Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

Introduction

The following is Management's Discussion and Analysis (MD&A) of the financial performance and activity of the Clark County Department of Aviation (Department). The MD&A provides an introduction to and understanding of the financial statements of the Department for the first nine months of fiscal year 2025 (FY 2025) which is the period from July 1, 2024, through March 31, 2025. Certain information is presented in comparison to the fiscal year ended June 30, 2024 (FY 2024), and certain information is presented in comparison to the first nine months of FY 2024, which is the period from July 1, 2023, through March 31, 2024. This section should be read in conjunction with the financial statements and notes to gain a better understanding of the information presented in MD&A.

The Clark County Department of Aviation is a department of Clark County (County), a political subdivision of the State of Nevada. The Department, under the supervision of the Board of County Commissioners (Board) and the County Manager, is established to operate Harry Reid International Airport (Airport or LAS) and the four other general aviation facilities owned by the County (Airport System). The Airport System comprises the Airport, the eighth-busiest airport in North America by passenger volume in calendar year 2023; North Las Vegas Airport, which services general aviation activity and is the second-busiest airport in the State of Nevada by aircraft operations; Henderson Executive Airport, a premier corporate aviation facility that features a state-of-the-art terminal and private hangar facilities designed to meet the needs of the business aviation community; and Jean Sport Aviation Center and Overton-Perkins Field, which primarily are used for aviation-related recreational purposes.

The Department is a self-supporting entity that generates revenues from Airport System users to fund operating expenses and debt service requirements. Capital projects are funded by bond issuances, Passenger Facility Charges (PFCs), federal awards, and internally generated cash flows from operations. The Department is not subsidized by any tax revenues of the County.

Overview of Financial Statements

The MD&A, Financial Statements (including the Statements of Net Position, Statements of Revenues, Expenses, and Changes in Net Position, and Statements of Cash Flows) and Notes to the Financial Statements, presented for the nine months ended March 31, 2025, are unaudited and will not contain certain information included in the Annual Comprehensive Financial Report (ACFR) issued by the Department. This Interim Quarterly Financial Report should be read in conjunction with the Department's ACFR for FY 2024.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

Activity Highlights

Passenger enplanements for the nine months ended March 31, 2025, totaled 21,396,125 compared to 21,557,006 for the nine months ended March 31, 2024, a decrease of 0.7%. Aircraft landed weights for the nine months ended March 31, 2025, totaled 24,334,712 thousand pounds compared to 23,903,463 thousand pounds for the nine months ended March 31, 2024, an increase of 1.8%. The number of departures for domestic and international flights for the nine months ended March 31, 2025, totaled 193,466, compared to 194,010 for the nine months ended March 31, 2024, a decrease of 0.3%.

Financial Highlights

Net Position Summary

The following table summarizes assets, liabilities, deferred inflows and outflows of resources, and net position as of March 31, 2025, and June 30, 2024 (in thousands):

	March 31, 2025	June 30, 2024	Change
Assets and deferred outflows of resources:			
Current assets	\$ 707,663	\$ 880,500	\$ (172,837) (19.6%)
Capital assets, net	4,260,305	4,236,039	24,266 0.6%
Other non-current assets	572,346	488,620	83,726 17.1%
Total assets	<u>5,540,314</u>	<u>5,605,159</u>	<u>(64,845)</u> (1.2%)
Deferred outflows of resources	<u>112,545</u>	<u>99,835</u>	<u>12,710</u> 12.7%
Total assets and deferred outflows of resources	<u><u>\$ 5,652,859</u></u>	<u><u>\$ 5,704,994</u></u>	<u><u>\$ (52,135)</u></u> (0.9%)
Liabilities, deferred inflows of resources, and net position:			
Current liabilities	\$ 501,142	\$ 478,506	\$ 22,636 4.7%
Non-current liabilities	2,295,103	2,574,054	(278,951) (10.8%)
Total liabilities	<u>2,796,245</u>	<u>3,052,560</u>	<u>(256,315)</u> (8.4%)
Deferred inflows of resources	<u>163,191</u>	<u>139,703</u>	<u>23,488</u> 16.8%
Net position:			
Net investment in capital assets	1,805,329	1,615,589	189,740 11.7%
Restricted	572,798	659,920	(87,122) (13.2%)
Unrestricted	315,296	237,222	78,074 32.9%

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

Discussion of Net Position

Total net position for the Department as of March 31, 2025, was \$2,693.4 million, an increase of \$180.7 million from June 30, 2024. This can be primarily attributed to the following significant changes:

- Current assets
 - At March 31, 2025, current assets were \$707.7 million, a decrease of \$172.8 million from June 30, 2024. This change was primarily driven by decreases in cash and cash equivalents, investments, restricted, interest receivable and grants receivable offset by increases in accounts receivable. Cash and cash equivalents decreased by \$36.1 million, primarily due to payments made to airlines, land purchases, and ongoing construction projects partially offset by proceeds from land sales. Investments, restricted decreased by \$80.9 million, driven by the timing of maturities of the Department's investments. The timing of investment maturities is closely tied to the timing of obligations. Refer to Note 2, "Cash and Investments," for additional information related to the Department's investments.. Interest receivable decreased by \$14.8 million primarily driven by interest received in July 2024, partially offset by a decrease in the swap market value and overall interest rates during the period. Grants receivable decreased by \$46.3 million, primarily driven by the timing of grant payments received from the Federal Aviation Administration (FAA). Accounts receivable increased by \$3.4 million due to the timing of payments received from tenants and customers.
- Capital assets
 - At March 31, 2025, capital assets, net of accumulated depreciation were \$4,260.3 million, an increase of \$24.3 million from June 30, 2024. This change was primarily driven by capital expenditures of \$190.3 million and offset by depreciation and amortization of \$149.4 million and land sales of \$16.6 million. Significant capital expenditures were primarily for power feed improvements at Harry Reid International Airport, a new warehouse and distribution center, holding Pad 7 expansion and reconstruction, baggage handling system modernization at Terminal 1, replacement of diesel buses, tram replacement for C and D Gates, runway drainage improvements, D Gates upgrades, fire alarm upgrades, preconditioned air unit replacement for jet bridges and HVAC improvements at C Gates. Refer to Note 7, "Changes in Capital Assets," for further detail.
- Other non-current assets
 - At March 31, 2025, other non-current assets were \$572.3 million, an increase of \$83.7 million from June 30, 2024. This change was primarily driven by increases in cash and cash equivalents classified as non-current assets, net other post employment benefits asset, restricted, and lease receivable, offset by decreases in investments classified as non-current assets and derivative instruments - interest rate

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

swaps. Cash and cash equivalents classified as non-current assets increased by \$90.9 million. Refer to Note 2, "Cash and Investments," and management's discussion of current assets within this section for additional information related to the Department's investments. Net other post retirement benefits asset, restricted increased by \$2.1 million, driven by actuarial analysis and actual FY 2024 other post retirement benefits activities. Lease receivable classified as non-current increased by \$18.1 million driven by new lease agreement recognized under GASB 87. Investments classified as non-current assets decreased by \$25.2 million, driven by the timing of maturities of the Department's investments. The timing of investment maturities is closely tied to the timing of obligations. Refer to Note 2 for additional information related to the Department's investments. Derivative instruments - interest rate swaps decreased by \$2.2 million, primarily driven by changes in the fair value of the interest rate swap portfolio.

