under the threat of condemnation (other than Special Facilities so long as Special Facility Obligations are Outstanding with respect to such condemned or sold Special Facilities) less (c) expenses (including attorneys’ fees and expenses and any fees and expenses of the Trustee) incurred in the collection of such proceeds, sale or award.

“Net Revenues” mean, for any period of time, the Revenues for such period less the Operating Expenses for such period.

“Nominee” means the nominee of the Securities Depository for the Book-Entry Bonds in whose name such Bonds are to be registered. The initial Nominee shall be Cede & Co., as the nominee of DTC.

“Obligations” means any obligation of the County, including any Bond, issued pursuant to the Master Indenture and a Supplemental Indenture or Issuing Instrument, as applicable.

“One Month LIBOR Rate” means, as of any date of determination, the offered rate for deposits in U.S. dollars for a one month period which appears on the Telerate Page 3750 at approximately 11:00 a.m., London time, on such date or if such date is not a date on which dealings in U.S. dollars are transacted in the London interbank market, then the One Month LIBOR Rate for such date shall be the offered rate for deposits in U.S. dollars for a one month period which appears on the Telerate Page 3750 at approximately 11:00 a.m., London time, on the next preceding date on which such dealings were transacted in such market.

“Operating Expenses” means the reasonable and necessary costs and expenses of operating, maintaining and administering the Airport System, determined in accordance with Generally Accepted Accounting Principles, including (among other things) salaries and wages, payments in connection with medical, pension and post-retirement medical plans, fees for services, costs of materials, supplies and fuel, reasonable expenses of management, repairs and other expenses necessary to maintain and preserve the Airport System in good repair and working order, reasonable amounts for administration, insurance, taxes (if any) and other similar costs, legal fees and expenses, the fees and expenses of the Fiduciaries, charges under management agreements for the operation and maintenance of the Airport System, the fees and expenses of remarketing agents, auction agents and broker-dealers, the regularly scheduled fees to be paid pursuant to any Credit Support Agreement, expenses (but not debt service) incurred in connection with the purchase or redemption of Obligations, and all other costs properly allocable to the operation, maintenance or administration of the Airport System, but excluding in all cases:

- (a) amortization of intangibles or other bookkeeping entries of a similar nature;
- (b) amortization and depreciation of Airport System facilities and assets;
- (c) charges for the payment of principal, Redemption Price, Purchase Price, interest or other payments on any Obligations;
- (d) any items chargeable to a capital account;
- (e) any loss from the sale, exchange or other disposition of capital assets of the Airport System;
- (f) any unrealized losses on securities held for investment by or on behalf of the County for the Airport System;
- (g) any losses resulting from changes in valuation of any Swap;
- (h) any unrealized losses from the write-down, reappraisal or revaluation of assets including investments for “other than temporary” declines in book value;
- (i) any extraordinary losses;
- (j) any loss resulting from extinguishment of indebtedness;
- (k) the costs and expenses of operating, maintaining and administering any Special Facility;
- (l) any costs and expenses paid or expected to be paid, or for which the County (or an entity controlled by the County) is or is expected to be reimbursed, from or through any source (including

Released Revenues) that is not included or includable in the definition of “Revenues” in the Master Indenture; and

(m) any costs and expenses to the extent such costs and expenses are directly related or reasonably allocable to a category of Released Revenues, as determined by the County.

For purposes of testing compliance with the rate covenant and the limitations on the issuance of Obligations contained in the Master Indenture, Operating Expenses will be calculated based upon Generally Accepted Accounting Principles, except that such calculation will include and exclude those items specifically included or excluded above.

“Operating Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Operating Reserve Account” means the Account in the Operating Fund so designated, established pursuant to the Master Indenture.

“Operating Reserve Requirement” means, as of any date of calculation, an amount equal to 25% of the amount included in the then current Annual Budget for Operating Expenses.

“Opinion of Bond Counsel” means a written opinion signed by Bond Counsel.

“Outstanding” means as of any particular time: (a) with respect to Bonds, except as otherwise provided in the Master Indenture, all Bonds theretofore or thereupon being issued by the County except (i) Bonds theretofore cancelled or surrendered to the Trustee for cancellation; (ii) subject to the provisions of the Master Indenture relating to Bonds held by a Credit Provider, Bonds paid or deemed to be paid pursuant to the provisions of the Master Indenture relating to defeasance of bonds; and (iii) Bonds in lieu of or in substitution for which replacement Bonds have been issued; and (b) with respect to any other Obligations, all such Obligations other than Obligations no longer outstanding under the provisions of the Issuing Instrument relating to such Obligations.

“Owner” means, with respect to a Bond, the registered owner of such Bond as set forth in the Bond Register. “Owner”, when used with respect to an Obligation other than Bonds means the registered owner or holder of such Obligation as set forth in the Bond Register.

“Participants” means, with respect to a Securities Depository for Book-Entry Bonds, those participants listed in such Securities Depository’s book-entry system as having an interest in such Bonds.

“Participating Senior Bonds” means the Senior Bonds of each Series except any Series of Senior Bonds which, pursuant to the terms of the Supplemental Indenture relating to such Series, is not secured by amounts in the Senior Debt Service Reserve Fund.

“Participating Subordinate Bonds” means the Subordinate Bonds of each Series except any Series of Subordinate Bonds which, pursuant to the terms of the Supplemental Indenture relating to such Series, is not secured by amounts in the Subordinate Debt Service Reserve Fund.

“Passenger Facility Charges” means charges collected by the County pursuant to the authority granted by the Aviation Safety and Capacity Expansion Act of 1990, the Aviation Investment Reform Act of 2000 and 14 CFR Part 158, as amended from time to time, in respect of any component of the Airport System and interest earnings thereon, net of amounts that collecting air carriers are entitled to retain for collecting, handling and remitting such passenger facility charge revenues.

“Paying Agent,” when used with reference to any Series of Obligations, means any commercial bank or trust company organized under the laws of any state of the United States of America, or any national banking association, designated as paying agent for the Obligations of such Series, and its successor or successors appointed in the manner provided in the Master Indenture.

“Payment Priorities” means payment of Obligations in the following order of priority:

(1) first, the Senior Obligations until they are no longer Outstanding on a pro rata basis and among such maturities and/or Sinking Fund Installments as designated by the County and by lot within a maturity;

(2) second, the Subordinate Obligations until they are no longer Outstanding on a pro rata basis and among such maturities and/or Sinking Fund Installments as designated by the County and by lot within a maturity;

(3) third, the Junior Subordinate Obligations until they are no longer Outstanding on a pro rata basis and among such maturities and/or Sinking Fund Installments as designated by the County and by lot within a maturity; and

(4) fourth, any other payments not covered by (1), (2) and (3) of this definition.

“Permitted Investments” means any of the following:

(a) Direct obligations of the United States (including obligations issued or held in book-entry form on the books of the Department of the Treasury, and CATS and TIGRS) or obligations the principal of and interest on which are unconditionally guaranteed by the United States.

(b) Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by any of the following federal agencies and provided such obligations are backed by the full faith and credit of the United States (stripped securities are only permitted if they have been stripped by the agency itself):

- (i) Farmers Home Administration (“FmHA”)Certificates of beneficial ownership
- (ii) Federal Housing Administration (“FHA”)Debentures
- (iii) General Services AdministrationParticipation certificates
- (iv) Government National Mortgage Association (“GNMA”)GNMA - guaranteed mortgage-backed bondsGNMA - guaranteed pass-through obligations (participation certificates)
- (v) United States Maritime AdministrationGuaranteed Title XI financing
- (vi) United States Department of Housing and Urban DevelopmentCapital Improvement NotesLocal Agency Bonds

(c) Bonds, debentures, notes or other evidence of indebtedness issued or guaranteed by any of the following non-full faith and credit United States government agencies (stripped securities are only permitted if they have been stripped by the agency itself):

- (i) Federal Home Loan Bank System
Senior debt obligations
- (ii) Federal Home Loan Mortgage Corporation (“FHLMC”)
Participation Certificates
Senior debt obligations
- (iii) Federal National Mortgage Association (“FNMA”)
Mortgage-backed securities and senior debt obligations (excluded are stripped mortgage securities which are valued greater than par on the portion of unpaid principal)
- (iv) Student Loan Marketing Association
Senior debt obligations
- (v) Resolution Funding Corporation (“REFCORP”)
Obligations (only the interest component of REFCORP strips which have been stripped by request to the Federal Reserve Bank of New York in book entry form are acceptable)
- (vi) Farm Credit System
Consolidated system-wide bonds and notes.

(d) Money market funds rated at least “AAAm-G” or “AAAm” by S&P or “Aaa” by Moody’s including funds for which the Trustee or any of its affiliates (including any holding company, subsidiaries, or other affiliates) provides investment advisory or other management services, provided such funds satisfy the criteria contained in the Master Indenture.

(e) Certificates of deposit secured at all times by collateral described in (a) and/or (b) above. Such certificates must be issued by commercial banks (including affiliates of the Trustee), savings and loan associations or mutual savings banks. The collateral must be held by a third party and the County or the Trustee must have a perfected first priority security interest in the collateral.

(f) Certificates of deposit, savings accounts, deposit accounts or money market deposits (including those of the Trustee and its affiliates) which are fully insured by the Federal Deposit Insurance Corporation.

(g) Investment agreements with, or guaranteed by, a domestic or foreign bank, financial institution or corporation or other entity (other than a life or property casualty insurance company) the long-term debt of which is rated at the time of execution at least “AA” by S&P and “Aa” by Moody’s, and which agreements are acceptable to each Credit Provider whose acceptance is required by a Supplemental Indenture, an Issuing Instrument or a Credit Support Agreement.

(h) Commercial paper rated, at the time of purchase, at least “P-1” by Moody’s and “A-1” by S&P and which matures not later than 270 calendar days after the date of purchase.

(i) Bonds, notes, or other obligations of any state of the United States of America or of any agency, instrumentality or local government unit of any such state which are rated by Moody’s and S&P in

the highest rating category assigned by such Rating Agencies and general obligations of such states rated at least “A-2” by Moody’s and “A” by S&P.

(j) United States dollar denominated deposit accounts, federal funds and bankers’ acceptances with domestic commercial banks (including those of the Trustee and its affiliates) which has an unsecured, uninsured and unguaranteed obligation rating on their short-term certificates of deposit on the date of purchase of at least “P-1” by Moody’s and “A-1” by S&P and maturing not more than 180 calendar days after the date of purchase.

(k) Repurchase Agreements for 30 days or less must satisfy the following criteria. Repurchase Agreements which exceed 30 days must be acceptable to each Credit Provider whose acceptance is required by a Supplemental Indenture, an Issuing Instrument or a Credit Support Agreement.

(i) Repurchase agreements must be between the County or the Trustee and a dealer bank or securities firm

(1) Primary dealers on the Federal Reserve reporting dealer list must be rated at the time of execution at least “A” by S&P and Moody’s, or

(2) Banks must be rated at the time of execution at least “A” by S&P and Moody’s.

(ii) The written repurchase agreements contract must include the following:

(1) Securities which are acceptable for transfer are:

(A) Securities described in subsection (a) or (b) of this definition, or

(B) Securities of FNMA or FHLMC described in subsection (c) of this definition.

(2) The collateral must be delivered to the County, the Trustee (if the Trustee is not supplying the collateral) or third party acting as agent for the Trustee (if the Trustee is supplying the collateral) before/simultaneously with payment.

(3) Valuation of Collateral

(A) The securities must be valued weekly, marked-to-market at current market price plus accrued interest.

(iii) The value of collateral in the case of securities described in subsections (a) or (b) of this definition must be equal to 104% of the amount of cash transferred by the County or the Trustee to the dealer bank or security firm under the repurchase agreement plus accrued interest. The value of collateral in the case of securities of FNMA or FHLMC described in subsection (c) of this definition must be equal to 105% of the amount of cash transferred by the County or the Trustee to the dealer bank or security firm under the repurchase agreement plus accrued interest. If the value of securities held as collateral falls below the required percentage of the value of the cash transferred, then additional cash and/or acceptable securities must be transferred.

(iv) Legal Opinion. An opinion of counsel selected by the County, which may be in-house counsel to the County or other counsel retained by the County, to the effect that the repurchase agreement meets guidelines under state law for legal investment of public funds must be received by the County or the Trustee.

- (l) Investments in the County of Sacramento Pooled Investment Fund.
- (m) Investments in the State of California's Local Agency Investment Fund (LAIF).
- (n) Advance Refunded Municipal Securities.

(o) Negotiable and non-negotiable certificates of deposit or thrift or bank notes issued by a state or national bank or a state-licensed branch of a foreign bank (excluding the Trustee) that have maturities of not more than three hundred sixty-five (365) days and that are fully insured by the Federal Deposit Insurance Corporation or the short-term obligations of which state or national bank or state-licensed branch of a foreign bank are rated no lower than "A1" by Moody's and "A+" by S&P, or medium-term notes with a maximum maturity of five (5) years and subject to the same credit qualifications described in this definition.

(p) Shares of beneficial interest issued by a joint powers authority organized pursuant to Section 6509.7 that invests in the securities and obligations authorized in subdivisions (a) to (o), inclusive. Each share shall represent an equal proportional interest in the underlying pool of securities owned by the joint powers authority. To be eligible under this section, the joint powers authority issuing the shares shall have retained an investment adviser that meets all of the following criteria:

(i) The adviser is registered or exempt from registration with the Securities and Exchange Commission.

(ii) The adviser has not less than five years of experience investing in the securities and obligations authorized in subdivisions (a) to (o), inclusive.

(iii) The adviser has assets under management in excess of five hundred million dollars (\$500,000,000).

(q) Any other forms of investments relating to proceeds of a Series of Obligations if approved in writing by the Credit Provider for such Series.

"Person" means an individual, corporation, firm, association, partnership, trust or other entity or group of entities, whether or not a legal entity, including a governmental entity or any agency or political subdivision thereof.

"Principal Office" means, with respect to: (a) the Trustee, the principal office of such Trustee in Los Angeles, California; and (b) a Paying Agent or a Credit Provider, the office designated as such in writing by such party to the Trustee; provided however that with respect to presentation of Obligations for payment or for registration of transfer and exchange, such term shall mean the office or agency of the Trustee or other Fiduciary at which, at any particular time, its corporate trust agency business shall be conducted.

"Priority Obligations" has the meaning described under the heading "THE MASTER INDENTURE – Covenants and Obligations of the County – Creation of Prior Liens" below.

"Purchase Price" means, with respect to Tender Obligations, the purchase price set forth in, or determined pursuant to, the Supplemental Indenture or Issuing Instrument relating to such Series to be paid to the Owners of such Obligations when such Obligations are tendered for purchase or deemed tendered for purchase in accordance with the provisions of such Supplemental Indenture or Issuing Instrument.

“Qualified Counterparty” means a party (other than the County) to a Swap (1) (a) who is rated, at the time of execution of such Swap, in the two highest rating categories (without regard to any gradations within a rating category) by at least two nationally recognized rating agencies, (b) whose senior debt obligations are rated, at the time of execution of such Swap, in the two highest rating categories (without regard to any gradations within a rating category) by at least two nationally recognized rating agencies or guaranteed by an entity so rated, (c) whose obligations under such Swap are guaranteed for the entire term of the Swap by a bond insurer or other institution which has been assigned a credit rating, at the time of execution of such Swap, in the two highest rating categories (without regard to any gradations within a rating category) by at least two nationally recognized rating agencies, or (d) whose obligations under such Swap are collateralized in such a manner as to obtain a rating, at the time of execution of such Swap, by in the two highest rating categories (without regard to any gradations within a rating category) by at least two nationally recognized rating agencies; and (2) who is otherwise qualified to act as the other party to such Swap under all applicable laws of the State.

“Qualified Swap” means a Swap satisfying the conditions of the Master Indenture relating to the issuance of Senior Obligations or Subordinate Obligations, as applicable.

“Rating Agency” means, as of any time and to the extent it is then providing or maintaining a rating on Obligations at the request of the County, each of Moody’s, S&P and Fitch, or in the event that neither Moody’s, S&P or Fitch then maintains a rating on Obligations at the request of the County, any other nationally recognized rating agency then providing or maintaining a rating on Obligations at the request of the County.

“Rating Confirmation” means written evidence from each Rating Agency then rating Outstanding Obligations at the request of the County to the effect that, following the event which requires the Rating Confirmation, the then current rating for each Outstanding Obligation shall not be lowered or withdrawn solely as a result of the occurrence of such event. If no rating is in effect with respect to any Series of Obligations, references to “Rating Confirmation” in the Master Indenture shall be considered deleted and none shall be required with respect to such Series.

“Rebate Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Rebate Instructions” means the instructions by an Authorized County Representative as to the deposit of moneys in the Rebate Fund, the investment of moneys in Rebate Fund and the payment of moneys from the Rebate Fund given, with respect to each Series of Obligations, in accordance with the Tax Certificate, if any, relating to such Series of Obligations.

“Redemption Price” means, with respect to any redemption of an Obligation prior to its maturity, the amount to be paid upon such redemption as set forth in, or determined in accordance with, the Supplemental Indenture or Issuing Instrument relating to such Obligation.

“Refunding Bonds” means Bonds issued in accordance with the terms and conditions of the Master Indenture and satisfying the conditions of the Master Indenture relating to the issuance of Senior Bonds, Subordinate Bonds, or Junior Subordinate Bonds, as applicable.

“Refunding Senior Obligations” means Senior Obligations, including Refunding Bonds, that satisfy the applicable conditions of the Master Indenture relating to the issuance of Senior Obligations.

“Refunding Subordinate Obligations” means Subordinate Obligations, including Refunding Bonds, that satisfy the applicable conditions of the Master Indenture relating to the issuance of Subordinate Obligations and which are subordinated as provided in the provisions of the Master Indenture relating to the issuance of Subordinate Obligations.

“Reimbursement Obligations” means the obligations of the County to pay from the Net Revenues amounts due under a Credit Support Agreement.

“Released Revenues” means (1) a category of income, receipts and other revenues of the County which are excluded from the definition of “Revenues” pursuant to the provisions of the Master Indenture described under the caption “THE MASTER INDENTURE – Authorization and Issuance of Bonds and Obligations – Released Revenues” below and (2) at the option of the County (evidenced by the delivery by the County to the Trustee of a written request from an Authorized Airport Representative), all or any portion (as set forth in such written request from an Authorized Airport Representative) of any income, receipts and other revenues of the County derived from any hotel owned by the County (or another entity controlled by the County) as part of, or in connection with, the Airport System.

“Released Revenues Related Expenses” means costs and expenses described in subparagraph (m) of the definition of “Operating Expenses” in the Master Indenture.

“Reserve and Contingency Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Reserve and Contingency Requirement” means, as of any date of calculation, an amount equal to \$2,000,000 or such greater amount as specified in the then-current Annual Budget.

“Reserve Guaranty” means a policy of insurance or surety bond or a letter of credit or other financial arrangement issued by a Reserve Guaranty Provider, rated (or its guarantor is rated) in the two highest rating categories (without regard to any gradations within a rating category) by at least one nationally recognized rating agency at the time of issuance of such policy or surety bond or letter of credit or other financial arrangement.

“Reserve Guaranty Agreement” means an agreement between the County and a Reserve Guaranty Provider under which, among other things, the County agrees to reimburse the Reserve Guaranty Provider for amounts drawn under the applicable Reserve Guaranty and to pay interest on such amounts and expense related thereto. “Reserve Guaranty Agreement” also means and includes covenants or agreements of the County contained in a Supplemental Indenture or Issuing Instrument providing for the reimbursement to the Reserve Guaranty Provider for draws under the applicable Reserve Guaranty.

“Reserve Guaranty Provider” means any insurance company, bank or other institution which has issued a Reserve Guaranty.

“Revenue Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Revenues” mean all income, receipts, earnings and revenues (including, but not limited to, any Subsidy) received by or accrued to the Department from the ownership or operation of the Airport System, excluding, except to the extent deposited in the Revenue Fund:

(a) gifts, grants and other funds otherwise included in this definition of “Revenues” which are restricted by their terms to purposes inconsistent with the payment of Operating Expenses or payment of Obligations;

(b) Net Proceeds and other insurance proceeds, to the extent the use of such Net Proceeds or other proceeds are restricted by the terms of the policy under which they are paid to a use inconsistent with the payment of Operating Expenses or the payment of Obligations;

(c) except as and to the extent included in calculations made pursuant to the provisions of the Master Indenture relating to rates and charges, any Transfer;

(d) except as provided in the Master Indenture with respect to discharged Special Facility Obligations, any Special Facility Revenue;

(e) any gain from the sale, exchange or other disposition of capital assets of the Airport System;

(f) any Released Revenues;

(g) any unrealized gains on securities held for investment by or on behalf of the County;

(h) any gains resulting from changes in valuation of any Swap;

(i) any unrealized gains from the write-down, reappraisal or revaluation of assets;

(j) the proceeds of Obligations;

(k) Facilities Construction Credits;

(l) Passenger Facility Charges;

(m) Customer Facility Charges;

(n) Grant Funds;

(o) investment income derived from any moneys or securities which may be placed in escrow or trust to defease Obligations;

(p) any arbitrage earnings which are required to be paid to the United States of America pursuant to Section 148 of the Code; and

(q) interest earnings or other investment earnings on any Account in the Construction Fund established by any Supplemental Indenture unless otherwise provided in such Supplemental Indenture.

For purposes of testing compliance with the rate covenant and the limitations on the issuance of Obligations contained in the Master Indenture, Revenues will be calculated based upon Generally Accepted Accounting Principles, except that such calculation will include and exclude those items specifically included or excluded above or in the definition of Accrued Debt Service or Aggregate Adjusted Annual Debt Service, as applicable.

For purposes of meeting any of the tests prescribed by the Master Indenture, any transfers from the Capital Improvement Fund to the Revenue Fund shall be deemed to be "Revenues."

"S&P" means Standard & Poor's Rating Services, a Division of the McGraw-Hill Companies, and any successor entity rating Obligations at the request of the County.

"Securities Depository" means a trust company or other entity which provides a book-entry system for the registration of ownership interests of Participants in securities and which is acting as security depository for Book-Entry Bonds.

“Senior Bonds” means Bonds issued for the purpose set forth in the Master Indenture and satisfying the conditions therein relating to the issuance of Senior Obligations, which have the priority set forth in the provisions of the Master Indenture relating to the issuance of Senior Obligations.

“Senior Debt Service Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Senior Debt Service Reserve Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Senior Debt Service Reserve Requirement” means: (i) with respect to the Senior Debt Service Reserve Fund, as of any date of calculation, an amount equal to the least of (a) 10% of the initial offering price to the public of the Participating Senior Bonds as determined under the Code, or (b) the greatest amount of Bond Debt Service for the Participating Senior Bonds in any Fiscal Year during the period commencing with the Fiscal Year in which the determination is being made and terminating with the last Fiscal Year in which any Participating Senior Bond is due, or (c) 125% of the sum of the Bond Debt Service for the Participating Senior Bonds for all Fiscal Years during the period commencing with the Fiscal Year in which such calculation is made (or if appropriate, the first full Fiscal Year following the issuance of any Participating Senior Bonds) and terminating with the last Fiscal Year in which any Bond Debt Service for the Participating Senior Bonds is due, divided by the number of such Fiscal Years, all as computed and determined by the County and specified in writing to the Trustee; provided, however that in determining Bond Debt Service with respect to any Participating Senior Bonds that constitute Variable Rate Obligations, the interest rate on such Participating Senior Bonds for any period as to which such interest rate has not been established shall be assumed to be 110% of the daily average interest rate on such Participating Senior Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Participating Senior Bonds shall have been Outstanding (or if such Participating Senior Bonds that constitute Variable Rate Obligations have not yet been issued, then the interest rate on such Participating Senior Bonds shall be assumed to be equal to 110% of the average SIFMA Index during the last 12 months ending with the month preceding the date of calculation); (ii) with respect to any Senior Series Debt Service Reserve Fund, the amount specified as such in the Supplemental Indenture establishing such Senior Series Debt Service Reserve Fund; and (iii) with respect to any debt service reserve for Senior Obligations other than the Senior Debt Service Reserve Fund or a Senior Series Debt Service Reserve Fund, the amount, if any, specified in the applicable Issuing Instrument establishing such debt service reserve as the Senior Debt Service Reserve Requirement for such debt service reserve.

“Senior Obligations” means Senior Bonds and any Obligations (or portions thereof) which have the priority set forth in the Master Indenture relating to the issuance of Senior Obligations and that satisfy the conditions therein, including without limitation Reimbursement Obligations related to Senior Bonds and Net Payments due under Qualified Swaps related to Senior Bonds but excluding Termination Payments under Qualified Swaps related to Senior Bonds.

“Senior Series Debt Service Reserve Fund” means any fund established by the Trustee pursuant to a Supplemental Indenture in connection with the issuance of any Series of Senior Bonds other than Participating Senior Bonds and that is required to be funded for the purpose of providing additional security for such Series of Senior Bonds and, under the conditions provided in such Supplemental Indenture, to provide additional security for such other Series of Senior Bonds as shall satisfy such conditions.

“Serial Obligations” means Obligations for which no Sinking Fund Installments are established.

“Series” means Obligations issued at the same time or sharing some other common term or characteristic and designated in the Supplemental Indenture or Issuing Instrument pursuant to which such Obligations were issued as a separate issue or series of Obligations.

“Series 2008 Senior Bonds” means the County of Sacramento Airport System Senior Revenue Bonds, Series 2008A (Non-AMT), Series 2008B (AMT) and Taxable Series 2008C.

“Series 2008 Subordinate Bonds” means the County of Sacramento Airport System Subordinate and PFC Revenue Refunding Bonds, Series 2008D (Non-AMT) and Series 2008E (AMT).

“Series 2025 Continuing Disclosure Certificate” means the continuing disclosure certificate executed by the County relating to the Series 2025 Senior Bonds and the Series 2025 Subordinate Bonds.

“Series 2025 Senior Bonds” means the County of Sacramento Airport System Senior Revenue Bonds, Series 2025A (AMT) and the County of Sacramento Airport System Senior Revenue Refunding Bonds, Series 2025B (Non-AMT) and Series 2025C (Non-AMT Private Activity).

“Series 2025 Subordinate Bonds” means the County of Sacramento Airport System Subordinate Revenue Bonds, Series 2025D (AMT) and the County of Sacramento Airport System Subordinate Revenue Refunding Bonds, Series 2025E (Non-AMT) and Series 2025F (Non-AMT Private Activity).

“SIFMA Index” means the Securities Industry & Financial Markets Association (formerly The Bond Market Association) (“SIFMA”) Swap Index as of the most recent date for which such index was published or such other weekly, high-grade index comprised of seven-day, tax-exempt variable rate demand notes produced by Municipal Market Data, Inc., or its successor, or otherwise designated by SIFMA.

“Significant Portion” means, for purposes of the Master Indenture with respect to the County’s covenants relating to sale, lease or disposition of property and eminent domain, any Airport System facilities or portions thereof which, if such facilities had been sold or disposed of on the date which is one year prior to the last day of the month preceding the month of sale or disposition of the facilities pursuant to such covenants, would have resulted in a reduction of Net Revenues for such year of more than 5% when actual Net Revenues for such year are decreased by Revenues directly attributable to such Airport System facilities and increased by the Operating Expenses directly attributable to such Airport System facilities.