- Current liabilities
 - At March 31, 2025, current liabilities were \$501.1 million, an increase of \$22.6 million from June 30, 2024. This change was primarily driven by increases in rents received in advance and the current portion of long term debt, offset by decreases in the current portion of accounts payable and accrued interest. Rents received in advance increased by \$3.4 million due to an increase in customer prepayments for rent. The current portion of long term debt increased by \$114.3 million, primarily due to the reclassification of \$100 million in Series 2008D-2A bonds as current liabilities, as the letter of credit backing them expires within one year on February 24, 2026. The Department intends to renew or replace this expiring letter of credit. The increase also reflects higher annual debt service payments following the issuance of the 2024A Subordinate Lien Bonds, partially offset by the maturity of the 2014A-1 Subordinate Lien Bonds on July 1, 2024. Refer to Note 8, "Long-Term Debt," for additional information related to long-term debt activity. The current portion of accounts payable decreased by \$67.4 million, primarily driven by \$41.3 million due to airlines paid in December 2024 and January 2025 and the timing of payments to vendors, including those related to construction and project activity. Accrued interest decreased by \$27.6 million, primarily driven by the scheduled pay down of debt.
- Non-current liabilities
 - At March 31, 2025, non-current liabilities were \$2,295.1 million, a decrease of \$279.0 million from June 30, 2024. This change is primarily driven by a decrease in the non-current portion of long-term debt, derivative instruments - interest rate swaps and long term lease liabilities. The non-current portion of long-term debt decreased by \$274.2 million in accordance with the scheduled debt payments and amortization of bond premiums and discounts. The non-current portion of derivative instruments - interest rate swaps decreased by \$1.3 million primarily driven by changes in the fair value of the interest

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

rate swap portfolio. The long term lease liabilities decreased by \$1.5 million driven by the amortization of the lease payment throughout the lease term.

Operating Revenue

Refer to the Department's FY 2024 ACFR for a general discussion regarding the sources that comprise the operating revenue categories, for both aviation and non-aviation related revenues.

The following table provides the signatory rates and fees in effect for the nine months ended March 31, 2025, and 2024:

	March 31,	
	2025	2024
Landing fee (per 1000 lbs.)	\$ 1.20	\$ 0.94
Terminal rental rate (per square foot)	127.34	116.25
Gate use fee-narrow body (per turn)	292.00	276.00
Gate use fee-wide body (per turn)	437.00	414.00
Gate use lease fee (per annum)	230,362.00	196,408.00
International facility use fee (per deplaned international passenger)	8.50	8.50
Common use ticketing fee (per enplaned passenger)	1.18	1.09

Certain airline landing fees, terminal building rentals, gate use fees, and passenger fees are used to calculate the airline rental and fee revenue, which is used to calculate cost per enplaned passenger. The following is the cost per enplaned passenger for the nine months ended March 31, 2025, and 2024 (in thousands):

	Nine months ended March 31,		Change	
	2025	2024	\$	%
Landing and other aircraft fees	\$ 28,571	\$ 22,008	\$ 6,563	29.8 %
Terminal building rentals	97,639	88,930	8,709	9.8 %
Gate use fees	22,640	18,673	3,967	21.2 %
Passenger fee - ticketing & customs and border patrol	<u>14,243</u>	<u>12,722</u>	<u>1,521</u>	12.0 %
Total	<u>\$ 163,093</u>	<u>\$ 142,333</u>	<u>\$ 20,760</u>	14.6 %
Enplaned passengers	21,396	21,557	(161)	(0.7)%
Cost per enplaned passenger*	\$ 7.62	\$ 6.60	\$ 1.02	15.5 %

*This figure is not presented in thousands.

Parking and ground transportation fees			
Public and employee parking fees	48,796	47,352	1,444 3.0%
Ground transportation fees	30,871	30,340	531 1.8%
Gaming fees	44,666	47,748	(3,082) (6.5%)
Ground rents and use fees	21,295	20,994	301 1.4%
Other			
General aviation fuel sales (net of cost)	8,292	8,353	(61) (0.7%)
Other operating income	3,590	7,536	(3,946) (52.4%)
	<hr/> <u>\$ 496,907</u>	<hr/> <u>\$ 470,727</u>	<hr/> <u>\$ 26,180</u> 5.6%

Discussion of Changes in Operating Revenues

Total operating revenues for the Department for the nine months ended March 31, 2025, were \$496.9 million, an increase of \$26.2 million from nine months ended March 31, 2024. This can be primarily attributed to the following significant changes:

- Terminal building and use fees
 - The increase of \$12.8 million was driven by a \$11.2 million increase in terminal complex rental revenue resulting from a 9.5% increase in the terminal complex rental rate and by a \$1.6 million increase in the international passenger processing facility use fees and and per-passenger use fee primarily due to a 8.3% increase in the common use ticketing fee rate.
- Landing fees and other aircraft fees
 - The increase of \$6.3 million was driven by 27.7% increase in landing fees rates and 1.8% increase in total landed weights.
- Gate use fees
 - The increase of \$4.4 million was driven by 17.3% increase in the gate use fee and 5.7% increase in average fee charged per turn.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

- Terminal concession fees
 - The increase of \$2.3 million was driven by increased food, beverage, and retail sales and passenger services in the terminal.
- Rental car facility fees
 - The increase of \$3.0 million was driven by a 3.1% increase in car rental transaction days and the reclassification of non-GASB 87 assets in Q2 FY 2024.
- Gaming fees
 - The decrease of \$3.1 million was primarily driven by a 0.7% decrease in passenger enplanements.
- Other operating income
 - The decrease of \$3.9 million was primarily driven by the discontinuation of the Transportation Security Administration Law Enforcement Office program and a decrease in special event fees at North Las Vegas Airport and Henderson Executive Airport during the Formula 1 Las Vegas Grand Prix in November 2024. Additionally, the Super Bowl which was held in February 2024 during fiscal year 2024, was not held in fiscal year 2025.

Operating Expenses

The following table summarizes total operating expenses for the nine months ended March 31, 2025, and 2024 (in thousands):

	March 31,			
	2025	2024	Change	
Salaries and benefits	\$ 115,393	\$ 96,746	\$ 18,647	19.3%
Professional services	77,581	67,078	10,503	15.7%
Repairs and maintenance	15,729	16,017	(288)	(1.8%)
Utilities and communications	21,241	27,206	(5,965)	(21.9%)
Materials and supplies	15,808	17,808	(2,000)	(11.2%)
General administrative				
Insurance	4,656	2,814	1,842	65.5%
Administrative	3,815	3,932	(117)	(3.0%)
	<u>\$ 254,223</u>	<u>\$ 231,601</u>	<u>\$ 22,622</u>	9.8%

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

Discussion of Changes in Operating Expenses

Total operating expenses for the Department for the nine months ended March 31, 2025, were \$254.2 million, an increase of \$22.6 million from nine months ended March 31, 2024. This can be primarily attributed to the following significant changes:

- Salaries and benefits
 - The increase of \$18.6 million was primarily driven by increases in salaries and wages and pension expense. Salaries and wages increased by \$3.8 million, primarily driven by an increase in salary rate and a 4.06% increase in employee headcount. Pension expense increased by \$15.5 million and is recorded based upon actuarial analysis.
- Professional services
 - The increase of \$10.5 million was primarily driven by an increases in metropolitan police and fire department services of \$4.3 million, staffing services for security of \$0.8 million, and software support of \$1.6 million. Expenditures for other professional services increased by \$5.0 million, primarily due to costs associated with the Airport's name change and normal terminal repairs and maintenance. These increases were offset by a decrease in shuttle service expense by \$1.1 million resulting from a decrease in the fuel surcharge rate and number of trips for shuttling employees from the parking location.
- Utilities and communication
 - The decrease of \$6.0 million was primarily driven by a decrease in electricity costs of \$5.5 million and a decrease in natural gas costs of \$1.6 million due to rate decreases. These decreases were partially offset by increases of \$0.7 million in water costs, \$0.3 million in disposal costs and \$0.1 million in telephone costs.
- Materials and supplies
 - The \$2.0 million decrease was primarily driven by lower expenses for furniture and fixtures, electrical supplies, and cleaning supplies, along with a reduction in fuel rate charges, all attributable to the decrease in passenger traffic.
- Insurance
 - The increase of \$1.8 million was driven by timing of insurance policy premium expenditures. For FY 2025, we anticipate actual insurance policy premium expenditures to increase by eight percent, driven by increased cost of coverage.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

Non-Operating Revenues and Expenses

The following table summarizes non-operating revenues and expenses for the nine months ended March 31, 2025, and 2024 (in thousands):

	March 31,			Change
	2025	2024	\$	
Passenger Facility Charge (PFC) revenue	\$ 80,712	\$ 82,698	\$ (1,986)	(2.4%)
Jet A Fuel Tax revenue	12,325	12,667	(342)	(2.7%)
Interest and investment income				
Unrestricted	12,802	11,087	1,715	15.5%
Restricted	9,057	11,019	(1,962)	(17.8%)
PFC	4,608	3,985	623	15.6%
Unrealized (loss) gain on				
investments - derivative instruments	(200)	6,724	(6,924)	(103.0%)
Interest expense	(61,629)	(63,769)	2,140	(3.4%)
Net gain (loss) from disposition of capital assets	15,431	(3,429)	18,860	100.0%
Other non-operating revenue	6,705	7,664	(959)	(12.5%)
ARPA Airport Grant	—	2,620	(2,620)	(100.0%)
CRRSA Act Airport Grant	—	2	(2)	100.0%
	<u><u>\$ 79,811</u></u>	<u><u>\$ 71,268</u></u>	<u><u>\$ 8,543</u></u>	<u><u>12.0%</u></u>

Discussion of Non-Operating Revenues/Expenses

Non-operating revenues and expenses, net for the Department for the nine months ended March 31, 2025, were \$79.8 million, an increase of \$8.5 million from the nine months ended March 31, 2024. This can be primarily attributed to the following significant changes:

- Interest and investment income
 - The total decrease of \$6.5 million in interest and investment income was primarily driven by an increase in unrealized loss on investments due to changes in the fair value of investment derivative instruments and an increase in arbitrage liability offset by higher investment returns.
- Net gain from disposition of capital assets
 - The change in net gains and losses from the disposition of capital assets was primarily driven by \$15.4 million land sales in Q1 FY 2025. In contrast, the \$3.4 million loss from the disposition of capital assets was primarily driven by the sale of other capital assets in Q3 FY 2024.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

Capital Contributions

The following table summarizes capital contributions for the nine months ended March 31, 2025, and 2024 (in thousands):

	March 31,		Change
	2025	2024	
Capital Contributions	\$ 7,636	\$ 32,949	\$ (25,313) (76.8%)

Discussion of Capital Contributions

Capital contributions during the nine months ended March 31, 2025, were \$7.6 million, a decrease of \$25.3 million from the nine months ended March 31, 2024. This change was primarily driven by a decrease in capital contributions related to amounts reimbursable from the Federal Aviation Administration (FAA).

Outstanding Debt

The following table summarizes outstanding debt obligations at March 31, 2025, and June 30, 2024 (in thousands):

	March 31, 2025	June 30, 2024	Change	
Senior lien bonds	\$ 754,995	\$ 754,995	\$ —	—%
Subordinate lien bonds	964,105	1,019,955	(55,850)	(5.5%)
PFC bonds	301,865	352,340	(50,475)	(14.3%)
Junior subordinate lien and Jet A bonds	251,850	280,800	(28,950)	(10.3%)
Total bonded debt principal outstanding	<u>2,272,815</u>	<u>2,408,090</u>	<u>(135,275)</u>	<u>(5.6%)</u>
Unamortized premiums	152,398	177,251	(24,853)	(14.0%)
Unamortized discounts	(3,210)	(3,429)	219	(6.4%)
Current portion of long term debt	(372,430)	(258,175)	(114,255)	44.3%
Total outstanding long-term debt obligations	<u>\$ 2,049,573</u>	<u>\$ 2,323,737</u>	<u>\$ (274,164)</u>	<u>(11.8%)</u>

Total outstanding bonded debt as of March 31, 2025, was \$2,272.8 million, a decrease of \$135.3 million from June 30, 2024. This decrease was primarily related to scheduled principal payments made during the period.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Management's Discussion and Analysis (Unaudited)
For the Nine Months Ended March 31, 2025

Looking Forward

Each fiscal year, the Department updates its five-year capital improvement plan. The Department's current, comprehensive five-year capital improvement plan, includes projects funded by bonds, notes, and federal awards. The Signatory Airlines serving the Department have input into all major projects in the capital improvement plan. The capital improvement account consists of the Department's gaming revenue, the net cash flows from the Airport Rent-A-Car Center, and net operating cash flows. Based on the current five-year projection, it is anticipated that future gaming revenues and future cash flows from the rental car facility, along with existing funds, federal grant awards, and federal reimbursements, will adequately fund the capital improvement account requirements.