“Sinking Fund Installment” means, with respect to any Term Obligations, each amount so designated for such Term Obligations in the Supplemental Indenture or Issuing Instrument relating to such Obligations requiring payments of such amounts by the County from the Net Revenues to be applied to the retirement of such Obligations on and prior to the stated maturity date thereof.

“Special Facilities” or “Special Facility” mean a facility or group of facilities or category of facilities which are designated as a Special Facility pursuant to the Master Indenture. “Special Facilities” shall include the facilities relating to The Cessna Aircraft Company Project Special Facility Obligations as described in the definition of “Special Facility Obligations.”

“Special Facility Obligations” means Obligations issued or incurred pursuant to an Issuing Instrument to finance or refinance Special Facilities and which are not payable from the Net Revenues or secured by a lien on and/or pledge of the Revenues but which are payable from, and secured by a pledge and lien on, only revenues derived from the financed Special Facilities. “Special Facility Obligations” shall include the County of Sacramento Variable Rate Demand Special Facilities Airport Revenue Bonds, Series 1998 (The Cessna Aircraft Company Project).

“Special Facility Revenue” means the contractual payments and all other revenues derived by the County from a Special Facility which are pledged to secure Special Facility Obligations.

“State” means the State of California.

“Subordinate Bonds” means Bonds issued for the purpose set forth in the Master Indenture and satisfying the conditions therein relating to the issuance of Subordinate Obligations, which are subordinated as provided in the provisions of the Master Indenture relating to the issuance of Subordinate Obligations.

“Subordinate Debt Service Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Subordinate Debt Service Reserve Fund” means the Fund so designated, established pursuant to the Master Indenture.

“Subordinate Debt Service Reserve Requirement” means: (i) with respect to the Subordinate Debt Service Reserve Fund, as of any date of calculation, an amount equal to the least of (a) 10% of the initial offering price to the public of the Participating Subordinate Bonds as determined under the Code, or (b) the greatest amount of Bond Debt Service for the Participating Subordinate Bonds in any Fiscal Year during the period commencing with the Fiscal Year in which the determination is being made and terminating with the last Fiscal Year in which any Participating Subordinate Bond is due, or (c) 125% of the sum of the Bond Debt Service for the Participating Subordinate Bonds for all Fiscal Years during the period commencing with the Fiscal Year in which such calculation is made (or if appropriate, the first full Fiscal Year following the issuance of any Participating Subordinate Bonds) and terminating with the last Fiscal Year in which any Bond Debt Service for the Participating Subordinate Bonds is due, divided by the number of such Fiscal Years, all as computed and determined by the County and specified in writing to the Trustee; provided, however that in determining Bond Debt Service with respect to any Participating Subordinate Bonds that constitute Variable Rate Obligations, the interest rate on such Participating Subordinate Bonds for any period as to which such interest rate has not been established shall be assumed to be 110% of the daily average interest rate on such Participating Subordinate Bonds during the 12 months ending with the month preceding the date of calculation, or such shorter period that such Participating Subordinate Bonds shall have been Outstanding (or if such Participating Subordinate Bonds that constitute Variable Rate Obligations have not yet been issued, then the interest rate on such Participating Subordinate Bonds shall be assumed to be equal to 110% of the average SIFMA Index during the last 12 months ending with the month preceding the date of calculation); (ii) with respect to any Subordinate Series Debt Service Reserve Fund, the amount specified as such in the Supplemental Indenture establishing such Subordinate Series Debt Service Reserve Fund; and (iii) with respect to any debt service reserve for Subordinate Obligations other than the Subordinate Debt Service Reserve Fund or a Subordinate Series Debt Service Reserve Fund, the amount, if any, specified in the applicable Issuing Instrument establishing such debt service reserve as the Subordinate Debt Service Reserve Requirement for such debt service reserve.

“Subordinate Obligation” means any Subordinate Bonds and any Obligations (or portions thereof) which are subordinated as provided in the provisions of the Master Indenture relating to the issuance of subordinate obligations and that satisfy the conditions of the Master Indenture, including without limitation Termination Payments under Qualified Swaps related to Senior Bonds, Reimbursement Obligations related to Subordinate Bonds and Net Payments under Qualified Swaps related to Subordinate Bonds but excluding Termination Payments under Qualified Swaps related to Subordinate Bonds.

“Subordinate Payment Default” means a failure to pay when due any Subordinate Obligations.

“Subordinate Series Debt Service Reserve Fund” means any fund established by the Trustee pursuant to a Supplemental Indenture in connection with the issuance of any Series of Subordinate Bonds other than Participating Subordinate Bonds and that is required to be funded for the purpose of providing additional security for such Series of Subordinate Bonds and, under the conditions provided in such Supplemental Indenture, to provide additional security for such other Series of Subordinate Bonds as shall satisfy such conditions.

“Subsidy” means any subsidy, reimbursement or other payment from the federal government of the United States of America under the American Recovery and Reinvestment Act of 2009 (or any similar legislation or regulation of the federal government of the United States of America or any other governmental entity).

“Supplemental Indenture” means any supplemental indenture supplementing or amending the Master Indenture as theretofore in effect, entered into by the County and the Trustee in accordance with the Master Indenture.

“Swap” means any contract, agreement or arrangement between the County and a counterparty relating to the Airport System (a) providing for payments based on levels of, or changes in, interest rates, currency exchange rates, stock or other indices, (b) providing for the exchange of cash flows or a series of payments, or (c) providing for the hedge of payment, currency, rate spread or similar exposure, including but not limited to interest rate exposure. The term “Swap” includes any interest rate swap agreement, currency swap agreement, forward payment conversion agreement or futures contract, any contract providing for payments based on levels of, or changes in, interest rates, currency exchange rates, stock or other indices, any contract to exchange cash flows or a series of payments, or any contract, including, without limitation, an interest rate floor or cap, or an option, put or call, to hedge payment, currency, rate, spread or similar exposure.

“Tax Certificate” means a certificate relating to the requirements of the Code signed on behalf of the County and delivered in connection with the issuance of a Series of Obligations constituting Tax-Exempt Securities.

“Tax-Exempt” means, with respect to interest on any obligations of a state or local government, including the Obligations, that such interest is excluded from the gross income of the holders thereof (other than any holder who is a “substantial user” of facilities financed with such obligations or a “related person” within the meaning of Section 147(a) of the Code) for federal income tax purposes, whether or not such interest is includable as an item of tax preference or otherwise includable directly or indirectly for purposes of calculating other tax liabilities, including any alternative minimum tax or environmental tax under the Code.

“Tax-Exempt Securities” means bonds, notes or other securities the interest on which is Tax-Exempt.

“Tender Obligations” means any Obligations or portions of Obligations, a feature of which is an option or obligation, on the part of the Owners thereof under the terms of such Obligations, to tender for purchase all or a portion of such Obligations to the County, a fiscal agent, a paying agent, a tender agent or other agent.

“Term Obligations” means Obligations as to which Sinking Fund Installments have been established.

“Termination Payment” means, with respect to a Swap, the amount payable by the County or the counterparty as a result of the termination of such Swap prior to its scheduled expiration date.

“Test Year” means, with respect to the issuance of Refunding Senior Obligations or Refunding Subordinate Obligations, the period commencing in the Fiscal Year in which such Obligations are issued and ending in the last Fiscal Year in which Obligations which are Outstanding both immediately prior to and immediately after the issuance of such Obligations are scheduled to remain Outstanding.

“Thirteenth Supplemental Indenture” means the Thirteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee, relating to the Series 2025 Senior Bonds.

“Transfer” means with respect to a Fiscal Year (a) the amount in the Capital Improvement Fund on the last Business Day of such Fiscal Year plus (b) any amounts withdrawn from the Capital Improvement Fund during such Fiscal Year to pay Operating Expenses and to make any required payments or deposits to pay or secure the payment of Obligations less (c) any amounts credited to the Capital Improvement Fund from the Revenue Fund during such Fiscal Year.

“Trust Estate” means, subject to the provisions of the Master Indenture and any applicable Issuing Instrument permitting the application thereof for the purposes and on the terms and conditions set forth therein and subject to the rights of the County to release categories of Revenues from the Trust Estate as provided in the Master Indenture: (a) the Net Revenues; (b) each Swap, including all payments (including Termination Payments) thereunder; (c) each Credit Support Instrument, including all payments thereunder; (d) each Reserve Guaranty, including all payments thereunder; (e) all Available CFC Revenues, all Available Grant Revenues, and all Available PFC Revenues; (f) the Construction Fund, the Revenue Fund, the Senior Debt Service Fund, the Senior Debt Service Reserve Fund, the Subordinate Debt Service Fund, the Subordinate Debt Service Reserve Fund, the Junior Subordinate Fund, the Reserve and Contingency Fund, the Capital Improvement Fund, each Senior Series Debt Service Reserve Fund, each Subordinate Series Debt Service Reserve Fund, the Available CFC Account, the Available Grant Account and the Available PFC Account, including all Accounts in any of the foregoing, all money, instruments, investment property, and other property on deposit in or credited to any such Fund or Account, and all property, including Permitted Investments, purchased with money on deposit in or credited to any such Fund or Account; (g) any additional property that may from time to time, by delivery or by writing of any kind, be subjected to the lien by the County or by anyone on its behalf which additional property the Trustee is authorized and directed to accept as part of the Trust Estate; and (h) all proceeds of the foregoing.

“Trustee” means The Bank of New York Mellon Trust Company, N.A., and any successor trustee under the Master Indenture.

“United States Bankruptcy Code” means Title 11 of the United States Code, as the same may be amended and supplemented, and any successor statute.

“Variable Rate Obligations” means any Obligation the interest rate on which is not fixed to the final maturity date thereof.

THE MASTER INDENTURE

General

The Master Indenture sets forth certain terms of the Bonds and Obligations, the conditions for issuance of the Bonds and Obligations, the nature and extent of the security of the Bonds and Obligations, various rights of the Holders of the Bonds and Obligations, rights, duties and immunities of the Trustee and the rights and obligations of the County. Although certain provisions of the Master Indenture are summarized below, this summary does not purport to be complete or definitive and is qualified in its entirety by reference to the full terms of the Master Indenture.

Authorization and Issuance of Bonds and Obligations

Authorization of Bonds and Obligations. Bonds of the County to be generally designated as “County of Sacramento Airport System Revenue Bonds” may be issued from time to time pursuant to Supplemental Indentures. The aggregate principal amount of Bonds which may be executed, authenticated

and delivered under the Master Indenture is not limited except as may hereafter be provided in the Master Indenture or as may be limited by law.

The Bonds may be issued in one or more Series, and the designation thereof, in addition to the name "County of Sacramento Airport System Revenue Bonds" shall include such further appropriate particular designation added to or incorporated in such title for the Bonds of any particular Series as the County may determine. Each Bond shall bear upon its face the designation so determined for the Series to which it belongs.

Obligations other than Bonds may be issued or incurred from time to time on the terms and conditions set forth in the Master Indenture and the Issuing Instrument relating to such Obligations. The amount of Obligations that may be secured under the Master Indenture and the applicable Issuing Instrument is not limited except as may hereafter be provided in the Master Indenture or an Issuing Instrument or as may be limited by law.

Limited Obligations. The Obligations shall not constitute a charge against the general credit of the County but shall constitute and evidence special obligations of the County payable as to principal, Redemption Price, interest and other payments solely from the Trust Estate and, with respect to any particular Series of Obligations, from such other sources as shall be specified in the Supplemental Indenture or Issuing Instrument relating to such Series. The Purchase Price for the Tender Obligations shall be payable from such sources as are specified in the Supplemental Indenture or Issuing Instrument relating to such Series. The provisions of the Master Indenture described under this caption "Limited Obligations" shall not preclude the payment or redemption of Obligations, at the election of the County, from any other legally available funds.

The Obligations shall recite in substance that the principal, Redemption Price, interest and other payments on the Obligations are payable solely from the Trust Estate pledged for the payment thereof, and that the County is not obligated to pay the Obligations except from the Trust Estate; that the General Fund of the County is not liable and the full faith and credit or taxing power of the County is not pledged for the payment of the principal, Redemption Price, interest and other payments on the Obligations, and no tax or assessment shall ever be levied or collected to pay the principal, Redemption Price, interest and other payments on the Obligations; and that the Obligations are not secured by a legal or equitable pledge of or charge, lien or encumbrance upon any of the property of the County or any of its income or receipts except the Trust Estate as provided in the Master Indenture, and neither the payment of the principal, Redemption Price, interest or other payments on the Obligations is a general debt, liability or obligation of the County or the State of California.

From and after the issuance of the Obligations of each Series the findings and determinations of the Board respecting that Series shall be conclusive evidence of the existence of the facts so found and determined in any action or proceeding in any court in which the validity of such Obligations is at issue, and no bona fide purchaser of any of such Obligations shall be required to see to the existence of any fact or to the performance of any condition or to the taking of any proceeding required prior to such issuance or to the application of the purchase price paid for such Obligations. The validity of the issuance of each Series of Obligations shall not be dependent on or affected in any way by (i) any proceedings taken by the County for the acquisition and construction of any additions, betterments, extensions or improvements to the Airport System, or (ii) any contracts made by the County in connection therewith, or (iii) the failure to complete the acquisition and construction of any additions, betterments, extensions or improvements to the Airport System. Any recital contained in the Obligations that the Obligations are issued under and pursuant to the Act and under and pursuant the Indenture shall be conclusive evidence of their validity and of the regularity of their issuance and all Obligations shall be incontestable from and after their issuance. Obligations shall be deemed to be issued, within the meaning of the Indenture, whenever the definitive

Bonds (or any temporary Bonds exchangeable therefor) or fully executed Obligations have been delivered to the purchaser thereof and the purchase price thereof received.

Indenture to Constitute Contract. In consideration of the purchase and acceptance of each Obligation issued or secured under the Indenture and any applicable Issuing Instrument by those who shall own the same from time to time, the provisions of each Obligation and the provisions of the Indenture and any applicable Issuing Instrument applicable to such Obligation, and the provisions of the State Constitution, the Act and any other general laws of the State applicable to such Obligation, shall be deemed to be and shall constitute a contract between the County and the Owner of such Obligation.

General Provisions for Issuance of Bonds. All (but not less than all) the Bonds of each Series shall be executed by the County for issuance under the Indenture and delivered to the Trustee and thereupon shall be authenticated by the Trustee and by it delivered to the County or upon its order, but only upon the receipt by the Trustee of the following items (upon which the Trustee may conclusively rely in determining whether the conditions precedent for the issuance and authentication of such Series of Bonds have been satisfied):

(a) An executed counterpart of the Master Indenture, as amended to the date of the initial delivery of such Series of Bonds, and an executed counterpart of the Supplemental Indenture relating to such Series of Bonds, which Supplemental Indenture shall specify:

- (i) the sources of payment for the Bonds of such Series other than the Trust Estate, if any;
- (ii) the Series designation of such Bonds and whether such Bonds constitute Senior Bonds, Subordinate Bonds or Junior Subordinate Bonds and whether such Bonds are Current Interest Obligations, Capital Appreciation Obligations or Convertible Obligations;
- (iii) the authorized principal amount of the Bonds of such Series;
- (iv) the purposes for which such Series of Bonds are being issued, which shall be one of the purposes specified in “Additional Bonds” and “Refunding Bonds” below;
- (v) the date or manner of determining the date of the Bonds of such Series;
- (vi) the maturity date or dates of the Bonds of such Series and the principal amount of the Bonds of such Series maturing on each such maturity date;
- (vii) which, if any, of the Bonds of such Series shall constitute Serial Obligations and which, if any, shall constitute Term Obligations;
- (viii) the interest rate or rates on the Bonds of such Series or the manner of determining such interest rate or rates;
- (ix) the Interest Payment Dates for the Bonds of such Series or the manner of establishing such Interest Payment Dates;
- (x) the Authorized Denominations of the Bonds of such Series;
- (xi) the Redemption Price or Prices, if any, and, subject to the provisions of the Master Indenture with respect to redemption, the redemption terms for the Bonds of such Series or the manner of determining such Redemption Prices and terms;

(xii) the Sinking Fund Installments, if any, for the Bonds of such Series which constitute Term Obligations;

(xiii) if any of the Bonds of such Series constitute Tender Obligations, the terms and conditions, if any, including Purchase Price, for the exercise by the Owners or Beneficial Owners of such Bonds of the option to tender such Bonds for purchase and the terms and conditions, if any, including Purchase Price, upon which the Bonds of such Series shall be subject to mandatory tender for purchase;

(xiv) if the Bonds of such Series are not to be Book-Entry Bonds, a statement to such effect;

(xv) whether the Bonds of such Series will be Participating Senior Bonds or Participating Subordinate Bonds;

(xvi) if the Bonds of such Series will not be Participating Senior Bonds or Participating Subordinate Bonds, if such Bonds are to be secured by an existing Senior Series Debt Service Reserve Fund or existing Subordinate Series Debt Service Reserve Fund;

(xvii) if the Bonds of such Series will not be Participating Senior Bonds or Participating Subordinate Bonds nor be secured by an existing Senior Series Debt Service Reserve Fund or existing Subordinate Series Debt Service Reserve Fund, whether a Senior Series Debt Service Reserve Fund or a Subordinate Series Debt Service Reserve Fund is to be established in connection with such Series of Bonds and, if so, the amount or manner of determining the amount of the Senior Debt Service Reserve Requirement or Subordinate Debt Service Reserve Requirement in connection with such Senior Series Debt Service Reserve Fund or Subordinate Series Debt Service Reserve Fund, as applicable;

(xviii) the appropriate Funds and Accounts, if any, relating to such Series of Bonds established under such Supplemental Indenture;

(xix) the application of the proceeds of the sale of such Series of Bonds including the amount, if any, to be deposited in the Funds and Accounts maintained under the Master Indenture or the Supplemental Indenture relating to such Series;

(xx) the forms of the Bonds of such Series and of the certificate of authentication thereon; and

(xxi) such other provisions as are appropriate or necessary and not inconsistent with the provisions of the Master Indenture described above.

(b) An Opinion of Bond Counsel, dated the date of the initial delivery of such Series of Bonds, to the effect that the Master Indenture, as amended and supplemented to such date, including as supplemented by the Supplemental Indenture relating to such Series of Bonds, constitute the valid and binding obligation of the County.

(c) A certificate of an Authorized County Representative to the effect that no Event of Default has occurred and is continuing (except that Bonds may be issued to cure any Event of Default which may then be existing).

(d) With respect to any Senior Bonds, the Trustee shall have received the documents required by the applicable provisions of the Master Indenture relating to conditions to the issuance of Senior Obligations.

(e) With respect to any Subordinate Bonds, the Trustee shall have received the documents required by the applicable provisions of the Master Indenture relating to the conditions to the issuance of Subordinate Obligations.

(f) With respect to any Junior Subordinate Bonds, the Trustee shall have received the documents required by the applicable provisions of the Master Indenture relating to the conditions to the issuance of Junior Subordinate Obligations.

(g) Such further documents, moneys and securities as are required by the applicable provisions of the Master Indenture or of the Supplemental Indenture relating to such Series.

After the original issuance of Bonds of any Series, no Bonds of such Series shall be issued except in lieu of or in substitution for other Bonds of such Series pursuant to the Indenture.

Additional Bonds. One or more Series of Additional Bonds may be issued, authenticated and delivered upon original issuance for the purpose of paying all or a portion of the Costs of any Capital Improvement and for any other lawful purpose. Additional Bonds may be issued in a principal amount sufficient to pay such Costs, including providing amounts for the Costs of Issuance of such Series of Additional Bonds and the making of any deposits into the Funds or Accounts required by the provisions of the Indenture or the Supplemental Indenture relating to such Additional Bonds and for any other lawful purpose.

Refunding Bonds. One or more Series of Refunding Bonds may be issued, authenticated and delivered upon original issuance for the purpose of refunding all or any portion of any Outstanding Obligations, including payment of costs incidental to or connected with the refunding of such Obligations. Refunding Bonds may be issued in a principal amount sufficient to accomplish such refunding, including providing amounts for the Costs of Issuance of such Refunding Bonds and the making of any deposits into the Funds and Accounts required by the provisions of the Indenture or the Supplemental Indenture relating to such Refunding Bonds and for any other lawful purpose.

General Provisions for Issuance of Obligations Other than Bonds. All Obligations (other than Bonds) of each Series shall be issued or incurred by the County and secured under the Indenture and the applicable Issuing Instrument in accordance with the terms thereof, but only upon the receipt by the Trustee of the following items (upon which the Trustee may conclusively rely in determining whether the conditions precedent for the issuance or incurrence of such Series of Obligations have been satisfied):

(a) An executed counterpart of the Master Indenture, as amended to the date of the initial issuance of such Series of Obligations, and an executed counterpart of the Issuing Instrument relating to such Series of Obligations, which Issuing Instrument shall specify:

(i) the sources of payment for the Obligations of such Series other than the Trust Estate, if any;

(ii) the Series designation of such Obligations and whether such Obligations constitute Senior Obligations, Subordinate Obligations or Junior Subordinate Obligations;

(iii) the purposes for which such Obligation or Series of Obligations are being issued;

(iv) the form, title, designation, manner of numbering or denominations, if applicable, of such Obligations;

(v) the date or dates of maturity or other final expiration of the term of such Obligations, if applicable;

(vi) the date of issuance or incurrence of such Obligations;

(vii) the principal amount of such Obligation (if any) for purposes of calculating the percentage of Owners of Obligations required to take actions or give consents pursuant to the Master Indenture (which, if such Obligation is not debt under Generally Accepted Accounting Principles, shall be equal to zero. The designation of zero as a principal amount of an Obligation shall not in any manner affect the obligation of the County to pay such Obligation); and

(viii) such other provisions as are appropriate or necessary and not inconsistent with the provisions described above.

(b) A certificate of an Authorized County Representative to the effect that no Event of Default has occurred and is continuing (except that Obligations may be issued to cure any Event of Default which may then be existing).

(c) With respect to any Senior Obligations, the Trustee shall have received the documents required by the applicable provisions of the Master Indenture.

(d) With respect to any Subordinate Obligations, the Trustee shall have received the documents required by the applicable provisions of the Master Indenture.

(e) With respect to any Junior Subordinate Obligations, the Trustee shall have received the documents required by the applicable provisions of the Master Indenture.

Conditions to Issuance of Senior Obligations.

(a) Without satisfying the requirements of the Master Indenture described in subsection (e) below, the County may, at any time and from time to time, issue or enter into an Obligation which is a Qualified Swap, the Net Payments under which shall constitute Senior Obligations, provided that at the time of entering into such Swap (i) the Qualified Swap shall relate to a principal amount of Outstanding Senior Obligations or Senior Obligations issued or expected to be issued; (ii) the notional amount of the Qualified Swap shall not exceed the principal amount of the related Outstanding Senior Obligations or Senior Obligations expected to be issued; and (iii) the counterparty shall be a Qualified Counterparty.

(b) The County may, at any time and from time to time, issue Refunding Senior Obligations provided that either: (i) the requirements of the Master Indenture described in subsection (e) below are satisfied upon the issuance of such Refunding Senior Obligations and the application of the proceeds thereof; or (ii) the Trustee has received a certificate of an Authorized County Representative certifying that the Aggregate Adjusted Annual Debt Service for all Obligations to be Outstanding after the issuance of such Refunding Senior Obligations shall not exceed the Aggregate Adjusted Annual Debt Service for all Obligations Outstanding immediately prior to the issuance of such Refunding Senior Obligations in each Test Year.

(c) Without satisfying the requirements of the Master Indenture described in subsection (b) above or subsection (e) below, the County may issue the Series 2008 Senior Bonds.

(d) Without satisfying the requirements of the Master Indenture described in subsection (e) below, the County may, at any time and from time to time, enter into Credit Support Agreements or otherwise become obligated for Reimbursement Obligations with respect to Senior Obligations.

(e) The County may, at any time and from time to time, issue any Additional Senior Obligations, provided:

(i) an Authorized County Representative or an Airport Consultant has provided to the Trustee a certificate stating that Net Revenues for either the most recent Fiscal Year for which audited financial statements of the Airport System are available or any 12 consecutive months out of the most recent 18 consecutive months immediately preceding the month of issuance of the proposed Additional Senior Obligations were sufficient to satisfy the rate covenant set forth in the Master Indenture for each of the next five full Fiscal Years following issuance of the Additional Senior Obligations, or each of the next two full Fiscal Years from the issuance of the Additional Senior Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Senior Obligations; or

(ii) an Airport Consultant has provided to the Trustee a certificate stating that, based upon assumptions the Person signing the certificate deems reasonable, projected Net Revenues will be sufficient to satisfy the rate covenant set forth in the Master Indenture for each of the next five full Fiscal Years following issuance of the Additional Senior Obligations, or each of the next two full Fiscal Years from issuance of the Additional Senior Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Senior Obligations.

For purposes of (e)(i) and (ii) above, the Person signing the certificate required by such clause may assume that, in each relevant Fiscal Year, Accrued Debt Service for Outstanding Obligations will equal Aggregate Adjusted Annual Debt Service for such Fiscal Year.

For purposes of (e)(i) above, the County shall be allowed to adjust Net Revenues for earnings arising from any increase in the rates, charges and fees for the use of the Airport System which has become effective prior to the issuance of such proposed Additional Senior Obligations but which, during the Fiscal Year or 12-month period utilized by the County for purposes of (e)(i) above, was not in effect for the entire Fiscal Year or 12-month period under consideration, in an amount equal to the amount by which the Net Revenues would have been increased if such increase in rates, charges and fees had been in effect during the whole Fiscal Year or 12-month period under consideration, as determined by an Authorized County Representative.

For purposes of (e)(ii) above, in estimating Net Revenues, the Person signing the certificate required by such clause may take into account (1) Revenues from Capital Improvements reasonably expected to become available during the period for which the estimates are provided, (2) any increase in fees, rates, charges, rentals or other sources of Revenues which has been approved by the Board and will be in effect during the period for which the estimates are provided or (3) any other increases in Revenues which the Person signing the certificate believes to be a reasonable assumption for such period. With respect to Operating Expenses of the County, the Person signing the certificate required by (e)(ii) above shall use such assumptions as such Person believes to be reasonable, taking into account: (i) historical Operating Expenses of the County, (ii) Operating Expenses associated with the Capital Improvements to be funded with the proceeds of the Additional Senior Obligations proposed to be issued and any other new Capital Improvements and Airport System facilities and (iii) such other factors, including inflation and changing operations or policies of the County, as the Person signing such certificate believes to be

appropriate. The Person signing the certificate required by (e)(ii) above shall include in such certificate or in a separate accompanying report a description of the assumptions used and the calculations made in determining the estimated Net Revenues and shall also set forth the calculations of Aggregate Adjusted Annual Debt Service, which calculations may be based upon information provided by the County.