The Department has acquired 6,500 acres of land approximately 32 miles south of Las Vegas, near the intersection of Interstate 15 and the Nevada-California border, for the construction of a supplemental commercial airport facility. Such facility would be in addition to the Airport and would provide capacity to accommodate approximately 30 million enplanements at ultimate buildout. In September 2018, the Board voted to resume the environmental impact study (the EIS) and updates to and reevaluation of supporting studies (the Supplemental Airport Studies) for the new facility. The Bureau of Land Management (BLM) and Federal Aviation Administration (FAA) are overseeing the EIS process. In May 2025, the BLM and FAA issued a notice of intent to prepare the EIS for Southern Nevada Supplemental Airport (SNSA). The Department has selected an EIS consultant and estimates that the EIS process could take up to three years to complete. If the EIS results in a favorable Record of Decision, then the Department can elect to proceed with construction and the federal government would be obligated to give the Department an additional 17,000 acres of surrounding land for industrial and commercial development that is compatible with the supplemental airport and subject to certain legal restrictions.

In 2023, State Senate Bill 19 was enacted into law (SB 19) which, among other things, allows the County to form an unincorporated town over territory conveyed, or authorized to be conveyed, to the County pursuant to certain federal law for the purpose of developing an airport and any related infrastructure. SB 19 provides the County with greater control over the development of infrastructure and provision of services in and around the area proposed for the supplemental airport.

If constructed, the supplemental airport would have an impact on the Airport's revenues and expenses, which impact will be dependent on a variety of factors and decisions with respect to the supplemental airport, both operational and financial. The Department cannot estimate such impact on revenues and expenses at this time.

The Department plans to maximize of potential of Harry Reid International Airport to enhance guest experience and airport operations. The modernization plan includes expanding Terminal 1 on the old Terminal 2 site and

For the Nine Months Ended March 31, 2025

demolishing the existing Terminal 1 cluster building concourses with a new pier-design. This initiative will provide more gates, large hold rooms with high ceilings, and improved access to the concourses. The Department is still in the pre-planning stages of this endeavor.

Additional Information

This financial report is designed to provide a general overview of the Department's finances. For questions about this report or for additional financial information, please contact the Finance Division, Clark County Department of Aviation, at P.O. Box 11005, Las Vegas, NV 89111-1005. Financial and statistical information for the Department may also be found at www.harryreidairport.com.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

1.) SUMMARY OF SIGNIFICANT ACCOUNTING AND REPORTING POLICIES

(a) Reporting Entity

The Clark County Department of Aviation (Department) is a department of Clark County (County), a political subdivision of the State of Nevada. The Department, under the supervision of the Board of County Commissioners (Board) and the County Manager, is established to operate Harry Reid International Airport (Airport) and the four other general aviation facilities owned by the County: North Las Vegas Airport, Henderson Executive Airport, Jean Sport Aviation Center, and Overton-Perkins Field (all collectively referred to as the Airport System). The Board is the governing body of the County. The seven Board members are elected from County commission election districts to four-year staggered terms. The Board appoints the Director of Aviation, who is charged with the day-to-day operation of the Department.

Only the accounts of the Department are included in the reporting entity. The Airport System is owned and operated as an enterprise fund of the County and is included as part of the County's government-wide financial statements and the County's Annual Comprehensive Financial Report (ACFR). Therefore, these financial statements do not purport to represent the financial position or changes in financial position of the County as a whole.

Refer to the Department's FY 2024 ACFR for information and related disclosures pertaining to Federal grants and other transaction agreements, Passenger Facility Charges (PFC), airline rates and charges, and leases.

(b) Basis of Accounting

The accounting principles used are similar to those applicable to a private business enterprise, where the costs of providing services to the public are recovered through user fees. The Department is not subsidized by any tax revenues of the County. Unless otherwise noted, all accounting and reporting policies remain unchanged as presented in the FY 2024 ACFR.

(c) Use of Estimates

The preparation of financial statements in accordance with Generally Accepted Accounting Principles in the United States of America requires the Department to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates and assumptions.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

2.) CASH AND INVESTMENTS

According to Nevada Revised Statutes, County monies must be deposited with federally insured banks, credit unions, or savings and loan institutions situated within the County. The County is authorized to use demand accounts, time accounts, and certificates of deposit. State statutes do not specifically require collateral for demand deposits, but do specify that collateral for time deposits may be of the same type as that described for permissible investments. Permissible investments are similar to the allowable County investments described below, except the statutory language permits a longer term and include securities issued by municipalities within Nevada.

The County's deposits are fully covered by federal depository insurance or collateral held by the County's agent in the County's name. The County has written custodial agreements in force with the various financial institutions' trust banks for demand deposits and certificates of deposits. These custodial agreements pledge securities totaling 102% of the deposits with each financial institution. The County has a written agreement with the State Treasurer for monitoring the collateral maintained by the County's depository institutions.

The majority of all cash and investments of the Department are included in the investment pool of the Clark County Treasurer (Treasurer) and the Department's Trustee, the Bank of New York Mellon. As of March 31, 2025, and June 30, 2024, these amounts were distributed as follows (in thousands):

	<u>March 31, 2025</u>	<u>June 30, 2024</u>
Clark County Investment Pool	\$ 814,626	\$ 806,786
Cash and Investments with Trustee	307,232	359,510
Custodian Account	1,736	4,680
Cash On Hand or In Transit	2,666	6,642
Total	\$ 1,126,260	\$ 1,177,618

(a) Interest Rate Risk

Interest rate risk is defined as the risk that changes in interest rates will adversely affect the fair value of an investment. Through its investment policy, the County manages its exposure to fair value losses arising from increasing interest rates by limiting the average weighted duration of its investment pool to fewer than 2.5 years. Duration is a measure of the present value of a fixed income security's cash flows and is used to estimate the sensitivity of a security's price to interest rate changes.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

2.) CASH AND INVESTMENTS (continued)

(b) Interest Rate Sensitivity

As of March 31, 2025, and June 30, 2024, the County invested in the following types of securities that have a higher sensitivity to interest rates:

- *Callable securities* are directly affected by the movement of interest rates. Callable securities allow the issuer to redeem, or call, a security before maturity, either on a given date or, generally, on coupon dates.
- *Asset Backed Securities* are financial securities backed by a loan, lease, or receivable against assets other than real estate and mortgage backed securities. These securities are subject to interest rate risk in that the value of the assets fluctuates inversely with changes in the general levels of interest rates.
- *Step-up or step-down securities* have fixed rate coupons for a specific time interval that will step-up or step-down a predetermined number of basis points at scheduled coupon dates or other reset dates. These securities are callable either one time or on their coupon dates.