For purposes of preparing the certificate or certificates described above, the Authorized County Representative or Airport Consultant, as applicable, may rely upon financial statements prepared by the County which have not been subject to audit by an Independent Certified Public Accountant if audited financial statements for the Fiscal Year or period are not available; provided, however, that an Authorized County Representative shall certify as to their accuracy and that such financial statements were prepared substantially in accordance with Generally Accepted Accounting Principles.

Neither of the certificates described under (e)(i) or (e)(ii) above shall be required if the proceeds of Additional Senior Obligations being issued will be used to pay Costs of completing the Construction of a Capital Improvement for which Senior Obligations have previously been issued and the principal amount of such Additional Senior Obligations being issued for completion purposes does not exceed an amount equal to 10% of the principal amount of the Senior Obligations originally issued for such Capital Improvement as shown in a written certificate of an Authorized County Representative and there is delivered to the Trustee (i) a certificate of an Authorized County Representative or an Airport Consultant stating that the nature and purpose of such Capital Improvement has not materially changed and that the proceeds of such Additional Senior Obligations plus any other moneys in the Construction Fund available to pay the Costs of such Capital Improvement are expected to be sufficient to pay the Costs of completing the Construction of the Capital Improvement, and (ii) a certificate of an Authorized County Representative to the effect that (A) all of the proceeds (including investment earnings on amounts in the Construction Fund allocable to such Capital Improvement) of the Senior Obligations issued to finance such Capital Improvement have been or will be used to pay Costs of the Capital Improvement, indicating the amount of such proceeds and investment earnings; and (B) the then estimated Costs of the Construction of the Capital Improvement.

(f) All Senior Obligations (i) shall be senior in payment and priority to all Subordinate Obligations, Junior Subordinate Obligations, and all obligations described in the Master Indenture with respect to the creation of prior liens, (ii) shall be paid with the priority provided in the Master Indenture with respect to the application of Revenues, and (iii) shall be entitled to all of the benefits provided to Senior Obligations by the terms of the Indenture and any applicable Issuing Instrument.

(g) For purposes of complying with any of the requirements set forth in the Master Indenture relating to issuance of Senior Obligations, (1) any calculation of Aggregate Adjusted Annual Debt Service with respect to specified Obligations for any period of time shall be reduced by the amount of any Subsidy that the County expects to receive during such period of time relating to or in connection with such Obligations and (2) any calculation of Net Revenues for any period of time shall be reduced by the amount of any Subsidy received or expected to be received by the County with respect to or in connection with the specified Obligations during such period of time.

Conditions to Issuance of Subordinate Obligations.

(a) Without satisfying the requirements of the Master Indenture described in subsection (e) below, the County may, at any time and from time to time, issue or enter into an Obligation which is a Qualified Swap, the Net Payments under which shall constitute Subordinate Obligations, provided that at the time of entering into such Swap (i) the Qualified Swap shall relate to a principal amount of Outstanding Subordinate Obligations or Subordinate Obligations issued or expected to be issued; (ii) the notional amount of the Qualified Swap shall not exceed the principal amount of the related Outstanding Subordinate Obligations or Subordinate Obligations expected to be issued; and (iii) the counterparty shall be a Qualified Counterparty.

(b) The County may, at any time and from time to time, issue Refunding Subordinate Obligations provided that either: (i) the requirements of the Master Indenture described in subsection (e) below are satisfied upon the issuance of such Refunding Subordinate Obligations and the application of the proceeds thereof; or (ii) the Trustee has received a certificate of an Authorized County Representative certifying that the Aggregate Adjusted Annual Debt Service for all Obligations to be Outstanding after the issuance of such Refunding Subordinate Obligations shall not exceed the Aggregate Adjusted Annual Debt Service for all Obligations Outstanding immediately prior to the issuance of such Refunding Subordinate Obligations in each Test Year.

(c) Without satisfying the requirements of the Master Indenture described in subsection (b) above or subsection (e) below, the County may issue the Series 2008 Subordinate Bonds.

(d) Without satisfying the requirements of the Master Indenture described in subsection (e) below, the County may, at any time and from time to time, enter into Credit Support Agreements or otherwise become obligated for Reimbursement Obligations with respect to Subordinate Obligations.

(e) The County may, at any time and from time to time, issue any Additional Subordinate Obligations, provided:

(i) an Authorized County Representative or an Airport Consultant has provided to the Trustee a certificate stating that Net Revenues for either the most recent Fiscal Year for which audited financial statements of the Airport System are available or any 12 consecutive months out of the most recent 18 consecutive months immediately preceding the month of issuance of the proposed Additional Subordinate Obligations were sufficient to satisfy the rate covenant set forth in the Master Indenture for each of the next five full Fiscal Years following issuance of the Additional Subordinate Obligations, or each of the next two full Fiscal Years from the issuance of the Additional Subordinate Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Subordinate Obligations; or

(ii) an Airport Consultant has provided to the Trustee a certificate stating that, based upon assumptions the Person signing the certificate deems reasonable, projected Net Revenues will be sufficient to satisfy the rate covenant set forth in the Master Indenture for each of the next five full Fiscal Years following issuance of the Additional Subordinate Obligations, or each of the next two full Fiscal Years from issuance of the Additional Subordinate Obligations during which there is no Capitalized Interest, whichever is later, including the Aggregate Adjusted Annual Debt Service during such Fiscal Years on such proposed Subordinate Obligations.

For purposes of (e)(i) and (ii) above, the Person signing the certificate required by such clause may assume that, in each relevant Fiscal Year, Accrued Debt Service for Outstanding Obligations will equal Aggregate Adjusted Annual Debt Service for such Fiscal Year.

For purposes of (e)(i) above, the County shall be allowed to adjust Net Revenues for earnings arising from any increase in the rates, charges and fees for the use of the Airport System which has become effective prior to the issuance of such proposed Additional Subordinate Obligations but which, during the Fiscal Year or 12-month period utilized by the County for purposes of (e)(i) above, was not in effect for the entire Fiscal Year or 12-month period under consideration, in an amount equal to the amount by which the Net Revenues would have been increased if such increase in rates, charges and fees had been in effect during the whole Fiscal Year or 12-month period under consideration, as determined by an Authorized County Representative.

For purposes of (e)(ii) above, in estimating Net Revenues, the Person signing the certificate required by such clause may take into account (1) Revenues from Capital Improvements reasonably expected to become available during the period for which the estimates are provided, (2) any increase in fees, rates, charges, rentals or other sources of Revenues which has been approved by the Board and will be in effect during the period for which the estimates are provided or (3) any other increases in Revenues which the Person signing the certificate believes to be a reasonable assumption for such period. With respect to Operating Expenses of the County, the Person signing the certificate required by (e)(ii) above shall use such assumptions as such Person believes to be reasonable, taking into account: (i) historical Operating Expenses of the County, (ii) Operating Expenses associated with the Capital Improvements to be funded with the proceeds of the Additional Subordinate Obligations proposed to be issued and any other new Capital Improvements and Airport System facilities and (iii) such other factors, including inflation and changing operations or policies of the County, as the Person signing such certificate believes to be appropriate. The Person signing the certificate required by (e)(ii) above shall include in such certificate or in a separate accompanying report a description of the assumptions used and the calculations made in determining the estimated Net Revenues and shall also set forth the calculations of Aggregate Adjusted Annual Debt Service, which calculations may be based upon information provided by the County.

For purposes of preparing the certificate or certificates described above, the Authorized County Representative or Airport Consultant, as applicable, may rely upon financial statements prepared by the County which have not been subject to audit by an Independent Certified Public Accountant if audited financial statements for the Fiscal Year or period are not available; provided, however, that an Authorized County Representative shall certify as to their accuracy and that such financial statements were prepared substantially in accordance with Generally Accepted Accounting Principles.

Neither of the certificates described under (e)(i) or (e)(ii) above shall be required if the proceeds of Additional Subordinate Obligations being issued will be used to pay Costs of completing the Construction of a Capital Improvement for which Subordinate Obligations have previously been issued and the principal amount of such Additional Subordinate Obligations being issued for completion purposes does not exceed an amount equal to 10% of the principal amount of the Subordinate Obligations originally issued for such Capital Improvement as shown in a written certificate of an Authorized County Representative and there is delivered to the Trustee (i) a certificate of an Authorized County Representative or an Airport Consultant stating that the nature and purpose of such Capital Improvement has not materially changed and that the proceeds of such Additional Subordinate Obligations plus any other moneys in the Construction Fund available to pay the Costs of such Capital Improvement are expected to be sufficient to pay the Costs of completing the Construction of the Capital Improvement, and (ii) a certificate of an Authorized County Representative to the effect that (A) all of the proceeds (including investment earnings on amounts in the Construction Fund allocable to such Capital Improvement) of the Subordinate Obligations issued to finance such Capital Improvement have been or will be used to pay Costs of the Capital Improvement, indicating

the amount of such proceeds and investment earnings; and (B) the then estimated Costs of the Construction of the Capital Improvement.

(f) All Subordinate Obligations shall be junior in payment and priority to all Senior Obligations. Subordinate Obligations shall be paid in the priority set forth in the Master Indenture with respect to the application of Revenues, and only to the extent that funds are available to make such payments as provided therein after the required payments are made with respect to the Senior Obligations. Any exercise of rights or remedies by any holder, owner, or beneficial owner of a Subordinate Obligation, or the Trustee on behalf of the foregoing, and all Subordinate Obligations shall be subject to the limitations imposed on Subordinate Obligations by the terms of the Indenture and any applicable Issuing Instrument.

(g) For purposes of complying with any of the requirements of the Master Indenture relating to issuance of Subordinate Obligations, (1) any calculation of Aggregate Adjusted Annual Debt Service with respect to specified Obligations for any period of time shall be reduced by the amount of any Subsidy that the County expects to receive during such period of time relating to or in connection with such Obligations and (2) any calculation of Net Revenues for any period of time shall be reduced by the amount of any Subsidy received or expected to be received by the County with respect to or in connection with the specified Obligations during such period of time.

Conditions to Issuance of Junior Subordinate Obligations. The County may, at any time or from time to time, issue Junior Subordinate Obligations without satisfying the requirements of the Master Indenture with respect to conditions to the issuance of Senior or Subordinate Obligations for any purpose in connection with the Airport System, including, without limitation, the financing of all or a portion of the Costs of any Capital Improvement and/or the refunding of all or any portion of any Outstanding Obligations and/or for any other lawful purpose.

All Junior Subordinate Obligations shall be junior in payment and priority to all Subordinate Obligations and Senior Obligations. Junior Subordinate Obligations shall be paid in the priority set forth in the Master Indenture with respect to the application of Revenues, and only to the extent that funds are available to make such payments as provided therein after the required payments are made with respect to the Senior Obligations and the Subordinate Obligations. Any exercise of rights or remedies by any holder, owner, or beneficial owner of a Junior Subordinate Obligation, or the Trustee on behalf of the foregoing, and all Junior Subordinate Obligations shall be subject to the limitations imposed on Junior Subordinate Obligations by the terms of the Indenture and any applicable Issuing Instrument.

Special Facilities and Special Facility Obligations. The County shall be permitted to designate new or existing Airport System facilities as Special Facilities as permitted in the Master Indenture as described under this caption "Special Facilities and Special Facility Obligations." The County may, from time to time, and subject to the terms and conditions described under this caption (i) designate a separately identifiable existing facility or planned facility as a "Special Facility," (ii) pursuant to an Issuing Instrument and without a pledge of any Net Revenues, incur Obligations for the purpose of financing and/or refinancing Constructing, renovating, or improving, or providing financing and/or refinancing to a third party to Construct, renovate or improve, such Special Facility, (iii) provide that certain of the contractual payments derived from such Special Facility, together with other income and revenues available to the County from such Special Facility to the extent necessary to make the payments required by the Master Indenture, be "Special Facility Revenue" and not included as Revenues or Net Revenues, and (iv) provide that the Obligations so incurred shall be "Special Facility Obligations" and the principal of and interest thereon and other amounts payable with respect thereto shall be payable solely from the Special Facility Revenue. The County may from time to time refinance any such Special Facility Obligations with other Special Facility Obligations.

Special Facility Obligations shall be payable as to principal, redemption premium, if any, and interest and other amounts due with respect to such Special Facility Obligations solely from the Special Facility Revenue related to the Special Facility financed and/or refinanced with such Special Facility Obligations, which shall include contractual payments derived by the County under and pursuant to a contract (which may be in the form of a lease) relating to a Special Facility by and between the County and another Person, either public or private, as shall undertake the operation of such Special Facility.

No Special Facility Obligations shall be issued by the County unless there shall have been filed with the Trustee a certificate of an Authorized County Representative stating that:

(i) The Special Facility Revenue required to be paid by the third party operating the Special Facility and pledged to the payment of obligations relating to the Special Facility will be at least sufficient to pay as and when the same become due: (A) the principal of and interest on such Special Facility Obligations, (B) all costs of operating and maintaining such Special Facility not paid for by the operator thereof or by a party other than the County and (C) all sinking fund, reserve or other payments required by the Issuing Instrument relating to the Special Facility Obligations; and

(ii) With respect to the designation of any separately identifiable existing Airport System facility or Airport System facilities as a “Special Facility” or “Special Facilities”, the County has qualified all Revenues from such Airport System facility or Airport System facilities as Released Revenues; and

(iii) No Event of Default has occurred and is continuing.

To the extent Special Facility Revenue received by the County during any Fiscal Year shall exceed the amounts required to be paid pursuant to the Master Indenture with respect to Special Facility Obligations for such Fiscal Year, such excess Special Facility Revenue, to the extent not otherwise encumbered or restricted, shall constitute Revenues.

Notwithstanding any other provision of the Master Indenture described under this subheading, at such time as the Special Facility Obligations issued for a Special Facility including Special Facility Obligations issued to refinance Special Facility Obligations are fully paid or otherwise discharged, all revenues of the County from such facility shall be included as Revenues.

Special Facility Obligations shall be in compliance with the provisions of the Indenture if such Special Facility Obligations are issued in accordance with the provisions of the Master Indenture described under this subheading and compliance with other provisions of the Master Indenture described under this heading “Authorization and Issuance of Bonds and Obligations” is not required.

Obligations Secured by Other Revenues. The County may, from time to time, incur Obligations payable solely from certain revenues of the Airport System which do not constitute Revenues other than Special Facility Obligations at such times and upon such terms and conditions as the County shall determine; provided that such Obligations shall specifically include a provision that payment of such Obligations is neither secured by nor payable from the Trust Estate or any part thereof.

Released Revenues. The County may cause a category of income, receipts or other revenues then included in the definition of “Revenues” to be excluded from such definition for all purposes of the Indenture, which exclusion shall be effective from the date the County satisfies the conditions of the Master Indenture, by filing the following with the Trustee:

(a) a written request from an Authorized Airport Representative to release such category of income, receipts and other revenues from the definition of Revenues, accompanied by a written certificate of an Authorized Airport Representative certifying the County is in compliance with all requirements of the Indenture;

(b) a certificate of an Authorized Airport Representative or a report of an Independent Certified Public Accountant to the effect that Net Revenues, excluding the category of Revenues proposed to become Released Revenues and any corresponding Released Revenues Related Expenses, for each of the two Fiscal Years for which audited financial statements are available immediately preceding the date of such certificate or report, were sufficient to satisfy the rate covenant set forth in the Master Indenture for each of the two such Fiscal Years, assuming that 150% (instead of 125%) was used in the rate covenant set forth in the Master Indenture with respect to Outstanding Senior Obligations, 125% (instead of 110%) was used in the rate covenant set forth in the Master Indenture with respect to Outstanding Senior Obligations and Subordinate Obligations and 110% (instead of 100%) was used in the rate covenant set forth in the Master Indenture with respect to all Outstanding Senior Obligations, Subordinate Obligations and Junior Subordinate Obligations;

(c) a certificate of an Authorized Airport Representative or an Airport Consultant retained by the County to the effect that based upon current knowledge of the operations of the Airport System, Net Revenues, excluding the category of Revenues proposed to become Released Revenues and any corresponding Released Revenues Related Expenses, for the current Fiscal Year (and the preceding Fiscal Year if such year is not included in certificate required by paragraph (b) above) are expected to be sufficient to satisfy the rate covenant set forth in the Master Indenture for such Fiscal Year, assuming that 150% (instead of 125%) was used in the rate covenant set forth in the Master Indenture with respect to Outstanding Senior Obligations, 125% (instead of 110%) was used in the rate covenant set forth in the Master Indenture with respect to Outstanding Senior Obligations and Subordinate Obligations and 110% (instead of 100%) was used in the rate covenant set forth in the Master Indenture with respect to all Outstanding Senior Obligations, Subordinate Obligations and Junior Subordinate Obligations; and

(d) a Rating Confirmation in connection with the withdrawal of the category of income, receipts and other revenues proposed to become Released Revenues.

Notwithstanding the provisions in the Master Indenture relating to Released Revenues or anything to the contrary contained in the Indenture, the County may, at any time, cause all or any portion of any Released Revenues to be included in the definition of "Revenues" in the Master Indenture for all purposes of the Indenture (and thereby also include any corresponding Released Revenues Related Expenses in the definition of "Operating Expenses" in the Master Indenture for all purposes of the Indenture), which inclusion shall become effective when the County files with the Trustee a written request from an Authorized Airport Representative to include such Released Revenues in the definition of Revenues contained in the Master Indenture.

Establishment and Application of Funds

Establishment of Funds and Accounts. The following Funds and Accounts are established and to be held by the County pursuant to the Master Indenture: (a) Construction Fund, (b) Revenue Fund, (c) Operating Fund, including the Operating Reserve Account therein, (d) Rebate Fund, (e) Reserve and Contingency Fund, and (f) Capital Improvement Fund. The following Funds and Accounts are established and to be held by the Trustee pursuant to the Master Indenture: (a) Senior Debt Service Fund, (b) Senior Debt Service Reserve Fund, (c) Subordinate Debt Service Fund, (d) Subordinate Debt Service Reserve Fund, and (e) Junior Subordinate Fund.

Revenues and Revenue Fund. All Revenues shall be promptly deposited upon receipt thereof to the credit of the Revenue Fund and applied as provided in the Master Indenture. The County may also from time to time, in its sole discretion and without any obligation to do so, deposit funds from any available source into the Revenue Fund.

Application of Revenues. As soon as practicable in each month, but in any case no later than the first Business Day of such month, the County shall withdraw moneys from the Revenue Fund and apply such moneys to the deposits and payments indicated below, in the amounts and in the priority set forth below. In the event there is not then on deposit in the Revenue Fund sufficient moneys to make all such deposits and payments, then such deposits and payments shall be made in the priority of the lettered paragraphs below. In the event any of the lettered paragraphs below requires more than one such deposit or payment and there is not then on deposit in the Revenue Fund sufficient moneys to make all such deposits and payments, then such deposits and payments shall be made pro rata (based on the total amount of such deposits and payments then due) to the extent of available moneys.

(a) First, to the Operating Fund the amount which, together with any amount therein available to pay such Operating Expenses (other than amounts in the Operating Reserve Account), is equal to the total amount appropriated for Operating Expenses in such month pursuant to the then current Annual Budget.

(b) Second:

(i) to the Senior Debt Service Fund, the amount, if any, required so that the balance in said Fund shall equal the Accrued Debt Service on all Outstanding Senior Bonds as of the last day of such month;

(ii) to the extent not included in Debt Service on Senior Bonds, to each Credit Provider of a Credit Support Instrument relating to the Senior Bonds, the amount of the Reimbursement Obligation, if any, payable by the County as of the last day of such month in accordance with each applicable Credit Support Agreement;

(iii) to each Qualified Counterparty, the amount of Net Payments, if any, payable by the County as of the last day of such month in accordance with each applicable Qualified Swap relating to the Senior Obligations; and

(iv) to the applicable trustee or paying agent for, or owner or payee of, Outstanding Senior Obligations not specified above in this subparagraph (b), the amount, if any, required to be paid during such month to such trustee, paying agent, owner or payee as and to the extent required by the Supplemental Indentures or Issuing Instruments for payment of such Outstanding Senior Obligations.

(c) Third:

(i) subject to the provisions of the Master Indenture described under the caption “Senior Debt Service Reserve Fund” below, to the Senior Debt Service Reserve Fund the amount, if any, required to maintain the Senior Debt Service Reserve Fund at the applicable Senior Debt Service Reserve Requirement; provided that the maximum amount required to be deposited into the Senior Debt Service Reserve Fund in any month shall not exceed one-twelfth (1/12) of the applicable Senior Debt Service Reserve Requirement; and

(ii) to each Senior Series Debt Service Reserve Fund, the amount, if any, required to be paid during such month pursuant to the applicable Supplemental Indenture to maintain each Senior Series Debt Service Reserve Fund at the amount required by such Supplemental Indenture;

(iii) to the applicable trustee or paying agent for, or owner of, Outstanding Senior Obligations other than Senior Bonds, the amount, if any, required to be paid during such month to such trustee, paying agent or owner pursuant to the Issuing Instruments for such Outstanding Senior Obligations to maintain each debt service reserve for such Outstanding Senior Obligations at the amount required by the applicable Issuing Instrument; and

(iv) to each Reserve Guaranty Provider relating to Senior Obligations, the amount, if any, payable by the County as of the last day of such month in accordance with each applicable Reserve Guaranty Agreement.

(d) Fourth, to the Rebate Fund, the amount required to be paid for Senior Obligations pursuant to the Rebate Instructions.

(e) Fifth:

(i) to the Subordinate Debt Service Fund, the amount, if any, required so that the balance in said Fund shall equal the Accrued Debt Service on all Outstanding Subordinate Bonds as of the last day of such month;

(ii) to the extent not included in Debt Service on Subordinate Bonds, to each Credit Provider of a Credit Support Instrument relating to the Subordinate Bonds, the amount of the Reimbursement Obligation, if any, payable by the County as of the last day of such month in accordance with each applicable Credit Support Agreement;

(iii) to each Qualified Counterparty, the amount of Net Payments, if any, payable by the County as of the last day of such month in accordance with each applicable Qualified Swap relating to the Subordinate Obligations or investments in funds established by the Master Indenture;

(iv) to the applicable trustee or paying agent for, or owner or payee of, Outstanding Subordinate Obligations not specified above in this subparagraph (e), the amount, if any, required to be paid during such month to such trustee, paying agent, owner or payee as and to the extent required by the Supplemental Indentures or Issuing Instruments for payment of such Outstanding Subordinate Obligations; and

(v) to each Qualified Counterparty, the balance of the amounts to be paid by the County, if any, as of the last day of such month in accordance with each applicable Qualified Swap relating to Senior Obligations, including any Termination Payments.

(f) Sixth:

(i) subject to the provisions of the Master Indenture described below under the caption "Subordinate Debt Service Reserve Fund", to the Subordinate Debt Service Reserve Fund the amount, if any, required to maintain the Subordinate Debt Service Reserve Fund at the applicable Subordinate Debt Service Reserve Requirement; provided that the maximum amount required to be deposited into the Subordinate Debt Service Reserve Fund in any month shall not exceed one-twelfth (1/12) of the applicable Subordinate Debt Service Reserve Requirement;

(ii) to each Subordinate Series Debt Service Reserve Fund, the amount, if any, required to be paid during such month pursuant to the applicable Supplemental Indenture to maintain each Subordinate Series Debt Service Reserve Fund at the amount required by such Supplemental Indenture;

(iii) to the applicable trustee or paying agent for, or owner of, Outstanding Subordinate Obligations other than Subordinate Bonds, the amount, if any, required to be paid during such month to such trustee, paying agent or owner pursuant to the Issuing Instruments for such Outstanding Subordinate Obligations to maintain each debt service reserve for such Outstanding Subordinate Obligations at the amount required by the applicable Issuing Instrument; and

(iv) to each Reserve Guaranty Provider relating to Subordinate Obligations, the amount, if any, payable by the County as of the last day of such month in accordance with each applicable Reserve Guaranty Agreement.

(g) Seventh, to the Rebate Fund, the amount required to be paid for Subordinate Obligations pursuant to the Rebate Instructions.

(h) Eighth, to the Operating Reserve Account one-twelfth (1/12) of the Operating Reserve Requirement, but only to the extent such deposit is required to make the amount on deposit in the Operating Reserve Account equal to the Operating Reserve Requirement.

(i) Ninth, to the Junior Subordinate Fund, the amount, if any, required to be paid during such month with respect to Junior Subordinate Obligations pursuant to the Master Indenture.

(j) Tenth, to the Rebate Fund, the amount required to be paid for Junior Subordinate Obligations pursuant to the Rebate Instructions.

(k) Eleventh, to the Reserve and Contingency Fund an amount equal to the greater of (x) one-twelfth (1/12th) of \$2,000,000 or (y) the amount, if any, provided for deposit therein during such month pursuant to the then-current Annual Budget, but only to the extent such deposit is required to make the amount on deposit in the Reserve and Contingency Fund equal to the Reserve and Contingency Requirement.

(l) Twelfth, on the last Business Day of each month after making the deposits and payments required by the Master Indenture as described in subsection (a) through subsection (k), the County may withdraw from the Revenue Fund and deposit in the Capital Improvement Fund the balance, if any, of moneys remaining in the Revenue Fund.

Operating Fund. Moneys from the proceeds of Obligations may be deposited in the Operating Reserve Account or otherwise set aside in the Operating Fund as working capital or a reserve for working capital as specified in a Supplemental Indenture or Issuing Instrument.

Amounts in the Operating Fund (other than amounts in the Operating Reserve Account, except as described in the last paragraph under this caption "Operating Fund") shall be paid out from time to time by the County for reasonable and necessary Operating Expenses.

Amounts in the Operating Fund which the County at any time determines to be in excess of the requirements of such Fund shall be transferred to the Revenue Fund and applied in accordance with the Master Indenture.

Amounts in the Operating Reserve Account shall be paid out from time to time by the County for reasonable and necessary Operating Expenses in the event that other moneys in the Operating Fund available for such purpose are insufficient therefor.

Senior Debt Service Fund. The Trustee shall apply the moneys in the Senior Debt Service Fund to the payment of the following: (i) on or before each Interest Payment Date for any of the Outstanding Senior Bonds the amount required for the interest payable on such date; (ii) on or before each due date therefor, the principal and, to the extent included in Debt Service, the Purchase Price of, Outstanding Senior Bonds payable on such due date; (iii) on or before each redemption date for Outstanding Senior Bonds, the amount required for the payment of the Redemption Price and any accrued interest on the Senior Bonds then to be redeemed; and (iv) upon receipt of a written request signed by an Authorized County Representative, to the respective Credit Providers, on each date a Reimbursement Obligation relating to Senior Bonds is due pursuant to a Credit Support Agreement, the amount of such Reimbursement Obligation to the extent not included in Debt Service on Senior Bonds and not otherwise paid as Operating Expenses. Amounts received by the Paying Agents pursuant to the provisions of the Master Indenture described in this subsection shall be applied by Paying Agents to the payment of the principal, Redemption Price or Purchase Price, as applicable, of, and interest on, the Senior Bonds on and after the due dates thereof.

Amounts accumulated in the Senior Debt Service Fund with respect to any Sinking Fund Installment (together with amounts accumulated therein with respect to interest on the Senior Bonds for which such Sinking Fund Installment was established) may, and if so directed in writing by an Authorized County Representative shall, be applied by the Trustee, on or prior to the sixtieth (60th) day preceding the due date of such Sinking Fund Installment, to (i) the purchase of Senior Bonds of the Series and maturity for which such Sinking Fund Installment was established, or (ii) the optional redemption at not exceeding the applicable sinking fund Redemption Price of such Senior Bonds, if such Senior Bonds are then subject to redemption at the option by the County. All purchases of any Senior Bonds pursuant to the Master Indenture as described in this subsection shall be made at prices not exceeding the applicable sinking fund Redemption Price of such Senior Bonds plus accrued interest, and such purchases shall be made by the Trustee as directed by an Authorized County Representative. The applicable sinking fund Redemption Price (or principal of maturing Senior Bonds) of any Senior Bonds so purchased or redeemed shall be deemed to constitute part of the Senior Debt Service Fund until such Sinking Fund Installment due date, for the purpose of calculating the amount of such Fund. If directed in writing by an Authorized County Representative on or prior to the forty-fifth (45th) day next preceding a Sinking Fund Installment due date, there shall be applied as a credit against such Sinking Fund Installment, and there shall be deemed to constitute part of the Senior Debt Service Fund until such Sinking Fund Installment due date for the purpose of calculating the amount of such Fund, the principal of any Senior Bonds of the Series and maturity for which such Sinking Fund Installment was established which have been purchased or redeemed and cancelled or delivered to the Trustee for cancellation on or prior to the forty-fifth (45th) day next preceding such Sinking Fund Installment due date and not previously applied as a credit against a Sinking Fund Installment. As soon as practicable after the forty-fifth (45th) day preceding the due date of any such Sinking Fund Installment, the Trustee shall proceed to call for redemption on such due date, by giving notice as provided in the Master Indenture, Senior Bonds of the Series and maturity for which such Sinking Fund Installment was established (except in the case of Senior Bonds maturing on a Sinking Fund Installment due date) in such amount as shall be necessary to complete the retirement of Senior Bonds from the unsatisfied balance of such Sinking Fund Installment. The Trustee shall pay out of the Senior Debt Service Fund, on or before such redemption date (or maturity date), the amount required for the redemption of the Senior Bonds so called for redemption (or for the payment of such Senior Bonds then maturing). All expenses in connection with the purchase or redemption of Senior Bonds may be paid from the Operating Fund.

The amount, if any, deposited in the Senior Debt Service Fund from the proceeds of each Series of Senior Bonds as Capitalized Interest shall be set aside in such Fund and applied to the payment of interest on Senior Bonds as provided in the Supplemental Indenture relating to such Series of Senior Bonds and shall not be included as amounts in the Senior Debt Service Fund in any month except to the extent that such Capitalized Interest is to pay interest on Senior Bonds for such month.

In the event of the refunding of one or more Senior Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized County Representative, withdraw from the Senior Debt Service Fund amounts accumulated therein with respect to Debt Service on the Senior Bonds (or portions thereof) being refunded, and deposit such amounts with itself as Trustee or with an Escrow Agent specified by an Authorized County Representative, to be held for the payment of the principal or Redemption Price, as applicable, of, and interest on, the Senior Bonds (or portions thereof) being refunded; provided that such withdrawal shall not be made unless (a) immediately thereafter the Senior Bonds (or portions thereof) being refunded shall be deemed to have been paid, and (b) the amount remaining in the Senior Debt Service Fund after such withdrawal shall not be less than the requirement of such Fund.

Any provision of the Master Indenture to the contrary notwithstanding, so long as there shall be held in the Senior Debt Service Fund an amount sufficient to pay in full all Outstanding Senior Bonds in accordance with their terms (including principal or applicable sinking fund Redemption Price and interest thereon), no deposits shall be required to be made into the Senior Debt Service Fund.

In determining the amount on deposit in the Senior Debt Service Fund, there shall be excluded from the balance of said Fund any Capitalized Interest with respect to interest on Senior Bonds accruing after the last day of such month and the amount, if any, set aside in said Fund for the payment of Debt Service on Senior Bonds which is then due and payable.

Senior Debt Service Reserve Fund. If on the Business Day immediately preceding an Interest Payment Date for the Participating Senior Bonds, or any other date on which any principal or interest on the Outstanding Participating Senior Bonds is due, after applying amounts in the Senior Debt Service Fund ratably (based on the amounts due) to the payment of the principal and interest then due with respect to all Outstanding Senior Bonds, the amount in the Senior Debt Service Fund available for payment of the principal and interest then due with respect to all Outstanding Participating Senior Bonds is less than the amount due on such date, the Trustee shall apply amounts in the Senior Debt Service Reserve Fund ratably (based on amounts due) to the extent necessary to make good the deficiency for the principal and interest then due with respect to the Outstanding Participating Senior Bonds.

Except as provided in the fourth paragraph under this caption "Senior Debt Service Reserve Fund," if on the last Business Day of any month the amount on deposit in the Senior Debt Service Reserve Fund shall exceed the applicable Senior Debt Service Reserve Requirement, such excess shall be applied to the reimbursement of each drawing on a Reserve Guaranty credited to such Fund (to the extent not reimbursed upon the reinstatement of such Reserve Guaranty pursuant to the fifth paragraph under this caption) and to the payment of interest or other amounts due with respect to any Reserve Guaranty credited to such Fund and any remaining moneys shall be deposited in the Senior Debt Service Fund.

Whenever the amount in the Senior Debt Service Reserve Fund and all Senior Series Debt Service Reserve Funds (excluding Reserve Guaranties), together with the amount available therefor in the Senior Debt Service Fund, is sufficient to pay in full all Outstanding Senior Bonds in accordance with their terms (including principal or applicable Redemption Price and interest thereon), the funds on deposit in the Senior Debt Service Reserve Fund and all Senior Series Debt Service Reserve Funds shall be transferred to the Senior Debt Service Fund and applied to the payment of the Outstanding Senior Bonds (including principal or applicable Redemption Price and interest thereon).

In the event of the refunding, purchase or redemption of one or more Participating Senior Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized County Representative, withdraw from the Senior Debt Service Reserve Fund any or all of the amounts on deposit therein (excluding Reserve Guaranties) and deposit such amounts with itself as Trustee or with the Escrow Agent to be held for the payment of the principal or Redemption Price of, and interest on, the Participating Senior Bonds (or portions thereof) being refunded, purchased or redeemed; provided that such withdrawal shall not be made unless immediately thereafter the amount remaining in the Senior Debt Service Reserve Fund after such withdrawal, taking into account any deposits to be made in the Senior Debt Service Reserve Fund in connection with such refunding, purchase or redemption, shall not be less than the Senior Debt Service Reserve Requirement for the Participating Senior Bonds to be Outstanding upon such refunding, purchase or redemption.

In lieu of the deposits and transfers to the Senior Debt Service Reserve Fund required by the Master Indenture, the County may cause to be deposited in the Senior Debt Service Reserve Fund a Reserve Guaranty or Reserve Guaranties in an aggregate amount equal to the difference between the applicable Senior Debt Service Reserve Requirement and the sums, if any, then on deposit in the Senior Debt Service Reserve Fund or being deposited in the Senior Debt Service Reserve Fund concurrently with such Reserve Guaranty or Guaranties.

In computing the amount on deposit in the Senior Debt Service Reserve Fund, a Reserve Guaranty shall be valued at the amount available to be drawn or payable thereunder on the date of computation.

The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Reserve Guaranties credited to the Senior Debt Service Reserve Fund to receive payments with respect to the Reserve Guaranties (including the giving of notice as required thereunder): (i) on any date on which moneys will be required to be withdrawn from the Senior Debt Service Reserve Fund and applied to the payment of principal or interest on, any Participating Senior Bonds and such withdrawal cannot be met by moneys on deposit in the Senior Debt Service Reserve Fund; (ii) unless such Reserve Guaranty expires on the final maturity date for the Outstanding Participating Senior Bonds, on the first Business Day which is at least thirty (30) days prior to the expiration date of each Reserve Guaranty, in an amount equal to the deficiency which would exist in the Senior Debt Service Reserve Fund if the Reserve Guaranty expired, unless a substitute Reserve Guaranty with an expiration date not earlier than one hundred eighty (180) days after the expiration date of the expiring Reserve Guaranty (or the final maturity date of the Outstanding Participating Senior Bonds, if sooner) is delivered to the Trustee prior to such date or the County deposits funds in the Senior Debt Service Reserve Fund on or before such date such that the amount in the Senior Debt Service Reserve Fund on such date (without regard to such expiring Reserve Guaranty) is at least equal to the applicable Senior Debt Service Reserve Requirement.

If at any time a Reserve Guaranty is delivered pursuant to the Master Indenture as described in this subparagraph there shall be any amount in the Senior Debt Service Reserve Fund in excess of the applicable Senior Debt Service Reserve Requirement, such excess amount may be applied to the cost of acquiring such Reserve Guaranty and, to the extent not so applied, shall be applied to either: (i) the purchase or redemption of Participating Senior Bonds as directed in writing by an Authorized County Representative (other than amounts due for interest on such purchase or redemption which shall be paid from amounts accumulated in the Senior Debt Service Fund with respect to such interest or other available funds); or (ii) any lawful purpose as directed by an Authorized County Representative if the County delivers to the Trustee a Favorable Opinion of Bond Counsel with respect to such application.

If a disbursement is made pursuant to a Reserve Guaranty credited to the Senior Debt Service Reserve Fund, the County shall be obligated either (i) to reinstate the maximum limits of such Reserve Guaranty or (ii) to deposit into the Senior Debt Service Reserve Fund funds in the amount of the

disbursement made under such Reserve Guaranty, or a combination of such alternatives, as shall provide that the amount in the Senior Debt Service Reserve Fund equals the applicable Senior Debt Service Reserve Requirement; provided, however, that to the extent a Reserve Guaranty will be reinstated so that the amount in the Senior Debt Service Reserve Fund (including Reserve Guarantees) shall equal the applicable Senior Debt Service Reserve Requirement, amounts in the Senior Debt Service Reserve Fund in excess of the applicable Senior Debt Service Reserve Requirement shall be applied to the reimbursement of drawings under a Reserve Guaranty.

Subordinate Debt Service Fund. The Trustee shall apply the moneys in the Subordinate Debt Service Fund to the payment of the following: (i) on or before each Interest Payment Date for any of the Outstanding Subordinate Bonds the amount required for the interest payable on such date; (ii) on or before each due date therefor, the principal and, to the extent included in Debt Service, the Purchase Price of, Outstanding Subordinate Bonds payable on such due date; (iii) on or before each redemption date for Outstanding Subordinate Bonds, the amount required for the payment of the Redemption Price and any accrued interest on the Subordinate Bonds then to be redeemed; and (iv) upon receipt of a written request signed by an Authorized County Representative, to the respective Credit Providers, on each date a Reimbursement Obligation relating to Subordinate Bonds is due pursuant to a Credit Support Agreement, the amount of such Reimbursement Obligation to the extent not included in Debt Service on Subordinate Bonds and not otherwise paid as Operating Expenses. Amounts received by the Paying Agents pursuant to the Master Indenture as described in this subsection shall be applied by Paying Agents to the payment of the principal, Redemption Price or Purchase Price, as applicable, of, and interest on, the Subordinate Bonds on and after the due dates thereof.

Amounts accumulated in the Subordinate Debt Service Fund with respect to any Sinking Fund Installment (together with amounts accumulated therein with respect to interest on the Subordinate Bonds for which such Sinking Fund Installment was established) may, and if so directed in writing by an Authorized County Representative shall, be applied by the Trustee, on or prior to the sixtieth (60th) day preceding the due date of such Sinking Fund Installment, to (i) the purchase of Subordinate Bonds of the Series and maturity for which such Sinking Fund Installment was established, or (ii) the optional redemption at not exceeding the applicable sinking fund Redemption Price of such Subordinate Bonds, if such Subordinate Bonds are then subject to redemption at the option by the County. All purchases of any Subordinate Bonds pursuant to the Master Indenture as described in this subsection shall be made at prices not exceeding the applicable sinking fund Redemption Price of such Subordinate Bonds plus accrued interest, and such purchases shall be made by the Trustee as directed by an Authorized County Representative. The applicable sinking fund Redemption Price (or principal of maturing Subordinate Bonds) of any Subordinate Bonds so purchased or redeemed shall be deemed to constitute part of the Subordinate Debt Service Fund until such Sinking Fund Installment due date, for the purpose of calculating the amount of such Fund. If directed in writing by an Authorized County Representative on or prior to the forty-fifth (45th) day next preceding a Sinking Fund Installment due date, there shall be applied as a credit against such Sinking Fund Installment, and there shall be deemed to constitute part of the Subordinate Debt Service Fund until such Sinking Fund Installment due date for the purpose of calculating the amount of such Fund, the principal of any Subordinate Bonds of the Series and maturity for which such Sinking Fund Installment was established which have been purchased or redeemed and cancelled or delivered to the Trustee for cancellation on or prior to the forty-fifth (45th) day next preceding such Sinking Fund Installment due date and not previously applied as a credit against a Sinking Fund Installment. As soon as practicable after the forty-fifth (45th) day preceding the due date of any such Sinking Fund Installment, the Trustee shall proceed to call for redemption on such due date, by giving notice as provided in the Master Indenture, Subordinate Bonds of the Series and maturity for which such Sinking Fund Installment was established (except in the case of Subordinate Bonds maturing on a Sinking Fund Installment due date) in such amount as shall be necessary to complete the retirement of Subordinate Bonds from the unsatisfied balance of such Sinking Fund Installment. The Trustee shall pay out of the Subordinate Debt Service Fund, on or before

such redemption date (or maturity date), the amount required for the redemption of the Subordinate Bonds so called for redemption (or for the payment of such Subordinate Bonds then maturing). All expenses in connection with the purchase or redemption of Subordinate Bonds may be paid from the Operating Fund.

The amount, if any, deposited in the Subordinate Debt Service Fund from the proceeds of each Series of Subordinate Bonds as Capitalized Interest shall be set aside in such Fund and applied to the payment of interest on Subordinate Bonds as provided in the Supplemental Indenture relating to such Series of Subordinate Bonds and shall not be included as amounts in the Subordinate Debt Service Fund in any month except to the extent that such Capitalized Interest is to pay interest on Subordinate Bonds for such month.

In the event of the refunding of one or more Subordinate Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized County Representative, withdraw from the Subordinate Debt Service Fund amounts accumulated therein with respect to Debt Service on the Subordinate Bonds (or portions thereof) being refunded, and deposit such amounts with itself as Trustee or with an Escrow Agent specified by an Authorized County Representative, to be held for the payment of the principal or Redemption Price, as applicable, of, and interest on, the Subordinate Bonds (or portions thereof) being refunded; provided that such withdrawal shall not be made unless (a) immediately thereafter the Subordinate Bonds (or portions thereof) being refunded shall be deemed to have been paid pursuant to the Master Indenture, and (b) the amount remaining in the Subordinate Debt Service Fund after such withdrawal shall not be less than the requirement of such Fund.

Any provision of the Master Indenture to the contrary notwithstanding, so long as there shall be held in the Subordinate Debt Service Fund an amount sufficient to pay in full all Outstanding Subordinate Bonds in accordance with their terms (including principal or applicable sinking fund Redemption Price and interest thereon), no deposits shall be required to be made into the Subordinate Debt Service Fund.

In determining the amount on deposit in the Subordinate Debt Service Fund, there shall be excluded from the balance of said Fund any Capitalized Interest with respect to interest on Subordinate Bonds accruing after the last day of such month and the amount, if any, set aside in said Fund for the payment of Debt Service on Subordinate Bonds which is then due and payable.

Subordinate Debt Service Reserve Fund. If on the Business Day immediately preceding an Interest Payment Date for the Participating Subordinate Bonds, or any other date on which any principal or interest on, the Outstanding Participating Subordinate Bonds is due, after applying amounts in the Subordinate Debt Service Fund ratably (based on the amounts due) to the payment of the principal and interest then due with respect to all Outstanding Subordinate Bonds, the amount in the Subordinate Debt Service Fund available for payment of the principal and interest then due with respect to all Outstanding Participating Subordinate Bonds is less than the amount due on such date, the Trustee shall apply amounts in the Subordinate Debt Service Reserve Fund ratably (based on amounts due) to the extent necessary to make good the deficiency for the principal and interest then due with respect to the Outstanding Participating Subordinate Bonds.

Except as provided in the fourth paragraph under this caption "Subordinate Debt Service Reserve Fund," if on the last Business Day of any month the amount on deposit in the Subordinate Debt Service Reserve Fund shall exceed the applicable Subordinate Debt Service Reserve Requirement, such excess shall be applied to the reimbursement of each drawing on a Reserve Guaranty credited to such Fund (to the extent not reimbursed upon the reinstatement of such Reserve Guaranty pursuant to the Master Indenture as described in the fifth paragraph under this caption) and to the payment of interest or other amounts due with respect to any Reserve Guaranty credited to such Fund and any remaining moneys shall be deposited in the Subordinate Debt Service Fund.

Whenever the amount in the Subordinate Debt Service Reserve Fund and all Subordinate Series Debt Service Reserve Funds (excluding Reserve Guaranties), together with the amount available therefor in the Subordinate Debt Service Fund, is sufficient to pay in full all Outstanding Subordinate Bonds in accordance with their terms (including principal or applicable Redemption Price and interest thereon), the funds on deposit in the Subordinate Debt Service Reserve Fund and all Subordinate Series Debt Service Reserve Funds shall be transferred to the Subordinate Debt Service Fund and applied to the payment of the Outstanding Subordinate Bonds (including principal or applicable Redemption Price and interest thereon).

In the event of the refunding, purchase or redemption of one or more Participating Subordinate Bonds (or portions thereof), the Trustee shall, upon the written direction of an Authorized County Representative, withdraw from the Subordinate Debt Service Reserve Fund any or all of the amounts on deposit therein (excluding Reserve Guaranties) and deposit such amounts with itself as Trustee or with the Escrow Agent to be held for the payment of the principal or Redemption Price of, and interest on, the Participating Subordinate Bonds (or portions thereof) being refunded, purchased or redeemed; provided that such withdrawal shall not be made unless immediately thereafter the amount remaining in the Subordinate Debt Service Reserve Fund after such withdrawal, taking into account any deposits to be made in the Subordinate Debt Service Reserve Fund in connection with such refunding, purchase or redemption, shall not be less than the Subordinate Debt Service Reserve Requirement for the Participating Subordinate Bonds to be Outstanding upon such refunding, purchase or redemption.

In lieu of the deposits and transfers to the Subordinate Debt Service Reserve Fund required by the Master Indenture, the County may cause to be deposited in the Subordinate Debt Service Reserve Fund a Reserve Guaranty or Reserve Guaranties in an aggregate amount equal to the difference between the applicable Subordinate Debt Service Reserve Requirement and the sums, if any, then on deposit in the Subordinate Debt Service Reserve Fund or being deposited in the Subordinate Debt Service Reserve Fund concurrently with such Reserve Guaranty or Guaranties.

In computing the amount on deposit in the Subordinate Debt Service Reserve Fund, a Reserve Guaranty shall be valued at the amount available to be drawn or payable thereunder on the date of computation.

The Trustee shall draw upon or otherwise take such action as is necessary in accordance with the terms of the Reserve Guaranties credited to the Subordinate Debt Service Reserve Fund to receive payments with respect to the Reserve Guaranties (including the giving of notice as required thereunder): (i) on any date on which moneys will be required to be withdrawn from the Subordinate Debt Service Reserve Fund and applied to the payment of principal or interest on, any Participating Subordinate Bonds and such withdrawal cannot be met by moneys on deposit in the Subordinate Debt Service Reserve Fund; (ii) unless such Reserve Guaranty expires on the final maturity date for the Outstanding Participating Subordinate Bonds, on the first Business Day which is at least thirty (30) days prior to the expiration date of each Reserve Guaranty, in an amount equal to the deficiency which would exist in the Subordinate Debt Service Reserve Fund if the Reserve Guaranty expired, unless a substitute Reserve Guaranty with an expiration date not earlier than one hundred eighty (180) days after the expiration date of the expiring Reserve Guaranty (or the final maturity date of the Outstanding Participating Subordinate Bonds, if sooner) is delivered to the Trustee prior to such date or the County deposits funds in the Subordinate Debt Service Reserve Fund on or before such date such that the amount in the Subordinate Debt Service Reserve Fund on such date (without regard to such expiring Reserve Guaranty) is at least equal to the applicable Subordinate Debt Service Reserve Requirement.

If at any time a Reserve Guaranty is delivered pursuant to the Master Indenture as described in this paragraph there shall be any amount in the Subordinate Debt Service Reserve Fund in excess of the applicable Subordinate Debt Service Reserve Requirement, such excess amount may be applied to the cost

of acquiring such Reserve Guaranty and, to the extent not so applied, shall be applied to either: (i) the purchase or redemption of Participating Subordinate Bonds as directed in writing by an Authorized County Representative (other than amounts due for interest on such purchase or redemption which shall be paid from amounts accumulated in the Subordinate Debt Service Fund with respect to such interest or other available funds); or (ii) any lawful purpose relating to the Airport System as directed by an Authorized County Representative if the County delivers to the Trustee a Favorable Opinion of Bond Counsel with respect to such application.

If a disbursement is made pursuant to a Reserve Guaranty credited to the Subordinate Debt Service Reserve Fund, the County shall be obligated either (i) to reinstate the maximum limits of such Reserve Guaranty or (ii) to deposit into the Subordinate Debt Service Reserve Fund, in accordance with the Master Indenture, funds in the amount of the disbursement made under such Reserve Guaranty, or a combination of such alternatives, as shall provide that the amount in the Subordinate Debt Service Reserve Fund equals the applicable Subordinate Debt Service Reserve Requirement; provided, however, that to the extent a Reserve Guaranty will be reinstated so that the amount in the Subordinate Debt Service Reserve Fund (including Financial Guarantees) shall equal the applicable Subordinate Debt Service Reserve Requirement, amounts in the Subordinate Debt Service Reserve Fund in excess of the applicable Subordinate Debt Service Reserve Requirement shall be applied to the reimbursement of drawings under a Reserve Guaranty.

Junior Subordinate Fund. The Trustee shall apply moneys in the Junior Subordinate Fund to the payment of the following:

(a) on or before each Interest Payment Date for any of the Outstanding Junior Subordinate Bonds the amount required for the interest payable on such date;

(b) on or before each due date therefor, the principal and, to the extent included in Debt Service, the Purchase Price of, Outstanding Junior Subordinate Bonds payable on such due date;

(c) on or before each redemption date for Outstanding Junior Subordinate Bonds, the amount required for the payment of the Redemption Price and any accrued interest on the Junior Subordinate Bonds then to be redeemed;

(d) to the respective Credit Providers, on each date a Reimbursement Obligation relating to Junior Subordinate Obligations is due pursuant to a Credit Support Agreement, the amount of such Reimbursement Obligation to the extent not otherwise paid as Debt Service on Junior Subordinate Obligations and not otherwise paid as Operating Expenses;

(e) to each Qualified Counterparty, the amount of Net Payments and Termination Payments, if any, payable by the County as of the last day of such month in accordance with each applicable Qualified Swap relating to the Junior Subordinate Bonds;

(f) to the applicable trustee or paying agent for, or owner of, Outstanding Junior Subordinate Obligations not otherwise paid above, the amount, if any, required to be paid during such month to such trustee, paying agent or owner as and to the extent required by the Issuing Instruments for payment of such Outstanding Subordinate Obligations;

(g) to the applicable trustee or paying agent for, or owner of, Outstanding Junior Subordinate Obligations, the amount, if any, required to be paid during such month to such trustee, paying agent or owner pursuant to the Supplemental Indentures or Issuing Instruments for such Outstanding Subordinate Obligations to maintain each debt service reserve for such Outstanding Subordinate Obligations at the amount required by the applicable Supplemental Indenture or Issuing Instrument;

(h) to each Reserve Guaranty Provider relating to Junior Subordinate Obligations, the amount, if any, payable by the County as of the last day of such month in accordance with each applicable Reserve Guaranty Agreement; and

(i) to the payment of any other payment due with respect to any Junior Subordinate Obligations.

Reserve and Contingency Fund. Amounts in the Reserve and Contingency Fund shall be applied to the cost of renewals, replacements, extensions, betterments and improvements to the Airport System, including, without limitation, any Capital Improvement. Amounts in the Reserve and Contingency Fund shall also be applied to the payment of operation and maintenance costs and contingencies for the Airport System including payments with respect to the prevention or correction of any unusual loss or damage in connection with the Airport System or to prevent a loss of revenue therefrom, all to the extent not scheduled to be paid from amounts in the Operating Fund pursuant to the then current Annual Budget.

No payments shall be made from the Reserve and Contingency Fund if and to the extent that the proceeds of insurance, including the proceeds of any self insurance fund, or other moneys recoverable as the result of damage to the Airport System, if any, are available to pay the costs otherwise payable from such Fund.

If on any date the amount in the Funds described in subsections (a) through (j) under the caption “Application of Revenues” above (after application of the Master Indenture with respect to the Capital Improvement Fund) shall be less than the requirement of such Fund and there shall not be on deposit in the Capital Improvement Fund available moneys sufficient to cure any such deficiency, then the Trustee shall transfer from the Reserve and Contingency Fund and deposit in the Funds in the order of priority described in the Master Indenture the amount necessary (or all the moneys in the Reserve and Contingency Fund if less than the amount necessary) to make up any such deficiency.

Any balance in the Reserve and Contingency Fund not required to meet any deficiencies in a Fund by the 10th day of a month or not needed for any of the purposes for which such Fund was established, shall be transferred to the Operating Fund, if and to the extent deemed necessary by the County and any remaining balance may be transferred to the Capital Improvement Fund.

Capital Improvement Fund. If on any date the amount in the Funds described in subsections (a) through (k) under the caption “Application of Revenues” above shall be less than the requirement of such Fund pursuant to the Master Indenture, then the County shall transfer from the Capital Improvement Fund and deposit the amount necessary (or all the moneys in the Capital Improvement Fund if less than the amount necessary) to make up any such deficiency. Amounts in the Capital Improvement Fund not required to meet deficiencies shall be used by the County for any lawful purpose.

Rebate Fund. When required in connection with a Series of Obligations pursuant to the Supplemental Indenture or Issuing Instrument relating to such Series of Obligations or the Tax Certificate, if any, relating to such Series of Obligations, there shall be established an Account within the Rebate Fund with respect to such Series of Obligations. Amounts on deposit in each Account in the Rebate Fund shall be applied as provided in Supplemental Indenture or Issuing Instrument pursuant to which Account was established and the Rebate Instructions relating to such Account.