(c) Credit Risk

Credit risk is defined as the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

The County's investment policy applies the prudent-person rule: In investing the County's monies, there shall be exercised the judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The County's investments were rated by Moody's Investors Service (Moody's) and Standard & Poor's (S&P) as follows:

	<u>Moody's</u>	<u>S&P</u>

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

2.) CASH AND INVESTMENTS (continued)

(d) Concentration of Credit Risk

Concentration of credit risk is defined as the risk of loss attributed to the magnitude of a government's investment in a single issuer. The County's investment policy limits the amount that may be invested in obligations of any one issuer, except direct obligations of the U.S. government or federal agencies, to no more than 5% of the County Investment Pool.

At March 31, 2025, none of the Department's individual investments exceeded 5% of total Department investments.

At June 30, 2024, the following investments exceeded 5% of total Department investments:

Federal Home Loan Banks (FHLB)	69.99 %
Federal National Mortgage Association (FNMA)	6.33 %

(e) Custodial Credit Risk

Custodial credit risk is the risk that, in the event of the failure of the counterparty to a transaction, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party.

(f) Trustee Cash

In accordance with the Master Indenture of Trust dated May 1, 2003, as amended, between the County and the Bank of New York Mellon (Trustee), the Department uses the Trustee to retain all debt service reserve funds and to make all annual debt service payments to bondholders. As of March 31, 2025, and June 30, 2024, the Trustee held \$307.2 million and \$359.5 million, respectively, of the Department's cash and investments restricted for debt service reserves, bond proceeds, and annual debt service payments.

As of March 31, 2025, of the \$307.2 million held by the Trustee, \$281.5 million in cash and cash equivalents was invested in United States Government Money Market Funds, and \$25.7 million was invested in short-term and long-term investments with entities as follows (in thousands):

Securities classified at Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities or offer same-day liquidity at a price of par. Securities classified at Level 2 of the fair value hierarchy are generally valued using a matrix pricing technique. Matrix pricing is the process of estimating the market price of a bond based on the quoted prices of more frequently traded comparable bonds.

3.) GRANTS RECEIVABLE

Grants receivable as of March 31, 2025, and June 30, 2024, consists of the following (in thousands):

5.) RETIREMENT SYSTEM

(a) Plan Description

Public Employees' Retirement System of Nevada (PERS or System) administers a cost-sharing, multiple-employer, defined benefit public employees' retirement system which includes both regular and police/fire members. The System was established by the Nevada Legislature in 1947, effective July 1, 1948. The System is administered to provide a reasonable base income to qualified employees who have been employed by a public employer and whose earnings capacities have been removed or substantially impaired by age or disability.

(b) Public Employees' Retirement System of Nevada

The System's fiduciary net position is reported in the PERS financial statements and the net pension liability is disclosed in the PERS notes to the financial statements. An annual report containing financial statements and required information for the System may be obtained at www.nvpers.org, by writing to PERS, 693 W. Nye Lane, Carson City, Nevada 89703-1599, or by calling (775) 687-4200.

As of March 31, 2025, the Department estimated a net pension liability of \$218.5 million. As of June 30, 2024, the Department had a net pension liability of \$217.6 million, which represents the Department's percentage, 15.6%, of the County's net pension liability. This percentage was determined based on the contributions to PERS by the Department during the measurement period, relative to the total contributions to PERS by the County during the measurement period.

For the nine months ended March 31, 2025, and 2024, the Department reported pension expense of \$26.9 million and \$11.4 million, respectively. The actuarial valuation related to the pension plan is prepared annually. Management records estimates during the fiscal year for pension expense, deferred outflows, and deferred inflows and such amounts are adjusted to actual at year-end when the actuarial valuations are received.

Refer to the Department's FY 2024 ACFR for comprehensive information and related disclosures pertaining to the Department's pension plan as of June 30, 2024. There are no updates to the disclosed information as of the issuance of these financial statements.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

6.) OTHER POST EMPLOYMENT BENEFITS (OPEB)

(a) Plan Descriptions

OPEB Plans Administered Through Trusts

Clark County Self-Funded (CCSF) Trust

The Clark County Self-Funded (CCSF) OPEB Trust provides OPEB to all permanent full-time employees of Clark County (primary government only and including the Department) enrolled in the Clark County Self-Funded Group Medical and Dental Benefit Plan. The CCSF OPEB Trust is a single-employer, defined benefit OPEB plan administered by Clark County, Nevada. The CCSF OPEB Trust issues a publicly available financial report. The report may be obtained at https://www.clarkcountynv.gov/government/departments/finance/boards_and_committees.php.

OPEB Plans Not Administered Through Trusts

Public Employees' Benefits Plan (PEBP)

Public Employees' Benefits Plan (PEBP) is a non-trust, agent multiple-employer defined benefit OPEB plan administered by the State of Nevada. Clark County subsidizes eligible retirees' contributions to PEBP. The Department is required to pay the PEBP an explicit subsidy, based on years of service, for retirees who have enrolled in this plan. The subsidy is set by the State Legislature. NRS §287.041 assigns the authority to establish and amend benefit provisions to the PEBP eleven-member board of trustees. The plan is now closed to future retirees, however, County employees who previously met the eligibility requirement for retirement within the Nevada Public Employee Retirement System had the option upon retirement to enroll in coverage under the PEBP with a subsidy provided by the County as determined by the number of years of service. The PEBP issues a publicly available financial report. The report may be obtained at <https://pebp.state.nv.us/resources/fiscal-utilization-reports/>.

(b) Net OPEB Asset, Net OPEB Liability, and Changes in the Net OPEB Liability

The Department estimates a net OPEB asset of \$9.5 million and a total OPEB liability of \$1.9 million as of March 31, 2025. The Department's net OPEB asset was \$7.4 million and total OPEB liability was \$2.8 million as of June 30, 2024, and both were measured by an actuarial valuation dated June 30, 2023. The CCSF fiduciary net position exceeded the total CCSF OPEB liability as of measurement date June 30, 2024; therefore, the Department recognized a net OPEB asset of \$9.5 million for the CCSF OPEB plan. The total OPEB liability of \$1.9 million reflects the total

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

6.) OTHER POST EMPLOYMENT BENEFITS (OPEB) (continued)

liability for the PEBP plan. The Department's portion of the CCSF liability is calculated based on the Department's census data for the plan valuation year. The Department's portion of the PEBP OPEB liability is allocated to the Department, based on the proportion of the Department's PEBP subsidy payments as a portion of all PEBP payments made by the County, during the PEBP actuarial valuation year. The Department's CCSF fiduciary net position consists of contributions made by the Department to the CCSF Trust, including adjustments such as investment earnings.