Available Revenues. At any time and from time to time, the County and the Trustee, without the consent of the Owner of any Obligation and without the consent of any Credit Provider, may enter into a Supplemental Indenture or Issuing Instrument that (i) specifies the amount of Passenger Facility Charges that shall constitute Available PFC Revenues, the amount of Customer Facility Charges that shall constitute Available CFC Revenues, or the amount of Grant Funds that shall constitute Available Grant Revenues

during each Fiscal Year specified in such Supplemental Indenture or Issuing Instrument or (ii) specifies Obligations that shall be secured by Available Revenues. More than one Series of Obligations may be secured by Available CFC Revenues, Available Grant Revenues, or Available PFC Revenues, and no consent from any Owner of any Obligation that is secured by any Available Revenues, or from any Credit Provider, shall be required as a condition to the issuance or incurring of any subsequently-issued Obligations that is secured by any Available Revenues. Notwithstanding any other provision of the Indenture, any Issuing Instrument, any Credit Support Agreement or any Credit Support Instrument, the County and the Trustee may amend (including reduce) the amount of Available CFC Revenues, Available Grant Revenues, or Available PFC Revenues specified pursuant to clause (i) of this paragraph with respect to any Fiscal Year without the consent of any Owner of any Obligation or any Credit Provider.

The Master Indenture establishes the following accounts, to be held by the Trustee: (i) Available CFC Account; (ii) Available Grant Account; and (iii) Available PFC Account.

The County shall, promptly upon receipt, deposit, or cause to be deposited, all Available CFC Revenues in the Available CFC Account, all Available Grant Revenues in the Available Grant Account, and all Available PFC Revenues in the Available PFC Account.

Notwithstanding any other provision of the Master Indenture or any Issuing Instrument, (i) the Available CFC Account and the Available CFC Revenues shall secure on a pro rata pari passu basis all Obligations, whenever issued and whether Senior Obligations, Subordinate Obligations, or Junior Subordinate Obligations, that are specified in the applicable Supplemental Indenture or Issuing Instrument to be secured by the Available CFC Account and the Available CFC Revenues; and (ii) Available CFC Revenues held in the Available CFC Account shall be applied by the Trustee as follows:

The pro rata amount of the Available CFC Revenues, including any investment earnings thereon, on deposit in the Available CFC Account shall be applied to the payment of such Obligations secured thereby and such amount shall be accounted for as a credit against the amounts required to be deposited for such purposes pursuant to the provisions of the Master Indenture described above under the caption "Application of Revenues."

Notwithstanding any other provision of the Master Indenture or any Issuing Instrument, (i) the Available Grant Account and the Available Grant Revenues shall secure on a pro rata pari passu basis all Obligations, whenever issued and whether Senior Obligations, Subordinate Obligations, or Junior Subordinate Obligations, that are specified in the applicable Supplemental Indenture or Issuing Instrument to be secured by the Available Grant Account and the Available Grant Revenues; and (ii) Available Grant Revenues held in the Available Grant Account shall be applied by the Trustee as follows:

The pro rata amount of the Available Grant Revenues, including any investment earnings thereon, on deposit in the Available Grant Account shall be applied to the payment of such Obligations secured thereby and such amount shall be accounted for as a credit against the amounts required to be deposited for such purpose pursuant to the provisions of the Master Indenture described above under the caption "Application of Revenues."

Notwithstanding any other provision of the Master Indenture or any Issuing Instrument, (i) the Available PFC Account and the Available PFC Revenues shall secure on a pro rata pari passu basis all Obligations, whenever issued and whether Senior Obligations, Subordinate Obligations, or Junior Subordinate Obligations, that are specified in the applicable Supplemental Indenture or Issuing Instrument to be secured by the Available PFC Account and the Available PFC Revenues; and (ii) Available PFC Revenues held in the Available PFC Account shall be applied by the Trustee as follows:

The pro rata amount of the Available PFC Revenues, including any investment earnings thereon, on deposit in the Available PFC Account shall be applied to the payment of such Obligations secured thereby and such amount shall be accounted for as a credit against the amounts required to be deposited for such purpose pursuant to the provisions of the Master Indenture described above under the caption "Application of Revenues."

Investment of Certain Funds. Moneys held in the Senior Debt Service Fund, the Subordinate Debt Service Fund and the Junior Subordinate Fund shall be invested and reinvested by the Trustee to the fullest extent practicable in "Permitted Investments" which mature not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Fund. Moneys held in the Senior Debt Service Reserve Fund and the Subordinate Debt Service Reserve Fund shall be invested and reinvested by the Trustee to the fullest extent practicable in "Permitted Investments" which mature not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Fund, but in any event not later than five (5) years from the time of such investment except that any security described in clause (g) of the definition of Permitted Investments may mature not later than thirty (30) years from the time of such investment provided that the Trustee may make withdrawals of all or any part of such Permitted Investment without penalty upon not more than two Business Days' notice. Moneys held in the Revenue Fund and the Construction Fund may be invested and reinvested in Permitted Investments which mature or which may be drawn upon not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Funds. Moneys in the Operating Fund, including amounts in the Operating Reserve Account, the Reserve and Contingency Fund and the Capital Improvement Fund may be invested and reinvested in Permitted Investments which mature or which may be drawn upon not later than such times as shall be necessary to provide moneys when reasonably expected to be needed for payments to be made from such Funds but in any event not later than five (5) years from the time of such investment. Moneys held in any other Fund or Account may be invested as provided in the Supplemental Indenture or Issuing Instrument establishing such Fund or Account. Notwithstanding any provision of the Master Indenture to the contrary, the investment of the proceeds of the Obligations of any Series, or any moneys held under the Master Indenture for the payment of the principal or Redemption Price of, or interest on, the Obligations of such Series, may be further restricted as provided in the Supplemental Indenture or Issuing Instrument authorizing such Series. The Trustee shall make all such investments of moneys held by it and shall sell or otherwise liquidate any such investment and take all actions necessary to draw funds under any such investment, including the giving of necessary notices of the drawing of any moneys under any investment in securities described in clause (g) of the definition of "Permitted Investments", in each case in accordance with directions of an Authorized County Representative, which directions shall be consistent with the Master Indenture and applicable law, and which directions shall be written. In the absence of written investment instructions directing the Trustee, the Trustee is directed to invest available funds in investments described in paragraph (d) of the definition of Permitted Investments.

Interest or other income (net of that which (x) represents a return of accrued interest paid in connection with the purchase of any investment or (y) is required to effect the amortization of any premium paid in connection with the purchase of any investment) earned on any moneys or investments in the Funds and Accounts shall be applied as follows: (i) all such interest or other income on moneys or investments in the Funds or Accounts established in the Master Indenture (other than the Construction Fund and the Rebate Fund) shall be paid into the Revenue Fund; provided, however, that with respect to the Senior Debt Service Reserve Fund and each Senior Series Debt Service Reserve Fund, such payment shall be made only to the extent the amounts remaining in such Funds is not less than the applicable Senior Debt Service Reserve Requirement and with respect to the Subordinate Debt Service Reserve Fund and each Subordinate Series Debt Service Reserve Fund, such payment shall be made only to the extent the amounts remaining in such Funds is not less than the applicable Subordinate Debt Service Reserve Requirement, (ii) all such interest or other income on moneys or investments in the Rebate Fund shall be applied as provided in the

Master Indenture with respect to the County's tax covenants, (iii) unless otherwise provided with respect to an Account in the Construction Fund funded with the proceeds of a Series of Bonds in the Supplemental Indenture authorizing such Series, all such interest or other income on moneys or investments in each Account in the Construction Fund shall be retained in such Account, and (iv) all such interest or other income earned on moneys in any other Fund or Account shall be applied as provided in the Supplemental Indenture establishing such Fund or Account.

Covenants and Obligations of the County

Creation of Prior Liens. Except as provided in the Indenture, the County shall not issue any bond, note, or other evidence of indebtedness, incur any obligation, including any Obligation, payable from or secured by the Trust Estate or any part thereof or create, permit, or suffer to exist any lien or other encumbrance on the Trust Estate or any part thereof; provided that the County may issue obligations payable from and secured by the Trust Estate or any part thereof if such obligations are subordinate in payment and priority to the Junior Subordinate Obligations, the Subordinate Obligations and the Senior Obligations.

Any agreement pursuant to which are issued obligations permitted by the paragraph above (each, a "Junior Agreement") shall contain provisions to the following effect:

(1) The provisions of paragraphs (1)-(22) (the "Subordination Provisions") shall apply as long as any Obligation (other than any Obligation issued pursuant to the provisions of the Master Indenture described in the first paragraph under this caption) (the "Priority Obligations") is Outstanding, except that the Subordination Provisions shall continue to be effective or be reinstated, as the case may be, if at any time any payment in respect of any Priority Obligation is avoided, recovered, rescinded, annulled, or must otherwise be returned by the Trustee or the holder thereof, upon the bankruptcy or other similar proceedings with respect to the County or otherwise, all as though such payment had not been made. Any amounts received by any holder of an obligation issued pursuant to the provisions of the Master Indenture described under the first paragraph under this caption or any trustee or representative thereof (each, a "Junior Holder") on account of such an obligation (each, a "Junior Obligation") shall, in the event of a reinstatement of the Subordination Provisions pursuant to the Master Indenture, be held in trust for and paid over to the Trustee.

(2) The indebtedness evidenced by each Junior Obligation is junior and subordinate in all respects, including in right of payment, to the prior payment of the Priority Obligations, to the extent and in the manner provided in the Subordination Provisions. Any lien, security interest, pledge, or other encumbrance securing any Junior Obligation is subordinate in all respects to the lien of the Master Indenture. The rights and remedies of the Junior Holders are subject to the restrictions and limitations set forth in the Subordination Provisions.

(3) No payment shall be made on any Junior Obligations from the Trust Estate or any part thereof, except from amounts payable to the County pursuant to paragraph (I) under the caption "Application of Revenues" above. Except as permitted by the immediately preceding sentence, each Junior Holder shall not ask for, demand, sue for, take, accept, or receive, directly or indirectly, by set-off, counterclaim, redemption, purchase, or in any other manner whatsoever, whether voluntary or involuntary and whether by operation of law or otherwise, (i) any payment or distribution, whether in money, securities, or other property, of or on account of any principal, premium, if any, or interest in respect of any Junior Obligations, or (ii) any payment or distribution for the purpose of any redemption, purchase, or other acquisition, direct or indirect, by the County of any Junior Obligations, and no such payment shall be due by the County. Except as permitted by the Master Indenture as described in the first sentence of this paragraph, the County shall not make any such payment or distribution. In the event that any payment or distribution with respect

to any Junior Obligation shall be received by any Junior Holder in violation of the Subordination Provisions, such payment shall be held in trust for the benefit of the Trustee and shall be immediately paid to Trustee for application pursuant to the Master Indenture. In the event of the failure of the applicable Junior Holder to indorse or assign any such payment or distribution, the Trustee is irrevocably authorized under the Master Indenture to indorse or assign such payment or distribution.

(4) Each Junior Holder (i) shall not exercise any right or remedy otherwise available to it, whether pursuant to the applicable Junior Agreement, the applicable Junior Obligation, or applicable law, whether or not there has been any default or event of default under the applicable Junior Agreement or the applicable Junior Obligation, (ii) shall not accelerate, make demand, or otherwise cause to become due and payable prior to the original stated maturity the applicable Junior Obligation or any obligation under the applicable Junior Agreement, (iii) shall not declare any default or event of default under the applicable Junior Agreement or the applicable Junior Obligation, and no such default or event of default shall exist or occur, and (iv) shall not bring suit or institute any other action or proceeding against the County to enforce, nor seek or obtain any writ, judgment, or other process or remedy with respect to, its rights or interests under or in respect of the applicable Junior Agreement or the applicable Junior Obligation.

(5) In the event of (i) any bankruptcy or other similar proceeding of which the County or its property is the subject, (ii) any proceeding for the liquidation, dissolution, or other winding-up of the County, or (iii) any distribution, division, marshalling, or application of any of the properties or assets of the County or the proceeds thereof to creditors, voluntary or involuntary, and whether or not involving legal proceedings, then in any such event:

(A) All Priority Obligations shall first be paid in full, including all principal, premium, if any, interest, and other payments owing pursuant to the terms of the Master Indenture, any applicable Issuing Instrument and the Priority Obligations, including interest, premium, and other payments accruing after the commencement of any such proceeding or that would have accrued but for the commencement of any such proceeding, and regardless of whether any such amounts are allowed claims, disallowed claims, or allowable claims in such proceeding, or are avoided or subordinated in such proceeding, before any payment or distribution of any character, whether in money, securities, or other property, shall be made in respect of any Junior Obligation. The Subordination Provisions expressly are intended to include and do include the “rule of explicitness” in that the Subordination Provisions expressly entitle the Trustee and the holders of the Priority Obligations, and are intended to provide the Trustee and the holders of the Priority Obligations, with the right to receive payment of all post-petition interest, premium, fees, expenses, and other payments through distributions made pursuant to the provisions of the Subordination Provisions even though such interest, premium, fees, expenses or other payments are not allowed or allowable in such proceeding under Section 502(b)(2) or Section 506(b) of the United States Bankruptcy Code or under any other provision of the United States Bankruptcy Code or any other law, or are avoided or subordinated in any such proceeding;

(B) all principal or premium, if any, and interest and other payments on the Junior Obligations shall forthwith become due and payable, and any payment or distribution of any character, whether in money, securities, or other property, which would otherwise, but for the terms of the Master Indenture described under this caption, be payable or deliverable in respect of the Junior Obligations, shall be paid or delivered directly to the Trustee, for application pursuant to the Master Indenture until the Priority

Obligations have been paid in full as described in paragraph (A) above, and the Junior Holders irrevocably (i) authorize, empower, and direct all receivers, trustees, liquidators, conservators, fiscal agents, and other applicable Persons to effect all such payments and deliveries, and (ii) to the extent necessary to effectuate the foregoing, assign to the Trustee their rights to (I) all such amounts, and (II) all collateral securing the Junior Obligations or the Junior Agreements;

(C) in the event that, notwithstanding the foregoing, any such payment or distribution of assets is received by any Junior Holder on account of, or with respect to, any Junior Obligation before all Priority Obligations shall have been paid in full as described in paragraph (A) above, such payment or distribution shall be held in trust for the benefit of and shall be immediately paid over to the Trustee for application in accordance with the Master Indenture. In the event of the failure of any Junior Holder to indorse or assign any such payment or distribution, the Trustee is irrevocably authorized under the Master Indenture to indorse or assign such payment or distribution;

(D) each Junior Holder irrevocably authorizes and empowers the Trustee (without imposing any obligation on the Trustee) to demand, sue for, collect, and receive all payments and distributions on account of each Junior Obligation and to receipt therefor, to file all claims therefor, and to take all such other actions, including the right to vote such Junior Obligation or any claims in respect thereof, in the name of the applicable Junior Holder, or otherwise, as the Trustee may determine to be necessary or appropriate, without any notice to any Junior Holder; and

(E) each Junior Holder shall execute and deliver to the Trustee all such further instruments confirming the above authorization, and all such powers of attorney, proofs of claim, assignments of claim, and other instruments, and shall take all such other action as may be reasonably requested by the Trustee to enforce all claims upon or in respect of any Junior Obligation.

(6) The Junior Holders appoint the Trustee as their attorney-in-fact with full authority in the place and stead of the Junior Holders and in the name of the Junior Holders or its own name or otherwise, from time to time in the Trustee's discretion, to take any action and to execute any instrument which the Trustee may deem necessary or advisable to accomplish the purposes of the Subordination Provisions. The power of attorney granted in the Master Indenture is coupled with an interest and is irrevocable.

(7) The terms of the Subordination Provisions, the subordination effected by the provisions described under this caption, and the rights of the holders of the Priority Obligations shall not be affected by (i) any lack of validity or enforceability of any Priority Obligation, the Master Indenture, any Issuing Instrument, any Junior Obligation, or any Junior Agreement; (ii) any change in the time, manner, or place of payment of, or in any other terms of, all or any of the Junior Obligations, the Junior Agreements, the Priority Obligations, any Issuing Instrument or the Master Indenture; (iii) any amendment, supplement, waiver, or other modification, including any increase in the amount thereof, whether by course of conduct or otherwise, of the terms of any or all of the Priority Obligations, the Master Indenture, any Issuing Instrument the Junior Obligations, or the Junior Agreements; (iv) any substitution, exchange, or release of any part of the Trust Estate or any other collateral; (v) the commencement of any bankruptcy, insolvency, or similar proceeding in respect of the County; (vi) any exercise or non-exercise by the Trustee or any holder of any Priority Obligation of any right, power, or remedy under or in respect of any Priority Obligation, any Issuing Instrument or the Master Indenture, (vii) any waiver, consent, release, indulgence, extension,

renewal, modification, delay, or other action, inaction, or omission, in respect of any Priority Obligation, any Issuing Instrument or the Master Indenture, or (viii) any other circumstances which otherwise might constitute a defense available to, or a discharge of, the County in respect of any Priority Obligation, any Issuing Instrument or the Master Indenture, or the Junior Holders in respect of the Junior Obligations or the Junior Agreements, whether or not or any Junior Holder shall have had notice or knowledge of any of the foregoing. No failure to exercise, and no delay in exercising, on the part of the Trustee or any holder of any Priority Obligation, any right, power, or privilege shall operate as a waiver thereof; nor shall any single or partial exercise by the Trustee or any holder of any Priority Obligation of any right, power, or privilege preclude any other further exercise thereof or the exercise of any other right, power, or privilege. The rights and remedies provided in the Subordination Provisions are cumulative and shall not be exclusive of any rights or remedies provided by law.

(8) The Trustee and the holders of the Priority Obligations may, at any time and from time to time, without the consent of, or notice to, any Junior Holder and without impairing or releasing the priorities and other benefits provided in the Subordination Provisions, even if any right of subrogation or other right or remedy of any Junior Holder is affected, impaired, or extinguished thereby, do any one or more of the following: (i) change the manner, place, or terms of payment or change or extend the time of payment of, or amend, renew, compromise, extend, accelerate, exchange, or increase, increase or decrease the rate of interest payable on, or alter any of the terms of, any Priority Obligation, any Issuing Instrument or the Master Indenture or any lien, pledge, security interest, or encumbrance on any collateral securing any Priority Obligation, any Issuing Instrument or the Master Indenture or any liability of the County (including any increase in or extension of the Priority Obligations, any Issuing Instrument or the Master Indenture, without any restriction as to the amount, tenor, or terms of any such increase or extension) or otherwise amend, renew, exchange, extend, modify, or supplement in any manner any lien, pledge, security interest, or encumbrance held by the Trustee or any holder of Priority Obligations, any Priority Obligation, any Issuing Instrument or the Master Indenture; (ii) sell, substitute, exchange, release, waive, surrender, realize upon, enforce, or otherwise deal with in any manner and in any order any part of the collateral securing any Priority Obligation, any Issuing Instrument or the Master Indenture or any liability of the County to the Trustee or any holder of any Priority Obligation; (iii) settle or compromise any Priority Obligation or any other liability of the County or any collateral therefor and apply any sums by whomsoever paid and however realized to any liability (including any Priority Obligation) in any manner or order; (iv) exercise or delay in or refrain from exercising any right or remedy against the County or with respect to any collateral, elect any remedy, or otherwise deal freely with the County or any collateral securing any Priority Obligation, any Issuing Instrument or the Master Indenture or any liability incurred directly or indirectly in respect thereof; or (v) release or discharge any Priority Obligation, any Issuing Instrument or the Master Indenture or any agreement or obligation of the County or any other Person with respect thereto.

(9) The Trustee and the holders of the Priority Obligations shall have the exclusive right to enforce rights, exercise remedies (including setoff and the right to credit bid their debt) and make determinations regarding the release, disposition, or restrictions with respect to the collateral securing any Priority Obligation, any Issuing Instrument or the Master Indenture without any consultation with, and without the consent of, any Junior Holder, all as though the Junior Obligations and the Junior Agreements did not exist. In exercising rights and remedies with respect to the collateral securing the Priority Obligations, any Issuing Instrument or the Master Indenture, the Trustee and the holders of the Priority Obligations may enforce the provisions of the Priority Obligations, any Issuing Instrument and the Master Indenture and exercise remedies thereunder, all in such order and in such manner as they may determine in the exercise of their sole discretion.

(10) The Junior Holders shall not exercise any right of subrogation that they may have or obtain pursuant to the exercise of any right or remedy in connection with the Junior Obligations or the Junior Agreement. The Junior Holders agree not to acquire, directly or indirectly, by subrogation or otherwise, any lien that is senior to the lien of the Master Indenture, and any such lien so acquired shall automatically and without any further action become subject and subordinate to the lien of the Master Indenture.

(11) Notwithstanding the date, manner, or order of grant, attachment, or perfection of any liens, pledges, security interests, or encumbrances securing any Junior Obligation, any Issuing Instrument or any Junior Agreement or of any liens, pledges, security interests, or encumbrances securing any Priority Obligation, any Issuing Instrument or the Master Indenture and notwithstanding any provision of any applicable law, any Junior Obligation, or any Junior Agreement or any other circumstance whatsoever, including the bankruptcy or insolvency of the County or any non-perfection, avoidance, or subordination of any lien, pledge, security interest, or encumbrance purporting to secure any Priority Obligation, any Issuing Instrument, the Master Indenture, any Junior Obligation, or any Junior Agreement, (i) any lien, pledge, security interest, or encumbrance on the Trust Estate or any part thereof securing any Priority Obligation, any Issuing Instrument or the Master Indenture, now or hereafter acquired, regardless of how acquired, whether by grant, possession, statute, operation of law, subrogation, or otherwise, shall be senior in all respects and prior to any lien, pledge, security interest, or encumbrance on the Trust Estate or any part thereof securing any Junior Obligation or any Junior Agreement and (ii) any lien, pledge, security interest, or encumbrance on the Trust Estate or any part thereof securing any Junior Obligation or any Junior Agreement, now or hereafter acquired, regardless of how acquired, whether by grant, possession, statute, operation of law, subrogation, or otherwise, shall be junior and subordinate in all respects to all liens, pledges, security interests, and encumbrances on the Trust Estate or any part thereof securing any Priority Obligation, any Issuing Instrument or the Master Indenture.

(12) The Subordination Provisions constitute a “subordination agreement” within the meaning of Section 510(a) of the United States Bankruptcy Code and any successor thereto.

(13) Each Junior Holder shall not commence a bankruptcy or similar case or proceeding against the County or its property.

(14) No provision of any Junior Agreement or any Junior Obligation shall restrict in any way the rights and remedies of the Trustee or any holder of a Priority Obligation as set forth in the Subordination Provisions, the Master Indenture, any Issuing Instrument, or any Priority Obligation.

(15) Each Junior Holder waives any right to, and shall not, contest or object to, in any proceeding, including any bankruptcy, insolvency, or similar proceeding, (i) the validity, enforceability, legality, or binding effect of the Master Indenture, any Issuing Instrument, each Priority Obligation, or any provision thereof, (ii) the validity, perfection, priority, or enforceability of the liens, pledges, security interests, and encumbrances granted pursuant to the Master Indenture, any Issuing Instrument or any Priority Obligation, or (iii) the provisions of the Subordination Provisions.

(16) Each Junior Holder waives any right to, and shall not, contest or object to, in any proceeding, including any bankruptcy, insolvency, or similar proceeding, (i) any foreclosure proceeding or action brought by the Trustee or any holder of any Priority Obligation or any other exercise by the Trustee or any holder of any Priority Obligation of any rights or remedies relating

to the collateral securing the Master Indenture, any Issuing Instrument or any Priority Obligation, or (ii) any forbearance by the Trustee or any holder of any Priority Obligation from bringing or pursuing any foreclosure proceeding or action or any other exercise of any rights or remedies relating to any collateral securing the Master Indenture, any Issuing Instrument or any Priority Obligation.

(17) The Junior Holders (i) agree that they will not take any action that would hinder, delay, limit, or prohibit any exercise of remedies under the Master Indenture, any Issuing Instrument or any Priority Obligation, including any collection, sale, lease, exchange, transfer, or other disposition of the collateral securing the Master Indenture, any Issuing Instrument or any Priority Obligation, whether by foreclosure or otherwise, or that would limit, invalidate, avoid, or set aside the Master Indenture, any Issuing Instrument, any Priority Obligation, or any collateral securing the Master Indenture, any Issuing Instrument or any Priority Obligation, or subordinate the priority of any Priority Obligation, any Issuing Instrument or the Master Indenture to any Junior Obligation or any Junior Agreement, and (ii) waive any and all rights they may have as a junior lien creditor or otherwise, whether arising under the Uniform Commercial Code or under any other law, to contest or object to the manner in which the Trustee or any holder of any Priority Obligation seeks to enforce or collect any Priority Obligation, any Issuing Instrument, the Master Indenture, or any lien, pledge, security interest, or encumbrance granted pursuant to the Master Indenture, any Issuing Instrument or any Priority Obligation, including the manner in which collateral is disposed of, or to receive any notice with respect thereto, regardless of whether any action or failure to act by or on behalf of the Trustee or any holder of any Priority Obligation is adverse to the interests of any Junior Party or is commercially reasonable.

(18) The Junior Parties agree not to assert and waive, to the fullest extent permitted by law, any right to demand, request, plead, or otherwise assert or otherwise claim the benefit of, any marshalling, appraisal, valuation, or other similar right that may otherwise be available under applicable law with respect to the Trust Estate or any part thereof or any other similar rights a junior secured creditor may have under applicable law.

(19) The Junior Parties waive presentment, demand, protest, notice of protest, notice of default or dishonor, notice of payment or nonpayment, notice of acceptance of any Junior Agreement by the Trustee or any holder of any Priority Obligation, notice or proof of any action taken in reliance hereon, and all other notices and demands of every kind in connection with each Priority Obligation, the Master Indenture, any Issuing Instrument, each Junior Obligation, or any Junior Agreement. The Junior Holders waive all diligence in collection or protection of or realization upon the Priority Obligations, the Master Indenture, any Issuing Instrument, or any collateral therefor.

(20) The Junior Parties waive any defense based on the adequacy of a remedy at law that might be asserted as a bar to the remedy of specific performance of the Subordination Provisions in any action brought therefor by the Trustee or any holder of a Priority Obligation.

(21) Any waiver, amendment, or supplement of the Subordination Provisions shall be treated as a waiver, amendment, or supplement of the Master Indenture and shall not be effective except in compliance with the terms of the Master Indenture relating to waivers, supplements, and amendments thereto. Notwithstanding any other provision of any Junior Agreement to the contrary, including any provision that states that it controls over any other provision to the contrary, the provisions of the Master Indenture described in this paragraph shall not be amended in any way.

(22) The Trustee and the holders of the Priority Obligations are express third-party beneficiaries of the Subordination Provisions and as such may enforce the provisions set forth in the Subordination Provisions to the fullest extent provided by law.

Rates and Charges. The County covenants to fulfill the following requirements:

(a) The County shall, while any of the Obligations remain Outstanding, establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that Net Revenues in each Fiscal Year will be at least equal to 100% of the aggregate amount of transfers required to be made by the County pursuant to paragraphs (b) through (k) under the caption "Application of Revenues" above during such Fiscal Year.