Refer to the Department's FY 2024 ACFR for comprehensive information and related disclosures pertaining to the Department's OPEB plans as of June 30, 2024. There are no updates to the disclosed information as of the issuance of these financial statements.

7.) CHANGES IN CAPITAL ASSETS

CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

8.) LONG-TERM DEBT (continued)

(b) Description of Outstanding Debt Issuance Types and Other Information

Senior Lien Bonds

The issuance of senior lien bonds is authorized pursuant to the Nevada Municipal Airports Act (NRS §§496.010 *et seq.*), the Nevada Local Government Securities Law (NRS §§350.500 *et seq.*), and the Nevada Registration of Public Securities Law (NRS §§348.010 *et seq.*). All senior lien bonds are issued in accordance with the Master Indenture of Trust dated May 1, 2003 (Indenture), between Clark County and The Bank of New York Mellon Trust Company, N.A.

Senior lien bonds are secured by and are payable from the net revenues of the Airport System after the payment of all Airport System operating and maintenance expenses. Pursuant to the Indenture, the Department has covenanted to fix, charge, and collect rentals, fees, and charges for the use of the Airport System such that, in any fiscal year, the gross revenues, together with any other available funds, will at all times be at least sufficient to: 1) provide for the payment of all Airport System operating and maintenance expenses in the fiscal year, and 2) provide an amount not less than 125% of the aggregate debt service requirement (Senior Lien Coverage) for all the senior lien bonds then outstanding for the fiscal year. The actual senior lien coverage ratios (the ratio of total revenue less operating expenses to debt service) for FY 2024 was 6.55. As of March 31, 2025, the Department had \$755.0 million in principal of senior lien bonds outstanding.

Subordinate Lien Bonds

The issuance of subordinate lien bonds is authorized pursuant to the Nevada Municipal Airports Act (NRS §§496.010 *et seq.*), the Nevada Local Government Securities Law (NRS §§350.500 *et seq.*), and the Nevada Registration of Public Securities Law (NRS §§348.010 *et seq.*). All subordinate lien bonds are issued in accordance with the Indenture between Clark County and The Bank of New York Mellon Trust Company, N.A.

Subordinate lien bonds are secured by and are payable from the net revenues of the Airport System after the payment of all Airport System operating and maintenance expenses and after the payment of all senior lien debt service. Pursuant to the Indenture, the Department has covenanted to fix, charge, and collect rentals, fees, and charges for the use of the Airport System such that, in any fiscal year, the gross revenues, together with any other available funds, will at all times be at least sufficient to: 1) provide for the payment of all Airport System operating and maintenance expenses in such fiscal year, and 2) provide an amount not less than 110% of the aggregate debt service requirement (Subordinate Lien Coverage) for all the senior lien and subordinate lien bonds then outstanding for the fiscal year. The coverages on the

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

combined senior and subordinate lien debt for FY 2024 was 2.16. As of March 31, 2025, the Department had \$964.1 million in principal of subordinate lien bonds outstanding.

On February 27, 2025, Kroll Bond Rating Agency upgraded the long-term ratings on the Clark County, Nevada, Subordinate Lien General Airport Revenue Bonds from AA- to AA.

Passenger Facility Charges (PFC) Bonds

The issuance of Passenger Facility Charges (PFC) bonds is authorized pursuant to the Nevada Municipal Airports Act (NRS §§496.010 *et seq.*), the Nevada Local Government Securities Law (NRS §§350.500 *et seq.*), and the Nevada Registration of Public Securities Law (NRS §§348.010 *et seq.*). All PFC bonds are issued in accordance with the Indenture between Clark County and The Bank of New York Mellon Trust Company, N.A.

The PFC bonds are secured by a pledge of and lien upon pledged PFC revenues derived from a PFC which has been imposed by the County under authorization of the Federal Aviation Act. In addition, the PFC bonds are secured by and are payable from a claim on the net revenues of the Airport System on parity with that of the subordinate lien bonds and junior to that of the senior lien bonds. Effective October 1, 2008, the PFC rate is \$4.50 per qualifying enplaned passenger. As of March 31, 2025, the Department had \$301.9 million in principal of PFC pledged bonds outstanding.

The Master Indenture of Trust does not require additional coverage for PFC bonds.

On February 27, 2025, Kroll Bond Rating Agency upgraded the long-term rating on the Clark County, Nevada, Passenger Facility Charge Bonds from AA- to AA.

Junior Subordinate Lien Debt and Jet A Bonds

The junior subordinate lien debt and Jet A bonds comprise Jet A Fuel Tax bonds and bond anticipation notes issued pursuant to the Nevada Municipal Airports Act (NRS §§496.010 *et seq.*), the Nevada Local Government Securities Law (NRS §§350.500 *et seq.*), and the Nevada Registration of Public Securities Law (NRS §§348.010 *et seq.*). These bonds and notes are issued in accordance with the Indenture between Clark County and The Bank of New York Mellon Trust Company, N.A.

The junior subordinate lien debt and Jet A bonds are on parity with each other and are secured by and payable from the net revenues of the Airport System after the payment of all Airport System operating and maintenance expenses and

8.) LONG-TERM DEBT (continued)

after the payment of all senior lien debt service, subordinate lien debt service, and PFC lien debt service. These bonds and notes do not constitute debt of Clark County within the meaning of any constitutional or statutory provisions or limitations, and neither the full faith and credit nor the taxing power of the County is pledged to the payment thereof. As of March 31, 2025, the Department had outstanding Jet A bonds of \$22.1 million and outstanding notes of \$229.7 million.

The Jet A Bonds are payable from and secured by a pledge of and lien upon the proceeds of a four-cent-per-gallon tax collected by the County on jet aviation fuel sold, distributed, or used in the County (three cents out of the four cents collected are specifically pledged to the Jet A Bonds). Shortages in debt service from fuel tax collections are funded with Airport System revenues. As of March 31, 2025, there was no shortage of Jet A Fuel Tax revenues to cover the Jet A Bonds debt service.

On February 27, 2025, Kroll Bond Rating Agency upgraded the long-term rating on the Clark County, Nevada, Junior Subordinate Lien Revenue Notes and Jet A Bonds from A+ to AA-.

Other Information Related to Debt Issuances

The Department's outstanding bonds and notes contain a provision that in an event of default, the Trustee shall enforce the rights of the bond owners if the Department is unable to make payment. The consequences in the event of a default may include various legal or financial actions taken against the Department by the Trustee, with financial actions being limited to the pursuit of amounts currently due.