(b) (i) The County further agrees that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each Fiscal Year the Net Revenues for such Fiscal Year plus any Transfer will be equal to at least 125% of Accrued Debt Service on all Outstanding Senior Obligations for such Fiscal Year. For purposes of the provisions of the Master Indenture described in this subsection (b)(i), the amount of any Transfer taken into account shall not exceed 25% of the Accrued Debt Service on the Outstanding Senior Obligations for such Fiscal Year.

(ii) The County further agrees that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each Fiscal Year the Net Revenues for such Fiscal Year plus any Transfer will be equal to at least 110% of Accrued Debt Service on all Outstanding Senior Obligations and Subordinate Obligations for such Fiscal Year. For purposes of the provisions of the Master Indenture described in this subsection (b)(ii), the amount of any Transfer taken into account shall not exceed 10% of the Accrued Debt Service on the Outstanding Senior Obligations and Subordinate Obligations for such Fiscal Year.

(iii) The County further agrees that it will establish, fix, prescribe and collect rates, tolls, fees, rentals and charges in connection with the ownership and operation of the Airport System and for services rendered in connection therewith, so that for each Fiscal Year the Net Revenues for such Fiscal Year will be equal to at least 100% of Accrued Debt Service on all Outstanding Senior Obligations, Subordinate Obligations and Junior Subordinate Obligations for such Fiscal Year.

(iv) For purposes of complying with any of the requirements of the Master Indenture described in subsection (b), (1) any calculation of Accrued Debt Service with respect to specified Obligations for any period of time shall be reduced by the amount of any Subsidy that the County received during such period of time relating to or in connection with such Obligations and (2) any calculation of Net Revenues for any period of time shall be reduced by the amount of any Subsidy received by the County with respect to or in connection with the specified Obligations during such period of time.

(c) The County covenants that if Net Revenues in any Fiscal Year are less than the amount specified in the Master Indenture as described in subsection (a) under this caption “Rates and Charges,” or that if Net Revenues together with any Transfer in any Fiscal Year are less than the amount specified in the Master Indenture as described in subsection (b) under this caption, the County will retain and direct an Airport Consultant to make recommendations as to the revision of the County’s business operations and its schedule of rates, tolls, fees, rentals and charges for the use of the Airport System and for services rendered by the County in connection with the Airport System. After receiving such recommendations, the County shall, subject to applicable requirements or restrictions imposed by law, and subject to a good faith determination of the Board that such recommendations, in whole or in part, are in the best interests of the County, take all lawful measures to comply with the recommendations of the Airport Consultant as to revisions of the County’s business operations and schedule of rates, tolls, fees, rentals and charges as may be necessary to produce Net Revenues, together with any Transfer (only as applied in subsection (b) under this caption), in the amount specified in subsection (a) or (b) under this caption in the next Fiscal Year.

In the event that Net Revenues, together with any Transfer (only as applied in subsection (b) under this caption), for any Fiscal Year (referred to in this paragraph as “Fiscal Year One”) are less than the amount specified in subsection (a) or (b) under this caption but, prior to or during the next succeeding Fiscal Year (referred to in this paragraph as “Fiscal Year Two”), the County has taken all lawful measures to comply with the recommendations of the Airport Consultant as to revisions of the County’s business operations and schedule of rates, tolls, fees, rentals and charges as required by the Master Indenture as described in subsection (c) under this caption, such deficiency in Net Revenues for Fiscal Year One shall not constitute an Event of Default. Nevertheless, even if the measures required by subsection (c) under this caption to revise the schedule of rates, tolls, fees, rentals and charges have been taken by the County, in the event the Net Revenues in Fiscal Year Two (as evidenced by the audited financial statements of the County for such Fiscal Year), together with any Transfer (only as applied in accordance with the Master Indenture as described in subsection (b) under this caption), are less than the amount specified in the Master Indenture as described in subsection (a) or (b) under this caption, such deficiency in Net Revenues for Fiscal Year Two, as the second successive year of deficiencies in Net Revenues, shall, with the applicable notice, constitute an Event of Default.

(d) The County shall file with the Trustee a calculation or other evidence from an Authorized County Representative or an Independent Certified Public Accountant demonstrating compliance (or non-compliance) with the rate covenants of the Master Indenture.

Sale, Lease or Other Disposition of Property. The County shall not, except as permitted below, transfer, sell, lease or otherwise dispose of any Airport System facility or facilities. Any transfer of an asset over which the County retains substantial control in accordance with the terms of such transfer, shall not, for so long as the County has such control, be deemed a disposition of an Airport System facility or facilities.

The County may, to the extent permitted by law, transfer, sell, lease or otherwise dispose of Airport System facilities only if such transfer, sale, lease or disposition complies with one or more of the following provisions:

(a) The property being disposed of is inadequate, obsolete or worn out; or

(b) The property proposed to be disposed of and all other Airport System facilities disposed of during the 12-month period ending on the day of such transfer (but excluding property disposed of under (a) above), will not, in the aggregate, constitute a Significant Portion, the proceeds of such disposition are to be used as described below and the County delivers to the Trustee a certificate of an Authorized County Representative to the effect that the County expects

that such disposal will not materially impair the operations or financial condition of the Airport System or the performance by the County of all of its obligations and covenants under the Master Indenture or any Issuing Instrument and with respect to all Outstanding Obligations; or

(c) The County has furnished evidence (including, but not limited to, a certificate of an Authorized County Representative) to the Trustee that (i) the disposition of such Airport System facilities, including Airport System facilities constituting a Significant Portion of the Airport System, would not result in the ratings on any Obligations being suspended or downgraded by any Rating Agency and (ii) such disposition would be for a consideration not less than fair market value; or

(d) The County has furnished to the Trustee (i) a certificate of an Authorized County Representative or an Airport Consultant to the effect that notwithstanding such disposition of Airport System facilities, including Airport System facilities constituting a Significant Portion of the Airport System, but taking into account the use of the proceeds of such disposition in accordance with the expectations of the County as evidenced by a certificate of an Authorized County Representative, the County is expected to be in compliance with the Master Indenture with respect to the County's covenant regarding rates and charges during each of the five Fiscal Years immediately following such disposition and (ii) a Ratings Confirmation with respect to the disposition of any Significant Portion of Airport System facilities; or

(e) If the disposition involves a lease of any part of the Airport System, other than a Significant Portion, such lease shall not materially impair the operations or financial condition of the Airport System or the performance by the County of all of its obligations and covenants under the Master Indenture or any Issuing Instrument and with respect to all Outstanding Obligations.

Proceeds of the disposition of Airport System facilities under paragraphs (b), (c) and (d) above shall be deposited into a separate fund or account held by the County and used, within a reasonable period of time, to (i) provide additional revenue-producing Airport System facilities, (ii) pay or redeem Obligations or (iii) create an escrow fund pledged to pay specified Bonds and thereby cause such Bonds to be deemed to be paid as provided in the Master Indenture or create an escrow fund pledged to pay specified other Obligations and thereby cause such other Obligations to be deemed paid in accordance with the Issuing Instrument pursuant to which such Obligations were issued; provided, however, that if the County proposes to use the proceeds as described in clause (ii) or (iii) above, the County shall pay, redeem or defease, as applicable, Obligations in accordance with the Payment Priorities.

Operation and Maintenance of the Airport System; Budgets. The County shall maintain and preserve the Airport System facilities in good repair and working order at all times and shall operate the Airport System in an efficient and economical manner and shall pay all Operating Expenses as they become due and payable. The County shall prepare, not later than July 30 of each Fiscal Year, a proposed Annual Budget for the Airport System for approval by the Board setting forth the estimated Revenues, Operating Expenses, scheduled Debt Service for all Outstanding Obligations of the County for such Fiscal Year and shall take such action as may be necessary to include all such payments and all other payments required to be made under the Issuing Instruments for Outstanding Obligations of the County during such Fiscal Year. Any such Annual Budget may be amended at any time during any Fiscal Year provided that such amended budget shall include all payments coming due in such Fiscal Year with respect to Obligations, and debt service reserves therefor, payable from Net Revenues.

The County covenants to adopt a budget with respect to Capital Improvements for the Airport System for each Fiscal Year which will show, in addition to such other matters as the County may determine to include, the amounts, if any, to be expended during such Fiscal Year for identified Capital Improvements

to the Airport System and the sources of such amounts. The Capital Improvements budget may be part of the County's Annual Budget.

The County covenants to file copies of its Annual Budget and its Capital Improvements budget promptly upon availability with the Trustee. The Trustee shall not be responsible for reviewing the Annual Budget or the Capital Improvements budget.

If the County determines to amend its Capital Improvements budget to pay from Revenues any unbudgeted expenditure, the County shall, as a condition to making such amendment, file a certificate of an Authorized County Representative with the Trustee demonstrating that payment from Revenues of such unbudgeted expenditure is not expected to impair the County's ability to comply with the Master Indenture with respect to the County's covenant regarding rates and charges.

Amendments to Indenture

Amendments Permitted. The Master Indenture or any Supplemental Indenture and the rights and obligations of the County and of the Owners of the Outstanding Obligations and of the Fiduciaries may be modified, amended or supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the County and the Trustee may enter into with the written consent of each Credit Provider whose consent is required by a Credit Support Agreement, when the written consent of the Owners of at least a majority in aggregate principal amount of the Senior Obligations then Outstanding shall have been filed with the Trustee and, if the modification, amendment or supplement affects the provisions of the Master Indenture with respect to the issuance of Obligations other than bonds, the issuance of Senior Obligations, the application of Revenues, the County's covenant regarding rates and charges, or the County's covenant regarding the sale, lease or disposition of property, the written consent of the Owners of at least a majority in aggregate principal amount of the Subordinate Obligations then Outstanding shall have been filed with the Trustee; or if less than all of the Outstanding Obligations are affected, the written consent of the Owners of at least a majority in aggregate principal amount of all affected Outstanding Obligations; provided that if such modification, amendment or supplement shall, by its terms, not take effect so long as any Obligations of any particular Series and maturity remain Outstanding, the consent of the Owners of such Obligations shall not be required and such Obligations shall not be deemed to be Outstanding for the purpose of the calculation of Outstanding Obligations. No such modification, amendment or supplement shall (i) reduce the aforesaid percentage of Obligations the consent of the Owners of which is required to effect any such modification, amendment or supplement without the consent of the Owners of all of the Obligations then Outstanding; (ii) extend the fixed maturity of any Obligation, or reduce the principal amount thereof, or reduce the amount of any Sinking Fund Installment therefor, or extend the due date of any such Sinking Fund Installment, or reduce the rate of interest on any Obligation or extend the time of payment of interest thereon, without the consent of the Owner of each Obligation so affected; or (iii) modify the rights or obligations of any Fiduciary without the consent of such Fiduciary.

It shall not be necessary for the consent of the Owners to approve the particular form of any Supplemental Indenture, but it shall be sufficient if such consent shall approve the substance thereof.

Prior to the entry into any Supplemental Indenture by the County and the Trustee for any of the purposes described under this caption "Amendments Permitted," the County shall cause notice of the proposed Supplemental Indenture to be mailed, by first class mail, postage prepaid, to the Owners of all Outstanding Obligations (or the affected Outstanding Obligations) at their addresses appearing on the Bond Register. Such notice shall briefly set forth the substance of the proposed Supplemental Indenture and shall state that copies thereof are on file at the office of the Trustee for inspection by each Owner of an Outstanding Obligation.

Whenever, at any time after the date of the mailing of notice of the proposed entry into a Supplemental Indenture pursuant to the Master Indenture as described in this subsection, the County shall have received an instrument or instruments in writing by or on behalf of the Owners of not less than a majority in aggregate principal amount of the Senior Obligations or Subordinate Obligations, as applicable, then Outstanding, or if less than all of the Outstanding Senior Obligations or Subordinate Obligations, as applicable, are affected, by the Owners of not less than a majority in aggregate principal amount of the affected Outstanding Obligations, which instrument or instruments shall refer to the proposed Supplemental Indenture described in the notice of the proposed Supplemental Indenture and shall consent to the substance of such Supplemental Indenture referred to in such notice, thereupon, but not otherwise, the County and the Trustee may enter into such Supplemental Indenture without liability or responsibility to any Owner of any Obligation, whether or not such Owner shall have consented thereto.

The Master Indenture or any Supplemental Indenture or Issuing Instrument may be supplemented from time to time and at any time by a Supplemental Indenture or Issuing Instrument, which the County and the Trustee may enter into without the consent of any Credit Provider and without the consent of the Owner of any Obligation, to provide for the issuance of a Series of Obligations in accordance with the terms and conditions described under the heading "Authorization and Issuance of Bonds and Obligations," and establishing the terms and conditions thereof.

No Credit Provider shall have the right to require that it consent to an amendment, Supplemental Indenture, or Issuing Instrument made pursuant to the Master Indenture with respect to Available Revenues, regardless of the provisions of any Credit Support Agreement or any Credit Support Instrument.

The Master Indenture and any Supplemental Indenture and the rights and obligations of the County, the Fiduciaries and the Owners of the Outstanding Obligations may also be modified, amended or supplemented from time to time and at any time by a Supplemental Indenture or Supplemental Indentures, which the County and the Trustee may enter into with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement but without the consent of any Owners of Obligations, so long as such modification, amendment or supplement shall not materially, adversely affect the interests of the Owners of the Outstanding Obligations, including for any one or more of the following purposes:

- (i) to add to the covenants and agreements of the County contained in the Master Indenture or a Supplemental Indenture other covenants and agreements thereafter to be observed, to pledge, provide or assign any security for the Obligations (or any portion thereof), or to surrender any right or power in the Master Indenture reserved to or conferred upon the County;

- (ii) to make such provisions for the purpose of curing any ambiguity, inconsistency or omission, or of curing or correcting any defective provision, contained in the Master Indenture or a Supplemental Indenture, or in regard to matters or questions arising under the Master Indenture or a Supplemental Indenture, as the County may deem necessary or desirable;

- (iii) to modify, amend or supplement the Master Indenture or a Supplemental Indenture in such manner as to permit the qualification of the Master Indenture under the Trust Indenture Act of 1939, as amended, or any similar federal statute hereafter in effect, and to add such other terms, conditions and provisions as may be permitted by said act or similar federal statute; or

- (iv) to make any other modification, amendment or supplement that shall not materially adversely affect the interests of the Owners of the Outstanding Obligations.

Notwithstanding anything to the contrary, the provisions of the Master Indenture or any Supplemental Indenture may also be modified, amended or supplemented by a Supplemental Indenture or Supplemental Indentures, including amendments which would otherwise be described in the first paragraph under this caption, which the County and the Trustee may enter into without the consent of the Owners of Obligations constituting Tender Obligations if either (i) the effective date of such Supplemental Indenture is a date on which such Obligations are subject to mandatory tender for purchase or (ii) the notice described in the third paragraph under this caption is given to Owners of such Obligations at least thirty (30) days before the effective date of such Supplemental Indenture, and on or before such effective date, the Owners of such Obligations have the right to demand purchase of such Obligations.

Unless otherwise provided in the Supplemental Indenture or Issuing Instrument relating to the Obligations and notwithstanding anything to the contrary in the Master Indenture (other than the provision of the Master Indenture described in the sixth paragraph under this caption), the Credit Provider for all or any portions of the Obligations shall be deemed to be the Owner of such Obligations for all purposes under the Master Indenture except the payment of interest of and principal and premium of any of the Obligations.

For purposes of the provisions of the Master Indenture described under this caption, it shall not be necessary that consents of the Owners of any particular percentage of Outstanding Obligations of any affected Series be obtained but it shall be sufficient if the consent of the Owners of a majority in aggregate principal amount of the combination of affected Outstanding Obligations shall be obtained.

Effect of Supplemental Indenture. Upon the County and the Trustee entering into any Supplemental Indenture, the Master Indenture shall be deemed to be modified, amended or supplemented in accordance therewith, and the respective rights, duties and obligations under the Master Indenture of the County, the Fiduciaries and all Owners of Outstanding Obligations shall thereafter be determined, exercised and enforced subject in all respects to such modification, amendment and supplement, and all the terms and conditions of any such Supplemental Indenture shall be deemed to be part of the terms and conditions of the Master Indenture for any and all purposes. Upon the County and the Trustee entering into any Supplemental Indenture, no Owner of any Obligation shall have any right to object to the entry into such Supplemental Indenture by the County and the Trustee, or to object to any of the terms and provisions contained therein or the operation thereof or in any manner to question the propriety of the entry into such Supplemental Indenture, or to enjoin or restrain the County or the Trustee from entering into the same or to enjoin or restrain the County or the Trustee from taking any action pursuant to the provisions thereof whether or not such Owner gave its consent to such Supplemental Indenture.

Defeasance

Payment of Bonds. If the County shall pay, or cause to be paid, or there shall otherwise be paid, to the Owners of all Bonds the principal amount or Redemption Price, if applicable, of the Bonds, and interest due or to become due on the Bonds, at the times and in the manner stipulated therein and in the Master Indenture, together with all other Obligations and all other sums payable by the County under the Master Indenture, including all fees and expenses of the Trustee, then and in that case, subject to the provisions of the Master Indenture, the Issuing Instruments, and the lien of the Master Indenture and all covenants, agreements and obligations of the County contained in the Master Indenture and the Issuing Instruments, shall cease and terminate and shall be completely discharged and satisfied and the County shall be released therefrom and the Trustee shall assign and transfer to or upon the order of the County all of the Trust Estate (in excess of the amounts required for the foregoing) free and clear of any liens or encumbrances thereon pursuant to the Master Indenture and the Issuing Instruments and shall execute such documents as may be reasonably required by the County in this regard.

Bonds Deemed Paid. Bonds (or portions of Bonds) for the payment or redemption of which moneys shall have been set aside and shall be held in trust by an Escrow Agent at the maturity or redemption

date thereof, as applicable, shall be deemed to have been paid within the meaning and with the effect expressed in the Master Indenture. Any Outstanding Bond (or any portion thereof such that both the portion thereof which is deemed paid and the portion which is not deemed paid pursuant to the provisions of the Master Indenture described under this caption shall be in an Authorized Denomination) shall prior to the maturity or redemption date thereof be deemed to have been paid within the meaning and with the effect expressed in the Master Indenture if (i) in case said Bond (or portion thereof) is to be redeemed on any date prior to maturity, the County shall have given the Trustee irrevocable instructions to give notice of redemption of such Bond (or portion thereof) on said date, (ii) there shall have been deposited with an Escrow Agent either moneys in an amount which shall be sufficient, or Defeasance Securities, the principal of and the interest on which when due shall provide moneys which, together with the other moneys, if any, held by such Escrow Agent for such purpose, shall be sufficient, in each case as evidenced by an Accountant's Certificate, to pay when due the principal amount of, and any redemption premiums on, said Bond (or portion thereof) and interest due and to become due on said Bond (or portion thereof) on and prior to the redemption date or maturity date thereof, as the case may be, and (iii) if such Bond (or portion thereof) is not to be paid or redeemed within 60 days of the date of the deposit required by (ii) above, the County shall have given the Trustee, in form satisfactory to it, instructions to mail, as soon as practicable, by first class mail, postage prepaid, to the Owner of such Bond, at the last address, if any, appearing upon the Bond Register, a notice that the deposit required by (ii) above has been made with an Escrow Agent and that said Bond (or the applicable portion thereof) is deemed to have been paid in accordance with the provisions in the Master Indenture described under this caption and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal amount of, and any redemption premiums on, said Bond. Any notice given pursuant to clause (iii) of this paragraph with respect to Bonds which constitute less than all of the Outstanding Bonds of any Series and maturity shall specify the letter and number or other distinguishing mark of each such Bond. Any notice given pursuant to clause (iii) of this paragraph with respect to less than the full principal amount of a Bond shall specify the principal amount of such Bond which shall be deemed paid pursuant to the provisions of the Master Indenture described under this caption and notify the Owner of such Bond that such Bond must be surrendered. The receipt of any notice required by the Master Indenture shall not be a condition precedent to any Bond being deemed paid in accordance with the provisions of the Master Indenture described under this caption and the failure of any Owner to receive any such notice shall not affect the validity of the proceedings for the payment of Bonds in accordance with the provisions of the Master Indenture described under this caption.

No Bond which constitutes a Tender Obligation shall be deemed to be paid within the meaning of the Master Indenture unless the Purchase Price of such Bond, if tendered for purchase in accordance with the Master Indenture, could be paid when due from such moneys or Defeasance Securities (as evidenced by an Accountant's Certificate) or a Credit Support Instrument is provided in connection with such Purchase Price.

Defeasance of Portion of Bond. If there shall be deemed paid less than all of the full principal amount of a Bond, the County shall execute and the Trustee shall authenticate and deliver, upon the surrender of such Bond, without charge to the Owner of such Bond, a new Bond or Bonds for the principal amount of the Bond so surrendered which is deemed paid and another new Bond or Bonds for the balance of the principal amount of the Bond so surrendered, in each case of like Series, maturity and other terms, and in any of the Authorized Denominations.

Defeasance of Obligations Other than Bonds. If Obligations other than Bonds are capable of being defeased, such Obligations shall be defeased in accordance with the provisions of the Issuing Instrument relating to such Obligations.

Events of Default; Remedies

Events of Default. Each of the following shall constitute an Event of Default under the Master Indenture: (1) if default shall be made in the payment of the principal of or Sinking Fund Installment for, or interest on, or any other payment of, any Outstanding Senior Obligation when and as the same shall become due and payable, whether on an Interest Payment Date, at maturity, by declaration, or otherwise; (2) if default shall be made in the payment when due of the Purchase Price of any Outstanding Senior Obligations which are Tender Obligations; (3) if default shall be made by the County in the performance or observance of any other of the covenants, agreements or conditions on its part in the Master Indenture (other than a default with respect to Subordinate Obligations for so long as any Senior Obligations are Outstanding or a default with respect to Junior Subordinate Obligations for so long as any Senior Obligations or Subordinate Obligations are Outstanding) or in the Outstanding Senior Obligations contained, and such default shall continue for a period of 120 days after written notice thereof to the County by the Trustee or to the County and to the Trustee by the Owners of not less than 25% in aggregate principal amount of the Senior Obligations Outstanding; provided, however, if such default is such that it can be corrected by the County but not within the applicable period specified above, it shall not constitute an Event of Default if corrective action is instituted by the County within thirty days of the County's receipt of the notice of the default required by the Master Indenture as described in this paragraph and diligently pursued until the default is corrected; and provided further that the provisions of the Master Indenture described under this caption are subject to the provisions of the Master Indenture with respect to the County's covenant regarding rates and charges; (4) any Senior Obligation is declared due and payable as a result of an event of default under the Issuing Instrument for such Senior Obligation; or (5) an Event of Bankruptcy shall have occurred and be continuing with respect to the County.

AS LONG AS ANY SENIOR OBLIGATIONS REMAIN OUTSTANDING, NO EVENT OF DEFAULT SHALL EXIST OR MAY BE DECLARED WITH RESPECT TO ANY SUBORDINATE OBLIGATIONS OR JUNIOR SUBORDINATE OBLIGATIONS. AS LONG AS ANY SUBORDINATE OBLIGATIONS REMAIN OUTSTANDING, NO EVENT OF DEFAULT SHALL EXIST OR MAY BE DECLARED WITH RESPECT TO ANY JUNIOR SUBORDINATE OBLIGATIONS.

If, and only if, the Senior Obligations are no longer Outstanding, all references to Senior Obligations in the Master Indenture with respect to Events of Default shall be read to be references to Subordinate Obligations and if, and only if, the Subordinate Obligations and Senior Obligations are no longer Outstanding, all references to Senior Obligations in the Master Indenture with respect to Events of Default shall be read to be references to Junior Subordinate Obligations.

While the Senior Obligations are Outstanding, a Subordinate Payment Default is not an Event of Default under the Master Indenture, provided that in the event of a Subordinate Payment Default, Owners of Subordinate Obligations shall have the remedies set forth in the Master Indenture as described in the first paragraph under the heading "Events of Default; Remedies – Remedies for Subordinate Obligations and Junior Subordinate Obligations."

While the Senior Obligations or Subordinate Obligations are Outstanding, a Junior Subordinate Payment Default is not an Event of Default under the Master Indenture, provided that in the event of a Junior Subordinate Payment Default, Owners of Junior Subordinate Obligations shall have the remedies set forth in the Master Indenture as described in the second paragraph under the heading "Events of Default; Remedies – Remedies for Subordinate Obligations and Junior Subordinate Obligations."

Right to Accelerate Upon Default. Notwithstanding anything to the contrary in the Master Indenture, any Issuing Instrument or in the Senior Obligations, unless all the Outstanding Senior Obligations shall have already become due and payable, upon the occurrence of an Event of Default, the Trustee may, and shall, at the direction of the Owners of a majority in aggregate principal amount of Outstanding Senior Obligations (other than Senior Obligations owned by or on behalf of the County) by written notice to the County, declare all of the Outstanding Senior Obligations to be immediately due and payable, whereupon the principal of the Senior Obligations thereby coming due and the interest thereon accrued to the date of payment and all other payments thereby coming due shall, without further action, become and be immediately due and payable. If the terms of any Supplemental Indenture or Issuing Instrument give a Person the right to consent to acceleration of the Obligations issued pursuant to such Supplemental Indenture or Issuing Instrument, the Obligations issued pursuant to such Supplemental Indenture or Issuing Instrument may not be accelerated by the Trustee unless such consent is obtained pursuant to the terms of such Supplemental Indenture or Issuing Instrument. Nothing in the Master Indenture shall affect the rights of the parties to a Swap to terminate such Swap.

Any such declaration, however, is subject to the condition that if, at any time after the Senior Obligations shall have been so declared due and payable, and before any judgment or decree for the payment of the moneys due shall have been obtained or entered as provided in the Master Indenture, there shall have been deposited with the Trustee a sum sufficient to pay the principal of the Senior Obligations matured and coming due prior to such declaration, with interest on such overdue principal at the rate borne by the respective Senior Obligations, the accrued interest on the Senior Obligations due prior to such declaration, any other payments then due and the reasonable fees and expenses of the Trustee (including but not limited to those of its attorneys), and any and all other defaults known to the Trustee (other than in the payment of the principal of the Senior Obligations and accrued interest and other payments due on the Senior Obligations due and payable solely by reason of such declaration) shall have been made good or cured to the satisfaction of the Trustee or provision deemed by the Trustee to be adequate shall have been made therefor, then, and in every such case, the Owners of not less than a majority in aggregate principal of the Senior Obligations then Outstanding, by written notice to the County and to the Trustee, may, on behalf of the Owners of all of the Senior Obligations, rescind and annul such declaration and its consequences and waive such default; but no such rescission and annulment shall extend to or shall affect any subsequent default, or shall impair or exhaust any right or power consequent thereon.

The Subordinate Obligations shall not be subject to acceleration if any Senior Obligations are then Outstanding. The Junior Subordinate Obligations shall not be subject to acceleration if any Subordinate Obligations or Senior Obligations are then Outstanding.

If, and only if, the Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Subordinate Obligations and if, and only if, the Subordinate Obligations and Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Junior Subordinate Obligations.

Appointment of Receiver. If an Event of Default shall happen and shall not have been remedied, and upon the filing of a suit or other commencement of judicial proceedings to enforce the rights of the Trustee and of the Owners of the Senior Obligations under the Master Indenture and any Issuing Instruments, the Trustee shall be entitled to make application for the appointment of a receiver or custodian of the Net Revenues and the Available Revenues, pending such proceedings, with such power as the court making such appointment shall confer. If an Event of Default shall happen and shall not have been remedied, upon the written request of the Trustee, a Credit Provider or the Owners of not less than 10% of the aggregate principal amount of the Outstanding Senior Obligations, the County shall transfer to the Trustee all moneys held in all of the Funds maintained by the County under the Master Indenture and shall

transfer to the Trustee, at least monthly all the Net Revenues and Available Revenues received by the County.

If, and only if, the Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Subordinate Obligations and if, and only if, the Subordinate Obligations and Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Junior Subordinate Obligations.

Enforcement Proceedings. If an Event of Default shall happen and shall not have been remedied, then and in every such case, the Trustee, by its agents and attorneys, may, with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, proceed, and upon the written request of the Owners of not less than a majority in aggregate principal amount of the Senior Obligations at the time Outstanding, with the consent of each Credit Provider whose consent is required by a Supplemental Indenture or a Credit Support Agreement, shall proceed, to protect and enforce its rights and the rights of the Owners of the Outstanding Senior Obligations by a suit or suits in equity or at law, whether for damages or the specific performance of any covenant contained in the Master Indenture or any Issuing Instrument, to enforce the lien of the Master Indenture, or in aid of the execution of any power granted in the Master Indenture or any Issuing Instrument, or any remedy granted under applicable provisions of the laws of the State, or for an accounting by the County as if the County were the trustee of an express trust, or in the enforcement of any other legal or equitable right as the Trustee, being advised by counsel, shall deem most effectual to enforce any of its rights or to perform any of its duties under the Indenture.

All rights of action under the Master Indenture or any Issuing Instrument may be prosecuted and enforced by the Trustee without the possession of any of the Senior Obligations or the production thereof in the trial or other proceedings, and any such suit or proceedings instituted by the Trustee shall be brought in its own name as trustee of an express trust.

Upon commencing a suit in equity or upon other commencement of judicial proceedings by the Trustee to enforce any right under the Master Indenture or any Issuing Instrument, the Trustee shall be entitled to exercise any and all rights and powers conferred in the Master Indenture or any Issuing Instrument and provided to be exercised by the Trustee upon the occurrence of any Event of Default.

Regardless of the happening of an Event of Default, the Trustee shall have power to, but unless requested in writing by the Owners of a majority in principal amount of the Senior Obligations then Outstanding and furnished with reasonable security and indemnity, shall be under no obligation to, institute and maintain such suits and proceedings as it may be advised shall be necessary or expedient to prevent any impairment of the security under the Master Indenture or any Issuing Instrument by any acts which may be unlawful or in violation of the Master Indenture or any Issuing Instrument, and such suits and proceedings as the Trustee may be advised shall be necessary or expedient to preserve or protect its interests and the interests of the Owners of the Senior Obligations.

If the Trustee or any Owner or Owners of Outstanding Senior Obligations have instituted any proceeding to enforce any right or remedy under the Master Indenture or any Issuing Instrument and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to such Owner or Owners, then and in every such case the County, the Trustee and the Owners shall, subject to any determination in such proceeding, be restored severally and respectively to their former positions under the Master Indenture or such Issuing Instrument, and thereafter all rights and remedies of the Trustee and the Owners shall continue as though no such proceeding had been instituted.

If, and only if, the Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Subordinate Obligations and if, and only if,

the Subordinate Obligations and Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Junior Subordinate Obligations.

Remedies for Subordinate Obligations and Junior Subordinate Obligations. If a Subordinate Payment Default has occurred, then the Owners of at least a majority of the aggregate principal amount of the Subordinate Obligations, may direct the Trustee to take the following actions: enforce by mandamus or specific performance the obligations of the County to deposit money pursuant to paragraphs (e) and/or (f) under the caption “Application of Revenues” above which is otherwise required to be deposited for the benefit of Subordinate Obligations pursuant to such provisions and is available for such deposit but is being wrongfully withheld by the County or direct an accounting of Trustee funds; provided however, that notwithstanding the foregoing, no remedial action may be taken that would adversely affect the Owners of the Senior Obligations.

If a Junior Subordinate Payment Default has occurred, then the Owners of at least a majority of the aggregate principal amount of the Junior Subordinate Obligations, may direct the Trustee to take the following actions: enforce by mandamus or specific performance the obligations of the County to deposit money pursuant to paragraph (i) under the caption “Application of Revenues” above which is otherwise required to be deposited for the benefit of Junior Subordinate Obligations pursuant to such provisions and is available for such deposit but is being wrongfully withheld by the County or direct an accounting of Trustee funds; provided however, that notwithstanding the foregoing, no remedial action may be taken that would adversely affect the Owners of the Senior Obligations or the Owners of the Subordinate Obligations.

The principal, premium, if any, and interest and any other payment on Subordinate Obligations will be subordinated in right of payment to principal, premium, if any, and interest and any other payments on the Senior Obligations. If any Event of Default shall have occurred and be continuing, Owners of Senior Obligations will be entitled to receive payment thereof in full, including any interest, premium, fees, expenses or other payments that would otherwise have accrued after the occurrence of an Event of Bankruptcy with respect to the County (whether or not such interest, premium, fees, expenses or other payments are allowable or allowed in the relevant proceeding, or are avoided or subordinated) before the Owners of the Subordinate Obligations are entitled to receive payment thereof; and any payment or distribution of assets otherwise payable to Owners of the Subordinate Obligations will be paid to Owners of Senior Obligations until all Senior Obligations have been paid in full, and the Owners of the Subordinate Obligations will be subrogated to the rights of such Owners of Senior Obligations to receive payments or distributions of assets with respect thereto.

The principal, premium, if any, and interest and any other payment on Junior Subordinate Obligations will be subordinated in right of payment to principal, premium, if any, and interest and any other payments on the Subordinate Obligations and Senior Obligations. If any Event of Default shall have occurred and be continuing, and the Senior Obligations are no longer Outstanding, Owners of Subordinate Obligations will be entitled to receive payment thereof in full, including any interest, premium, fees or expenses or other payments that would otherwise have accrued after the occurrence of an Event of Bankruptcy with respect to the County (whether or not such interest, premium, fees or expenses or other payments are allowable or allowed in the relevant proceeding, or are avoided or subordinated) before the Owners of the Junior Subordinate Obligations are entitled to receive payment thereof; and any payment or distribution of assets otherwise payable to Owners of the Junior Subordinate Obligations will be paid to Owners of Subordinate Obligations until all Subordinate Obligations have been paid in full, and the Owners of the Junior Subordinate Obligations will be subrogated to the rights of such Owners of Subordinate Obligations to receive payments or distributions of assets with respect thereto.

Remedies not Exclusive. No remedy by the terms of the Master Indenture or any Issuing Instrument conferred upon or reserved to the Trustee or the Owners of the Obligations is intended to be

exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under the Master Indenture or any Issuing Instrument or existing at law or in equity or by statute whether effective on or after the effective date of the Master Indenture. The assertion or employment of any right or remedy, under the Master Indenture or any Issuing Instrument or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

Application of Net Revenues and Other Moneys After Default. If an Event of Default shall happen and shall not have been remedied, upon the written request of the Trustee, a Credit Provider or the Owners of not less than 10% of the aggregate principal amount of the Outstanding Senior Obligations, the County shall transfer to the Trustee all moneys held in all of the Funds maintained by the County under the Master Indenture and shall transfer to the Trustee, at least monthly all the Net Revenues and Available Revenues received by the County.

During the continuance of an Event of Default, the Trustee shall apply any money or other property (other than Available Revenues) received by the Trustee pursuant to any right given or action taken under the provisions of the Master Indenture as described under this caption, to the following purposes and in the following order of priority:

First: To the payment of the reasonable and proper charges, expenses and liabilities of the Fiduciaries for Senior Obligations and the amount to be paid to the Rebate Fund pursuant to the Rebate Instructions for Senior Obligations.

Second: To the payment of the principal, Redemption Price and Purchase Price of and interest on the Outstanding Senior Bonds, and amounts owed on the other Outstanding Senior Obligations then due and payable; provided however, that in the event the amount of money available to the Trustee is not sufficient to make all the payments required by the Master Indenture as described in this clause, the Trustee shall apply the available money to the payment of the principal, Redemption Price and Purchase Price of and interest on and other amounts owed on all Outstanding Senior Obligations then due and payable ratably (based on the respective amounts to be paid), without any discrimination or preference.

Third: To the payment to the Reserve Guaranty Providers, the amounts due with respect to Reserve Guaranties relating to Senior Obligations; provided however, that in the event the amount of money available to the Trustee is not sufficient to make all the payments required by the Master Indenture as described in this clause with respect to all Reserve Guaranties relating to Senior Obligations, the Trustee shall apply the available money to the payment of the amounts then due with respect to all Reserve Guaranties relating to Senior Obligations ratably (based on the respective amounts to be paid), without any discrimination or preference.

Fourth: To the transfer to the Senior Debt Service Reserve Fund and each Senior Series Debt Service Reserve Fund and to each debt service reserve for other Outstanding Senior Obligations, the amount, if any, necessary so that the amount on deposit in the Senior Debt Service Reserve Fund and each Senior Series Debt Service Reserve Fund shall equal the applicable Senior Debt Service Reserve Requirement and the amount in each debt service reserve for other Outstanding Senior Obligations shall equal the amount required to be on deposit in such debt service reserve under the applicable Issuing Instrument; provided that that in the event the amount of money available to the Trustee is not sufficient to make all the payments required by the Master Indenture as described in this clause, the Trustee shall apply the available money to the transfer to the Senior Debt Service Reserve Fund, each Senior Series Debt Service Reserve Fund and each debt service reserve for other Outstanding Senior Obligations ratably (based on the respective amounts to be paid), without any discrimination or preference.

Fifth: To the payment of the reasonable and proper charges, expenses and liabilities of the Fiduciaries for Subordinate Obligations and the amount to be paid to the Rebate Fund pursuant to the Rebate Instructions for Subordinate Bonds.

Sixth: To the payment of the principal, Redemption Price and Purchase Price of and interest on the Outstanding Subordinate Bonds, and the amounts owed on the other Outstanding Subordinate Obligations then due and payable; provided however, that in the event the amount of money available to the Trustee is not sufficient to make all the payments required by the Master Indenture as described in this clause, the Trustee shall apply the available money to the payment of the principal, Redemption Price and Purchase Price of and interest on and other amounts owed on all Outstanding Subordinate Obligations then due and payable ratably (based on the respective amounts to be paid), without any discrimination or preference.

Seventh: To the payment to the Reserve Guaranty Providers, the amounts due with respect to Reserve Guaranties relating to Subordinate Obligations; provided however, that in the event the amount of money available to the Trustee is not sufficient to make all the payments required by the Master Indenture as described in this clause with respect to all Reserve Guaranties relating to Subordinate Obligations, the Trustee shall apply the available money to the payment of the amounts due with respect to all Reserve Guaranties relating to Subordinate Obligations ratably (based on the respective amounts to be paid), without any discrimination or preference.

Eighth: To the transfer to the Subordinate Debt Service Reserve Fund and each Subordinate Series Debt Service Reserve Fund and to each debt service reserve for other Outstanding Subordinate Obligations, the amount, if any, necessary so that the amount on deposit in the Subordinate Debt Service Reserve Fund and each Subordinate Series Debt Service Reserve Fund shall equal the applicable Subordinate Debt Service Reserve Requirement and the amount in each debt service reserve for other Outstanding Subordinate Obligations shall equal the amount required to be on deposit in such debt service reserve under the applicable Issuing Instrument; provided that that in the event the amount of money available to the Trustee is not sufficient to make all the payments required by the Master Indenture as described in this clause, the Trustee shall apply the available money to the transfer to the Subordinate Debt Service Reserve Fund, each Subordinate Series Debt Service Reserve Fund and each debt service reserve for other Outstanding Subordinate Obligations ratably (based on the respective amounts to be paid), without any discrimination or preference.

Ninth: To the payment of the reasonable and proper charges, expenses and liabilities of the Fiduciaries for Junior Subordinate Obligations and the amount to be paid to the Rebate Fund pursuant to the Rebate Instructions for Junior Subordinate Obligations.

Tenth: To the payment of amounts due with respect to outstanding Junior Subordinate Obligations in accordance with the provisions of the applicable Supplemental Indenture or Issuing Instrument pursuant to which such Junior Subordinate Obligations have been issued; provided that that in the event the amount of money available to the Trustee is not sufficient to make all the payments required by the Master Indenture as described in this clause, the Trustee shall apply the available money to the payments of amounts due with respect to all Junior Subordinate Obligations ratably (based on the respective amounts to be paid), without any discrimination or preference except as otherwise provided in the Issuing Instruments pursuant to which such Junior Subordinate Obligations have been issued.

Eleventh: To the payment of any other amounts due under the Master Indenture, any Issuing Instrument, the Bonds or the Obligations.

Notwithstanding the foregoing, Available Revenues shall be applied solely as provided under the caption "Available Revenues" above; provided, however, that if the ratably distribution provisions of clauses Second or Sixth above are applicable, the amounts that would otherwise be distributed pursuant to

such clauses Second or Sixth to Obligations that are secured by Available Revenues shall be reduced by the amount of Available Revenues that are available for distribution to such Obligations as described under the caption "Available Revenues" above, and the moneys that become available as a result of such reduction shall then be distributed pursuant to Clauses Second or Sixth, as applicable, without regard to the provisions of the Master Indenture described in this paragraph.

If and whenever all overdue installments of interest on all Outstanding Obligations, together with the reasonable and proper charges, expenses and liabilities of the Fiduciaries and any other fiduciary for Obligations, and all other sums payable for the account of the County under the Master Indenture or any Issuing Instrument, including the principal and Redemption Price of all Outstanding Bonds and payment of the other Outstanding Obligations and unpaid interest on all Outstanding Obligations which shall then be payable, shall be paid by or for the account of the County, or provision satisfactory to the Trustee shall be made for such payment, and all defaults under the Master Indenture and the Outstanding Obligations and the Issuing Instruments shall be made good or secured to the satisfaction of the Trustee or provision deemed by the Trustee to be adequate shall be made therefor, the Trustee shall pay over all unexpended moneys in the hands of the Trustee (except moneys deposited or pledged, or required by the terms of the Master Indenture to be deposited or pledged, with the Trustee), and thereupon the County and the Trustee shall be restored, respectively, to their former positions and rights under the Master Indenture. No such payment by the Trustee nor such restoration of the County and the Trustee to their former positions and rights shall extend to or affect any subsequent default under the Master Indenture or impair any right consequent thereon.

The Trustee may in its discretion establish special record dates for the determination of the Owners of Obligations for various purposes, including without limitation, payment of defaulted interest and giving direction to the Trustee.

Restriction on Owner's Action. Except as otherwise provided in the Master Indenture as described in the second paragraph under this caption, no Owner of any Senior Obligation shall have any right to institute any suit, action or proceeding at law or in equity for the enforcement of any provision of the Master Indenture or any Issuing Instrument or the execution of any trust under the Master Indenture or any Issuing Instrument or for any remedy under the Master Indenture or any Issuing Instrument unless such Owner shall have previously given to the Trustee written notice of the happening of an Event of Default, as described under this heading "Events of Default; Remedies," and the Owners of at least 25% in principal amount of the Senior Obligations then Outstanding shall have filed a written request with the Trustee, and shall have offered it reasonable opportunity, either to exercise the powers granted in the Master Indenture or any Issuing Instrument or by the applicable laws of the State or to institute such action, suit or proceeding in its own name, and unless such Owners shall have offered to the Trustee adequate security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused to comply with such request for a period of 60 days after receipt by it of such notice, request and offer of indemnity, it being understood and intended that no one or more Owners of Senior Obligations shall have any right in any manner whatever by its or their action to affect, disturb or prejudice the lien of the Master Indenture, or to enforce any right under the Master Indenture or any Issuing Instrument, except in the manner therein provided; and that all proceedings at law or in equity to enforce any provision of the Master Indenture or any Issuing Instrument shall be instituted, had and maintained in the manner provided in the Master Indenture and any applicable Issuing Instrument and for the ratable benefit of all Owners of the Outstanding Senior Obligations, subject only to the provisions of the Master Indenture with respect to moneys held for particular Obligations.

Nothing in the Master Indenture, any Issuing Instrument or in the Senior Obligations contained shall affect or impair the obligation of the County, which is absolute and unconditional, to pay on the respective due dates thereof and at the places therein expressed, but solely from the Net Revenues and the

Trust Estate, the principal amount, or Redemption Price if applicable, and any other payments of the Senior Obligations, and the interest thereon, to the respective Owners thereof, or affect or impair the right, which is also absolute and unconditional, of any Owner to institute suit for the enforcement of any such payment.

If, and only if, the Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Subordinate Obligations and if, and only if, the Subordinate Obligations and Senior Obligations are no longer Outstanding, all references to Senior Obligations under this caption shall be read to be references to Junior Subordinate Obligations.

Notice of Default. The Trustee shall, within thirty (30) days after obtaining knowledge thereof, mail written notice of the occurrence of any Event of Default to each Credit Provider, each Reserve Guaranty Provider and each Owner of Obligations then Outstanding at such Owner's address, if any, appearing in the Bond Register.

Credit Providers. Unless provided otherwise in the applicable Supplemental Indenture or Issuing Instrument, any Credit Provider providing a Credit Support Instrument with respect to Obligations of such Series may exercise any right under the Master Indenture or the Supplemental Indenture authorizing the issuance of such Series of Obligations given to the Owners of the Obligations to which such Credit Support Instrument relates in lieu of such Owners.

THE THIRTEENTH SUPPLEMENTAL INDENTURE

General

The Thirteenth Supplemental Indenture authorizes the issuance of the Series 2025 Senior Bonds and prescribes their terms, conditions and form. Although certain provisions of the Thirteenth Supplemental Indenture are summarized below, this summary does not purport to be complete or definitive and is qualified in its entirety by reference to the full terms of the Thirteenth Supplemental Indenture.

Terms of the Series 2025 Senior Bonds

The Series 2025 Senior Bonds shall be issued as Participating Senior Bonds, the payment of the principal of and interest on which, together with all other Outstanding Participating Senior Bonds, shall be secured by amounts in the Senior Debt Service Reserve Fund.

For a description of the maturity dates, principal amounts, interest rates, interest payment dates and redemption provisions for the Series 2025 Senior Bonds, see the inside cover pages and the front part of this Official Statement under the caption "THE SERIES 2025 BONDS."

Continuing Disclosure

The County covenants and agrees to comply with the Series 2025 Continuing Disclosure Certificate as it may be amended or supplemented. Notwithstanding any other provision of the Indenture, failure of the County to comply with the requirements of the Series 2025 Continuing Disclosure Certificate, as it may from time to time be amended or supplemented, shall not be considered an Event of Default and the Trustee shall have no right to accelerate amounts due under the Master Indenture as a result thereof; provided, however, that the Trustee and the Owners of not less than 25% in principal amount of the Outstanding Series 2025 Senior Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the County to comply with its obligations in the Thirteenth Supplemental Indenture with respect to the Series 2025 Continuing Disclosure Certificate.

THE FOURTEENTH SUPPLEMENTAL INDENTURE

General

The Fourteenth Supplemental Indenture authorizes the issuance of the Series 2025 Subordinate Bonds and prescribes their terms, conditions and form. Although certain provisions of the Fourteenth Supplemental Indenture are summarized below, this summary does not purport to be complete or definitive and is qualified in its entirety by reference to the full terms of the Fourteenth Supplemental Indenture.

Terms of the Series 2025 Subordinate Bonds

The Series 2025 Subordinate Bonds shall be issued as Participating Subordinate Bonds, the payment of the principal of and interest on which, together with all other Outstanding Participating Subordinate Bonds, shall be secured by amounts in the Subordinate Debt Service Reserve Fund.

For a description of the maturity dates, principal amounts, interest rates, interest payment dates and redemption provisions for the Series 2025 Subordinate Bonds, see the inside cover pages and the front part of this Official Statement under the caption “THE SERIES 2025 BONDS.”

Continuing Disclosure

The County covenants and agrees to comply with the Series 2025 Continuing Disclosure Certificate as it may be amended or supplemented. Notwithstanding any other provision of the Indenture, failure of the County to comply with the requirements of the Series 2025 Continuing Disclosure Certificate, as it may from time to time be amended or supplemented, shall not be considered an Event of Default and the Trustee shall have no right to accelerate amounts due under the Master Indenture as a result thereof; provided, however, that the Trustee and the Owners of not less than 25% in principal amount of the Outstanding Series 2025 Subordinate Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the County to comply with its obligations in the Fourteenth Supplemental Indenture with respect to the Series 2025 Continuing Disclosure Certificate.

Provisions Relating to the Series 2025 Subordinate Bonds Insurance Policy

As used in this caption, the following capitalized terms have the following meanings:

“Series 2025 Subordinate Bonds Insurance Policy” means the insurance policy issued by the Series 2025 Subordinate Bonds Insurer guaranteeing the scheduled payment of principal of and interest on the Series 2025 Subordinate Bonds when due.

“Series 2025 Subordinate Bonds Insurer” means Assured Guaranty Inc., a Maryland corporation, or any successor thereto or assignee thereof.

As long as the Series 2025 Subordinate Bonds Insurance Policy shall be in full force and effect, the County and the Trustee agree to comply with the following provisions which shall govern notwithstanding anything to the contrary set forth in the Indenture:

(a) The Series 2025 Subordinate Bonds Insurer shall be deemed to be the sole Owner of the Series 2025 Subordinate Bonds for the purpose of exercising any voting right or privilege or giving any consent or direction or taking any other action that the Owners of the Series 2025 Subordinate Bonds are entitled to take pursuant to the Indenture pertaining to (i) defaults and remedies, (ii) the duties and obligations of the Trustee and (iii) consents, amendments and waivers. In furtherance thereof and as a term of the Indenture and each Series 2025 Subordinate Bond, each Owner of the Series 2025 Subordinate Bonds

appoints the Series 2025 Subordinate Bonds Insurer as its agent and attorney-in-fact with respect to the Series 2025 Subordinate Bonds and agrees that the Series 2025 Subordinate Bonds Insurer may at any time during the continuation of any proceeding by or against the County under the United States Bankruptcy Code or any other applicable bankruptcy, insolvency, receivership, rehabilitation or similar law (an “Insolvency Proceeding”) direct all matters relating to such Insolvency Proceeding, including without limitation, (A) all matters relating to any claim or enforcement proceeding in connection with an Insolvency Proceeding (a “Claim”), (B) the direction of any appeal of any order relating to any Claim, (C) the posting of any surety, supersedeas or performance bond pending any such appeal, and (D) the right to vote to accept or reject any plan of adjustment. In addition, each Owner of the Series 2025 Subordinate Bonds delegates and assigns to the Series 2025 Subordinate Bonds Insurer, to the fullest extent permitted by law, the rights of each Owner of the Series 2025 Subordinate Bonds in the conduct of any Insolvency Proceeding, including, without limitation, all rights of any party to an adversary proceeding or action with respect to any court order issued in connection with any such Insolvency Proceeding. The Trustee acknowledges such appointment, delegation and assignment by each Owner of the Series 2025 Subordinate Bonds for the Series 2025 Subordinate Bonds Insurer’s benefit, and agrees to cooperate with the Series 2025 Subordinate Bonds Insurer in taking any action reasonably necessary or appropriate in connection with such appointment, delegation and assignment.

(b) The Series 2025 Subordinate Bonds Insurer shall, to the extent it makes any payment of principal of or interest on the Series 2025 Subordinate Bonds, become subrogated to the rights of the recipients of such payments in accordance with the terms of the Series 2025 Bonds Insurance Policy (which subrogation rights shall also include the rights of any such recipients in connection with any Insolvency Proceeding).

(c) The rights granted to the Series 2025 Subordinate Bonds Insurer under the Indenture to request, consent to or direct any action are rights granted to the Series 2025 Subordinate Bonds Insurer in consideration of its issuance of the Series 2025 Subordinate Bonds Insurance Policy. Any exercise by the Series 2025 Subordinate Bonds Insurer of such rights is merely an exercise of the Series 2025 Subordinate Bonds Insurer’s contractual rights and shall not be construed or deemed to be taken for the benefit, or on behalf, of the Owners of the Series 2025 Subordinate Bonds and such action does not evidence any position of the Series 2025 Bonds Insurer, affirmative or negative, as to whether the consent of the Owners of the Series 2025 Subordinate Bonds or any other person is required in addition to the consent of the Series 2025 Subordinate Bonds Insurer.

APPENDIX D

BOOK-ENTRY ONLY SYSTEM

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the County believes to be reliable, but the County takes no responsibility for the accuracy or completeness thereof. The County cannot and does not give any assurances that DTC, DTC Participants or Indirect Participants will distribute to the Beneficial Owners (a) payments of interest, principal or premium, if any, with respect to the Series 2025 Bonds, (b) Bonds representing ownership interest in or other confirmation or ownership interest in the Series 2025 Bonds, or (c) prepayment or other notices sent to DTC or Cede & Co., its nominee, as the registered owner of the Series 2025 Bonds, or that they will so do on a timely basis or that DTC, DTC Participants or DTC Indirect Participants will act in the manner described in this Official Statement. The current "Rules" applicable to DTC are on file with the Securities and Exchange Commission and the current "Procedure" of DTC to be followed in dealing with DTC Participants are on file with DTC.

The County and the Underwriters of the Series 2025 Bonds have no responsibility or liability for any aspects of the records relating to or payments made on account of beneficial ownership, or for maintaining, supervising or reviewing any records relating to beneficial ownership, or interest in the Series 2025 Bonds.

General

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Series 2025 Bonds. The Series 2025 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Series 2025 Bond will be issued for each maturity of the Series 2025 Bonds, in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation, and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com. The foregoing internet address is included for reference only, and the information on this internet site is not incorporated by reference herein.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Series 2025 Bonds on DTC's records. The ownership interest of each actual purchaser of each Series 2025 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Series 2025 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners

will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Series 2025 Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Series 2025 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Series 2025 Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the County (or the Trustee on behalf thereof) as soon as possible after the Record Date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts Bonds are credited on the Record Date (identified in a listing attached to the Omnibus Proxy).

Principal, premium, if any, and interest payments on the Series 2025 Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the County or the Trustee, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC nor its nominee, the Trustee, or the County, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the County or Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Series 2025 Bonds at any time by giving reasonable notice to the County or the Trustee. Under such circumstances, in the event that a successor depository is not obtained, Bonds are required to be printed and delivered.

The County may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). Discontinuance of use of the system of book-entry transfers through DTC may require the approval of DTC Participants under DTC's operational arrangements. In that event, printed certificates for the Series 2025 Bonds will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the County believes to be reliable, but the County takes no responsibility for the accuracy thereof.