The Department's variable rate demand bonds have three associated letters of credit. Under the letters of credit, the banks who issued the facilities are unconditionally obligated to pay principal and interest on the bonds secured by letters of credit when due, and to pay the purchase price of tendered bonds when tendered. The Department is obligated to immediately reimburse the banks who issued these facilities for principal and interest draws. Each letter of credit has a three-year or four-year term out agreement. If a term-out agreement were to take effect, it would require all outstanding amounts to such series of bonds to be repaid within three or four years on an accelerated basis. The Department's letters of credit terminate on dates occurring between June 2025 and July 2027.

8.) LONG-TERM DEBT (continued)

(c) Arbitrage Rebate Requirement

Tax-exempt bond arbitrage involves the investment of governmental bond proceeds which are derived from the sale of tax-exempt obligations in higher yielding taxable securities that generate a profit. The Tax Reform Act of 1986 imposes arbitrage restrictions on bonds issued by the County. Under this Act, an amount may be required to be rebated to the United States Treasury so that all interest on the bonds qualifies for exclusion from gross income for federal income tax purposes.

The Department's estimated arbitrage liability is \$3.3 million at March, 31, 2025. The Department is current on all required arbitrage payments.

9.) DERIVATIVE INSTRUMENTS – INTEREST RATE SWAPS

(a) Interest Rate Swaps

The intention of the Department's implementation of a swap portfolio was to convert variable interest rate bonds to synthetically fixed interest rate bonds as a means to lower its borrowing costs when compared to fixed-rate bonds at the time of issuance. The Department executed several floating-to-fixed swaps in connection with its issuance of variable rate bonds and forward starting swaps to lock in attractive synthetically fixed rates for future variable rate bonds. Some of the Department's swaps are structured with step-down coupons to reduce the cash outflows of the fixed leg of those swaps in the later years of the swap.

Refer to the Department's FY 2024 ACFR for comprehensive information and related disclosures pertaining to the Department's interest rate swaps as of June 30, 2024. As of July 1, 2023, the Interbank exchange (ICE) Benchmark Administration ceased publishing any LIBOR setting using methodology in place as of December 31, 2021. As a result, effective July 1, 2023, LIBOR is no longer an appropriate benchmark interest rate for a derivative instrument that hedges the interest rate risk of taxable debt for purposes of GASB Statement 53. No other significant changes have been made to the comprehensive information and related disclosures pertaining to the Department's interest rate swaps as of the date of this report.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

10.) PAYMENTS TO CLARK COUNTY

The Department reimburses the County for providing the Airport System with fire services, police services, legal services, administrative services, certain maintenance services based on the actual cost of those services and special projects. The total amounts billed for these services for the nine months ended March 31, 2025, and 2024 were \$40.9 million and \$40.3 million, respectively.

11.) LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs)

Refer to the Department's FY 2024 ACFR for comprehensive information and related disclosures pertaining to leases and subscription-based information technology arrangements (SBITAs).

(a) Lessor

The Department categorizes leases that meet GASB 87 requirements as Included leases and recognizes a lease receivable, a deferred inflow of resources, interest income, and lease revenue accordingly. As of March 31, 2025, all of the Included leases have terms expiring before fiscal year-end 2040. The financial details of these leases as of March 31, 2025, are summarized below (in thousands):

Beginning Lease Receivable at July 1, 2024	Receivable Addition	Ending Lease Receivable at March 31, 2025	Beginning Deferred Inflow at July 1, 2024	Ending Deferred Inflow at March 31, 2025
\$ 30,833	\$ 20,078	\$ 50,911	\$ 30,268	\$ 49,746

The current and non-current lease receivable balances as of July 1, 2024, were \$3.9 million and \$26.9 million, respectively. As of March 31, 2025, the Department recorded a current portion of \$5.9 million and non-current portion of \$45.0 million of lease receivable. For the nine months ended March 31, 2025, the Department recognized a total of \$3.7 million of lease revenue and \$0.8 million of lease interest revenue associated with Included lease payments received.

As of March 31, 2024, all of the included leases have terms expiring before fiscal year-end 2034 and are summarized below (in thousands):

Beginning Lease Receivable at July 1, 2023	Receivable Reduction	Ending Lease Receivable at March, 31, 2024	Beginning Deferred Inflow at July 1, 2023	Ending Deferred Inflow at March, 31, 2024
\$ 58,450	\$ (25,597)	\$ 32,853	\$ 55,621	\$ 32,387

CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

11.) LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs) (continued)

The current and non-current lease receivable balances as of July 1, 2023, were \$15.6 million and \$42.9 million, respectively. As of March 31, 2024, the Department recorded a current portion of \$4.0 million and non-current portion of \$28.9 million of lease receivable. For the nine months ended March 31, 2024, the Department recognized a total of \$0.7 million of lease revenue and \$0.8 million of lease interest revenue associated with included lease payments received.

(b) Lessee

The Department entered into a twenty-two year lease agreement for the use of an administrative office building located adjacent to the Airport on August 7, 2007. The Department recognizes a lease payable, interest expense, right-of-use asset net of accumulated amortization and amortization expense accordingly. The financial details of the lease agreement as of March 31, 2025, are summarized below (in thousands):

Beginning Lease Payable at July 1, 2024	Payable Reduction	Ending Lease Payable at March 31, 2025
\$ 13,368	\$ (1,421)	\$ 11,947

The current and non-current lease payable balances as of July 1, 2024, were \$1.7 million and \$11.7 million, respectively. As of March 31, 2025, the Department recorded a current portion of \$1.8 million and non-current portion of \$10.1 million of lease payable. For the nine months ended March 31, 2025, the Department recognized interest expense of \$0.3 million and amortization expense of \$1.4 million, related to the right-of-use asset for the building.

The financial details of the lease agreement as of March 31, 2024, are summarized below (in thousands):

Beginning Lease Payable at July 1, 2023	Payable Reduction	Ending Lease Payable at March, 31, 2024
\$ 14,975	\$ (1,193)	\$ 13,782

The current and non-current lease payable balances as of July 1, 2023, were \$1.6 million and \$13.4 million, respectively. As of March 31, 2024, the Department recorded a current portion of \$1.7 million and non-current portion of \$12.1 million of lease payable. For the nine months ended March 31, 2024, the Department recognized interest expense of \$0.3 million and amortization expense of \$1.4 million, related to the right of use asset for the building.

Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

11.) LEASES AND SUBSCRIPTION-BASED INFORMATION TECHNOLOGY ARRANGEMENTS (SBITAs) (continued)

(c) Subscription-Based Information Technology Arrangements (SBITAs)

The subscription based information technology arrangements (SBITA) activities as of March 31, 2025, are summarized below (in thousands):

Beginning SBITA Payable at July 1, 2024	Payable Addition	Payable Reduction	Ending SBITA Payable at March 31, 2025
\$ 3,703	\$ 1,361	\$ (2,234)	\$ 2,830

The current and non-current portions of SBITA payable as of July 1, 2024, were \$1.3 million and \$2.4 million, respectively. The current and non-current portion of SBITA payable as of March 31, 2025, are \$1.3 million and \$1.5 million, respectively. The current and non-current portion of SBITA payables are reported under different line items on the Statement of Net Position. The current portion is included within Accounts payable and other current liabilities and the non-current portion is recognized within Other non-current liabilities. For the nine months ended March 31, 2025, the Department recognized interest expense of \$0.1 million and amortization expense of \$1.4 million, related to the right-of-use asset for the SBITAs.

The SBITA activities as of March 31, 2024, are summarized below (in thousands):

Beginning SBITA Payable at July 1, 2023	Payable Addition	Ending SBITA Payable at March, 31, 2024
\$ 4,296	\$ 77	\$ 4,373

The current and non-current portions of SBITA payable as of July 1, 2023, were \$1.7 million and \$2.6 million, respectively. The current and non-current portion of SBITA payable as of March 31, 2024, are \$1.8 million and \$2.6 million, respectively. The current and non-current portion of SBITA payables are reported under different line items on the Statement of Net Position. The current portion is included within Accounts payable and other current liabilities and the non-current portion is recognized within Other non-current liabilities. For the nine months ended March 31, 2024, the Department recognized interest expense of \$0.1 million and amortization expense of \$1.4 million, related to the right-of-use asset for the SBITAs.

Variable payments related to certain of the Department's SBITAs are contingent upon the number of seat licenses. Management has assessed the impact of the potential variable payments related to seat licenses and determined these potential payments to be immaterial. There were no other material outflows related to early termination fees or other service-related fees beyond the recognized subscription liability.

For the Nine Months Ended March 31, 2025

12.) COMMITMENTS AND CONTINGENCIES

(a) Construction in Progress

As of March 31, 2025, the Department's management estimates that future expenditures which have been committed through execution of construction contracts will require an additional outlay of approximately \$366.3 million to bring those projects to completion.

(b) Litigation and Claims

General Litigation

The Department, through the County, may be contingently liable for lawsuits and other claims incidental to the ordinary course of its operations. The opinion of County management, based on the advice of the District Attorney, is that the outcome of such claims will not have a material adverse effect on the Department's financial position, results of operations, or liquidity at March 31, 2025.

Other Litigation

The County is a party to numerous other actions and claims in connection with the ownership and operation of the Airport System, including personal injury claims, employment-related claims, and construction claims, but, in the opinion of the District Attorney, the actions and claims described in this paragraph are not expected, in the aggregate, to have a material adverse effect on the financial condition of the Airport System.

13.) RISK MANAGEMENT

The Department is exposed to various risks of loss related to theft of, damage to, and destruction of assets; errors and omissions; injuries to employees and customers; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties and County self-insured programs for off-airport auto liability, employee medical benefits, and workers' compensation.

From time-to-time, the Department carries cash and cash equivalents on deposit with financial institutions in excess of federally-insured limits. However, the extent of any future loss to be sustained as a result of uninsured deposits in the event of a failure of a financial institution, if any, is not subject to estimation at this time.

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements (Unaudited)
For the Nine Months Ended March 31, 2025

13.) RISK MANAGEMENT (continued)

The County has established a fund for self-insurance related to medical benefits provided to employees and covered dependents. An independent claims administrator handles all claims procedures. The County also provides an option for employees to select an independent health maintenance organization for medical benefits.

The County has also established a fund for self-insurance related to workers' compensation claims. The County maintains reinsurance coverage obtained from private insurers for losses in excess of \$1.0 million per claim.

The Department reimburses the County at a per capita rate for employee medical benefits and for a percentage of payrolls for workers' compensation coverage. Rates for this coverage are uniform for all County departments and are adjusted based on the overall performance of the self-insured medical benefits fund and the self-insured workers' compensation fund.

As a participant in the County's self-insured programs, the Department is assessed annual fees based on the allocation of each respective fund. These assessments are charged to the Department's expense each year. There is no separate accounting for the Department's claims. Accordingly, information regarding claims liability and payments is not presented in this financial report.

Settled claims from these risks have not exceeded commercial insurance coverage during the nine months ended March 31, 2025.

14.) AIRPORT LAND TRANSFERS

The Southern Nevada Public Land Management Act of 1998, Public Law 105-263, was enacted by Congress in October 1998. A provision of this law provided that the Bureau of Land Management (BLM), an agency of the United States Department of the Interior, transfer approximately 5,000 acres of land to the Department, without consideration, subject to the following:

1. Valid existing rights;
2. Agreement that the land be managed in accordance with the law, with 49 U.S.C. §47504 (relating to airport noise compatibility planning), and with regulations promulgated pursuant to that section;

CLARK COUNTY DEPARTMENT OF AVIATION
CLARK COUNTY, NEVADA
Notes to Financial Statements
For the Nine Months Ended March 31, 2025

14.) AIRPORT LAND TRANSFERS (continued)

3. Agreement that, if any land is sold, leased, or otherwise conveyed by the Department, such sale, lease, or other conveyance shall contain a limitation that requires uses be compatible with the Interim Cooperative Management Agreement and with Airport Noise Compatibility Planning provisions (14 C.F.R. Part 150); and
4. Agreement that, if any land is sold, leased, or otherwise conveyed by the Department, such sale, lease, or other conveyance shall be at fair market value. The Department contributes 85% of the gross proceeds from the sale, lease, or other conveyance of such land directly to the BLM for use in purchasing, improving, or developing other land for environmental purposes. The Department contributes 5% of the gross proceeds from the sale, lease, or other conveyance of such land directly to the State for use in its general education program. The remainder is available for use by the Department for the benefit of airport development and the Noise Compatibility Program.

Due to the uncertainty of any future benefit to the Department, a value has not been assigned to, nor was income reported relating to, land not yet sold or leased under the Southern Nevada Public Land Management Act of 1998. Gross proceeds from the sale and lease of land related to the Cooperative Management Area for the nine months ended March 31, 2025, were \$33.8 million. The Department's share of these proceeds for the nine months ended March 31, 2025 was \$3.4 million. As of March 31, 2025, the Department has \$1.5 million payable to the Bureau of Land Management and \$0.1 million payable to the State related to such land.

15.) SUBSEQUENT EVENTS

Subsequent to March 31, 2025, the following significant event occurred:

On April 10, 2025, the Department finalized the amendment for the extension of the credit facility associated with the 2008C-1 Bonds provided by Bank of America, N.A. for a period of three years, extending the terms of the agreement through June 6, 2028.