APPENDIX E

FORM OF CONTINUING DISCLOSURE CERTIFICATE

[THIS PAGE INTENTIONALLY LEFT BLANK]

CONTINUING DISCLOSURE CERTIFICATE

This Continuing Disclosure Certificate (the “Disclosure Certificate”) is executed and delivered by the County of Sacramento (the “County”) in connection with the issuance of its \$322,285,000 Airport System Senior Revenue Bonds, Series 2025A (AMT) (the “Series 2025A Senior Bonds”), \$33,605,000 Airport System Senior Revenue Refunding Bonds, Series 2025B (Non-AMT) (the “Series 2025B Senior Bonds”), and \$6,550,000 Airport System Senior Revenue Refunding Bonds, Series 2025C (Non-AMT Private Activity) (the “Series 2025C Senior Bonds” and, together with the Series 2025A Senior Bonds and the Series 2025B Senior Bonds, the “Series 2025 Senior Bonds”) and its \$92,820,000 Airport System Subordinate Revenue Bonds, Series 2025D (AMT) (the “Series 2025D Subordinate Bonds”), \$31,520,000 Airport System Subordinate Revenue Refunding Bonds, Series 2025E (Non-AMT) (the “Series 2025E Subordinate Bonds”), and \$12,950,000 Airport System Subordinate Revenue Refunding Bonds, Series 2025F (Non-AMT Private Activity) (the “Series 2025F Subordinate Bonds” and, together with the Series 2025D Subordinate Bonds and the Series 2025E Subordinate Bonds, the “Series 2025 Subordinate Bonds”). The Series 2025 Senior Bonds and the Series 2025 Subordinate Bonds are referred to herein as the “Series 2025 Bonds.”

The Series 2025 Senior Bonds are being issued pursuant to a Master Indenture of Trust, dated as of May 1, 2008, between the County and The Bank of New York Mellon Trust Company, N.A., as trustee (the “Trustee”) (the “Master Indenture”), as supplemented by a Thirteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee (the “Thirteenth Supplemental Indenture”). The Series 2025 Subordinate Bonds are being issued pursuant to the Master Indenture, as supplemented by a Fourteenth Supplemental Indenture of Trust, dated as of August 1, 2025, between the County and the Trustee (the “Fourteenth Supplemental Indenture” and, together with the Master Indenture, as supplemented and amended from time to time, and the Thirteenth Supplemental Indenture, the “Indenture”). In connection therewith the County covenants and agrees as follows:

SECTION 1. Purpose of this Disclosure Certificate. This Disclosure Certificate is being executed and delivered by the County for the benefit of the Holders and Beneficial Owners of the Series 2025 Bonds and in order to assist the Participating Underwriters (as defined herein) in complying with SEC (as defined herein) Rule 15c2-12(b)(5).

SECTION 2. Definitions. In addition to the definitions set forth above and in the Indenture, which apply to any capitalized term used in this Disclosure Certificate unless otherwise defined in this section, the following capitalized terms shall have the following meanings.

“Annual Report” shall mean any Annual Report provided by the County pursuant to, and as described in, Sections 3 and 4 of this Disclosure Certificate.

“Beneficial Owner” shall mean any person who has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories or other intermediaries).

“EMMA System” shall mean the MSRB’s Electronic Municipal Market Access system, or such other electronic system designated by the MSRB.

“Financial Obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term Financial Obligation shall not include municipal securities (as defined in the Rule) as to which a final official statement (as defined in the Rule) has been provided to the MSRB consistent with the Rule.

“Listed Event” shall mean any of the events listed in Section 5(a) and 5(b) of this Disclosure Certificate.

“MSRB” means the Municipal Securities Rulemaking Board.

“Rule” shall mean Rule 15c2-12(b)(5) adopted by the SEC under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“SEC” shall mean the United States Securities and Exchange Commission.

“State” shall mean the State of California.

“Participating Underwriters” shall mean any of the original underwriters of the Series 2025 Bonds listed on the cover page of the Official Statement (as defined herein) required to comply with the Rule in connection with offering of the Series 2025 Bonds.

SECTION 3. Provision of Annual Reports.

(a) The County shall, not later than seven months after the end of the County’s Fiscal Year (presently June 30), commencing with the report for the 2024-25 Fiscal Year, provide to the MSRB through the EMMA System (in an electronic format and accompanied by identifying information all as prescribed by the MSRB) an Annual Report which is consistent with the requirements of Section 4 of this Disclosure Certificate. The Annual Report may be submitted as a single document or as separate documents comprising a package, and may cross-reference other information as provided in Section 4 of this Disclosure Certificate; provided that the audited financial statements of the County may be submitted separately from the balance of the Annual Report and later than the date required above for the filing of the Annual Report if they are not available by that date. If the County’s Fiscal Year changes, it shall give notice of such change in the same manner as for a Listed Event under Section 5(a).

(b) If the County is unable to provide to the MSRB an Annual Report by the date required in subsection (a), the County shall send to the MSRB a notice in substantially the form attached hereto as Exhibit A.

SECTION 4. Content of Annual Reports. The County’s Annual Report shall contain or include by reference the following:

(a) The audited financial statements of the County (including the Airport System) for the prior Fiscal Year, prepared in accordance with generally accepted accounting principles as promulgated to apply to governmental entities from time to time by the Governmental Accounting Standards Board; provided, that if the County’s audited financial statements are not available by the time the Annual Report is required to be filed pursuant to Section 3(a), the Annual Report shall contain unaudited financial statements in a format similar to the financial statements contained in the

final Official Statement, and the audited financial statements shall be filed in the same manner as the Annual Report when they become available.

(b) An annual updating, to reflect results of the most recently completed fiscal year, of information of the type contained in the following tables contained in the Official Statement for the Series 2025 Bonds, dated August 5, 2025 (the “Official Statement”):

1. Table 4 – Historical Enplaned Passengers - International Airport;
2. Table 6 – Historical Aircraft Landed Weight - International and Mather Airports;
3. Table 7 – Airline Market Shares of Enplaned Passengers – International Airport;
4. Table 10 – Statement of Revenues, Expenses and Changes in Net Position;
5. Table 11 – Airline and Nonairline Revenues; and
6. Table 14 – Historical and Estimated Revenues, Operating Expenses and Debt Service Coverage.

Any or all of the items listed above may be included by specific reference to other documents, including the audited financial statements of the County (including the Airport System), official statements of debt issues of the County relating to the Airport System, which have been submitted to the MSRB through the EMMA System; provided, that the County shall clearly identify each such other document so included by reference.

SECTION 5. Reporting of Significant Events.

(a) Pursuant to the provisions of this Section 5, the County shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Series 2025 Bonds in a timely manner not more than 10 business days after the event:

- (1) Principal and interest payment delinquencies;
- (2) Unscheduled draws on debt service reserves reflecting financial difficulties;
- (3) Unscheduled draws on credit enhancements reflecting financial difficulties;
- (4) Substitution of credit or liquidity providers, or their failure to perform;
- (5) Issuance by the Internal Revenue Service (the “IRS”) of proposed or final determination of taxability or of a Notice of Proposed Issue (IRS Form 5701 TEB);
- (6) Tender offers;
- (7) Defeasances;
- (8) Rating changes;

- (9) Bankruptcy, insolvency, receivership or similar event of the County.

Note: for the purposes of the event identified in Section 5(a)(9), the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the County in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the County, or if such jurisdiction has been assumed by leaving the existing governmental body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the County; or

- (10) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the obligated person, any of which reflect financial difficulties.

(b) Pursuant to the provisions of this Section 5, the County shall give, or cause to be given, notice of the occurrence of any of the following events with respect to the Series 2025 Bonds, if material:

- (1) Unless described in Section 5(a)(5), adverse tax opinions or other material notices or determinations by the IRS with respect to the tax status of the Series 2025 Bonds or other material events affecting the tax status of the Series 2025 Bonds;

- (2) Modifications to rights of holders of the Series 2025 Bonds;

- (3) Optional, unscheduled or contingent bond calls;

- (4) Release, substitution, or sale of property securing repayment of the Series 2025 Bonds;

- (5) Non-payment related defaults;

- (6) The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms;

- (7) Appointment of a successor or additional trustee or the change of name of a trustee; or

- (8) Incurrence of a Financial Obligation of the obligated person, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the obligated person, any of which affect holders of the Series 2025 Bonds

(c) Whenever the County obtains knowledge of the occurrence of a Listed Event described in Section 5(b), the County shall as soon as possible determine if such event would be material under applicable federal securities laws. If the County determines that knowledge of the occurrence of a Listed Event under Section 5(b) would be material under applicable federal securities

laws, the County shall file a notice of such occurrence with EMMA in a timely manner not more than 10 business days after the event.

SECTION 6. Termination of Reporting Obligation. The County's obligations under this Disclosure Certificate shall terminate (a) upon the legal defeasance, prior redemption or payment in full of all of the Series 2025 Bonds, or (b) if, in the opinion of nationally recognized bond counsel, the County ceases to be an "obligated person" (within the meaning of the Rule) with respect to the Series 2025 Bonds or the Series 2025 Bonds otherwise cease to be subject to the requirements of the Rule. If such termination occurs pursuant to clause (a) of this section, the County shall give notice of such termination in the same manner as for a Listed Event under Section 5(a).

SECTION 7. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Certificate, the County may amend this Disclosure Certificate, and any provision of this Disclosure Certificate may be waived; provided, that the following conditions are satisfied:

(a) If the amendment or waiver relates to the provisions of Sections 3(a), 4, 5(a) or 5(b), it may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature or status of an obligated person with respect to the Series 2025 Bonds, or the type of business conducted;

(b) The undertaking, as amended or taking into account such waiver, would, in the opinion of nationally recognized bond counsel, have complied with the requirements of the Rule at the time of the original issuance of the Series 2025 Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment or waiver either (i) is approved by the Holders of the Series 2025 Bonds in the same manner as provided in the Indenture for amendments to the Indenture with the consent of Holders, or (ii) does not, in the opinion of nationally-recognized bond counsel, materially impair the interests of the Holders or Beneficial Owners of the Series 2025 Bonds.

In the event of any amendment or waiver of a provision of this Disclosure Certificate, the County shall describe such amendment in the next Annual Report, and shall include, as applicable, a narrative explanation of the reason for the amendment or waiver and its impact on the type (or in the case of a change of accounting principles, on the presentation) of financial information or operating data being presented by the County. In addition, if the amendment relates to the accounting principles to be followed in preparing financial statements, (i) notice of such change shall be given in the same manner as for a Listed Event under Section 5(a) or 5(b), and (ii) the Annual Report for the year in which the change is made should present a comparison (in narrative form and also, if feasible, in quantitative form) between the financial statements as prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 8. Additional Information. Nothing in this Disclosure Certificate shall be deemed to prevent the County from disseminating any other information, using the means of dissemination set forth in this Disclosure Certificate or any other means of communication, or including any other information in any Annual Report or notice of occurrence of a Listed Event, in addition to that which is required by this Disclosure Certificate. If the County chooses to include any information in any Annual Report or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Certificate, the County shall have no obligation under this

Disclosure Certificate to update such information or include it in any future Annual Report or notice of occurrence of a Listed Event.

SECTION 9. Default. In the event of a failure of the County to comply with any provision of this Disclosure Certificate, the Participating Underwriters or any Holder or Beneficial Owner of the Series 2025 Bonds may take such actions as may be necessary and appropriate, including seeking mandate or specific performance by court order, to cause the County to comply with its obligations under this Disclosure Certificate. A default under this Disclosure Certificate shall not be deemed an Event of Default under the Indenture, and the sole remedy under this Disclosure Certificate in the event of any failure of the County to comply with this Disclosure Certificate shall be an action to compel performance hereunder.

SECTION 10. Beneficiaries. This Disclosure Certificate shall inure solely to the benefit of the County, the Participating Underwriters and the Holders and Beneficial Owners from time to time of the Series 2025 Bonds, and shall create no rights in any other person or entity.

Date: August 20, 2025.

COUNTY OF SACRAMENTO

APPENDIX F

PROPOSED FORMS OF BOND COUNSEL OPINIONS

[PROPOSED FORM OF BOND COUNSEL OPINION FOR SERIES 2025 SENIOR BONDS]

[Closing Date]

Board of Supervisors,
County of Sacramento
Sacramento, California

County of Sacramento
Airport System Senior Revenue Bonds
Series 2025A
(AMT)

and

County of Sacramento
Airport System Senior Revenue Refunding Bonds
Series 2025B
(Non-AMT)

Series 2025C
(Non-AMT Private Activity)

(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the County of Sacramento (the “County”) in connection with the issuance of (i) \$322,285,000 aggregate principal amount of County of Sacramento Airport System Senior Revenue Bonds, Series 2025A (AMT) (the “Series 2025A Bonds”), (ii) \$33,605,000 aggregate principal amount of County of Sacramento Airport System Senior Revenue Refunding Bonds, Series 2025B (Non-AMT) (the “Series 2025B Bonds”) and (iii) \$6,550,000 aggregate principal amount of County of Sacramento Airport System Senior Revenue Refunding Bonds, Series 2025C (Non-AMT Private Activity) (the “Series 2025C Bonds” and, together with the Series 2025A Bonds and the Series 2025B Bonds, the “Series 2025 Senior Bonds”), issued pursuant to a Master Indenture of Trust, dated as of May 1, 2008 (as previously supplemented and amended, the “Master Indenture”), as supplemented by a Thirteenth Supplemental Indenture of Trust, dated as of August 1, 2025 (the “Thirteenth Supplemental Indenture” and, together with the Master Indenture, the “Indenture”), each between the County and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture; the Tax Certificate relating to the Series 2025 Senior Bonds, dated the date hereof (the “Tax Certificate”), executed by the County; opinions of counsel

to the County and the Trustee; certificates of the County, the Trustee and others; and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be affected by actions taken or omitted or events occurring after original delivery of the Series 2025 Senior Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after original delivery of the Series 2025 Senior Bonds on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events or matters. Our engagement with respect to the Series 2025 Senior Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery of each such document by each party thereto other than the County and that each such document constitutes a valid and binding agreement of such party. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Series 2025 Senior Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Series 2025 Senior Bonds, the Indenture and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against governmental entities such as the County in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents, nor do we express any opinion with respect to the state or quality of title to or interest in any of the property described in or as subject to the lien of the Indenture or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Our services did not include financial or other non-legal advice. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement, dated August 5, 2025, or other offering material relating to the Series 2025 Senior Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Series 2025 Senior Bonds constitute the valid and binding limited obligations of the County.
2. The Indenture has been duly executed and delivered by, and constitutes the valid and binding agreement of, the County. The Indenture creates a valid pledge, to secure the payment of the principal of and interest on the Series 2025 Senior Bonds, of the Trust Estate, subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.
3. Interest on the Series 2025 Senior Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"), except that no opinion is expressed as to the status of interest on any Series 2025A Bond or Series 2025C Bond for any period that

such Series 2025A Bond or Series 2025C Bond is held by a “substantial user” of the facilities financed or refinanced by the Series 2025A Bonds or Series 2025C Bonds or by a “related person” within the meaning of Section 147(a) of the Code. Interest on the Series 2025B Bonds and Series 2025C Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe that interest on the Series 2025A Bonds is a specific preference item for purposes of the federal individual alternative minimum tax, and interest on the Series 2025 Senior Bonds included in adjusted financial statement income of certain corporations is not excluded from federal corporate alternative minimum tax. Interest on the Series 2025 Senior Bonds is exempt from State of California personal income taxes. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Series 2025 Senior Bonds.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP

[PROPOSED FORM OF BOND COUNSEL OPINION FOR SERIES 2025 SUBORDINATE BONDS]

[Closing Date]

Board of Supervisors,
County of Sacramento
Sacramento, California

County of Sacramento
Airport System Subordinate Revenue Bonds
Series 2025D
(AMT)

and

County of Sacramento
Airport System Subordinate Revenue Refunding Bonds

Series 2025E
(Non-AMT)

Series 2025F
(Non-AMT Private Activity)

(Final Opinion)

Ladies and Gentlemen:

We have acted as bond counsel to the County of Sacramento (the “County”) in connection with the issuance of (i) \$92,820,000 aggregate principal amount of County of Sacramento Airport System Subordinate Revenue Bonds, Series 2025D (AMT) (the “Series 2025D Bonds”), (ii) \$31,520,000 aggregate principal amount of County of Sacramento Airport System Subordinate Revenue Refunding Bonds, Series 2025E (Non-AMT) (the “Series 2025E Bonds”) and (iii) \$12,950,000 aggregate principal amount of County of Sacramento Airport System Subordinate Revenue Refunding Bonds, Series 2025F (Non-AMT Private Activity) (the “Series 2025F Bonds” and, together with the Series 2025D Bonds and the Series 2025E Bonds, the “Series 2025 Subordinate Bonds”), issued pursuant to a Master Indenture of Trust, dated as of May 1, 2008 (as previously supplemented and amended, the “Master Indenture”), as supplemented by a Fourteenth Supplemental Indenture of Trust, dated as of August 1, 2025 (the “Fourteenth Supplemental Indenture” and, together with the Master Indenture, the “Indenture”), each between the County and The Bank of New York Mellon Trust Company, N.A., as Trustee (the “Trustee”). Capitalized terms not otherwise defined herein shall have the meanings ascribed thereto in the Indenture.

In such connection, we have reviewed the Indenture; the Tax Certificate relating to the Series 2025 Subordinate Bonds, dated the date hereof (the “Tax Certificate”), executed by the County; opinions of counsel to the County and the Trustee; certificates of the County, the Trustee and others; and such other documents, opinions and matters to the extent we deemed necessary to render the opinions set forth herein.

The opinions expressed herein are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. Such opinions may be

affected by actions taken or omitted or events occurring after original delivery of the Series 2025 Subordinate Bonds on the date hereof. We have not undertaken to determine, or to inform any person, whether any such actions are taken or omitted or events do occur or any other matters come to our attention after original delivery of the Series 2025 Subordinate Bonds on the date hereof. Accordingly, this letter speaks only as of its date and is not intended to, and may not, be relied upon or otherwise used in connection with any such actions, events or matters. Our engagement with respect to the Series 2025 Subordinate Bonds has concluded with their issuance, and we disclaim any obligation to update this letter. We have assumed the genuineness of all documents and signatures provided to us and the due and legal execution and delivery of each such document by each party thereto other than the County and that each such document constitutes a valid and binding agreement of such party. We have assumed, without undertaking to verify, the accuracy of the factual matters represented, warranted or certified in the documents, and of the legal conclusions contained in the opinions, referred to in the second paragraph hereof. Furthermore, we have assumed compliance with all covenants and agreements contained in the Indenture and the Tax Certificate, including (without limitation) covenants and agreements compliance with which is necessary to assure that future actions, omissions or events will not cause interest on the Series 2025 Subordinate Bonds to be included in gross income for federal income tax purposes. We call attention to the fact that the rights and obligations under the Series 2025 Subordinate Bonds, the Indenture and the Tax Certificate and their enforceability may be subject to bankruptcy, insolvency, receivership, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion in appropriate cases and to the limitations on legal remedies against governmental entities such as the County in the State of California. We express no opinion with respect to any indemnification, contribution, liquidated damages, penalty (including any remedy deemed to constitute a penalty), right of set-off, arbitration, judicial reference, choice of law, choice of forum, choice of venue, non-exclusivity of remedies, waiver or severability provisions contained in the foregoing documents, nor do we express any opinion with respect to the state or quality of title to or interest in any of the property described in or as subject to the lien of the Indenture or the accuracy or sufficiency of the description contained therein of, or the remedies available to enforce liens on, any such property. Our services did not include financial or other non-legal advice. Finally, we undertake no responsibility for the accuracy, completeness or fairness of the Official Statement, dated August 5, 2025, or other offering material relating to the Series 2025 Subordinate Bonds and express no view with respect thereto.

Based on and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Series 2025 Subordinate Bonds constitute the valid and binding limited obligations of the County.

2. The Indenture has been duly executed and delivered by, and constitutes the valid and binding agreement of, the County. The Indenture creates a valid pledge, to secure the payment of the principal of and interest on the Series 2025 Subordinate Bonds, of the Trust Estate, subject to the provisions of the Indenture permitting the application thereof for the purposes and on the terms and conditions set forth in the Indenture.

3. Interest on the Series 2025 Subordinate Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"), except that no opinion is expressed as to the status of interest on any Series 2025D Bond or Series 2025F Bond for any period that such Series 2025D Bond or Series 2025F Bond is held by a "substantial user" of the facilities financed or refinanced by the Series 2025D Bonds or Series 2025F Bonds or by a "related person" within the meaning of Section 147(a) of the Code. Interest on the Series 2025E Bonds and Series 2025F Bonds is not a specific preference item for purposes of the federal individual alternative minimum tax. We observe

that interest on the Series 2025D Bonds is a specific preference item for purposes of the federal individual alternative minimum tax, and interest on the Series 2025 Subordinate Bonds included in adjusted financial statement income of certain corporations is not excluded from federal corporate alternative minimum tax. Interest on the Series 2025 Subordinate Bonds is exempt from State of California personal income taxes. We express no opinion regarding other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Series 2025 Subordinate Bonds.

Faithfully yours,

ORRICK, HERRINGTON & SUTCLIFFE LLP

APPENDIX G

SPECIMEN MUNICIPAL BOND INSURANCE POLICY

[THIS PAGE INTENTIONALLY LEFT BLANK]

MUNICIPAL BOND INSURANCE POLICY

ISSUER:

Policy No.: -N

BONDS: \$ in aggregate principal amount of

Effective Date:

Premium: \$

ASSURED GUARANTY INC. ("AG"), for consideration received, hereby UNCONDITIONALLY AND IRREVOCABLY agrees to pay to the trustee (the "Trustee") or paying agent (the "Paying Agent") (as set forth in the documentation providing for the issuance of and securing the Bonds) for the Bonds, for the benefit of the Owners or, at the election of AG, directly to each Owner, subject only to the terms of this Policy (which includes each endorsement hereto), that portion of the principal of and interest on the Bonds that shall become Due for Payment but shall be unpaid by reason of Nonpayment by the Issuer.

On the later of the day on which such principal and interest becomes Due for Payment or the Business Day next following the Business Day on which AG shall have received Notice of Nonpayment, AG will disburse to or for the benefit of each Owner of a Bond the face amount of principal of and interest on the Bond that is then Due for Payment but is then unpaid by reason of Nonpayment by the Issuer, but only upon receipt by AG, in a form reasonably satisfactory to it, of (a) evidence of the Owner's right to receive payment of the principal or interest then Due for Payment and (b) evidence, including any appropriate instruments of assignment, that all of the Owner's rights with respect to payment of such principal or interest that is Due for Payment shall thereupon vest in AG. A Notice of Nonpayment will be deemed received on a given Business Day if it is received prior to 1:00 p.m. (New York time) on such Business Day; otherwise, it will be deemed received on the next Business Day. If any Notice of Nonpayment received by AG is incomplete, it shall be deemed not to have been received by AG for purposes of the preceding sentence and AG shall promptly so advise the Trustee, Paying Agent or Owner, as appropriate, who may submit an amended Notice of Nonpayment. Upon disbursement in respect of a Bond, AG shall become the owner of the Bond, any appurtenant coupon to the Bond or right to receipt of payment of principal of or interest on the Bond and shall be fully subrogated to the rights of the Owner, including the Owner's right to receive payments under the Bond, to the extent of any payment by AG hereunder. Payment by AG to the Trustee or Paying Agent for the benefit of the Owners shall, to the extent thereof, discharge the obligation of AG under this Policy.

Except to the extent expressly modified by an endorsement hereto, the following terms shall have the meanings specified for all purposes of this Policy. "Business Day" means any day other than (a) a Saturday or Sunday or (b) a day on which banking institutions in the State of New York or the Insurer's Fiscal Agent are authorized or required by law or executive order to remain closed. "Due for Payment" means (a) when referring to the principal of a Bond, payable on the stated maturity date thereof or the date on which the same shall have been duly called for mandatory sinking fund redemption and does not refer to any earlier date on which payment is due by reason of call for redemption (other than by mandatory sinking fund redemption), acceleration or other advancement of maturity unless AG shall elect, in its sole discretion, to pay such principal due upon such acceleration together with any accrued interest to the date of acceleration and (b) when referring to interest on a Bond, payable on the stated date for payment of interest. "Nonpayment" means, in respect of a Bond, the failure of the Issuer to have provided sufficient funds to the Trustee or, if there is no Trustee, to the Paying Agent for payment in full of all principal and interest that is Due for Payment on such Bond. "Nonpayment" shall also include, in respect of a Bond, any payment of principal or interest that is Due for Payment made to an Owner by or on behalf of the Issuer which has been recovered from such Owner pursuant to the United States Bankruptcy Code by a trustee in bankruptcy in accordance with a final, nonappealable order of a court having competent jurisdiction. "Notice" means telephonic or telecopied notice, subsequently confirmed in a signed writing, or written notice by registered or certified mail, from an Owner, the Trustee or the Paying Agent to AG which notice shall specify (a) the person or entity making the claim, (b) the Policy Number, (c) the claimed amount and (d) the date such claimed amount became Due for Payment. "Owner" means, in respect of a Bond, the person or entity who, at the time of Nonpayment, is entitled under the terms of such Bond to payment thereof, except that "Owner" shall not include the Issuer or any person or entity whose direct or indirect obligation constitutes the underlying security for the Bonds.

AG may appoint a fiscal agent (the "Insurer's Fiscal Agent") for purposes of this Policy by giving written notice to the Trustee and the Paying Agent specifying the name and notice address of the Insurer's Fiscal Agent. From and after the date of receipt of such notice by the Trustee and the Paying Agent, (a) copies of all notices required to be delivered to AG pursuant to this Policy shall be simultaneously delivered to the Insurer's Fiscal Agent and to AG and shall not be deemed received until received by both and (b) all payments required to be made by AG under this Policy may be made directly by AG or by the Insurer's Fiscal Agent on behalf of AG. The Insurer's Fiscal Agent is the agent of AG only and the Insurer's Fiscal Agent shall in no event be liable to any Owner for any act of the Insurer's Fiscal Agent or any failure of AG to deposit or cause to be deposited sufficient funds to make payments due under this Policy.

To the fullest extent permitted by applicable law, AG agrees not to assert, and hereby waives, only for the benefit of each Owner, all rights (whether by counterclaim, setoff or otherwise) and defenses (including, without limitation, the defense of fraud), whether acquired by subrogation, assignment or otherwise, to the extent that such rights and defenses may be available to AG to avoid payment of its obligations under this Policy in accordance with the express provisions of this Policy.

This Policy sets forth in full the undertaking of AG, and shall not be modified, altered or affected by any other agreement or instrument, including any modification or amendment thereto. Except to the extent expressly modified by an endorsement hereto, (a) any premium paid in respect of this Policy is nonrefundable for any reason whatsoever, including payment, or provision being made for payment, of the Bonds prior to maturity and (b) this Policy may not be canceled or revoked. THIS POLICY IS NOT COVERED BY THE PROPERTY/CASUALTY INSURANCE SECURITY FUND SPECIFIED IN ARTICLE 76 OF THE NEW YORK INSURANCE LAW.

In witness whereof, ASSURED GUARANTY INC. has caused this Policy to be executed on its behalf by its Authorized Officer.
